ABSTRACT

This document is part of a five-volume nationwide study of Nutrition Services operations and elderly citizens participating in congregate dining and home delivery services authorized by Title III-C of the Older Americans' Act. This volume contains the questionnaires used in the study. Section 1 gives a report overview and acknowledgements. Section 2 presents the project review field instruments, including a data collection form and questionnaires for state nutrition service directors, area agency directors, nutrition service directors, nutritionists, dietitians, advisory council members, and site managers. Section 3 contains participant and non-participant interview instruments, including questionnaires for site participants, home-delivery recipients, non-participating neighbors, and former participants. I. Overview of the Report

The evaluation of the Nutrition Services for the Elderly was jointly conducted by Kirschner Associates, Inc. and Opinion Research Corporation. The Final Report is available in five separate volumes. This volume (Volume V) contains the questionnaires used by the contractors in executing the evaluation. It is intended as a resource volume. Other volumes of the Final Report are:

Volume 1: EXECUTIVE SUMMARY

Volume II: ANALYTIC REPORT

- Executive Summary
- Wave I vs. Wave II Program Operations
- Program Impacts
- Supportive Services
- Contributions
- Priority Elderly
- Home-Delivery Service

Wolume III: DESCRIPTIVE REPORT

This volume presents an explication of the evaluation data base. It is intended as a resource volume, as its findings have been refined and subjected to the focused analyses presented in yolume II: ANALYTIC REPORT. The volume includes:

- Program Characteristics
- Interviews with Participants and Non-Participants

Volume IV: APPENDICES

Volume IV presents the Methodology Appendix describing the research design and how the evaluation was executed. Twenty-seven other appendices report analytic techniques and measures of statistical significance referred to in the text of Volume III.

PROJECT REVIEW FIELD INSTRUMENTS: 1982

The project review portion of the evaluation, conducted by Kirschner Associates, utilized six interview questionnaires plus a form for recording data from records and observations. Five of the question-naires were used during interviews with staff members; the sixth was used in a group interview with as many as three members of the nutrition service provider's advisory council (if there was one).

In general, the sequence of contacts within a given state, and except where staff schedules required alteration, the sequence of interviews, was the following:

- State Nutrition Service Director
- Area Agency on Aging Director
- Nutrition Service Director
- Nutritionist/Dietitian (if the provider had one)
- Site Manager *
- Advisory Council Member(s)

The information recorded on the Data Collection Form for Records and Observations was obtained from the provider's office and during three visits to the sample congregate meal site.

Use of these instruments was guided by a Field Manual, supplemented by a two-day training session attended by each of the 29 field research associates involved in the work. The performance of the instruments was examined empirically and summarized in a Report on Data Quality for the 1982 Project Review Data (dated October 7, 1982).

PRELIMINARY REMARKS

(To Be Read Directly Prior to Beginning the Interview)

This interview contains questions about administration of nutrition services, at the state level. For your information, this study is authorized under Section 207 of the Older Americans Act of 1965. The result will be reported statistically; no data for any individual person, provider, or state will be identified in the report. Your participation in the study is strictly voluntary, and you are free to refuse to answer any part of, or all of this questionnaire.

As I mentioned before, data for this study will be collected several times during the period of the study. We first collected data during 1976.

At the present time, we're interested in learning how services here changed since then.

PRELIMINARY REMARKS

(TO BE READ DIRECTLY PRIOR TO BEGINNING THE INTERVIEW).

FOR OFFICE

This interview contains questions about the operations and organization of your nutrition services. For your information, this study is authorized under Section 207 of the Older Americans Act of 1965. The results will be reported statistically; no data from any individual person, provider, or state will be identified in the report. Your participation in the study is strictly voluntary, and you are free to refuse to answer any part of or all of this questionnaire.

This is the second phase of a longitudinal study of the nationwide nutrition services. The first phase occurred in 1976. Now we'd like to update the 1976 information and determine how providers and sites have changed since then.

1. First of all, how many congregate meal sites are now operating under this office?

I'd like to ask a few questions-about the congregate meal services at , since that site is in our national sample.

#### INTRODUCTION

#### CONTENT AND OVERVIEW OF DATA COLLECTION FORM

This Data Collection Form is to be used for recording information from sources other than interview respondents. Such other sources include provider and site records; monthly and quarterly reports; and the nutrition grant and grant application. Another important source of information will be your own observations of provider activities as well as judgments you make on the basis of information from all sources. Thus, the form solicits both objective and subjective information.

To facilitate your use of the Data Collection Form, the form is organized into several sections. These sections are organized, for the most part, according to subject matter. Each section contains an introduction covering suggested procedures and data sources.

Section I is designed for recording statistics on participant and staff characteristics, and participant attendance. The principal sources of information requested in Section I will be the participant intake records, personnel records, and attendance forms.

Section II requests information on target area and service scope, budget data, and service outputs (i.e., meals and other services). Information sources for Section II are the Grant Application, Notification of Grant Award, and other provider records.

Provider Council Activities are to be recorded in Section III, using the Council minutes as a principal source.

Section IV focuses on meal services. To complete Section IV, three site visits must be made at meal times, and data obtained by observation.

Section V, also based principally on your observations, concerns the meal site environment and meal site facility.

#### KIRSCHNER ASSOCIATES INC.

The remaining two sections are provided for recording your overall judgments of some aspects of activities and services (Section VI) and assessments of nutrition service administration (Section VII).

PROJECT/SITE REGORDS

Since no uniform forms or procedures are required for gathering and recording data at all providers and sites, we cannot offer much guidance on the nature and location of data sources. Currently, information about each provider is channeled to its state agency on aging, which prepares a State Quarterly Progress Report. Individual providers, area agencies on aging, and states may use various techniques and forms for collecting the data required by this report. We therefore anticipate that the type and availability of data will vary from provider to provider and state to state.

In view of this situation, completion of the Data Collection Form will involve both collecting the required data items and exploring the system of how the data are gathered, estimated, and tabulated by the provider for submission to the state agency on aging. Most of the data required for the following Data Collection Form should be relatively readily available. However, many data items may require a fair amount of searching, and some data items may not be available at all. Since we do not know the exact situation that now exists at any of the providers in the sample, please account for each data item required in this Data Collection Form, and, wherever it seems useful, please obtain copies of forms that are used and note on them how they are used.

¹The State Quarterly Progress Report includes data listed on page

# Data Items Frequently Included in State Reports

- Number people employed as of last working day of quarter, and number who are over 60, minority, or female.
- Number person-days worked during quarter.
- Number volunteers, total, minority, and older (60+).
- Funds and resources spent from local, state, and federal levels.
- Number staff, advisory council members and volunteers receiving training, by subject of training.
- Number meal sites by type of facility, and days of meal service per week.
- Number meals served in fiscal year to date; total meals, by meal production arrangement (catered or site prepared), and by congregate or home-delivered.
- Dollar value of USDA commodities and cash received by service provider, fiscal year to date.
- Number participants served by provider, fiscal year to date; total, low-income, and minority.

## PARTICIPANT AND STAFF CHARACTERISTICS

SOURCE: Provider and Provider/Site Records

For each information item indicated in Section I, a possible record or type of source document is referenced. For some information items we have referenced more than one possible source. In these cases, use any one of the sources or a combination of them, based on your judgment as to their availability, expedience, condition, etc. Indicate source(s) used in the space provided. If you discover that a source we have referenced is not being used by the provider, try to obtain the information by proceeding as follows:

- 1. Determine if the information can be obtained from another type of record maintained by the provider. If so, record the information in the appropriate, space on the Data Collection Form; indicate the source (e.g., name of document or form); and obtain a sample (unused) copy of the form.
- If you find that an information item is not obtainable from any source, make a note of this fact in the space provided for recording the sources.

You will notice that in most instances we are requesting data for the sample site.

## MEAL SITE ENVIRONMENT AND FACILITIES

This section is provided for recording observations and impressions of the meal site neighborhood and physical facilities. Most items in this section should be readily apparent through observation of the meal site facility and its environs, and through informal discussions with staff members. You should also attempt to obtain insights and clues regarding facilities by reviewing any available assessments of, the site conducted byprovider, state or regional officials. Prior assessments, however, may help you identify features that are or are not particularly effective, appropriate, or innovative. (Review of available assessments also may be useful for helping you provide the observations called for.) Do not, however, merely accept the observations and conclusions of any existing assessment; we want you own impressions.

# PARTICIPANT AND NON-PARTICIPANT INTERVIEW INSTRUMENTS: 1982

The elderly participant and non-participating neighbor interview portion of the evaluation, conducted by Opinion Research Corp., utilized four different questionnaires, administered to five types of respondents. They are duplicated here in the colors originally used. The pink and blue site participant questionnaires are identical in content, so only the blue one is included here.

Respondent Type			Color
Site Participant			
Recent Entry Longer Term			blue pink
Home-delivery Recipient			white
Non-participating N	yellow		
Former Participant	green		

Use of these instruments was guided by a Site Interviewer's Manual, supplemented by a two-day training session attended by each of the personal interviewers involved in the work.

## Participant Questionnaire

#### INTRODUCTION

hello, I'm _______, and I work for Opinion Research Corporation of Princeton, New Jersey. We have been employed by the Administration on Aging, of the Department of Health and Human Services, which is concerned with the nutritional status of older persons. This study is authorized by Section 202 of the Older Americans Act, as amended. The information collected during the interview will be used only for the purpose of evaluating these issues and results will be reported in statistical form only.

Your participation in this survey is completely voluntary, and you may refuse to participate if you so choose. You may also refuse to answer any questions or question, and you may withdraw at any time during the interview. Specifically, if you wish, you may refuse to answer any question which covers any of your rights under the First Amendment to the Constitution of the United States (free exercise of religion, free speech, free press, right of assembly, and right to petition the government for a redress of grievances). If you withdraw, you may destroy the questionnaire itself. Refusal to participate will in no way affect your eligibility to receive present or future Federal benefits.

The results of this study will be presented in a final report to the Administration on Aging. Your individual answers to the questions on this interview will not be identifiable, as they will be grouped with the answers of over 5,000 other people. No individual names or other identifying information will be used at any time in this report or any other reports concerning this study. All responses will be treated as strictly confidential. Your responses will be stored at Opinion Research Corporation, and will be destroyed after the study has been completed.

### K. 24-HOUR RECALL

Now, for the next part of this interview, I would like to know what you ate yesterday. I'd like you to tell me exactly what you had to eat and drink yesterday.

If you are having trouble remembering what you ate, try to think about what you did yesterday. Often this will help you remember what you ate. Think about the very first thing you did yesterday after you got up, then the second thing, etc., until you had something to eat.

INTERVIEWER: FOR EACH FOOD EATER BY RESPONDENT, FIND THAT FOOD OR FOOD GROUP ON THE FOLLOWING LIST. EACH FOOD HAS A SPECIFIC UNIT SIZE LISTED WITH IT.

ON THE LINES BY THE FOODS, UNDER THE HEADING "NUMBER OF UNITS," RECORD THIS INFORMATION. FOR INSTANCE IF THE RESPONDENT HAD AN 8 OZ. GLASS OF MILK FOR BREAKFAST, AN "8" WOULD BE RECORDED ON THE APPROPRIATE LINE. HALF AND QUARTER UNITS MAY ALSO BE RECORDED.

THE COLUMN FOR RECORDING NUMBER OF UNITS HAS THREE SECTIONS. THE FIRST IS FOR ALL FOOD, INCLUDING MEASTAND SNACKS, EATEN FROM MIDNIGHT UNTIL 11 A.M. THE SECOND IS FOR FOOD EATEN BETWEEN 11 A.M. AND 4 P.M. THE THIRD IS FOR ALL FOOD EATEN AFTER 4 P.M.

IT MAY BE NECESSARY TO HELP THE RESPONDENT REMEMBER WHAT HE/SHE HAD TO EAT BY GENTLE, PROBING QUESTIONS ABOUT THEIR OTHER ACTIVITIES.

QUESTIONS LIKE THESE MAY HELP/THE RESPONDENT REMEMBER BETTER.

"Did you do any work around the house?"

"Did you go somewhere yesterday?"

"Did you watch any TV programs?" >

"Did you visit with neighbors or friends?"

IF NECESSARY, YOU MAY ALSO SUGGEST VARIOUS FOODS WHICH ARE OFTEN EATEN AT DIFFERENT MEALS.

CONSULT THE INTERVIEWER'S MANUAL FOR ANSWERS TO ANY QUESTIONS YOU MAY HAVE IN COMPLETING THIS FORM CORRECTLY.

Nutrition Program for the Elderly Longitudinal Evaluation

Home Delivered Meals Participant Questionnaire

INTRODUCTION

hello, I'm , and I work for Opinion Research Corporation of Princeton, New Jersey. We have been employed by the Administration on Aging, of the Department of Health and Human Services, which is concerned with the nutritional status of older persons. This study is authorized by Section 202 of the Older Americans Act, as amended. The information collected during the interview will be used only for the purpose of evaluating these issues and results will be reported in statistical form only.

Your participation in this survey is completely voluntary, and you may refuse to participate if you so choose. You may also refuse to answer any questions or question, and you may withdraw at any time during the interview. Specifically, if you wish, you may refuse to answer any question which covers any of your rights under the First Amendment to the Constitution of the United States (free exercise of religion, free speech, free press, right of assembly, and right to petition the government for a redress of grievances). If you withdraw, you may destroy the questionnaire itself. Refusal to participate will in no way affect your eligibility to receive present or future Federal benefits.

The results of this study will be presented in a final report to the Administration on Aging. Your individual answers to the questions on this interview will not be identifiable, as they will be grouped with the answers of over 5,000 other people. No individual names or other identifying information will be used at any time in this report or any other reports concerning this study. All responses will be treated as strictly confidential. Your responses will be stored at Opinion Research Corporation, and will be destroyed after the study has been completed.

#### K. 24-HOUR RECALL

Now, for the next part of this interview, I would like to know what you ate yesterday. I'd like you to tell me exactly what you had to eat and drink yesterday.

If you are having trouble remembering what you ate, try to think about what you did yesterday. Often this will help you remember what you ate. Think about the very first thing you did yesterday after you got up, then the second thing, etc., until you had something to eat.

INTERVIEWER: FOR EACH FOOD EATEN BY RESPONDENT, FIND THAT FOOD OR FOOD GROUP ON THE FOLLOWING LIST. EACH FOOD HAS A SPECIFIC UNIT SIZE LISTED WITH IT.

ON THE LINES BY THE FOODS, UNDER THE HEADING "NUMBER OF UNITS," RECORD THIS INFORMATION. FOR INSTANCE, IF THE RESPONDENT HAD AN 8 OZ. GLASS OF MILK FOR BREAKFAST, AN "8" WOULD BE RECORDED ON THE APPROPRIATE LINE. HALF AND QUARTER UNITS MAY ALSO BE RECORDED.

THE COLUMN FOR RECORDING NUMBER OF UNITS HAS THREE SECTIONS. THE FIRST IS FOR ALL FOOD, INCLUDING MEALS AND SNACKS, EATEN FROM MIDNIGHT UNTIL 11 A.M., THE SECOND IS FOR FOOD EATEN BETWEEN 11 A.M. AND 4 P.M. THE THIRD IS FOR ALL FOOD EATEN AFTER 4 P.M.

IT MAY BE NECESSARY TO HELP THE RESPONDENT REMEMBER WHAT HE/SHE HAD TO EAT BY GENTLE, PROBING QUESTIONS ABOUT THEIR OTHER ACTIVITIES.

QUESTIONS LIKE THESE MAY HELP THE RESPONDENT REMEMBER BETTER.

"Did you'do any work around the house?"

"Did you go somewhere yesterday?"

"Did you watch any TV programs?"

"Did you visit with neighbors or friends?"

IF NECESSARY, YOU MAY ALSO SUGGEST VARIOUS FOODS WHICH ARE OFTEN EATEN AT DIFFERENT MEALS.

CONSULT THE INTERVIEWER'S MANUAL FOR ANSWERS TO ANY QUESTIONS YOU MAY HAVE IN COMPLETING THIS FORM CORRECTLY.

#### K. 24-HOUR RECALL

Now, for the next part of this interview, I would like to know what you ate yesterday. I'd like you to tell me exactly what you had to eat and drink yesterday.

If you are having trouble remembering what you ate, try to think about what you did yesterday. Often this will help you remember what you ate. Think about the very first thing you did yesterday after you got up, then the second thing, etc.; until you had something to eat.

INTERVIEWER: FOR EACH FOOD EATEN BY RESPONDENT, FIND THAT FOOD OR FOOD GROUP ON THE FOLLOWING LIST. EACH FOOD HAS A SPECIFIC UNIT SIZE LISTED WITH IT.

ON THE LINES BY THE FOODS, UNDER THE HEADING "NUMBER OF UNITS," RECORD THIS INFORMATION. FOR INSTANCE, IF THE RESPONDENT HAD AN 8 OZ. GLASS OF MILK FOR BREAKFAST, AN "8" WOULD BE RECORDED ON THE APPROPRIATE LINE. HALF AND QUARTER UNITS MAY ALSO BE RECORDED:

THE COLUMN FOR RECORDING NUMBER OF UNITS HAS THREE SECTIONS. THE FIRST IS FOR ALL FOOD, INCLUDING MEALS AND SNACKS, EATEN FROM MIDNIGHT UNTIL 11 A.M. THE SECOND IS FOR FOOD EATEN BETWEEN 11 A.M. AND 4 P.M. THE THIRD IS FOR ALL FOOD EATEN AFTER 4 P.M.

IT MAY BE NECESSARY TO HELP THE RESPONDENT REMEMBER WHAT HE/SHE HAD TO EAT BY GENTLE, PROBING QUESTIONS ABOUT THEIR OTHER ACTIVITIES."

QUESTIONS LIKE THESE MAY HELP THE RESPONDENT REMEMBER BETTER.

"Did you do any work around the house?"

"Did you go somewhere yesterday?"

"Did you watch any TV programs?"

"Did you visit with neighbors or friends?"

IF NECESSARY, YOU MAY ALSO SUGGEST VARIOUS FOODS WHICH ARE OFTEN EATEN AT DIFFERENT MEALS.

CONSULT THE INTERVIEWER'S MANUAL FOR ANSWERS TO ANY QUESTIONS YOU MAY HAVE IN COMPLETING THIS FORM CORRECTLY.

### K. 24-HOUR RECALL

Now, for the next part of this interview, I would like to know what you ate yesterday. I'd like you to tell me exactly what you had to eat and drink yesterday.

If you are having trouble remembering what you ate, try to think about what you did yesterday. Often this will help you remember what you ate. Think about the very first thing you did yesterday after you got up, then the second thing, etc., until you had something to eat.

INTERVIEWER: FOR EACH FOOD EATEN BY RESPONDENT, FIND THAT FOOD OR FOOD GROUP ON THE FOLLOWING LIST. EACH FOOD HAS A SPECIFIC UNIT SIZE LISTED WITH IT.

ON THE LINES BY THE FOODS, UNDER THE HEADING "NUMBER OF UNITS," RECORD THIS INFORMATION. FOR INSTANCE, IF THE RESPONDENT HAD AN 8 OZ. GLASS OF MILK FOR BREAKFAST, AN "8" WOULD BE RECORDED ON THE APPROPRIATE LINE. HALF AND QUARTER UNITS MAY ALSO BE RECORDED.

THE COLUMN FOR RECORDING NUMBER OF UNITS HAS THREE SECTIONS. THE FIRST IS FOR ALL FOOD, INCLUDING MEALS AND SNACKS, EATEN FROM MIDNIGHT UNTIL 11 A.M. THE SECOND IS FOR FOOD EATEN BETWEEN 11 A.M. AND 4 P.M. THE THIRD IS FOR ALL FOOD EATEN AFTER 4 P.M.

IT MAY BE NECESSARY TO HELP THE RESPONDENT REMEMBER WHAT HE/SHE HAD TO EAT BY GENTLE, PROBING QUESTIONS ABOUT THEIR OTHER ACTIVITIES.

QUESTIONS LIKE THESE MAY HELP THE RESPONDENT REMEMBER BETTER.

"Did you do any work around the house?"

"Did you go somewhere yesterday?"

"Did you watch any TV programs?"

"Did you visit with neighbors or friends?"

IF NECESSARY, YOU MAY ALSO SUGGEST VARIOUS FOODS WHICH ARE OFTEN EATEN AT DIFFERENT MEALS.

CONSULT THE INTERVIEWER'S MANUAL FOR ANSWERS TO ANY QUESTIONS YOU MAY HAVE IN COMPLETING THIS FORM CORRECTLY.
