In the selection of schools to receive assistance under this section, the State educational agency shall require applicant schools to provide justification of the need for such assistance.

in which poor economic conditions exist with equipment, other than land or buildings, for the storage, preparation, transportation, and serving of food to enable such schools to establish, maintain, and expand school food service programs. In the case of a nonprofit private school, such equipment shall be for use of such school principally in connection with child feeding programs authorized in this Act and in the National School Lunch Act, as amended, and in the event such equipment is no longer so used, it may be transferred to another non-profit private school participating in any of such programs or to a public school participating in any of such programs, or, failing either of these dispositions, that part of such equipment financed with Federal funds, or the residual value thereof, shall revert to the United States.

### APPORTIONMENTS TO STATES

(b) Except for the funds reserved under subsection (e) of this section, the Secretary shall apportion the funds appropriated for the purposes of this section among the States on the basis of the ratio that the number of lunches (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to section 9 of the National School Lunch Act) served in each State in the latest preceding fiscal year for which the Secretary determines data are available at the time such funds are apportioned bears to the total number of such lunches served in all States in such preceding fiscal year. If any State cannot utilize all of the funds apportioned to it under the provisions of this subsection, the Secretary shall make further apportionments to the remaining States in the manner set forth in this subsection for apportioning funds among all the States. Payments to any State of funds apportioned under the provisions of this subsection for any fiscal year shall be made upon condition that at least one-fourth of the cost of equipment financed under this subsection shall be borne by funds from sources within the State, except that such conditions shall not apply with respect to funds used under this section to assist schools if such schools are especially needy, as determined by the State.

### STATE DISBURSEMENT TO SCHOOLS

(c) Funds apportioned and paid to any State for the purpose of this section shall be disbursed by

the State educational agency to assist schools which draw attendance from areas in which poor economic conditions exist and which have no, or grossly inadequate, equipment, to conduct a school food service program, and to acquire such equipment. In the selection of schools to receive assistance under this section, the State educational agency shall require applicant schools to provide justification of the need for such assistance and the inability of the school to finance the food service equipment needed. Disbursements to any school may be made, by advances or reimbursements, only after approval by the State educational agency of a request by the school for funds, accompanied by a detailed description of the equipment to be acquired and the plans for the use thereof in effectively meeting the nutritional needs of children in the school.

#### NONPROFIT PRIVATE SCHOOLS

(d) If, in any State, the State educational agency is prohibited by law from administering the program authorized by this section in nonprofit private schools within the State, the Secretary shall administer such program in such private schools. In such event, the Secretary shall withhold from the funds apportioned to any such State under the provisions of subsection (b) of this section an amount which bears the same ratio to such funds as the number of lunches (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to section 9(a) of the National School Lunch Act) served in nonprofit private schools in such State in the latest preceding fiscal year for which the Secretary determines data are available at the time such funds are withheld bears to the total number of such lunches served in all schools within such State in such preceding fiscal year.

#### RESERVE OF FUNDS

(e) For the fiscal year ending June 30, 1976, the period July 1, 1976, through September 30, 1976, and the fiscal year ending September 30, 1977, 33-1/3 per centum of the funds appropriated for the purposes of this section shall be reserved to the Secretary to assist schools without a food service program and schools without the facilities to prepare or receive hot meals. For the fiscal year ending June 30, 1976, the Secretary shall apportion the funds so reserved among the States on the basis of the ratio of the number of children in

Sec. 18(b)  
of P.L.  
94-105

each State enrolled in schools without a food service program to the number of children in all States enrolled in schools without a food service program. After the fiscal year ending June 30, 1976, the Secretary shall apportion the funds so reserved among the States on the basis of the ratio of the number of children in each State enrolled in schools without a food service program and in schools without the facilities to prepare or receive hot meals to the number of children in all States enrolled in schools without a food service program and in schools without the facilities to prepare or receive hot meals. In those States in which the Secretary administers the nonfood assistance program in nonprofit private schools, the Secretary shall, for the fiscal year ending June 30, 1976, withhold from the funds apportioned to any such State under this subsection an amount which bears the same ratio to such funds as the number of children enrolled in nonprofit private schools without a food service program in such State bears to the total number of children enrolled in all schools without a food service program in such State. In those States in which the Secretary administers the nonfood assistance program in nonprofit private schools, the Secretary shall, after the fiscal year ending June 30, 1976, withhold from the funds apportioned to any such State under this subsection an amount which bears the same ratio to such funds as the number of children enrolled in nonprofit private schools without a food service program or without the facilities to prepare or receive hot meals in such State bears to the total number of children enrolled in all schools without a food service program or without the facilities to prepare or receive hot meals in such State. The funds so reserved, apportioned, and withheld shall be used by State educational agencies, or the Secretary in the case of nonprofit private schools, only to assist schools without a food service program and schools without the facilities to prepare or receive hot meals. If any State cannot so utilize all the funds apportioned to it under the provisions of this subsection, the Secretary shall make further apportionments to the remaining States for use only in assisting schools without a food service program and schools without the facilities to prepare or receive hot meals: *Provided*, That if after such further apportionments any funds reserved under this subsection remain unused, the Secretary shall immediately apportion such

Payment to any State of the funds provided to it under the provisions of this subsection shall be made upon the condition that at least one-fourth of the cost of the equipment financed shall be borne by funds from sources within the State, except that such condition shall not apply with respect to funds used under this subsection to assist schools which are especially needy, as determined by the State.

SEC. 6. The Secretary shall certify to the Secretary of the Treasury from time to time the amounts to be paid to any State under sections 3 through 7 of this Act and the time or times such amounts are to be paid; and the Secretary of the Treasury shall pay to the State at the time or times fixed by the Secretary the amounts so certified.

### SPECIAL SUPPLEMENTAL FOOD PROGRAM

*SEC. 17.* (a) The Congress finds that substantial numbers of pregnant women, infants, and young children are at special risk in respect to their physical and mental health by reason of poor or inadequate nutrition or health care, or both. It is, therefore, the purpose of the program authorized by this section to provide supplemental nutritious food as an adjunct to good health care during such critical times of growth and development in order to prevent the occurrence of health problems.

(b) (1) During the fiscal year ending June 30, 1976, the period July 1, 1976, through September 30, 1976, the fiscal year ending September 30, 1977, and the fiscal year ending September 30, 1978, the Secretary shall make cash grants to the health department or comparable agency of each State, Indian tribe, band or group recognized by the Department of the Interior; or the Indian Health Service of the Department of Health, Education, and Welfare for the purpose of providing funds to local health or welfare agencies or private nonprofit agencies of such State; Indian tribe, band, or

Sec. 14 of P.L. 94-105

group recognized by the Department of the Interior; or the Indian Health Service of the Department of Health, Education, and Welfare, serving local health or welfare needs to enable such agencies to carry out health and nutrition programs under which supplemental foods will be made available to pregnant or lactating women and to infants determined by competent professionals to be nutritional risks because of inadequate nutrition and inadequate income, in order to improve their health status. The program authorized by this section shall be carried out supplementary to the food stamp and food distribution program and operate side by side with existing supplemental food programs.

(2) Any eligible local health or welfare agency or private nonprofit agency that applies to operate such a supplemental food program immediately shall be provided with the necessary funds to carry out the program. The requirements set forth herein shall not be construed to permit the Secretary to reduce ratably the amount of foods that an eligible health or welfare agency shall distribute under the program to pregnant or lactating mothers and infants.

(c) In order to carry out such program during each fiscal year during the period ending September 30, 1977, there is authorized to be appropriated the sum of \$250,000,000, but in the event that such sum has not been appropriated for such purpose by the beginning of each fiscal year, the Secretary shall use \$250,000,000, or, if any amount has been appropriated for such program, the difference, if any, between the amount directly appropriated for such purpose and \$250,000,000, out of funds appropriated by section 32 of the Act of August 24, 1935 (7 U.S.C. 612c). Any funds expended from such section 32 to carry out the provisions of this section shall be reimbursed out of any supplemental appropriation hereafter enacted for the purpose of carrying out the provisions of such subsection, and such reimbursements shall be deposited into the fund established pursuant to such section 32, to be available for the purpose of such section. In order to carry out the program during the fiscal year ending September 30, 1978, there is authorized to be appropriated not to exceed \$250,000,000.

(d) Whenever any program is carried out by the Secretary under authority of this section through any State or local or nonprofit agency,

he is authorized to pay administrative costs not to exceed 20 per centum of the program funds provided to each State under the authority of this section. Each health department or comparable agency of each State, Indian tribe, band, or group recognized by the Department of the Interior; or the Indian Health Service of the Department of Health, Education, and Welfare receiving funds from the Secretary under this section shall, by January 1 of each year (by December 1 in the case of fiscal year 1976), for approval by the Secretary as a prerequisite to receipt of funds under this section, submit a description of the manner in which administrative funds shall be spent, including, but not limited to, a description of the manner in which nutrition education services will be provided. The Secretary shall take affirmative action to insure that programs begin in areas most in need of special supplemental food. During the first 3 months of any program, or until the program reaches its projected caseload level, whichever comes first, the Secretary shall pay those administrative costs necessary to commence the program successfully.

(e) The eligibility of persons to participate in the program provided for under this section shall be determined by competent professional authority. Participants shall be residents of areas or members of populations served by clinics or other health facilities determined to have significant numbers of infants and pregnant and lactating women at nutritional risk.

(f) State or local agencies or groups carrying out any programs under this section shall maintain adequate medical records on the participants assisted to enable the Secretary to determine and evaluate the benefits of the nutritional assistance provided under this section. The Secretary shall convene an advisory committee made up of representatives from the Maternal and Child Health Division of the Department of Health, Education, and Welfare, the Center for Disease Control, the Association of State and Territorial Public Health Nutrition Directors, the American Academy of Pediatrics, the National Academy of Science—National Research Council, the American Dietetic Association, the American Public Health Association, the Public Health Service, and others as the Secretary deems appropriate. The committee shall study the methods available to evaluate successfully and

economically, in part or in total, the health benefits of the special supplemental food program. The committee's study shall consider the usefulness of the medical data collected and the methodology used by the Department of Agriculture and the Comptroller General of the United States prior to March 30, 1975. The study shall also include the applicability to an evaluation of the special supplemental food program of other Federal and State health, welfare, and nutrition assessment and surveillance projects currently being conducted. The purpose of the advisory committee shall be to determine and recommend in detail how, using accepted scientific methods, the health benefits of the special supplemental food program may best be evaluated and assessed. The advisory committee shall report its study to the Secretary no later than March 1, 1976. The Secretary shall submit to Congress his recommendations based on such study no later than June 1, 1976.

(g) As used in this section—

(1) "Pregnant and lactating women" when used in connection with the term "at nutritional risk" includes women from low-income populations who demonstrate one or more of the following characteristics: known inadequate nutritional patterns, unacceptably high incidence of anemia, high prematurity rates, or inadequate patterns of growth (underweight, obesity, or stunting). Such term (when used in connection with the term "at nutritional risk") also includes low-income individuals who have a history of high-risk pregnancy as evidenced by abortion, premature birth, or severe anemia. Such lactating women shall include women who are breast feeding an infant from birth up to one year of age and also all women for a period of six months post partum.

Such term may also include (at the discretion of the Secretary) any commercially formulated preparation specifically designed for women or infants. The contents of the food package shall be made available in such a manner as to provide flexibility, taking into account medical and nutritional objectives and cultural eating patterns.

(4) "Competent professional authority" includes physicians, nutritionists, registered nurses, dietitians, or State or local medically trained health officials, or persons designated by physicians or State or local medically trained health officials, as being competent professionally to evaluate nutritional risk.
