The program recruiter obtains ent and commitment of business/industry to publicize the adult, skill centers, and secondary school programs through rmer students can re-enter the educational system. This includes the following:	
1.	staff development of business/industry personnel directors regarding school system educational programs	
2.	commitment of various industries to distribute literature to persons accepted or rejected by various businesses and industries for employment	
3.	commitment by business and industry to hire students who have not received a high school diploma with a contingency that they will return to some form of ecucation (GED, high school, or adult) to complete their high school education	
4.	communication of available alternatives to complete ecucation through usual business/industry billings (for example, Southern Bell - the telephone bill; Fibrida Power and Light - the electric bill)	

STATUS TITLE AND DESCRIPTION NCY PREVENTION PROJECT This program is being implemented in the Miami Coral Park Senior High School feeder pattern. It includes the following schools: Miami Coral Park Senior High, Rockway Junior High, West Miami Junior High, and W. R. Thomas Junior High Schools. The purpose of this project is to improve the present truancy situation that exists in this feeder pattern. It is a total effort by different community agencies to improve attendance and reduce the number of truants. [wo part-time school/community liaison positions have been established to support this effort. They assist the principals and school personnel with identified students by providing assistance to counselors, making home contacts (phone calls to parents after school hours), and home visitations. number of participating students varies. INSTRUCTION PROGRAM FOR PRESCHOOL YOUNGSTERS (HIPPY) This program of instruction focuses on three major areas of Intellectual functioning--formal language, sensory discrimination, and problem solving. To qualify for the program a child must be four years old. In 🕒 eddition, the parent must make a commitment to attend bimonthly meetings, enroll his/her child for two years, and devote 15 minutes, five days per week as his/her teacher. Children will be pre- and post-tested for growth comparison. A total of 100 parents and children will participate during the 1985–86 school

/ear.

TITLE AND DESCRIPTION	STATUS
ALTERNATIVE VOCATIONAL EDUCATION PROJECT (SAVE)	
he School Alternative Vocational Education project operates at ockway Junior High School and is designed to serve unsuccessful, ut not disruptive students, who have sufficient cognitive ability o complete a school program.	
the program features a "school-within-a-school" setting for approxitately 15 students who meet this criteria. The program attempts to timulate a level of motivation sufficient to produce positive beavior while increasing students' level of basic skills attainment. Except for a homeroom period, the students take all their classes objecter. SAVE emphasizes both basic skills and professional/areer exploratory opportunities along with guidance/counseling essions, emphasizing both pre-emeployment skills and self-growth. The program attempts to produce a positive classes objected to produce a positive change in the tudent behavior and school attitudes, include contracting with the articipants' parents; parental involvement via meetings; field rips; small class size; use of a reward system; and "early bird" re-vocational training.	
mber of participating students is 26.	
Y FOR COMMUNITY EDUCATION	
Academy for Community Education is a program for predelin- nt youngsters who are disruptive, unsuccessful and/or dis- erested in the regular school environment. The program is ated at Merrick Educational Center. Placement is determined grades, achievement test scores, suspensions, disciplinary blems, and excessive absences. A behavior modification system used to reward students who meet program standards in attend- e, conduct, and academic achievement.	
mber of participating students is 130.	•

	
ION TURNAROUND	
is program is designed to improve the learning environment and idemic performance of students in selected elementary inner-city nools. Test results indicate that these students are achieving unificantly lower in reading and mathematics than students in ner elementary schools in this school district. Operation Turnbund aims specifically at eliminating systemic and personnel deciencies as a means by which to improve the quality of education disadvantaged children. The elementary schools selected for ficipation are Holmes, Little River, and Orchard Villa.	·
ring the summer of 1985, workshops in Classroom Management and v to Implement the Diagnostic Prescriptive Program in Basic Skills re conducted for teachers in the above referenced schools.	
nber of participating students is 2,654.	
MATIONAL PLANNING COUNCIL (CNPC)	
s program will identify the social, economic/employment, and tural needs of Cubans and other minority groups, and provide vices to those in need of assistance. Students meeting the pout criteria of poor attendance, tardiness, sehavior as well economic problems will be offered intensive guidance/counsel, vocational/career training, and opportunities for job place- t. In addition, students and their parents will be involved career guidance and counseling sessions. The program is being lemented from October, 1985 to June, 1986 at Booker T. Washington for High School. A counselor from CNPC works in cooperation the school counselor in the identification of students.	
wher of participating students is 100.	·

TUDIES INSTITUTE

s is a three-component pilot project being implemented at e Stevens and North Carol City Elementary Schools during the 5-86 school year. Components of the program include peer up counseling, advocacy training for parents, and basic skills ining. In addition, a pre/post assessment will be administered measure attitudinal and behavior changes of participants. t-time professionals provide overall direction and support the project. Experimental and control groups will be utilized compare the success of the project.

ber of participating students is 30.

IONAL SKILLS CLASS

nsitional skills class is an alternative program which is dened to serve students in grades 1-6 who have failed to meet standards for promotion. Targeted students are those who, ough either lack of attention, absenteeism, or low ability, d intensive instruction and more structure in order to "catch academically.

instruction in the the <u>transitional class</u> is concentrated in basic skills areas and students are provided with remedial truction in the areas of previous academic failure. When approate, students are mainstreamed into regular classes at the de level to which the student would have been assigned if moted.

transitional class concept focuses on alternative strategies prevent failure. It provides many students the opportunity gain the skills they lack for promotion in a much shorter time in a more efficient manner. The participating elementary cols are: Cutler Ridge, Fulford, Lillie C. Evans, and erside.

ber of participating students is 63.

TITLE AND DESCRIPTION	STATUS
JUMP-AHEAD	
s pilot project is being implemented at Dunbar, Phyllis Wheatley, I Campbell Drive Elementary Schools. It is designed to remediate its skills deficiencies of selected third and fifth grade retainees. see students are tutored in one of two models: conditional place— it in the following grade or retention until such time as promotion quirements are met.	
ber of participating students is 45.	
TARY ALTERNATIVE STRATEGY
