PREFACE

The Constitution of the Commonwealth of Kentucky and the Kentucky Revised Statutes contain many general provisions under which the institutions and programs of public higher education along with the various other state agencies and programs are administered in Kentucky.

Chapters 164 and 165 of the Kentucky Revised Statutes, however, contain those statutes specifically related to higher education and the state-supported colleges and universities. These two chapters of the statutes are reproduced in their entirety in this publication for the purpose of providing a convenient reference for those citizens who from time to time need such information.

These statutes include the legislative actions of the Kentucky General Assembly up to and including the 1972 Session as provided the Council through the courtesy of the Legislative Research Commission.

This publication also contains a copy of the text of the Regional Compact of the Southern States as approved by the General Assembly in 1950.

CHAPTER 164

STATE UNIVERSITIES AND COLLEGES;

REGIONAL EDUCATION

164.010 COUNCIL ON PUBLIC HIGHER EDUCATION; MEMBERSHIP, TERMS.

There shall be a Council on Public Higher Education in Kentucky, to be composed of the Superintendent of Public Instruction, ten lay members appointed by the Governor, and the president or chief executive officer of each four-year state institution of higher education in the state. The Superintendent of Public Instruction and ten lay members shall constitute the voting membership of the council. The lay members shall be appointed for regular terms of four years, with the initial appointment of two members for one year, two members for two years, two members for three years and four members for four years. Any person, other than the Superintendent of Public Instruction, holding either an elective or appointive state office or who is a member of the governing board of any state or private college or university in Kentucky shall be ineligible for membership or appointment on the council during his membership or term of office. When the council meets to consider curricula for teacher education, three persons who are from accredited institutions of higher learning, and who have been appointed by the Executive Committee of the Kentucky Association of Colleges, Secondary and Elementary Schools, shall be invited to meet with the council in an advisory capacity.

164.020 POWERS AND DUTIES OF COUNCIL. The Council on Public Higher Education in Kentucky shall:

(1) Engage in analyses and research to determine the overall needs of higher education in the Commonwealth.

(2) Develop and transmit to the Governor comprehensive plans for public higher education which meet the needs of the Commonwealth. The plans so developed shall conform to the respective functions and duties of the state colleges and universities, the community colleges, and the University of Kentucky as provided by statute. The council shall for all purposes of federal legislation relating to planning be considered the "single state agency" as that term may be used in such federal legislation; provided, however, that when such federal legislation requires representation on any such "single state agency" by private or non-state institutions of higher education in the state, the Commission on Higher Education, or its successor agency, shall be considered the "single state agency" as that term may be used in such federal legislation.

(3) Determine the amount of entrance and/or registration fees and approve the qualifications for admission to the public institutions of higher education. In determining the entrance and/or registration fees for non-Kentucky residents, the council shall consider the fees required of Kentucky students by institutions in adjoining states, the resident fees charged by other states, the total actual per student cost of training in the institutions for which the fees are being determined, and the ratios of Kentucky students to non-Kentucky students comprising the enrollments of the respective institutions, and such other factors as the council may in its sole discretion deem pertinent.

(4) Consider the requirements and review the budget requests, which shall be prepared in the manner and submitted by the institutions to the council by dates prescribed by the council, of the institutions of public higher education as to their appropriate level of support considering the functions of the institutions and their respective needs. The individual institutions' budget requests, including tuition and registration fee schedules for all categories of students, along with council recommendations which shall be submitted to the Governor through the Department of Finance not later than November 15 of each odd numbered year.

(5) Review and approve all capital construction projects the cost of which exceeds one hundred thousand dollars approved by the governing boards of the state-supported institutions of higher education prior to the institutions' submission of such projects to the Department of Finance and/or State Property and Buildings Commission.

(6) Require reports from the executive officer of each institution it deems necessary for the effectual performance of its duties.

(7) Publish annually a report of the educational and financial affairs of the institutions and disseminate other information relating to higher education.

(8) Approve all graduate degree programs including all schools and degree programs for which professional, regional and/or national accreditation of the school or program is available and/or licensing or certification of the graduate are required. Review proposals and make recommendations to the Governor regarding the establishment of new state-supported community colleges and new four-year colleges. Provided nothing in KRS 164.010, 164.020, 164.125, and 164.290 to 164.295 shall be construed to grant the Council on Public Higher Education authority to disestablish or eliminate any college of law which became a part of the state system of higher education through merger with a state college.

(9) Prescribe the curricula for teacher education.

(10) Elect a chairman annually from the voting membership and appoint an executive director and such staff as may be needed and fix their compensation without limitation of the provisions of KRS Chapter 18 and KRS 64.640 subject to the approval of the Commissioner of Personnel and the Commissioner of Finance.

(11) Constitute the representative agency of the Commonwealth in all matters of higher education of a general and statewide nature which are not otherwise delegated to one or more institutions of higher learning. Such responsibility may be exercised through appropriate contractual relationships with individuals or agencies located within or without the Commonwealth. The authority includes but is not limited to contractual arrangements for programs of research, specialized training, and cultural enrichment.

164.026 STATE SUPPORT FOR UNIVERSITY OF LOUISVILLE.

(1) The General Assembly recognizes the continuing need for education and research in Kentucky, and that the need is larger than the capacity of the facilities of the state universities to supply. The General Assembly finds that the University of Louisville helps to supply, for the entire state, the need, and declares that support of the University of Louisville is a public purpose for which public money may be validly expended.

(2) The University of Louisville shall keep its books and records available to the State Auditor. An audit of expenditure of public money by the university is subject to the laws generally governing audits of expenditures of public money.

164.027 OCCUPATIONAL QUALIFICATION DEVELOPMENT PROGRAM; STATE PAYMENTS TO PARTICIPATING MUNICIPAL JUNIOR COLLEGES.

(1) The Council on Public Higher Education shall have authority to provide for a program of occupational qualification development in the Commonwealth. The program may be provided for by contract with any recognized and accredited municipal junior college located within the Commonwealth. Such contract shall provide that the college shall admit to its course of instruction, up to such percentage of its full teaching capacity as may be fixed by contract, residents of the Commonwealth who make application to pursue the course of study of such college; provided, however, that such persons shall be certified to the council as to status or residency by the State Superintendent of Public Instruction and shall be eligible for admission to said junior college.

(2) The Council on Public Higher Education shall pay to the college not more than \$200 per school year for each such student enrolled. Such payments shall be additional to the annual tuition fees paid by each such student. The council shall have authority to provide by contract that it pay the expense of specific research projects or programs conducted by the college. The council shall make an annual report of its occupational qualification development program after June 30 of each year, including an accounting of all moneys received and disbursed. The council shall have no authority to incur any obligation in excess of the sums that have been appropriated to it. (1962, c. 115, § 1, 1964, c. 26, § 1)

164.030 REGULATIONS OF COUNCIL TO BE FOLLOWED BY STATE EDUCATIONAL INSTITUTIONS. The governing board of each of the state institutions of higher learning shall make such changes or adjustments in the curricula and such rules and regulations affecting their schools as are necessary to carry out and put into effect the rulings of the Council on Public Higher Education in regard to curricular offerings, entrance fees and qualifications for admission to and reports from their respective institutions. (1952, c. 41, § 7)

164.050 EXPENSES OF MEMBERS. The members of the council shall serve without pay, but shall be reimbursed for their necessary traveling and other expenses while attending the meetings of the council. Each institution shall pay the expenses of its own representatives. The expenses of the members of the State Board of Education and of the Superintendent of Public Instruction shall be paid by the state in the same manner as their other traveling expenses are paid.

CHAPTER 165

CITY UNIVERSITIES AND COLLEGES

165.010 DEFINITION OF MUNICIPAL UNIVERSITY, COLLEGE AND JUNIOR COLLEGE. A municipal university, college or junior college as used in this chapter means any university, college or junior college established or supported in whole or in part by funds raised by municipal taxation.

165.030 APPROPRIATION FOR UNIVERSITY. The board of aldermen of a city of the first class having a municipal university may make an annual appropriation from the general fund of the city for the support of such university. Such appropriation shall be such sum as in the judgment of the board of aldermen shall, when supplemented by other income of the university, be reasonably necessary for such purposes. (1954 c 166, § 1. Eff. 6-17-54.)

165.040 PAYMENT OF APPROPRIATION TO UNIVERSITY. The funds appropriated by the board of aldermen of a city of the first class as provided in KRS 165.030 may be paid to the treasurer of the university by the director of finance of the city in regular monthly installments. (1954 c. 166, § 2. Eff. 6-17-54.)

165.050 APPROPRIATION OF FUNDS OTHER THAN TAXES. The board of aldermen of a city of the first class having a municipal university may devote to university purposes funds derived from other sources as well as from taxes levied for general city purposes. (1954 c 166, § 3. Eff. 6-17-54)

165.060 APPROPRIATION OF LAND FOR UNIVERSITY. The board of aldermen of a city of the first class may set apart or appropriate as a site for the buildings and grounds of its municipal university any public grounds of the city not specially appropriated or dedicated by ordinance to another use.

165.070 CONDEMNATION, PURCHASE OR GIFT OF LAND. The board of trustees of a municipal university in a city of the first class may acquire, by purchase or gift, lands and improvements for the purpose of expanding the plant and extending the usefulness of the university, and when unable to agree with the owner of land and improvements necessary for the purposes of the university may proceed to condemn the land and improvements. The condemnation proceedings shall be conducted in the manner provided in KRS 416.120.

165.080 [2948b-2; 2948b-3] BOND ISSUE QUESTION MAY BE SUBMITTED TO VOTERS. The board of aldermen of any city of the first class may adopt an ordinance submitting to the voters of the city at any regular election held in the city the question of whether or not bonds of the city shall be issued for the benefit of the municipal university. Authorization of the bond issue and submission of the question to the voters may be by one ordinance and at one election covering the entire amount of the bonds or it may be by different ordinances authorizing different elections at different times for parts of the total amount. The ordinance shall provide the date and maturity of the bonds, the rate of interest they shall bear and the total amount to be then issued, and shall contain the necessary details with reference to the execution and delivery of the bonds, their denominations, coupons to be attached, and taxes to be levied to pay interest and to create a sinking fund to retire the bonds at maturity. A failure of the voters at one election to authorize a bond issue shall not prevent submission of the question of issuing bonds at subsequent elections. (1950 c 113. Eff. 6-15-50.)

165.090 [2948b-5] SALE OF BONDS; DISPOSITION OF PROCEEDS. Bonds issued under authority of KRS 165.080 shall be placed under the control of the president and trustees of the university, who shall determine when and at what price they shall be sold, but no bonds shall be sold for less than par. Any premium obtained from the bonds shall constitute a part of the sinking fund for their ultimate redemption. The proceeds of the bonds shall be deposited to the credit of the university in the depositories that are selected for the deposit of the funds of the sinking fund commissioners of the city, upon the same agreement as to interest, and shall be withdrawn upon the checks of the treasurer of the university, countersigned by the president thereof.

165.100 [2948b-4] PURPOSES FOR WHICH PROCEEDS MAY BE USED. The money derived from the bonds issued under authority of KRS 165.080 shall be used to meet the needs of the university. The authorized use includes the payment for real estate and buildings purchased or to be purchased, the erection and alteration of improvements, and the securing of proper equipment, but does not include the payment of salaries or operating expenses or the payment of any existing indebtedness incurred as an operating expense. (1954 c 32. Eff. 6-17-54.)

165.110 [2948b-6] BONDS OF OFFICERS TO COVER DUTIES UNDER BOND ISSUE. The president and treasurer of the university shall each give bond with approved surety in a sum fixed by the board of aldermen of the city. The bond shall be payable to the university and obligate the makers to perform faithfully the duties of their offices and faithfully account for and pay over all money or other thing of value that may come into their hands. The bonds shall be kept in force during the time any money received from the bond issue provided for by KRS 165.080 is being handled or administered by the university or its officers.

165.120 [2948b-7] EMPLOYMENT OF TECHNICAL ADVISERS AND OTHERS FOR CONSTRUCTION WORK. The president and trustees of the university may employ such persons as they deem necessary, including architects and other technical advisers, to perform any work for which a bond issue has been provided.

165.130 [2948b-8] CONTRACTS; BIDS FOR. Any work for which a bond issue has been provided may be done by contract or otherwise, in the discretion of the president and trustees of the university. When any contract involves the expenditure of two thousand dollars or more it shall be awarded to the lowest and best bidder. All bids or parts of bids for any such work, or for any supplies, may be rejected by the president and trustees. The president and trustees may do any part of the work by day labor when deemed advisable.

165.140 [2948a-7; 2948b-9] FINANCIAL AND OTHER REPORTS CONCERNING UNIVERSITY. The president and trustees of a municipal university in a city of the first class shall annually report to the mayor and the board of aldermen of the city what they do under the provisions of KRS 165.080 to 165.130, and account for all funds received by them. An annual report and audit of receipts and disbursements of funds received by the university under KRS 165.030 to 165.050 shall be made in addition to other reports required by its charter.

The city shall proceed under the provisions of KRS 162.160 to 162.280. When so applied, KRS 162.160 to 162.280 shall be so read that:

- (h) The period of the lease contemplated by KRS 162.160 shall not exceed a maximum of fifty years, and the insurance required in the lease shall at least equal the value of the improvements.

(2) This section creates an additional and alternate method for the erecting of law school buildings for municipal universities in cities of the first class, and does not affect any other statute. No proceedings shall be required for the erection of any law school building under this section or the issuance of bonds therefor except those prescribed by this section.

(1960 c 203, § 1. Eff. 6-16-60.)

The taxes authorized by this section shall be construed to be school taxes and shall be in addition to all other taxes authorized by law to be used for municipal or school purposes. (1960 c 203, § 2. Eff. 6-16-60)

165.175 MUNICIPAL COLLEGE SUPPORT DISTRICT.

(1) The fiscal court of a county containing a city of the second class in which is located a municipal college, having obtained the authorization of the legislative body of such city for the college to accept tax support from a Municipal College Support District and for appointment of three members of the college board of trustees by the governing body of the district, may establish a Municipal College Support District consisting of the territory in the county outside the limits of the city in which is located the college. The members of the fiscal court shall constitute the governing body of the district. (2) A certified copy of the order of the fiscal court creating the district shall be filed by the governing body of the district with the county clerk at least forty-five days before a regular election, and the clerk shall cause the question whether the tax is to be imposed to be placed upon the ballots to be given to voters residing in the district. The question shall be so phrased as to ask the voter whether he favors the imposition of a tax of not less than five or more than fourteen cents on each one hundred dollars of the assessed valuation of all property in the district for the purpose of supporting the municipal college in the second class city in the county. If a majority of those voting on the question favor the imposition of the tax, the governing body of the district shall levy the tax. (1960 c 203, § 3. Eff. 6-16-60)

NOW, THEREFORE, in consideration of the mutual agreements, covenants and obligations assumed by the respective States who are parties hereto (hereinafter referred to as "States"), the said several States do hereby form a geographical district or region consisting of the areas lying within the boundaries of the contracting States which, for the purposes of this compact, shall constitute an area for regional education supported by public funds derived from taxation by the constituent States and derived from other sources for the establishment, acquisition, operation and maintenance of regional educational schools and institutions for the benefit of citizens of the respective States residing within the region so established as may be determined from time to time in accordance with the terms and provisions of this compact.

The States do further hereby establish and create a joint agency which shall be known as the Board of Control for Southern Regional Education (hereinafter referred to as the 'Board'), the members of which Board shall consist of the Governor of each state, EX OFFICIO, and four additional citizens of each State to be appointed by the Governor thereof, at least one of whom shall be selected from the field of Education, and at least one of whom shall be a member of the Legislature of that State.

The Governor shall continue as a member of the Board during his tenure of office as Governor of the State, but the members of the Board appointed by the Governor shall hold office for a period of four years except that in the original appointments one Board member so appointed by the Governor shall be designated at the time of his appointment to serve an initial term of two years, one board member to serve an initial term of three years, and the remaining Board member to serve the full term of four years, but thereafter the successor of each appointed Board member shall serve the full term of four years. Vacancies on the Board caused by death, resignation, refusal or inability to serve, shall be filled by appointment by the Governor for the unexpired portion of the term. The officers of the Board shall be a Chairman, a Vice Chairman, a Secretary, a Treasurer, and such additional officers as may be created by the Board from time to time. The Board shall meet annually and officers shall be elected to hold office until the next annual meeting. The Board shall have the right to formulate and establish by-laws not inconsistent with the provisions of this compact to govern its own actions in the performance of the duties delegated to it including the right to create and appoint an Executive Committee and a Finance Committee with such powers and authority as the Board may delegate to them from time to time. The board may, within its discretion, elect as its Chairman a person who is not a member of the Board, provided such person resides within a signatory State, and upon such election such person shall become a member of the Board with all the rights and privileges of such membership.

It shall be the duty of the Board to submit plans and recommendations to the States from time to time for their approval and adoption by appropriate legislative action for the development, establishment, acquisition, operation and maintenance of educational schools and institutions within the geographical limits of the regional area of the States, of such character and type and for such educational purposes, professional, technological, scientific, literary, or otherwise, as they may deem and determine to be proper, necessary or advisable. Title to all such educational institutions when so established by appropriate legislative actions of the States and to all properties and facilities used in connection therewith shall be vested in said Board as the agency of and for the use and benefit of the said States and the citizens thereof, and all such educational institutions shall

be operated, maintained and financed in the manner herein set out, subject to any provisions or limitations which may be contained in the legislative acts of the States authorizing the creation, establishment and operation of such education institutions.

In addition to the power and authority heretofore granted, the Board shall have the power to enter into such agreements or arrangements with any of the States and with educational institutions or agencies, as may be required in the judgment of the Board, to provide adequate services and facilities for the graduate, professional, and technical education for the benefit of the citizens of the respective States residing within the region, and such additional and general power and authority as may be vested in the Board from time to time by legislative enactment of the said States.

Any two or more States who are parties of this Compact shall have the right to enter into supplemental agreements providing for the establishment, financing and operation of regional educational institutions for the benefit of citizens residing within an area which constitutes a portion of the general region herein created, such institutions to be financed exclusively by such States and to be controlled exclusively by the members of the Board representing such States provided such agreement is submitted to and approved by the Board prior to the establishment of such institutions.

Each State agrees that, when authorized by the legislature, it will from time to time make available and pay over to said Board such funds as may be required for the establishment, acquisition, operation and maintenance of such regional educational institutions as may be authorized by the States under the terms of this compact, the contribution of each State at all times to be in the proportion that its population bears to the total combined population of the States who are parties hereto as shown from time to time by the most recent official published report of the Bureau of the Census of the United States of America; or upon such other basis as may be agreed upon.

This compact shall not take effect or be binding upon any State unless and until it shall be approved by proper legislative action of as many as six or more of the States whose Governors have subscribed hereto within a period of eighteen months from the date hereof. When and if six or more States shall have given legislative approval to this compact within said eighteen months period, it shall be and become binding upon such six or more States 60 days after the date of legislative approval by the Sixth State and the Governors of such six or more States shall forthwith name the members of the Board from their States as hereinabove set out, and the Board shall then meet on call of the Governor of any State approving this Compact, at which time the Board shall elect officers, adopt by-laws, appoint committees and otherwise fully organize. Other States whose names are subscribed hereto shall thereafter become parties hereto upon approval of this Compact by legislative action within two years from the date hereof, upon such conditions as may be agreed upon at the time. Provided however, that with respect to any State whose constitution may require amendment in order to permit legislative approval of the Compact, such State or States shall become parties hereto upon approval of this Compact by legislative action within seven years from the date hereof, upon such conditions as may be agreed upon at the time.

After becoming effective this Compact shall thereafter continue without limitation of time; provided, however, that it may be terminated at any time by unanimous action of the States and provided further that any State may withdraw from this Compact if such withdrawal is approved by its legislature, such withdrawal to become effective two years after written notice thereof to the Board accompanied by a certified copy of the requisite legislative action, but such withdrawal shall not relieve the withdrawing State from its obligations hereunder accruing up to the effective date of such withdrawal. Any State so withdrawing shall ipso facto cease to have any claim to or ownership of any of the property held or vested in the Board or to any of the funds of the Board held under the terms of this Compact.

If any State shall at any time become in default in the performance of any of its obligations assumed herein or with respect to any obligations imposed upon said State as authorized by and in compliance with the terms and provisions of this compact, all rights privileges and benefits of such defaulting State, its members on the Board and its citizens shall ipso facto be and become suspended from and after the date of such default.
