Bibliography of Reading Materials

Entries in the IMCSE reading bibliography have been grouped into five main categories. These main categories have been further broken down into more specific areas in outline form. The categories are as follows:

- I. Reading General
  - A. Programs
  - B. Supplementary materials
  
- II. Phonics
  - A. Linguistic Readers
  - B. Phonics Programs
  - C. Supplementary Materials
  - D. Teaching Aids
  - E. Games
  
- III. Building Reading Skills
  - A. Programs
  - B. Other Materials
  
- V. , Reading Readiness
  - A. Programs
  - B. Other Materials
  
- VI. Remedial Reading
  - A. Programs
  - B. Hi Interest Series
  - C. Other Materials

Entries in this bibliography are programs or materials that can be used in the classroom. Teacher resource materials are not included. Each entry will list the title of the article, the name and address of the publisher, the order number, the cost, the media format and a short abstract describing the materials. Entries are listed alphabetically by publisher. Listings will specify the grade levels according to information given by the publishers. The general categories of preschool, elementary, intermediate, and secondary will be described by the abbreviations P. E. I. and S. The others will be described by their specific grades K-12. These abbreviations will be placed to the right of the incorporating entry to facilitate location of the material by grade.
