ABSTRACT

This compilation of data on Connecticut's State Technical Colleges was prepared using the official enrollment reports submitted by the colleges during the 1984-85 academic year. Report highlights include the following: (1) there was a 7% decrease in the fall 1984 tuition fund (TF) headcount from fall 1983; (2) TF full-time equivalents (FTE's) were higher than the headcount, indicating that the average technical college student was taking more than 15 credit hours; (3) there was a 14% decrease in the fall 1984 evening extension fund headcount from fall 1983; (4) in fall 1983, females represented 24.6% of the student population, compared to 22.1% in 1984; (5) minority representation increased from 9.2% in 1983 to 10.1% in 1984; (6) there was a 24% decrease in summer 1984 enrollments from summer 1983; (7) the state technical colleges graduated 1,046 students in June 1984, compared with 1,009 students in 1983; (8) the average starting salary of graduates increased from \$16,530 in 1983 to \$17,800 in 1984; and (9) 32% of the 1984 graduates chose to continue their education and 85% of those seeking employment were employed. The bulk of the report consists of tables providing statewide and institutional data. (EJV)

## ACKNOWLEDGEMENTS

I wish to acknowledge the contributions and assistance of the following individuals in the preparation of this report.

Ines Casares, Automated Systems Typist, Central Office  
Alex Tucciarone, Computer Systems Administrator, Central Office  
Kenneth DeRego, President (Data Designee) HSTC  
Charles Ekstrom, President (Data Designee) WSTC  
Diane Minardo, Registrar (Data Designee) TVSTC  
Peter Moanfeldt, Dean of Instruction (Data Designee) GNHSTC  
Richard Olson, Dean of Instruction (Data Designee) NSTC

Also, the Administrative and Clerical staffs of the five state technical colleges for the numerous hours spent compiling and typing data are acknowledged with thanks.

Jane Toce  
Assistant Director  
Management/Personnel Services

## SUMMARY OF STATISTICS

This compilation of data was prepared using the official enrollment reports submitted by the colleges during the 1984-85 academic year.

### GENERAL FUND

There was a decrease in Fall 1984 TF Headcount of 266 (7%) students from Fall 1983. Page 1

Note the TF FTE's are higher than the Headcount, indicating the average technical college student is taking more than 15 credit hours. Page 1

Technologies such as Arch Engr and Biomedical showed significant increases. Also, EE, Comp Sys, IM, ID (c) are on the uprise. Declines appear in all other areas. Chemical and Pre-Tech declining most significantly with Arch Tech and DP (c) maintaining status quo. Page 5

The percentage of full time vs. part time TF students shows a .6% decrease in full time students. Page 6

TF Enrollment by Sex for 1984 shows a 1.7% increase in female enrollment from Fall 1983 for an all time high. Females are highly concentrated in the Data Processing area. Page 7

TF Migration Enrollment Data for Fall 1984 shows 98% of the State Technical College students are residents of Connecticut. Page 8

The TF Faculty/Student Ratio is 1 faculty to 15.7 students. Page 9

### EXTENSION FUND

There was a decrease in Fall 1984 EEF Headcount of 710 (14%) students from Fall 1984. Page 10

The EEF FTE is approximately one third of the Headcount indicating the average credits for an EEF student is approximately 5. Page 10

Significant increases appear in the Arch Engr, Arch Tech, and Pre-Tech. Significant declines appear in Biomed, DP., EE, IM, and Mfg. Page 13

### GENERAL FUND PLUS EXTENSION FUND

Of the 169 Connecticut towns, the State Technical Colleges draws students from 164 towns. The only towns not represented are Cornwall, Colebrook, North Canaan, Salisbury, and Sharon, which are all located in the Northwestern section of the State. Pages 17-21

In Fall 1983 GF plus EEF females represented 24.6% of the student population and in 1984 females represented 22.1%, for a decrease of

2.5% However, note increase in TF (page 7) from 22.0% females in 1983 to 23.7% in 1984 for an increase of 1.7%. Page 22

The TF plus EEF minority representation was 816 (of 8094) or 10.1% in Fall 1984. In Fall 1983 minority representation was 830 (of 9070) or 9.2% for an increase of .9% in 1984. Page 23

Age distribution differs dramatically between the TF and the EEF. 83.8% of the GF (day) students are between the ages of 15 and 24. Whereas, in the EEF (evening) only 32.1% of the students were between the ages of 15 and 24. The average age in the day division is 21 years vs. 29 years in the evening division. The average overall age (TF and EEF combined) is 26 years. Page 24

#### SUMMER

There was a 24% decrease in Summer 1984 enrollments from Summer 1983. The Summer 1984 Average Credits Per Student of 3.9%, remained consistent with Summer 1983. Page 25

#### GRADUATES

The State Technical Colleges graduated 1046 students in June 1984 compared with 1009 students in 1983 for an increase of 37 graduates.

59 (of 1046) or 5.6% of the 1984 graduates were minority compared with 58 (of 1009) or 5.7% in 1983 for a slight 0.1% decrease. Page 27

The percentage of female graduates in 1984 decreased 2% from 1983. Page 28

Preliminary data on June 1985 graduates shows 1029 graduates vs. 1046 in 1984 indicating a decrease of 17 (2%) graduates from 1984. Page 38

#### PLACEMENT SURVEY

The Average Starting Salary increased from \$16,530 in 1983 to \$17,800 in 1984, 32% of the 1984 graduates chose to continue their education and 85% of those seeking employment were employed.

**PLACEMENT SURVEY**

STATE TECHNICAL COLLEGES  
1984 GRADUATE PLACEMENT SURVEY  
SUMMARY OF DATA

We have data on 761 of the 1046 graduates. 247 of the 761 chose to continue their education, leaving 514 graduates seeking employment. Of those seeking employment 85% were employed with an average starting salary of \$17,800.

Placement rates of those seeking employment and average starting salary over the past five years is as follows:

YEAR	TOTAL # OF GRADS	PERCENT EMPLOYED	AVERAGE STARTING SALARY
1980	810	93%	\$14,220
1981	834	90%	\$15,075
1982	896	Data not available	
1983	1009	85%	\$16,530
1984	1046	85%	\$17,800

Data reflects status of graduates on or about 11/1
