 IDENTIFIERS *Internet

ABSTRACT

This paper presents a list of 154 Internet resources (listservs, freenets, telnet sites, gophers, etc.) dealing with language arts. Each entry in the list includes the name of the resource, and subscription and electronic mail addresses. Some of the entries in the list include a brief description of the resource. The paper lists 17 language arts listservs, 10 freenets with language arts resources, 32 telnet sites with language arts resources, 17 ftp sites for language arts teachers, 15 language arts gophers, 8 useful frequently asked questions (FAQ's) for language arts teachers, 49 news groups related to language arts, and 6 commercial services dealing with language arts available via the Internet. (RS)

 * Reproductions supplied by EDRS are the best that can be made *

C. Telnet Sites with Language Arts Resources
Type Telnet in front of each address

=====

Telnet Site Name: BUBL: The Bulletin Board for Libraries

Internet Address(es): sun.nsf.ac.uk
128.85.8.7

Description:

This site is devoted to information for and about libraries with the emphasis on those in the United Kingdom. It would be of great interest to those in the library field in any country. Because some of the information is specific to computer use in

the United Kingdom, it would best be used by the intermediate or advanced telecommunications user.

To Login:

1. telnet sun.nsf.ac.uk
2. login: janet
3. Password: guest
4. hostname: uk.ac.glasgow.bubl
(Before the hostname, you can also type 'h' for help.
5. This will give you an address where you can request a janet userguide.)

To Exit:

1. Type quit or 'q' at any point.

=====

Telnet Site Name: Chat

Internet Address(es): debra.dgbt.doc.ca
142.92.36.15

Description: CHAT or (Conversational Hypertext Access Technology) is a computer program developed by Communications Canada that provides easy access to electronic information. CHAT provides a natural-language program that allows users to ask English questions and receive answers. (The software can also be adapted to other languages.) Chat is a research project to examine the nature of human-computer interactions. History of the development of the project is available at the site.

To Login:

type "chat"

To Exit:type "goodbye"

=====

Telnet Site Name: ERIC (via ACSNet)

Internet Address(es): acsnet.syr.edu
128.230.1.21

To Login:

type: suvm
TERMINAL TYPE: VT100
USERID: suinfo

If no prompt, but a blinking cursor shows in the lower left corner of the screen, type once more: suinfo

Description: ERIC (Educational Resources Information Center) This file contains bibliographic information and abstracts for a variety of educational documents from the Educational Resources Information Center. The documents could be journal articles, conference papers or published research.

To Exit: Type LOGOFF at any time.

=====

Telnet Site Name: The Cleveland Freenet

Internet Address(es): freenet-in-a.cwru.edu
freenet-in-b.cwru.edu
freenet-in-c.cwru.edu

129.22.8.75 129.22.8.76 129.22.8.82 129.22.8.44

To Login: Answer questions asked.

Description:

The Cleveland Freenet is a very comprehensive and user-friendly telnet site. It contains an enormous number of complete historical documents including the Magna Carta, the U.S. Constitution, and the Declaration of Independence. It also contains a vast amount of information about the Arts, Science and Technology, Medicine, Education, Business, and provides and up to date news service. One section, of particular interest to educators is the Academy One, which is an NPTN experimental program designed to meet the information and communication needs of students and educators.

To Exit:

Type "x" to exit the system at nearly anytime.

=====

Telnet Site Name: Dartmouth College Library On-line System
(DCLOS)

Internet Address(es): lib.dartmouth.edu

To Login: Type telnet lib.dartmouth.edu
(this will put you in the opening screen)

Description: DCLOS lists information about nearly all items owned by the Library in its nine locations. Other on-line services include: world factbook, MLA biography, full text of 33 Shakespeare plays, electronic dictionary, encyclopedia, the Bible, a portion of MEDLINE and more.

To Exit: Type "bye"

=====

Telnet Site Name: Distance Education Database

Internet Address(es): acsvax.open.ac.uk
or
137.108.48.24

To Login: User: ICDL
Account Code: USA
Password: aaa

Description: Data Base of Distance Ed Resources.

To Exit: Type "exit"

=====

Telnet Site Name: Geographic Name Server

Internet Address(es): maratini.eecs.umich.edu 3000
141.212.100.9 3000

To Login: After connection to the site is made there is no specific login sequence.

Description: The Geographic Name Server gives geographic information U.S. cities, counties, and North American places by name, state/province or zip code.

To Exit: To exit, type exit, stop, and quit, logout, or control - D.

=====

Telnet Site Name: Georgia College EduNet

Internet Address(es): gcedunet.peachnet.edu

To Login: At system prompt,
Type in: telnet gcedunet.peachent.edu

Description: A large collection of online resources for K-12 educators, including Internet directories and on-line texts, CNN and Newsweek Curriculum guides, a software evaluations library, Georgia's Quality Core Curriculum, a multimedia file exchange for Macintosh, Apple II, Apple IIgs, IBM, and Amiga platforms, and more.

=====

Telnet Site Name: Gopher

Internet Address(es): sunic.sunet.se

To Login:
-To log in, type: "Gopher" at log in prompt. There will be no password.

Description:
Gopher is a resource location service. It contains directories of libraries and databases all over the world. Through it's porthole one can locate database listings of information, get an overall picture of where to look for the most current and pertinent information on a topic, and gain entry to many other telnet sites.

To Exit:
-To leave a site or to exit from gopher you will need to do the following:
_type "end" and the site will say "good-bye" some sites ask you to type "q" (it may return you to gopher)
_to leave gopher, simply type "q".

=====

Telnet Site Name: IPAC Extragalactic Database

Internet Address(es): ned.ipac.caltech.edu
134.4.10.118

To Login:
Type 'ned' and you are in (No password needed)

TERMINAL TYPE: VT100 (or 102, 200, 300 series)

To Exit: ^X (control X) will always END THE SESSION and DISCONNECT the user.

=====

Telnet Site Name: KidLink Gopher

Internet Address(es): kids.ccit.dug.edu
or
165.190.8.35

To Login: Type gopher

Description: Telecommunication project aimed at
10-15 year olds.

To Exit: Type "exit"

=====

Telnet Site Name: Knowbot Information Service

Internet Address(es):

nri.reston.va.us 185
32.151.1.1 185
sol.bucknell.edu 185
134.82.1.8 185

Description:

Knowbot is an useful information service for locating someone with an Internet address. Knowbot does not have its own "white pages" recording internet users like a telephone book. However, Knowbot can access to other information services that have their own "white pages" and search for you. Commands to operate knowbot service are easy but not very user friendly to first time users.

To Login:

At system prompt, type telnet nri.reston.va.us 185
systemprompt> telnet nri.reston.va.us 185

To Exit:

To exit Knowbot, type RquitS at the Knowbot prompt.

=====

Telnet Site Name: Learning Link

Internet Address(es): sierra.fwl.edu
or
198.49.171.2

To Login: Type "newuser"

Description: Electronic information and communication service.

To Exit: Type "exit"

=====

Telnet Site Name: Library of Congress (partial holdings)

Internet Address(es): dra.com
192.65.218.43

Description:

This is a public accessible database which contains all the cataloging records as distributed by the LC Cataloging Distribution Service. It is not the same as the Library of Congress Catalog. Yet it is very useful for finding records, publications, and archives in the Library of Congress. This sites utility is somewhat limited by not having a subject search command.

To Login:

No password or id is needed, if there is space at the site you will be logged on.

To Exit:

1. Make sure you are at the main search screen, if not type to

get to this screen.
2. then type <EX> and press <return>

=====

Telnet Site Name: Martin Luther King, Jr. Bibliography

Internet Address(es):
forsythetn.stanford.edu
36.172.0.41

Description:
The MLK Bibliography file contains approximately 2,700 bibliographic references pertaining to Martin Luther King, Jr., and the civil rights movement, especially the Black freedom struggle. References include works and speeches about and by Dr. King. Verification of citations and updates on included works are continually being refined by the Martin Luther King, Jr. Papers Project.

To Login:
1. Telnet to the address listed above. You will be welcomed to the Stanford Data Center.
2. At Account? prompt, type: Socrates You will be connected to Socrates, the catalog of the Libraries of Stanford University. Descriptions of the END and HELP commands are given.
3. At OK to proceed? prompt, type: YES
4. At Type of terminal? prompt, type: VT100

To Exit: Type: END

=====

Telnet Site Name: MicroMUSE
A Virtual Reality Adventure Game

Internet Address(es): michael.ai.mit.edu
micro.csufresno.edu
18.43.0.177

To Login:

When the system asks for a login, type: guest (NO CAPS!)
When it asks for a terminal type, type: vt100
When it asks which program, select tiny type, by typing: tt
After you receive some welcoming text and the request
"Please enter your command:" type: connect guest

Description:
MicroMUSE is a combination of real-time "chat" group and role-playing science fiction game. The user can enter the 24th century world of MicroMUSE and meet many other characters who inhabit the space colony.

To Exit:
Any time you wish to exit MicroMUSE type: QUIT (ALL CAPS!)

=====

Telnet Site Name: National Education BBS
Internet Address(es): nebbs.nersc.gov
or
128.55.128.90

To Login: Type "new"

Description: Limited access for educators.

To Exit: Type "exit"

=====

Telnet Site Name: Nanaimo SchoolsNet

Internet Address(es): crc.sd68.nanaimo.bc.ca
or
134.87.120.1

To Login: Type "guest"

Description: Education based BBS

To Exit: Type "exit"

=====

Telnet Site Name: Netfind User Lookup

Internet Address(es): bruno.cs.colorado.edu
128.138.243.151

Description:

This site is designed to help finding network users' information. Given the name of a person on the Internet and a rough Description of where the person works, Netfind attempts to locate information about the person. The name can be a first, last, or login name, but only one name can be specified. The keys describe where the person works, by the name of the institution and/or the city/state/country. It's menu-driven, one can learn it very quickly by looking at the help.

To Login: type: netfind

To Exit: Go to the main menu and choose "5. Quit".

=====

Telnet Site Name: Newton

Internet Address(es): newton.dep.anl.gov (130.202.92.50)

Description: Newton is an educational BBS sponsored by the Argonne National Laboratory Division of Educational Programs's. The purpose of this BBS is to promote the networking of teachers and students and the exchanges ideas.

To Login: Login as cocotext. At the Menu select item 1 (specify your signon name). First time user will need to signup for using the BBS by typing 'new' at the signon prompt.

To Exit: Return to the main menu and select 5 (signoff).

=====

Telnet Site Name:

NICOL: JvNCnet Network Information Center On-Line

Internet Address(es):
128.121.50.7 jvnc.net or nisc.jvnc.net

Description:

One major section of the telnet site that is beneficial to educators is the section which contains an online, full text

version of Meckler's Electronic Information Service (called MC(2)). All documents are keyword searchable. Areas of interest include Libraries, CD-ROM, Database, Networking, Multimedia, and Virtual Reality. All the documents are copyrighted, but "copying is permitted for non-commercial use by computer conferences, individual scholars, and libraries."

To Login: type: nicol
terminal type (vt100 is the default)

To Exit:
1. Select "Exit NICOL" from the Main Menu; or
2. Enter the exit command, ^]

=====
Telnet Sit Name: PARADISE DIRECTORY

Internet Address(es): HYPATIA.UMDC.UMU.SE
130.239.16.15

To Login: at prompt, type: de

Description:

PARADISE is a pilot directory service which helps users find out information about people and the organizations they work for. It provides electronic mail (E-mail) addresses, postal addresses, telephone and fax numbers. It is essentially a large scale distributed database maintained by administrators within the participating organizations. Only entries for people working for the participating organizations are included. There are presently over 400 organizations and 350,000 individuals from around the world listed in PARADISE.

To Exit: q (quit)

=====
Telnet Site Name: PENPages

Internet Address(es): psupen.psu.edu

To Login: Username: PNOTPA

Description: PENPages is provided by the College of Agriculture at Pennsylvania State University and contains information on local and national agriculture as well as current educational issues. Of special interest to the educators are the MAPP and SENIORS SERIES databases.

EXIT SEQUENCE: From the PENPages menu, type 0 and hit return. When you see the prompt, local> type LOGOUT. You may also need to physically "break" the telephone connection. (by computer command, turning off the computer, or literally unplugging the phone, or however your computer setup dictates.)

=====
Telnet Site Name: Rutgers University CWIS

Internet Address(es): info.rutgers.edu
128.6.26.25

To Login: none required

Description: Rutgers University Pilot Campus Wide Information System is an excellent telnet site with a wide range of information services available for the

user. Extensive information about an Internet Library, a dictionary, thesaurus, the CIA world factbook, and a quotations database. And much, much more. The more you look, the more you find!

To Exit: from the Main Menu, type <quit> and then <return>. Get to the Main Menu from any submenu by typing <quit> and then <return>. Type <q> and <return> to get out of currently running information systems and back to the submenus.

=====

Telnet Site Name: SERVICES

Internet Address(es): wugate.wustl.edu
128.252.120.1

To Login: at prompt type> SERVICES
TERM= (network): type> VT100

Description:

SERVICES is an excellent information gateway which provides access to many other telnet sites across the world (153 as of February 1993). Access to these sites can be gained by menu selection.

=====

Telnet Site Name: SpaceLINK

Internet Address(es): spacelink.msfc.nasa.gov
128.158.13.250

To Login: First time only: user-id: newuser
password: newuser

Description: This database is arranged to provide access to current and historical information on NASA aeronautics and space research. Also included are suggested classroom activities that incorporate information on NASA projects to teach a number of scientific principles.

To Exit: Go to the main menu by typing 1 at any submenu. At the main menu type 1 to log off NASA Spacelink.

=====

Telnet Site Name: SpaceMet Internet.
(Located at the University of Massachusetts, Amhurst)

Internet Address(es): spacemet.phast.umass.edu
128.119.50.48

To Login: Begin the telnet session. When connected, press <return> again--this seems to speed up the login process.

Description: SpaceMet Internet is an online service for educators and students who are interested in space, and space related topics. There is much to be explored at this site and it is very easy to use.

To Exit: The emergency exit is the standard control-] (^]). Otherwise, you will be able to locate the logoff keystroke command (G for Goodbye) on the various menus.

=====
Telnet Site Name: TC FORUM

Internet Address(es): tcforum.unl.edu
129.93.80.233

Description: TC Forum is designed to serve the educational needs in the State of Nebraska, and is owned and operated by Teachers College, University of Nebraska, Lincoln. Its purpose is to encourage and promote the free exchange and discussion of educational information, ideas, and opinions.

To Exit: G)oodbye and Q)uit

=====
Telnet Site Name: UMD Info Database

Internet Address(es): INFO.UMD.EDU
-or-
128.8.10.20

Description:
The University of Maryland Info Database offers access to a wide variety of information and files. However, there is also a great deal of information that is of great interest to the general public.

=====
Telnet Site Name: University of Virginia Grounds-Wide
Information Server

Internet Address(es): gwis.virginia.edu
gopher.virginia.edu
128.143.22.36

Description: GWIS is a local network that also serves as a gopher site. You can access other gopher services, veronica, wais, and others. Locally there are several UV Library catalogs, journals and reviews, political information, and statistics available.

To Login: Type 'gwis' No password is needed
atterminal type. prompt
Press enter for the default (vt100)

To Exit: Type 'q' to quit

=====
Telnet Site Name: World-Wide Web
Internet Address(es): INFO.CERN.CH
128.141.201.74

Description:
The World-Wide Web (WWW) is an information retrieval system based on the principals of hypertext. The WWW uses programs called "browsers" to allow the user to navigate the web. When you telnet into Cern, you are placed into a browser.

To Login: There is no login or password needed. After connecting with the system, you will see an opening screen with the heading "GENERAL OVERVIEW". The bottom line will show the commands which may be used at this time. Be aware that the list of available commands will change, depending on

where you are in the web.

[Quit] : Entering the word 'Quit' (must be typed in full) will cause your exit from the WWW.

F. Useful FAQs for Language Arts Teachers

=====

1. FAQs about locating information.

Internet Address: csn.org:/CSN/FAQ

FAQs about using the Colorado Supercomputing Network to locate information.

2. FAQs about FSP

Internet Address: ftp.germany.eu.net(192.76.144.75), in the directory /pub/network/inet/fsp.

FSP is a Usenet newsgroup for discussing the FSP file transmission protocol.

3. FAQs about GNU Emacs

Internet Address: csc2.anu.edu,au:/unixpt/lib/emacs/etc/FAQ

FAQs about GNU Emacs, a system for handling files greater than 8 megabytes.

4. FAQs about USENET

Internet Address: ftp.germany.eu.net:/pub/news/nn/FAQ

This document answers FAQs about USENET, a menu-based, point and shoot, news reader. It should be read by anyone who wishes to post to USENET. USENET allows the user to select subjects from which to read news.

5. FAQs about the USENET news groups

Internet Address: gatekeeper.dec.com:/.3/net/infosys/gopher/gopher-data/HP/FAQ

FAQs about the USENET news groups from the Digital Corporate Research Company.

6. FAQs about accessing supercomputers

Internet Address: ee.utah.edu:/tcsh/tcsh-6.00/FAQ

FAQ about specifications for accessing supercomputers.

7. FAQs about downloading files.

Internet Address: ee.utah.edu:/tcsh/v5.20/FAQ

FAQ about AT&T v3.2 source licensing procedures for downloading files.

8. FAQs about MacBSD

Internet Address: cray-
ymp.acm.stuorg.vt.edu:/pub/NetBSD_Mac/FAQ

MacBSD is a port of the Berkeley Software Distribution (BSD) version of the Unix operating system to the Macintosh.
