IDENTIFIERS \*Alaska; Single Parents

ABSTRACT

This annual report of the recently established Alaska Day Care Assistance Program describes the system of state subsidies instituted to encourage local government participation in the delivery of day care services. Established to aid low-income families in providing for adequate child care, the program is administered by the state Department of Community and Regional Affairs. The Department established standards of eligibility for day care benefits and contracts with local communities for direct program administration. Subsidy grants are available only to communities with licensed day care facilities, with the parent or guardian selecting the provider. Eligibility is determined on the basis of family income, number of children, and single-parent status. The document includes brief descriptions of programs in 11 urban and rural communities, and consists mainly of appended tables which illustrate the scope and growth of the program, presenting details of operations in the individual communities. # STATE OF ALASKA

**DEPT. OF COMMUNITY & REGIONAL AFFAIRS**

JAY S. HAMMOND, GOVERNOR

OFFICE OF THE COMMISSIONER

POUCH B - JUNEAU 99811

December 8, 1976

President of the Senate  
Speaker of the House

We are pleased to present to you this First Annual Report on the State Day Care Assistance Program covering operation of the Program during FY 1976.

The Day Care Assistance Program is a truly innovative approach. Because it is funded entirely from the State's general fund, it allows flexibility and local control which would have been impossible under earlier, federally funded, assistance programs. It has proven effective in meeting the needs of low income and single parent families in those communities where program grants were requested.

Sincerely,

*Lee McAnerney*

Lee McAnerney  
Commissioner

The Alaska Day Care Assistance Program was created by HCS CSSB 120 (Chapter 66, SLA 1975) and established as ARTICLE 6, DAY CARE ASSISTANCE, Section 44.47.250-310. The purpose of the Act was to establish a program to aid low income families in urban and rural areas of the State and provide adequate care for their children. The Day Care Assistance Program was established in the Department of Community and Regional Affairs. The Department was charged with:

1. implementation and administration of a Day Care Assistance Program;
2. establishing standards of eligibility for day care benefits;
3. contracting for the care of children of eligible families;
4. establishing procedures to periodically review the needs of families receiving day care benefits;
5. providing notification to local governmental bodies of the request for a contract with a day care facility.

To carry out its mandate, the Department was given authority to:

1. Contract with local agencies to perform its duties under this chapter;
2. solicit recommendations from local governing bodies regarding local agencies which may provide contractual services under this section.

To insure local interest and participation in the Day Care Assistance Program, and in conformance with Section 44.47.260, the Department implemented the policy of contracting for program administration with local municipalities who are required to pay the cost of administering the Day Care Assistance Program within their jurisdictions. This was done by awarding Day Care Assistance grant funds to local municipalities who applied for the funding. Use of the grant fund was restricted to subsidizing the cost of day care services provided to eligible families only. During the first year of operation of the Day Care Assistance Program, the cost of administering the program in the various municipalities ranged from a low of 0 dollars to a high of approximately \$50,000 in the Municipality of Anchorage.

It was not the purpose of the Day Care Assistance Program to provide free day care to all qualifying for assistance. The \$1,200,000 funding did not permit the State to subsidize all eligible families; therefore, lower income families were given priority. Moreover, subsidy grants were available only to communities where licensed day care facilities were available for State-assisted children. The responsibility of the State and its local program agent does not include securing a space for a particular child in a licensed facility of the parent's choice. Rather, the responsibility for obtaining a satisfactory licensed space remains with the eligible parent or guardian. Therefore, the parent or guardian may select a day care provider of their choice, and the only restriction is that the provider must be a licensed day care provider in order to qualify for day care assistance. Under the Statute, the Department determines eligibility of families for day care benefits on the basis of:

1. net income of the family;
2. number of children in the family;
3. whether there is one parent or guardian solely responsible for the care of the family.

4. whether the family receives Aid to Families with Dependent Children and is eligible for Day Care Assistance under Aid to Families with Dependent Children;
5. other factors found relevant by the Department.

To accomplish the intent of the Statute, the Department developed a differential subsidy schedule (Exhibit 1, Appendix A).

#### MUNICIPALITY OF ANCHORAGE

The Municipality of Anchorage received a day care assistance grant of \$533,000 for the fiscal year 1976. The Municipality began its program in October of 1975. During that month, \$8,172 was expended to provide day care for 76 children of 65 families. By the end of the fiscal year on June 30, 1976, 535 children of 402 families were subsidized at a total cost of \$235,340. Of the 402 families which received day care assistance, 314 parents were allowed to work, 23 parents were allowed to receive training and 70 parents were allowed to both work and train as a direct result of day care assist-

ance benefits. In addition, of the 402 families subsidized, 240 were single parent families. The growth of the Day Care Assistance Program in the Municipality of Anchorage is graphically shown in Appendix A, table 1, figure 1 and figure 2.

#### CITY OF ANDERSON

The City of Anderson received \$9,600 in day care assistance funds for fiscal year 1976. The City's Day Care Assistance Program began in November of 1975, subsidizing 4 children of 3 families at a total cost to the State of \$243. By the end of the fiscal year on June 30, 1976, 13 children of 7 families had been subsidized at a total cost of \$1,643. Of the 7 families receiving day care assistance, 4 parents were allowed to work as a direct result of day care assistance benefits. The program growth in the City of Anderson is graphically displayed in Appendix A, table 2, figure 3 and figure 4.

#### CITY OF BETHEL

The City of Bethel received a day care assistance grant of \$16,400 for fiscal year 1976. The City initiated its Day Care Assistance Program in September 1975, subsidizing 15 children of 12 families at a total cost of \$1,117 to the State. The program grew to a total of 24 children of 19

families receiving day care assistance by the end of the fiscal year on June 30, 1976. Of the 19 families subsidized, 15 parents were allowed to work, 1 parent was allowed to train and 2 parents were allowed to work and train as a direct result of day care assistance benefits. In addition, of the 19 families receiving day care assistance, 11 were single parent families. During fiscal year 1976, 4 families in the City of Bethel were denied day care assistance because of a lack of available licensed child care spaces. Growth of the Child Assistance Program in the City of Bethel is graphically shown in Appendix A, table 3, figure 5 and figure 6.

#### FAIRBANKS NORTH STAR BOROUGH

The Fairbanks North Star Borough was awarded a day care assistance grant of \$130,000 for fiscal year 1976. The Borough initiated the program in November 1975 during which 5 children of 2 families were subsidized at a cost of \$336. The program grew such that by the end of the fiscal year on June 30, 1976, 149 children of 108 families were subsidized at a cost of \$60,278. Of the 108 families subsidized, 76 parents were allowed to work and train. In addition, of the 108 families subsidized, 53 were single parent families. Growth of the Day Care Assistance Program in the Fairbanks

North Star Borough is graphically displayed in Appendix A, table 4, figure 7 and figure 8.

#### CITY OF HOONAH

The City of Hoonah received a grant of \$10,000 for day care assistance during fiscal year 1976. The City initiated the program in December of 1975, subsidizing 2 children of 2 families at a total cost of \$68. The Day Care Assistance Program grew in Hoonah such that by the end of the fiscal year on June 30, 1976, 21 children of 13 families were subsidized at a total cost of \$1,697. Growth of the Day Care Assistance Program in the City of Hoonah is graphically shown in Appendix A, table 5, figure 9 and figure 10.

#### THE CITY AND BOROUGH OF JUNEAU

The City and Borough of Juneau received a grant of \$103,200 for child care assistance during fiscal year 1976. The Borough initiated the Day Care Assistance Program in September 1975, subsidizing 37 children of 34 families at a total cost of \$4,254. The Day Care Assistance Program in Juneau grew such that by the end of the fiscal year on June 30, 1976, 106 children of 88 families were subsidized at a total cost

of \$77,896. Of the 88 families subsidized, 82 parents were allowed to work, 2 parents were allowed to train and 4 parents were allowed to both work and train as a direct result of day care assistance benefits. In addition, of the 88 families receiving day care assistance, 67 were single parent families. During fiscal year 1976, 2 families were denied day care assistance in Juneau because of a lack of available licensed space for the children. Growth of the Day Care Assistance Program in the City and Borough of Juneau is graphically displayed in Appendix A, table 6, figure 11 and figure 12.

#### KODIAK ISLAND BOROUGH

The Kodiak Island Borough received a grant of \$25,000 for day care assistance during fiscal year 1976. The Borough initiated the Day Care Assistance Program in December of 1975, subsidizing 1 child of 1 family at a total cost of \$112. The Day Care Assistance Program in the Kodiak Island Borough grew such that by the end of the fiscal year on June 30, 1976, 80 children of 61 families received day care assistance at a total cost of \$19,630. Of the 61 families subsidized, 48 parents were allowed to work, 2 parents were allowed to receive training and 5 parents were allowed to both work and train as a direct result of receiving day care

assistance benefits. In addition, of the 61 families receiving day care assistance, 15 were single parent families. Nine families were denied day care assistance in the Kodiak Island Borough during fiscal year 1976 because of a lack of available licensed child care spaces. Growth of the Day Care Assistance Program in the Kodiak Island Borough is graphically displayed in Appendix A, table 7, figure 13 and figure 14.

#### CITY OF KOTZEBUE

The City of Kotzebue received a grant of \$10,000 in day care assistance funds for fiscal year 1976. The City initiated and operated the Day Care Assistance Program only during the month of May 1976, subsidizing 6 children of 3 families for a total cost of \$342. Of the 3 families subsidized, 3 parents were allowed to work and 2 parents were allowed to work and train as a direct result of day care assistance benefits. In addition, of the 3 families receiving day care assistance benefits, 2 were single parent families. Information on the Day Care Assistance Program in the City of Kotzebue is contained on table 8 in Appendix A.

#### CITY OF NOME

The City of Nome received a grant of \$10,000 for Day Care Assistance during fiscal year 1976. The City initiated its

Day Care Assistance Program in March of 1976, subsidizing 1 child of 1 family at a total cost to the State of \$57. The Day Care Assistance Program grew in Nome such that by the end of the fiscal year on June 30, 1976, 7 children of 6 families were subsidized at a total cost of \$1,294. Of the 6 families receiving day care assistance benefits, 2 were single parent families. Three families were denied day care assistance benefits in Nome during fiscal year 1976 because of a lack of available licensed child care spaces. Growth of the Day Care Assistance Program in the City of Nome is graphically shown in Appendix A, table 9, figure 15 and figure 16.

#### CITY OF PETERSBURG

The City of Petersburg received a grant of \$14,200 for day care assistance during fiscal year 1976. The City initiated its Day Care Assistance Program in September 1975, subsidizing 14 children of 10 families at a total cost of \$1,418. The Day Care Assistance Program in the City of Petersburg grew such that by the end of the fiscal year on June 30, 1976, 43 children of 30 families were subsidized at a total cost of \$14,200. Of the 30 families subsidized, 27 parents were allowed to work as a direct result of day care assistance benefits. In addition, of the 30 families receiving day care

assistance benefits, 6 were single parent families. Growth of the Day Care Assistance Program in the City of Petersburg is graphically shown in Appendix A, table 10, figure 17 and figure 18.

#### CITY OF WASILLA

The City of Wasilla received a grant of \$24,400 for day care assistance during fiscal year 1976. The City initiated its Day Care Assistance Program in October 1975, subsidizing 9 children of 5 families at a total cost of \$1,460. The Day Care Assistance Program in the City of Wasilla grew such that by the end of the fiscal year on June 30, 1976, 14 children of 9 families were subsidized at a total cost of \$11,816. Of the 9 families subsidized, 7 parents were allowed to work and 1 parent was allowed to both work and train as a direct result of day care assistance benefits. In addition, of the 9 families receiving day care assistance, 7 were single parent families. Two families were denied day care assistance benefits in Wasilla during the fiscal year 1976 because of lack of available licensed child care spaces. The growth of the Day Care Assistance Program in the City of Wasilla is graphically displayed in Appendix A, table 11, figure 19 and figure 20.

## SUMMARY

The Statute creating the Alaska Day Care Assistance Program was enacted during the 1975 legislative session. The Act gave responsibility for administration of the program to the Department of Community and Regional Affairs to encourage local government participation in the delivery of day care services. The Department of Community and Regional Affairs contracts with local communities for direct program administration in order to allow as much local flexibility as possible, while assuring the requirements of the Statute are met.

The purpose of the State program is to assist low income parents or guardians who are working or training to pay the cost of licensed day care. The program attempts to help eliminate the cost of day care as a factor which prevents parents or guardians from becoming, or remaining, self-supporting. As was anticipated, many low income parents or guardians who ordinarily could not afford the full cost of day care have the opportunity to work or attend school when they would otherwise be unable to do so. In addition, day care in licensed facilities has become available to children previously left unattended or without adequate supervision while their parents were at work or were training.

During fiscal year 1976, day care assistance benefits became

available to some communities during the month of September 1975, during which 56 families were allowed day care assistance benefits totalling \$6,789. The Day Care Assistance Program grew during 1976 such that by June 30, 1976, a total of 746 families received day care assistance benefits at a cost of \$432,469. The growth of the Day Care Assistance Program for fiscal year 1976 is graphically shown in Appendix A, figure 21 and figure 22.

During fiscal year 1976 the Day Care Assistance Program received an operating budget of \$60,000, and was staffed by two professional employees. In addition, \$1,200,000 was appropriated to be used for day care subsidies only. Approximately a third of the total appropriation for day care subsidies was expended during fiscal year 1976. Two things contributed to the lapse of two thirds of the child care subsidy appropriation:

1. payments for day care assistance began in September 1976;
2. the program grew at a steady rate but did not reach a growth plateau during fiscal year 1976.

It is expected that a plateau in growth of the program will be reached by the end of fiscal year 1977.

ANALOGUE: FY 77

Relocation of Staff

In accordance with recommendation number 127 of the Governor's Management and Efficiency Review Committee, the Day Care Assistance Program's staff relocated to Anchorage in July, 1976. The committee estimated a one-time cost of relocation at \$5,000. In fact, the relocation cost was substantially less.

As of November 30, 1976, in addition to an undeniable increase in communications and efficiency, over \$9,000 in savings have been realized through decreased travel requirements and staff travel time. For example, a trip to Nome from Anchorage can be accomplished in one day with no per diem requirements, whereas the same trip from Juneau would require two days travel time, three days per diem, and an additional \$150.00 transportation fee. During the first five months of fiscal year 1977, a total of 20 round trips from Juneau to Anchorage would have been required for the Child Care Programs Coordinator and the Field Training Officer. Of these 20 trips, only five would have been to make connections beyond Anchorage.

Recipients of Aid to Families with Dependent Children and  
the Work Incentive Program

With the passage of House Committee Substitute to Senate Bill 753 am in the 1976 Legislative Session, the Day Care Assistance Program was expanded to include assistance to families certified eligible to receive Aid to Families with Dependent Children and Work Incentive Program benefits. Unlike other children who are eligible only through age six, the children of families eligible for the AFDC and WIN program benefits are eligible through age 14. As of November 1976, approximately 350 families certified eligible for Aid to Families with Dependent Children and WIN benefits are being assisted with child care. All families certified eligible for AFDC and WIN benefits are subsidized at the rate of 100 percent of the maximum daily allowance of \$15.00 assistance per child.

General

The growth in the number of eligible families, and subsequent cost to the State, should continue and reach a plateau of approximately 1,500 families by June 30, 1977. If this estimate is correct, there will be approximately twice as many families eligible for Day Care Assistance at the end of fiscal

year 77 as were eligible at the end of fiscal year 76. One factor could significantly change these projections, the Ketchikan Gateway Borough has neither applied for nor received a grant for Day Care Assistance for fiscal year 77. Should the Ketchikan Gateway Borough apply for a Day Care Assistance grant for fiscal year 1978, an estimated 100 families would be eligible for day care assistance in that community.

House Committee Substitute to Senate Bill 753 am granted authority to local municipalities to assume day care licensing powers. As of November 1976, both the City of Nome and the City of Bethel have opted to assume these powers. Several other smaller communities are currently considering acquisition of day care licensing powers. It is probable that decentralization of licensing authority will have the end result of increasing the number of available licensed child care slots statewide. In turn, this would result in an increase in the number of families eligible to receive day care assistance as well as the number of communities in which the program would function.
