ABSTRACT

The guide contains career awareness units for grades one through seven. A chart for each grade level lists the unit titles with textbook references, resource speakers, and study trips. Some of the speakers and study trips suggested throughout the guide are specific to the local area. For each unit, concepts to be developed are coordinated in chart form with activities (field trips, games, displays, discussions, and others) and resources (speakers, filmstrips, and books). A unit on developing attitudes about work is presented at each grade level. Other units cover the following occupational areas: grade one, school workers, the home, the grocer, dairy and egg farmers, and community workers; grade two, policemen, carpenter-painter, the baker, and medical careers; grade three, radio announcer, fireman, service station worker, and veterinarian; grade four, pilot, forester, United States Postal Service, and law enforcement; grade five, crafts, farming and animal care, managerial work, business relations, and industry work; grade six, communications, machine work, engineering, and investigating and legal work; and grade seven, merchandising and clerical work, medicine and health, scientific research, library related fields, and social science. All Sing: "A Happy Family"

A HAPPY FAMILY

In a house!  
In a house!  
Lived a happy family!

Father and Mother  
Sister and Brother  
As happy as could be!

Father works  
Mother works  
The children do their share.

Father and mother work.  
Sister and brother work.  
But Little Baby plays all day!

They'd share the work  
They'd share the work  
Until the work was done.

They'd never stop  
They'd never stop  
They thought that work was fun!

In a house  
In a house  
Lived a Happy Family

Father and mother play.  
Sister and brother play.  
Baby still plays all day!

They'd shared the work.  
They'd shared the work.  
And then they had  
A Happy Day.

Let's always share  
The work and play,  
And always have -  
A Happy Day!

Freddie: "But wait there's another song we know. Let's sing it before we go."

Baby Nell: (walks in time to following lines as she says) "Fine! Fine! That'll be just fine! I'm sure we'll remember every line!" (she then goes front to lead song)

Freddie: "We will sing OUR DADDIES."

All Sing:

## DADDIES

Doctor daddies keep folks well.  
Daddies paint and daddies sell.  
Daddies sit at desks and write,  
The books we read in bed each night.

Daddies buy the clothes we wear.  
Barber daddies cut our hair.  
Some daddies help us keep well-fed,  
They make buns and cakes and bread.

Some build planes;  
Some make them fly.  
Some catch fish for us to fry.  
Dads make clocks,  
Dads make chairs,  
And farmer dads grow corn and pears.

Dads are sailors dressed in blue.  
And dads are policemen, too.  
Some daddies mend our broken toys,  
And some teach little girls and boys.

Dads dig coal and dads drive cars.  
Dads put food in cans and jars.  
Dads make steel  
And daddies sing  
Dads do almost everything.

But when they've worked the whole  
day through,  
What do they like best to do?  
By taxi, train, by car and bus,  
Daddies rush home - to us!

SONGS USED IN THE HOME UNIT

"Growing"

by Miles and Jacobs

The day my hands reached up and caught the ball,  
The day I put on skates and did not fall,  
The day I read a page of print alone -  
Oh, those were the days I knew how much I'd grown.

"Everybody Says"

Everybody says I look just like my mother,  
Everybody says I'm the image of Aunt Bee.  
Everybody says my nose is like my fathers  
But I want to look like me,  
But I want to look like me!

"A Song About Me"

I have two eyes to see with, I have two feet to run,  
I have two hands to wave with, and nose I have but one.  
I have two ears to hear with, a tongue to say good-day,  
And two red cheeks for you to pinch,  
And now I'll run away.

The Home Song

In, out, round about,  
In my home  
With my family  
Laugh, cry, stretch, sigh,  
Sleep and eat,  
How happy I can be!

When its cold or breezy,  
Or if I'm sick or sneezy,  
I can play alone -  
Happily in my home - Oh...

In, out, round about,  
In my home  
With my family  
Laugh, cry, stretch, sigh,  
Sleep and eat,  
How happy I can be!

# Growing

Words by Leland B. Jacobs

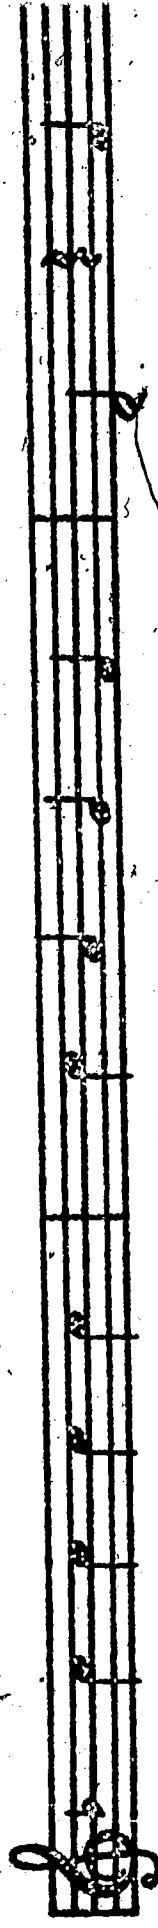

Music by Virginia H. Nile

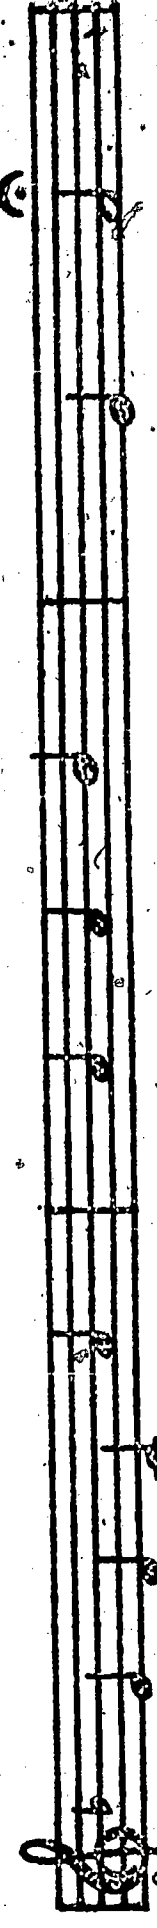

The day my hands reached up and caught the ball. The

day I put on states and did not fall. The

day I read a page of print a lone — Oh,

those were days I knew how much I'd grown.

SONGS TO ACCOMPANY WORKERS WHO HELP US AROUND TOWN UNIT

Barber Song

Snip, snip, snip  
Clip, clip, clip  
Go the barber's shears  
Smooth and cold,  
They tickle me,  
All around my ears.

The Firemen

Oo-oo, Oo-oo, Oo-oo, Oo-oo  
Clang, clang, clang, clang, clang  
Get out of our way,  
Get out of our way!  
That's what the firebells say.

I'm A Traffic Cop

I am a traffic cop,  
I tell the cars to go,  
I tell the cars to STOP!

The Policeman

Oh, see me stand so fine and tall,  
A great big policeman.

I wear a star upon my chest,  
For I'm a policeman.

The Town Song

All around the neighborhood, we will go,  
Into many stores and places you know.  
To the butcher, baker,  
Druggist, and shoemaker,  
We will see the merchants work -  
And say, "Hello!"

City Song

There's so much to do in the city,  
There's so much to see in the city,  
The city's inviting, the city's exciting,  
The sounds of the city are grand!

#### Introduction:

Pupil: Well, all of you look happy this morning and we'll try to keep you that way -

Because we are really glad to have a real audience today.

Our Career Awareness play is about Sue's Dream Party where everybody helps.

#### Curtain Opens:

Mother: (On the telephone) Hello, yes, this is Mabel. No, I'm not too busy to talk. I'm just gathering up magazines for career awareness pictures for the children. No, I don't get the pictures for the children. Just keep magazines handy. Oh, Yes, even my first grader needs pictures, too. She talks and sings about the family. She says that every one shares the work and play in a happy family.  
(a knock is heard)

Oh, Alice, I hear someone knocking. Call again, soon. (goes to the door)  
(enter Mrs. Evelyn White and Ruth)

Oh, come in Evelyn. Hello Little Ruth.

(Sue enters from back)

Sue: Hello Ruth. Goody, Goody! Now I can sing "My Happy Family" song to you when the others get here.  
(Boys enter from left. All sit but each rises when he speaks)

Sue: Come on boys, and let's show Mommy what we have learned about careers at school!

Mother: Well, what have you learned?

Sue: Well, first there is the family.

Ruth: Yes, the daddy works to earn money, you see - to buy wants and needs for the family.

Kelly: The mother works, too. She would take the cake in spending the money the daddy makes.

John: Gee, my daddy says - that mommy takes her turn. She can spend more money - than he can earn.

Kelly: I bet my daddy's got \$25 - guess we're rich.

Tommy: \$25 isn't rich, silly! To live on that - you'd have to be a witch - like Samantha!

All: Like Samantha!

Tommy: Yes, like Samantha!

Ruth: \$25 would be rich for me. If I had \$25 I'd say - wants or needs? Which will it be? Well, I guess I'd buy something I need - NEDD (spells out)

Tommy: Ruth, can't you spell? Please listen to me - you spell need - NEED.

Ruth: Yes, I can spell, smarty - I sure can spell - as good as you! Or most as well. Blah!

Tommy: Blah, yourself! (sticks his tongue out)

Sue: Now listen Tommy, listen Ruth, in a happy family that just won't do.

Mother: Sue, now will you sing that song that you learned at school?

Sue: Oh, Mother, we'll be glad to.

(Sue and Tommy sing "A Happy Family")

Sue: We've learned that it takes many people to make the things we need.

And many more to produce services, you see.

Ruth: Yes, services like a teacher or a preacher.

John: Like a dress maker or a beauty operator.

Kelly: Like a dentist, fine or a doctor, kind.

Tommy: Like the principal of a school - with a big job to do. Seeing after all us kids - and the teachers, too.  
But come on kids, let's go to play - that will make me a happy day.

Mrs. White: Sue, in career awareness, you are doing fine. I just must be going, Mabel. Come over some time.  
Mother: Bye, Evelyn, that's what we'll do - we'll come over and visit you.  
Father: Well, Mabel, I see we are having visitors early. Now, if I get to the office on time - I'll sure have to hurry.  
Mother: Just a minute, Bob, now don't forget you haven't brought Tommy those career pictures yet.  
Father: Thanks, Mabel, for reminding me. That I will surely do. I'm glad that he is learning many career awareness lessons, true. He told me, today, that in the grocery business of mine without the Producers and consumers we'd be at the end of the line. And I guess we would. I am glad you see for him to learn how important every person's work can be.  
Mother: Yes, Bob, Sue told me today that she will buy gloves - a need. Said the jumping-jack toy was just a want, anyway!  
Father: And Mabel, won't that help you to see - that our need is not a fur coat for you, but a boat for me.  
Mother: Now, Bob, I can't hear a word you say. Go to the office. Be on your way. Don't forget the candles for Sue's birthday cake.

(Sue enters)

Sue: Mommy, I wish we could invite everybody that helped us to come and see that birthday cake you made for me.

Mother: Many people helped, it's really true. But to get them all here would be hard to do. But the doctor says you must get some sleep to help get over the cold with the sniffles and sneeze.

(Curtain)

ACT II  
AT SUE'S DREAM PARTY

Sue: Mommy, Mommy, they will be here today! Many that have helped us are on their way.  
Doctor: Yes, I'm the doctor who came that day with medicine to chase those sniffles away.  
Nurse: I'm the nurse who helped that day - so you would be well for this party gay.  
Farmer: I'm the farmer who grew the wheat for this birthday cake you will have to eat.  
Truck Driver: I'm the truck driver. I've come to say - I hauled that wheat a long, long way!  
Dairy Worker: In our dairy, shining and white - we produced the milk and butter - to make that cake, just right.  
Carpenters: We are carpenters who built the house, - so nice and warm for the dairy cows.

We are farmers.

Don't you see - we grew the sugar cane - to make the sugar - to make the cake sweet.  
I'm the grocer down the way - who sold mother the things - to make your birthday cake.  
I'm the dentist who helps you keep clean and healthy gums and teeth.  
I'm the postmaster and your postman and I have worked for days to send those birthday cards your way.

I'm your music teacher who will teach you to play. It's fun to teach a little girl so happy and gay.

I'm the seamstress who made your birthday dress. I hope it will be your happiest birthday, yet.

I'm your beauty operator, little girl. Remember I rolled your hair to make it curl.

I'm the clerk and it was a joy - to sell gifts for you - to each little girl and boy.

I'm the nice policeman - who came one day - and helped a little girl named Sue - to find her way.

I'm the principal of school - who called mother that day - when you took those sniffles - that would not go away.

I'm a salesman and cars I sell - like the one mother used to rush you to the doctor, when you were not well.

Oh! dear friends, I'm happy to see - how many have made things for me. I love you all, and please let me say I'm thankful, so thankful for you today.

I'm your preacher and I'm glad to hear your thanks - you see - for God has created many things - for you and me. He made the night and He made the day - and without Him was not anything made that you can see!

I'm a happy song writer and I came along to say that I wrote the "Happy Birthday" song. I'm happy, so happy, please let me say - I hope my song will help you to have a Happy Birthday.

I'm your teacher and listen, Sue - it has been such fun while teaching you. Now while I'm here, please let me say - I love you, Sue, and Happy Birthday!

Oh! dear friends, you are all so nice - when I cut my cake - you'll get a big slice.

But before we do another thing - a song about Sue's "Happy Family" - we just must sing.  
We shall sing "A Happy Family"

A HAPPY FAMILY

In a house!  
In a house!  
Lived a happy family!

Father and Mother  
Sister and Brother  
As happy as could be!

Father works  
Mother works  
The children do their share.

Father and mother work  
Sister and brother work.  
But Little Baby plays all day!

They'd share the work  
They'd share the work  
Until the work was done.

They'd never stop  
They'd never stop  
They thought that work was fun!

In a house  
In a house  
Lived a Happy Family.

Father and mother play  
Sister and brother play  
Baby Still plays all day!

They'd shared the work.  
They'd shared the work.  
And then they had  
A Happy Day.

Let's always share  
The work and play,  
And - always have  
A Happy Day!

Father: Sue, before we go to cut your cake so fine - won't you sing another song.  
Mother: Yes, sing the song about your Daddies' work just one more time.

(All sing "Our Daddies")

## DADDIES

Doctor daddies keep folks well.  
Daddies paint and daddies sell.  
Daddies sit at desks and write,  
The books we read in bed each night.

Daddies buy the clothes we wear.  
Barber daddies cut our hair.  
Some daddies help us keep well-fed,  
They make buns and cakes and bread.

Some build planes;  
Some make them fly.  
Some catch fish for us to fry.  
Dads make clocks,  
Dads make chairs,  
And farmer dads grow corn and pears.

Dads are sailors dressed in blue.  
And dads are policemen, too.  
Some daddies mend our broken toys,  
And some teach little girls and boys.

Dads dig coal and dads drive cars.  
Dads put food in cans and jars.  
Dads make steel  
And daddies sing  
Dads do almost everything.

But when they've worked the whole day thru,  
What do they like best to do?  
By taxi, train, by car and bus,  
Daddy rushes home - to us!

(Sung to the tune of Skip To My Lou)
