ABSTRACT

Compiled to assist Pennsylvania community colleges in analyzing their financial performance in relation to their peers, this report contains financial and historical data for the 14 colleges in the state for fiscal years (FYs) 1984-85 to 1993-94. Section I examines reimbursement requests for 1991-92 in terms of enrollments, operating reimbursements for operating and stipend expenses, and capital reimbursements for capital, rentals, and debt service. Section II provides 1992-93 rebudget request data for such items as enrollments, operating net reimbursable costs, state reimbursements, and capital deferred and non-deferred items, while section III presents 1993-94 budget requests for these same categories. Section IV presents historical systemwide data for FYs 1984-85 to 1993-94, including full-time equivalent enrollments, state reimbursement of operating and capital costs, comparisons of net and gross costs, and capital reimbursement requested versus capital reimbursed. Section V provides similar data by individual college, and also includes stipend enrollments by category for FYs 1984-85 to 1993-94 and state reimbursements for operating with stipend reimbursement as a percentage of the total for FYs 1984-85 to 1993-94. Section VI presents data on operating expenditures by source and by category, book value and replacement value by college, fund balances, scholarship expenditures and interest for FY 1991-92. The final section presents data on community college capital projects financed through a local authority or bank and through the state public school building authority. (BCY)

TWELFTH ANNUAL REPORT

PREFACE

The purpose of this report is to assist an institution in preparing a meaningful analysis of how its financial performance relates to its peers. In addition, it can serve as an integral management document on self review and self analysis. Comparisons provide a starting point for finding institutional strengths and weaknesses.

This report includes financial data--by year--for fiscal years 1984-85 to 1993-94. The source for data for each fiscal year is noted on each table.

This report has the same limitations as the previous reports, because comparison is useful to the extent that the comparison group is similar and the data on revenue and expenditure performance of that group are based on common understanding. We are not using the independent audit report since the IPEDS financial reports are generated from this source.

Note:

Maury Overholt, retired Vice President of Administration of Harrisburg Area Community College, asked at the end of 1990-91 to be relieved of the task of compiling this annual report. Dale Miller, Vice President/Dean of Administrative Services, of HACC, agreed that he and his staff would volunteer to continue assembling it each year.

Like the trooper he always has been, however, Maury couldn't just walk away from "his" long-time project. He was very much in evidence, helping Dale and Mrs. Kay Knepp gather, collate and interpret data, working with the colleges to be sure their data were correct, turning it all into this twelfth annual report.

The thanks of their colleagues, the Commission for Community Colleges, and the Federation of Community College Trustees, go to all three for this valuable and timely 1993 edition of "The Overholt Report."

DEFINITIONS

OPERATING COST TUITION COMPLIANCE

Gross Operating Costs minus the following: compensatory fees, miscellaneous income offsetting expenditures, full cost recovery programs, federal programs, state programs, auxiliary enterprise expense, community service expense, inter-collegiate athletic expense, student activity expense (non-educational), non-inventory capital purchases, and capital portion of rental expenditures.

Student tuition is limited to one-third of operating costs.

NET REIMBURSABLE OPERATING COST BASE

Operating costs minus bad debt expense, unused vacation expense, out of state tuition, tuition remission, Federal funds, and full costs recovery programs.

OPERATING COST

Reimbursement is one third (1/3) of net operating costs base. Dollar limitations are the lessor 1/3 of net operating or (EFTS divided by 2 times state maximum).

EFTS = EQUATED FULL TIME STUDENTS

Equated full time enrollment = number of full time students plus total of part time student credit hours divided by 12.

Full time student	-	12 semester credit hours or more
Part time student	-	less than 12 credit semester hours
Non credit courses	-	15 hours of classroom study is equated to one semester credit hour - for courses requiring laboratory study, each 30 hours of laboratory study is one semester hour credit.

Fiscal year begins July 1 and ends June 30th the following year.
(Fiscal year 1993 begins July 1, 1993, etc.)
