**ABSTRACT**

Provided in this report are the text of and explanatory statements about the conference agreement reached by House and Senate committee members concerning the Human Services Reauthorization Act of 1986 (later to become Public Law 99-425). The Act authorizes 4 years of appropriations to continue several existing human services programs of the federal government, and also includes provisions creating two new federal programs. Funding was authorized for the Head Start, Follow Through, State Dependent Care Development Grants, Community Services Block Grant, Community Food and Nutrition, and Low Income Home Energy Assistance programs. For these programs, appropriations are authorized for fiscal years 1987 through 1990. Also authorized are a Child Development Associate (CDA) scholarship program and Community Service Block Grant (CSBG) demonstration projects. The CDA scholarship program authorizes grants to states to assist eligible low income candidates for the CDA credential, a performance-based certification for child care providers. The CSBG demonstration projects are authorized to develop innovative responses to the critical needs of the poor. The act further authorizes studies of beginning reading methods and youth employment, and makes a technical change in the Excellence in Education Act. (RH)

## JOINT EXPLANATORY STATEMENT OF THE COMMITTEE ON CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 4421) to authorize appropriations for fiscal years 1987, 1988, 1989, and 1990 to carry out the Head Start, Follow Through, dependent care, community services block grant, and community food and nutrition programs, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

The Senate amendment to the text of the bill struck out all of the House bill after the enacting clause and inserted a substitute text.

The House recedes from its disagreement to the amendment of the Senate with an amendment which is a substitute for the House bill and the Senate amendment. The differences between the House bill, the Senate amendment, and the substitute agreed to in conference are noted below, except for clerical corrections, conforming changes made necessary by agreements reached by the conferees, and minor drafting and clarifying changes.

### HUMAN SERVICES REAUTHORIZATION ACT

#### *Citation*

*House bill*—The House bill cites the Act as the Community Services Programs Amendments of 1986.

*Senate amendment*—The Senate amendment cites the Act as the Human Services Reauthorization Act of 1986.

*Conference agreement*—The House recedes.

### HEAD START

#### *Authorization*

*House bill*—The House bill provides for authorization for Head Start at such sums as necessary for FY '87, FY '88, FY '89 and FY '90.

*Senate amendment*—The Senate amendment authorizes appropriations.

Fiscal year:

1987 .....	\$1,130,542,000
1988 .....	1,175,764,000
1989 .....	1,222,795,000
1990 .....	1,271,717,000

*Conference agreement*—The Senate recedes with an amendment to authorize the program at the following levels:

(17)

Fiscal year:		
1987	.....	\$1,198,000,000
1988	.....	1,263,000,000
1989	.....	1,332,000,000
1990	.....	1,495,000,000

The Conferees direct the Secretary of Health and Human Services to distribute any appropriated funds for this program in a prompt manner. The conferees are concerned that delays in the receipt of funding awards can result in a reduction in program staff, an interruption of or reduction in vital education, health and social services and in certain instances, in additional and unnecessary costs being incurred by Head Start grantees.

#### *Indian and migrant*

*House bill*—The House bill provides that no less funds can be provided for Indian and Migrant programs for fiscal year 1987 and each subsequent fiscal year than were obligated for use in fiscal year 1985.

*Senate amendment*—The Senate amendment specifies that national funding for the Indian and Migrant Head Start programs is 7.1% of the amount appropriated for the total Head Start program.

*Conference agreement*—The Senate recesses.

#### *Training and technical assistance*

*House bill*—The House bill has no comparable provision

*Senate amendment*—The Senate amendment provides that in years when the Head Start appropriations are less than the FY 84 appropriation, funding for training and technical assistance shall be 3% of the appropriation.

*Conference agreement*—The Senate recesses.

#### *Coordination*

*House bill*—The House bill does not have a comparable provision

*Senate amendment*—The Senate amendment specifies that the type of programs Head Start agencies are to coordinate with are "state and local".

*Conference agreement*—The House recesses.

#### *Income calculation*

*House bill*—The House bill continues the current method of counting income for purposes of determining eligibility for Head Start through fiscal year 1990.

*Senate amendment*—The Senate amendment continues the prohibition through 1990, of any change in the method the Secretary uses to calculate income used to prescribe eligibility for the participation of persons in the Head Start program if the change would result in any reduction or exclusion of persons in the program.

*Conference agreement*—The Senate recesses. The Conferees note under current law at least 10% of all of the enrollment opportunities in the Head Start program must be available for handicapped children to meet their very special needs. Handicapped children as defined by section 602(a)(1) of the Education of the Handicapped Act includes children who are mentally retarded, hard of hearing, deaf, speech or language impaired, visually handicapped, seriously

emotionally disturbed, orthopedically impaired, or other health impaired children or children with specific learning disabilities who by reason thereof require special education and related services. Based upon the strong commitment displayed by Congress over the years to serve handicapped pre-schoolers through the Head Start program, the Conferees reiterate their support of the definition of handicapped children as defined in the Education of the Handicapped Act, the Conferees expect that the individuals who fall within this definition will continue to be served within the Head Start program. The Conferees further intend that any proposed change in the handicapped eligibility criteria meet those standards.

#### FOLLOW THROUGH

*House bill*—The House bill extends the Follow Through program through 1990 at such sums as necessary.

*Senate amendment*—The Senate amendment does not have a comparable provision.

*Conference agreement*—The Senate recedes with an amendment to delete Section 668(b) of the Act and to authorize the program at the following levels:

Fiscal year:

1987 .....	\$7,500,000
1988 .....	7,800,000
1989 .....	8,112,000
1990 .....	8,436,000

Section 668(b) of the Follow Through Act provides that financial assistance under this subchapter shall not be suspended for failure to comply with applicable terms and conditions, except in emergency situations, nor shall an application for refunding be denied, unless the recipient agency has been given reasonable notice and opportunity to show cause why such action should not be taken. In making this change, it is the conferees intent to emphasize that this is a competitive grant program and that the grant award process can consider applications other than existing grantees. However, current or past receipt of grants does not in or of itself preclude or give preference for consideration of future funding.

#### DEPENDENT CARE

##### Title

*House bill*—The House bill cites the Subchapter as "Dependent Care Programs Act".

*Senate amendment*—The Senate amendment cites the Act as the "State Dependent Care Development Grants Act".

*Conference agreement*—The House recedes.

##### Dependent care authorization

*House bill*—The House bill authorizes such sums as may be necessary for fiscal years 1987, 1988, 1989, and 1990.

*Senate amendment*—The Senate amendment reauthorizes the Dependent Care programs at

Fiscal year:

1987 .....	\$20,000,000
1988 .....	20,000,000
1989 .....	20,000,000

*Conference agreement*—The Senate recedes with an amendment to authorize the program at the following levels:

Fiscal years:	
1987 .....	\$20,000,000
1988 .....	20,000,000
1989 .....	20,000,000
1990 .....	20,000,000

The conferees direct the Secretary of Health and Human Services to distribute any appropriated funds for this program in a prompt manner.

#### *Licensing*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment provides that the specified types of information on dependent care services to be made available by resource and referral systems are optional rather than mandatory. It eliminates the requirement that before and after school childcare programs be provided at community centers only where school facilities are not available and clarifies that the licensing laws and regulations with which applicants must comply are those relating to "child care".

*Conference agreement*—The House recedes. It is the conferees intent that where school facilities are utilized for childcare, programs physically conducted in schools may calculate space which they have access to and regularly use for school age child care programs after 3 p.m.

#### *Child care definitions*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment revises the definition of school-aged children to include children under age five, the younger age to be consistent with the age at which each state provides free public education to children.

*Conference agreement*—The House recedes.

### COMMUNITY SERVICES BLOCK GRANT

#### *CSBG authorization*

*House bill*—The House bill authorizes \$390,000,000 for fiscal year 1987 and such sums as may be necessary for fiscal years 1988, 1989 and 1990.

Fiscal year:	
1987 .....	\$381,409,000
1988 .....	392,851,000
1989 .....	404,636,000
1990 .....	416,775,000

*Conference Agreement*—The Senate recedes with an amendment to authorize the program at the following levels:

Fiscal year:	
1987 .....	\$390,000,000
1988 .....	409,500,000
1989 .....	430,000,000

1990 ..... 451,500,000

*Eligible entity*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment expands the definition of eligible entity to include programs which came into existence in FY 1982 as a direct successor to a community action agency and meets all of the board composition requirements of section 675(c)(3).

*Conference agreement*—The House recedes.

*Transfer authority*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment requires that the allowed transfer of up to 5% of a state's allotment to specified programs or to provide assistance for state-awarded discretionary grants is to increase funds otherwise available to eligible entities under the Community Services Block Grant program. It prohibits the transfer of funds that would diminish the state's responsibility to pass through 90% of funds to eligible entities.

*Conference Agreement*—The Senate recedes.

*Termination procedure*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment establishes procedures which the Secretary must follow in reviewing State proposed termination of funding to CAA's or migrant and seasonal farm-worker organizations. The procedures include a prompt review and written determination by the OCS. The Senate bill also requires the Secretary to assume responsibility for funding the affected eligible entity if a state terminates funding prior to the completion of the required state hearing and Secretary's review.

*Conference agreement*—The House recedes with an amendment. The Conferees intend that in situations where the Secretary provides continuing funding to an eligible entity, the amount of funding provided will be subtracted from the state allotment.

*Fiscal evaluations*

*House bill*—The House bill has no comparable provision.

*Senate amendment*—The Senate amendment combines the required investigation and evaluation of compliance requirements in the Community Services Block Grant program. It states that such compliance evaluations are to be made especially with regard to purposes of the Act to ameliorate the causes of poverty in communities, State public hearings on the proposed use and distribution of funds, and all the eleven agreements required of States in their annual applications for their allotments of funds. Such evaluations are to include the impact of funds under this program on children, homeless families, and the elderly poor. The Secretary will send recommendations of improvements on how to enhance the benefit and impact to people in need to each State and the State will then submit a plan of action in response to the recommendation con-

tained in the report. Evaluation results are to be submitted annually to the Chairmen of the House Education and Labor and Senate Labor and Human Resources Committees.

*Conference agreement*—The House recedes with an amendment to add the category of pregnant adolescents to the list of which the Secretary will note the impact of CSBG funds during their evaluations.

*Discretionary authority*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment authorizes the Secretary to fund national conferences, newsletters, and the collection and dissemination of data about programs and projects funded under the Community Services Block Grant program as part of training activities authorized under the program. It also specifies that community development corporations, which are one of the special emphasis programs for which funding is authorized, are to be governed by a board consisting of residents of the community and business and civic leaders.

*Conference agreement*—The House recedes. The Conferees intend that funds available under this provision not be utilized for political activities including direct support of a national association.

*Community economic development discretionary authority*

*House bill*—The House bill provides that the Community Economic Development discretionary program be carried out in accordance with the Community Economic Development Act. The House bill references Section 616 and 617(a) paragraphs (1) through (4) to provide better direction regarding the goals and structure of this discretionary program.

*Senate amendment*—The Senate amendment specifies that Community Development Corporations, which are one of the special emphasis programs for which funding is authorized, are to be governed by a board consisting of residents of the community and business and civic leaders.

*Conference agreement*—The House recedes. The Conference notes that the continuing crisis in the farm economy has resulted in dislocation and high rates of unemployment in many rural states. Subject to the changes in the Community Economic Development section made in this Conference report, the Secretary is directed to ensure that CED funds are granted to rural states or rural areas within states. The Secretary is expected to encourage applications for discretionary funds which promote job creation and enterprise development in distressed rural communities and promote coordination with other state and federal efforts.

*Rural development loan fund*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment clarifies that the loans to borrowers made after the date of enactment of the Food Security Act and prior to the date of enactment of the Human

Services Reauthorization Act of 1986 shall be transferred to and administered by the Secretary of Agriculture.

*Conference agreement*—The House recedes with an amendment. The amendment makes a number of technical corrections to complete the transfer of rural development loan functions accomplished in large part by enactment of P.L. 99-198, the Food Security Act of 1985. That Act transferred to the Secretary of Agriculture funds available in the Rural Development Loan Fund established under section 623(c)(1) of the Community Economic Development Act of 1981 (42 U.S.C. 9801 et seq.) The Conference agreement ensures that all intermediary borrowers will be treated equitably, that the weighted average passed on by intermediary borrowers shall be no more than six points. The Conferees recognize that the cost of interest, administration, bad debt and technical assistance far exceeds the rate of interest charged by the intermediary on some loans but it is intended that the interest spread on individual loans be kept as close to six points as possible. The Conferees intend that funds available for loan purposes, i.e. repayments into the Rural Development Loan Fund, will be distributed in accordance with the provisions of Section 405 of the Human Services Reauthorization Act Amendments of 1986. It is the intent of the Conferees that such distribution give high priority to rural areas in distress due to the farm crisis.

*Rural community assistance programs*

*House bill*—The House bill directs the Secretary to give priority to private nonprofit organizations that carried out such programs prior to the enactment of the Community Services Programs of 1986.

*Senate amendment*—The Senate amendment gives special priority to rural community assistance programs under the special emphasis program on rural housing and community facilities development.

*Conference agreement*—The Senate recedes with an amendment changing "such" to "community facility".

*Poverty conference*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment directs the Secretary to appoint an advisory panel to develop and hold a national conference to exchange information on past approaches to the problems of poverty and to formulate plans for future methods of attacking the causes of poverty. The Secretary is directed to reserve \$100,000 from administrative expenses to fund this conference. This section specifies the composition of the nine member panel and who is to designate each of its members.

*Conference agreement*—The Senate recedes.

*Reports on Grants outside of competitive process*

*House bill*—The House bill has no comparable provision.

*Senate amendment*—The Senate amendment requires that the Chairmen of the House Education and Labor and Senate Labor and Human Resources Committees are to be provided annually with a

summary of final reports on projects assisted under the Secretary's discretionary authority and a list of grantees who have received funds under this authority outside of the competitive process. The Senate bill directs the Secretary to compile and make available a catalog listing information on the projects funded under the discretionary program.

*Conference agreement*—The House recesses.

#### COMMUNITY FOOD AND NUTRITION

*House bill*—The House bill continues authority for appropriations for Community Food and Nutrition programs at such sums as may be necessary for Fiscal Years 1987, 1988, 1989 and 1990.

*Senate amendment*—The Senate amendment extends the current authority for appropriations for the Community Food and Nutrition program at \$2.5 million annually through 1990.

*Conference Agreement*—The Senate recesses with an amendment to specify that 60 percent of the funds appropriated shall be allocated as grants on the basis of poor and unemployed in each state and 40 percent of the grants shall be allocated on a competitive basis. In addition, the amendment authorizes the program at the following levels:

Fiscal year:

1987.....	\$3,000,000
1988.....	3,000,000
1989.....	3,000,000
1990.....	3,000,000

The Conferees are concerned about past delays in the promulgation of regulations and distribution of federal grants, therefore, the Conferees direct the Secretary of Health and Human Services to issue a Request for Proposals no later than 90 days after enactment of the Act, and to obligate any appropriation made available no later than sixty days thereafter. In awarding grants under this authority, the Conferees expect the Department of Health and Human Services to take into consideration both the needs of Native Americans, migrants, seasonal and displaced workers and the demonstrated ability of state and local public and private non-profit agencies to successfully develop and implement programs and activities similar to that authorized by Section 681A. It is the intent of the Conferees that agencies receiving grants under this Section give high priority to outreach and public education programs designed to inform low-income individuals of criteria for participation in and the nutrition services afforded by the various federally-assisted nutrition programs.

#### COMMUNITY SERVICES BLOCK GRANT DEMONSTRATION PROGRAM

##### *CSBG demonstration projects*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment authorizes a new program for the development and implementation of new and innovative approaches to deal with particularly critical needs or programs of the poor which are common to a number of communities. Grants are to be made only for the projects which can be closely

coordinated with grantees' ongoing programs, involve significant new combinations of resources of new and innovative approaches involving partnership agreements, or will effectively promote the purposes of the Community Services Block Grant program. The Secretary is authorized to make grants to eligible entities to pay for no more than 50% of the costs of the program, with the non-Federal share to be in cash or in-kind. Not more than one grant may be made to a single entity, and no grant may exceed \$250,000. Federal funds are to be for new programs; they may not substitute for programs previously carried out without Federal assistance; and other resources for the poor may not be diminished to provide the non-Federal match required for this program.

*Conference agreement*—The House recesses.

*Authorization for community services block grant demonstration projects*

*House bill*—The House bill has no comparable provision.

*Senate amendment*—The Senate amendment authorizes \$10,000,000 each for fiscal years 1987, 1988, and 1989

1989 .....	5,000,000

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM

*LIHEAP authorizations*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment provides authorization for appropriations for the LIHEAP program at

Fiscal year	
1987 .....	\$2,163,000,000
1988 .....	2,227,890,000
1989 .....	2,294,726,000
1990 .....	2,363,567,000

1989 .....	2,218,000,000
1990 .....	2,307,000,000

The House recesses with a further amendment to require the Secretary to issue a yearly report on the manner in which certain requirements of the law are being carried out and the impact of each state's program on recipient and eligible households. It is the conferees intent that the new reporting requirements be included as a part of reports currently required under the statute, not a separate report. The amendment allows not more than \$500,000 for technical assistance.

*Energy crisis*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment specifies that community-based organizations can be designated to administer LIHEAP payments for energy crisis intervention.

*Conference Agreement*—The House recedes with an amendment which specifies three components the crisis intervention programs shall include so as to ensure timely responses to emergency situations and that the special needs of handicapped and elderly are met. Conferees intended that the term nonprofit includes private community based organizations such as agencies on aging or community action programs. In providing specific performance standards at the end of section 2604(c), the conferees do not intend to require that the states actually deliver a check to an applicant or fuel vendor within the deadlines for delivering assistance. It is the intent of conferees to ensure that individuals who are in life threatening situations receive care. Noncash assistance will satisfy these standards as long as the assistance is received by the client within the deadlines specified in the statute. Examples of energy-related crisis intervention include space heaters, blankets, alternative shelter, payments, flexible arrangements with utility providers, and resolution of the crisis through means which result in the immediate provision of essential energy. States will be considered in compliance with this provision as long as the crisis is averted by the deadline. It is the conferees intent that the provision suspending the energy crisis intervention sections only applies in situations where the ability of programs to provide services is directly affected.

*Indian tribal allotment under LIHEAP*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment directs the Secretary to include Indian households residing within the State on the tribe's reservation or on trust lands adjacent to the reservation when calculating tribal allotments instead of only Indian households of the petitioning tribe. The section further provides authority to the Secretary to allocate a great amount of Federal LIHEAP funding for a tribal organization if the Indian tribe and the State both agree to such amount. In the case of tribes that do not have reservations, the Secretary shall define a population for the purposes of this paragraph in consultation with the tribe and the State.

*Conference agreement*—The House recedes.

*Applications*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment expands the requirements for the annual application under Section 2605(c) to stress that the neediest households receive the maximum assistance under LIHEAP. This section also repeals the requirement

that States must describe the types of energy usage and the average costs of home energy by type of fuel for each region of the State.

*Conference agreement*—The House recedes with an amendment to Section 2605(b)(5) of such Act to give added emphasis to the fact that assistance should be directed to those most in need. The amendment would amend Section 2605(b) of LIHEAP in paragraph 5 by striking out "in a manner consistent with the efficient and timely payment of benefits" and insert "in a timely manner." The amendment also reorganizes and revises the information which must be included in state plans.

##### *Child development associate scholarship*

*House bill*—The House bill does not have a comparable provision.

*Senate amendment*—The Senate amendment authorizes the Secretary of Health and Human Services to award Child Development Associate Scholarship grants to any State receiving federal funds under the Social Services Block Grant. The grants may be used by the States to award scholarships to individuals who are eligible candidates for the Child Development Associate credentials. The Senate bill specifies assurances that the State must make on grant applications. These assurances include that the scholarship be awarded only to eligible individuals on the basis of financial need; in an amount sufficient to cover the costs of application, assessment and credentialing and that no more than 10% of the grant will be used on administrative costs. The Senate bill defines eligible individuals as those whose income does not exceed 150% of poverty. The Senate bill requires each State receiving a grant to submit an annual report on the number of eligible individuals assisted under this Act and their position and salaries before and after receiving the CDA credential.

*Conference agreement*—The House recedes with an amendment to delete the phrase "the various regions of the nation" from Section 503(c)(1). It is the intent of the Conferees that scholarship assistance for the CDA credential made available with funds under this title shall be made equally available for individuals working in family day care homes and child care centers as for those working in Head Start programs. In making grants under this section, the Secretary shall redistribute equitably any funds left over in the event that any state fails to apply. Further, the Conferees direct the Secretary of Health and Human Services to distribute any appropriated funds in a prompt manner and that regulations be promulgated within ninety days of enactment of these provisions.
