ABSTRACT

This document is the amended text of Public Law 93-247, the Child Abuse Prevention and Treatment Act, originally passed in 1974, which provides financial assistance for a demonstration program for the prevention and treatment of child abuse and neglect, and establishes a National Center on Child Abuse and Neglect. It is noted that the Secretary of Health and Human Services, through this Center, would be assigned the responsibilities of an annual research summary, an information clearinghouse, provision of technical assistance, study and research, and reports. The terms "child abuse and neglect," "sexual abuse," and "withholding of medically indicated treatment" are defined. Subjects of grants and contracts with nonprofit private organizations, public agencies, and states are described. Authorizations for appropriations and the division of funds is given. The appointment of an advisory board on child abuse and neglect is described. Related provisions of the Child Abuse Amendments of 1984, Public Law 98-457, are discussed in the areas of regulations and guidelines, report on financial resources, statutory construction, and effective dates. DEFINITION

SEC. 3. For purposes of This Act—

(1) the term "child abuse and neglect" means the physical or mental injury, sexual abuse or exploitation, negligent treatment, or maltreatment of a child under the age of eighteen, or the age specified by the child protection law of the State in question, by a person (including any employee of a residential facility or any staff person providing out-of-home care) who is responsible for the child's welfare under circumstances which indicate that the child's health or welfare is harmed or threatened thereby, as determined in accordance with regulations prescribed by the Secretary; and

(2)(A) the term "sexual abuse" includes—

(i) the employment, use, persuasion, inducement, enticement, or coercion of any child to engage in, or having a child assist any other person to engage in, any sexually explicit conduct (or any simulation of such conduct) for the purpose of producing any visual depiction of such conduct, or

(ii) the rape, molestation, prostitution, or other such form of sexual exploitation of children, or incest with children, under circumstances which indicate that the child's health or welfare is harmed or threatened thereby, as determined in accordance with regulations prescribed by the Secretary; and

(B) for the purpose of this clause, the term "child" or "children" means any individual who has not or individuals who have not attained the age of eighteen.

(3) the term "withholding of medically indicated treatment" means the failure to respond to the infant's life-threatening conditions by providing treatment (including appropriate nutrition, hydration, and medication) which, in the treating physician's or physicians' reasonable medical judgment, will be most likely to be effective in ameliorating or correcting all such conditions, except that the term does not include the failure to provide treatment (other than appropriate nutrition, hydration, or medication) to an infant when, in the treating physician's or physicians' reasonable medical judgment, (A) the infant is chronically and irreversibly comatose; (B) the provision of such treatment would (i) merely prolong dying, (ii) not be effective in ameliorating or correcting all of the infant's life-threatening conditions, or (iii) otherwise be futile in terms of the survival of the infant; or (C) the provision of such treatment would be virtually futile in terms of the survival of the infant and the treatment itself under such circumstances would be inhumane.

DEMONSTRATION OF SERVICE PROGRAMS AND PROJECTS

SEC. 4. (a) The Secretary, through the Center, is authorized to make grants to, and enter into contracts with, public agencies or nonprofit private organizations (or combinations thereof) for demonstration or service programs and projects designed to prevent, identify, and treat child abuse and neglect. Grants or contracts under this subsection may be—

(1) for training programs for professional and paraprofessional personnel in the fields of medicine, law, education, social work, and other relevant fields who are engaged in, or intend to work in, the field of prevention, identification, and treatment of child abuse and neglect; and training programs for children, and for persons responsible for the welfare of children, in methods of protecting children from child abuse and neglect;

(2) for the establishment and maintenance of centers, serving defined geographic areas, staffed by multidisciplinary teams of

personnel trained in the prevention, identification, and treatment of child abuse and neglect, including direct support and supervision of satellite centers and attention homes, as well as providing advice and consultation to individuals, agencies and organizations which request such services;

(3) for furnishing services of teams of professional and paraprofessional personnel who are trained in the prevention, identification, and treatment of child abuse and neglect cases, on a consulting basis to small communities where such services are not available; and

(4) for such other innovative programs and projects, including programs and projects for parent self-help, and for prevention and treatment of drug-related child abuse and neglect, that show promise of successfully preventing or treating cases of child abuse and neglect as the Secretary may approve.

(b)(1) The Secretary, through the Center, is authorized to make grants to the States for the purpose of assisting the States in developing, strengthening, and carrying out child abuse and neglect prevention and treatment programs.

Grants to States.

(2) In order for a State to qualify for assistance under this subsection, such State shall—

(B) provide for the reporting of known and suspected instances of child abuse and neglect;

(D) demonstrate that there are in effect throughout the State, in connection with the enforcement of child abuse and neglect laws and with the reporting of suspected instances of child abuse and neglect, such administrative procedures, such personnel trained in child abuse and neglect prevention and treatment, such training procedures, such institutional and other facilities (public and private), and such related multidisciplinary programs and services as may be necessary or appropriate to assure that the State will deal effectively with child abuse and neglect cases in the State;

(E) provide for methods to preserve the confidentiality of all records in order to protect the rights of the child, and the child's parents or guardians;

(F) provide for the cooperation of law enforcement officials, courts of competent jurisdiction, and appropriate State agencies providing human services;

(H) provide that the aggregate of support for programs or projects related to child abuse and neglect assisted by State funds shall not be reduced below the level provided during fiscal year 1973, and set forth policies and procedures designed to assure that Federal funds made available under this Act for any fiscal year will be so used as to supplement and, to the extent practicable, increase the level of State funds which would, in the absence of Federal funds, be available for such programs and projects;

(I) provide for dissemination of information to the general public with respect to the problem of child abuse and neglect and the facilities and prevention and treatment methods available to combat instances of child abuse and neglect;

(J) to the extent feasible, insure that parental organizations combatting child abuse and neglect receive preferential treatment; and

Failure to obligate
Funds.

If a State has failed to obligate funds awarded under this subsection within eighteen months after the date of award, the next award under this subsection made after the expiration of such period shall be reduced by an amount equal to the amount of such unobligated funds unless the Secretary determines that extraordinary reasons justify the failure to so obligate.
