ABSTRACT

This newsletter contains a supplementary directory of alternative schools in the United States and Canada, grouped alphabetically by State or Province including the name, address, and grade levels of each listed new school. Corrections to SO 001 788, the Directory of New, Innovative Schools, are in a second section. Finally, regional clearinghouses are listed as primary sources of information about alternative schools. Future issues of the newsletter are available by subscription; the Directory, Position Papers, and advertising in the newsletter are included in this rate. (AWW)

SUPPLEMENT To The DIRECTORY

Following is the newest Supplement to the Directory of New, Innovative Schools in the United States and Canada. This supercedes the ~~previous Directory~~ and the Fall 1970 Supplement to the Directory.

This Supplement comes at a time of great change for the movement of alternative schools. Many on these pages will not be in existence in the coming year and, then, there will be dozens of new schools as yet unknown and unheralded on these pages.

We invite your additions, changes, corrections to the Directory.

The New Schools Exchange is the only central resource and clearing house for all people involved in alternatives in education. The Exchange corresponds with thousands of individuals and hundreds of experimental schools and educational reform groups across the United States and Canada. The Newsletter is issued 2 times a month. Subscription to the Exchange is 10 dollars for 12 months. Subscription entitles you to the Newsletter, the continuing Directory of New Schools, periodic 'position papers,' free ad insertion in the Newsletter and any other aid we can extend in the area of experimental education. Application to Mail at 2nd class rates is pending at Santa Barbara.

REGIONAL CLEARINGHOUSES

Once upon a time NSE was the only place around doing the work we did. But during the past months regional exchanges and centers of interest have been established in every part of the country. What follows is a list of those places. Most of them can give you more information than NSE about what is happening in any particular area.

If you want information, support or affection, those are the places to go; if you need a school, or teachers and students for one, or simply advice about starting one, try these places first. Each of them has specific information about persons and places close to you, and each of them can offer you detailed information about what is going on in your area.

Here at NSE we have a minimally satisfying overview of things, but we lack the kind of immediate and local connections which you will find at these regional exchanges. We suggest that you check with them first, and fully, when trying to catch or keep up or move on about schools.
