ABSTRACT

This "Catalog of ERIC Clearinghouse Publications" lists approximately 1200 titles of publications prepared by the ERIC Clearinghouses and currently available in original copies from them. It is the equivalent of a "Books-in-Print" for the ERIC Clearinghouses. The titles listed range across the past several years. Titles are arranged by clearinghouse and within clearinghouse by type of publication, e.g., digests, trends and issues papers, directories, parent brochures, Q&A's, books, literature reviews, etc. Each entry provides only title, order number, and price. A comprehensive subject index provides access to the titles by subject (ERIC Descriptor). This catalog is to be distinguished from the annual "ERIC Clearinghouse Publications" which lists only the ERIC Clearinghouse publications announced in "Resources in Education (RIE)" during the year just past. - <u>Directories and Resource Guides</u>: direct users to primary sources of information, such as institutions or associations that provide services to the public or exemplary programs and practices.
- <u>ERIC Digests</u>: brief, two-page documents summarizing current information on specific education topics.
- <u>ERIC Monographs/Reports:</u> more comprehensive publications, generally 30 pages or longer, that summarize the research in a particular field, analyze new teaching methods or school reform strategies, highlight recent studies and their implication, or examine important education trends and issues.
- Searches and Annotated Bibliographies: direct the reader to carefully selected documents or materials organized by topic area.
