## Preamble

This Agreement is entered into by and between the Southeastern Massachusetts University Board of Trustees and the Southeastern Massachusetts University Faculty Federation, Local 1895, American Federation of Teachers, AFL-CIO, as the exclusive bargaining agent for faculty members in the bargaining unit delineated in Article 1, Section A.

The Trustees and the Faculty Federation recognize and agree that a University is composed of a diversity of groups and interests joined together in a common purpose whereby both the overall goals of the University can be achieved and simultaneously the goals of each of its constituent groups, the Students, the Faculty, the Administration and the Board of Trustees as the representatives of the public.

Further, the parties recognize and agree that while democratic principles should obtain in every American institution of higher learning, an urban university in an area of diverse population such as Southeastern Massachusetts must be exemplary in its expression and practice of the democratic ideal. Integrated education, faculties and facilities are more than aspirations.

This Agreement between the Board of Trustees of Southeastern Massachusetts University and the Southeastern Massachusetts University Faculty Federation seeks to establish a democratic process whereby the legitimate goals of the Students, the Faculty, the Administration, and the Board of Trustees can be achieved, and conflicts between these various constituencies can be resolved in a democratic and orderly manner.

**E.** The names of the faculty granted leave and their project(s) shall be announced to the faculty on or before December 1 of the year preceding the sabbatical leave.

#### **F. Policy Guidelines for Sabbatical Leaves at SMU**

##### **1. Future Policy**

All tenured faculty members who have completed six (6) years of teaching service at SMU shall be eligible for a sabbatical. When this is taken for half pay for the full year making it possible to hire a temporary replacement without serious cost to the students or university, this should be considered a normal part of the faculty member's

association with the University to provide the opportunity for study, general professional improvement, rest, research and prosecution of original work.

Other forms of scheduling sabbaticals should be granted by the present procedures with special consultations by the Sabbatical Committee with the faculty member, the relevant department and deans concerning teaching needs and financial resources. Sabbaticals are not cumulative (as two (2) years every twelve (12), but might be postponed no more than one (1) year either at the request of the faculty member or with approval of the Sabbatical Committee to meet an urgent departmental or university need for that year; such postponement would not set back the normal date of eligibility for the next sabbatical.

## 2. Implementation

While restrictions remain on the granting of sabbaticals, the following are recommended as guidelines to their awarding and the procedure for doing so, supplementing existing policy statements.

(a) The work of the Sabbatical Committee shall be confidential in nature, and all participating shall refrain from discussion, outside of formal committee sessions, of those whose applications are being considered. This does not preclude full consultation concerning the applicant and the project with members of the relevant department, deans, and on occasion others in the relevant field, but such consultations shall be confidential.

(b) The Committee shall be under obligation to determine for itself and the University the principles upon which it evaluated the applicants.

(c) A standard application form shall be utilized by all applicants, who shall also submit their vitae, list of publications, detailed full information concerning earlier reductions of teaching load and leaves of absence, description of their proposed activity, and concrete information concerning arrangements as to the place at which their work is to be carried out.

(d) In the awarding of a limited number of sabbaticals, preference will then be given to those applicants who meet any of the following criteria:

- i) Have a serious project which will enable them to make a significant and original contribution in their field, and will in consequence of their growth in intellect, talent and maturity enable them to become more qualified and effective in assisting the education of SMU

students. Faculty members with prior service at New Bedford Institute of Technology or Bradford Durfee College of Technology will be considered to have met the requirement stated above if they are enrolled in a program of advanced study at an accredited institution.

- ii) Have evidenced serious efforts during and prior to their years at SMU to make them as qualified in their field as possible, usually evidenced in part by a terminal degree in their field or, in exceptional cases, by other original and high quality work and achievements. Since a restricted sabbatical program in our view ought to be primarily for the purposes in i), work on degree programs ought primarily to be pursued under other arrangements, as sabbaticals and special leaves of absence. In very special cases, however, where the person has already evidenced the use of such opportunities, has made significant progress, and is pursuing a thesis which will on its own merit meet the criteria in the above paragraph, exceptions may be made to enable this person to complete the terminal degree. Similar conditions, plus a record of the applicant's past achievements and publications, would apply to faculty members with terminal degree seeking to develop expertise in new areas.
- iii) Have completed arrangements for their sabbatical work to be conducted at another university, research institution, or other appropriate environments related to the topic of the project.
- iv) Have developed their proposed sabbatical project in some detail and received evidence from others in their field that it is of merit, evaluation of the project may include the following factors: the significance of the project, the adequacy and realism of the plan, the suitability of the project for the applicant's professional development, the importance of the project for the department, university, discipline or society.
- v) Have, in the case of proposed books, received evidence of the need for and likely merit of such books, as from colleagues in other institutions, editor of a series in which the book may be included, a publisher's contract and the like.
- vi) In unusual cases, and not as a standard practice, sabbaticals may be utilized for teaching at another institution in cases where this strongly appears likely to contribute to the

general professional development of the faculty member and especially effectiveness with students; attention would especially be given in such applications to those in which an invitation had been received from a university experimenting in unusual teaching methods, a foreign university, or one of notable academic status.

Where the above criteria are met, the awarding of sabbaticals shall be distributed among the departments and colleges of the University as fairly as possible, without a priori preferences.

## Article XV Dismissal

### Reduction of Personnel

If it becomes necessary to reduce personnel the following procedures shall obtain:

Except in most unusual circumstances those faculty members having least seniority would be considered for release.

No faculty member would be released unless all reasonable efforts to reassign that faculty member to an equivalent or similar position within the University had been exerted.

The departmental seniority lists as determined under the provisions of Article VI, G shall be the accepted basis for determining specialty areas and seniority within departments.

If a tenured faculty member is affected by reduction, he shall have a right to be rehired if an appointment for which he is qualified is made within five years.

If tenured faculty must be reduced, faculty members over 65 years of age eligible for retirement shall be released before tenured faculty members under 65 years of age irrespective of seniority.

## Article XVI Grievance Procedures

### A. Objectives

It is the declared objective of the Faculty Federation and the Trustees to encourage the prompt and informal resolution of complaints of faculty

members as they arise and to provide recourse to orderly procedures for the satisfactory adjustment of complaints.

### B. Definition

A "grievance" shall mean a complaint by a faculty member that there has been as to him a violation, misinterpretation or inequitable application of any of the provisions of this Agreement, or of any of the established policies of the Board of Trustees.

### C. General Procedures

1. As used in this Article, the term "Faculty Member" shall mean a member or members of the bargaining unit. As used in this Article, the term "grievance" shall also include a grievance affecting more than one campus. The Faculty Federation shall represent every faculty member at various levels of the grievance procedure.

When a faculty member chooses to handle his own grievance case, he does so at his own peril.

2. If any faculty member shall present any grievance without representation by the federation, the disposition of the grievance shall be consistent with the provisions of this Agreement, and shall not be deemed to change or otherwise modify the terms and conditions of the Agreement or create a precedent unless the Trustees and the Federation shall otherwise agree in writing.
3. If a grievance involves a decision by a Dean of a College or the Dean of Faculty the grievance may be filed with and heard in the first instance at the next higher level.

### Level One

a) When a grievance arises, the grievance must be filed within ten (10) school days (or when school is not in session, fourteen (14) calendar days) from the day of the event upon which the grievance is based or from the date when the faculty member had or would have had knowledge of the event if he (the faculty member) had not been grossly negligent.

b) A faculty member with a grievance shall file it in writing with the Faculty Federation Grievance Committee specifying the act or condition and the grounds upon which the grievance is based. From this time forward, the Faculty Federation Griev-

ance Committee shall be available to act in an advocacy role if the faculty member requests.

c) The grievant shall in writing transmit the alleged grievance specifying the act or condition and the grounds upon which the grievance is based to the Dean of the College within ten (10) school days from the date of the receipt of the alleged grievance in b) above.

d) The Dean of the College and/or his designee within five (5) school days shall transmit in writing the alleged grievance and its particulars to a Faculty Grievance Committee composed of two (2) faculty members chosen by the Faculty Federation, two (2) faculty members chosen by the Administrator named in the grievance and one (1) faculty member mutually agreed upon.

e) When a grievance is filed by a faculty member, it shall be processed through the Faculty Grievance Committee and hearings shall begin at the level above which the grievance occurred. When a grievance is filed against the President of the University, it shall be processed through the Faculty Grievance Committee and its recommendations on the grievance shall be forwarded to the President for his action.

f) The Faculty Grievance Committee upon receipt of the grievance shall review the alleged grievance including the calling of witnesses and access to relevant materials and documents. Within ten (10) school days (or when the school is not in session fourteen (14) calendar days) it shall make a written recommendation with regard to the alleged grievance to the alleged grievant, the Faculty Federation and the Dean of the College.

The Dean of the College and/or his designee, the faculty member, and the representative of the Federation shall meet and confer on the recommendations of the Faculty Grievance Committee within five (5) school days after the receipt of the Committee's recommendations.

g) The Faculty Federation and/or the alleged grievant and the Dean of the College shall within five (5) school days transmit in writing to one another with copies to the Dean of Faculty their answer to the recommendations of the Faculty Grievance Committee.

#### Level Two

If the grievance is not satisfactorily resolved through Level One, the faculty member and/or the representative of the Federation may appeal to the Dean of Faculty within ten (10) school days after delivery of the decision of the Dean of the College. The appeal shall be in writing and shall state specifically the act or condition and the grounds on which the grievance is based and why the disposition of the grievance offered by the Dean of the College in Level One is unsatisfactory. The Dean of Faculty shall promptly meet with the grievant and the Faculty Federation and confer on the appeal. The Dean of Faculty shall communicate his decision in writing to the aggrieved faculty member and to any Faculty Federation representatives who participated in Level Two. Such decision shall be made not later than five (5) school days after the written appeal has been made to the Dean of Faculty.

#### Level Three

If the grievance is not satisfactorily resolved through Level Two the faculty member and/or the representative of the Federation may appeal to the President within ten (10) school days after delivery of the decision of the Dean of Faculty. The appeal shall be in writing and shall state specifically the act or condition and the grounds on which the grievance is based and why the disposition of the grievance offered by the Dean of Faculty in Level Two is unsatisfactory. The President shall promptly meet with the grievant and the Faculty Federation Representative and confer on the appeal. The President shall communicate his decision in writing to the aggrieved faculty member and to any Faculty Federation representative who participated in Level Three. Such decision shall be made not later than ten (10) school days after the written appeal has been made to the President.

#### Level Four

If the grievance is not satisfactorily resolved through Level Three the grievant and/or the Faculty Federation may appeal to the Trustees within ten (10) school days after receipt of the decision of the President. The appeal shall be in writing and signed by both the grievant and the Federation Representative. The appeal shall state specifically the act or condition and the grounds on which the grievance is based and why the disposition of the grievance offered by the President in Level Three is unsatisfactory. The Trustees shall on receipt of the appeal, at their next regular meeting, confer with the grievant and the Federation Representative on the grievance appeal. The decision of the Trustees shall be communicated in writing

to the grievant and to the Federation Representative. Such decision shall be communicated not later than ten (10) school days after the aforesaid hearing on the appeal is held.

#### Level Five

a) Within thirty (30) school days of the Trustees' decision, the Faculty Federation only may appeal from the decision of the Trustees to the American Arbitration Association for arbitration.

b) The proceeding may be initiated by filing with the Chairman of the Board of Trustees and the American Arbitration Association a notice of arbitration. The arbitrator shall hold a hearing within thirty (30) days of his appointment. Five (5) days notice will be given to all parties of the time and place of the hearing.

c) A panel of six (6) arbitrators will be selected by mutual agreement of the Board of Trustees and the Faculty Federation as the exclusive source of arbitrators to hear grievances arising under this Agreement.

In the event that mutual agreement is not reached in the selection of the six (6) arbitrators for the panel, arbitrators shall be selected for each individual case of arbitration according to normal American Arbitration Association procedures.

d) The arbitrator shall issue his decision not later than thirty (30) days from the date of the closings of the hearings, or if oral hearings have been waived or supplemented, then from the date of transmitting the final proofs and statements to the arbitrator. The decision shall be in writing and shall set forth the arbitrator's opinion and conclusions on the issues submitted.

e) (1) The decision of the arbitrator shall be final and binding on both parties and the grievant, and all will abide by it.

(2) Where acceptable to both parties to this Agreement the American Arbitration Association's procedures for Expedited Arbitration will be utilized.

f) The arbitrator's fees and expenses will be shared equally by the parties.

g) The arbitrator shall limit his decision strictly to the application and interpretation of the provisions of this Agreement.

#### D. Time Limits

1. Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall permit the aggrieved party to proceed to the next step. Failure at any step of this procedure to appeal a grievance within the specified time limits shall be deemed to be acceptance of the decision rendered at that step.
2. The time limits specified in the grievance procedure may be extended in any specific instance by mutual written agreement.

#### E. Faculty Federation Grievances

The Faculty Federation has the right to initiate or appeal a grievance involving an alleged violation of this Agreement. The grievance shall be initiated at the level at which it occurs, but in all other respects the grievance procedures above described shall apply to Federation-filed grievances except that written answers made by the Dean of Faculty, the President or the Trustees need be served only upon the Faculty Federation.

#### F. Grievances Filed by a Faculty Member Against a Department Chairman and/or Department Committee on Faculty Evaluation

Faculty have the right to a hearing on the filing of an alleged grievance against the recommendations of the Department Chairman and/or the Department Committee on Faculty Evaluation with regard to reappointment, step increases, merit increases, tenure and promotion.

1. When an alleged grievance arises under this Section, the faculty member shall file a written statement with the Chairman of the College Academic Council in which his Department is a part with a copy to his Department Chairman, specifying the grounds and actions of the Department Chairman and/or Department Committee on Faculty Evaluation upon which the alleged grievance is based.
2. The alleged grievance must be filed within ten (10) school days (or when the school is not in session, fourteen (14) calendar days) from the day of the event upon which the alleged grievance is based or from the date when the faculty member had or should have had knowledge of the event.

3. Within ten (10) days after the receipt of the alleged grievance, the Chairman of the College Academic Council shall notify in writing the faculty member, the Department Chairman and/or the Department Committee on Faculty Evaluation (as the case may be) of the date, time and place of the hearing on the alleged grievance. Prior to the hearing, the faculty member shall be permitted access to all written evaluation materials used by the Department Chairman and/or the Department Committee on Faculty Evaluation (as the case may be) in reaching his and/or their decision with regard to the faculty member's alleged act(s) upon which the alleged grievance has been filed. The faculty member may at this hearing have representation of his own choosing.
4. Within five (5) school days, the Chairman of the College Academic Council shall communicate in writing the Council's decision and the grounds for the decision to the President of the University, the faculty member, the Department Chairman and the Department Committee on Faculty Evaluation.
5. If the Council finds that the faculty member has been grieved, it shall make recommendations for further action to the President of the University.

#### Article XVII Ratification of Agreements

After a proposal has been mutually agreed upon by the negotiators representing the Board of Trustees and the Faculty Federation, the chief negotiator for each party shall arrange for this mutually agreed upon proposal to be on the agenda of their respective organization's next regularly scheduled meeting for action by the membership of that organization, or at an earlier meeting if conveniently possible.

#### Article XVIII Resolution of Differences By Peaceful Means

The Federation agrees that it will not cause, condone, sanction or take part in any strike, walk-out, slowdown or work stoppage.

The Federation and its members, individually and collectively agree that if there is a violation of this clause, that is, participation or involvement in any such strike, walkout, slowdown, or stoppage, any or all employees violating this clause will at the discretion of the Board be subject to disciplinary action as allowed by any applicable provision of state law.

#### Article XIX Management Rights

Nothing in this Agreement shall derogate from or impair any power, right or duty heretofore possessed by the Board or by the Administration except where such right, power or duty is specifically limited by this Contract.

#### Article XX Provision for Related Issues

A. The Federation and the Board agree that each has exercised its rights to bargain for provisions in this contract, and that the present contract constitutes a complete agreement on all matters. However, with respect to those matters which are directly related to any of the provisions of this Agreement the Board of Trustees agrees that it will make changes only after consultation and negotiations with the Faculty Federation.

B. The parties further agree that should the provisions of the Massachusetts G.L. Ch. 149, S. 178 existing as of the date hereof be amended by the General Court, the parties shall upon thirty (30) days written notice of either meet and confer with respect to such amendment and may incorporate any written agreement mutually agreed upon into this Agreement. The provisions of this section, however, shall not be deemed to impair any term in this Agreement contained.

#### Article XXI Savings Provision

If any provision of this Agreement or any application of the Agreement to any employee or group of employees shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications will continue in full force and effect.

## Article XXii Duration

Provided that either party by notifying the other in writing by March 1, 1974 by registered or certified mail, return receipt requested, may reopen this Agreement only on matters which have by terms of this Agreement been referred to and reported on by study committees and on specific economic items which by Acts of the Legislature have become negotiable. Provided further, that either party by notifying the other in writing by March 1, 1975 by registered or certified mail, return receipt requested, may reopen this Agreement on the items stated above and in addition on any three articles of this Agreement.

A joint committee composed of six (6) members, three (3) members appointed by the President of the University and three (3) members by the President of the Faculty Federation shall be established when this Agreement goes into effect to review the evaluative and grievance procedures outlined herein and to make recommendations as needed to improve their effectiveness.
