FOREWORD

This compilation of laws relating to employment and training is intended as a useful reference device not only for legislators dealing with these issues but also for administrators needing a handy compilation of the basic statutes in the area.

The compilation is focused on employment and training legislation within the jurisdiction of the Committee on Education and Labor but also includes extracts from other laws referred to in that legislation. In addition, because of their importance to the employment of disadvantaged persons, the compilation also includes the text of provisions relating to the targeted jobs tax credit and the Work Incentive Tax Credit.

HON. CARL PERKINS,
Chairman, Committee on Education and Labor.

(b) The prime sponsor shall consider any comments or recommendations received and shall transmit to the Secretary copies of the comments and recommendations of the Governor, the State employment and training council, and the prime sponsor planning council.

(c)(1) The Secretary shall review each comprehensive employment and training plan to determine whether it is complete, whether it meets the requirements of this Act and the regulations promulgated under this Act, and other applicable law, and whether, taking into account such factors as past performance and the recommendations made by the Governor, the State employment and training council, and the prime sponsor planning council, it is adequately designed to carry out an effective and well-administered program. The Secretary shall require the prime sponsor to take such action as the Secretary deems necessary to bring its plan and programs into conformance with the Act and the regulations promulgated under this Act or to improve the administration and effectiveness of its programs. If it is determined that such action is made necessary as a result of the Secretary's review of recommendations submitted by the Governor, the State employment and training council, or the prime sponsor planning council, the Secretary shall request an explanation of why the prime sponsor rejected such recommendations.

(2) The Secretary shall, prior to approval of any plan, require the inclusion in such plan of specific management and accounting procedures to assure adequate supervision and monitoring of the programs to be conducted pursuant to such plan, and shall require the adoption of specific procedures (such as accrual accounting procedures) where necessary for such purpose.

The Secretary shall make available to each prime sponsor a complete and final set of all applicable regulations and necessary application materials no later than May 15 of the fiscal year preceding the fiscal year for which such plan is to take effect. With respect to funds allocated under this Act on the basis of a formula, the Secretary shall also provide prime sponsors with a preliminary planning estimate based on the amounts available in the budget of the President or in the most recent concurrent budget resolution under the Congressional Budget Act applicable to such year. If for any reason the Secretary cannot provide a complete and final set of all applicable regulations and necessary application materials by such May 15 prior to the date established under the first sentence of this subsection, the Secretary shall extend the date for submittal of such plan to allow the prime sponsor to review such regulations and to complete such materials prior to submittal.

(2) During the period of time between May 15 and the date for submittal of the plan, the Secretary shall not issue any regulations or guidelines or interpretations thereof that require any change in the prime sponsor's plan, which is a condition for the Secretary's approval or disapproval of the plan. If the Secretary deems that a plan change is required during this period, the Secretary shall allow at least one fiscal quarter for the prime sponsor to submit such change, except that the sponsor may at its own discretion submit the required change as part of its plan submittal under paragraph (1).

With the exception of grievances alleging fraud or any criminal activity, the filing of a grievance must be made within one year of the alleged occurrence.

(2) Whenever the recipient of financial assistance under this Act is an employer and the participant is an employee of that employer, the recipient shall continue to operate or shall establish and maintain a grievance procedure relating to the terms and conditions of employment.

(b) Whenever the Secretary receives a complaint from any interested person or organization (which has exhausted the prime sponsor's grievance system under subsection (a)(1) or which has exhausted or failed to achieve resolution of the grievance under the recipient's grievance system under subsection (a)(2) or under a collective bargaining agreement within the time limits prescribed in subsection (a)(1) or in such agreement) which alleges, or whenever the Secretary has reason to believe (because of an audit, report, on-site review, or otherwise) that a recipient of financial assistance under this Act is failing to comply with the requirements of this Act, the regulations under this Act, or the terms of the comprehensive employment and training plan, the Secretary shall investigate the matter. The Secretary shall conduct such investigation, and make the final determination required by the following sentence regarding the truth of the allegation or belief involved, not later than 120 days after receiving the complaint. If, after such investigation, the Secretary determines that there is substantial evidence to support such allegation or belief that such a recipient is failing to comply with such requirements, the Secretary shall, after due

notice and opportunity for a hearing to such recipient, determine whether such allegation or belief is true.

(c)(1) The Secretary shall revoke all or any part of a prime sponsor's comprehensive employment and training plan and terminate financial assistance thereunder, if prior notice and opportunity for a hearing have been given, when the Secretary determines that the prime sponsor is maintaining a pattern or practice of discrimination in violation of section 132.

(2) The Secretary shall have the authority to revoke a prime sponsor's comprehensive employment and training plan and terminate financial assistance thereunder, if prior notice and opportunity for a hearing have been given, when the Secretary determines that the prime sponsor is—

(A) failing to make opportunities available equitably among the significant segments of the eligible population in the area it serves;

(B) failing to provide participants with employment or training opportunities at levels of skill and remuneration that are commensurate with their capabilities or potential capabilities;

(C) failing to give due consideration to the eligible population in areas of chronic or concentrated unemployment;

(D) failing to give due consideration to funding of programs of demonstrated effectiveness;

(E) incurring unreasonable administrative costs in the conduct of activities and programs, as determined by the Secretary pursuant to regulations under this Act;

(F) materially failing to expend funds in a reasonable period of time; or

(G) otherwise materially failing to carry out the purposes and provisions of this Act or the regulations promulgated pursuant to this Act.

(d)(1) If the Secretary concludes that any recipient of funds under this Act is failing to comply with any provision of this Act or the regulations under this Act or that the recipient has not taken appropriate action against its subcontractors, subgrantees, and other recipients, the Secretary shall have authority to terminate or suspend financial assistance in whole or in part and order such sanctions or corrective actions as are appropriate, including the repayment of misspent funds from sources other than funds under this Act and the withholding of future funding, if prior notice and an opportunity for a hearing have been given to the recipient. Whenever the Secretary orders termination or suspension of financial assistance to a subgrantee or subcontractor (including operators under a nonfinancial agreement), the Secretary shall have authority to take whatever action is necessary to enforce such order, including action directly against the subgrantee or subcontractor, and an order to the primary recipient that it take such legal action, to reclaim misspent funds or to otherwise protect the integrity of the funds or ensure the proper operation of the program.

(2) If the Secretary concludes that a public service employment program is being conducted in violation of section 121(e)(2), (e)(3), (g)(1), section 122 (c), (e), or section 123(g), or regulations promulgated pursuant to such sections, the Secretary shall, pursuant to paragraph (1) of this subsection, terminate or suspend financial assistance in whole or in part, order the repayment of misspent funds

from sources other than funds under this Act or other funds used in connection with programs funded under this Act (unless, in view of special circumstances as demonstrated by the recipient, the Secretary determines that requiring repayment would not serve the purposes of attaining compliance with such sections), and order such other sanctions or corrective actions as are appropriate.

(e) In emergency situations, as determined by the Secretary, when it is necessary to protect the integrity of the funds or ensure the proper operation of the program, the Secretary may immediately terminate or suspend financial assistance in whole or in part, provided that prompt notice and opportunity for a subsequent hearing, within 30 days after such termination or suspension, are given to the recipient. The Secretary shall not delegate any of the functions or authority specified in this subsection other than to an officer whose appointment was required to be made by and with the advice and consent of the Senate.

(f) If the Secretary determines that any recipient under this Act has—

(1) discharged or in any other manner discriminated against a participant or against any person in connection with the administration of the program involved or against any person because such person has filed any complaint or instituted or caused to be instituted any proceeding under or related to this Act, or has testified or is about to testify in any such proceeding or investigation under or related to this Act, or otherwise unlawfully denied to any person a benefit to which that person is entitled under the provisions of this Act or the Secretary's regulations, or

(2) discriminated against any person, failed to serve equitably significant segments of the eligible population, or failed to provide employment or training opportunities at levels of skill and remuneration that are commensurate with the participant's capabilities or potential capabilities;

the Secretary shall, within 30 days, take such action or order such corrective measures, as necessary, with respect to the recipient or the aggrieved person, or both.

(g) The Secretary may withhold funds otherwise payable under this Act in order to recover any amounts expended in any fiscal year in violation of any provision of this Act, any regulation promulgated pursuant to this Act, or any term or condition of assistance under this Act. In the event of any such withholding which results from fraud or abuse, the Secretary may order the prime sponsor to conduct the program as specified in the applicable plan on the basis of funds other than funds under this Act and may enforce such order by appropriate civil action, unless the prime sponsor elects to terminate participation as a grantee under this Act.

(h) With the consent and consideration of State agencies charged with the administration of State laws, the Secretary shall be authorized, for the purpose of carrying out this section and section 133, to utilize the services of State and local agencies and their employees. Notwithstanding any other provision of law, the Secretary is authorized to reimburse, in whole or in part, such State and local agencies and their employees for services rendered for such purposes.

(i)(1) Except as otherwise provided in subsection (e), the Secretary shall not revoke a prime sponsor's plan, in whole or in part, nor institute corrective action or sanctions against a prime sponsor under this section or any other provision of this Act, without first providing the prime sponsor with notice by the Secretary of his intended actions and the reasons upon which those intended actions are based, and also providing the prime sponsor—

(A) with an opportunity to informally resolve those matters contained in the Secretary's notice; and

(B) in the event that the prime sponsor and the Secretary cannot informally resolve any matter pursuant to clause (A), with a notice that (i) indicates that efforts to informally resolve matters contained in the Secretary's original notice have been unsuccessful; (ii) lists those matters upon which the parties continue to disagree; and (iii) informs the prime sponsor of any sanctions, corrective action, or any other alteration or modification of the prime sponsor's plan or program intended by the Secretary.

(2) Within 10 days of receipt of the Secretary's notice under paragraph (1)(B), the prime sponsor may request a hearing, but in no event shall the Secretary proceed under this subsection without first fulfilling all the requirements under this subsection.

(j) In order to ensure compliance with the provisions of this Act and regulations promulgated under this Act and to ensure conduct of programs in a manner consistent with the purposes and objectives of this Act, the Secretary may require prime sponsors to participate in unified audit programs established by the Secretary to provide for the audit of both prime sponsors and their respective subgrantees and subcontractors. In any such case the Secretary may require the prime sponsor to pay, from funds under this Act available to it for administrative expenses, that portion of the unified audit expenses allocable to the audit of such subgrantees and subcontractors.

(k) Nothing in this section shall be deemed to reduce the responsibility and full liability of the prime sponsors and other recipients which receive funds directly from the Secretary.

(l) The existence of remedies under this section shall not preclude any person, who alleges that an action of a prime sponsor or any other recipient violates any of the provisions of the Act or the regulations promulgated under the Act, from instituting a civil action or pursuing any other remedies authorized under Federal, State, or local law.

With respect to participants enrolled in retirement systems or plans on or after such date, except as otherwise provided in regulations promulgated by the Secretary, no funds under this Act may be used for contributions to retirement systems or plans unless such contributions bear a reasonable relationship to the cost of providing benefits to participants. Such regulations shall take into consideration circumstances where efforts are being made to change State or local laws or both affecting retirement coverage for individuals who are participants in activities funded pursuant to this Act. Pursuant to section 314 of this Act, the Secretary shall provide technical assistance to recipients to enable retirement systems or plans to comply with section 122(k) and this subsection.

(l) The Secretary shall promulgate regulations to insure that payments to employers organized for profit shall not exceed the difference between the costs of recruiting, training, and supportive services and the costs of lower productivity associated with employing an individual who lacks the requisite skills to perform the job in which the individual is placed and such costs for those otherwise employed. The length of time for which such payments may be made shall not exceed that period of time generally required for the acquisition of skills needed for a position within a particular occupation.

(m) Prime sponsors shall provide, where employment opportunities already exist or where there is a reasonable expectation of near-term expansion of such employment potential, employment and training opportunities in the development and use of solar, geothermal, hydroelectric, and other alternative energy technologies, and conservation, especially those clean, safe, renewable resources which may assist communities in resolving energy demand problems, thereby reducing their reliance on conventional non-renewable fuels. For purposes of this section, solar energy sources has the meaning set forth in section 3 of the Solar Energy Research, Development and Demonstration Act of 1974.

(o) No funds provided under this Act shall be paid to any nongovernmental organization, association, firm or other entity for the conduct of any program or activity (other than under title VII or on-the-job training) under this Act unless—

(C) has not been seriously deficient in its conduct or participation in any Department of Labor program in the past, or, is not a successor organization to one that was seriously deficient in the past, unless the Secretary in his discretion certifies after a clear, convincing, and detailed showing, that the deficiencies will be eliminated and performances substantially improved; and

(a) Only persons residing within the area qualifying for assistance shall be employed, and the public services provided by such jobs, to the extent feasible, shall be designed to benefit the residents of such area.

(b)(1)(A) Public service employment under this Act is intended for eligible persons who are the most severely disadvantaged in terms of their length of unemployment and their prospects for finding employment.

(B) Special consideration in filling public service jobs shall be given to eligible persons who are public assistance recipients or who are eligible for public assistance but not receiving such assistance.

(2) Special consideration shall be given to eligible disabled and Vietnam-era veterans (with special emphasis on those who served in the Indochina Theatre on or after August 5, 1964, and on or before May 7, 1975) in accordance with procedures established by the Secretary, and special attention shall be given to the development of jobs which will utilize, to the maximum extent feasible, the skills which such veterans acquired in connection with their military training and service.

(3)(A) Special emphasis in filling public service jobs shall be given to eligible members of groups specifically identified in section 301(a) as facing particular labor market disadvantages, taking into account the household support obligations of persons applying for such jobs, but nothing in this Act shall authorize the Secretary to establish hiring or participation goals for such persons.

(B) Special efforts shall be made to acquaint such persons with the employment and training opportunities available under this Act, and to coordinate efforts in behalf of such persons with activities authorized by section 301.

(c)(1) No person shall be employed or job opening filled (A) when any other person not supported under this Act is on layoff from the same or any substantially equivalent job, or (B) when the employer has terminated the employment of any regular employee not supported under this Act or otherwise reduced its workforce with the intention of filling the vacancy so created by hiring a public service employee.

(2) No funds for public service employment programs under this Act may be used to provide public services, through a private organization or institution, which are customarily provided by a State, a political subdivision, or a local educational agency in the area served by the program.

(d) No jobs shall be created in a promotional line that will infringe in any way upon the promotional opportunities of persons currently employed in jobs not subsidized under this Act.

(e) No public service jobs shall be substituted for existing federally assisted jobs.

(f) The Secretary shall assure that prime sponsors have undertaken, or will undertake, analyses and reevaluations of job descriptions and, where feasible, revisions of qualification requirements at all levels of employment, including civil service requirements and practices relating thereto, in accordance with regulations prescribed by the Secretary, with a view toward removing artificial barriers to public employment (as defined in section 3) of those whom it is the purpose of this Act to assist.

(g) Financial records relating to public service employment programs, and records of the names, addresses, positions, and salaries of all persons employed in public service jobs, shall be maintained and made available to the public.

(h)(1) All persons participating in public service employment shall receive wages in accordance with section 124.

(2) No participant may be paid wages from funds under this Act for public service employment for more than 78 weeks in a 5-year period.

(3) For purposes of paragraph (2), no more than 26 weeks of public service employment financed in whole or in part under this Act prior to October 1, 1978, shall be considered as part of the 78 weeks.

(4)(A) The Secretary may waive the provisions of paragraph (2) or of section 121(c)(2) to provide a temporary extension of time for a limited number of persons who were originally hired in a public service employment program prior to October 1, 1978, and who continue to be so employed on September 30, 1979, in the case of a prime sponsor which the Secretary determines has faced unusually severe hardships in its efforts to transition public service employees into regular public or private employment not supported under this Act or in the case of Native American entities who operate programs authorized under section 302(c)(1) of this Act.

(B) The Secretary may waive the provisions of paragraph (2), with respect to any area served by a unit of general local government which is eligible to be a prime sponsor (or any area served by such a Native American entity) in which the rate of unemployment is equal to or exceeds 7 percent or, in the case of a prime sponsor which is a State, any area under the jurisdiction of a unit of general local government in which the rate of unemployment is equal to or exceeds 7 percent, to provide a temporary extension of time, which shall be no greater than 12 months in duration (and which shall be subject to the provisions of section 121(c)(2)), for persons hired on or after October 1, 1978, in a public service employment program under any title of this Act in the case of a recipient which the Secretary determines has faced unusually severe hardships in its efforts to transition public service employees into regular public

or private employment not supported under this Act because of high unemployment in the area of service.

(i)(1) Funds under this Act shall not be used to pay wages to any individual employed in a public service job at a rate in excess of \$10,000 per year, but such maximum shall be adjusted upward for particular areas served by recipients as determined by the Secretary, on the basis of the wage adjustment index issued in accordance with paragraph (3) of this subsection. In no case shall such maximum be increased by more than 20 percent, except in the case of an area in which the average wage (during the calendar year preceding the beginning of the applicable fiscal year) in employment covered under Federal or State unemployment compensation laws (without regard to any limitation on the amount of such wages subject to contribution under such law) exceeds 150 percent of the national average wage in such employment.

(2) In order to provide the maximum number of employment and training opportunities under this Act, the Secretary shall issue appropriate standards to be maintained on an area basis with respect to average federally-supported wage rates for public service jobs under this Act. Such standards shall be designed to assure that for particular areas served by recipients, as determined by the Secretary, an annual average federally-supported wage rate per public service jobholder equivalent to \$7,200, as adjusted in accordance with the wage adjustment index issued in accordance with paragraph (3) of this subsection, will not be exceeded. Average wage rates established under such standards for public service jobs for each area shall be adjusted annually by the Secretary by a percentage equal to the change in average wages in regular employment not supported under this Act in such area.

(3) The Secretary shall issue and publish annually an area wage adjustment index based upon the ratio which annual average wages in regular public and private employment in various areas served by recipients bear to the average of all such wages nationally, on the basis of the most satisfactory data the Secretary determines to be available.

(4)(A) Except as otherwise provided in section 609, no public service employment participant may be provided wages for any public service employment job from sources other than this Act.

(B) Notwithstanding subparagraph (A), any person in public service employment on September 30, 1978, receiving wages from sources other than this Act may continue to receive such wages.

(j) Notwithstanding any eligibility limitation on public service employment in this Act, a person who on September 30, 1978, held a public service employment position under this Act may continue in such position subject to subsection (h) of this section.

(k) All persons employed in public service jobs shall be provided workers' compensation, health insurance, unemployment benefits, and other benefits and working conditions at the same level and to the same extent as other employees working a similar length of time, doing the same type of work and similarly classified. Any such classification must be reasonable and must include nonfederally financed employees, but within any single classification a distinction may be made between public service employees and other employees for purposes of determining eligibility for participation in retirement systems or plans which provide benefits based on age

or service or both. Nothing in this subsection or in section 121(j) shall be deemed to require a contribution to a retirement system or plan for the purpose of providing retirement benefits based on age or service, or both, to a public service employee unless funds under this Act are available, pursuant to section 121(j) to make such contribution.

(l) The Secretary, through State employment security agencies, shall inform unemployment compensation recipients and other applicants for assistance from the employment security agency of any available public service jobs for which they may be eligible.

(m) To the extent feasible, public service jobs shall be provided in occupational fields which are most likely to expand within the public and private sectors, and to the extent compatible with such objectives, shall meet community needs including but not limited to community betterment activities (including rehabilitation of public properties, assistance in the weatherization of dwellings occupied by low income families, demonstration of energy conserving measures including solar energy techniques, removal of architectural barriers to access by handicapped persons to public facilities, and neighborhood revitalization), education, health care, transportation services, crime prevention and control, and environmental quality control.

(n) No individual shall be eligible to be employed in a public service employment position, if such individual has, within 6 months prior to the determination, voluntarily terminated, without good cause, his or her last previous full-time employment at a wage rate not less than the Federal minimum wage as prescribed under section 6(a)(1) of the Fair Labor Standards Act of 1938.¹

(20 U.S.C. 824.)

SPECIAL PROVISIONS

SEC. 123. (a) No authority conferred by this Act shall be used to enter into arrangements for, or otherwise establish, any employment and training programs in the lower wage industries, except for those jobs (1) for which there exists a training program, approved by the Secretary, of a specified length of time designed to teach specific skills, and (2) where the rate of labor turnover does not exceed substantially the rate of labor turnover in other industries in the same area.

(b) The Secretary shall provide for the sharing of the comprehensive employment and training plans between the prime sponsors and other recipients in the prime sponsor's area in order to assure maximum feasible coordination of activities and programs within the area and to minimize duplication.

(c)(1) Notwithstanding any other provisions of law, employment and training furnished under this Act in connection with weatherization projects may include work on projects for the near poor, including families having incomes which do not exceed 125 percent of the poverty level as determined in accordance with the criteria es-

(2) Recipients of funds under this Act shall assure an adequate number of supervisory personnel for weatherization projects, who shall be adequately trained in skills needed to carry out the project and to instruct participants in skills needed to carry out a project.

(3) The Secretary shall facilitate and extend projects for work on the weatherization of low income housing in titles II, III, IV, and VI of this Act, so as to achieve the most efficient match of manpower funds to materials funds. The Secretary shall, in coordination with other appropriate agencies, provide technical assistance and otherwise encourage prime sponsors, serving areas where such projects would contribute to energy savings, to develop and continue weatherization projects as part of their programs under this Act to best prepare applicants for employment in energy related jobs in unsubsidized employment.

(4) The Secretary shall issue regulations setting forth conditions under which prime sponsors, in carrying out community improvement projects, community betterment activities, and public service employment projects under this Act, may provide work for eligible participants on the rehabilitation of housing for lower-income families as defined in section 8(f)(1) of the United States Housing Act of 1937 as part of community revitalization or stabilization projects.

(d)(1) All allocations under this Act shall be based on the latest available data and estimates satisfactory to the Secretary.

(2) Whenever the Secretary allocates funds required to be allocated by formula under this Act, the Secretary shall publish the proposed amount to be distributed to each prime sponsor.

(3) Whenever the Secretary utilizes a formula to allocate funds made available for distribution in the Secretary's discretion under the Act (except funds appropriated for title III), the Secretary shall, not later than 30 days prior to such allocation, publish the formula in the Federal Register for comment along with the rationale for the formula and the proposed amount to be distributed to each prime sponsor. After consideration of comments received under the preceding sentence, the Secretary shall publish final allocations.

(e) For purposes of eligibility for participation in a program under this Act, no person shall be considered as unemployed unless such person has been unemployed for at least seven consecutive days.

(f)(1) All funds received under any title of this Act, which are allowed to be used for administrative costs under the provisions of the title under which they were received, may be pooled by the recipient so that they may be used to administer all programs under this Act, and may be used to plan for the administration of title VI programs without regard to present funding for such programs.

(2) Nothing in section 121 or this section shall be deemed to authorize the Secretary to pre-approve the selection of legal counsel by a prime sponsor, but the Secretary shall assure that no funds available for administrative costs under any title of this Act are

used by a prime sponsor for making payments on contracts for legal or other associated services unless the prime sponsor certifies that—

(A) the payments are not unreasonable in relation to the fees charged by other contractors providing similar services; and

(B) the services could not be competently provided through employees of the prime sponsor or other available State or local governmental employees.

(g) The Secretary, by regulation, shall establish such standards and procedures for recipients of funds under this Act as are necessary to assure against program abuses including, but not limited to, nepotism; conflicts-of-interest; the charging of fees in connection with participation in the program; excessive or unreasonable legal fees; the improper commingling of funds under the Act with funds received from other sources; the failure to keep and maintain sufficient, auditable, or otherwise adequate records; kickbacks; political patronage; violations of applicable child labor laws; the use of funds for political, religious, antireligious, unionization, or antiunionization activities; the use of funds for lobbying local, State, or Federal legislators; and the use of funds for activities which are not directly related to the proper operation of the program.

(h) Pursuant to regulations of the Secretary, income generated under any program may be retained by the recipient to continue to carry out the program, notwithstanding the expiration of financial assistance for that program.

(i) Every recipient which receives funds directly from the Secretary shall be responsible for the allocation of such funds and the eligibility of those enrolled in the program and shall have responsibility to take action against its subcontractors, subgrantees, and other recipients to eliminate abuse in their programs and to prevent any misuse of funds by such subcontractors, subgrantees, and other recipients. Prime sponsors may delegate the responsibility for determination of eligibility under reasonable safeguards, including provisions for reimbursement of cost incurred because of erroneous determinations made with insufficient care, provided that the Secretary has approved such an arrangement pursuant to the provisions of section 104(a).

(j) Federal assistance under this Act shall not be used for the payment of a fee for the placement of any persons in a training or employment program under this Act. Nor may any person or organization charge a fee for the placement or referral of any person in or to such program.

(k) The Secretary shall notify the Governor and the appropriate prime sponsor of any activity to be funded by the Secretary under this Act within the State or prime sponsor area.

(l) The Secretary and recipients of financial assistance under this Act shall give special consideration, in carrying out programs authorized by this Act, to community-based organizations, as defined in section 3, which have demonstrated effectiveness in the delivery of employment and training services.

(m) The Secretary of Labor may assist Native American entities which are eligible to receive assistance under section 302, in applying for financial assistance under the Act.

(29 U.S.C. 825.)

SEC. 124. Except as otherwise provided in this Act, the following allowances and wages shall apply to all activities financed under this Act:

(a)(1) The Secretary shall establish a basic hourly allowance for an individual receiving training for which no wages are payable at a rate which, when added to the amounts of unemployment compensation, if any, received by the trainee, shall be no less than the hourly minimum wage under section 6(a)(1) of the Fair Labor Standards Act of 1938¹ or, if higher, under the State or local minimum wage law applicable to most employees in the State, and such basic allowances shall, in the case of an individual with dependents be increased by \$5 a week for each dependent over 2 up to a maximum of 4 additional dependents.

(2) Pursuant to regulations of the Secretary, the prime sponsor may increase, decrease, prorate, or waive the basic allowance.

(3) Except for trainees receiving allowances under part A of title IV, a trainee receiving public assistance, or whose needs or income is taken into account in determining such public assistance payments to others, shall receive an incentive allowance for each hour spent in training not to exceed \$30 per week. Such allowance shall be disregarded in determining the amount of public assistance payments under Federal or federally assisted public assistance programs.

(4) A trainee shall receive no allowances for hours during which the trainee fails to participate without good cause.

(b) A person in public service employment or similar employment shall be paid wages which shall not be less than the highest of (1) the minimum wage under section 6(a)(1) of the Fair Labor Standards Act of 1938¹ (2) the minimum wage under the applicable State or local minimum wage law or (3) the prevailing rates of pay for persons employed in similar occupations by the same employer.

(c) Persons in on-the-job training shall be compensated by the employer at such rates, including periodic increases, as may be deemed reasonable under regulations prescribed by the Secretary, considering such factors as industry, geographical region, skill requirements and individual proficiency, but in no event less than the higher of the rate specified in section 6(a)(1) of the Fair Labor Standards Act of 1938¹ or the applicable State or local minimum wage law.

(d) Persons in work experience shall be paid wages not less than the higher of the rate specified in section 6(a)(1) of the Fair Labor Standards Act of 1938¹ or the applicable State or local minimum wage law.

(2) The Secretary shall assess the adequacy of each prime sponsor's proposed performance and placement goals in accordance with performance standards which recognize that performance will vary with local conditions and the nature of employment barriers faced by the eligible population to be served. Performance standards shall provide appropriate recognition of differences associated with the degree of disadvantage or handicap of the eligible population, as well as such factors as—

(A) the local labor market conditions, including the levels of unemployment, and the current and projected labor market demands;

(B) the economic base of the community, including the growth or decline of industry within the community;

(E) such other factors as the Secretary deems appropriate.

(b) The Secretary may make such grants, contracts, or agreements, establish such procedures and make such payments, in installments and in advance or by way of reimbursement, or otherwise allocate or expend funds made available under this Act, as deemed necessary to carry out the provisions of this Act, including (without regard to the provisions of section 4774(d) of title 10, United States Code) expenditures for construction, repairs, and capital improvements, and including necessary adjustments in payments on account of overpayments or underpayments.

(c) The Secretary may delegate within the Department of Labor authority over the Office, established pursuant to section 135 in order to effectively carry out the purposes of such section.

(29 U.S.C. 828.)

end that all federally supported employment and training, vocational education, and vocational rehabilitation programs can more effectively accomplish the objective of providing employment and training opportunities to all persons needing such employment and training.

(c) The Secretary shall annually transmit to the Congress a detailed report which evaluates all programs and activities conducted under this Act, including that information derived from evaluations provided for in section 313. The Secretary shall include specific data concerning the extent to which (1) participants in such activities subsequently secure and retain public or private employment, participate in training or employability development programs, and (2) significant segments of the population of unemployed persons are provided public service employment opportunities. No later than March 1, 1980, the Secretary shall report to Congress proposals for the integration and consolidation of the programs established by part A of title IV and title VII with the program established by title II.

(f) In the annual report required under subsection (a), the Secretary shall report on the monitoring and auditing activities of the Department, on administrative changes made or proposed to improve such activities, and on actions taken under section 106, and shall make any necessary proposals for legislative action.

(g) The Secretary shall transmit to the Congress, as a part of the report required by subsection (a), a detailed report on the evaluations and pilot and demonstration projects conducted with funds made available under this Act, including employment service/prime sponsor demonstration projects.

(h) The Secretary shall, in consultation with the Director of the Office of Management and Budget, submit a report once each year to the Congress on efforts being taken to reduce paperwork and re-

porting and to comply with the requirements of the Federal Reports Act and management directives of the Office of Management and Budget.

(i) Any evaluation report, or data, or information collected in preparation of such report submitted under this section or under any other provisions of this Act, or any contract which is made or information pursuant to such contract which is paid for or made with appropriated funds shall be made available upon request, within four days to the chairman or ranking minority member of the Committee on Education and Labor of the House of Representatives and the Committee on Human Resources of the Senate.

(j) The Secretary shall report to Congress, as part of the annual report for fiscal year 1979, his recommendations for legislative changes designed to increase the representatives and independence of the prime sponsor's planning councils, with special attention to the process for selecting council memberships.

(29 U.S.C. 834.)

RECORDS, AUDITS, AND INVESTIGATIONS

SEC. 133. (a) In order to assure that funds provided under this Act are used in accordance with its provisions, the following provisions shall apply.

(1) Every recipient of funds under this Act shall make, keep, and preserve such records as the Secretary shall require with regard to each employee and each participant. Such records, including periodic reports, audits, and examinations, shall be preserved for such time as the Secretary establishes and shall be made available to the Secretary at such time and in such form, including periodic reports, audits, and examinations as the Secretary may require by regulation or order.

SEC. 438. (a)(1) The Secretary of Labor is authorized, either directly or by way of contract or other arrangement, with prime sponsors, public agencies, and private organizations to carry out innovative and experimental programs to test new approaches for dealing with the unemployment problems of youth and to enable eligible participants to prepare for, enhance their prospects for, or secure employment in occupations through which they may reasonably be expected to advance to productive working lives. Such programs shall include, where appropriate, cooperative arrangements with educational agencies to provide special programs and services for eligible participants enrolled in secondary schools, postsecondary educational institutions, and technical and trade schools, including job experience, counseling and guidance prior to the completion of secondary or postsecondary education and making available occupational, educational, and training information through statewide career information systems.

(2) In carrying out or supporting such programs, the Secretary shall consult, as appropriate, with the Secretary of Commerce, the Secretary of Health, Education, and Welfare, the Secretary of Housing and Urban Development, the Secretary of Agriculture, the Director of the ACTION Agency, and the Director of the Community Services Administration.

(3) Funds available under this section may be transferred to other Federal departments and agencies to carry out functions delegated to them pursuant to agreements with the Secretary.

(b) The Secretary and prime sponsors, as the case may be, shall give special consideration in carrying out innovative and experimental programs assisted under this section to community-based organizations (as defined in section 3(4)) which have demonstrated effectiveness in the delivery of employment and training services.

(29 U.S.C. 914.)

YOUTH EMPLOYMENT INCENTIVE AND SOCIAL BONUS PROGRAM

SEC. 439. (a) From funds available under section 438 the Secretary, through the use of prime sponsors where feasible, shall carry out in not more than 10 areas of high youth unemployment a youth employment incentive and social bonus demonstration program in order to test the efficacy of providing incentives for private industry to establish additional employment opportunities for youth without significant previous employment experience.

(b)(1) The Secretary shall provide a social bonus of not more than \$2,500 per year, in such amount and in such manner as the Secretary shall prescribe, to each employer who, pursuant to an agreement under this section, has employed 5 eligible youths for at least 35 hours per week for a period of not less than one year. The Secre-

tary may allow for payment after 9 months in exceptional circumstances.

(2) A youth is eligible if such youth is economically disadvantaged, unemployed, and has no significant previous employment, as determined by the Secretary. No youth may participate in this program for more than 18 months.

(3) An employer may receive a social bonus for each such youth employed if—

(A) the employer has at least 5 eligible youths in the program; and

(B) the employer offers each youth in the program appropriate training, supportive services, and counseling.

If such training includes on-the-job training, the social bonus shall be in addition to any moneys received under the on-the-job training agreement.

(c) In the selection of employers to carry out projects under this section, the Secretary shall give priority to urban poverty areas in which the State or local government provides for special tax treatment for any employer which locates or expands within the urban poverty area, and to any employer establishing a new facility in an urban poverty area.

(d) No payment for a social bonus may be made under this section unless—

(1) youth employed under this program are paid no less than the higher of the prevailing rate of pay for the occupation and job classification of individuals employed by the same employer, or the minimum wage under section 6(a)(1) of the Fair Labor Standards Act of 1938 or the applicable State or local minimum wage; and

(2)(A) the conditions of this Act are followed including sections 121(g)(1)(B) (relating to maintenance of effort), 121(f)(1) (relating to meaningful training and employment), and 123(a) (relating to jobs in low wage industries); and

(B) the employment will not result in the filling of a job opening created by the action of the employer in laying off or terminating the employment of any regular employee in anticipation of filling the vacancy so created by hiring a youth employee in order to receive such social bonus.

(e) An employer who receives a social bonus under this section may not receive, apply for, or accept any financial advantage from the Federal Government for such employment other than as specified in this Act.

(f)(1) The Secretary, in consultation with the Secretary of the Treasury and other appropriate Federal officials, shall assure that activities carried out under this section are coordinated with any appropriate other activities under which employers are provided incentives or credits by the Federal Government for the employment of comparably unemployed individuals.

(2) Not later than 36 months after the date of enactment of this section the Secretary, in consultation with the Secretary of the Treasury and other appropriate Federal officials, shall submit to the appropriate committees of the Congress a report on the results of activities carried out under this section in comparison to the results of such other activities.

PART B—JOB CORPS

STATEMENT OF PURPOSE

SEC. 450. This part establishes a Job Corps for economically disadvantaged young men and women, sets forth standards and procedures for selecting individuals as enrollees in the Job Corps, authorizes the establishment of residential and nonresidential centers in which enrollees will participate in intensive programs of education, vocational training, work experience, counseling and other activities, and prescribes various other powers, duties, and responsibilities incident to the operation and continuing development of the

Job Corps. The purpose of this part is to assist young persons who need and can benefit from an unusually intensive program, operated in a group setting, to become more responsible, employable, and productive citizens; and to do so in a way that contributes, where feasible, to the development of national, State, and community resources, and to the development and dissemination of techniques for working with the disadvantaged that can be widely utilized by public and private institutions and agencies.

(29 U.S.C. 923.)

ESTABLISHMENT OF THE JOB CORPS

SEC. 451. There is established within the Department of Labor a "Job Corps".

(29 U.S.C. 924.)

INDIVIDUALS ELIGIBLE FOR THE JOB CORPS

SEC. 452. To become an enrollee in the Job Corps, a young man or woman must be an eligible youth who—

(1) has attained age 14 but not attained age 22 at the time of enrollment, except that such maximum age limitation may be waived, in accordance with regulations of the Secretary, in the case of any handicapped individual;

(2) is economically disadvantaged or is a member of a family which is economically disadvantaged, and who requires additional education, training, or intensive counseling and related assistance in order to secure and hold meaningful employment, participate successfully in regular school work, qualify for other suitable training programs, or satisfy Armed Forces requirements;

(3) is currently living in an environment so characterized by cultural deprivation, a disruptive homelife, or other disorienting conditions as to substantially impair prospects for successful participation in other programs providing needed training, education, or assistance;

(4) is determined, after careful screening as provided for in sections 453 and 454 to have the present capabilities and aspirations needed to complete and secure the full benefit of the Job Corps and to be free of medical and behavioral problems so serious that the individual could not adjust to the standards of conduct, discipline, work, and training which the Job Corps involves; and

(5) meets such other standards for enrollment as the Secretary may prescribe and agrees to comply with all applicable Job Corps rules and regulations.

(29 U.S.C. 925.)

SCREENING AND SELECTION OF APPLICANTS: GENERAL PROVISIONS

SEC. 453. (a) The Secretary shall prescribe specific standards and procedures for the screening and selection of applicants for the Job Corps. To the extent practicable, these rules shall be implemented through arrangements with agencies and organizations such as

community action agencies, public employment offices, professional groups, labor organizations, and agencies and individuals having contact with youths over substantial periods of time and able to offer reliable information as to their needs and problems. The rules shall provide for necessary consultation with other individuals and organizations, including court, probation, parole, law enforcement, education, welfare, and medical authorities and advisers. The rules shall also provide for the interviewing of each applicant for the purpose of--

(1) determining whether the applicant's educational and vocational needs can best be met through the Job Corps or an alternative program in the applicant's home community;

(2) obtaining from the applicant pertinent data relating to background, needs, and interests for determining eligibility and potential assignment; and

(3) giving the applicant a full understanding of the Job Corps and what will be expected of an enrollee in the event of acceptance.

(b) The Secretary shall make no payments to any individual or organization solely as compensation for referring the names of candidates for Job Corps.

(c) The Secretary shall assure that Job Corps enrollees include an appropriate number of candidates selected from rural areas, taking into account the proportions of eligible youth who reside in rural areas and the need to provide residential facilities for such youth.

(29 U.S.C. 926.)

SCREENING AND SELECTION: SPECIAL LIMITATIONS

SEC. 454. (a) No individual shall be selected as an enrollee unless there is reasonable expectation that the individual can participate successfully in group situations and activities, is not likely to engage in behavior that would prevent other enrollees from receiving the benefit of the program or be incompatible with the maintenance of sound discipline and satisfactory relationships between the center to which the individual might be assigned and surrounding communities, and unless the individual manifests a basic understanding of both the rules to which the individual will be subject and of the consequences of failure to observe those rules.

(b) An individual on probation or parole may be selected only if release from the supervision of the probation or parole officials is satisfactory to those officials and the Secretary and does not violate applicable laws or regulations. No individual shall be denied a position in the Job Corps solely on the basis of that individual's contact with the criminal justice system.

(29 U.S.C. 927.)

ENROLLMENT AND ASSIGNMENT

SEC. 455. (a) No individual may be enrolled in the Job Corps for more than two years, except as the Secretary may authorize in special cases.

(b) Enrollment in the Job Corps shall not relieve any individual of obligations* under the Military Selective Service Act (50 U.S.C. App. 451 et seq.).

(c) After the Secretary has determined whether an enrollee is to be assigned to a Job Corps Center or a Job Corps Civilian Conservation Center, the enrollee shall be assigned to the center of the appropriate type which is closest to the enrollee's home, except that the Secretary may waive this requirement for good cause, including to ensure an equitable opportunity for youth from various sections of the Nation to participate in the program, to prevent undue delays in assignment, to adequately meet the educational or other needs of an enrollee, and for efficiency and economy in the operation of the program.

(29 U.S.C. 928.)

JOB CORPS CENTERS

SEC. 456. (a) The Secretary may make agreements with Federal, State, or local agencies, including a State board or agency designated pursuant to section 104(a)(1) of the Vocational Education Act of 1963¹ which operates or wishes to develop area vocational education school facilities or residential vocational schools (or both) as authorized by such Act, or private organizations for the establishment and operation of Job Corps centers. Job Corps centers may be residential or nonresidential in character, or both, and shall be designed and operated so as to provide enrollees, in a well-supervised setting, with education, vocational training, work experience (either in direct program activities or through arrangements with employers), counseling, and other services appropriate to their needs. The centers shall include Civilian Conservation Centers, located primarily in rural areas, which shall provide, in addition to other training and assistance, programs of work experience to conserve, develop, or manage public natural resources or public recreational areas or to develop community projects in the public interest. The centers shall also include training centers located in either urban or rural areas which shall provide activities including training and other services for specific types of skilled or semi-skilled employment.

(b) To the extent feasible, Job Corps centers shall offer education and vocational training opportunities, together with supportive services, on a nonresidential basis to participants in other programs under this Act. Such opportunities may be offered on a reimbursable basis or through such other arrangements as the Secretary may specify.

(29 U.S.C. 929.)

PROGRAM ACTIVITIES

SEC. 457. (a) Each Job Corps center shall provide enrollees with an intensive, well-organized, and fully supervised program of education, vocational training, work experience, planned vocational and recreational activities, physical rehabilitation and develop-

ment, and counseling. To the fullest extent feasible, the required program shall include activities to assist enrollees in choosing realistic career goals, coping with problems they may encounter in home communities, or in adjusting to new communities, and planning and managing daily affairs in a manner that will best contribute to long-term upward mobility. Center programs shall include required participation in center maintenance work to assist enrollees in increasing their sense of contribution, responsibility, and discipline.

(b) The Secretary may arrange for enrollee education and vocational training through local public or private educational agencies, vocational educational institutions, or technical institutes, whenever such institutions provide training substantially equivalent in cost and quality to that which the Secretary could provide through other means.

(c) To the extent feasible, arrangements for education, both at the center and at other locations, shall provide opportunities for qualified enrollees to obtain the equivalent of a certificate of graduation from high school. The Secretary, with the concurrence of the Secretary of Health, Education, and Welfare, shall develop certificates to be issued to each enrollee who satisfactorily completes service in the Job Corps and which will reflect the enrollee's level of educational attainment.

(29 U.S.C. 930.)

ALLOWANCES AND SUPPORT

SEC. 458. (a) The Secretary is authorized to provide enrollees with such personal, travel, and leave allowances, and such quarters, subsistence, transportation, equipment, clothing, recreational services, and other expenses as he may deem necessary or appropriate to their needs. For the fiscal year ending September 30, 1979, personal allowances shall be established at a rate not to exceed \$60 per month during the first 6 months of an enrollee's participation in the program and not to exceed \$100 per month thereafter, except that allowances in excess of \$60 per month, but not exceeding \$100 per month, may be provided from the beginning of an enrollee's participation if it is expected to be of less than 6 months' duration and the Secretary is authorized to pay personal allowances in excess of the rates specified in this subsection in unusual circumstances as determined by him. For fiscal years beginning on or after October 1, 1979, such personal allowance limitations may be increased, by regulation, as the Secretary determines appropriate. Such allowances shall be graduated up to the maximum so as to encourage continued participation in the program, achievement and the best use by the enrollee of the funds so provided and shall be subject to reduction in appropriate cases as a disciplinary measure. To the degree reasonable, enrollees shall be required to meet or contribute to costs associated with their individual comfort and enjoyment from their personal allowances.

(b) The Secretary shall prescribe rules governing the accrual of leave by enrollees. Except in the case of emergency, he shall in no event assume transportation costs connected with leave of any en-

rollee who has not completed at least 6-months' service in the Job Corps.

(c) The Secretary may provide each former enrollee upon termination, a readjustment allowance at a rate not to exceed, for the fiscal year ending September 30, 1979, \$100 for each month of satisfactory participation in the Job Corps. For fiscal years beginning on or after October 1, 1979, such readjustment allowance limitation may be increased, by regulation, as the Secretary determines appropriate. No enrollee shall be entitled to a readjustment allowance unless he has remained in the program at least 90 days, except in unusual circumstances as determined by the Secretary. The Secretary may, from time to time, advance to or on behalf of an enrollee such portions of his readjustment allowances as the Secretary deems necessary to meet extraordinary financial obligations incurred by that enrollee. The Secretary is authorized, pursuant to rules or regulations, to reduce the amount of an enrollee's readjustment allowance as a penalty for misconduct during participation in the Job Corps. In the event of an enrollee's death during his period of service, the amount of any unpaid readjustment allowance shall be paid in accordance with the provisions of section 5582 of title 5, United States Code.

(d) Such portion of the readjustment allowance as prescribed by the Secretary may be paid monthly during the period of service of the enrollee directly to a spouse or child of an enrollee, or to any other relative who draws substantial support from the enrollee, and any amount so paid shall be supplemented by the payment of an equal amount by the Secretary.

(29 U.S.C. 931)

STANDARDS OF CONDUCT

SEC. 459. (a) Within Job Corps centers standards of conduct shall be provided and stringently enforced. If violations are committed by enrollees, dismissal from the Corps or transfers to other locations shall be made if it is determined that retention in the Corps, or in the particular center, will jeopardize the enforcement of such standards or diminish the opportunities of other enrollees.

(b) To promote the proper moral and disciplinary conditions in the Job Corps, the directors of Job Corps centers shall take appropriate disciplinary measures against enrollees, including dismissal from the Job Corps, subject to expeditious appeal to the Secretary.

(29 U.S.C. 932)

COMMUNITY PARTICIPATION

SEC. 460. The Secretary shall encourage and cooperate in activities to establish a mutually beneficial relationship between Job Corps centers and nearby communities. These activities shall include the establishment of community advisory councils to provide a mechanism for joint discussion of common problems and for planning programs of mutual interest. Youth shall be represented on the advisory council and separate youth councils may be established composed of enrollees and young people from the communities. The Secretary shall assure that each center is operated with a

view to achieving, so far as possible, objectives which shall include—

(1) giving community officials appropriate advance notice of changes in center rules, procedures, or activities that may affect or be of interest to the community;

(2) affording the community a meaningful voice in center affairs of direct concern to it, including policies governing the issuance and terms of passes to enrollees;

(3) providing center officials with full and rapid access to relevant community groups and agencies, including law enforcement agencies and agencies which work with young people in the community;

(4) encouraging the fullest practicable participation of enrollees in programs for community improvement or betterment, with appropriate advance consultation with business, labor, professional, and other interested community groups;

(5) arranging recreational, athletic, or similar events in which enrollees and local residents may participate together;

(6) providing community residents with opportunities to work with enrollees directly as part-time instructors, tutors, or advisers, either in the center or in the community;

(7) developing, where feasible, job or career opportunities for enrollees in the community; and

(8) promoting interchanges of information and techniques among, and cooperative projects involving, the center and community schools, educational institutions, agencies serving young people and recipients of funds under this Act.

(29 U.S.C. 933.)

COUNSELING AND JOB PLACEMENT

SEC. 461. (a) The Secretary shall counsel and test each enrollee at regular intervals to measure progress in educational and vocational programs.

(b) The Secretary shall counsel and test enrollees prior to their scheduled terminations to determine their capabilities and shall make every effort to place them in jobs in the vocation for which they are trained or to assist them in attaining further training or education. In placing enrollees in jobs, the Secretary shall utilize the public employment service system to the fullest extent possible.

(c) The Secretary shall determine the status and progress of enrollees scheduled for termination and make every effort to assure that their needs for further education, training, and counseling are met.

(d) The Secretary shall arrange for the readjustment allowance to be paid to former enrollees (who have not already found employment) at the State employment service office nearest the home of any such former enrollee who is returning home, or at the nearest such office where the former enrollee has indicated an intent to reside. If the Secretary uses any other public agency or private organization in lieu of the public employment service system, the Secretary shall arrange for that organization or agency to pay the readjustment allowance.

(29 U.S.C. 934.)

EXPERIMENTAL AND DEVELOPMENTAL PROJECTS

SEC. 462. (a)(1) The Secretary is authorized to undertake experimental, research, or demonstration projects to develop or test ways of better using facilities, encouraging a more rapid adjustment of enrollees to community life that will permit a reduction in their period of enrollment, reducing transportation and support costs, or otherwise promoting greater efficiency and effectiveness in the program. These projects shall include one or more projects providing youths with education, training, and other supportive services on a combined residential and nonresidential basis.

(2) The Secretary is authorized to undertake one or more pilot projects designed to involve youth who have a history of serious and violent behavior against persons or property, repetitive delinquent acts, narcotics addiction, or other behavioral aberrations.

(3) Projects under this subsection shall be developed after appropriate consultation with other Federal or State agencies conducting similar or related programs or projects and with the prime sponsors in the communities where the projects will be carried out. They may be undertaken jointly with other Federal or federally assisted programs, and funds otherwise available for activities under those programs shall, with the consent of the head of any agency concerned, be available for projects under this section to the extent they include the same or substantially similar activities. The Secretary is authorized to waive any provision of this part which the Secretary finds would prevent the carrying out of elements of projects under this subsection essential to a determination of their feasibility and usefulness. The Secretary shall, in the annual report of the Secretary, report to the Congress concerning the actions taken under this section, including a full description of progress made in connection with combined residential and nonresidential projects.

(b) In order to determine whether upgraded vocational education schools could eliminate or substantially reduce the school dropout problem, and to demonstrate how communities could make maximum use of existing educational and training facilities, the Secretary, in cooperation with the Secretary of Health, Education and Welfare, is authorized to enter into one or more agreements with State educational agencies to pay the cost of establishing and operating model community vocational education schools and skill centers.

(29 U.S.C. 935)

ADVISORY BOARDS AND COMMITTEES

SEC. 463. The Secretary is authorized to make use of advisory committees in connection with the operation of the Job Corps, and the operation of Job Corps centers, whenever the Secretary determines that the availability of outside advice and counsel on a regular basis would be of substantial benefit in identifying and overcoming problems, in planning program or center development, or in strengthening relationships between the Job Corps and agencies, institutions, or groups engaged in related activities.

(29 U.S.C. 936)

PARTICIPATION OF THE STATES

SEC. 464. (a) The Secretary shall take action to facilitate the effective participation of States in the Job Corps programs, including consultation with appropriate State agencies on matters pertaining to the enforcement of applicable State laws, standards of enrollee conduct and discipline, development of meaningful work experience and other activities for enrollees, and coordination with State-operated programs.

(b) The Secretary is authorized to enter into agreements with States to assist in the operation or administration of State-operated programs which carry out the purpose of this part. The Secretary is authorized, pursuant to regulations, to pay part or all of the costs of such programs.

(c) No Job Corps center or other similar facility designed to carry out the purpose of this part shall be established within a State unless a notice setting forth such proposed establishment has been submitted to the Governor, and the establishment has not been disapproved by the Governor within 30 days of such submission.

(d) All property which would otherwise be under exclusive Federal legislative jurisdiction shall be under concurrent jurisdiction with the appropriate State and locality with respect to criminal law enforcement as long as a Job Corps center is operated on such property.

(29 U.S.C. 937.)

APPLICATION OF PROVISIONS OF FEDERAL LAW

SEC. 465. (a) Except as otherwise provided in this subsection and in section 8143(a) of title 5, United States Code, enrollees in the Job Corps shall not be considered Federal employees and shall not be subject to the provisions of law relating to Federal employment, including those regarding hours of work, rates of compensation, leave, unemployment compensation, and Federal employee benefits:

(1) For purposes of the Internal Revenue Code of 1954 (26 U.S.C. 1 et seq.) and title II of the Social Security Act (42 U.S.C. 401 et seq.) enrollees shall be deemed employees of the United States and any service performed by an individual as an enrollee shall be deemed to be performed in the employ of the United States.

(2) For purposes of subchapter I of chapter 81 of title 5, United States Code (relating to compensation to Federal employees for work injuries), enrollees shall be deemed civil employees of the United States within the meaning of the term "employee" as defined in section 8101 of title 5, United States Code, and the provisions of that subchapter shall apply except—

(A) the term "performance of duty" shall not include any act of an enrollee while absent from the assigned post of duty of such enrollee, except while participating in an activity (including an activity while on pass or during travel to or from such post or duty) authorized by or under the direction and supervision of the Job Corps;

(B) in computing compensation benefits for disability or death, the monthly pay of an enrollee shall be deemed that received under the entrance salary for a grade GS-2 employee, and sections 8113 (a) and (b) of title 5, United States Code, shall apply to enrollees; and

It is the intent of Congress that such employment be provided during periods when the national rate of unemployment is in excess of 4 percent, and that the number of jobs funded shall be sufficient to provide jobs for 20 percent of the number of unemployed in excess of 4 percent, or 25 percent of the number of unemployed in excess of 4 per-

cent in periods during which the national rate of unemployment is in excess of 7 percent.

(29 U.S.C. 961.)

REPORT ON APPROPRIATIONS

SEC. 602. (a)(1) On or before March 1 of each year, the President shall report to the Congress the amount that would be needed to be appropriated for the following fiscal year in order to provide jobs—

(A) for 20 percent of the number of unemployed in excess of 4 percent; or

(B) in fiscal years during which the President estimates that the national rate of unemployment will exceed 7 percent, for 25 percent of the number of unemployed in excess of 4 percent. Such report shall contain the President's estimate of the unemployment rate for the following fiscal year, the number of unemployed in excess of 4 percent of the labor force, and the average man-year cost of each public service employment opportunity.

(2) If during a fiscal year the rate of unemployment equals or exceeds 7 percent, and the President estimates that the rate of unemployment for the balance of such year will differ significantly from the rate contained in the most recent report submitted with respect to such year under this subsection or subsection (b), the President shall so report to the Congress and shall include the additional amount, if any, which would be needed to provide jobs for the applicable percentage of unemployed under paragraph (1)(A) or (1)(B). Such report shall also contain the information required by the last sentence of paragraph (1).

(b) The President shall submit supplemental reports every three months thereafter containing any necessary revisions in the report required under subsection (a)(1) due to changes in his estimates of unemployment or the cost of providing public service jobs under this title.

(c) The Secretary shall, as soon as practicable after submission of the report required under subsection (a), inform each prime sponsor of its estimated allocation on the basis of the amount of funds estimated in such report. Each prime sponsor's annual plan for using funds provided under this title shall contain provisions for an orderly transition from the number of jobs funded for the current year to the number of jobs which would be funded under such estimated allocation.

(29 U.S.C. 962.)

FINANCIAL ASSISTANCE

Not less than 10 percent of the funds allocated in accordance with the provisions of this title for fiscal year 1979, and not less than 5 percent of such funds for any fiscal year thereafter, shall be expended for providing training and employability counseling and services to

persons employed under this title. The remaining funds may be used for administrative and other allowable costs (such as supplies, materials, and equipment) incurred by the prime sponsor, program agents, project applicants or subgrantees or contractors, in accordance with such regulations as the Secretary may prescribe.

(b) In filling teaching positions in elementary and secondary schools with financial assistance under this title, each prime sponsor shall give special consideration to unemployed persons with previous teaching experience who are certified by the State in which that prime sponsor is located and who are otherwise eligible under the provisions of this title and such positions with local educational agencies shall be filled through subcontracting with the appropriate local educational agency.

(B) Twenty-five percent of the amount allocated under this subsection shall be allocated among prime sponsors in accordance with the number of unemployed persons residing in areas of substantial unemployment within the jurisdiction of the prime sponsor compared to the number of unemployed persons residing in all areas of substantial unemployment.

(C) Twenty-five percent of the amount allocated under this subsection shall be allocated among prime sponsors on the basis of the relative excess number of unemployed persons who reside within the jurisdiction of the prime sponsor as compared to the total excess number of unemployed persons who reside within the jurisdiction of all prime sponsors. For purposes of this subparagraph, the term "excess number" means (i) the number of unemployed persons, residing in the jurisdiction of the prime sponsor, in excess of 4½ percent of the labor force residing in such jurisdiction or (ii) in the case of a prime sponsor which is a State, the greater of the number determined under clause (i) or the number of unemployed persons in excess of 4½ percent of the labor force in areas of substantial unemployment located in the jurisdiction of such prime sponsor.

The allocations required under clause (B) of this paragraph shall not be made for any fiscal year beginning on or after October 1, 1980, or until such time as the Secretary determines that current population survey data is available for use on a satisfactory basis for such areas and the remaining area of each State, whichever occurs first.

Employment that is not in such projects must be at entry level.

(b) Each project applicant shall submit a project application to the appropriate program agent or prime sponsor. Such application shall contain such information as required by the Secretary's regulations.

(a) The Comptroller General of the United States is authorized and directed to pay directly to laborers and mechanics from any accrued payments withheld under the terms of the contract any wages found to be due laborers and mechanics pursuant to sections 276a to 276a-5 of this title; and the Comptroller General of the United States is further authorized and is directed to distribute a list to all departments of the Government giving the names of persons or firms whom he has found to have disregarded their obligations to employees and subcontractors. No contract shall be awarded to the persons or firms appearing on this list or to any firm, corporation, partnership, or association in which such persons or firms have an interest until three years have elapsed from the date of publication of the list containing the names of such persons or firms.

(b) If the accrued payments withheld under the terms of the contract, as aforesaid, are insufficient to reimburse all the laborers and mechanics, with respect to whom there has been a failure to pay the wages required pursuant to sections 276a to 276a-5 of this title, such laborers and mechanics shall have the right of action and/or of intervention against the contractor and his sureties conferred by law upon persons furnishing labor or materials, and in such proceedings it shall be no defense that such laborers and mechanics accepted or agreed to accept less than the required rate of wages or voluntarily made refunds.

SEC. 276a-5. SUSPENSION OF SECTIONS 276a to 276a-5 DURING EMERGENCY

In the event of a national emergency the President is authorized to suspend the provisions of sections 276a to 276a-5 of this title.

5 U.S.C., CHAPTER 15, §1501 *ET SEQ.* (POPULARLY KNOWN AS THE HATCH ACT):

SEC. 1501. DEFINITIONS

(4) "State or local officer or employee" means an individual employed by a State or local agency whose principal employment is in connection with an activity which is financed in whole or in part by loans or grants made by the United States or a Federal agency, but does not include—

(A) an individual who exercises no functions in connection with that activity; or

(B) an individual employed by an educational or research institution, establishment, agency, or system which is supported in whole or in part by a State or political subdivision thereof, or by a recognized religious, philanthropic, or cultural organization.

SEC. 1502. INFLUENCING ELECTIONS; TAKING PART IN POLITICAL CAMPAIGNS; PROHIBITIONS; EXCEPTIONS

(a) A State or local officer or employee may not—

(1) use his official authority or influence for the purpose of interfering with or affecting the result of an election or a nomination for office;

(2) directly or indirectly coerce, attempt to coerce, command, or advise a State or local officer or employee to pay, lend, or contribute anything of value to a party, committee, organization, agency, or person for political purposes; or

(3) be a candidate for elective office.

(b) A State or local officer or employee retains the right to vote as he chooses and to express his opinions on political subjects and candidates.

SEC. 1504. INVESTIGATIONS; NOTICE OF HEARING

When a Federal agency charged with the duty of making a loan or grant of funds of the United States for use in an activity by a State or local officer or employee has reason to believe that the officer or employee has violated section 1502 of this title, it shall report the matter to the Civil Service Commission. On receipt of the report, or on receipt of other information which seems to the Commission to warrant an investigation, the Commission shall—

(1) fix a time and place for a hearing; and

(2) send, by registered or certified mail, to the officer or employee charged with the violation and to the State or local agency employing him a notice setting forth a summary of the alleged violation and giving the time and place of the hearing.

The hearing may not be held earlier than 10 days after the mailing of the notice.

SEC. 1505. HEARINGS; ADJUDICATIONS; NOTICE OF DETERMINATIONS

Either the State or local officer or employee or the State or local agency employing him, or both, are entitled to appear with counsel at the hearing under section 1504 of this title, and be heard. After this hearing, the Civil Service Commission shall—

(1) determine whether a violation of section 1502 of this title has occurred;

(2) determine whether the violation warrants the removal of the officer or employee from his office or employment; and

(3) notify the officer or employees and the agency of the determination by registered or certified mail.

SEC. 1506. ORDERS; WITHHOLDING LOANS OR GRANTS; LIMITATIONS

(a) When the Civil Service Commission finds—

(1) that a State or local officer or employee has not been removed from his office or employment within 30 days after notice of a determination by the Commission that he has violated section 1502 of this title and that the violation warrants removal; or

(2) that the State or local officer or employee has been removed and has been appointed within 18 months after his removal to an office or employment in the same State in a State or local agency which does not receive loans or grants from a Federal agency;

the Commission shall make and certify to the appropriate Federal agency an order requiring that agency to withhold from its loans or grants to the State or local agency to which notice was given an amount equal to 2 years' pay at the rate the officer or employee was receiving at the time of the violation. When the State or local agency to which appointment within 18 months after removal has been made is one that receives loans or grants from a Federal agency, the Commission order shall direct that the withholding be made from that State or local agency.

(b) Notice of the order shall be sent by registered or certified mail to the State or local agency from which the amount is ordered to be withheld. After the order becomes final, the Federal agency to which the order is certified shall withhold the amount in accordance with the terms of the order. Except as provided by section 1508 of this title, a determination or order of the Commission becomes final at the end of 30 days after mailing the notice of the determination or order.

(c) The Commission may not require an amount to be withheld from a loan or grant pledged by a State or local agency as security for its bonds or notes if the withholding of that amount would jeopardize the payment of the principal or interest on the bonds or notes.

SEC. 1507. SUBPENAS AND DEPOSITIONS

(a) The Civil Service Commission may require by subpoena the attendance and testimony of witnesses and the production of documentary evidence relating to any matter before it as a result of this chapter. Any member of the Commission may sign subpoenas, and members of the Commission and its examiners when authorized by the Commission may administer oaths, examine witnesses, and receive evidence. The attendance of witnesses and the production of documentary evidence may be required from any place in the United States at the designated place of hearing. In case of disobedience to a subpoena, the Commission may invoke the aid of a court of the United States in requiring the attendance and testimony of witnesses and the production of documentary evidence. In case of contumacy or refusal to obey a subpoena issued to a person, the United States District Court within whose jurisdiction the inquiry is carried on may issue an order requiring him to appear before the Commission, or to produce documentary evidence if so ordered, or to give evidence concerning the matter in question; and any failure to obey the order of the court may be punished by the court as a contempt thereof.

(b) The Commission may order testimony to be taken by deposition at any stage of a proceeding or investigation before it as a result of this chapter. Depositions may be taken before an individual designated by the Commission and having the power to administer oaths. Testimony shall be reduced to writing by the individual taking the deposition, or under his direction, and shall be subscribed by the deponent. Any person may be compelled to appear and depose and to produce documentary evidence before the Commission as provided by this section.

(c) A person may not be excused from attending and testifying or from producing documentary evidence or in obedience to a subpoena on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled to testify, or produce evidence, documentary or otherwise, before the Commission in obedience to a subpoena issued by it. A person so testifying is not exempt from prosecution and punishment for perjury committed in so testifying.

SEC. 1508. JUDICIAL REVIEW

A party aggrieved by a determination or order of the Civil Service Commission under section 1504, 1505, or 1506 of this title may, within 30 days after the mailing of notice of the determination or order, institute proceedings for review thereof by filing a petition in the United States District Court for the district in which the State or local officer or employee resides. The institution of the proceedings does not operate as a stay of the determination or order unless—

- (1) the court specifically orders a stay; and

(2) the officer or employee is suspended from his office or employment while the proceedings are pending.

A copy of the petition shall immediately be served on the Commission, and thereupon the Commission shall certify and file in the court a transcript of the record on which the determination or order was made. The court shall review the entire record including questions of fact and questions of law. If application is made to the court for leave to adduce additional evidence, and it is shown to the satisfaction of the court that the additional evidence may materially affect the result of the proceedings and that there were reasonable grounds for failure to adduce this evidence in the hearing before the Commission, the court may direct that the additional evidence be taken before the Commission in the manner and on the terms and conditions fixed by the court. The Commission may modify its findings of fact or its determination or order in view of the additional evidence and shall file with the court the modified findings, determination, or order; and the modified findings of fact, if supported by substantial evidence, are conclusive. The court shall affirm the determination or order, or the modified determination or order, if the court determines that it is in accordance with law. If the court determines that the determination or order, or the modified determination or order, is not in accordance with law, the court shall remand the proceeding to the Commission with directions either to make a determination or order determined by the court to be lawful or to take such further proceedings as, in the opinion of the court, the law requires. The judgment and decree of the court are final, subject to review by the appropriate United States Court of Appeals as in other cases, and the judgment and decree of the court of appeals are final, subject to review by the Supreme Court of the United States on certiorari or certification as provided by section 1254 of title 28. If a provision of this section is held to be invalid as applied to a party by a determination or order of the Commission, the determination or order becomes final and effective as to that party as if the provision had not been enacted.

FAIR LABOR STANDARDS ACT OF 1938, SECTION 14(b), AS
AMENDED BY P.L. 95-151 (NOV. 1, 1977)

"(b)(1)(A) The Secretary, to the extent necessary in order to prevent curtailment of opportunities for employment, shall by special certificate issued under a regulation or order provide, in accordance with subparagraph (B), for the employment, at a wage rate not less than 85 per centum of the otherwise applicable wage rate in effect under section 206 of this title or not less than \$1.60 an hour, whichever is the higher (or in the case of employment in Puerto Rico or the Virgin Islands not described in section 205(e) of this title, at a wage rate not less than 85 per centum of the otherwise applicable wage rate in effect under section 206(c) of this title), of full-time students (regardless of age but in compliance with applicable child labor laws) in retail or service establishments.

(B) Except as provided in paragraph (4)(B), during any month in which full-time students are to be employed in any retail or service establishment under certificates issued under this subsection the proportion of student hours of employment to the total hours of

employment of all employees in such establishment may not exceed—

(i) in the case of a retail or service establishment whose employees (other than employees engaged in commerce or in the production of goods for commerce) were covered by this chapter before the effective date of the Fair Labor Standards Amendments of 1974—

(I) the proportion of student hours of employment to the total hours of employment of all employees in such establishment for the corresponding month of the immediately preceding twelve-month period.

(II) the maximum proportion for any corresponding month of student hours of employment to the total hours of employment of all employees in such establishment applicable to the issuance of certificates under this section at any time before the effective date of the Fair Labor Standards Amendments of 1974 for the employment of students by such employer, or

(III) a proportion equal to one-tenth of the total hours of employment of all employees in such establishment, whichever is greater;

(ii) in the case of retail or service establishment whose employees (other than employees engaged in commerce or in the production of goods for commerce) are covered for the first time on or after the effective date of the Fair Labor Standards Amendments of 1974—

(I) the proportion of hours of employment of students in such establishment to the total hours of employment of all employees in such establishment for the corresponding month of the twelve-month period immediately prior to the effective date of such Amendments.

(II) the proportion of student hours of employment to the total hours of employment of all employees in such establishment for the corresponding month of the immediately preceding twelve-month period, or

(III) a proportion equal to one-tenth of the total hours of employment of all employees in such establishment, whichever is greater; or

(iii) in the case of a retail or service establishment for which records of student hours worked are not available, the proportion of student hours of employment to the total hours of employment of all employees based on the practice during the immediately preceding twelve-month period in (I) similar establishments of the same employer in the same general metropolitan area in which such establishment is located, (II) similar establishments of the same or nearby communities if such establishment is not in a metropolitan area, or (III) other establishments of the same general character operating in the community or the nearest comparable community.

For purpose of clauses (i), (ii), and (iii) of this subparagraph, the term 'student hours of employment' means hours during which students are employed in a retail or service establishment under certificates issued under this subsection.

(2) The Secretary, to the extent necessary in order to prevent curtailment of opportunities for employment, shall by special cer-

tificate issued under a regulation or order provide for the employment, at a wage rate not less than 85 per centum of the wage rate in effect under section 206(a)(5) of this title or not less than \$1.30 an hour, whichever is the higher (or in the case of employment in Puerto Rico or the Virgin Islands not described in section 205(e) of this title, at a wage rate not less than 85 per centum of the wage rate in effect under section 206(c) of this title), of full-time students (regardless of age but in compliance with applicable child labor laws) in any occupation in agriculture.

(3) The Secretary, to the extent necessary in order to prevent curtailment of opportunities for employment, shall by special certificate issued under a regulation or order provide for the employment by an institution of higher education, at a wage rate not less than 85 per centum of the otherwise applicable wage rate in effect under section 206 of this title or not less than \$1.60 an hour, whichever is the higher (or in the case of employment in Puerto Rico or the Virgin Islands not described in section 205(e) of this title, at a wage rate not less than 85 per centum of the wage rate in effect under section 206(c) of this title), of full-time students (regardless of age but in compliance with applicable child labor laws) who are enrolled in such institution. The Secretary shall by regulation prescribe standards and requirements to insure that this paragraph will not create a substantial probability of reducing the full-time employment opportunities of persons other than those to whom the minimum wage rate authorized by this paragraph is applicable.

(4)(A) A special certificate issued under paragraph (1), (2), or (3) shall provide that the student or students for whom it is issued shall, except during vacation periods, be employed on a part-time basis and not in excess of twenty hours in any workweek.

(B) If the issuance of a special certificate under paragraph (1) or (2) for an employer will cause the number of students employed by such employer under special certificates issued under this subsection to exceed six, the Secretary may not issue such a special certificate for the employment of a student by such employer unless the Secretary finds employment of such student will not create a substantial probability of reducing the full-time employment opportunities of persons other than those employed under special certificates issued under this subsection. If the issuance of a special certificate under paragraph (1) or (2) for an employer will not cause the number of students employed by such employer under special certificates issued under this subsection to exceed six—

(i) the Secretary may issue a special certificate under paragraph (1) or (2) for the employment of a student by such employer if such employer certifies to the Secretary that the employment of such student will not reduce the full-time employment opportunities of persons other than those employed under special certificates issued under this subsection, and

(ii) in the case of an employer which is a retail or service establishment, subparagraph (B) of paragraph (1) shall not apply with respect to the issuance of special certificates for such employer under such paragraph.

The requirement of this subparagraph shall not apply in the case of the issuance of special certificates under paragraph (3) for the employment of full-time students by institutions of higher education; except that if the Secretary determines that an institution of

higher education is employing students under certificates issued under paragraph (3) but in violation of the requirements of that paragraph or of regulations issued thereunder, the requirements of this subparagraph shall apply with respect to the issuance of special certificates under paragraph (3) for the employment of students by such institution.

(C) No special certificate may be issued under this subsection unless the employer for whom the certificate is to be issued provides evidence satisfactory to the Secretary of the student status of the employees to be employed under such special certificate.

(D) To minimize paperwork for, and to encourage, small businesses to employ students under special certificates issued under paragraphs (1) and (2), the Secretary shall, by regulation or order, prescribe a simplified application form to be used by employers in applying for such a certificate for the employment of not more than six full-time students. Such an application shall require only—

- (i) a listing of the name, address, and business of the applicant employer,
- (ii) a listing of the date the applicant began business, and
- (iii) the certification that the employment of such full-time students will not reduce the full-time employment opportunities of persons other than persons employed under special certificates."

GENERAL FINDINGS

SEC. 2. (a) The Congress finds that the Nation has suffered substantial unemployment and underemployment, idleness of other productive resources, high rates of inflation, and inadequate productivity growth, over prolonged periods of time, imposing numerous economic and social costs on the Nation. Such costs include the following:

(1) The Nation is deprived of the full supply of goods and services, the full utilization of labor and capital resources, and the related increases in economic well-being that would occur under conditions of genuine full employment, production, and real income, balanced growth, a balanced Federal budget, and the effective control of inflation.

(2) The output of goods and services is insufficient to meet pressing national priorities.

(3) Workers are deprived of the job security, income, skill development, and productivity necessary to maintain and advance their standards of living.

(4) Business and industry are deprived of the production, sales, capital flow, and productivity necessary to maintain adequate profits, undertake new investment, create jobs, compete internationally, and contribute to meeting society's economic needs. These problems are especially acute for smaller businesses. Variations in the business cycle and low-level operations of the economy are far more damaging to smaller business than to larger business concerns because smaller businesses have fewer available resources, and less access to resources, to withstand nationwide economic adversity. A decline in small business enterprises contributes to unemployment by reducing employment opportunities and contributes to inflation by reducing competition.

(5) Unemployment exposes many families to social, psychological, and physiological costs, including disruption of family life, loss of individual dignity and self-respect, and the aggravation of physical and psychological illnesses, alcoholism and drug abuse, crime, and social conflicts.

(6) Federal, State, and local government budgets are undermined by deficits due to shortfalls in tax revenues and in increases in expenditures for unemployment compensation.

public assistance, and other recession-related services in the areas of criminal justice, alcoholism and drug abuse, and physical and mental health.

(b) The Congress further finds that:

(1) High unemployment may contribute to inflation by diminishing labor training and skills, underutilizing capital resources, reducing the rate of productivity advance, increasing unit labor costs, and reducing the general supply of goods and services.

(2) Aggregate monetary and fiscal policies alone have been unable to achieve full employment and production, increased real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance, and reasonable price stability, and therefore must be supplemented by other measures designed to serve these ends.

(3) Attainment of these objectives should be facilitated by setting explicit short-term and medium-term economic goals, and by improved coordination among the President, the Congress, and the Board of Governors of the Federal Reserve System.

(4) Increasing job opportunities and full employment would greatly contribute to the elimination of discrimination based upon sex, age, race, color, religion, national origin, handicap, or other improper factors.

(c) The Congress further finds that an effective policy to promote full employment and production, increase real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance, and reasonable price stability should (1) be based on the development of explicit economic goals and policies involving the President, the Congress, and the Board of Governors of the Federal Reserve System, with maximum reliance on the resources and ingenuity of the private sector of the economy, (2) include programs specifically designed to reduce high unemployment due to recessions, and to reduce structural unemployment within regional areas and among particular labor force groups, and (3) give proper attention to the role of increased exports and improvement in the international competitiveness of agriculture, business, and industry in providing productive employment opportunities and achieving an improved trade balance.

(d) The Congress further finds that full employment and production, increased real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance through increased exports and improvement in the international competitiveness of agriculture, business, and industry, and reasonable price stability are important national requirements and will promote the economic security and well-being of all citizens of the Nation.

(e) The Congress further finds that the United States is part of an interdependent world trading and monetary system and that attainment of the requirements specified in subsection (d) is dependent upon policies promoting a free and fair international trading system and a sound and stable international monetary system.

(15 U.S.C. 3101)

(15 U.S.C. 3103)

TITLE I—ESTABLISHMENT OF GOALS AND GENERAL ECONOMIC POLICIES

STATEMENT OF PURPOSE

SEC. 101. It is the purpose of this title--

- (1) to declare the general policies of this Act;
- (2) to provide an open process under which economic goals and policies are proposed, reviewed, and established;
- (3) to provide for yearly review of national economic policies to ensure their consistency with these goals to the maximum extent possible; and
- (4) to strengthen and supplement the purposes and policies of the Employment Act of 1946.

(15 U.S.C. 1021 note)

DECLARATION OF POLICY

SEC. 102. Section 2 of the Employment Act of 1946 is amended to read as follows:

"SEC. 2. (a) The Congress hereby declares that it is the continuing policy and responsibility of the Federal Government to use all practicable means, consistent with its needs and obligations and other essential national policies, and with the assistance and cooperation of both small and larger businesses, agriculture, labor, and State and local governments, to coordinate and utilize all its plans, functions, and resources for the purpose of creating and maintaining, in a manner calculated to foster and promote free competitive enterprise and the general welfare, conditions which promote useful employment opportunities, including self-employment, for those able, willing, and seeking to work, and promote full employment and production, increased real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance through increased exports and improvement in the international competitiveness of agriculture, business, and industry, and reasonable price stability as provided in section 5(b) of this Act.

"(b) The Congress further declares and establishes as a national goal the fulfillment of the right to full opportunities for useful paid employment at fair rates of compensation of all individuals able, willing, and seeking to work.

"(c) The Congress further declares that inflation is a major national problem requiring improved government policies relating to food, energy, improved and coordinated fiscal and monetary management, the reform of outmoded rules and regulations of the Federal Government, the correction of structural defects in the economy that prevent or seriously impede competition in private markets, and other measures to reduce the rate of inflation.

"(d) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to improve the coordination and integration of the policies and programs of the Federal Government toward achievement of the objectives of such Act through better management, increased efficiency, and attention to long-range as well as short range problems and to balancing the Federal budget.

"(e) The Congress further declares that although it is the purpose under the Full Employment and Balanced Growth Act of 1978 to seek diligently and to encourage the voluntary cooperation of the private sector in helping to achieve the objectives of such Act, no provisions of such Act or this Act shall be used, with respect to any portion of the private sector of the economy, to provide for Federal Government control of production, employment, allocation of resources, or wages and prices, except to the extent authorized under other Federal laws.

"(f) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to maximize and place primary emphasis upon the expansion of private employment, and all programs and policies under such Act shall be in accord with such purpose. Toward this end, the effort to expand jobs to the full employment level shall be in this order of priority to the extent consistent with balanced growth--

(1) expansion of conventional private jobs through improved use of general economic and structural policies, including measures to encourage private sector investment and capital formation;

"(2) expansion of private employment through Federal assistance in connection with the priority programs in such Act;

"(3) expansion of public employment other than through the provisions of section 206 of such Act; and

"(4) when recommended by the President under section 206 of such Act and subject to the limitations in such section, the creation of employment through the methods set forth in such section.

"(g) The Congress further declares that trade deficits are a major national problem requiring a strong national export policy including improved Government policies relating to the promotion, facilitation, and financing of commercial and agricultural exports, Government policies designed to reduce foreign barriers to exports through international negotiation and agreement, Federal support for research, development, and diffusion of new technologies to promote innovation in agriculture, business, and industry, the elimination or modification of Government rules or regulations that burden or disadvantage exports and the national and international competitiveness of agriculture, business, and industry, the reexamination of antitrust laws and policies when necessary to enable agriculture, business, and industry to meet foreign competition in the United States and abroad, and the achievement of a free and fair international trading system and a sound and stable international monetary order.

"(h) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to achieve a balanced Federal budget consistent with the achievement of the medium-term goals specified in section 4.

"(i) The Congress further declares that it is the continuing policy and responsibility of the Federal Government, in cooperation with State and local governments, to use all practical means consistent with other essential considerations of national policy to provide sufficient incentives to assure meeting the investment needs of private enterprise, including the needs of small and medium sized businesses, in order to increase the production of goods, the provision of services, employment, the opportunity for profit, the payment of taxes, and to reduce and control inflation. To the extent it is reasonably possible to do so, private enterprise investments in depressed urban and rural areas should be promoted to reduce the high levels of unemployment that exist there.

"(j) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to rely principally on the private sector for expansion of economic activity and creation of new jobs for a growing labor force. Toward this end, it is the purpose of this Act to encourage the adoption of fiscal policies that would establish the share of the gross national product accounted for by Federal outlays at the lowest level consistent with national needs and priorities.

FULL EMPLOYMENT AND BALANCED GROWTH: MEDIUM-TERM ECONOMIC GOALS AND POLICIES

SEC. 104. The Employment Act of 1946 is amended by redesignating sections 4 and 5 as section 10 and 11, respectively, and by inserting a new section 4 as follows:

(15 U.S.C. 1023, 1024.)

"FULL EMPLOYMENT AND BALANCED GROWTH: MEDIUM-TERM ECONOMIC GOALS AND POLICIES

"SEC. 4. (a) In each Economic Report after enactment of the Full Employment and Balanced Growth Act of 1978, the President shall incorporate (as part of the five-year numerical goals in each Economic Report) medium-term annual numerical goals specified in section 3(a)(2)(B), and in each President's Budget submitted immediately prior thereto, the President shall incorporate the programs and policies the President deems necessary to achieve such medium-term goals and a balanced Federal budget and to achieve reasonable price stability as rapidly as feasible as provided for in section 5(b) of this Act.

"(b) The medium-term goals in the first three Economic Reports and, subject to the provisions of subsection (d), in each Economic Report thereafter shall include (as part of the five-year goals in each Economic Report) in each numerical goal for—

"(1) reducing the rate of unemployment, as set forth pursuant to section 3(d) of this Act, to not more than 3 per centum among individuals aged twenty and over and 4 per centum among individuals aged sixteen and over within a period not extending beyond the fifth calendar year after the first such Economic Report; and

"(2) reducing the rate of inflation, as set forth pursuant to section 3(e) of this Act, to not more than 3 per centum within a period not extending beyond the fifth calendar year after the first such Economic Report: *Provided*, That policies and programs for reducing the rate of inflation shall be designed so as not to impede achievement of the goals and timetables specified in clause (1) of this subsection for the reduction of unemployment.

For purposes of this subsection, the first Economic Report shall be the Report issued in the first calendar year after enactment of the Full Employment and Balanced Growth Act of 1978.

"(c)(1) Upon achievement of the 3 and 4 per centum goals specified in subsection (b)(1), each succeeding Economic Report shall have the goal of achieving as soon as practicable and maintaining thereafter full employment and a balanced budget.

"(2) Upon achievement of the 3 per centum goal specified in subsection (b)(2), each succeeding Economic Report shall have the goal of achieving by 1988 a rate of inflation of zero per centum: *Provided*, That policies and programs for reducing the rate of inflation shall be designed so as not to impede achievement of the goals and time-tables specified in clause (1) of this subsection for the reduction of unemployment.

"(d) In the second Economic Report after enactment of the Full Employment and Balanced Growth Act of 1978, the President shall review the numerical goals and timetables for the reduction of unemployment and inflation and the goal of balancing the Federal budget; report to the Congress on the degree of progress being made, the programs and policies being used, and any obstacles to achieving such goals and timetables; and, if necessary, propose corrective economic measures toward achievement of such goals and timetables: *Provided*, That beginning with the second Report and in any subsequent Reports, if the President finds it necessary, the President may recommend modification of the timetable or timetables for the achievement of the goals provided for in subsection (b) and the annual numerical goals to make them consistent with the modified timetable or timetables, and the Congress may take such action as it deems appropriate consistent with title III of the Full Employment and Balanced Growth Act of 1978.

"(e) If, after achievement of the 3 and 4 per centum goals specified in subsection (b), the unemployment rate for a year as set forth pursuant to section 3(d) of this Act is more than 3 per centum among individuals aged twenty and over or more than 4 per centum among individuals aged sixteen and over, the next Economic Report after such rate is set forth and each succeeding Economic Report shall include (as part of the five-year goals in each Economic Report) the interim numerical goal of reducing unemployment to not more than the levels specified in subsection (b)(1) as soon as practicable but not later than the fifth calendar year after the first such Economic Report, counting as the first calendar year the year in which such Economic Report is issued: *Provided*, That, if the President finds it necessary, the President may, under the authority provided in subsection (d), recommend modification of the timetable provided for in this subsection for the reduction of unemployment, and for the purposes of section 304 of the Full Employment and Balanced Growth Act of 1978, such recommendation by the President shall be treated as a recommendation made under subsection (d) of this section.

"(f)(1) In taking action to reduce unemployment in accord with the numerical goals and timetable established under section (b), every effort shall be made to reduce those differences between the rates of unemployment among youth, women minorities, handicapped persons, veterans, middle-aged and older persons and other labor force groups and the overall rate of unemployment which are caused by any improper factors with the ultimate objective of removing such differentials to the extent possible.

"(2) If such differences are due to lack of training and skills, occupational practices, and other relevant factors, the Secretary of Labor shall—

"(A) take such action as practicable to achieve the objectives of this subsection;

"(B) make studies, develop information, and make recommendations toward remedying these differences in rates of unemployment, and include these in the annual Employment and Training Report of the President required under section 705(a) of the Comprehensive Employment and Training Act of 1973 (hereinafter in this Act referred to as 'CETA'); and

"(C) make recommendations, as deemed necessary, to the Congress related to the objectives of this paragraph.

"(g)(1) The term 'middle-aged and older persons' as used in this section includes any individual forty-five years of age or older.

"(2) For purposes of this subsection, the term 'veteran' shall mean the same as defined in section 2011(1) or (2)(A) of title 38, United States Code."

(15 U.S.C. 1022a.)

(15 U.S.C. 1022f.)

TITLE II—STRUCTURAL ECONOMIC POLICIES AND PROGRAMS, INCLUDING TREATMENT OF RESOURCE RESTRAINTS

STATEMENT OF PURPOSE

SEC. 201. The Congress recognizes that general economic policies alone have been unable to achieve the goals set forth in this Act related to full employment, production, and real income, balanced growth, adequate growth in productivity, proper attention to national priorities, achievement of an improved trade balance through increased exports and improvement in the international competitiveness of agriculture, business, and industry, and achievement of reasonable price stability as provided for in section 5(b) of the Employment Act of 1946. It is therefore, the purpose of this title to require the President to initiate, as the President deems appropriate, with recommendations to the Congress where necessary, supplementary programs and policies to the extent that the President finds such action necessary to help achieve these goals, including the goals and timetable for the reduction of unemployment. Insofar as feasible without undue delay, any policies and programs so recommended shall be included in the Economic Report.

(15 U.S.C. 3111)

COUNTERCYCLICAL EMPLOYMENT POLICIES

SEC. 202. (a) Any countercyclical efforts undertaken to aid in achieving the purposes of section 201 shall consider for inclusion the following programmatic entities:

- (1) accelerated public works, including the development of standby public works projects;
- (2) public service employment;
- (3) State and local grant programs;
- (4) the levels and duration of unemployment insurance;
- (5) skill training in both the private and public sectors, both as a general remedy and as a supplement to unemployment insurance;
- (6) youth employment programs as specified in section 205;
- (7) community development programs to provide employment in activities of value to the States, local communities (including rural areas), and the Nation;
- (8) Federal procurement programs which are targeted on labor surplus areas; and
- (9) augmentation of other employment and training programs which would help to reduce high levels of unemployment arising from cyclical causes.

(b) In any countercyclical efforts undertaken, the President shall consider a triggering mechanism which will implement the program during a period of rising unemployment and phase out the program when unemployment is appropriately reduced, and incorporate effective means to facilitate individuals assisted under programs developed pursuant to this section to return promptly to regular private and public employment as the economy recovers.

(15 U.S.C. 3112.)

COORDINATION WITH STATE AND LOCAL GOVERNMENT AND PRIVATE SECTOR ECONOMIC ACTIVITY

SEC. 203. (a) As an integral part of any countercyclical employment policies undertaken in accord with section 202, the President shall, to the extent the President deems necessary, set forth programs and policies, including recommended legislation where needed, to coordinate economic action among the Federal Government, regions, States and localities, and the private sector to promote achievement of the purposes of this Act and the Employment Act of 1946 and an economic environment in which State and local governments and private sector economic activity and employment will prosper. In considering programs and policies related to the private sector, full consideration shall be given to promoting the growth and well-being of small businesses and employment training programs through private sector incentives.

(b) In any efforts under this section, the President shall endeavor to meet criteria that establish programs which are funded to take account of the fiscal needs and budget conditions of the respective States and localities and their own efforts, with special attention to the rates of unemployment in such States and localities.

(15 U.S.C. 3113.)

REGIONAL AND STRUCTURAL EMPLOYMENT POLICIES

SEC. 204. (a) To the extent deemed appropriate by the President in fulfillment of the purposes of section 201, the President shall

recommend legislation to the Congress if necessary, regional and structural employment policies and programs.

(b) In formulating the regional components of any such programs, the President shall encourage to the extent the President deems necessary, new private sector production and employment to locate within depressed localities and regions with substantial unemployment and to aid in stabilizing their economic base. To the extent feasible, such policies and programs shall foster the establishment and growth of smaller businesses in such localities and regions. Any regional employment proposal of the President shall also include an analysis of the extent to which Federal tax, expenditure (including procurement of goods and services), defense, transportation, energy, natural resources and employment policies have influenced the movement of people, jobs, and small and larger business and industries from chronic high unemployment regions and areas, and proposals designed to correct Federal policies that have an adverse economic impact upon such regions and areas.

(15 U.S.C. 3114.)

YOUTH EMPLOYMENT POLICIES

SEC. 205. (a) The Congress finds and declares—

(1) That serious unemployment and economic disadvantage of a unique nature exist among youths even under generally favorable economic conditions;

(2) that this group constitutes a substantial portion of the Nation's unemployment, and that this significantly contributes to crime, alcoholism and drug abuse, and other social and economic problems; and

(3) that many youths have special employment needs and problems which, if not promptly addressed, will substantially contribute to more severe unemployment problems in the long run.

(b) To the extent deemed necessary in fulfillment of the purposes of this Act, the President shall improve and expand existing youth employment programs, recommending legislation where required. In formulating any such program, the President shall—

(1) include provisions designed to fully coordinate youth employment activities with other employment and training programs;

(2) develop a smoother transition from school to work;

(3) prepare disadvantaged and other youths with employability handicaps for regular self-sustaining employment;

(4) develop realistic methods for combining training with work; and

(5) develop provisions designed to attract structurally unemployed youth into productive full-time employment through incentives to private and independent sector businesses;

(15 U.S.C. 3115.)

**JOB TRAINING, COUNSELING AND RESERVOIRS OF EMPLOYMENT
PROJECTS**

SEC. 206. (a) Further to promote achievement of full employment under this Act and the Employment Act of 1946, the President, through the Secretary of Labor, shall develop policies and procedures and, as necessary, recommend programs for providing employment opportunities to individuals aged 16 and over in the civilian labor force who are able, willing, and seeking to work but who, despite serious efforts to obtain employment, remain unemployed.

(b) In meeting the responsibilities under subsection (a), the Secretary of Labor shall, as appropriate, fully utilize the authority provided under CETA and other relevant provisions of law to—

(1) assure the availability of counseling, training, and other support activities necessary to prepare persons willing and seeking work for employment (including use of section 110 of CETA when necessary);

(2) refer persons able, willing, and seeking to work to job opportunities in the private and public sectors through the existing public employment placement facilities and through the United States Employment Service of the Department of Labor, including job opportunities in any positions created under programs established pursuant to sections 202, 204, and 205 of this Act; and

(3) encourage flexi-time and part-time jobs for persons who are able, willing, and seeking employment but who are unable to work a standard workweek.

(c)(1) To the extent that individuals aged sixteen and over and able, willing, and seeking to work are not and in the judgment of the President cannot be provided with private job opportunities or job opportunities under other programs and actions in existence, in accord with the goals and timetables set forth in the Employment Act of 1946, the President shall, as may be authorized by law, establish reservoirs of public employment and private nonprofit employment projects, to be approved by the Secretary of Labor, through expansion of CETA and other existing employment and training projects or through such new programs as are determined necessary by the President or through both such projects and such programs.

(2) New programs as may be authorized by law after the date of enactment of this Act referred to in paragraph (c)(1)—

(A) shall not be put into operation earlier than two years after the enactment of this Act, nor without a finding by the President, transmitted to the Congress, that other means of employment are not yielding enough jobs to be consistent with attainment of the goals and timetables for the reduction of unemployment set forth in the Employment Act of 1946;

(B) shall be designed so that no workers from private employment are drawn into the reservoir projects thereunder;

(C) shall be useful and productive jobs;

(D) shall be mainly in the lower ranges of skills and pay, and toward this end the number of reservoir jobs under such new programs shall, to the extent practicable, be maximized in relationship to the appropriations provided for such jobs;

(E) shall be targeted on areas of high unemployment and on individuals who are structurally unemployed;

(F) shall be phased in by the President as necessary, in conjunction with the employment goals under sections 3(a)(2) and 4(b) of the Employment Act of 1946.

(d) The Secretary, in carrying out the provisions of this section, shall establish regulations providing for—

(1) an initial determination of the job seeker's ability to be employed at certain types and duration of work, so that such individual may be appropriately referred to jobs, training, counseling, and other supportive services;

(2) compliance with the nondiscrimination provisions of this Act in accordance with section 401;

(3) appropriate eligibility criteria to determine the order of priority of access of any person to any new programs under subsection (c) as may be authorized by law including but not necessarily limited to (A) household income, duration of unemployment (not less than five weeks), and the number of people economically dependent upon such person; and (B) denial of access to any person refusing to accept or hold a job except for good cause, as determined by the Secretary of Labor, including refusal to accept or hold a job subject to reference under subsection (b) paragraph (2), in order to seek a reservoir project job under subsection (c); and

(4) such administrative appeal procedures as may be appropriate to review the initial determination of the abilities of persons willing, able, and seeking to work under paragraph (1) of this subsection and the employment need and eligibility under paragraph (3) of this subsection.

(15 U.S.C. 3116.)

CAPITAL FORMATION—PRIVATE AND PUBLIC

SEC. 207. (a) The Congress finds that—

(1) promotion of full employment and balanced growth is in itself a principal avenue to high and sustained rates of capital formation;

(2) high rates of capital formation are necessary to ensure adequate rates of capacity expansion and productivity growth, compliance with governmental health, safety and environmental standards, and the replacement of obsolete production equipment;

(3) the ability of our economy to compete successfully in international markets, the development of new technology, improved working conditions, expanding job opportunities, and an increasing standard of living depend on the availability of adequate capital at reasonable cost to commerce and industry;

(4) an important goal of national policy shall be to remove obstacles to the free flow of resources into new investment, particularly those obstacles that hinder the creation and growth of smaller businesses because general national programs and policies to aid and stimulate private enterprise are not sufficient to deal with the special problems and needs of smaller businesses; and

(5) while private business firms are, and should continue to be, the major source of investment, the investment activities of the Federal, State, and local governments play an important role in affecting the level of output, employment, and productivity and in achieving other national purposes.

(b) The Economic Report shall include an Investment Policy Report which shall, as appropriate, (1) review and assess existing Federal Government programs and policies which affect business investment decisions, including, but not limited to, the relevant aspects of the tax code, Federal expenditure policy, Federal regulatory policy, international trade policy, and Federal support for research, development, and diffusion of new technologies; (2) provide an assessment of the levels of investment capital available, required by, and applied to small, medium and large business entities; (3) provide an analysis of current and foreseeable trends in the level of investment capital available to such entities; and (4) provide a description of programs and proposals for carrying out the policy set forth in section 102(i). In addition, the Economic Report shall include an assessment of the effect of the overall economic policy environment and the rate of inflation on business investment. The President shall recommend in the President's Budget, as appropriate, new programs or modifications to improve existing programs concerned with private capital formation. The President shall also transmit to the Congress as part of the President's Budget such other recommendations as the President may deem necessary or desirable to achieve the policy as set forth in section 102(i). The Investment Policy Report, when transmitted to the Congress, shall be referred to the Joint Economic Committee.

(c) The Economic Report referred to in subsection (b) shall review and assess Federal policies and programs which directly, or through grants-in-aid to State and local governments, or indirectly through other means, affect the adequacy, composition and effectiveness of public investments, as a means of achieving the goals of this Act and the Employment Act of 1946. The President shall recommend, as appropriate, new programs and policies or modifications to improve existing Federal programs affecting public investment.

(15 USC 3117)

TITLE III—POLICIES AND PROCEDURES FOR CONGRESSIONAL REVIEW

STATEMENT OF PURPOSE

SEC. 301. (a) The purposes of this title are to establish procedures for congressional review and action with respect to the Economic Report of the President (hereafter in this title referred to as the "Economic Report"), the report of the Board of Governors of the Federal Reserve System and the other policies and provisions of this Act and the Employment Act of 1946.

SEC. 613. (a) Eligible individuals who are employed in any project funded under this part shall not be considered to be Federal employees as a result of such employment and shall not be subject to the provisions of part III of title 5, United States Code.

(b) No contract shall be entered into under this part with a contractor who is, or whose employees are, under State law, exempted from operation of any State workmen's compensation law generally applicable to employees, unless the contractor shall undertake to provide for persons to be employed under such contract, through insurance by a recognized carrier or by self-insurance authorized by State law, workmen's compensation coverage equal to that provided by law for covered employment.

(c) No part of the wages, allowances, or reimbursement for transportation and attendant care costs made available to an eligible individual employed in any project funded under this part shall be treated as income or benefits for the purpose of any other program or provision of State or Federal law, unless the Secretary makes a case by case determination that disallowance of such income or benefits is inequitable or does not carry out the purposes of this title.

INTERAGENCY COOPERATION

SEC. 614. (a) The Secretary shall consult with, and obtain the written views of, the Commissioner of the Rehabilitation Services Administration before establishing rules or general policy in the administration of this part.

(b) The Secretary shall consult and cooperate with the Director of the Community Services Administration, the Secretary of Health, Education, and Welfare, and the heads of other Federal agencies carrying out related programs, in order to achieve maximum coordination between such programs and the program established under this part. (2) The Secretary shall allot for projects within each State the sums appropriated for any fiscal year under section 617 so that each State will receive an amount which bears the same ratio to such sums as the population of the State bears to the population of all the States.

(b) The amount allotted for projects within any State under subsection (a) for any fiscal year which the Secretary determines will not be required for such year shall be reallocated, from time to time and on such dates during such year as the Secretary may fix, to projects within other States in proportion to the original allotments to projects within such States under subsection (a) for such year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates that projects within such State need and will be able to use for such year. The total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount reallocated to a State under this subsection during a year shall be deemed part of its allotment under subsection (a) for such year.

(c) The amount apportioned for projects within each State under subsection (a) shall be apportioned among areas within each such State in an equitable manner, taking into consideration (1) the proportion which eligible individuals in each such area bears to the total number of such individuals, respectively, in that State, and (2) the relative distribution of such individuals residing in rural and urban areas within the State.

**EXCERPTS FROM THE ECONOMIC OPPORTUNITY ACT OF
1964**

**TITLE II, PART B—FINANCIAL ASSISTANCE TO COMMUNITY ACTION
PROGRAMS AND RELATED ACTIVITIES**

GENERAL PROVISIONS FOR FINANCIAL ASSISTANCE

SEC. 221. (a) The Director may provide financial assistance to community action agencies for the planning, conduct, administration and evaluation of community action programs and components. Those components may involve, without limitation, other activities and supporting facilities designed to assist participants including the elderly poor—

- (1) to secure and retain meaningful employment;
- (2) to attain an adequate education;
- (3) to make better use of available income;
- (4) to provide and maintain adequate housing and a suitable living environment;
- (5) to undertake family planning, consistent with personal and family goals, religious and moral convictions;
- (6) to obtain services for the prevention of narcotics addiction, alcoholism, and the rehabilitation of narcotic addicts and alcoholics;
- (7) to obtain emergency assistance through loans or grants to meet immediate and urgent individual and family needs, including the need for health services, nutritious food, housing, and employment-related assistance;
- (8) to remove obstacles and solve personal and family problems which block the achievement of self-sufficiency;
- (9) to achieve greater participation in the affairs of the community; and
- (10) to make more frequent and effective use of other programs related to the purposes of this title.

The Director may also provide financial assistance to other public or private nonprofit agencies to aid them in planning for the establishment of a community action agency.

(b) If the Director determines that a limited purpose project or program involving activities otherwise eligible under this section is needed to serve needs of low-income families and individuals in a community and no community action agency has been designated for that community pursuant to section 210, or where a community action agency gives its approval for such a program to be funded directly through a public or private nonprofit agency or organization, the Director may extend financial assistance for that project or program to a public or private nonprofit agency which the Director finds is capable of carrying out the project in an efficient and effective manner consistent with the purpose of this title.

(c) The Director shall prescribe necessary rules or regulations governing applications for assistance under this section to assure

that every reasonable effort is made by each applicant to secure the views of local public officials and agencies in the community having a direct or substantial interest in the application and to resolve all issues of cooperation and possible duplication prior to its submission.

(d) After July 1, 1968, the Director shall require, as a condition of assistance, that each community action agency has adopted a systematic approach to the achievement of the purposes of this title and to the utilization of funds provided under this part. Such systematic approach shall encompass a planning and implementation process which seeks to identify the problems and causes of poverty in the community, seeks to mobilize and coordinate relevant public and private resources, establishes program priorities, links program components with one another and with other relevant programs, and provides for evaluation. The Director may, however, extend the time for such requirement to take into account the length of time a program has been in operation. The Director shall also take necessary steps to assure the participation of other Federal agencies in support of the development and implementation of plans under this subsection.

(e) In order to promote local responsibility and initiative, the Director shall not establish binding national priorities on funds authorized by this action, but the Director shall review each application for financial assistance on its merits. Before extending financial assistance to a new community action agency under this section, and in determining the amount of and conditions on which such assistance shall be extended, the Director shall consider the extent and nature of poverty in the community and the probable capacity of the agency to carry out an effective program. In reviewing or supplementing financial assistance to a previously existing community action agency, the Director shall consider the progress made in carrying on programs by such agency.

SPECIAL PROGRAMS AND ASSISTANCE

SEC. 222. (a) In order to stimulate actions to meet or deal with particularly critical needs or problems of the poor which are common to a number of communities, the Director may develop and carry on special programs under this section. This authority shall be used only where the Director determines that the objectives sought could not be effectively achieved through the use of authorities under section 221, including assistance to components or projects based on models developed and promulgated by the Director. It shall also be used only with respect to programs which (A) involve activities which can be incorporated into or be closely coordinated with community action programs, (B) involve significant new combinations of resources or new and innovative approaches, or (C) are structured in a way that will, within the limits of the type of assistance or activities contemplated, most fully and effectively promote the purposes of this title. Subject to such conditions as may be appropriate to assure effective and efficient administration, the Director may provide financial assistance to public or private nonprofit agencies to carry on local projects initiated under such special programs; but the Director shall do so in a manner that will encourage, wherever feasible, the inclusion of the assisted

projects in community action programs with a view to minimizing possible duplication and promoting efficiencies in the use of common facilities and services, better assisting persons or families having a variety of needs, and otherwise securing from the funds committed the greatest possible impact in promoting family and individual self-sufficiency. In no event shall the Director provide financial assistance under this title to a public or private nonprofit agency other than a community action agency in an area in which a community action agency exists without prior notification of such financial assistance to the board of such community action agency and to any State economic opportunity office in the State in which financial assistance is provided. Programs under this section shall include those described in the following paragraphs:

(1) A program to be known as "Community Food and Nutrition" designed to provide on an emergency basis, directly or by delegation of authority pursuant to the provisions of title VI of this Act, financial assistance for the provision of such supplies and services, nutritional foodstuffs, and related services, as may be necessary to counteract conditions of starvation or malnutrition among the poor. Such assistance may be provided by way of supplement to such other assistance as may be extended under the provisions of other Federal programs, and may be used to extend and broaden such programs to serve economically disadvantaged individuals and families where such services are not now provided and without regard to the requirements of such laws for local or State administration or financial participation. In extending such assistance, the Director may make grants to community action agencies or local public or private nonprofit organizations or agencies to carry out the purposes of this paragraph. The Director is authorized to carry out the functions under this paragraph through the Secretary of Agriculture and the Secretary of Health, Education, and Welfare in a manner that will insure the availability of such supplies and services, nutritional foodstuffs, and related services through a community action agency where feasible, or other agencies or organizations if no such agency exists or is able to administer programs to provide such foodstuffs, services, and supplies to needy individuals and families, or through a local public or private nonprofit organization or agency providing services to migrant or seasonal farmworkers or Native Americans.

(2) A program to be known as "Senior Opportunities and Services" designed to identify and meet the needs of older, poor persons above the age of 60 in one or more of the following areas: development and provision of new employment and volunteer services; effective referral to existing health, welfare, employment, housing, legal, consumer, transportation, education, and recreational and other services; stimulation and creation for additional services and programs to remedy gaps and deficiencies in presently existing services and programs; modification of existing procedures, eligibility requirements and program structures to facilitate the greater use of, and participation in, public services by the older poor; development of all-season recreation and service centers controlled by older persons themselves and such other activities and services as the

Director may determine are necessary or specially appropriate to meet the needs of the older poor and to assure them greater self-sufficiency. In administering this program the Director shall utilize to the maximum extent feasible the services of the Administration of Aging in accordance with agreements with the Secretary of Health, Education, and Welfare, and other Federal agencies providing services to the elderly poor. The Director shall seek, to the maximum extent feasible, the utilizations of agencies funded under section 221 for the provision of such services available under titles III, V, and VII of the Older Americans Act of 1965, or such other Federal programs serving the elderly poor.

(3) An "Environmental Action" program through which low-income persons will be paid for work (which would not otherwise be performed) on projects designed to combat pollution or to improve the environment. Projects may include, without limitation: cleanup and sanitation activities, including solid waste removal; reclamation and rehabilitation of eroded or ecologically damaged areas, including areas affected by strip mining; conservation and beautification activities, including tree planting and recreation area development; the restoration and maintenance of the environment; and the improvement of the quality of life in urban and rural areas.

(4) A program to be known as "Rural Housing Development and Rehabilitation" designed to assist low-income families in rural areas to construct and acquire ownership of adequate housing, to rehabilitate or repair existing substandard units in such areas, and to otherwise assist families in obtaining standard housing. Financial assistance under this paragraph shall be provided to non-profit rural housing development corporations and co-operatives or to local public or private non-profit organizations or agencies providing services to migrant or seasonal farmworkers or Native Americans which serve areas which are defined by the Farmers Home Administration as rural areas, and shall be used for, but not limited to, such purposes as administrative expenses; revolving development funds; nonrevolving land, land development and construction write-downs; rehabilitation or repair of substandard housing; and loans to low-income families. In the construction, rehabilitation, and repair of housing for low-income families under this paragraph, the services of persons enrolled in Mainstream programs and programs under the Comprehensive Employment and Training Act of 1973 may be utilized. Loans under this paragraph may be used for, but not limited to such purposes as the purchase of new housing units, the repair, rehabilitation and purchase of existing units, and to supplement existing Federal loan programs in order that low-income families may benefit from them. The repayment period of such loans shall not exceed thirty-three years. No loans under this paragraph shall bear an interest rate of less than 1 per centum per annum, but if the Director, after having examined the family income of the applicant, the projected housing costs of the applicant, and such other factors as the Director deems appropriate, determines that the applicant would otherwise be unable to participate in this program, the Director may waive the in-

terest in whole or in part and for such periods of time as the Director may establish except that (1) no such waiver may be granted to an applicant whose adjusted family income (as defined by the Farmers Home Administration) is in excess of \$3,700 per annum and (2) any applicant for whom such a waiver is provided shall be required to commit at least 20 per centum of the adjusted family income of such applicant toward the mortgage debt service and other housing costs. Family incomes shall be recertified annually, and monthly payments for all loans under this paragraph adjusted accordingly.

(5) A program to be known as "Emergency Energy Conservation Services" designed to enable low-income individuals and families, including the elderly and the near poor, to participate in energy conservation programs designed to lessen the impact of the high cost of energy on such individuals and families and to reduce individual and family energy consumption. The Director is authorized to provide financial and other assistance for programs and activities, including, but not limited to, an energy conservation and education program; winterization of old or substandard dwellings, improved space conditioning, and insulation; emergency loans, grants, and revolving funds to install energy conservation technologies and to deal with increased housing expenses relating to energy crisis; alternative fuel supplies, special fuel voucher or stamp programs; alternative transportation activities designed to save fuel and assure continued access to training, education, and employment; appropriate outreach efforts; furnishing personnel to act as coordinators, providing legal or technical assistance, or otherwise representing the interests of the poor in efforts relating to the energy crisis; nutrition, health, and other supportive services in emergency cases; and evaluation of programs and activities under this paragraph. Such assistance may be provided as a supplement to any other assistance extended under the provisions of this Act or under other provisions of Federal law. The Director, after consultation with the Administrator of the Federal Energy Office and appropriate Federal departments and agencies, shall establish procedures and take other appropriate action necessary to insure that the effects of the energy crisis on low-income persons, the elderly, and the near poor are taken into account in the formulation and administration of programs relating to the energy crisis. In carrying out programs to lessen the impact of the high cost of energy to migrants, other seasonally employed farmworkers, and Native Americans, the Director shall utilize local public or private nonprofit organizations or agencies where feasible. Eligibility for any of the programs authorized under this section shall not be based solely on delinquency in payment of fuel bills.

(6) A program to be known as "Summer Youth Recreation" designed to provide recreational opportunities for low-income children during the summer months. Funds made available for this paragraph shall be allocated by the Director among community action agencies where feasible, or other public or private nonprofit agencies where no such community action agency exists or is able to administer a program, to provide

recreational opportunities for low-income children during the summer months.

(7) A program to be known as 'Demonstration Employment and Training Opportunities' designed to establish experimental employment and training programs and projects for low-income persons who are unemployed or underemployed, with special emphasis on youth, the structurally unemployed (especially those dependent on public assistance), single heads of households with dependent children, older workers, and veterans. The Director may make grants to community action agencies, community economic development corporations (as designated under title VII), and public or private nonprofit organizations and agencies for experimental programs and activities including, but not limited to, providing innovative approaches to employment and training programs, which shall, if necessary, make available to participants comprehensive supportive services; developing programs and linkages for low-income persons to achieve satisfactory transition from either unemployment or federally subsidized jobs to employment that is not federally subsidized; and developing training programs, with special consideration for community development corporations, designed to place disadvantaged youth in the private sector. The Director and the Secretary of Labor shall assure a full exchange of information concerning the employment and training programs subject to their respective jurisdictions in order to assure the most effective and responsive demonstration programs and activities. Any employment and training activities assisted in whole or part with funds made available under this paragraph shall be subject to the applicable conditions, labor standards, and benefits set forth in the Comprehensive Employment and Training Act of 1973 and other related laws.

RESIDENT EMPLOYMENT

SEC. 223. In the conduct of all component programs under this part, residents of the area and members of the groups served shall be provided maximum employment opportunity, including opportunity for further occupational training and career advancement. FINANCIAL ASSISTANCE REQUIREMENTS

SEC. 713. (a) The Director, under such regulations as the Director may establish, shall not provide financial assistance for any community economic development program under this part unless the Director determines that—

(1) such community development corporation is responsible to residents of the area served (i) through a governing body not less than 50 per centum of the members of which are area residents and (ii) in accordance with such other guidelines as may be established by the Director, except that the composition of the governing bodies of organizations owned or controlled by the community development corporation need not be subject to such residency requirement;

SEC. 722. (a) The Director is authorized to provide financial assistance, including loans having a maximum maturity of 15 years and in amounts not resulting in an aggregate principal indebtedness of more than \$3,500 at any one time, to any low-income rural family where, in the judgment of the Director, such financial assistance has a reasonable possibility of effecting a permanent increase in the income of such families, or will contribute to the improvement of their living or housing conditions, by assisting or permitting them to—

(1) acquire or improve real estate or reduce encumbrances or erect improvements thereon;

(2) operate or improve the operation of farms not larger than family sized, including but not limited to the purchase of feed, seed, fertilizer, livestock, poultry, and equipment; or

Costs which may be defrayed shall include but not be limited to—

(1) administrative costs of staff and overhead;

(2) costs of planning and developing new enterprises;

(TITLE V, OLDER AMERICANS ACT OF 1965)

COMMUNITY SERVICE EMPLOYMENT FOR OLDER AMERICANS

SHORT TITLE

SEC. 501. This title may be cited as the "Older American Community Service Employment Act".

OLDER AMERICAN COMMUNITY SERVICE EMPLOYMENT PROGRAM

SEC. 502. (a) In order to foster and promote useful part-time opportunities in community service activities for unemployed low-income persons who are fifty-five years old and who have poor employment prospects, the Secretary of Labor (hereinafter in this title referred to as the "Secretary") is authorized to establish an older American community service employment program.

(b)(1) In order to carry out the provisions of this title, the Secretary is authorized to enter into agreements with public or private nonprofit agencies or organizations, including national organizations, agencies of a State government or a political subdivision of a State (having elected or duly appointed governing officials), or a combination of such political subdivisions, or tribal organizations in order to further the purposes and goals of the program. Such agreements may include provisions for the payment of costs, as provided in subsection (c), of projects developed by such organizations and agencies in cooperation with the Secretary in order to make the program effective or to supplement the program. No payment shall be made by the Secretary toward the cost of any project established or administered by any such organization or agency unless he determines that such project—

(B) will provide employment for eligible individuals in the community in which such individuals reside, or in nearby communities;

(C) will employ eligible individuals in services related to publicly owned and operated facilities and projects, or projects sponsored by organizations, other than political parties, exempt from taxation under the provisions of section 501(c)(3) of the Internal Revenue Code of 1954, except projects involving the construction, operation, or maintenance of any facility used or to be used as a place for sectarian religious instruction or worship;

(D) will contribute to the general welfare of the community;
 (E) will provide employment for eligible individuals whose opportunities for other suitable public or private paid employment are poor;

(F)(i) will result in an increase in employment opportunities over those opportunities which would otherwise be available, (ii) will not result in the displacement of currently employed workers (including partial displacement, such as a reduction in the hours of nonovertime work or wages or employment benefits), and (iii) will not impair existing contracts or result in the substitution of Federal funds for other funds in connection with work that would otherwise be performed;

(G) will not employ or continue to employ any eligible individual to perform work the same or substantially the same as that performed by any other person who is on layoff;

(H) will utilize methods of recruitment and selection (including listing of job vacancies with the employment agency operated by any State or political subdivision thereof) which will assure that the maximum number of eligible individuals will have an opportunity to participate in the project:

(I) will include such training as may be necessary to make the most effective use of the skills and talents of those individuals who are participating, and will provide for the payment of the reasonable expenses of individuals being trained, including a reasonable subsistence allowance;

(J) will assure that safe and healthy conditions of work will be provided, and will assure that persons employed in community service jobs assisted under this title shall be paid wages which shall not be lower than whichever is the highest of (i) the minimum wage which would be applicable to the employee under the Fair Labor Standards Act of 1938, if section 6(a)(1) of such Act applied to the participant and if he were not exempt under section 13 thereof, (ii) the State or local minimum wage for the most nearly comparable covered employment, or (iii) the prevailing rates of pay for persons employed in similar public occupations by the same employer;

(K) will be established or administered with the advice of persons competent in the field of service in which employment is being provided, and of persons who are knowledgeable with regard to the needs of older persons;

(L) will authorize pay for necessary transportation costs of eligible individuals which may be incurred in employment in any project funded under this title, in accordance with regulations promulgated by the Secretary;

(M) will assure that, to the extent feasible, such project will serve the needs of minority, Indian, and limited English-speaking eligible individuals in proportion to their numbers in the State; and

(N) will authorize funds to be used, to the extent feasible, to include individuals participating in such project under any State unemployment insurance plan.

(2) The Secretary is authorized to establish, issue, and amend such regulations as may be necessary to effectively carry out the provisions of this title.

(3) The Secretary shall develop alternatives for innovative work modes and provide technical assistance in creating job opportunities through work sharing and other experimental methods to prime sponsors, labor organizations, groups representing business and industry and workers as well as to individual employers, where appropriate.

(4) The Secretary may enter into an agreement with the Administrator of the Environmental Protection Agency to establish a Senior Environmental Employment Corps.

(c)(1) The Secretary is authorized to pay not to exceed 90 per centum of the cost of any project which is the subject of an agreement entered into under subsection (b), except that the Secretary is authorized to pay all of the costs of any such project which is (A) an emergency or disaster project, or (B) a project located in an economically depressed area, as determined by the Secretary in consultation with the Secretary of Commerce and the Director of the Community Services Administration.

(2) The non-Federal share shall be in cash or in kind. In determining the amount of the non-Federal share, the Secretary is authorized to attribute fair market value to services and facilities contributed from non-Federal sources.

(d)(1) Whenever a national organization or other program sponsor conducts a project within a State such organization or program sponsor shall submit to the State agency on aging a description of such project to be conducted in the State, including the location of the project, 30 days prior to undertaking the project, for review and comment according to guidelines the Secretary shall issue to assure efficient and effective coordination of programs under this title.

For each proposed reallocation of programs within a State, the Secretary shall give notice and opportunity for a hearing on the record by all interested individuals and make a written determination of his findings and decision.

(e) The Secretary, in addition to any other authority contained in this title, may enter into agreements designed to assure the transition of individuals employed in public service jobs under this title to employment opportunities with private business concerns. The Secretary, from amounts reserved under section 506(a)(1)(B) in any fiscal year, may pay all of the costs of any agreement entered into under the provisions of this subsection.

(2) consideration of the employment situations and the type of skills possessed by available local individuals who are eligible to participate; and

(3) potential projects and the number and percentage of eligible individuals in the local population.

(b) If the Secretary determines that to do so would increase job opportunities available to individuals under this title, the Secretary is authorized to coordinate the program assisted under this title with programs authorized under the Emergency Jobs and Unemployment Assistance Act of 1974, the Comprehensive Employment and Training Act of 1973, the Community Services Act of 1974, and the Emergency Employment Act of 1971. (c) In carrying out the provisions of this title, the Secretary is authorized to use, with their consent, the services, equipment, personnel, and facilities of Federal and other agencies with or without reimbursement, and on a similar basis to cooperate with other public and private agencies and instrumentalities in the use of services, equipment, and facilities.

(d) Payments under this title may be made in advance or by way of reimbursement and in such installments as the Secretary may determine.

(e) The Secretary shall not delegate any function of the Secretary under this title to any other department or agency of the Federal Government.

INTERAGENCY COOPERATION

SEC. 505. (a) The Secretary shall consult with, and obtain the written views of, the Commissioner of the Administration on Aging

prior to the establishment of rules or the establishment of general policy in the administration of this title.

(b) The Secretary shall consult and cooperate with the Director of the Community Services Administration, the Secretary of Health, Education, and Welfare, and the heads of other Federal agencies carrying out related programs, in order to achieve optimal coordination with such other program. (c) In administering projects under this title concerning the Senior Environmental Employment Corps and energy conservation, the Secretary shall consult with the Administrator of the Environmental Protection Agency and the Secretary of Energy and shall enter into an agreement with the Administrator and the Secretary of Energy to coordinate programs conducted by them with such projects.

EQUITABLE DISTRIBUTION OF ASSISTANCE

SEC. 506. (a)(1)(A) Subject to the provisions of paragraph (2), from sums appropriated under this title for each fiscal year, the Secretary shall first reserve such sums as may be necessary for national grants or contracts with public agencies and public or private non-profit organizations to maintain the level of activities carried on under such grants or contracts at least at the level of such activities supported under this title and under any other provision of Federal law relating to community service employment programs for older Americans in fiscal year 1978. Preference in awarding such grants or contracts shall be given to national organizations of proven ability in providing employment services to older persons under this program and similar programs. The Secretary, in awarding grants and contracts under this section, shall, to the extent feasible, assure an equitable distribution of activities under such grants and contracts, in the aggregate, among the States, taking into account the needs of underserved States.

(B) From sums appropriated under this title for each fiscal year after September 30, 1978, the Secretary may reserve an amount not to exceed one per centum of the amount appropriated in excess of the amount appropriated for fiscal year 1978 for the purpose of entering into agreements under section 502(e), relating to improved transition to private employment.

(2) For each fiscal year in which the sums appropriated under this title exceed the amount appropriated for fiscal year 1978, the Secretary shall reserve not more than 45 per centum of such excess amount for the purpose described in paragraph (1). The remainder of such excess shall be allotted pursuant to paragraph (3).

(3) The Secretary shall allot for projects within each State the remainder of the sums appropriated for any fiscal year under section 508 so that each State will receive an amount which bears the same ratio to such remainder as the product of the number of persons aged fifty-five or over in the State and the allotment percent-

age of such State bears to the sum of the corresponding product for all States, except that (A) no State shall be allotted less than one-half of 1 per centum of the remainder of the sums appropriated for the fiscal year for which the determination is made, or \$100,000, whichever is greater, and (B) Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands shall each be allotted an amount which is not less than one-fourth of 1 per centum of the remainder of the sums appropriated for the fiscal year for which the determination is made, or \$50,000, whichever is greater. For the purpose of the exception contained in this paragraph the term "State" does not include Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

(4) For the purpose of this subsection—

(A) the allotment percentage of each State shall be 100 per centum less that percentage which bears the same ratio to 50 per centum as the per capita income of such State bears to the per capita income of the United States, except that (i) the allotment percentage shall in no case be more than 75 per centum or less than $33\frac{1}{3}$ per centum, and (ii) the allotment percentage for the District of Columbia, Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands shall be 75 per centum;

(B) the number of persons aged fifty-five or over in any State and in all States, and the per capita income in any State and in all States, shall be determined by the Secretary on the basis of the most satisfactory data available to him; and

(C) for the purpose of determining the allotment percentage, the term "United States" means the fifty States and the District of Columbia.

(b) The amount allotted for projects within any State under subsection (a) for any fiscal year which the Secretary determines will not be required for such year shall be reallocated, from time to time and on such dates during such year as the Secretary may fix, to projects within other States in proportion to the original allotments to projects within such States under subsection (a) for such year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates that projects within such State need and will be able to use for such year; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount reallocated to a State under this subsection during a year shall be deemed part of its allotment under subsection (a) for such year.

(c) The amount apportioned for projects within each State under subsection (a) shall be apportioned among areas within each such State in an equitable manner, taking into consideration (1) the proportion which eligible individuals in each such area bears to the total number of such individuals, respectively, in that State, and (2) the relative distribution of such individuals residing in rural and urban areas within the State.

AN ACT To strengthen and improve the quality of vocational education and to expand the vocational education opportunities in the Nation, to extend for three years the National Defense Education Act of 1958 and Public Laws 815 and 874, Eighty-first Congress (federally affected areas), and for other purposes.

TITLE I—VOCATIONAL EDUCATION

PART A—STATE VOCATIONAL EDUCATION PROGRAMS

DECLARATION OF PURPOSE

SEC. 101. It is also the purpose of this part to authorize Federal grants to States to assist them—

(1) to extend, improve, and, where necessary, maintain existing programs of vocational education,

(2) to develop new programs of vocational education,

(3) to develop and carry out such programs of vocational education within each State so as to overcome sex discrimination and sex stereotyping in vocational education programs (including programs of homemaking), and thereby furnish equal educational opportunities in vocational education to persons of both sexes, and

(4) to provide part-time employment for youths who need the earnings from such employment to continue their vocational training on a full-time basis,

(d) The amount of any State's allotment under this section from appropriations provided under section 102, for any fiscal year shall not be less than the total amount of payments made to the State

under allotments determined under this Act for the fiscal year ending June 30, 1976.

GENERAL APPLICATION

SEC. 106. (a) Any State desiring to receive the amount for which it is eligible for any fiscal year pursuant to this Act shall, through its State board, submit to, and maintain on file with, the Commissioner a general application providing assurances—

(1) that the State will provide for such methods of administration as are necessary for the proper and efficient administration of the Act;

(2) that the State board will cooperate with the State advisory council on vocational education in carrying out its duties pursuant to section 105 and with the agencies, councils, and individuals specified in sections 107 and 108 to be involved in the formulation of the five-year State plan and of the annual program plans and accountability reports;

(3) that the State will comply with any requests of the Commissioner for making such reports as the Commissioner may reasonably require to carry out his functions under this Act;

(4) that funds will be distributed to eligible recipients on the basis of annual applications which—

(A) have been developed in consultation (i) with representatives of the educational and training resources available in the area to be served by the applicant and (ii) with the local advisory council required to be established by this Act to assist such recipients,

(B)(i) describe the vocational education needs of potential students in the area or community served by the applicant and indicate how, and to what extent, the program proposed in the application will meet such needs, and (ii) describe how the findings of any evaluations of programs operated by such applicant during previous years, including those required by this Act, have been used to develop the program proposed in the application,

(C) describe how the activities proposed in the application relate to manpower programs conducted in the area by a prime sponsor established under the Comprehensive Employment and Training Act, of 1973, if any, to assure a coordinated approach to meeting the vocational education and training needs of the area or community, and

(D) describe the relationship between vocational education programs proposed to be conducted with funds under this Act and other programs in the area or community which are supported by State and local funds;

and that any eligible recipient dissatisfied with final action with respect to any application for funds under this Act, shall be given reasonable notice and opportunity for a hearing;

(5)(A) that the State shall, in considering the approval of such applications, give priority to those applicants which—

(i) are located in economically depressed areas and areas with high rates of unemployment, and are unable to provide the resources necessary to meet the vocational education needs of those areas without Federal assistance, and

(ii) propose programs which are new to the area to be served and which are designed to meet new and emerging manpower needs and job opportunities in the area and, where relevant, in the States and the Nation; and

(B) that the State shall, in determining the amount of funds available under this Act which shall be made available to those applicants approved for funding, base such distribution on economic, social and demographic factors relating to the

need for vocational education among the various populations and the various areas of the State, except that—

(i) the State will use as the two most important factors in determining this distribution (I) in the case of local educational agencies, the relative financial ability of such agencies to provide the resources necessary to meet the need for vocational education in the areas they service and the relative number or concentration of low-income families or individuals within such agencies, and (II) in the case of other eligible recipients, the relative financial ability of such recipients to provide the resources necessary to initiate or maintain vocational education programs to meet the needs of their students and the relative number or concentration of students whom they serve whose education imposes higher than average costs, such as handicapped students; students from low-income families, and students from families in which English is not the dominant language; and

(ii) the State will not allocate such funds among eligible recipients within the State on the basis of per capita enrollment or through matching of local expenditures on a uniform percentage basis, or deny funds to any recipient which is making a reasonable tax effort solely because such recipient is unable to pay the non-Federal share of the cost of new programs;

(6) that Federal funds made available under this Act will be so used as to supplement, and to the extent practicable, increase the amount of State and local funds that would in the absence of such Federal funds be made available for the uses specified in the Act, and in no case supplant such State or local funds;

(7) that the State will make provision for such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid to the State (including such funds paid by the State to eligible recipients under this Act);

(8) that funds received under this Act will not be used for any program of vocational education (except personnel training programs under section 135, renovation programs under subpart 4 of part B, and homemaking programs under subpart 5 of this part) which cannot be demonstrated to prepare students for employment, be necessary to prepare individuals for successful completion of such a program, or be of significant assistance to individuals enrolled in making an informed and meaningful occupational choice as an integral part of a program of orientation and preparation;

(9) that the State has instituted policies and procedures to insure that copies of the State plan and annual program plan and accountability report and all statements of general policies, rules, regulations, and procedures issued by the State board and by any State agencies to which any responsibility is delegated by the State board concerning the administration of such plan and report will be made reasonably available to the public; and

(10) that the funds used for purposes of section 110(a) are consistent with the State plan submitted pursuant to section 613(a) of the Education of the Handicapped Act.

(B)(i) set out explicitly the uses which the State intends to make of the funds available to it under this Act, as those uses are set out in sections 120, 130, 140, and 150, and set out the reasons for choosing such uses; and (ii) set out explicitly the uses which the State intends to make of these funds to meet the special needs of handicapped and disadvantaged persons and persons who have limited English-speaking ability;

SUBMISSION OF PLANS; WITHHOLDING AND JUDICIAL REVIEW

SEC. 109. (a)(1) The Commissioner shall not approve a five-year State plan submitted under section 107 until he has made specific findings, in writing, as to the compliance of such plan with the provisions of this Act and he is satisfied that adequate procedures are set forth to insure that the assurances of the general application

submitted under section 106 and the provisions of the State plan will be carried out.

(2) The Commissioner shall not approve an annual program plan and accountability report submitted under section 108 until he has made specific findings, in writing, as to the compliance of such plan and report with the provisions of this Act, he is satisfied that adequate procedures are set forth to insure that the assurances of the general application submitted under section 107 are being carried out, and he is satisfied that the annual plan and report shows progress in achieving the goals set forth in the five-year State plan.

(3)(A) In carrying out the provisions of this subsection, the Commissioner shall provide for appropriate review of each State's five-year plan and annual program plan and report by the various agencies administering programs within the Office of Education related to the vocational education programs being proposed under the State plan or the program plan and report.

(B) In carrying out the provisions of this subsection, the Commissioner shall not approve a State or annual program plan and report until he has received assurances that the personnel assigned to review programs within the State to assure equal access by both men and women under the provisions of section 104(b) have been afforded the opportunity to review the plan or program plan and report.

(C) In carrying out the provisions of this subsection, the Commissioner shall not approve a State plan or annual program plan and report unless the State has complied in compiling this plan or program plan and report with the nationally uniform definitions and information elements which have been developed pursuant to section 161.

(b)(1) The Commissioner shall not finally disapprove any State plan or program plan and report submitted under this Act, or any modification thereof, without first affording the State board submitting the plan or program plan and report reasonable notice and opportunity for a hearing.

(2) The Commissioner shall not disapprove any plan or program plan and report submitted under this Act solely on the basis of the distribution of State and local expenditures for vocational education.

(c) Whenever the Commissioner, after reasonable notice and opportunity for hearing to the State board, finds that—

(1) the State plan or program plan and report has been so changed that it no longer complies with the provisions of this Act, or

(2) in the administration of the program or plan and report there is a failure to comply substantially with any such provision,

the Commissioner shall notify such State board that no further payments will be made to the State under this Act (or, in his discretion, further payments to the State will be limited to programs under or portions of the State plan or program plan and report not affected by such failure) until he is satisfied that there will no longer be any failure to comply. Until he is so satisfied, the Commissioner shall make no further payments to such State under this Act (or shall limit payments to programs under, or portions of, the

State plan or program plan and report not affected by such failure).

(d) A State board which is dissatisfied with a final action of the Commissioner under this section may appeal to the United States court of appeals for the circuit in which the State is located, by filing a petition with such court within sixty days after such final action. The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 to title 28, United States Code. The findings of the Commissioner as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. The judgement of the court affirming or setting aside, in whole or in part, any action of the Commissioner shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code. The commencement of proceedings under this subsection shall not, so specifically ordered by the court, operate as a stay of the Commissioner's action.

(e)(1) If any eligible recipient is dissatisfied with the final action of the State board or other appropriate State administering agency with respect to approval of an application by such eligible recipient for a grant pursuant to this Act, such eligible recipient may, within sixty days after such final action or notice thereof, whichever is later, file with the United States court of appeals for the circuit in which the State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the State board or other appropriate State administering agency. The State board or such other agency thereupon shall file in the court the record of the proceedings on which the State board or such other agency based its action, as provided in section 2112 of title 28, United States Code.

(2) The findings of fact by the State board or other appropriate administering agency, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the State board or other such agency to take further evidence, and the State board or such other agency may thereupon make new or modified findings of fact and may modify its previous action, and shall certify to the court the record of the further proceedings.

(3) The court shall have jurisdiction to affirm the action of the State board or other appropriate administering agency or to set it aside, in whole or in part. The judgement of the court shall be subject to review by the Supreme Court of the United States upon cer-

(b)(1) In order to meet the needs in all States for qualified vocational education personnel (such as administrators, supervisors, teacher educators, researchers, guidance and counseling personnel, and instructors in vocational education programs) the Commissioner shall make available leadership development awards in accordance with the provisions of this subsection only upon determination that—

(B) such program is designed to further substantially the objective of improving vocational education through providing opportunities for graduate training of vocational education teachers, supervisors, and administrators, and of university level vocational education teacher educators and researchers; and

(C) such programs are conducted by a school of graduate study in the institution of higher education.

(4) In order to meet the needs for qualified vocational education personnel such as teachers, administrators, supervisors, and teacher educators, in vocational education programs in all the States, the Commissioner in carrying out this section shall apportion leadership development awards equitably among the States, taking into account such factors as the State's vocational education enrollments, and the incidence of youth unemployment and school dropouts in the State.

(5) Persons receiving leadership awards under the provisions of this subsection shall continue to receive the payments provided in paragraph (3) only during such periods as the Commissioner finds that they are maintaining satisfactory proficiency in, and devoting essentially full time, to study or research in the field of vocational education in an institution of higher education, and are not engaging in gainful employment, other than part-time employment by such institution in teaching, research, or similar activities, approved by the Commissioner.

(6) From the funds reserved to the Commissioner pursuant to section 103 for this part, the Commissioner shall make awards meeting the requirements of paragraphs (1) through (5) of this subsection.

(8) For purposes of this subsection, the term "institution of higher education" means any such institution as defined under section 1201(a) of the Higher Education Act of 1965.

(c)(1) In order to meet the need to provide adequate numbers of teachers and related classroom instructors in vocational education and in order to take full advantage of the education which has been provided to already certified teachers who are unable to find employment in their fields of training and of individuals employed in industry who have skills and experiences in vocational fields, the Commissioner shall make available fellowships in accordance with the provisions of this subsection to such individuals upon his determination that—

(A) individuals selected for such fellowships are presently certified, or had been so certified within the last ten years, by a State as teachers in elementary and secondary schools or in community or junior colleges, and have past or current skills and experiences in vocational fields for which they can be trained to be vocational educators; or

(B) individuals selected for such fellowships are individuals employed in industry (who need not be baccalaureate degree holders) who have skills and experiences in vocational fields for which there is a need for vocational educators, and that individuals receiving such awards have been accepted by a teacher training institution in a program to assist those persons in gaining the skills to become a vocational educator.

(2)(A) The Commissioner shall, for a period not to exceed two years, pay to persons selected for fellowships under this subsection stipends (including such allowances for subsistence and other expenses for such person and their dependents) as he may determine to be consistent with prevailing practices under comparable federally supported programs.

(B) The Commissioner shall, in addition to the stipends paid to persons under paragraph (1), pay to the institution of higher education at which such person is pursuing his course of study such amount as the Commissioner may determine to be consistent with the prevailing practices under comparable federally supported programs not to exceed the equivalent of 4,500 per person per academic year or its equivalent, and \$1,000 per person per summer session or its equivalent, but any amount charged such person for tuition and nonrefundable fees and deposits shall be deducted from the amount payable to the institution of higher education under this subsection. Any funds from grants received under this paragraph which remain after deducting normal tuition, fees, and deposits attributable to such students, shall be used by the institution receiving such funds for the purpose of improving the program of vocational education offered by that institution.

(3) The Commissioner shall approve the program at an institution of higher education which has as its purpose assisting certified teachers or assisting persons from industry in becoming vocational education teachers only upon finding that—

(A) the institution offers a comprehensive program in vocational education with adequate supporting services and disciplines such as education administration, guidance and counseling, research, and curriculum development; and

(B) such program is available to persons receiving these fellowships so that they can receive the same type of education and training being offered in the institution for undergraduate

students who are preparing to become vocational education teachers.

(4) In order to meet the needs for qualified vocational education teachers in vocational education programs in all the States, the Commissioner in carrying out this subsection shall apportion fellowships equitably among the States, taking into account such factors as the State's vocational education enrollments, and the incidence of youth unemployment and school dropouts in the State.

(5) Persons receiving fellowships under the provisions of this subsection shall continue to receive the payments provided in paragraph (2) only during such periods as the Commissioner finds that they are maintaining satisfactory proficiency in, and devoting essentially full time to study or research in the field of vocational education in an institution of higher education, and are not engaging in gainful employment, other than part-time employment by such institution in teaching, research, or similar activities, approved by the Commissioner.

(6) From the funds reserved to the Commissioner pursuant to section 103 for this part, the Commissioner shall make awards meeting the requirements of paragraphs (1) through (5) of this subsection.

(7) In carrying out this subsection, the Commissioner shall, before the beginning of each fiscal year, publish a listing of the areas of teaching in vocational education which are presently in need of additional personnel and of the areas which will have need of additional personnel in the future; and the Commissioner shall, in making the fellowships under the authority of this subsection, grant these fellowships, to the maximum degree possible, to persons who are seeking to become teachers in the areas identified by the Commissioner as needing additional teachers.

Subpart 3—Bilingual Vocational Training

STATEMENT OF FINDINGS

SEC. 181. The Congress hereby finds that one of the most acute problems in the United States is that which involves millions of citizens, both children and adults, whose efforts to profit from vocational education are severely restricted by their limited English-speaking ability because they came from environments where the dominant language is other than English; that such persons are therefore unable to help to fill the critical need for more and better educated personnel in vital occupational categories; and that such persons are unable to make their maximum contribution to the Nation's economy and must, in fact, suffer the hardships of unemployment or underemployment. The Congress further finds that there is a critical shortage of instructors possessing both the job knowledge and skills and the dual language capabilities required for adequate vocational instruction of such language-handicapped persons and to prepare such persons to perform adequately in a work environment requiring English language skills, and a corre-

sponding shortage of instructional materials and of instructional methods and techniques suitable for such instructor
