## A. SCOPE OF AGREEMENT

A.1 This agreement constitutes the bargained agreements between the College and its Instructors, Counselors, Librarians, Division Chairs, and Department Heads (hereinafter referred to collectively as "Faculty members"). This agreement supersedes any previous written or oral agreements, rules, policies, resolutions, practices or understandings between the parties which are contrary to or inconsistent with its terms. The agreements expressed herein constitute the entire collective bargaining agreement between the parties. This agreement shall not be amended or supplemented unless the modification is reduced to writing and signed and dated by duly authorized representatives of both parties.

A.2 The management of the District and the direction of the work force, assignment and job responsibility are vested with the Employer subject to the terms of this Agreement. All matters not specifically covered by the language of this Agreement are to be administered by the College in accordance with past practices, policies and procedures.

A.3 The College and its Faculty members recognize the rights and obligations conferred upon each party by RCW 28B.52.010. It is the intent of this Agreement to foster and maintain orderly procedures governing the relationship between the parties and to assure both parties open communication and timely access to information, with reasonable discussion and interpretation of that information. The parties pledge to work in good faith to identify and implement mutually acceptable policies and procedures respecting the wages, hours and other terms and conditions of academic employees.

### A.4 DEFINITIONS

a. ADMINISTRATOR means any person employed either full or part-time by the College and who performs administrative functions as at least fifty percent or more of his or her assignments, and has responsibility to hire, dismiss, or discipline other employees.

b. FACULTY MEMBERS are academic employees who work in classifications covered by this collective bargaining agreement. ACADEMIC EMPLOYEE means any teacher, instructor, counselor, division chair, librarian or department head who is employed by the College, whether full or part-time, with the exception of the chief administrative officer and other administrators of the College; PROVIDED, HOWEVER, that in accordance with RCW 28.B.52.020 (3) administrators may be members of the faculty employee bargaining unit, IF a majority of such administrators and a majority of the bargaining unit elect by secret ballot for such inclusion pursuant to rules and regulations adopted in accordance with RCW 28B.52.080. If both bodies vote for inclusion in a common bargaining unit in compliance with all governing rules and regulations all references to Faculty Members in this Agreement shall also mean such administrators as are included in the bargaining unit.

c. **FULL-TIME FACULTY** includes all academic employees who are tenured or are on a tenure track.

d. **PART-TIME FACULTY (Associate Faculty)** includes all academic employees who are employed as instructors or librarians, or who occupy other professional classifications open to tenure, but who are neither tenured nor on a tenure track.

e. **FACULTY ASSOCIATION** is the Pierce College Faculty Association, an independent professional association which has been recognized in accordance with law as the exclusive bargaining representative of academic employees of the College.

f. **ADJUNCT FACULTY** - academic employees who teach seven and one-half or more credits in at least three out of four quarters in a given calendar year and have met this requirement for the prior three consecutive years.

g. **SPECIALLY FUNDED FACULTY** are non-tenure track, full-time or part-time instructors employed for programs contracted with other state, federal, local and private agencies or business and industry.

## A.5 AGREEMENT DURATION

This Agreement shall be effective March 1, 1989 (or date of ratification), except for provisions of this Agreement which have been assigned other specific effective dates as herein set forth, and shall remain in full force and effect through the 29th day of February, 1992 (or three years from effective date). Either party may commence negotiations for a successor Agreement on or before six months prior to end of contract, by filing written notice to the other of its desire to amend, modify or terminate this Agreement, to be effective after the expiration of its term. During the life of this Agreement and upon mutual consent, the parties may re-open negotiations for consideration of amendment to the Salary Schedule and other salary provisions of this contract as may be specified, intended, allowed, or not disallowed by the Washington State Legislature.

## A.6 SAVING CLAUSE

If any provisions of this agreement shall be found contrary to law, the whole of the remainder of this Agreement shall remain in full effect and force for the remainder of the contract period.

## A.7 MILITARY PROGRAMS AND OTHER CONTRACTUAL SERVICES

Such positions shall not be eligible for tenure, nor shall employment imply or commit the institution to continue employment beyond the duration of the specially-funded Faculty member's period of employment as specified in the Agreement between the College and the Faculty member. If the contract funding source provides, full-time, specially-funded Faculty may be eligible for sick leave and insurance benefits. All Specially-Funded, Full-Time and Associate Faculty members employed by the College, whether at the campus or some other location, shall be paid at a rate to be negotiated between each Faculty member and the College in light of contractual program revenues, giving consideration to the faculty member's longevity.

## A.8 Academic Freedom (New)

The Board of Trustees recognizes and will act to support traditional academic freedom as it applies to a faculty member carrying out their assigned duties and responsibilities, including the professional presentation of what might be considered by some to be controversial materials.

3/17/89

## B. GRIEVANCE AND ARBITRATION

B.1 A grievance is defined as any complaint by any bargaining member or either of the parties to this agreement concerning the effect or interpretation, or a claim of breach, of this negotiated agreement or any claimed violation, misinterpretation, or misapplication of any law, rule, regulation or College policy and practice affecting conditions of employment.

See Appendix A for grievance and arbitration procedure.

## B.2 EXCLUSION OF TENURE AND DISMISSAL FROM GRIEVANCE PROCEDURES

The Association agrees that the ultimate authority to grant or deny tenure is vested with the College. The College agrees that in the event a probationary faculty member disagrees with his/her review committee's recommendation or the recommendation of administration as to the renewal or non-renewal of contract or the award or non-award of tenure, the probationer shall be provided, upon written request, an opportunity to discuss his/her case at a meeting with the Board, rather than a panel or designee of the Board, prior to any Board action on the issue. It is further agreed that any and all decisions relating to the awarding or withholding of tenure shall not be subject to the grievance procedure of this Agreement.

Terminations of employment of academic employees shall be handled in a manner consistent with College procedures (WAC 132K-20-070) and this Agreement. Use of this grievance procedure will not deny access to any statutory, civil, or administrative process in lieu of the negotiated grievance procedure.

### C. JOB DESCRIPTION

At the time of hiring each Faculty member shall have in his or her personnel file, with a copy in the office of the Vice-President for Academic Affairs, a statement describing his or her duties and functions, hereinafter called the job description. That job description shall be reviewed and updated prior to each new contracted year. The job description shall include any duties, such as administrative functions, coordinating work, advising, counseling, as well as the disciplines or programs in which new faculty members will be expected to teach. Job descriptions will be updated to reflect the current negotiated agreement. If consideration is being given to changing a faculty members job responsibilities, the concerned faculty member will be consulted by his/her Division Chair or the Vice President for Academic Affairs and involved in discussing alternatives. Each Faculty member continuing in employment shall receive a copy of his or her job description attached to the annual contract. The Personnel file and the Office of Instructional Services will retain copies of current job descriptions for each faculty member.

## D. FACULTY ASSIGNMENTS

D.1 Every consideration will be given to Faculty preference for assignments, office space and classrooms within the scope of providing quality services for students.

D.2 Teaching assignments (class times, courses taught, etc.) shall be made among fully-qualified Faculty members on the basis of the individual Faculty member's primary academic training. If two (2) or more fully-qualified Faculty members express the same or some other irreconcilable preference for class times, courses taught, etc., the final teaching assignment (including summer school) shall be determined on the basis of seniority, defined as the amount of continuous service within the bargaining unit. The Faculty member having the greatest seniority within the bargaining unit will have his or her preference honored for assignments during their normal work hours.

D.3 For office assignments the Administration shall make a good faith effort to assign office space on the basis of seniority. The Faculty member affected by office assignment will be given at least four (4) weeks' notice of the office change, unless, otherwise mutually agreed upon by all parties concerned, and be given an opportunity to discuss the impact of the proposed change with the division chair and/or Vice-President for Academic Affairs prior to the implementation. Every effort will be made to coordinate with the concerned faculty member(s) any office relocation with quarter breaks to prevent disruption of the Faculty member during the instructional term.

D.4 For classroom assignments classrooms will be assigned initially on the basis of unique course requirements; in the absence of controlling unique course requirements, classrooms will be assigned in accordance with the preferences of Faculty members in order of the Faculty member's seniority if requests are submitted to the Instructional Services Office prior to the publication date of the quarterly schedule. Classroom assignments shall be changed only after consultation with and agreement of the affected Faculty member(s). Nothing in the foregoing shall prohibit reassignment when it is necessary to accommodate handicapped students, provided that such a reassignment does not dislodge other handicapped students.

## E. FACULTY CONTRACTS

E.1 The basic "academic contract year" shall consist of the three (3) traditional quarters, fall, winter and spring in the number of days prescribed in the current year's calendar, developed by the Calendar Committee. Within the constraints of budget and quality service for students, Faculty members shall be allowed to select which quarters of an academic year will comprise their annual contract. Requests for annual contracts different from fall, winter and spring quarters will be submitted to the Vice-President for Academic Affairs by January 15th. If summer is chosen as a contracted time, salary and teaching load shall be computed as a traditional instructional quarter. Salary and instructional load for the quarter not selected will be computed at the presently-agreed "summer rates."

E.2 All part-time, "moonlight," full-time, and stipend checks will be distributed on the first pay date for that specific employee type after employment begins each quarter, providing employment contracts have been issued, signed, and returned on a timely basis to allow for such payment cycle. Payments for part-time, "moonlight", and stipend contracts shall be divided into equal payments and paid in semi-monthly installments to the extent possible. For full-time and stipend contracts, this pay shall be divided into nineteen (19) or twenty-four (24) equal payments as determined by the concerned Faculty member. "Moonlight" contracts are issued to full-time Faculty members who are teaching beyond their normal and contracted workload.

E.3 For released time, a subcommittee composed of two instructional administrators appointed by the Vice-President for Academic Affairs, two faculty members appointed by faculty, and division chairs of the CAA will consider all requests and proposals for released time in January. Unanticipated requests will be considered monthly. This committee will act as an advisory group to the Vice-President for Academic Affairs.

E.4 The Administration will make every effort to provide adequate staff and facility support during all Faculty contracted days.

### E.5 Contract Issuance

- a. An individual employment contract will be issued by 9/1 annually.
- b. The individual employment contract shall specify number of days of service to be provided and the reporting date.

## **F. HANDBOOKS**

**F.1** The Office of Instructional Services is charged with the responsibility for developing and keeping current a full-time and part-time Faculty Handbook that reflects policies and procedures affecting working conditions. Prior to distribution to the Faculty, the Handbook will be submitted to the Executive Board of the Faculty Association for review and approval.

**F.2** New Faculty Handbooks will be recognized by the parties to this Agreement as policies and procedures related to working conditions of the Faculty for the balance of this contract term; PROVIDED HOWEVER, that if any provision of the Handbook conflicts with any term or provision of this Agreement, this negotiated Agreement shall control.

**F.3** A copy of the appropriate handbook will be distributed in the fall to all full- and part-time faculty annually at the commencement of their employment.

**F.4** A copy of the negotiated Agreement will be sent to all full-time Faculty members within forty-five days of ratification of this negotiated Agreement. Copies will be available for part-time faculty use through the Faculty Association.

## **G. POLICIES AND PROCEDURES MANUAL AND GOVERNANCE**

**G.1 Copies of the revised Policies Manual, when approved by the Board, will be placed with the Faculty Association President and, for general access, in the Library.**

**G.2 If any provision of the Policies shall conflict with any term or provision of this Agreement, this collective bargaining agreement shall control.**

**G.3 The Policy and Procedures Review Committee will reconvene to develop needed procedures and review and update existing procedure to ensure they are consistent with policy on or before April 30, 1989.**

**G.4 The committee will make every effort to complete its work and make recommendations to the administration by June 30, 1989.**

**G.5 Administration will make every effort to make new procedure manuals available to the Library and all administrative offices by the beginning of fall quarter 1989.**

## H. College Calendar

The College calendar must effectively serve students and further the mission of the College. It shall be the responsibility of the College Calendar Committee to determine the number and types of days needed for the academic year, including summer quarter, with respect to: instructional advising, inservice, and planning days.

The purpose of the College Calendar Committee shall be to prepare an academic calendar for the next year which shall be a part of this contract agreement.

H.1 Committee membership shall include as voting members:

- a. One full-time faculty member from each instructional division, and one part-time faculty member.
- b. The Student Body President or his/her designee.
- c. Three (3) members appointed by the College President.
- d. The Faculty Association President or designee.

The Committee shall be chaired by the Faculty Association President or designee.

H.2 The Calendar Committee will present a proposed calendar to the Faculty Association Executive Board for review and input prior to submitting to the Vice-President for Academic Affairs for submission to the President for Board approval at the January Board meeting.

## **I. INSTRUCTIONAL LOAD AND COMPENSATION**

**I.1** The usual teaching load for full-time teaching Faculty shall be an annual average of credit and/or contact hours. The ranges below are intended to provide flexibility in quarterly teaching schedules for the academic year but not to justify adding a class to an instructor's teaching load.

**I.2** Lecture and Discussion - Individual assignments involving only lecture and discussion shall normally be an annual credit hour load of forty-three to forty-seven credit hours per academic year.

**I.3** Combination - Individual assignments involving a combination of lecture and lab assignments shall normally be an annual average of forty-eight to fifty-seven contact hours per academic year, not to exceed eighteen contact hours per academic quarter without agreement of the Faculty member and Division Chair.

**I.4** Learning Laboratory - Individual assignments involving only laboratory classes shall normally be an annual average of sixty-three to seventy-three contact hours per academic year.

**I.5** Clinical Laboratory - Individual assignments involving clinical laboratory shall normally be an annual average of 105-111 contact hours.

**I.6** Mixed Loads - Individual assignments involving a combination of type I.2 through I.5 above shall be pro-rated.

**I.7** Cooperative Education - Individual assignments involving cooperative education shall normally be determined after consultation with the Faculty member, the Division Chair and the Vice-President for Academic Affairs.

**I.8** Other Faculty responsibilities such as advising, division meetings and responsibilities, ten (10) office hours per week, course material preparation, evaluation, and committee work are to be regarded as an integral part of Faculty workload.

### **I.9 Combined Instructional and Non-Instructional Load**

A full-time Faculty member may be assigned a load involving both instructional and non-instructional activities. In such cases, the total workload shall be pro-rated between instructional and non-instructional time.

Reductions in levels of employment for faculty may occur in situations of necessity as determined by the Board of Trustees, which may include the following:

1. Elimination or reduction of funds or elimination or reduction of programs, courses, or services.
2. State Board for Community College Education (SBCCE) declaration of financial emergency pursuant to Laws of 1981, 2nd Executive Session, Chapter 13, #1 under the following conditions:
  - a. reduction of allotments by the governor pursuant to RCW 43.88.110(2), or
  - b. reduction by the Legislature of appropriated funds, from one biennium to the next or within a triennium, based on constant dollars using the implicit price deflator.

This policy and supporting procedures are to provide an orderly method by which the number of faculty can be reduced under the circumstances cited above. The method of reduction shall result in the retention of those positions regarded by the Board as comprising the work force mix that will best accomplish the goals and objectives of Pierce College.

Reduction-in-force constitutes sufficient or adequate cause for dismissal/termination of probationary faculty members prior to the written term of their individual appointment or tenured faculty members. Nothing in this reduction-in-force policy or procedure shall be construed to affect the decision and right of the Board not to renew a probationary faculty appointment without cause, pursuant to RCW 28B.50.857. The procedures for the reduction of faculty are outlined below.

### **Faculty Reduction-in-Force Procedures**

#### **A. Application**

This procedure applies to those faculty members who are tenured or who are in tenure track positions.

#### **B. Determination of Necessity**

1. In the event that the College President determines according to the criteria in the RIF Policy that such reduction in force may be necessary, he/she shall give written notice of the potential reduction-in-force and its extent to the recognized academic employee organization. This notice shall be in writing and shall include the reasons for the President's conclusion.

2. Within five (5) working days from the date this notice is received, a six person Budget Oversight Team (BOT) and four (4) faculty representatives selected by the recognized academic employee organizations shall be provided with an opportunity to meet with the College President regarding the problems arising out of the emergency situation facing the College. Such meeting(s) shall include exchanges of information concerning: (1) the potential need to implement a reduction-in-force and (2) any alternatives or options which either party feels are reasonably available. Such options may include:
  - a. Examination of the College budget by the administration and academic employee organization for the purpose of identifying potential savings.
  - b. The transfer of qualified academic employees from one area or division to another.
  - c. Providing the means by which an academic employee threatened by a potential reduction-in-force can gain additional competencies in those areas considered necessary to the maintenance of quality education at Pierce College. This means would include; sabbatical leave priority, transfer to an administrative or non-teaching position, arrangement of employment schedules, etc.
  - d. In an emergency situation, use of night or summer classes and/or assignments at other sites to give an employee a full teaching load.
  - e. Encouragement of non-mandatory early retirements in those instances wherein such retirements would work little or no hardship upon the retiree and would provide a means whereby the College might continue to offer employment to a less senior academic employee threatened by reduction-in-force.

During these discussions the College President shall document his/her findings by supplying pertinent data. Once all alternatives to reduction-in-force have been explored and a RIF determined to be necessary, the number of faculty to be impacted shall be determined. Such meetings shall conclude within fifteen (15) working days from the date of the first meeting between the College President and the recognized academic employee organization. In the event that the academic employee organization fails to respond to the notice issued by the College President, or upon the conclusion of fifteen (15) working days, the College President shall submit a recommendation to the Board of Trustees. Should the committee agree on a recommendation different from the College President's, the committee shall submit its recommendation to the Board of Trustees within the same fifteen (15) working days' period.

If the Board of Trustees, based on the President's recommendation and the committee's recommendation, if different, determines a reduction-in-force is necessary, the following procedures will be initiated.

1. In the implementation of RIF, the faculty will be divided into five (5) units: the Business Division, the Humanities Division, the Social Science Division, the Science Division, and one unit including all Counselors, Librarians and the Developmental Education Division members.

Within the affected unit, the following order of layoff will be observed:

- First - part-time faculty
- Second - full-time probationary status faculty members, in order of least seniority
- Third - full-time tenured faculty, in order of least seniority.  
Criteria for establishing seniority is as follows:

- a. For purposes of this procedure, seniority is defined as the period of continuous service as a full-time tenure track faculty member. Service in administrative positions or other employment with the College will be included in the period of continuous service if the faculty member had served three years prior to beginning such appointments. If less than three years prior faculty service, the period in the non-faculty appointment will not be included. The individual with the highest number of qualifying years shall be the most senior.

- b. A seniority list will be developed, reviewed and updated each year to reflect new hires and/or changes in work assignments of any individual faculty member. The list will be distributed to the recognized faculty association president and the Director of Personnel Services.
- c. If two or more faculty members have the same seniority, the tie in seniority will be determined in the following order:
  1. First date of the signature of a letter of intent to accept employment.
  2. First date of application for employment.
2. When the Board of Trustees determines that a reduction-in-force is necessary, the College President in concurrence with the faculty shall select the impacted faculty member(s) and meet with the faculty member in personal conference, which is an informal proceeding for the purpose of RCW 28B.19, to discuss the proposed reduction-in-force. The matter may at any such time be resolved by the use of alternatives, such as reassignment, leave of absence, retirement, resignation, etc.

#### D. Recall Rights

1. Faculty members who have been terminated as a result of reduction-in-force shall have the right to be recalled. They may be recalled to a newly created or vacant full-time position for which they are qualified.
2. The order of recall shall be in reverse order of the reduction-in-force by RIF unit; i.e., most senior faculty member within a layoff unit recalled first.
3. The right of recall shall extend for three calendar years from the effective date of the termination from employment.
4. New faculty members shall not be employed to fill full-time faculty positions unless there are no qualified faculty members available from the applicable reduction-in-force unit on layoff or an offer has been rejected by a faculty member on layoff.
5. Any faculty member terminated as a result of reduction-in-force who refuses an offer of recall shall forfeit his/her recall rights.
6. Upon recall and return to employment with the College, the faculty member shall retain all benefits such as sick leave, tenure and seniority which had been accrued to the date of the reduction-in-force and termination of employment.

7. A faculty member who has obtained additional qualifications, educational credits, etc., during a period of layoff may petition the Professional Development Council for advancement on the faculty salary schedule according to PDC procedures.
8. Faculty members on layoff are responsible for keeping the Personnel Office informed of changes in qualifications resulting from additional education, training or experience and of their current address.

E. Appeal Rights

Any Faculty member shall have the right to appeal the decision of the Board of Trustees within ten working days of the receipt of the notice of layoff in accordance with the provisions of RCW 28B.19.150.

In addition, the administrator(s) responsible for the Faculty member's performance and the College President have access. Information from the files shall not be released to others without prior consent of the affected Faculty member, or as required by law. Faculty members have the right to review their personnel file and request amendment or deletion of any perceived false or misleading statements or information. Faculty members have the right to add materials to their personnel files.

Leaves of absence may not normally exceed one calendar year, except for cases involving major illness or injury, military service or specific government service, or research projects which exceed one year.

To ensure consideration at budgeting time, academic year (requests of full nine month leave) and shorter leave requests, must be received by the Vice-President for Academic Affairs (with PDC recommendation if profession development related) fifteen days prior to February Board of Trustee meeting. Leave requests that are not received by the above date will be considered provided they are submitted to the Vice-President for Academic Affairs at least one quarter in advance of proposed leave date. Every effort will be made to grant leave requests received at least one quarter in advance of proposed leave date, however, it is understood that budget status, the ability to readjust on short notice and college need may make this impossible. All leave requests will be forwarded to the President with recommendations for submission to the Board the February meeting or next meeting as is appropriate.

On or before January 15th or approximately six months prior to the anticipated return date or thirty days prior to the anticipated return date for very short leaves, the administration will request, by registered mail, that the leave participant share, in writing, whether they intend to return to work at the end of leave. If it is his/her intent to return, the participant should include a request for a similar position without loss of seniority in his/her communication. Any employee who fails to respond to administration's request within fifteen working days or fails to return to work on the agreed to date and has not secured an extension, shall be considered a voluntary resignation.

### 2.2 LEAVES OF ABSENCE WITHOUT PAY

The emergency leave form will be postmarked or delivered to the President's office within fifteen (15) days after the date of absence. The formal decision regarding the request shall be transmitted to the Faculty member within fifteen (15) days of receipt of the emergency leave request form.

b. A maximum of ten days leave per incident will be allowed for bereavement in case of death of persons in the immediate family.

c. When death occurs under circumstances not covered by this policy or when additional time is necessary because of the responsibilities of the individual faculty member, a special request for additional compensated leave may be directed to the Vice-President for Academic Affairs. On a case-by-case basis, any authorized use of additional days of bereavement leave may be conditional upon the Faculty member's election to claim the leave against the Faculty member's sick leave balance. In such cases, the Vice-President for Academic Affairs may authorize the use of sick leave for such purposes.

A Faculty member shall lose all previously accrued seniority for the purposes of this Agreement for the following reasons: (a) unconditional retirement; (b) voluntary termination; (c) termination for cause; and (d) failure to return to work after a rified employee has been given an offer of recall for full-time employment within the bargaining unit.**

In order to make retirement before age seventy (70) more attractive, the College hereby agrees that eligible Faculty may apply for any one of the following retirement incentive programs: (1) Phased retirement, (2) Retirement Transition, (3) Early Retirement or (4) such other plan that is mutually acceptable. Eligible Faculty may elect one of these options subject to a determination by the College that the desired option is economically feasible and of sufficient benefit to the College. Any such approved retirement incentive option must be reduced to writing and signed and dated by the Faculty member and the College President. Each such agreement shall expressly provide that the Faculty member has exercised his or her option for a retirement incentive program intentionally, voluntarily and based upon a knowing and intelligent waiver of his or her rights as a tenured Faculty member in exchange for the right to participate in the retirement incentive program. Each such agreement shall further expressly acknowledge that it is undertaken by the Board of Trustees for good and valuable consideration and that any breach thereof may be prosecuted in the Pierce County Superior Court with the prevailing party recovering all attorneys fees and costs.

b. Unless otherwise agreed, initiation of an application for one of the four (4) retirement incentive programs shall be effected by submission of a letter to the College President on or before January 15 of the school year immediately preceding the school year in which the desired incentive retirement option is to be exercised. The written application will state clearly which of the three (3) retirement incentive programs is desired and such other information as may be required by this Agreement. It shall be signed and dated by the Faculty member. The College shall respond in writing within thirty (30) working days and state whether the Faculty member's choice of one (1) of the retirement incentive options at the end of the current school year will be economically feasible and of sufficient benefit to the College.

D.D.2. Phased retirement provides for reduced levels of employment following official retirement (unless prohibited by the Faculty member's retirement plan). It is available to Faculty who have been continuously employed by Community College District No. 11 as a full-time Faculty member for at least ten (10) years, including sabbaticals. The level of employment shall be designated by the Faculty member at any level up to six-ninths (6/9) of a full course load (assuming a full course load to be nine-ninths (9/9)). The application will further state the Faculty member's preference for course load per quarter, not to exceed three-ninths (3/9) per quarter. On or before January 15 each year, the Faculty member shall designate the course load for the next ensuing school year, which course load shall be the same as or lower than the fractional course load for the current school year.

a. Salary for a Faculty member enrolled in the Phased Retirement Program shall be determined by multiplying the fraction of the course load selected (e.g. 6/9) times the salary the Faculty member would have received if he or she had continued as a full-time faculty member (e.g. \$22,000).

$$\$22,000 \times 6/9 = \$14,667$$

b. Unless otherwise agreed to a Faculty member enrolled in the Phased Retirement Program shall retain all rights and privileges of a full-time tenured Faculty member, including the retention of seniority, assignment of office space, committee participation, class selection, standing of the RIF list, and so forth. Faculty members enrolled in the Phased Retirement Program shall also move horizontally and/or vertically one (1) step each year on the Faculty Salary Schedule based on the same criteria used for full-time Faculty member.

(1) Fringe benefits normally paid by the College/State such as medical, dental and retirement contributions, shall also be prorated at a rate equal to the fractional course load which the Faculty member in the Phased Retirement Program is carrying. The Faculty member shall remain eligible for participation in group fringe benefit programs but shall be individually responsible for paying the difference between the stated premium and the prorated portion thereof which the College is obligated to pay.

(2) Unless otherwise mutually agreed to a Faculty member participating in the Phased Retirement Program may elect on or before January 15 of any school year to convert to a standard retirement status effective with the beginning of the next succeeding school year. Such election for a conversion to standard retirement status may be made unilaterally by the Faculty member and shall not require concurrence of the College.

D.D.3. The Retirement Transition option is available to any Faculty members who have been continuously employed by Community College District No. 11 as a full-time Faculty member for at least ten (10) years, including sabbaticals, and who are age sixty-two (62) or older or who will attain the age of sixty-two (62) during the next ensuing school year. A Faculty member electing the Retirement Transition option shall receive a salary additur to the last paycheck issued under the current year's employment contract and at the conclusion of the current year's employment contract the Faculty member shall become retired under the standard College Retirement Program. The amount of the salary additur to the Faculty member's last scheduled paycheck shall be equal to fifty percent of the Faculty member's last academic year contract salary.

D.D.4. The Early Retirement option is available to Faculty members who have been continuously employed by Community College District No. 11 as a full-time Faculty member for at least ten (10) years, including sabbaticals, and who will retire as early as age fifty (50) and as late as age sixty-five (65). Employees who elect the Early Retirement option shall receive, in the first year after retirement, an amount equal to one-third (1/3) of their full-time salary during the last full year of employment prior to retirement. In the second year following retirement, the retiree shall receive an amount equal to one-fourth (1/4) of the full-time salary received during the last full year prior to retirement; in the third and final year to which this option applies, the retiree shall receive an amount equal to one-fifth (1/5) of the full-time salary received by the Faculty member in the last full year of employment.

## E.E. SELECTION, RECALL, AND RESPONSIBILITIES OF DIVISION CHAIRS

E.E.1. Only full-time, tenured members of a Division will be eligible for the position of Division Chair. When a vacancy occurs, two-thirds of the full-time members of the Division shall meet and forward to the Vice-President for Academic Affairs the names of two or more qualified candidates. The Division Chair shall be selected by the administration from the Division's list of nominations. Upon failure of the administration within ten (10) working days to select from this list, the administration will request from the Division a submission of additional name(s) and may, in turn, offer suitable candidate(s) to the Division for the Division's concurrence. If the second nomination list is unacceptable to the administration, the administration will so notify the Division within two (2) working days after receipt of the list.

a. In May, at a meeting called by the Division Chair, each Division will review its Chair's performance. A recommendation for non-continuance, supported by majority of the full-time Faculty members, creates a vacancy in that chair.

b. If the majority of the full-time Faculty of a Division sign a petition of recall, the Chair will be allowed to submit his/her resignation within thirty (30) days, or the petition will be forwarded to the Vice-President for Academic Affairs.

c. Division Chairs are accountable to the Vice-President for Academic Affairs and their Division for overall supervision, administration, and operation of their Division's instructional programs. Division Chairs' responsibilities are outlined in Appendix B.

E.E.2. To ensure continued involvement in the classroom and personal experience as a Faculty member, the Division Chairs will teach a minimum of three courses per year.

E.E.3. Division Chairs will be contracted to work for 215 days per calendar year.

## F.F. FACULTY EVALUATION

F.F.1. To facilitate the continuing evaluation of tenured Faculty members after the awarding of tenure, the teaching competence and professional improvement of each Faculty member will be reviewed on a periodic basis. Said review will be coordinated by the Vice-President for Academic Affairs and Division Chair. Reviews will be conducted every three years on a rotating basis with one-third of the Division tenured Faculty members being evaluated yearly. More frequent evaluation may be deemed necessary by the administration, Division Chair, and/or Faculty member.

F.F.2. Every Faculty member shall be responsible for participation in instructional evaluation of classroom effectiveness. The Vice-President for Academic Affairs, in cooperation with Division Chairs and Faculty, will be responsible for deciding the content of this program, i.e., the type of evaluation method and/or forms to be used. Such classroom evaluations must be completed by a representative sample of at least one-third of the individual's teaching load yearly. Analysis of the forms will be done by the Instructional Services Office and circulated to Division Chairs and Faculty.

F.F.3. Every Faculty member shall be prepared to present evidence of teaching competence and professional improvement to the Division Chair at the time of evaluation.

F.F.4. A Faculty Evaluation Assistance Committee will be established by, and report to, the Faculty. It will be charged with assisting those Faculty who request its service in three areas: (1) professional development and improvement, (2) the addition of peer evaluation as input to retention decisions, and (3) assist each faculty member to develop a personal education plan, which is to be approved by the Professional Development Council and be a variable in the three-year evaluation. In addition, the Committee will function as a body to hear appeals of the findings in Faculty evaluations when requested by the Faculty member being evaluated. The Committee shall have the authority to recommend review and advise the Vice-President for Academic Affairs as a result of the appeals process. Members of the Committee will be elected from and by the Faculty.

F.F.5. To facilitate continuing evaluation of part-time Faculty, the teaching competence of each part-time Faculty member will be reviewed periodically. Decisions of the Council shall be advisory only and shall be forwarded as recommendations to the Vice-President for Academic Affairs. Voting members casting dissenting or minority votes may append a minority report to the record of Council action which is forwarded to the Vice-President for Academic Affairs. The Faculty Association and/or any individual Faculty member may appeal any decision of the Professional Development Council or the Vice-President for

Academic Affairs to the College President. The College President shall render a decision within fifteen calendar days. A diary of actual hours spent on the research project must be maintained and submitted to the Council along with a written report and request for final approval.

(8) Advancement across more than one column (horizontal move) or row (vertical move) on the Faculty Salary Schedule is permitted within a single contract year if all other criteria are met.

#### G.G.6. FACULTY RESOURCE DEVELOPMENT

a. The College will place designated funds into the Faculty Resource Development Fund (FRDF) annually. These funds will be used to support curriculum development, instructional research and professional improvement and staff development activities. This account will close at the end of each fiscal biennium unless the State allows for fund carry-over with State agencies. Salary money for contractual full-time Faculty will not be used to fund the FRDF.

b. Eligibility for Faculty Resource Development Funds. All Faculty are eligible to apply for funds. Applications must be submitted to the Professional Development Council following that Council's established published timelines.

f. Restrictions. Awards will not be granted for the purpose of working for an advanced degree or for production of personal objects or products; however, the possible acquisition of credit applicable toward an advanced degree as a result of formal study supported by FRDF shall not prejudice the award of such funds to an otherwise qualified recipient.

g. Advanced Course Work. Each full-time Faculty member may apply to the Professional Development Council for funds to cover expenditures for advanced course work (limit: one course per academic year) so long as the total applications do not exceed the availability of FRDF allocated by the Professional Development Council for this type of developmental activity.

h. Workshops, Seminars, Conferences and Other Short-Term Projects. The Professional Development Council may determine the total amount of dollars allocated for workshops, seminars and conferences and other short-term projects each year. These dollars may also support on-campus in-service activities. Attendance at conferences off campus will be supported only if the following criteria have been met:

## APPENDIX A - GRIEVANCE AND ARBITRATION PROCEDURE

Step 1: The grievance shall first be taken up orally by the concerned Faculty member or the Faculty Association representative with the appropriate immediate supervisor in an attempt to settle the matter. When the complaint concerns relationships with or actions taken by the aggrieved employees' immediate supervisor, the informal grievance may be presented to the supervisor next above him or her in the administrative hierarchy. Grievances must be orally presented within thirty (30) calendar days from the date the employee or the Faculty Association became aware of the occurrence which gave rise to the grievance. The Faculty Association representative shall be permitted to speak for the individual academic employee if the employee so desires. If an academic employee elects to present his or her grievance directly to a supervisor or other management representative for informal adjustment consistent with the terms of this Agreement, the Faculty Association shall nevertheless have the right to have a representative present to act as an observer and to insure that the terms of this Agreement are honored.

Step 2: If the matter is not satisfactorily settled following the initial oral discussion, the aggrieved employee or Faculty Association representative may, within ten (10) working days following the attempted oral adjustment, submit the grievance in writing to the next level of supervision. The next level supervisor shall meet with the Faculty Association representative and the aggrieved employee(s) within ten (10) calendar days after receipt of the written grievance. The next level supervisor shall thereafter give the Faculty Association representative and the aggrieved employee(s) a written decision within ten (10) calendar days following said meeting.

Step 3: If the matter is not satisfactorily settled at the preceding step, the aggrieved employee(s) and the Faculty Association representative may, within five (5) working days after receipt of the previous Step 2 written decision, forward the grievance to the President of Community College District No. 11. The District President will review the grievance, consult with the concerned employee(s) and the Faculty Association representative, and thereafter give the aggrieved employee(s) and the Faculty Association representative a written answer within ten (10) working days after receipt of the grievance.

Step 4: In the event the grievance is not resolved to the satisfaction of the aggrieved employee(s) or the Faculty Association representative at Step 3, the aggrieved employee(s) or the Faculty Association representative may invoke grievance mediation for those items specifically covered by the language of this Agreement. The grievance mediator will be designated by either the American Arbitration Association or the Washington Public Employee Relations Commission, whichever is able to appoint a mediator in the most timely fashion.

In the event a grievance is not resolved following grievance mediation, a request for arbitration shall be served by the moving party upon the other party within ten (10) calendar days following the termination of grievance mediation. In the event the parties cannot agree on a selection of an impartial arbitrator within seven (7) calendar days from the receipt of the request for arbitration, the Federal Mediation and Conciliation Service shall be requested to submit a list of eleven (11) qualified and approved arbitrators from which list the arbitrators shall be selected. If the parties cannot mutually agree upon one of the arbitrators from the list, then the employer shall strike one (1) name from the list, the faculty shall strike a second name from the list and the employer and the Faculty Association shall then repeat this procedure until only one name shall remain. The remaining person shall be the duly selected arbitrator. The decision of the arbitrator shall be rendered as expeditiously as possible and shall be final and binding upon both parties. Any decision rendered shall be within the scope of this Agreement and shall not add or subtract from any of the terms of this Agreement. The arbitrator shall confine himself/herself to the precise issue(s) submitted for arbitration and shall have no authority to determine other issues not so submitted. If the parties fail to agree on a joint submission of the issue(s) for arbitration, each party shall submit a separate submission and the arbitrator shall determine the issue or issues to be heard and resolved.

Any member of the bargaining unit may pursue an appeal or grievance, including grievance arbitration, at their own expense and without the assistance of the Faculty Association. If a Faculty member pursues an appeal or grievance without Faculty Association representation, the Faculty Association shall be permitted to have an observer present at all hearings or grievance adjustment meetings unless excluded by order of the arbitrator pursuant to an objection by the employee grievant.

Grievances which impact on more than one (1) employee may be submitted in writing by the Faculty Association President or his or her designee directly to a senior administrator designated by the District President for such purposes and for purposes of this Agreement the grievance shall be considered a class grievance at Step 2. The grievance shall thereafter be processed in accordance with the procedures and timelines set forth in the paragraphs hereinabove.

All time limits in this Article may be extended by mutual consent. Failure of the College to observe the time limits set forth in this Article shall move the grievance to the next step. Failure of the Faculty member or Faculty Association to observe the time limits set forth in this Agreement will be considered a withdrawal of the grievance.

At each step of this grievance procedure, the faculty member or the Faculty Association representative may solicit testimony from college employees who are relevant witnesses. The employer will insure the Faculty Association representative, the employee and his or her witnesses freedom from restraint, interference, coercion, discrimination or reprisal as a result of the presentation of the grievance or the testimony of the witnesses.

The arbitrator's fees and expenses for the arbitration hearing shall be borne equally by the College and the grievant. The arbitration hearing will be held, if possible, on the College's premises during the regular day shift hours of the primary work week of Monday through Friday. The aggrieved Faculty member(s) shall not suffer a loss of pay and associated benefits for reasonable and necessary time devoted to meeting with attorneys and/or lay representatives preparing for the participation in the arbitration hearing.

The arbitrator will be requested by the parties to render a decision as quickly as possible, but in any case not later than thirty (30) days after the conclusion of the hearing unless the parties mutually agree to extend the time limit. The arbitrator shall have the authority to award back pay and all other relief which is necessary or appropriate, in the sole and unrestricted discretion of the arbitrator.

The arbitrator's award shall be binding on the parties. However, either party may take exception to the award in the manner permitted by law.

Any dispute over the application of the arbitrator's award shall be returned to the arbitrator for settlement, including remanded awards.
