INTRODUCTION.

This document is a compilation of charts which outline the major activities conducted in the study, planning, and preparation phases of the Virginia Beach, Virginia, 45-15 year-round education pilot program.

The Critical Incidents thank identifies the major events of this period from the initiation of a feasibility study through the actual pilot program implementation.

Each of the task charts identify by department and office, the specific accomplishments necessary to the department's effective implementation of the pilot program.

The division and unit role assignment charts identify the decision-making process in the research and development effort of the planning and preparation phase of the pilot program.

Activities	Explanation	Start	Finish
PRELIMINARY INVESTIGATION	At the request of the School Board, a specially appointed committee began to compile data on year-round education. Visitations were made to other school systems and year-round education publications were researched as part of the investigation.	12/11/69	1/12/71
FFASIPILITY STUDY 00C102	The Office of Research, Planning and Evelopment collected and analyzed date, conducted community surveys, attended seminars and workshops, and compiled a bibliography to determine if year-round education was a feasible means of alleviating over-crowding in Virginia Beach schools.	1/13/71	9/23/71
ALTERNATIVES REPORT 00C103	The Office of Research, Planning and Development presented, "A Consideration of Alternative Means of Housing the Pupil Population" at a public School Board meeting. Year-round education programs were examined in the report with the 45-15 cycled-attendance method listed as feasible for Virginia Beach.	9/23/71	9/23/71
SPECIAL COMMITTE REPORT 00C104	A School Board committee on pupil housing examined the alternatives report and met with citizens from every borough of the City before recommending a combination of solutions to the over-crowded classroom problem.	9/23/71	1 /1(/71
PUBLIC MEARINGS AND SURVEYS 00C105	The School Board's special committe on pupil housing conducted surveys and public hearings in each of the City's six boroughs to seek public guidance in solving the problem of over-crowding.	9/23/71	11/16/71

Activities	Emplanation	Start	Pinish
SCHOOL BOARD DECISION	The School Board committed itself to a combination of alternative means of providing additional class-rooms for the pupil population of V.rginia Beach. Among the alternatives was a bond referendum for school construction and a pilot program of year-round education on the elementary level.	11/16/71	11/16/71
PUBLIC AFPROVAL	After a vigorous public information effort was conducted to inform the citizens of the School Board's commutment, the public voted in favor of the school bond referendum for new school construction. With this approval also came implied approval of the year-round education pilot program.	1/03/72	2/08/72
STAIR GRANT APPLICATION 050108	Application was made to the State Department of Education for a Research and Development Grant to help finance the planning and preparation phase of a pilot program of 45-15 year-round education in Virginia Beach.	5/12/72	5/21/72
RECEIPT OF GRANT 06C109	The State Deapriment of Education. Office of Research and Development notified virginia Beach that the City public school system had been awarded a \$75,000 grant to help finance the planning and preparation phase of the City's pilot program of 45-15 year-round education.	5/21/72	6/06/72
ANDOUNCEMENT OF 45-15 PLANS 06C110	The Virginia Beach Superintendent of Schools met with news media representatives to detail the City's plans for year-round education and name a number of elementary schools that were under consideration for participation in the pilot program.	6/ 07/ 72	7/07/72
