ABSTRACT

In recent years, Seminole County Public Schools in Florida, adopted new guidelines for the processing of student expulsions. This manual was designed to clarify the processes associated with student expulsion in secondary schools in Seminole County. It describes the protocols, procedures, and paperwork needed to comply with the school board's requirements for documentation of each expulsion option. Options include full exclusion from any and all Seminole County Public Schools, application to Project Excel (an alternative educational placement), transfer to another county school, or return to home school on a district behavior contract. Three situations require the production of a comprehensive expulsion packet—a recommendation for full exclusion, a request by the student or guardians for a formal hearing, and a recommendation for student application to Project Excel for a second time. Sample forms are included. Some forms in Spanish are also included. (LMI)

INTRODUCTION

In recent years, new guidelines have been adopted for the processing of student expulsions. These revised procedures have brought about a fundamental change in the manner in which recommendations for student expulsion are made and acted upon in Seminole County Public Schools. This manual is provided to schools to assist in the delineation and clarification of the processes associated with student expulsion in secondary schools.

It is imperative for everyone who is involved in the processing of student expulsions to have a common understanding of what is necessary and required for engaging the appropriate procedures associated with each expulsion option. Having a common understanding of these protocols will prevent unnecessary delays in processing recommendations, improve communication between and among all the parties involved (students; parents; school administrators; district administrators), as well as professionalize the entire process.

In the past, every recommendation for expulsion required a due process hearing before the School Board. This, in turn, required the school to produce a comprehensive expulsion packet designed to withstand a legal challenge in a formal hearing before the School Board.

Now, there are three situations which require the production of a comprehensive expulsion packet. The first, is when a student is recommended for full exclusion from any and all Seminole County Public Schools (Option A) for a specified period of time. The second, is when a student or a parent/guardian requests a formal hearing before the School Board. The third, is when a student is recommended to apply to Project Excel a second time in his/her secondary school career.

All other expulsion recommendations involve the signing of an Expulsion Waiver and a District Behavior Contract to hold a student's expulsion in abeyance while the he/she is given the opportunity to re-enroll in a Seminole County Public School. Just where in the district a student is to matriculate, at Project Excel (Option B), at an out-of-zone school site (Option C), or at the student's zoned school (Option D), will be determined

by the recommendation of the principal being accepted by the Superintendent.

The signing of an Expulsion Waiver and a District Behavior Contract eliminates the formal hearing requirement previously associated with all expulsions. As a result, the school is not required to compile a comprehensive expulsion packet. Instead, a truncated expulsion packet which provides the necessary documentation is assembled by the school.

It is critical to note that the student and his/her parents/guardians must agree to all elements of the Expulsion Waiver and all terms of the District Behavior Contract in order for the student to be allowed to re-enroll in Seminole County Public Schools. If the student or the parents refuse to agree, in full or in part, to the elements or terms of either document, then a formal hearing before the School Board is required and the corresponding comprehensive expulsion packet must be prepared by the school.

Truncated expulsion packets that correspond with Consent Agenda expulsion Options B, C, and D are presented to the School Board for approval at a designated Expulsion Hearing, or at a regularly scheduled School Board meeting. Attendance by a school administrator at the designated Expulsion Hearing or School Board meeting is not necessary or required when a student agrees to the elements of the Expulsion Waiver and the terms of the District Behavior Contract.

What follows is a description of the protocols, procedures and paperwork which comports with the School Board's requirements for documentation of each expulsion option. It is anticipated that the changes referred to above will significantly reduce the amount of paperwork required for processing student expulsions.

It is important to keep in mind the legal implications and the professional impressions associated with the quality of the paperwork submitted in this process. Thorough completion of all forms, accuracy in detail, timeliness of submission, and the inclusion of all required signatures are crucial to ensuring the expulsion process proceeds as expertly and expeditiously as possible. The importance of attending to these issues cannot be overstated.

Whatever is written by students, teachers, parents, and administrators will be closely scrutinized by the members of the School Board, the Superintendent, and the Executive Director of Secondary Education for both substance and clarity. The documents might also be examined by attorneys, hearing officers, investigators from the Office of Civil Rights, and judges at the state or federal level. It is imperative that all paperwork submitted be neat and legible.

A section of this manual is dedicated to the protocols required for processing an expulsion recommendation involving student receiving ESE services or 504 accommodations, identified as qualifying for ESE services or 504 accommodations, or as possibly being in need of ESE services or 504 accommodations. However, it is important to emphasize that the most critical requirement in the entire process of dealing with those situations is the convening of a **Student Study Team (SST)** meeting and the inclusion of the minutes of this meeting in the submitted expulsion packet.

Finally, keep in mind that this is an evolving process. Adjustments in specific protocols may be called for as feedback is received regarding the effectiveness and efficiency of these procedures. When revisions are required, replacement pages will be forwarded to each school.

GENERAL PROCEDURES

The following procedures are to be followed in the processing of any recommendation for expulsion:

1. Initial Notification of the District Office: Telephone notification to the Office of Secondary Education is to occur immediately after it has been determined that a student has committed an act warranting a recommendation for expulsion.

The school administrator in charge of the case should identify the:

Ц	student's name
	student's grade
	name of school
	name of the administrator handling the ase
	student's ESE or 504 status
	student's offense
	length of suspension
	principal's recommendation for expulsion
	length of expulsion
	target date for submitting the expulsion to the Board
	any other pertinent information related to the case

Note: If a **Weapon** is involved in the incident, the principal is to immediately fax or hand deliver a picture or photocopy of the weapon to the Office of Secondary Education.

2. Length of Suspension (Option A): The duration of the out-of-school suspension that attaches to an Option A expulsion recommendation shall prevent the student from returning to school prior to the formal expulsion hearing before the School Board.

Note: The Office of Secondary Education must be contacted whenever it becomes necessary to extend a suspension beyond the 10 day maximum to prevent a student from returning to school prior to the School Board taking action on the expulsion recommendation.

- 3. Length of Suspension (Option B): Students recommended to apply to Project Excel will be contacted by the Project Excel staff within 48 hours of the Office of Secondary Education receiving confirmation from the principal that the Expulsion Waiver and District Behavior Contract have been signed. The student shall not return to the zoned school after these documents have been signed. This applies even if the term of the suspension that attached to the incident has been completed.
- 4. Length of Suspension (Options C & D): The duration of the suspension shall reflect the severity of the offense and conform to the Student Conduct and Discipline Code. The student may return to the zoned school or the alternative school site immediately after the Expulsion Waiver and District Behavior Contract have been signed by all the appropriate parties and the student has served the suspension that attached to the infraction.
- 5. Confirmation of Recommendation to District Office: The principal shall notify the Office of Secondary Education immediately after he/she has met with the student/parents to clarify the rationale for an Option A recommendation, or to sign the Expulsion Waiver and the District Behavior Contract for Options B, C, or D.

Note: The purpose of this contact is to confirm which expulsion option and accompanying documentation will be submitted to the School Board for action.

Note: Individual copies of all forms required for documentation should be distributed to the appropriate parties by the administration of the school making the expulsion recommendation.

6. Submission of Expulsion Packet to the District Office: The expulsion packet is to be submitted to the Office of Secondary Education after the necessary documentation has been compiled to process the expulsion recommendation.

Note: The timeliness of submission of Option A documentation is especially critical. These expulsion packets are due to the Office of Secondary Education by 12:00 p.m. on the Wednesday preceding the expulsion hearing.

7. Notification of Official School Board Action: The Office of Secondary Education will communicate the School Board's official disposition to parents, school, and alternative school sites. Telephone contact will be made immediately following the expulsion hearing. Written notification will be forwarded to the appropriate parties within 48 hours of the School Board's action.

WITHDRAWAL PROCEDURES/CODE

The following codes and procedures have been established for withdrawing a student who is recommended for expulsion.

Option A - Full Exclusion from Seminole County Public Schools

A Final Order of Expulsion from the office of Secondary Education will be distributed to:

Parent

School Expulsion Contact (to be shared with the data entry and guidance secretaries who will in turn enter a code of W-21).

(Note: The hearing date indicated on the Final Order will be the date to use for withdrawal.)

Option B - Recommendation to Excel

A Letter of Notification from the office of Secondary Education will be distributed to:

Parent

School Expulsion Contact (to be shared with the data entry and the guidance secretaries who will in turn enter a code of **W-02**)

(Note: The hearing date indicated on the Notification Letter will be the date to use for withdrawal.)

Note: If student does not apply to Project Excel or if he/she is dismissed from the program a *Final Order of Expulsion* will be distributed to: (Note: The indicated on the Notification Letter will be the date to use for withdrawal.)

Parent

School Expulsion Contact (to be shared with the data entry and the guidance secretaries who will in turn enter a code of W-21)

Option C - Recommendation to another Seminole County school

A Letter of Notification from the office of Secondary Education will be distributed to:

Parent

School Expulsion Contact of sending school (to be shared with the data entry and the guidance secretaries who will in turn enter a code of **W-02**)

School Expulsion Contact of receiving school (to be shared with data entry and guidance secretaries) Administration will be previously notified of recommendation.

(Note: The hearing date indicated on the Notification Letter will be the date to use for withdrawal.)

Option D - Return to Home School on District Behavior Contract

A Letter of Notification from the office of Secondary Education will be distributed to:

Parent

School Expulsion Contact (to be shared with guidance personnel in order for student to receive counseling. This is a significant event in a student's life.)

(Note: The hearing date indicated on the Notification Letter will be the date to use for withdrawal.)

The next two pages are sample copies of *The Letter of Notification* and *The Final Order of Expulsion*.

Dear Parent:

THOMAS L. MARCY, Ed.D. Executive Director of Secondary Education

RONALD L. PINNELL, Ed.D. Assistant Director of Secondary Education

This letter is intended to inform you that the school Board of Seminole County, Florida, has approved the conditions of the Waiver of Out-of-School Expulsion and the District Behavior Contract you and your child agreed to earlier.

As long as your child continues to fulfill the terms of the waiver and contract, he/she may continue to attend the school to which he/she has been assigned under the terms of this agreement and the recommendation for expulsion will be held in abeyance. When your child has successfully completed the time requirement of the District Behavior Contract the expulsion recommendation will be expunged from his/her record.

I wish you good luck and genuinely hope that this, although a very troubling experience for your family, will be a life's lesson that positively serves your son/daughter in the future.

Sincerely,

Ronald L. Pinnell

Respondent,

FINAL ORDER OF EXPULSION

This matter was heard before the School Board of Seminole County, Florida, on March 12, 1996, upon the recommendation of the Superintendent of Public Schools for Seminole County, Florida that JOHN DOE be expelled from Lake Howell High School and all Seminole County Public Schools for certain violations of the Student Conduct and Discipline Code, Sandy Robinson, presided.

Upon the record the School Board finds that JOHN DOE did on February 16, 1996, violate the Student Conduct and Discipline Code by the commission of the following offense:

1. Possession of alcohol and marijuana.

THEREUPON IT IS HEREBY ORDERED AND ADJUDGED that JOHN DOE be expelled from Lake Howell High School and all Seminole County Public Schools for the remainder of the 1995-96 school year.

Dated at Sanford, Seminole County, Florida on March 13, 1996.

TROUBLE SHOOTING

Historically, there have been some reoccurring issues that have delayed the processing of expulsion packets. The following suggestions are effered to help prevent unnecessary delays in processing expulsion recommendations:

- 1. Current Forms: Make sure the forms used for processing any expulsion recommendation are the most current/revised forms available. The "Documentation Required" page provided in this manual for each expulsion option identifies the operative revision date of each form required to process that recommendation. If the forms are not current, the packet will be returned to the school for the transfer of the expulsion information to the appropriate forms.
- 2. **Required Signatures:** Be sure to double check all forms to confirm that each form has been signed by the appropriate individuals. The absence of all appropriate and required signatures on expulsion forms will result in the packet being returned to the school to obtain the missing signatures.
- 3. Forms in Native Language: Provide all ESOL students and their parents with an expulsion packet with forms written in English and duplicate forms that have been translated into their native language. An expulsion packet will be returned to the school if there is a question as to whether a student or a parent understands the English translation of the expulsion forms.
- 4. Subjective Comments on Teacher Observation Sheets or Student Referral Forms: Screen these forms for teacher comments that state that they (the teachers) believe a student needs professional help or that the student should be tested for emotional problems or that they believe the student has problems of this sort. This applies regardless of whether or not the student is presently staffed into an ESE program. An expulsion packet will be returned to the school if there is no evidence (SST minutes) that these concerns have been addressed by the school.

- 5. Witness Statements Sworn to and Notarized: Every individual who provides a witness statement must swear to the truth of his/her statement, sign and have the statement notarized by a certified Notary Public.
- 6. Student Study Team Recommendations: Be sure the expulsion packet submitted for an ESE student (excluding students staffed into the Gifted Program) includes the manifestation determination by the school's SST. This is absolutely required. Failure to include this documentation will immediately terminate the process until such a meeting is held and the recommendations of the SST are included in the expulsion packet.

FORMAL HEARINGS

Attendance by a school administrator who is familiar with the facts of a case and the rationale for a principal's expulsion recommendation is **required** at all formal hearings.

A formal hearing before the School Board is necessary under the following conditions:

- 1. Principal's Expulsion Recommendation is for Full Exclusion From all Seminole County Public Schools (Option A). A comprehensive expulsion packet must always be submitted for an Option A hearing.
- 2. Refusal to Sign the Expulsion Waiver or a District Contract
 (Options B, C, & D). Parent or student refusal to agree to each and all terms of the Expulsion Waiver and/or the District Behavior
 Contract requires the expulsion recommendation to be brought before the School Board for a formal hearing.

Note: The principal **does not** have to change the original expulsion recommendation under these conditions. However, a comprehensive packet (Option A) of documentation must be submitted instead of the truncated packet of documentation that is utilized for a Consent Agenda recommendation.

3. Student Recommended to Project Excel a Second Time in the Student's Secondary School Career (Option B - 2X). Any student who is recommended to Project Excel a second time must appear before the School Board for a formal hearing.

Note: This **requires** a comprehensive packet (Option A) of documentation be submitted **even if** the principal and the student/parents agree on the recommendation to Project Excel and would freely sign an *Expulsion Waiver* and a *District Behavior Contract*.

OUT-OF-SCHOOL EXPULSION WAIVERS AND DISTRICT BEHAVIOR CONTRACTS

There are three alternatives to recommending the exclusion of a student from all schools in Seminole County. Each of these expulsion options requires an *Expulsion Waiver* to be signed and a *District Behavior Contract* to be executed then submitted to the School Board for official action.

Expulsion Waivers and District Behavior Contracts should be processed in accordance with the procedures described below:

1. **Initial Notification:** The school site administrator in charge of a case shall make telephone notification to the Office of Secondary Education **immediately** after it is determined that a student has committed an act warranting a recommendation for expulsion. The administrator shall specify which expulsion contract (Option **B**, Option **C**, or Option **D**) will be recommended to the parents.

Note: If a **Weapon** is involved in the incident, the principal is to immediately fax or hand deliver a picture or photocopy of the weapon to the Office of Secondary Education.

2. **Parent Meeting:** The principal shall meet with the parents and the student to specify which expulsion option (Option **B**, **C**, or **D**) will be recommended to the School Board, to review the terms of the *Expulsion Waiver* and the *District Behavior Contract*, and to have them sign each document.

Note: An Option C recommendation requires the principal of the sending school to obtain authorization from the principal of the receiving school **prior** to such a contract offer being made to the student/parents.

3. Expulsion Waiver and District Behavior Contract Signed:
Student/parents should be provided a copy of the Expulsion Waiver and the District Behavior Contract immediately after these documents have been signed.

The school should retain a copy of each of these documents and include the originals in the expulsion packet that is submitted to the Office of Secondary Education.

Note: Individual copies of all forms required for processing the expulsion recommendation should be immediately distributed to the appropriate parties at this meeting.

- 4. **Student Re-entry:** The student may re-enter the zoned school or an alternative school site once the *Expulsion Waiver* and *District Behavior Contract* have been signed by all the appropriate parties and the student has served the suspension that attached to the infraction. Students recommended to Project Excel will be contacted by the Project Excel staff to arrange for an interview for admission to the program.
- 5. Confirmation: The principal shall immediately notify the Office of Secondary Education to confirm that the Expulsion Waiver and the District Behavior Contract have been signed.
- 6. **Packet Submission:** Expulsion packets are to be submitted without delay to the Office of Secondary Education after the *Expulsion Waiver* and the *District Behavior Contract* have been signed by all the appropriate parties. The timeliness of this submission is critical.
- 7. Consent Agenda: The Office of Secondary Education will review each expulsion packet. Upon verification of the documentation, the case will be placed on a Consent Agenda for School Board action.

Note: It is not necessary for a school administrator, the parents, or the student be present when the School Board takes action on the Consent Agenda.

8. Notification of Parties: The Office of Secondary Education will communicate the School Board's official disposition to the student/parents, school, and alternative school sites. Telephone contact will be made within 24 hours following the expulsion hearing. Written notification will be forwarded within 48 hours.

PROJECT EXCEL

- 1. Project Excel Description: Project Excel is an educational placement made available to secondary students as an alternative to full exclusion from any and all schools in Seminole County. The School Board has indicated that a student should be granted the opportunity to attend the middle school Excel program and the high school Excel program only once in his/her school career.
- 2. Who Recommends Placement at Excel?: The principal in collaboration with the Office of Secondary Education determines that an Option B expulsion recommendation is appropriate.

Note: One semester will usually be considered the minimum length of time that a student may be recommended for placement in this program.

3. **District Contract to Project Excel Signed:** The principal arranges a meeting with the student/parents to explain the Option B recommendation and to obtain the signatures necessary to allow the student to make application to Project Excel.

Note: Individual copies of all forms required for processing the expulsion recommendation should be immediately distributed to the appropriate parties at this meeting.

Note: Official copies of the *Expulsion Waiver* and the *District Behavior Contract* are to be provided to the parents at the time these documents are signed.

4. Confirmation of Recommendation to District Office: The principal shall notify the Office of Secondary Education immediately after he/she has met with the student/parents to sign the Expulsion Waiver and the District Behavior Contract for Option B.

- 5. Timing of Application to Excel Program: The staff at Project Excel will contact the student/parents within 48 hours to arrange for the student to make application to the program. Parents should not attempt to contact Project Excel unless contact has not been made after 48 hours following the signing of the Expulsion Waiver and District Behavior Contract.
- 6. **Not Automatic:** The staff at Project Excel interviews, screens, and enrolls students into the program. Student/parents will be informed of the admission decision immediately after the determination has been made.

Note: Any student denied admission to Project Excel shall thereafter be excluded from attendance in any and all Seminole County Public Schools for the duration of the recommended expulsion.

7. Excel Screening Requirements: Student/parents will be required to agree to and sign a separate contract with Project Excel. This contract outlines the behavioral and academic expectations for placement in the program.

Note: Students are also required to undergo a drug evaluation as a precondition to acceptance to Project Excel. The student/parents are responsible for the cost of this evaluation. The Project Excel staff will provide clarification of the necessary components of this evaluation, and how the cost for this screening can be moderated.

8. **Transportation:** Transportation to Project Excel is provided to students enrolled in the program. The staff of Project Excel will communicate with the SCPS's Transportation Department to make these arrangements for each student.

SPECIAL ISSUES

- 1. Repetitive Expulsions: A policy of increasing severity of sanctions should be applied to students who have previously been expelled from any district school. Depending on the circumstances associated with each of the expulsion incidents, an expulsion recommendation for a student who has previously been expelled should, at the very least, move up to the next level of expulsion options.
- 2. **Zero Tolerance:** The School Board has adopted a policy, pursuant to state statute, which mandates a student be recommended for expulsion if he/she commits any of the following criminal acts while on School Board property, at a school function, or a school sponsored function:
 - homicide
 - sexual battery
 - armed robbery
 - aggravated battery
 - battery or aggravated battery on school personnel
 - kidnapping or abduction
 - arson
 - possession, use, or sale of any firearm, knife, any other weapon
 - possession, use, or sale of any explosive device
 - possession, sale, distribution, or being under the influence of any drug.

Expulsion Options - Depending on the circumstances surrounding the incident, the principal may recommend expulsion Option A, B, C, or D.

3. Firearms / Explosive Devices: A federal law, Gun-Free Schools Act of 1994 (GFSA), requires that a student who is determined to have brought a firearm or explosive on campus or to a school sponsored event be expelled from his/her zoned school for a period of not less than one calendar year (365 days). This same law also requires the student be referred to the criminal justice or juvenile delinquency system.

Expulsion Options - The GFSA does allow for a student to be expelled and recommended to an alternative school site. Therefore, depending on the circumstances surrounding the incident, a principal may recommend expulsion Option A, B, or C.

- The GFSA does not apply to BB guns, pellet guns, stun guns, knives, or firecrackers.
- 4. Other Weapons: A student found to have been in possession of or to have used any of the following weapons/devices on school board property, at a school function, or a school sponsored function shall be recommended for expulsion:
 - BB gun
 - pellet gun
 - stun gun
 - knife
 - pocket knife
 - pepper spray
 - tear gas
 - any other weapon

Expulsion Options - Depending on the circumstances surrounding the incident, the principal may recommend expulsion Option A, B, C, or D.

5. Sale or Distribution of Drugs and Alcohol: The School Board considers the sale and/or distribution of drugs and alcohol an egregious act which requires a more severe sanction than does simple possession or use of either substance.

Expulsion Options - The School Board will not consider an Option C or Option D recommendation for any offense involving the sale or distribution of drugs or alcohol. Depending on the circumstances, the principal may recommend either Option A or Option B.

6. Possession, Use, or Being Under the Influence of Drugs or Alcohol: The possession, use, or being under the influence of drugs or alcohol by a student is an expellable offense.

- Expulsion Options Depending on the circumstances, a principal may recommend any of the expulsion options available. However, it is anticipated that a first time offender with no significant discipline history will be recommended to return to his/her zoned school (Option **D**).
- 7. Off-Campus Felony Acts: Florida Statutes enable public school officials to suspend a student, and ultimately recommend the expulsion of a student, who is arrested for committing an off-campus felony act or a delinquent act which would be a felony if committed by an adult.

A student may be **suspended** from school only after formal charges have been filed by the Office of the State Attorney **AND** after the principal has afforded the student a hearing at the school in keeping with his/her due process rights. However, pending such a hearing, the student may be **temporarily suspended** from school if the principal is concerned about the presence of the student being a disruptive influence on the orderly operation of the school.

An **expulsion** recommendation can not be made until a student is found guilty of an off-campus felony act in a court of competent jurisdiction. By definition, a student is found guilty if he/she enters a plea of nolo contendere or guilty, or elects to go to trial and a jury returns a verdict of guilty.

No expulsion recommendation may be brought forward by a principal if a trial court withholds adjudication in a case involving the arrest of a student for an off-campus felony act.

Expulsion Options - Depending on the circumstances surrounding the incident, the principal may recommend expulsion Option A, B, C, or D.

8. Off-Campus Delinquent Acts: The same expulsion procedures apply as noted immediately above if a student is found guilty of an off-campus delinquent act which would be a felony if committed by an adult.

Note: The *Florida Statutes* make no provision for the expulsion of a student arrested, found guilty, or who has adjudication withheld for an off-campus delinquent act that would not be classified as a felony if committed by an adult. A student, therefore, **may not** be expelled from the Seminole County Public Schools if arrested, prosecuted, and found guilty of such an off-campus delinquent act.

VIOLATION OF DISTRICT BEHAVIOR CONTRACT

The procedures outlined below apply to those situations where it is believed that a student has breached the terms of a *District Behavior Contract* after having been expelled and granted the opportunity to either attend another district school (Option C) or to re-enter their zoned school (Option D).

1. **Determination of Violation:** It must be determined that the student violated the terms of the *District Behavior Contract*. The student has the right to contest this determination by asking for a hearing before the School Board to address the singular issue of the contract violation.

Note: The student may **not** challenge the facts or the consequences of the original expulsion recommendation at this hearing. The student may only contest the allegation that he/she violated the terms of the contract.

- 2. Options Available: Option A or Option B may be considered as a follow-up recommendation to the original expulsion incident if it is determined that the student did violate his/her contract.
- 3. Determination of Appropriate Sanction: The principal and the Office of Secondary Education shall collaborate in making a recommendation to the School Board for imposition of a higher order sanction for the initial expulsion recommendation. The severity of the original infraction and the nature of the violation of the contract shall be assessed in making a case-by-case analysis for making a follow-up recommendation to the School Board.
- 4. Procedures for Processing Follow-up Recommendations: The procedure for processing a follow-up recommendation depends upon which expulsion option is being made to the School Board and the student/parents' response to that recommendation.

A. Option A - When the follow-up recommendation is full exclusion from all Seminole County Public Schools the student/parents shall be informed of the recommendation and asked to contact the Office of Secondary Education to confirm the anticipated date of the hearing.

Note: An Option A follow-up recommendation requires the same complete packet of documentation as described and outlined for an original recommendation for full exclusion.

B. Option B - When the follow-up recommendation is to give the student the opportunity to apply to Project Excel the student/parents shall be asked to sign the necessary documents to process this request at the school. The Office of Secondary Education shall be immediately notified after the documents are signed so arrangements for the Project Excel interview can be arranged.

The documents identified below shall be submitted when processing an Option B follow-up recommendation:

- 1. Form 535 Provide all information requested on the form.
- 2. Form 644 Provide all information requested. Identify the specific infraction that constitutes a breach of the student's contract. For clarification, also include a statement that declares the student broke the terms of a District Behavior Contract, and identify the original expellable infraction along with the corresponding date of the expulsion recommendation.
- 3. Form 532 Have student/parents sign another Expulsion Waiver that applies to the follow-up recommendation. The student/parents will be required to sign a contract at Project Excel if accepted to the program.

Note: The student/parents must be reminded that if Project Excel refuses to admit the student, then the student will be excluded from all Seminole County Public Schools for the time remaining on the original expulsion recommendation.

C. **Option B Refusal**: If the student/parents refuse to agree to an Option B follow-up recommendation, the matter will be scheduled for a hearing before the School Board. The only issue that will be open for discussion at this hearing will be that of the incident considered to be a violation of the contract.

The follow-up recommendation (Option B) made to the School Board does not have to change because of this refusal. However, the documentation required must correspond to that of an Option A expulsion recommendation.

REQUESTS FOR RE-HEARING

A student who is expelled and placed on a District Behavior Contract for a violation of the Student Conduct and Discipline Code may schedule a "Petition Hearing" before the School Board. However, Petition Hearings are limited in their scope and shall be granted only to addess the following issues:

- 1. Lack of Understanding: The student/parents assert that they did not understand the nature of the contract process when the Expulsion Waiver and the District Behavior Contract were signed.
- 2. Coercion: The student/parents assert that they were coerced or unreasonably pressured into signing the *Expulsion Waiver* and the *District Behavior Contract*.
- 3. New Evidence: The student/parents can provide new and incontrovertible evidence that demonstrates the charge underlying the contract is false.

Note: Petition Hearings are not de novo hearings of the original facts of the case. The sole purpose of a petition hearing is to establish whether or not the student should be granted a "Re-Hearing" for reconsideration of the original final order of expulsion.

If, after the Petition Hearing, the School Board finds that the request for reconsideration is reasonable and well founded, a Re-Hearing of the matter shall be scheduled for **another date** that provides adequate notice to both the student/parents and the school representatives.

A request for a Petition Hearing must be filed with the Office of the Superintendent not later than 4:00 P.M. on the 10th working day following the date of entry of the original final order of expulsion.

Note: Requests for Re-Hearings to change the original consequence or penalty imposed by the School Board will not be permitted.

EXCEPTIONAL STUDENT EDUCATION

EXPULSION PROCEDURES

STUDENTS WITH DISABILITIES DISCIPLINARY PROCEDURES

Disciplinary action involving students with disabilities is subject to rules and limitations that are very different from those applicable to non-disabled students.

An expulsion recommendation for a student who receives any sort of ESE services (SLD, ED, EMD, Speech and Language, etc.) must conform with the parameters established under the Individuals with Disabilities Education Act (IDEA). This applies even if common sense would suggest a student's exceptionality is not reasonably related to the reason he/she is being recommended for expulsion.

The Supreme Court ruling in *Honig v. Doe* made it clear that a suspension in excess of 10 days constitutes a change in the educational placement of a student with disabilities. The Court went on in pertinent part to hold that suspensions in excess of 10 days automatically trigger the process established by law (IDEA) for a change in placement, modification of a student's Individualized Education Plan (IEP), and the student's entitlement to due process to challenge the proposed change.

An ESE student may be suspended immediately if the student committed an act which poses an immediate danger to students or staff members, or if the act is a physical assault or one which has an immediate disruptive effect upon the orderly operation of the school. This suspension may not be more than the time permitted by law for students receiving exceptional student education services (10 days). If a 10 day suspension is not adequate to protect the student, other students, or staff members from a violent student, an appeal must be made to a court of competent jurisdiction to obtain an injunction to prevent the student from returning to school.

A series of suspensions that are not separated by a significant amount of time and are associated with the same kind of misbehavior have consistently been characterized by the courts and the Office of Civil Rights as de facto expulsions. Suspension of an ESE student from transportation that results in that student's non-attendance has also been determined to be exclusion from school.

It is absolutely necessary and required that there be sufficient time between suspensions to allow for the interventions developed by the SST to be given a realistic chance to have an effect on the student's behavior. If not, an advocate for the student has viable grounds to assert that the student's rights of equal protection and due process rights have been violated. If such an assertion is upheld by a court of competent jurisdiction, both the school district and the individual(s) involved in the case are at risk of having monetary damages and lawyers fees assessed against them.

PROCESSING EXPULSION RECOMMENDATIONS STUDENTS WITH DISABILITIES

A description of the procedures which fulfill the legal requirements for processing a recommendation for the expulsion of a student with disabilities follows below:

1. **First Suspension:** Student misconduct leading to a student's first suspension requires the principal to complete a Notice of School Suspension (**Form 542**). A copy of this form is to be furnished to the Staffing Resource Specialist serving that school.

A student's first suspension does not require a meeting of, discussion by, or action to be taken by the Student Study Team (SST). This group may meet, however, if circumstances suggest it would be prudent for the **SST** to review the student's misbehavior connected with the initial suspension.

2. Second Suspension: Student misconduct leading to a student's second suspension requires the principal to complete a Notice of School Suspension (Form 542). A copy of this form is to be furnished to the Staffing Resource Specialist serving that school.

Note: The ESSS **Zone Administrator** who serves the school should be **immediately** notified when a student who receives IDEA services or 504 modifications is assigned a second out-of-school suspension.

The student should be placed on the agenda of the next SST meeting. Parents shall be given adequate notice of the date and time of this meeting, as well as an invitation to attend. The date and time of the SST meeting must be reasonably convenient for the parent(s) to attend.

Note: The SST meeting must be rescheduled if the parents advise they cannot attend. However, if the parents fail to attend the SST meeting after it has been rescheduled, the SST shall invite the parents to the third scheduled meeting and shall convene the SST meeting with or without the parents being in attendance.

24

The SST shall review the incident leading to the student's second suspension. The team will also develop suitable interventions in an effort to prevent any further suspension of the student from school. Discussion should include, but is not limited to:

- review of the student's records, including the confidential cum,
 medical and discipline records, and report cards
- review the original rationale for program placement
- determine if the behavior is a manifestation of the student's disability (this determination is absolutely required)
- determine if the 3 year assessment is due (complete it as part of the interventions if it is due)
- determine specific interventions.

Note: The IEP **must** be amended to reflect the implementation of any interventions developed by the SST. The parents may challenge the change in the IEP by requesting a due process hearing.

The Staffing Resource Specialist shall forward a copy of Form 511 to the Zone Administrator who serves that school. The minutes of the SST meeting should include the following information:

- discussion information reviewed by the SST, such as the rationale for program placement, previous interventions, and evaluations
- consideration given to information comments addressing the validity or reliability of the evaluation instruments used
- rationale for SST decisions document the decision making process, clarify reasons for acceptance or rejection of evaluation data.

Note: Parents who fail to attend the SST meeting must be given a minimum of 5 working days notice prior to the implementation of any interventions that change a student's IEP. The parents may challenge the change in the IEP by requesting a due process hearing.

Note: A request for a due process hearing by the parents does not cancel or rescind a student's suspension.

3. Third Suspension: Student misconduct leading to a student's third suspension requires the principal to complete a Notice of School Suspension (Form 542). A copy of this form is to be furnished to the Staffing Resource Specialist serving that school.

Students receiving ESE services may be recommended for <u>expulsion</u> after the third suspension <u>only</u> if the incident, in and of itself, is an expellable offense. Additionally, no disabled student may be recommended for expulsion without a meeting of the SST.

Note: Students receiving ESE services may **not** be recommended for expulsion simply because they have accumulated 3 suspensions.

Note: The ESSS **Zone Administrator** who serves the school should be **immediately** notified when a student who receives IDEA services or 504 modifications is assigned a third out-of-school suspension.

After the suspension has been initiated, the principal or designee will place the student on the agenda of the next SST meeting. Parents shall be given adequate notice of the date and time of this meeting, as well as an invitation to attend.

Note: If the SST determines the student to be a **real danger** to himself/herself or others, the school district may seek injunctive relief from a court of competent jurisdiction to prevent the student from returning to his/her school of regular attendance. If this is effected, educational services to the student may not be suspended for more than 10 days and the school must provide services under a temporary IEP pending the development of a new IEP by the presiding judge.

Misbehavior a Manifestation of the Student's Disability:

The SST shall review the incident that led to the student's third suspension, previous incidents, previous file reviews, and interventions with the parent. If the SST, including the parent if possible, judges the misbehavior to be a manifestation of the student's disability, then the expulsion recommendation must be terminated.

The SST shall then make recommendations regarding the conditions under which the student returns to school. These may include, but are not limited to:

- a behavioral contract
- restrictions on the student's movement in the zoned school
- increase in hours in exceptional education
- transfer to another district school
- change in placement
- a more restrictive placement

The implementation of any of these recommendations will necessitate the development of a new IEP and/or the development of a behavior plan.

Misbehavior a Manifestation - Alternative School Placement:

Whenever the SST recommends a more restrictive placement at an Alternative School site, the following procedures shall be followed:

1. Parents shall be given a copy of their procedural safeguards and sign the bottom of the **Form 511** after the determination of the SST is recorded on the form.

- 2. The Zone Administrator shall **immediately** notify the Office of Secondary Education of the determination.
- 3. The Zone Administrator shall inform the principal of the sending school of the SST's determination.
- 4. The Zone Administrator shall **immediately** notify and then deliver the necessary files and records to the Zone Administrator serving Project Excel.
- 5. The SST at Project Excel will review the student's file and cum folder to recommend placement at either Project Excel or the PAI program at Rosenwald ESE Center.

Note: Parents have the right to challenge a manifestation determination or to challenge a change in program placement by requesting a due process hearing under FAC 6A.03311.

"Stay Put" Rule: Whenever a due process hearing is requested, the "Stay Put" rule applies. This rule does not rescind or invalidate the student's suspension. However, it does mandate the student be allowed to return to the school of regular attendance at the conclusion of the suspension. The "Stay Put" rule also requires that the student remain in his/her present placement until all legal remedies are exhausted, unless permission is obtained by a court of competent jurisdiction for the removal of the student pending the completion of all legal proceedings.

If a student's parents disagree with the disciplinary strategies suggested by the SST, then upon written parental request, a due process hearing will be scheduled pursuant to the provisions of applicable laws and regulations. If a due process hearing is requested, the expulsion recommendation must be discontinued until the due process procedure has been completed. Under the "Stay Put" rule, the child must remain in his/her placement unless court permission has been obtained to extend the suspension.

Both the parents and the student have the right to have legal counsel and representation, the right to present witnesses, and the right to present a statement in the student's defense at the expulsion hearing. Failure of the parents to appear before the School Board during the expulsion hearing shall be deemed a waiver of the student's right to a hearing, unless the student is 18 years of age or older.

Fourth Suspension: Students receiving ESE services may be recommended for expulsion after the fourth suspension only if the incident, in and of itself, is an expellable offense. Student misconduct leading to a student's fourth suspension requires the same procedures be followed that apply to processing a student's third suspension.

Note: Students receiving ESE services may not be recommended for expulsion simply because they have accumulated 4 or more suspensions.

Note: The same due process procedures apply to students who qualify for protection under Section 504 of the Rehabilitation Act of 1973.

Misbehavior Not a Manifestation of the Student's Disability:

If the SST determines that a student's misbehavior is not a manifestation of his/her disability, then the expulsion recommendation (Option B, C, or D) may proceed according to the same procedures outlined for non-disabled students.

Note: According to federal law, a student who receives IDEA services may not be fully excluded from a school district. Therefore, Option A cannot be recommended as an expulsion alternative.

The following procedures must also be followed:

- 1. Parents shall be given a copy of their procedural safeguards and sign the bottom of the **Form 511** after the determination of the SST is recorded on the form.
- 2. The Staffing Resource Specialist shall forward a copy of Form 511 to the Zone Administrator who serves that school.

- 3. The principal shall review the expulsion packet with the Zone Administrator
- 4. The principal will meet with the parents to explain the rationale for the expulsion recommendation.

Note: Parents have the right to challenge the manifestation determination by requesting a due process hearing under FAC 6A.03311.

- 5. The principal shall forward the expulsion packet to the Office of Secondary Education.
- 6. The Zone Administrator shall immediately notify and deliver the necessary files and records to the Zone Administrator serving Project Excel.

Mainstreaming From the Program for Alternative Intervention

(P.A.I.): The students will work in a three-level behavior management system designed so students can earn their way back to the regular school on a mainstreaming basis. A student who reaches the top level of the system and has been enrolled in P.A.I. at least nine weeks, would be mainstreamed one day at a time. Students with zero tolerance offenses who have reached the top level of the system would only be mainstreamed with the approval of the Office of Secondary Education. After the first day of mainstreaming, additional days would be earned based on student performance. Termination of mainstreaming would be by recommendation of the receiving school. Transition services and consultation would be provided by Rosenwald. P.A.I students will be mainstreamed to their home schools.

Students enter P.A.I. because of behavioral problems that are a manifestation of their disabilities.

MANIFESTATION DETERMINATION HOW TO MAKE

We must determine if there is a relationship between the incident and the handicapping condition or if the incident could be a result of an improper placement.

SHOULD BE COMPRISED OF THE FOLLOWING: STUDENT STUDY TEAM staffing resource specialist, zone administrator, parent, school administrator, psychologist, ESSS and regular education teacher[s] as appropriate.

THE STUDENT STUDY TEAM SHOULD REVIEW THE FOLLOWING INFORMATION:

Initial Disability Evaluation

708's

Initial evaluation information used for placement including specific descriptions of original behavior

Specialists reports

Any private evaluations [DSM IV diagnosis] Medical

Counseling information

Current information [concentrate on last two years]

Any three year evaluations Information from parent conferences Recent teacher conferences or observations Attendance Report cards Court system involvement Major disruptions in the environment School history [as appropriate]

Anecdotal/historical records of behavior

Discipline file:

-Pattern of behavior. Under what circumstances are the behaviors occurring?

-Frequency

-Consequences that have been used

Is this behavior typical of similarly classified students of the same age group?

Current IEP

History of the service of delivery Intervention techniques and instructional approach based on the IEP or used in the classroom Home/ school communications Behavioral needs addressed through the IEP General progress of IEP goals and objectives Is the level of service still appropriate?

STUDENT TO BE EXCLUDED FROM ALL SEMINOLE COUNTY PUBLIC SCHOOLS

OPTION A

This expulsion option is to be recommended when, in the judgment of the zoned school principal, a student who committed an expellable offense threatens the integrity of Seminole County Public Schools or the safety of the offending student or other students in the school district.

Option A is the only expulsion recommendation that requires the submission of a comprehensive packet. It is absolutely necessary to include a copy of the discipline referral associated with the specific incident leading to the recommendation. Moreover, if an incident requires the use of student witness statements, then these statements must be included in the packet. Due process also requires a copy of the written statement of the student who is being recommended for expulsion to be included in the expulsion packet.

Teacher Observation sheets must be completed and submitted in the comprehensive expulsion packet by each of the student's teachers. It is essential that these observations be written in objective terms that document observations and not include subjective narrative or speculative commentary on the part of a teacher.

Refer to the subsection in this manual that outlines the procedures for processing an expulsion recommendation that requires a Formal Hearing.

The documentation required to process an Option A expulsion recommendation is presented on the page that follows. It is essential that each form be included in the expulsion packet.

DISTRICT CONTRACT TO HOLD EXPULSION IN ABEYANCE AND APPLICATION TO RE-ENROLL IN PROJECT EXCEL

OPTION B

Option B is reserved for recommending secondary school students (6th-12th grade) for an alternative school environment under the terms of an Expulsion Waiver and a District Behavior Contract in lieu of complete disengagement from all Seminole County Public Schools

This expulsion option is to be recommended when, in the judgment of the zoned school principal, a student who committed an expellable offense would threaten the integrity of the zoned school or safety of the offending student or other students at the zoned school. An Option B recommendation is also appropriate when, in the judgment of the zoned school principal, the interests of the school district and the expelled student would be best served by placement of the student in Project Excel, rather than being fully disengaged from Seminole County Public Schools.

The exercise of this option is preconditioned upon the understanding of the zoned school principal, the parent, and the student that:

- the expelled student would pose no threat to the integrity of this alternative district school or to the safety of the offending student or to other students at Project Excel.
- the Project Manager of Project Excel will screen all students recommended to the program and has the authority to deny admission to any student who does not meet eligibility criteria for admittance
- availability of this option is predicated upon space

The documentation required to process an Option **B** expulsion recommendation is presented on the following page. It is essential that each form be included in the expulsion packet.

WAIVER OF IMPOSITION OF OUT-OF-SCHOOL STUDENT EXPULSION

NAME OF BIRTH ADDRESS PHONE #	DL	DATE	
UNDERSTANDING AND WAIVERS I agree that I have been given a copy of the expulsion packet resulting from my act of misconduct on I admit that I committed the act(s) charged in the expulsion packet and that those acts violate the Student Conduct Discipline Code. I understand that the School Board will be asked to expelled for the remainder of the school year and all of the next school year. Instead of imposing that penalty, I understand the following will happen if I sign this agreement: 1. I waive my right to a School Board hearing on my recommended expulsion and the penalty for this discipline violation. 2. I will be expelled by the School Board for my discipline violation but the expulsion will be held in abeyance, and will be completely expunged from all school records upon completion of the attached District Behavior Contract on 3. I will return to my school or an alternative school assignment under the provisions of the attached District Behavior Contract. 4. That if Project Excel is being recommended as an alternative school assignment that this agreement provides the student only with the opportunity to make application to the program. DISTRICT BEHAVIOR CONTRACT

l,	, do hereby ackn	owledge and understand that I must
fully	comply with the terms prescribed by this contract	at as a condition of my expulsion
from	and my assignment to	until
	•	

I understand that the terms of this contract are in force for the entire duration of my expulsion. I also understand that at the end of each grading period, my status will be evaluated and I will be allowed to continue to attend school, whether at a Seminole County Public School or at Project Excel, only if I have complied with all terms of this agreement.

I acknowledge that all acts of misconduct, minor or otherwise, will be reported to the School Board and that the School Board reserves the right to increase any disciplinary penalty imposed by the principal during the terms of this agreement.

I understand that any violation of this contract, including committing acts of misconduct which would not be grounds for the suspension or expulsion of other students, may be grounds for the referral of my case to the School Board for the purpose of imposing the expulsion order being held in abeyance under the terms of the attached Expulsion Waiver.

I understand that reimposition of the expulsion order being held in abeyance under the terms of the attached Expulsion Waiver will immediately occur if I violate any component of the Zero Tolerance Policy of the Seminole County Public Schools.

In consideration for the opportunity to re-enroll in the Seminole County Public Schools or to make application to Project Excel under the terms of this contract, I hereby agree that I will:

- 1. follow all the rules and regulations outlined in the Student Conduct and Discipline Code;
- 2. attend school regularly and I understand that any absence from school must be promptly reported by my parents to the school's attendance office;
- 3. be prompt in moving from one class to another during class change times and be on time to class;
- 4. complete all class and homework assignments, and give my best effort on tests and examination.

- 5. not associate or socialize with students who are involved with illegal substances or weapons or who discuss or advocate the use of illegal substances or weapons on school grounds, at school functions, or school sponsored activities.
- 6. remain drug free and submit to drug testing and evaluation upon request of the school administration. I also agree to follow any recommendations that are made on the basis of the results of any drug testing and evaluation.

I understand that if I have successfully complied with the terms of this agreement at the completion of the term of my expulsion that I will be considered a student in good standing and the final terms of the Expulsion Waiver will be activated. At that time, this contract will be null and void.

I understand that I may not be given the opportunity to enter into a similar District Behavior Contract and Expulsion Waiver if I commit an expellable offense in any future school year.

This contract will become viable and binding immediately upon the acceptance of the Superintendent's recommendation for expulsion by the School Board, and remain in effect until					
A violation of this contract may result imposition of an out-of-school expul	It in the revocation of this contract and the sion.

DISTRICT CONTRACT TO HOLD EXPULSION IN ABEYANCE AND STUDENT APPLICATION TO RE-ENROLL IN AN OUT-OF-ZONE SCHOOL

OPTION C

This expulsion option is to be recommended when, in the judgment of the zoned school principal, a student who committed an expellable offense would threaten the integrity of the zoned school or safety of the offending student or other students at the zoned school. An Option C recommendation is appropriate when, in the judgment of the zoned school principal, the interests of the school district and the expelled student would be best served by placement of the student in an alternative traditional school environment under the terms of an *Expulsion Waiver* and a *District Behavior Contract*.

Option C is **PRECONDITIONED** upon:

- the zoned school principal's understanding that the expelled student would pose no threat to the integrity of another traditional district school or to the offending student or other students in an alternative traditional district school
- the receiving school principal agreeing to accept the student prior to this offer being made to the student/parents
- the receiving school principal having superordinate decision making power with regard to monitoring the terms and conditions of the Expulsion Waiver and the District Behavior Contract of the expelled student.

DOCUMENTATION REQUIRED

OPTION C

The documentation listed below must be submitted to the Office of Secondary Education in order to process an Option C expulsion recommendation. This page may be used as a checklist to ensure all required documents are accounted for.

DISTRICT BEHAVIOR CONTRACT

1,	, do hereby acknow	wledge and understand that I must
fully comply with the	e terms prescribed by this contract	as a condition of my expulsion
from	and my assignment to	until
 •		

I understand that the terms of this contract are in force for the entire duration of my expulsion. I also understand that at the end of each grading period, my status will be evaluated and I will be allowed to continue to attend school, whether at a Seminole County Public School or at Project Excel, only if I have complied with all terms of this agreement.

I acknowledge that all acts of misconduct, minor or otherwise, will be reported to the School Board and that the School Board reserves the right to increase any disciplinary penalty imposed by the principal during the terms of this agreement.

I understand that any violation of this contract, including committing acts of misconduct which would not be grounds for the suspension or expulsion of other students, may be grounds for the referral of my case to the School Board for the purpose of imposing the expulsion order being held in abeyance under the terms of the attached Expulsion Waiver.

I understand that reimposition of the expulsion order being held in abeyance under the terms of the attached Expulsion Waiver will immediately occur if I violate any component of the Zero Tolerance Policy of the Seminole County Public Schools.

In consideration for the opportunity to re-enroll in the Seminole County Public Schools or to make application to Project Excel under the terms of this contract, I hereby agree that I will:

- 1. follow all the rules and regulations outlined in the Student Conduct and Discipline Code;
- 2. attend school regularly and I understand that any absence from school must be promptly reported by my parents to the school's attendance office;
- 3. be prompt in moving from one class to another during class change times and be on time to class;
- 4. complete all class and homework assignments, and give my best effort on tests and examination.

- 5. not associate or socialize with students who are involved with illegal substances or weapons or who discuss or advocate the use of illegal substances or weapons on school grounds, at school functions, or school sponsored activities.
- 6. remain drug free and submit to drug testing and evaluation upon request of the school administration. I also agree to follow any recommendations that are made on the basis of the results of any drug testing and evaluation.

I understand that if I have successfully complied with the terms of this agreement at the completion of the term of my expulsion that I will be considered a student in good standing and the final terms of the Expulsion Waiver will be activated. At that time, this contract will be null and void.

I understand that I may not be given the opportunity to enter into a similar District Behavior Contract and Expulsion Waiver if I commit an expellable offense in any future school year.

This contract will become viable and binding immediately upon the acceptance of the Superintendent's recommendation for expulsion by the School Board, and remain in effect until			
A violation of this contract may result imposition of an out-of-school expuls	in the revocation of this contract and the ion.

DISTRICT CONTRACT TO HOLD EXPULSION IN ABEYANCE AND STUDENT APPLICATION TO RE-ENROLL IN THEIR ZONED SCHOOL

OPTION D

This expulsion option is to be recommended when, in the judgment of the zoned school principal, a student who committed an expellable offense would not threaten the integrity of the zoned school or safety of the offending student or other students at the zoned school. An Option D recommendation is appropriate when, in the judgment of the zoned school principal, the interests of the school district and the expelled student would be best served by allowing the expelled student to return to their zoned school under the terms of an Expulsion Waiver and a District Behavior Contract.

•			

Yo entiendo que los términos de este contrato permanecerán vigentes durante el período de mi expulsión. También entiendo que al final de cada semestre, mi progreso será evaluado y que me será permitido continuar en la escuela, ya sea, una de las Escuelas Públicas del Condado de Seminole o en el Proyecto Excel, solamente si cumplo con todos los términos de este acuerdo.

Yo reconozco que todo acto de mala conducta, siendo de menor o mayor gravedad, serán comunicados a la Junta Escolar del Condado de Seminole, y que esta Junta se reserva el derecho de aumentar cualquier castigo disciplinario impuesto por el director de la escuela durante el término de este acuerdo.

Yo entiendo que cualquiera violación de este contrato, incluyendo actos de mala conducta los cuales no fuesen motivo para la suspensión o expulsión de otros estudiantes, puede ser motivo para referir mi caso a la Junta Escolar del Condado de Seminole con el propósito de imponer la orden de expulsión que se encuentre en suspenso bajo los términos del documento adjunto (Contrato en Lugar de Expulsión).

Yo entiendo que la re-imposición de la orden de expulsión que se encuentra en suspenso, bajo las condiciones descritas en el Contrato de Acuerdos y Renuncias se hará efectiva de inmediato si ocurre cualesquier violación contra la Política de Cero Tolerancia de las Escuelas Públicas del Condado de Seminole.

En consideración a la oportunidad de re-admisión a las Escuelas Públicas del Condado de Seminole o la oportunidad de solicitar admisión al Proyecto Excel bajo los términos de este contrato, atesto que haré lo siguiente:

- 1. seguir todas las reglas y reglamentos indicados en el Código de Conducta y Discplina;
- asistir a la escuela con regularidad y entiendo que cualquier ausencia deberá ser comunicado de inmediato por mis padres o guardianes, a la oficina de asistencia;

- 3. ser puntual en trasladarme de una clase a la otra durante el cambio de clases y ser puntual a las clases;
- 4. terminar toda asignación, y dar el máximo esfuerzo en las pruebas y examenes.
- 5. no me he de asociar o socializar con estudiantes que esten involucrados en el uso o manejo de sustancias controladas o ilegales o con algún tipo de arma en el campus de la escuela, en funciones escolares o actividades relacionados con la escuela.
- 6. me mantendré libre de drogas y me someteré a pruebas para determinar el uso de drogas y a cualquier evaluación que la administración de la escuela requiera. También he de seguir cualquier recomendación que se haga basado en los resultados de las pruebas y las evaluaciones.

Entiendo que si he cumplido con los términos de este contrato durante el término de mi expulsión, seré considerado como un estudiante en buena posición y los términos finales del Contrato de Acuerdos y Renuncias será activado. En ese momento este contrato quedará nulo y no valide.

Entiendo que no se me dará la oportunidad de entrar en otro Contrato de Expulsión de cometer alguna falta e ofensa expulsable en cualquier año futuro.
