HOW TO USE THIS FACT BOOK

Throughout the year the Office of Institutional Research and Planning produces various statistical reports and graphs on Westchester Community College.

This booklet is simply the result of "scooping" up most of the reports produced during the calendar year 1993, and making them available in one easy collection.

To make it user friendly, we devoted some time to developing the Table of Contents. The statistical reports and graphs are categorized under specific topics such as enrollments, faculty, or retention. If a report covers two topics, we have in some cases included a copy in both sections. Lastly, a separate page number has been given to each report.

We welcome any questions you might have, and hope this will be a helpful source of recent facts and statistics on Westchester Community College.
