ABSTRACT

All campuses and units of the University and Community College System of Nevada annually submit data to the Chancellor's Office on affirmative action. This report provides tables of affirmative action data for students enrolled during fall 1992 and professional and classified staff employed during 1992. First, student data is provided on gender and race/ethnic designation by campus; percentage of minority student enrollment for fall 1985 and fall 1992; and percentages of female, white, and minority enrollment from 1985-1992. Next, faculty tables provide data on gender and race/ethnicity by campus and systemwide for 1989, 1991, and 1992 and by length of contract (9-10 month vs. 11-12 months) for 1992. Then, tables on classified staff provide 1992 data on gender and race/ethnicity for executive, administrative, and managerial employees; other full-time professionals; full-time secretarial and clerical employees; full-time technical/paraprofessional employees; full-time skilled craft employees; full-time service/maintenance employees; and part-time employees. Finally, tables are presented on the gender and race/ethnicity of new hires employed between July 1 and September 30, 1992 and staff eligible for and awarded tenures and promotions from 1991-1992. Highlighted findings include the following: (1) 17% (n=10,970) of the students enrolled systemwide in fall 1992 were members of minority groups, up from 11% in 1985; (2) systemwide, the secretarial/clerical job category had the highest proportion of female employees at 92%; and (3) of the 217 full-time professional staff hired between July 1 and September 30, 1992, 36% were female and 15% were minority. JC 940 063

University and Community College System of Nevada
Affirmative Action Report
1992

All campuses and units of the University and Community College System of Nevada annually submit data to the Chancellor's Office related to affirmative action. Data were collected on students enrolled during the fall 1992 semester and staff employed (both professional and classified staff) during 1992. These data are presented on the attached tables and graphs in summary form, for review by the Board of Regents. Campus and unit worksheets used to compile and summarize these data are on file in the Regents' Office, with the Secretary to the Board. 1992 data reveal:

Student Data

- ◆ 55% of students enrolled systemwide during the fall 1992 semester were female. 52% to 53% of university students were female, while 56% to 63% of community college students were female. NNCC was the campus with the largest proportion of female students (63%).
- ◆ Over the eight-year period, from fall 1985 to fall 1992, female enrollment systemwide increased from 54% to 55%. Female enrollment increased over this period at UNR, CCSN, and NNCC. Female enrollment stayed the same at UNLV and decreased slightly at TMCC and WNCC.
- ◆ 17% (10,970) of students enrolled systemwide were designated members of a minority race/ethnic group and 5% (3,411) were designated as "non-specified", meaning campuses were unable to determine their race/ethnic status. 75% (47,454) of students enrolled systemwide during the fall 1992 semester were White.
- ◆ Systemwide, 5% (3,031) of students enrolled were Black, 6% (3,861) were Hispanic, 5% (3,141) were Asian or Pacific Islander, and 1% (937) were Native American students.

Student Data, continued

- ◆ The largest proportion of minority students was enrolled at CCSN (25%), UNLV (17%), and TMCC (17%).
- ◆ Systemwide, the proportion of minority students enrolled increased from 11% in fall 1985 to 17% in fall 1992. Minority enrollment increased on every campus over this period. Minority enrollment at UNLV increased from 13% to 17%, from 5% to 10% at UNR, from 23% to 24% at CCSN, from 8% to 12% at NNCC, from 10% to 17% at TMCC, and from 7% to 16% at WNCC.
- ◆ While it is beyond the scope of this study, data were obtained from the Nevada Department of Education on K-12 enrollment by ethnic status. These data may help to put UCCSN student data into perspective. For school year 1990-91, 26% of K-12 students statewide were members of an ethnic minority group; however, only 23% of 1991 high school graduates were minorities, reflecting a higher attrition rate of K-12 minority students. The following fall (fall 1992), 17% of students enrolled in the UCCSN were minority students.

Staff Data

- ◆ 48% (3,984) of the total staff employed systemwide were female. 46% to 47% of the staff at the universities were female, 40% of the DRI staff were female, while 45% to 58% of the staff at the community colleges were female, and 55% of the Chancellor's Unit were female.
- ◆ During the period 1989 to 1992, female staff members systemwide remained steady at 48%. The proportion of female staff members increased at both universities and DRI and decreased at CCSN, NNCC, TMCC, WNCC, and the Chancellor's unit. NNCC currently has the greatest proportion of female staff of all campuses and units (58%).
- ◆ 85% (6,459) of total staff employed systemwide in 1992 were White. 15% (1,142) were designated members of a minority race/ethnic group. Systemwide, 4% (308) were Black, 4% (337) were Hispanic, 6% (433) were Asian or Pacific Islander, and 1% (64) were Native American.
- ◆ The largest proportion of minority staff were employed at CCSN (22%), followed by UNLV (17%).
- ◆ During the period 1989 to 1992, minority staff members increased systemwide from 13% to 15%. Minority staff increased on every campus and unit except NNCC (decreased from 10% to 8%) and the Chancellor's Unit (decreased from 12% to 11%). UNLV increased from 15% to 17%, UNR increased from 10% to 14%, CCSN increased from 21% to 22%, TMCC increased from 9% to 10%, WNCC increased from 4% to 7%, and DRI increased from 0% to 10%.
- ◆ There was considerable variability in the proportion of women employed by various job categories.
- ◆ The job category with the greatest proportion of women systemwide (92%) and on each of the campuses (UNLV, 89%; UNR, 92%; CCSN, 89%; NNCC, 100%; TMCC, 95%; WNCC, 100%; DRI, 97%; and the Chancellor's unit, 100%) was the "secretarial/clerical" category.

Staff Data, continued

- ◆ Systemwide, 57% of "other professional" employees were women, 52% of "technical/paraprofessional," 37% of "executive/administrative/managerial," 31% of "full-time faculty (9-10 month contract)," 28% of "full-time faculty (11-12 month contract)," 22% of "service/maintenance," and 2% of "skilled craft" employees were women. 47% of all part-time employees in all categories were women.
- ◆ The campus with the largest proportion of female full-time faculty (9-10 month) was WNCC (47%), followed by NNCC (46%), TMCC (44%), CCSN (33%), and UNR and UNLV (28%).
- ◆ The campus with the largest proportion of 11-12 month female full-time faculty was WNCC (50%), followed by CCSN (42%), TMCC (40%), UNR (32%), and DRI and UNLV (18%). NNCC reported no 11-12 month full-time faculty.
- ◆ The campus with the largest proportion of female executive/administrative and managerial employees was TMCC (53%), followed by NNCC and WNCC (43%), Chancellor's Unit (39%), UNR (38%), UNLV (35%), CCSN (29%), and DRI (17%).
- ◆ The campus with the largest proportion of female "other professional employees" was TMCC (72%), followed by DRI (71%), CCSN (66%), UNLV (61%), NNCC, UNR, and WNCC (50%), and the Chancellor's Unit (42%).
- ◆ The campus with the largest proportion of female technical/paraprofessional employees was NNCC (100%), followed by TMCC and WNCC (71%), CCSN (61%), UNLV (55%), DRI (50%), UNR (48%), and the Chancellor's Unit (41%).
- ◆ Few women were reported in the job categories of skilled craft or service/maintenance.

Staff Data, continued

- ◆ There was considerable variability in the proportion of minorities employed by various job categories.
- ◆ Systemwide, 36% of "service/maintenance" employees were members of a minority group, 14% of "secretarial/clerical," 13% of "technical/paraprofessional," 12% of "full-time faculty (9-10 month contract)," and "other professional," 11% of "skilled craft," 9% of "executive/administrative/managerial," and 8% of "full-time faculty (11-12 month contract)" were members of a minority group.
- ◆ The campus with the largest proportion of minority full-time faculty (9-10 month) was CCSN (16%), followed by UNR and UNLV (12%), TMCC (10%), and WNCC (2%). NNCC reported no minority faculty.
- ◆ The campus with the largest proportion of minority full-time faculty (12-12 month) was WNCC (25%), followed by UNLV (11%), UNR (8%), TMCC (7%), and CCSN (5%).
- ◆ The campus with the largest proportion of minority executive/administrative/managerial employees was CCSN (29%), TMCC (12%), DRI (11%), UNLV (10%), and UNR and the Chancellor's Unit (6%). NNCC and WNCC reported no minority employees in this category.
- ◆ The campus with the largest proportion of minority "other professionals" was CCSN (24%), followed by DRI (18%), UNLV (15%), WNCC (10%), UNR (9%), and TMCC (8%). NNCC and the Chancellor's Unit reported no minority employees in this category.
- ◆ The campus with the largest proportion of minority secretarial/clerical employees was CCSN (22%), followed by UNLV, UNR, and TMCC (14%), the Chancellor's Unit (12%), WNCC (7%), and DRI (2%). NNCC reported no minority employees in this category.

Staff Data, continued

- ◆ The campus with the largest proportion of minority technical/paraprofessional employees was CCSN (22%), followed by the Chancellor's Unit (25%), TMCC (19%), UNLV (17%), DRI (14%), UNR (8%), and NNCC and WNCC (5%).
- ◆ The campuses with the largest proportion of minority skilled craft employees were CCSN and DRI (33%), followed by UNLV (18%), and UNR (7%). NNCC and TMCC reported no minority employees in this category. WNCC and the Chancellor's Unit do not have employees in this category.
- ◆ The campus with the largest proportion of minority employees in the service/maintenance category was NNCC (50%), followed by UNR (49%), UNLV (36%), DRI (33%), CCSN (26%), TMCC (23%), and WNCC (11%). The Chancellor's Unit does not have employees in this category.
- ◆ Systemwide, 18% of part-time employees in all categories are members of a minority group.
- ◆ Data from the 1990 census report 84% of the Nevada population as White, 7% as Black, 3% as Asian/Pacific Islander, 2% as American Indian/Alaskan Native, and 4% as "other races." 10% of the Nevada population reported themselves as of Hispanic origin and 90% reported themselves as non-Hispanic origin.

Full-Time Professional Staff Hired

- ◆ Systemwide, 217 full-time professional staff were hired during the period July 1 - September 30, 1992. Of that total, 36% (78) were female and 15% (33) were minority.
