ABSTRACT

This is a compilation of abstracts of statistical data from the annual reports of selected American public libraries, covering the report year which ended anytime in 1971. Those reports were abstracted which came to the desk of the editor. This is admittedly a very sample of the total of such reports, and public libraries are invited to send copies of their annual reports to the editor. The abstracts are arranged alphabetically by subject, and under each subject alphabetically by state, and within state by city or county. The list of annual reports abstracted is at the end. Page references are used for abstracts of any report of ten pages or more.

INVENTORIES

The Malden (MA) PL reported 1638 v. missing in inventory, or 0.9% of total book stock at the end of 1971. There were 92 v. missing on the 1970 inventory and found in 1971, or a net loss of about 17% for the year (0.8% of book stock). (p. 13)

LARGER UNITS OF LIBRARY SERVICE

The Shawnee L. System (Carterville, IL) served the pls of 34 named communities, and had 158,000 in its area with no local pl service. SLS operated 10 "reading centers" for 40,000 of these people. Member ls. were loaned supplementary collections of 600 v. and records each, with 200 of these being changed every two months. Thirteen special exhibits (of 75-100 v. each) were also loaned to member ls. in turn. In 1970/71, 58,611 v. were sent out in these rotating collections, with comparable figures for each of the four previous years.

The River Bend L. System (Coal Valley, IL) had 19 member ls. and processed books for 26 ls.

Data are given for each of 28 member pls of the Lewis and Clark L. System (Edwardsville, IL), all of 14 direct stops of its bookmobile, and all 4 "reading centers" in regard to the number of loans of System books, records prints, slides, films, interlibrary loan requests, and in regard to the number of System books on deposit. (p. 14-16, 19, 21)

The PL of Fort Wayne and Allen Co. (IN) served 280,455 people (63% in the city and 37% in the co. outside the city). Of \$2,107,538 in tax revenue, 63% was from the city and 37% from the co.

The Finger Lakes Lib. System (Ithaca, NY) with 27 members pls had 8301 v. on deposit in member pls, 2690 v. loaned in collections, and 1400 juv. v. and 980 phonorecord albums in 56 units. FLSS processed and delivered 25,736 items to member and system collections, and had a System Union Catalog of 105,155 book and 5136 phonorecord entries. Four FLLS staff members made 55 field visits, and 9 regular system book meetings were attended by 215 persons from up to 19 libs. Central Lib. and FLLS answered 7708 reference questions (up 6% over 1969/70).

The Lorain (OH) PL serves the city and part of the county. Of 32,711 registered borrowers, 62% were from the city; of 207,770 v., 61% were city books; of 315,103 loans, 71% were to the city; and of \$427,367 in revenue, 69% was from the city and 25% from the county.

The Carnegie Library of Pittsburgh (PA) received 33% of its income from Allegheny County for the support of 3 bookmobiles, a regional reference library, and free loan of books to county residents. Total loans to county residents were 32% of all CLP circulation. CLP received 19% of its income from the state (including LSCA grants) to serve as a district library for 53 other pls in two counties, to serve as a state resource library in science and technology, to operate the Western Pennsylvania Regional Film Center, and to operate a regional library for the blind and physically handicapped.
