## ABSTRACT

This report by the president of Westchester Community College (WCC), in New York, presents an overview of the college's accomplishments from 1970 to fall 1994, highlighting trends in enrollments, faculty, and finances. After a brief introduction describing WCC's mission, programs, facilities, and growth, factual summaries are presented for the following areas: (1) student headcount enrollment in credit and non-credit courses from 1985 to 1994; (2) full-time equivalent enrollments from 1985 to 1994; (3) student characteristics from 1970 to 1994, including gender, age, and minority group status; (4) students' state and county of residence in fall 1993; (5) number of students from Westchester High School from 1985 to 1994 and from county cities and towns for fall 1992 and fall 1994; (6) graduate outcomes from 1989 to 1993; (7) number and types of administrative and faculty positions in fall 1994; (8) faculty rank, teaching quality, and highest degree earned by faculty in fall 1994; and (9) WCC revenues and expenditures for 1993-94. The bulk of the report consists of 43 appended tables providing specific data on the information provided in the factual summaries. A glossary of terms is included. (BCY)

# **President's Report: Twenty-Year Review**

The traditional annual report chronicles the latest chapter in the life of a college. It highlights the previous year and displays the statistical indicators of progress such as enrollments generated, degrees earned, and new programs added.

To be sure, this report does that, but it seeks to do much more. Presented in a two-volume format, this 20-year review is designed to give a broader perspective of Westchester Community College by covering its progress over more than two decades. Its special appendices, carefully indexed, take 43 different indicators and trace them from 1970 to Fall 1994.

While Westchester Community College is proud of its recent accomplishments, it also takes great pride in its accomplishments over the last 24 years. Credit enrollment for the Fall semesters has increased from 5,286 in 1970 to 11,347 in 1994. The percentage of full-time female students enrolled has gone from 31.6% to a parity with males at 50.3% in Fall 1994. For part-time female students, the percentage has gone from 33.7% in 1970 to 60.9%. The percentage of minorities has gone from 6.1% to 31.1%, and the number of disabled students has increased from less than a percent, or 30 students, to 351 students, comprising three percent of the student body.

Moreover, since 1970, 26,883 students have graduated either with a degree (25,708) or certificate (1,162). A library that housed only 17,492 volumes now boasts 91,033; 290 periodicals grew to 601; 335 audio/visual units have increased to 10,940; and no micro-fiche/film units in 1970 became over 50,000 by 1994. WCC's library was one of the first in Westchester County to initiate an on-line catalog and circulation system. A non-credit program that had only 92 students and generated 6 FTEs when it was initiated in 1972 now boasts a duplicated headcount of 32,325 and generates 1,909 FTEs.

The secret to this success lies in the outstanding men and women of this college who over the years have provided extraordinary service to our students and to the Westchester community, and who have maintained a deep commitment to professional development and academic innovation.

We hope you will share our pride in these accomplishments as you review our progress in the last few years and over the last twenty.

Joseph N. Hankin  
President  
March 15, 1995

## INTRODUCTION

---

Westchester Community College, founded in 1946, is situated on 218 acres of the former John Hartford estate, purchased by Westchester County in 1957. Nestled among large trees and rolling lawns, the campus consists of nine major buildings, along with Hartford Hall, the original home of the Hartfords, and now part of the national Register of Historic Places.

**MISSION** The mission of Westchester Community College is to provide high quality, low-cost education to meet the career, transfer, remedial, avocational and recreational needs of the Westchester community. We are accessible, adaptable, dedicated to lifelong learning and sensitive to the individual needs of our diverse population.

**PHILOSOPHY** Westchester Community College is dedicated to the belief that growth and adaptation through educational experience are possible for individuals and organizations at all stages of development. Our democratic heritage mandates that we provide educational opportunity for all who might benefit. For today's dynamic and diverse society, the College provides opportunities for enrichment career changes, upgrading and retraining, in addition to the traditional role of education for first jobs and college transfers. We exist primarily to serve the needs of Westchester County constituencies, from individuals to business to other organizations. Looking upon educational expenditures as an investment rather than merely a cost, the college strives to achieve and maintain excellence.

**PROGRAMS** The programs of study at Westchester Community College include more than 40 degree programs granting either an Associate in Arts, an Associate in Science or an Associate in Applied Science, as well as 18 one-year Certificate programs. In addition, there are over 400 non-credit courses for lifelong learning, provided each semester by the Division of Community Services, Adult and Continuing Education. Nearly 11,500 students are currently enrolled in credit courses, with an additional 8,000 Westchester residents taking advantage of the non-credit courses over the past year.

In addition to the lovely 218-acre campus, seven extension sites offer courses to both credit and non-credit students. Included is the Westchester Art Workshop in White Plains and Peekskill, which offers classes in all the visual arts and fine arts; its Peekskill computer graphics/multimedia center is a unique professional resource for the Hudson Valley region.

**FACILITIES** Campus facilities include a 400-seat theater, a 48-station auto-tutorial center, art and dance studios, 18 science laboratories, approximately 900 students computer stations, special laboratories, in computer-assisted drafting/design and robotics, an Office Technologies Lab with computers, a unique Management Training lab, a commercially-equipped kitchen/laboratory and an automotive maintenance and repair shop.

The Learning Resource center is the first academic library in the county to have a fully automated catalog and circulation system. There is a collegiate-size pool in the Physical Education Building. Tennis courts, football and baseball fields and a wide program of inter-and intramural sports are available to students and the community.

Day care is provided by the Virginia Marx Children's Center program for children of students and faculty. The Career and Transfer Center provides job placement counseling services for students and alumni, as well as services to facilitate the transfer of WCC students to four-year colleges.

**GROWTH** Instituted primarily to provide higher education to veterans returning from World War II, the college has grown from 226 students in September 1946, to nearly 11,500 credit students and approximately 8,000 non-credit students in the Fall of 1994. The first graduating class in September 1948, consisted of 128 students in four programs. The most recent graduating class, May 1994, consisted of 1,046 students in 54 programs. All together, more than 26,500 students have graduated from the College in the intervening years.

Tuition, initially, was free for New York State residents and just \$300 a year for non-residents. Tuition today (1994), although it has risen, is still highly affordable compared to other options: \$1,000.00 per semester full-time, \$84.00 per credit for part-time. Figures for non-residents are \$2,500.00 full-time and \$210.00 per credit part-time.

## FACTUAL SUMMARIES

### STUDENT ENROLLMENTS

#### HEADCOUNT

After a record-breaking seven straight years of increases in student enrollments at Westchester Community College, credit enrollments leveled off in 1993-1994 to a Fall 1993 semester headcount of 11,830. During the seven-year period from 1985-1986 to 1992-1993, however, the **annual unduplicated headcount** increased by 6,838, or 64%, going from 10,713 in 1985-1986 to 17,551 in 1992-1993. This has made WCC the second fastest-growing community college during this period out of the 30 in the SUNY community college system. Fall semester part-time credit students increased at a higher percentage (62.0%) than full-time credit students (50%). The

tremendous growth, accompanied by only a small increase in faculty and student service personnel, has placed a substantial burden on the employees, especially those in the student services division.

Between 1992-1993 and 1993-1994, however, the annual unduplicated credit headcount decreased by 2% or 433 students. This is mainly attributable to a slight decrease in the full-time credit enrollments. The **Fall 1993 full-time credit headcount was 4,813**, decreasing by 72 students from the previous year or a minus 1%, while the **Fall 1993 part-time credit headcount was 7,089**, increasing by 1% or 93 students during the same period.

**TABLE I:**  
**CREDIT HEADCOUNT 1987 TO 1994**

**NON-CREDIT**

In the 1993-1994  
academic year, non-  
credit course

enrollments continued to decrease from the all-time high enrollment in 1990-1991 of 45,338. The total duplicated headcount\* in 1993-1994 was 32,325. The annual state aidable FTEs were 1,909, as shown in Table II below.

The decreases were brought about in large part by the state's decision to eliminate state reimbursements for senior citizen courses, vocational education courses, and contract courses. For the most part, the problem was remedied by increasing student tuition for many of the courses to make them financially self-sustaining. In addition, some courses

were shifted to the credit side when appropriate and valid.

Despite these decreases, WCC continues to have the largest non-credit enrollment of the 30 community colleges in the SUNY system. Among the programs included in this area are Mainstream courses specifically designed for senior citizens, Community Services courses in such fields as computer programming or languages (particularly English as a Second Language), the Westchester Arts Workshop, and vocational education and skills-updating courses designed for the employees of corporations, unions and non-profit organizations, among others.

1993-94	21650	1909	404	0	10271		32325	1972

\*We are unable to produce an unduplicated headcount.

\*\* Began using an academic year rather than a calendar year.

## FTEs

For the 1993-1994 academic year, WCC had a count of 7,148 annual FTEs (full-time equivalent students).<sup>\*</sup> This represents a decrease in FTEs of 251, and marks the first time a decrease in annual FTEs has occurred since academic year 1985-1986. The number of FTEs generated by full-time students (4,203) still substantially exceeds those derived from part-time students (2,944).

Since a prime source of state aid to WCC is based on the number of annual FTEs generated by student enrollments (currently \$1,800 per each 15 hours of credit a semester), the number of FTEs generated by full-time students compared to part-time students is particularly important. More part-time students, but less aid per student, means the extra administrative services needed from the Admissions Office, the Registrar, Counseling,

Maintenance, and the Student Center must be borne without a proportionate increase in state reimbursements. Table III compares the number of FTEs generated by full-time and part-time students.

There has also been a slight decrease in recent years in the number of credit hours taken by full-time students per semester. In Fall 1985 the average number of credit hours taken by a full-time credit student was 14.62 hours. In 1992 it was 14.07 hours. In Fall 1993 and in Fall 1994 this figure dropped to 13.98 credit hours per semester. A drop in the average number of credit-hours per student per semester is important because it translates into fewer FTEs and less State reimbursement per student. For part-time students, the average number of credit hours has remained almost constant at 5.11 credit hours per semester.

**TABLE III**  
**CREDIT FTE'S FALL 1985 TO FALL 1994**

<sup>\*</sup>FTE stands for Full-Time Equivalent, computed on the basis of 30 credit hours a year, or 15 per semester. A student at WCC is considered full-time if he or she takes 12 or more credits a semester. This, of course, is inconsistent with the State's use of a reimbursement rate of 30 credits for an FTE annually.

**GENDER**

Among full-time credit students, the gap between the percentage of females compared to males has narrowed since 1970 to reach parity in Fall 1992 and remain there in Fall 1994. This compares with approximately 40% female in 1980 and less than a third (31.7%) in 1970, as shown in Table IV.

Among part-time credit students, however, the percent of women attending exceeds men considerably and has done so since 1977. In Fall 1994, 61% of the part-time credit students were women. This represents a slight decrease over Fall 1993 when the percentage of female part-time students was 62% and may indicate a leveling off of the faster growth rate in part-time female students.

**TABLE IV:****GENDER OF STUDENTS (FALL SEMESTERS)**

<u>Year</u>	<u>Full-Time Credit</u>			<u>Part-Time Credit</u>		
	<u>Male</u>	<u>Female</u>	<u>% Female</u>	<u>Male</u>	<u>Female</u>	<u>% Female</u>
1970	1689	783	32%	1865	949	34%
1980	2298	1545	40%	1972	2286	54%
1985	1794	1408	44%	1843	2472	57%
1990	2115	1961	48%	2434	3494	59%
1993	2356	2385	50%	2707	4382	62%
1994	2226	2231	50%	2688	4202	61%

**AGE**

The average age of a WCC credit student (both full-time and part-time students) in Fall 1993 was 27. This has remained constant since Fall 1991. However, the average age of a full-time student is much lower than that of a part-time

student. As shown in Table V below, the average age of a full-time student was 23 in Fall 1993 compared to 31 for part-time students. The higher average age of part-time students for both male (29) and female (34) indicates that many are returning students.

**TABLE V:****AVERAGE AGE OF STUDENTS (FALL SEMESTERS)**

<u>Year</u>	<u>Full-Time Students</u>			<u>Part-Time Credit</u>		
	<u>Male</u>	<u>Female</u>	<u>All Students</u>	<u>Male</u>	<u>Female</u>	<u>All Students</u>
1970	20.75	20.31	20.53	27.25	28.72	27.99
1980	20.30	21.42	20.74	26.46	31.09	28.99
1985	20.71	21.06	20.86	26.81	32.65	30.14
1990	21.04	22.23	21.64	28.58	33.27	26.28
1991	22.05	23.42	22.74	29.15	34.14	31.65
1992	22.40	23.65	23.03	29.34	34.17	31.65
1993	22.37	23.39	23.88	29.04	34.08	31.56

**MINORITIES**

Minority enrollment has increased slightly (one percent) in the last two years to 31%, as shown in Table VI below. Hispanics, however, have increased at a slightly faster pace than Black and Asian students. In Fall 1994, Hispanics comprised

10.2% of the student population, up from 8.5% in Fall 1992. Asian/Pacific enrollments have remained almost constant at 4.9%, and Black student enrollments have declined slightly from 16.3% in Fall 1992 to 15.2% in Fall 1994.

**TABLE VI:****ETHNIC MAKE-UP AS A PERCENT OF TOTAL ENROLLMENT: FALL SEMESTERS**

<u>Year</u>	<u>Blacks</u>	<u>Hispanics</u>	<u>Asian/ Pacific Is.</u>	<u>Alaskan/ Native Am.</u>	<u>Whites-Foreign Uncoded</u>
1970	3.4%	2.0%	.7%	.0%	93.9%
1975	11.1%	4.8%	1.2%	.1%	82.8%
1980	10.3%	2.6%	1.5%	.2%	85.6%
1985	12.7%	5.3%	2.9%	.2%	78.9%
1990	14.4%	7.2%	3.2%	.2%	75.0%
1992	16.3%	8.5%	4.4%	.5%	70.3%
1993	16.3%	9.8%	4.7%	.4%	68.5%
1994	15.2%	10.2%	4.9%	1.0%	66.9%

In Fall 1994 a substantially higher percentage of minority women (60%) were enrolled than men (40%). Table VIa below also shows that in terms of full-time and part-time

enrollment for WCC minorities, a much higher percentage of Hispanic students (50%) are attending full-time than Black students (41%) and Asian students (44%).

**TABLE VIa:****FULL-TIME AND PART-TIME ENROLLMENT BY ETHNICITY: FALL 1994**

<u>Year</u>	<u>Blacks</u>	<u>Hispanics</u>	<u>Asian/ Pacific Is.</u>	<u>Alaskan/ Native Am.</u>	<u>Whites-Foreign Uncoded</u>
Full-time	706 (40.7%)	582 (50.2%)	236 (43.7%)	27 (28.1%)	2,906 (37.2%)
Part-time	1030 (59.3%)	578 (49.8%)	314 (58.2%)	69 (71.9%)	4,899 (62.8%)
Total	1736	1160	540	96	7,805

# STUDENTS' RESIDENCE

Less than one percent of the students (78) attending WCC in Fall 1993 had a permanent residence outside of New York state. Neighboring Connecticut contributed the most (27), but there were forty-one known foreign citizens. Nearly a fifth (17.5%) of those

students who do have a permanent residence in New York come from a county other than Westchester. Bronx County (1,056) just south of Westchester, and Putnam County (702), just north, contributed the greatest number of out-of-county students, as shown in the pie chart below.

TABLE VII:

RESIDENCE BY COUNTY OF WCC STUDENTS, EXCLUDING WESTCHESTER: FALL 1993

# HIGH SCHOOL GRADUATES

Fourteen percent (13.9%) of the students graduating from public or private high schools in Westchester County enrolled at WCC in 1993.

This percentage is slightly down from 1990-91 when 16.0% of Westchester's graduating high school students attended WCC, as shown in Table VIII.

TABLE VIII:

WESTCHESTER HIGH SCHOOL GRADUATES AT WCC

<u>Year</u>	<u>West. Co. H.S. Grads</u>	<u>Percent At WCC</u>
1985-86	11,301	8.4%
1986-87	11,065	9.6%
1987-88	10,949	9.7%
1988-89	9,780	10.2%
1989-90	8,817	13.6%
1990-91	8,297	16.0%
1991-92	8,198	19.42%
1992-93	7,990	13.97%

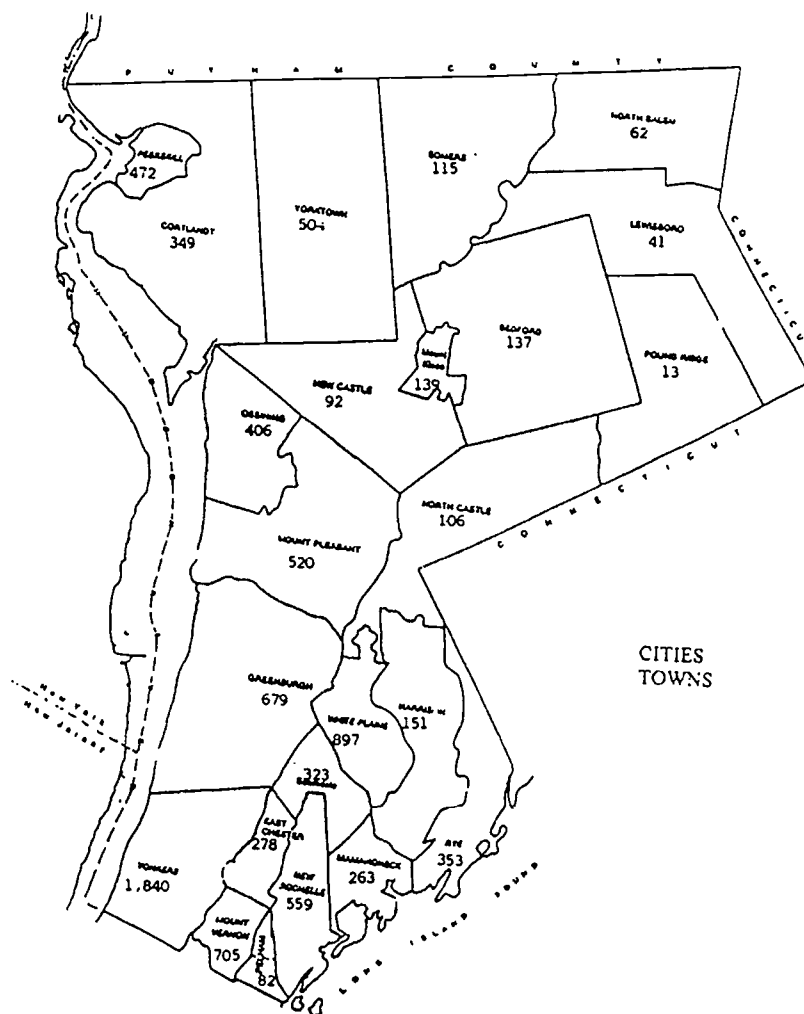

# **CITY & TOWN ENROLLMENTS**

The county of Westchester has six cities and 19 towns within its borders. A breakdown of student enrollment by city and town is shown in Table IX, below. A comparison of the cities between

Fall 1992 and Fall 1994 shows a decrease in enrollments from Yonkers (-294), White Plains (-104), and Mount Vernon (-44), and an increase in New Rochelle (+23). Rye (+4) and Peekskill (-3) remained almost constant.

**TABLE IX:**

## **STUDENT ENROLLMENT BY CITY AND TOWN: FALL 1994**

A comparison of the towns shows a substantial increase from Fall 1992 to Fall 1994 in students from two towns, in particular: Cortlandt (+76) and Yorktown (+100). The opening of new off-campus centers in Peekskill and Mahopac probably explains these increases. The town of Somers, however,

which is also located relatively close to the new centers, experienced a decrease of 94 students. The two towns located closest to the main campus, Greenburgh (-74) and Mount Pleasant (-98) also showed considerable decreases

## GRADUATES

More than 26,500 students have graduated from

Westchester Community College since the first graduating class in 1948.

A survey of WCC students graduating in the academic year 1992-1993 showed that almost two-thirds (63.1%) of the respondents had transferred after graduation to a four-year college, with almost three-fourths (73.8%) attending full-time. Half of the transfers (52.8%), as shown in Table X, chose a college in Westchester County, and only 8.7% selected one outside of New York State.

Over four-fifths of the students (82.6%) aspired to a bachelor's degree. Over two-thirds (68.2%) reported that their current occupation was "highly related" or "slightly

related" to their college major. Over three-fifths (62.3%) of the respondents said they were either "very satisfied" or "satisfied" with their annual salary, and over four-fifths (82.7%) reported being either "very satisfied" or "satisfied" with their duties on the job. Most encouraging to the College was the fact that 92% said they were either "very satisfied" or "satisfied" with the College overall, and another 94% said they were "satisfied" or "very satisfied" with the courses in their major.

The mean salary for the 1993 graduates who responded to the survey was \$25,278; the median salary was \$26,000. Almost three-fourths (73.8%) reported that they were employed, with approximately two-thirds (69%) working full-time and one-third (30%), part-time.

## ADMINISTRATION AND FACULTY

In Fall 1994, Westchester Community College was served by 504 employees distributed in the following positions:

**TABLE XI:**

### ADMINISTRATION AND FACULTY POSITIONS

<u>Position</u>	<u>Percent</u>	<u>Total</u>
Executive/managerial	8.1%	41
Full-Time Teaching Faculty	33.3%	168
Librarians and Program Specialists	3.2%	16
Counselors	5.8%	29
Staff	49.6%	250

The average length of service for all these employees was 12.4 years, and the average age was 47.8. Almost one-fifth (19.3%) were minorities, and 56.6% were women.

### FACULTY

There were 168 people holding full-time teaching faculty lines in Fall 1994. Of the teaching faculty, 59.5% (100) were males and 40.5% (68) were females, as shown in Table XII. The median age was 51.9 and the average length of service was 17.5 years. Ten percent (10.1% or 17) were minorities with 3.6% Asian, 4.8% Black, and 1.8% Hispanic.

The number of male full professors (36 or 78.2%) substantially exceeds the number of females (10 or 21.7%). This imbalance basically reflects hiring practices before the

1970s. Over the last twenty years a concerted effort has been made to hire qualified women. As of Fall 1994, women comprised 39.6% of the associate professors, and 52.9% of the assistant professors. Only one member of the teaching faculty has the status of instructor.

The number of minority faculty remains relatively low despite a policy designed to increase their numbers. Minorities currently comprise 10.1% of the teaching faculty, numbering 17. Blacks account for 4.8% of the total faculty; Asians, 3.6%; and Hispanics 1.8%.

**TABLE XII:**

### RANK AND GENDER OF TEACHING FACULTY: FALL 1994

<u>Rank</u>	<u>Percent</u>	<u>Total</u>	<u>Male</u>	<u>Female</u>
Full Professor	27%	46	36	10
Associate	31%	53	32	21
Assistant	41%	68	32	36
Instructor	1%	1	0	1
Total	100%	168	100	68

**QUALITY OF  
TEACHING**

Westchester  
Community College  
is particularly noted

for the high quality of teaching provided by its faculty. This is substantiated by the significant number of faculty receiving Chancellor's Awards for Excellence in Teaching, the number holding either doctorate or master's degree, and the very favorable responses obtained from surveys of the graduates.

Since the SUNY Chancellor's Awards were established in 1973, 50 WCC faculty and

professional staff have received this recognition for their outstanding teaching, librarianship, or professional service. Sixteen of these recipients have been further honored with the NISOD Excellence award for leadership in teaching.

As of Fall 1994, 94.6% of the teaching faculty held doctorate or master's degrees, as shown in Table XIII below. All of the instructors (the most recently-hired faculty members) have at least a master's degree.

**TABLE XIII:**  
**HIGHEST DEGREE EARNED: FALL 1994**

<u>Degree</u>	<u>Percent</u>	<u>Number</u>
Doctorate	21.1%	36
Master's	73.5%	122
Bachelor's	5.4%	9

In the annual "Study of the Graduates," a survey conducted each year on WCC graduates since 1979, a very substantial percentage of the alumni have consistently expressed either "great satisfaction" or

"satisfaction" with the "Overall Quality of Instruction (96% in 1993)," and their "Overall experience at WCC (97% in 1993)," as shown in Table IV, below.

**TABLE XIV:**  
**STUDY OF THE GRADUATES: 1990 TO 1993**

<u>Questions</u>	<u>1990</u>	<u>1991</u>	<u>1992</u>	<u>1993</u>
Overall Quality of Instruction	97%	98%	97%	96%
Satisfaction with Overall WCC Experience	98%	97%	98%	97%
Accessibility of Instructors	78%	85%	82%	80%

## COLLEGE FINANCES

### COLLEGE REVENUES

The Westchester Community College budget for 1993-1994 was \$52,012,908. This is an increase of 6.8% over the previous year or \$3,297,664. As shown in Table XV below, less than one-third of the budget funds came from the state government (32.0%) and less than a fourth (24.6%) came from the County of Westchester. The largest percentage of funds (34.6%) came from students in the form of tuition and fees. The remaining 7.6% came from "chargebacks to other colleges" and grants, including federal aid. This budget

supports our regular instructional program and the special programs designed to serve the Westchester community.

Financial assistance from the state has been reduced considerably over the last several years, but state reimbursements coupled with support from the county government still have enabled the College to charge an in-state tuition for a full-time student that is extremely reasonable, \$2,000 for the academic year 1993-1994. Additional fees of \$108.75 per semester also are required.

**TABLE XV:**  
**REVENUES BY SOURCES: 1993 - 1994**

**COLLEGE  
EXPENDITURE**

As in the past, more than half (53%) of the 1993-1994 budget was devoted to instructional and departmental services including costs for the instruction of self-sustaining courses.

Another 8.1% was spent on student services, 10.4% on maintenance and operating needs, and 7.3% on general administration, as shown in the pie chart on expenditures labeled Table

XVI. Employee benefits came to 17.0% of the budget.

Two capital project were included in the 1993-1994 Capital Budget, both of which were directed toward providing upgrades and improvements to the campus infrastructure. They include the replacement of roofs on various buildings throughout the campus and various types of mechanical work on several buildings.

**TABLE XVI:  
EXPENDITURES BY FUNCTION: 1993-1994**

1. From 1970 to 1985 the Spring & Summer semesters are the same calendar year as the Fall semester on the same row.
2. "UNDUP" stands for unduplicated headcount (an unduplicated headcount is the number of students enrolled in an academic year. No student is counted twice within the academic year.) We are technically unable to produce unduplicated headcounts for dates prior to 1985.
3. As of 1985-86, academic rather than calendar year is used to present statistics. Example: Academic Year 1985-86 consists of: Fall '85, Spring '86 & Summer '86.

1. At present, we are unable technically to produce an unduplicated headcount for non-credit courses.
2. Non-Credit Courses were begun in 1971.
3. Began using an Academic year rather than a calendar year.  
Academic Year: Fall '89, Spring '90 & Summer '90 Semesters.
4. State funding for non-credit courses was eliminated for Vocational and Community Service programs.
5. State aidable category discontinued for non-credit Contract courses.  
Only Remedial courses remain state aidable.

1993 - 1994	91,033	105,906	601	359	5,230 <sup>3</sup>

1. Inventory conducted - base figure to be used.
2. Many reference titles switched to reference serials category.  
Periodical titles include those publications issued more than once a year.  
Reference serials include titles published on an annual or other regular or irregular basis, but not more often than once a year.
3. A special allotment was given to the library to buy 6,000 books over two years, which explains the substantial increase over last year.

1987 - 1988	828	468	29,457
1988 - 1989	952	292	30,039
1989 - 1990	894	308	35,759

YEAR	TOTAL AUDIO/VISUAL UNITS <sup>1</sup>	TOTAL AUDIO/VISUAL TITLES <sup>1</sup>	TOTAL MICRO- FICHE/FILM UNITS
1990 - 1991 <sup>3</sup>	10,693	4,714	35,534
1991 - 1992	11,184	4,974	31,401
1992 - 1993	11,717	5,219	30,972
1993 - 1994	10,840	5,448	50,000 <sup>4</sup>

1. Audio Visual Items include recordings, audio cassettes, video cassettes, and computer software.
2. Many fiche weeded from collection.
3. In 1990-91 the method of counting units and titles changed.  
Also in 1990-91 a major withdrawal of AV formats, such as filmstrips which are no longer used, took place.
4. Substantial increase due to three titles in micro fiche format not previously recorded.

<sup>1</sup> Includes "Island" accounts which consist primarily of off-campus programs.

## GLOSSARY

**CREDIT COURSES:** Those that can be used to meet the requirements of a degree or credit granted by the College.

**CREDIT HOURS:** The number of academic units assigned to a credit course.

**EQUIVALENT CREDIT HOURS (ECH)** for non-credit courses are calculated for FTE and State-operating budget aid purposes by the following formula:

$$\text{ECH} = \frac{(\text{minutes in each session})}{60 \text{ minutes/hours}} \times \frac{(\text{number of sessions})}{15 \text{ hours of instruction/semester}} \times (\text{\# of students})$$

Because there are 15 hours of instruction per semester for each credit hour, 15 is used as a divisor.

**ENROLLMENT:** An unduplicated count of students.

**FIRST TIME STUDENT:** A student who has not been previously enrolled at any college or university and who is enrolled for the first time at WCC.

**FOREIGN STUDENT:** A student who is neither a United States citizen nor holds permanent resident status.

**FULL TIME EQUIVALENT (FTE):** A measure of the quantity of education provided to students. The FTE converts all educational activity into a number equivalent to education provided to full-time students. This serves as a standard measure among institutions. It is calculated by dividing the total number of credit hours and credit equivalent hours by the average annual credit load of a full-time student. Within the SUNY system the number thirty is used to represent annual credit load.

**FULL-TIME STUDENT:** An undergraduate student enrolled for 12 or more credit hours in a single semester.

**HEADCOUNT:** The number of different students, an unduplicated count.

**MEDIAN:** In a distribution of scores, the middle score is the median, with 50% of all scores above the median and 50% below.

**MICROFORM:** Includes photographic reproductions reduced in size so that they can be used only with magnification. This includes microfilm and microfiche.

**NON-CREDIT COURSES:** Courses offered by the institution which cannot qualify under the definition of a credit course; i.e., those for which regular college credit is not awarded and which cannot be used to meet the requirements for a degree, diploma or certificate awarded by the College.

**NON-RESIDENT ALIEN:** A person who is not a citizen or a national of the United States and who is in this country on a temporary basis and does not have the right to remain indefinitely.

**PART-TIME STUDENT:** An undergraduate student who is enrolled for fewer than 12 credit hours in a single semester.

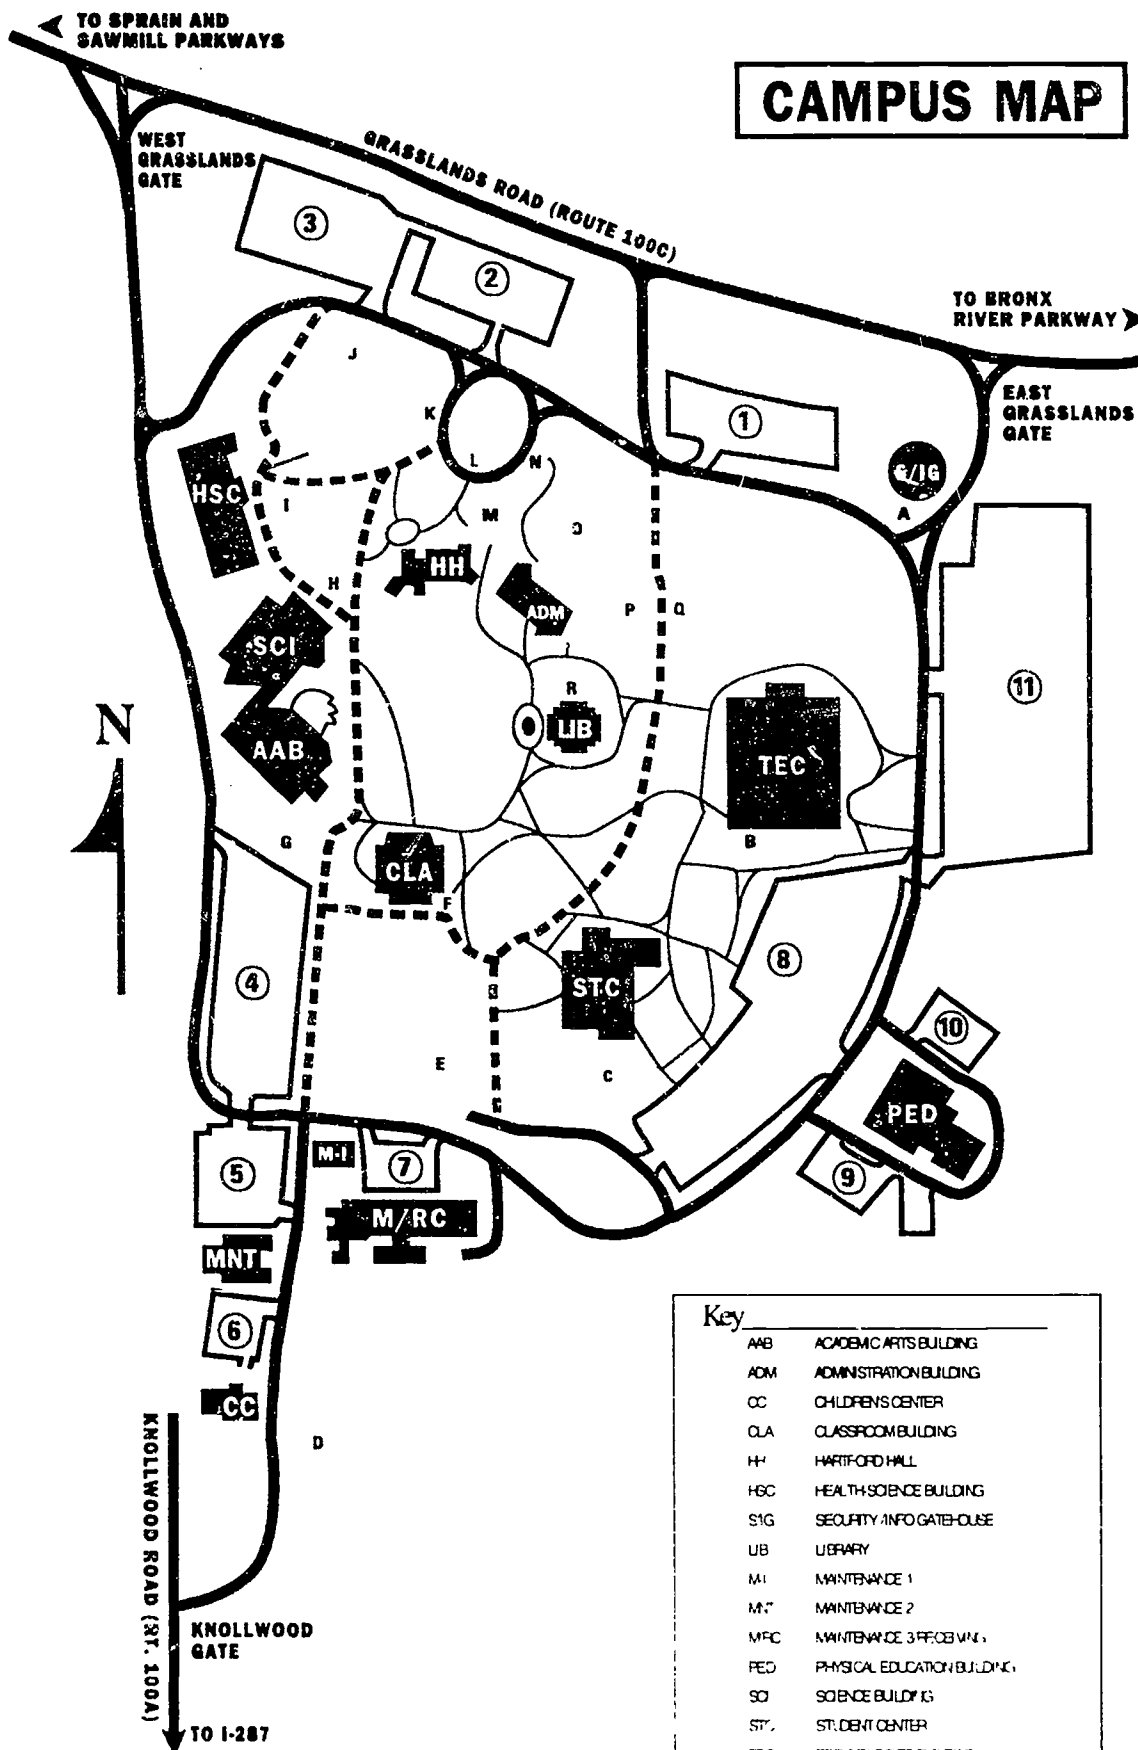

**RACIAL/ETHNIC CATEGORY:** A subset of the group of compliance categories which are determined by Federal reporting requirements and consist of White, Non-Hispanic; Black Non-Hispanic; Hispanic; Asian or Pacific Islander; and American Indian or Alaskan Native (Native American).

**RESTRICTED FUNDS:** Those funds available for financing operations but which are limited by donors or other external agencies to specific purposes, programs, departments or schools.

**STUDENTS IN AN ASSOCIATE DEGREE PROGRAM:** A credit course student who has met the requirements for admission to an Associate Degree program requiring sixty hours of credit, and who is carrying out a planned sequence of courses toward that degree.

**STUDENTS IN A CERTIFICATE PROGRAM:** A credit course student who has met the requirements for admission to a Certificate program requiring thirty hours of credit, and who is carrying out a planned sequence of courses toward that certificate.

**TRANSFER-IN STUDENT:** An undergraduate student who is enrolled in College in the current term for the first time, but who has attended other colleges or universities prior to the current term.
