format of this directory has been revised to provide more convenient access to the kinds of information desired by students and by counselors. We hope the data about each Community College and the charts showing locations of specific occupational programs will assist in selecting the Community College and occupational program most appropriate to the students' needs.

Sidney W. Brossman Chancellor

The 92 public Community Colleges in California offer over 3,200 different occupational programs. This directory has been prepared so that information on this wide variety of career opportunities becomes better known to all educators and others in California.

#### GENERAL INFORMATION ABOUT CALIFORNIA'S COMMUNITY COLLEGES

There are 92 California Community Colleges. The Community College has three purposes:

- Occupational Education Programs (including upgrading courses for employed adults)
- 2. General Education Courses
- Transfer Programs to State Colleges and to Universities

#### ADMISSION REQUIREMENTS

To be admitted to a California Community College, one must complete the registration procedures established by that college and meet one of the following qualifications:

- 1. Be a high school graduate
- 2. Be 18 years of age, or older, and able to profit by instruction
- 3. Be an apprentice 16 years of age, or older

#### TUITION

For California Residents -

None for residents who take 10 or more class hours per week,

None for minors who are residents -- regardless of the number of units taken

#### For Nonresidents -

Each college must set tuition at the current cost of instruction and charge this amount to all nonresident students taking over 6 units,

Foreign students are charged at the same rate as nonresidents unless all or part is exempted by the college

Write to the college of your choice for exact costs.

#### **COSTS**

See tuition costs above.

Students pay for textbooks and student body card. Some colleges also charge fees for laboratory, materials, health services, and parking.

Total costs (not counting tuition) will run from \$100 to \$400 per year.

#### FOREIGN STUDENTS

Foreign students may be admitted.

Tuition may be charged (see above).

Certificate of Eligibility for Student Visa is issued by the college admitting the student. Student must enroll in at least 12 semester credit units.

#### SPECIAL STUDENT SERVICES

Twelve California Community Colleges maintain dormitories.

These colleges are:

- 1. Bakersfield College
- 2. Feather River College (planned for fall, 1971)
- 3. Porterville College
- 4. College of the Redwoods
- 5. Reedley College
- 6. Santa Rosa Junior College
- 7. Shasta College
- 8. Sierra College
- 9. College of the Siskiyous
- 10. Taft College
- 11. West Hills College
- 12. Yuba College

See the data sheet for that college (Section III) for details.

All colleges provide -

Lists of housing available in the community,
Information and assistance on loans and scholarships,
Educational and personal counseling,
Assistance in obtaining employment,
Special advice and assistance to veterans

Many colleges provide tutoring services for students needing special help.

#### LENGTH OF PROGRAMS

Programs vary from one semester (or quarter) to two years.

Some colleges are on the Semester System -- others are on the Quarter System.

Semesters begin in September and February,

Quarters begin in September, January, and April.

Many programs are available in the evening over a longer period of time.

Almost all colleges offer Summer Sessions (from 4 to 8 weeks).

#### HOW TO APPLY

It is important to apply at least 3 months before classes start -- preferably sooner.

Write to the college Office of Admissions and Records for an Application for Admission.

Immediately after applying for admission, request in writing from all the high schools and colleges you have attended that transcripts of your records be sent to the college to which you are applying.

Most colleges require placement tests. These are not tests for admission, but are only to help you and the counselors select the best course of study for you.

#### OUT OF DISTRICT PERMITS

- If you live in California, you are most likely a resident of some Community College District.
- You will not be accepted by a California Community College outside your district unless you have an Out of District Permit from your local college.
- Contact the Registrar of your local Community College for information.

## SECTION II

# Charts of Program Locations

Look here to find the number and the names of each college that offers a specific program. For example: what colleges offer a Medical Assisting Program?

#### CLASSIFICATION OF PROGRAMS

All of the programs offered in California Community Colleges are shown on the charts. The programs are divided into the following categories:

		Pages
AGRI CULTURE		10-11
BUSINESS & OFFICE	ÿ	12-15
COMMUNICATIONS		16-17
CRIMINAL JUSTICE		18-19
ELECTRICAL-ELECTRONICS		20-21
ENGINEERING TECHNOLOGY		22-25
ENVIRONMENTAL & NATURAL RESOURCES		26-27

SCIENCE & LABORATORY OCCUPATIONS		34-35
SERVICE OCCUPATIONS		36-37
TRADES & INDUSTRIES		38-41

APPRENTICESHIP -- Evening classes are offered in many Community Colleges which are open to those persons employed as indentured apprentices in the Construction Trades and other Apprenticeable Trades. These classes offer instruction in the theory, application, and skills which the apprentice needs as a supplement to his on-the-job instruction.

Apprenticeship classes are not included in Sections II or III.
