LABOR

Labor: The word "labor" has several meanings. In the World of Work, "labor" means working people. Almost everyone in the world works to earn money to support himself and his family. See if you can fill in the blank:

Soldiers and sailors make up the Armed Forces; "workers" in our society are called the L _____ force.

In this study you will learn that people are paid by the hour, the week, or the year. In most cases, labor groups are made up of people paid by the hour or week. Those paid by the year are usually in another group called "professional" or "management". Ask your teacher if your class can discuss these terms: labor....management.

- How are they different?
- Should one be stronger? Why?
- Are there more in one group or the other?
- What group would you want to be in? Why?

This picture may look like a forest of trees to you but it is really a picture of the LABOR FIELD. The "trees" show you the types of jobs in that field.

It is a picture that tells you in which field most jobs are going to be, and how fast those fields are growing. Let's study each of them.

TECHNICAL

People in the technical field run and repair machines.

This field is growing the fastest of all. As a matter of fact, it is thought the field will double in fifteen years.

Special training is needed. Where? In trade schools, vocational schools, on-the-job training, or apprenticeship programs.

NOW DO THE FOLLOWING:

1. People in the technical field _____ and _____ machines.
2. The _____ field is the fastest growing in the labor field.
3. _____ training is needed for jobs in the technical field.

CLERICAL

People in this field keep records, type letters, file papers, and use office machines.

NOW DO THE FOLLOWING:

1. If you look at our picture of the labor field, you will see that this is the (first, second) _____ fastest growing group.
2. Clerical workers keep _____, _____ letters, _____ papers and use office _____.

SKILLED

People in this field are highly trained in a special skill. For example - carpenters, plumbers, mechanics, and electricians. The job outlook for these workers is good. There is a chance of advancement in this field as well as good money and security.

NOW DO THE FOLLOWING

1. Skilled workers are _____ trained in a _____ skill.
2. Three good things about being a skilled worker are:
 - a. chance of _____,
 - b. good _____, and
 - c. _____.

SEMI-SKILLED

This kind of worker has received less training than a skilled worker. His work is not as difficult and he does not have as much responsibility. Accordingly, a semi-skilled worker receives less pay than a skilled worker.

Machines have taken the jobs of many semi-skilled workers. That is why this labor "field" is not as large as the others.

NOW DO THE FOLLOWING:

Put T for true or F for false in front of these statements.

1. Semi-skilled workers receive less training than skilled workers.
2. Semi-skilled workers receive more pay than skilled workers.
3. This labor field is larger than that of skilled workers.
4. Machines have replaced many semi-skilled workers.

LABORERS

The laborers group of workers is becoming smaller every year. These jobs require no training or skill and are constantly being replaced by machines. Examples of this type of work are: ditch-diggers, stock clerks, lifting and carrying packages.

NOW DO THE FOLLOWING:

1. The laborers group of workers is the (smallest, largest) _____ in the field.
2. These jobs require _____ training or skill.
3. Many of these jobs have been replaced by _____.

OTHER TYPES OF JOBSManagement

This is the group of people who manage or run any business. Some of their duties are to organize the work, buy the raw materials, find the workers, and sell the products. These jobs usually require years of education and experience.

As business grows and expands, more management help is needed, so this job field stays steady in its size. Many businesses and industries provide their own management training.

NOW DO THE FOLLOWING:

Put T for true or F for false in front of the following statements.

1. Management jobs usually require education and experience.
2. Management is the word used to describe people who run a business or industry.
3. Management finds the workers.
4. The management field is growing smaller.
5. Management training is only available in a trade school.

Sales

This group of workers is slowly but steadily growing. More and more money is being used to train people to sell products. Many businesses have their own training programs in order to produce "top-notch" salesmen. This field requires less education than management; also, there are many jobs available for women.

NOW DO THE FOLLOWING:

1. The sales field is steadily _____.
2. Many firms have their own sales _____ programs.
3. The sales field requires _____ education than management.
4. There are many jobs available for _____ in this field.

LABOR LAWS

There are many ways to help protect the American worker. One of these ways is by laws that make sure no one makes people work for unfair pay, or laws that protect children from being employed unfairly. For example, the New York State Labor Law requires everyone between the ages of 14 and 17 to have a work permit or "working papers."

Use this paragraph to help you - put T for true and F for false before each statement.

1. The labor force is made up of sailors.
2. Labor laws are to protect the worker.
3. Working permits are needed by everyone.
4. Labor laws protect a worker from illness.
5. Labor laws protect a worker from being paid unfairly.

WAGES - DIFFERENT WAYS THAT PEOPLE ARE PAID

1. A fireman gets a yearly salary, a worker at General Electric gets a weekly pay envelope. Carpenters and electricians get paid by the hour.
 - a. If a policeman earns \$7,000 in one year, how much does he earn in one month? _____ in one week?
_____ (Figure on 12 months in one year and 52 weeks in one year.)
 - b. If a factory worker earns \$92.00 in one week, what is his yearly salary? _____
 - c. If a carpenter's wages are \$4.00 an hour and he works 45 hours in one week, what is his weekly pay? _____

USE THE REST OF THIS PAGE TO FIGURE ON.

LABOR UNIONS

LABOR means the working people

UNION means "joined together"

Write what you think LABOR UNIONS are: _____

Ask your teacher if your class can discuss the meanings they have written, then with your teacher decide on the best meaning. Ask her to write it on the board. Copy it here:

3. _____

Does anyone in your family belong to a union? _____

If the answer is yes, write the name of the union they belong to.

JOB APPLICATION

The first step in getting a job is to apply, or ask for it. When you ask for a job, you do it in writing. This is called a job application. Unscramble the following sentence:

in application asking An writing is job for a.

On an application, the employer asks for information he needs to know about you. This helps him decide if you are the right person for the job.

INTERVIEWS AND INTERVIEWS

The purpose of an interview is to find out information. There are two kinds of interviews for us to think about:

1. You ask the questions to get information about a job or:
2. Someone asks you questions about yourself when they are thinking about hiring you.

(Type #1 Interview)

"Getting the Facts"

You will be using type #1 interview. Here are some hints to help you.

- a. Study the interview sheet on the next page.
- b. Plan how you will introduce yourself to the person you will interview, how you will conduct the interview, how long you will spend asking questions, and how you will end the interview.
- c. Use the interview sheet on the next page to practice on adult friends and classmates.

You will have interview sheets attached to each Career Study to "get the facts" about that job.

How To Sell Your Product

RULES FOR TYPE 2 INTERVIEW

1. Wrap the package Attractively -

"Neat but not Gaudy," is the word Girls. Leave the eye makeup, highly teased hair, and short short skirts at home. Fellows, the levis, sweatshirts and sneakers are NIX on interviews. Look NEAT AND CLEAN.

2. Be sure the package arrives on time -

9:05 is too late for a 9:00 appointment, BESIDES, they've heard all the excuses, and a few you haven't dreamed up yet.

3. A care package gets more attention - than a "Don't Care"

Be interested in your employer's business and how you can fit into his organization - or wind up in the dead letter office.

4. Fragile - Handle with Care -

A courteous, respectful attitude and "thank you," regardless of the outcome of the interview - always impresses people.

5. Don't Advertise Competing Products -

A job interview is no place for the "BUDDY SYSTEM." Let your friends do their own job-hunting.

6. False Advertising Doesn't Pay -

Fill out the application truthfully - don't claim experience or skills you don't have. It always backfires and doesn't help.

7. Fill Out Application Neatly -

Print if necessary, or write legibly.

D. INTERVIEWS

Type Number 2 Interview

Pretend you are an employer. You are interviewing people for the jobs as salespeople in your store. Ann, Sam, Dan, Sue, and Tom applied for the jobs. If you think they should be hired for the jobs, check the box below "yes". If you do not think the person should be hired, check the box below "no".

A SECOND CHANCE

Some interviews fail. The person does not get the job he wants because he has not done all the right things during the interview.

Sometimes a second interview will get a person the job he wants. Let's pretend the shipping department of Ace Industries needs a clerk. A boy named Andrew Brown had been interviewed for the job once, but failed to get it because he:

1. ___ was late for the appointment
2. ___ wore sloppy clothes
3. ___ did not have his hair combed
4. ___ was not friendly and polite

Read about Andy's second chance. He really wants to do better and is glad to have another chance. The appointment is set for 2:30 P.M.

First read the rules for a good interview, then fill in the blanks in such a way that Andy will get the job.
