#### **ABSTRACT**

This publication provides guidelines regarding meal pattern requirements for child and adult care nutrition programs, enabling the individuals responsible for these programs to develop meals that are reimbursable. The publication begins with a delineation of the regulations regarding meal pattern requirements for children ages 1 to 2 years, 3 to 5 years, and 6 to 12 years. Participants are guided through 15 activities to enable them to meet four competencies: (1) identifying required components of reimbursable meals; (2) recognizing food items that qualify as creditable food components, including milk, meat/meat alternates, commercially prepared food, vegetables and fruits, and bread/bread alternates; (3) determining if the minimum serving sizes of required components are planned in menus; and (4) calculating the number of servings available in bread/bread alternate recipes. Information regarding the regulations in each of the above areas is presented, then the participant is asked to complete a number of activities to show competency attainment. A column for the participant's notes is included and the correct answers are explained. (KDFB)

# MEAL PATTERN REQUIREMENTS **FOR** CHILD AND ADULT CARE FOOD **PROGRAM**

# Participant's Workbook

Oklahoma State Department of Education

**Sandy Garrett State Superintendent of Public Instruction** 

> Revised November 1996

PERMISSION TO REPRODUCE AND DISSEMINATE THIS MATERIAL HAS BEEN GRANTED BY

TO THE EDUCATIONAL RESOURCES INFORMATION CENTER (ERIC)

AN EQUAL OPPORTUNITY PROGRAM—The Child Nutrition Programs are available to all children without regard to race, sex, color, national origin, age, or disability. If you believe you have been discriminated against, write immediately to the State Department of Education, Child Nutrition Programs, Room 310, 2500 North Lincoln Boulevard, Oklahoma City, Oklahoma 73105-4599, or the Secretary of Agriculture, Washington, D.C. 20250.

#### REPRINT

COST STATEMENT—This publication, printed by the Oklahoma State Department of Education Printing Services, is issued by the Oklahoma State Department of Education as authorized by Sandy Garrett, State Superintendent of Public Instruction. Fifty copies have been prepared at a cost of \$48.50. Copies have been deposited with the Publications Clearinghouse of the Oklahoma Department of Libraries. MARCH 1997.

## Competencies:

Participants will:

- 1. Identify required components of reimbursable meals.
- 2. Recognize food items that qualify as creditable food components.
- 3. Determine if the minimum serving sizes of required components are planned in menus.
- 4. Calculate number of servings available in bread/bread alternate recipes.

#### MINIMUM MEAL REQUIREMENTS OF THE CHILD AND ADULT CARE FOOD PROGRAM

When the meal pattern is properly used, the meals will include foods which supply needed nutrients and energy. The nutritional goal for meals and supplements is to furnish high-quality meals to all children in accordance with the Recommended Daily Dietary Allowance of the National Research Council/National Academy of Sciences.

The Child and Adult Care Food Program regulations specify that the meals meet the following meal pattern requirements:

BREAKFAST	Children Ages 1-2 Years	Children Ages 3-5 Years	Children Ages 6-12 Years
Milk <sup>1</sup>			
Milk, fluid	1/2 cup	3/4 cup	1 cup
Vegetables and Fruits <sup>2</sup>			
Vegetable(s), fruit(s), full-strength juice Bread and Bread Alternates <sup>3</sup>	1/4 cup	1/2 cup	1/2 cup
Enriched or whole-grain bread	1/2 slice	1/2 slice	1 slice
Cereal (cold, dry)	1/4 cup or 1/3 oz4	1/3 cup or 1/2 oz⁴	3/4 cup or 1 oz4
Cooked pasta or noodle products	1/4 cup	1/4 cup	1/2 cup
Cooked cereal or cereal grains	1/4 cup	1/4 cup	1/2 cup
<b>NOTE:</b> A one (1)-ounce serving of meat/meat a	alternate is required at lea	ast once a week for breakfa	ast.
LUNCH/SUPPER			
Milk <sup>1</sup>			
Milk, fluid	1/2 cup	3/4 cup	1 cup
Vegetables and Fruits <sup>2.5</sup>		-	-
Vegetable(s), fruit(s), full-strength juice6	1/4 cup	1/2 cup	3/4 cup
Bread and Bread Alternates			
Enriched or whole-grain bread	1/2 slice	1/2 slice	1 slice
Cooked pasta or noodle products	1/4 cup	1/4 cup	1/2 cup
Cooked cereal grains	1/4 cup	1/4 cup	1/2 cup
Meat and Meat Alternates	_		_
Lean meat or poultry or fish <sup>8</sup>	1 oz	1 1/2 oz	2 oz
Cheese	1 oz	1 1/2 oz	2 oz
Eggs	1 egg	1 egg	1 egg
Cooked dry beans or peas <sup>9</sup> Peanut butter or soynut butter or other	1/4 cup	3/8 cup	1/2 cup
nut or seed butters	2 Tbsp	3 Tbsp	4 Tbsp
Peanuts or soynuts or tree nuts or seeds <sup>10</sup>	$1/2 \text{ oz} = 50\%^{11}$	$3/4 \text{ oz} = 50\%^{11}$	1 oz = 50%11
SUPPLEMENT (Choose 2 of the following	components)		
Mi1k1			
Milk, fluid	1/2 cup	1/2 cup	1 cup
Vegetables and Fruits <sup>2</sup>	-	-	-
Vegetable(s), fruit(s), full-strength juice12	1/2 cup	1/2 cup	3/4 cup
Bread and Bread Alternates <sup>3</sup>			•
Enriched or whole-grain bread	1/2 slice	1/2 slice	1 slice
Cereal (cold, dry)	1/4 cup or 1/3 oz+	1/3 cup or 1/2 oz4	3/4 cup or 1 oz4
Cooked pasta or noodle products	1/4 cup	1/4 cup	1/2 cup
Cooked cereal grains	1/4 cup	1/4 cup	1/2 cup ·
Meat and Meat Alternates7			
Lean meat or poultry or fish <sup>8</sup>	1/2 oz	1/2 oz	1 oz
Cheese	1/2 oz	1/2 oz	1 oz
Eggs	1/2 egg	1/2 egg	1 egg
Cooked dry beans or peas <sup>9</sup>	1/8 cup	1/8 cup	1/4 cup
Peanut butter or soynut butter or other	1 75	1.775	2
nut or seed butters	1 Tbsp	1 Tbsp	2 Tbsp
Peanuts or soynuts or tree nuts or seeds <sup>10</sup>	1/2 oz	1/2 oz	l oz
Yogurt, plain, or sweetened and flavored13	2 oz or 1/4 cup	2 oz or 1/4 cup	4 oz or 1/2 cup

- Includes whole milk, lowfat milk, skim milk, cultured buttermilk, or flavored milk made from these types of fluid milk which meet state and local standards. Milk served at a meal service cannot be re-served.
- Or an equivalent quantity of any combination of vegetable(s), fruit(s), and juice.
- Or an equivalent quantity of any combination of bread/bread alternate.
- Either volume (cup) or weight (oz), whichever is less.

  Must include at least two kinds.

  Full-strength vegetable or fruit juice may be counted to meet not more than 1/2 of this requirement.
- Or an equivalent quantity of any combination of meat/meat alternate.
- Cooked lean meat without bone.
- May be used as the meat alternate or as part of vegetable/fruit component, but not as both components in the same meal.
- Tree nuts and seeds that may be used as meat alternates are listed in program guidance.

  No more than 50% of the requirement shall be met with nuts or seeds. Nuts and seeds shall be combined with another meat/meat alternate to fulfill the requirement. For purposes of determining combinations, 1 oz of nuts or seeds is equal to 1 oz of cooked lean meat, poultry, or fish.
- Juice may not be served when milk is served as the only other component.
- Applies to commercially prepared yogurt, lowfat yogurt, and nonfat yogurt. It does not apply to nonstandardized yogurt products, such as frozen yogurt, yogurt-flavored products, yogurt-covered fruit or nuts. Commercial flavorings may be added, such as fruit, fruit juice, nuts, seeds, granola, etc., but they shall not be credited toward meeting the second food component requirement in the supplement.

Oklahoma State Department of Education

Using the minimum meal pattern requirements for the 3-5-year-old category, complete the following meal pattern activities.

## **NOTES**

## **ACTIVITY 1**

Here are two menus for a lunch or supper meal.

### CHECK THE MEAL THAT IS REIMBURSABLE.

( ) MENU A

( ) MENU B

1 1/2 oz Roast Beef on 2 slices Whole-wheat Bread 1/4 cup Pared Cucumbers 1/4 cup Strawberries

1 1/2 oz Roast Beef on 2 slices Whole-wheat Bread 1/4 cup Pared Cucumbers 1/4 cup Strawberries

3/4 cup Orange Juice

## **ACTIVITY 2**

3/4 cup Milk

Now check these menus.

## CHECK THE MEAL THAT IS REIMBURSABLE.

( ) MENU C

) MENU D

1 Hamburger with 1 Hamburger Bun 1 oz Meat Pattie 1 Tbsp Ketchup 1/4 cup Coleslaw 1/4 cup Orange Wedges

1 Hamburger with
1 Hamburger Bun
1 oz Meat Pattie
1 oz Cheese
1/4 cup Coleslaw
1/4 cup Orange Wedges

3/4 cup Milk 3/4 cup Milk

## **ACTIVITY 3**

### CHECK THE MEAL THAT IS REIMBURSABLE.

) MENU E

) MENU F

1/4 cup Baked Potato with 1 oz Cheese 1/4 cup Chopped Broccoli 1/4 cup Cooked Pinto Beans 1/4 cup Sliced Peaches 3/4 cup Milk 1/4 cup Baked Potato with 1 oz Cheese 1/4 cup Chopped Broccoli 1/4 cup Cooked Pinto Beans

1 Roll 3/4 cup Milk

#### CHECK YOUR ANSWERS ON PAGE 4.

ACTIVITY 1 ANSWER: MENU A-This meal provides the minimum requirements: 3/4 cup fluid milk, 1 1/2 ounces meat/meat alternate, two servings of fruit and/or vegetable to total 1/2 cup, and 1 slice bread. Menu B is missing the milk component.

NOTE: This meal provides 2 bread servings. It is okay to provide more than the minimum requirement, but not less than the minimum.

ACTIVITY 2 ANSWER: MENU D-One and one-half (1 1/2) ounces of meat and/or meat alternate are required. Meat patties may be one or two ounces, but if a one-ounce meat pattie is used, an additional 1/2 ounce of meat or meat alternate must be added. In this case, cheese was included. Menu C is short 1/2 ounce of meat/meat alternate.

ACTIVITY 3 ANSWER: MENU F-The baked potato and broccoli complete the vegetable/fruit component and the cheese and pinto beans meet the meat/meat alternate component. Menu E is missing the bread/bread alternate. Baked potatoes do not count as a bread alternate, although they have similar carbohydrate content.

## **ACTIVITY 4**

#### CHECK THE MEAL THAT IS REIMBURSABLE.

( ) MENU G

( ) MENU H

**NOTES** 

1 1/2 oz Sliced Turkey 1/2 cup Rice 1/4 cup Gravy 1/4 cup Green Beans 1 slice Bread

3/4 cup Milk

1 1/2 oz Sliced Turkey 1/2 cup Rice 1/4 cup Gravy 1/4 cup Green Beans 1/2 Apple

3/4 cup Milk

## **ACTIVITY 5**

### CHECK THE MEAL THAT IS REIMBURSABLE.

( ) MENU I

) MENU J

Peanut Butter Sandwich with 3 Tbsp Peanut Butter 1 Tbsp Jelly 2 slices Whole-wheat Bread 1/8 cup Carrot Sticks 1/8 cup Celery Sticks 1 Brownie 3/4 cup Milk Peanut Butter Sandwich with
2 Tbsp Peanut Butter
1 Tbsp Jelly
2 slices Enriched White Bread
1/2 Hard-cooked Egg
1/4 cup Carrot Sticks
1/4 cup Celery Sticks
3/4 cup Milk

ACTIVITY 4 ANSWER: MENU H-The rice is a bread alternate. While it is okay to have additional servings of bread, Menu G is missing 1/4 cup of the required 1/2 cup vegetable/fruit component.

ACTIVITY 5 ANSWER: MENU J-Since jelly does not qualify as a vegetable/fruit component, Menu I is not a reimbursable meal. Jams and jellies are commonly mistaken as meal components. Jelly is mostly sugar and does not have enough nutrients to qualify it for the meal pattern. There is another problem with this meal. While it may look good on paper, 3 tablespoons is too much to put on one sandwich (even for those who love peanut butter). Menu J is more realistic, and the egg will provide the other one-half ounce requirement missing when 2 tablespoons are used.

## **CREDITING FOODS**

There are some special rules you need to know about the meal components. The following section will provide you information on the meal components that qualify for reimbursement.

#### MILK

Regulations for the Child and Adult Care Food Program require that:

- Only *fluid milk* can meet the milk requirement.
- Recipes that contain fluid milk or milk products will not meet the milk requirement.
- A serving of *fluid milk* must be included at each breakfast, lunch, and supper.
- *Fluid milk* may also be served as one of the two components of a supplement if juice is not the other component.
- At breakfast and supplement, milk may be served as a beverage, on cereal, or as a beverage and on cereal.
- Milk means pasteurized fluid types of unflavored or flavored skim milk, lowfat milk, whole milk, or cultured buttermilk that meet state and local standards for such milk. The milk should contain vitamins A and D at levels consistent with state and local standards.
- Milkshakes may be used to meet the milk component of lunch, supper, and supplement if the serving of milkshake is homemade and contains the minimum required quantity of fluid milk per serving.

# THE FOLLOWING CAN BE COUNTED FOR THE MILK COMPONENT:

MILK, FLUID (flavored or unflavored)

Skim Milk
Lowfat Milk
Whole Milk
Cultured Buttermilk (a fluid milk produced by adding selected microorganisms to fluid whole, lowfat, or skim milk under controlled conditions to produce a product with specific flavor and/or consistency)

## DO *NOT* SERVE THE FOLLOWING AS A MILK COMPONENT:

Half and Half Whipping Cream

Ice MilkPuddingIce CreamCustardSherbertButterPopsiclesCheese\*\*

Frozen Dessert Bars Nonfat Dry Milk\*
Powdered Cocoa Mixes Canned Milk
Sweetened Condensed Milk
Eggnog Yogurt\*\*\*

\* Only with prior approval from the State Department of Education.

\*\* Qualifies as a meat alternate only.

\*\*\* Yogurt qualifies as a meat alternate for supplements only.

## **ACTIVITY 6**

## CIRCLE THE STATEMENT BELOW THAT IS FALSE ABOUT THE MILK COMPONENT.

- 1. Only *fluid milk* can meet the milk component requirement.
- 2. *Fluid milk* may be served as one of the two components of the supplement if juice is not the other component.
- 3. *Milk* must be pasteurized and should be fortified with vitamins A and D.
- 4. *Milk* must be only unflavored.
- 5. *Cheese* is not counted as a milk component, but may count as a meat alternate.
- 6. **Yogurt** is not counted as a milk component, but may count as a meat alternate for supplements only.

ACTIVITY 6 ANSWER: NUMBER 4 is false. The milk requirement is that all milk be fluid, flavored or unflavored, and may be skim, lowfat, whole, or cultured buttermilk.

NOTES

### MEAT/MEAT ALTERNATES

You may add your own fruit, nuts, seeds, etc., to yogurt in required amounts to meet food component requirements and receive credit for those added items. If you purchase yogurt with flavorings such as nuts, fruit, fruit juice, seeds, and granola, these commercially added products cannot be credited toward meeting the meal pattern requirements.

- *Eggs* may be served as part or all of the meat/meat alternate requirement for lunch or supper. They may be served any style: scrambled, fried, baked, deviled, or hard-cooked. Eggs can be served at breakfast to count toward meeting the one-ounce meat/meat alternate requirement. They may also be served as one of the two components at supplement.
- *Eggs* used in cooking will count toward meeting the meat requirement if used to make a main dish.
- Luncheon meat must be an "all meat" product with no by-products, cereals, or extenders added to the meat product.
- *Frankfurters* must be marked "all beef" or "all meat" and must not contain meat or poultry by-products, cereals, or extenders.
- Combination foods, such as pizza, may be counted as both a meat and a bread alternate. However, combination foods that are commercially prepared require documentation of the amounts of food provided per serving.
- Pasteurized process cheese and cheese food are creditable. A two-ounce serving equals one ounce of meat/meat alternate.
- A one-ounce serving of meat/meat alternate must be served once a week at breakfast, which is in addition to the other three components required at every reimbursable breakfast.

## THE FOLLOWING CAN BE COUNTED AS MEAT/MEAT ALTERNATES:

#### BEEF, FRESH, FROZEN, OR CANNED

Brisket, fresh
Brisket, corned
Ground beef
Ground beef, market-style
(no more than 30% fat)
Ground beef, USDA-donated
Ground beef patties, USDA-donated

Roasts, chuck Roasts, round Roasts, rump Steaks, flank Steaks, round Stew meat Tongue Tripe

#### BEEF, FRESH, FROZEN, OR CANNED (continued)

Kidney Liver

Beef with natural juices, USDA-donated, canned

#### BEEF PRODUCTS, CANNED OR FROZEN (May require CN label or Product Analysis Statement)

Barbecue sauce with beef Chili con carne Beef and gravy with dumplings Chili con carne with beans Beef goulash Corned beef and cabbage Beef stew Corned beef hash Beef taco filling Gravy and beef Beef with barbecue Gravy and Swiss steak Beef with gravy, canned Swiss steak with gravy

Beef hash

#### CHICKEN, FRESH, FROZEN, OR CANNED (USDA-donated or market-style)

Chicken parts:

back pieces

breasts breasts and back drumsticks giblets, liver thighs thighs with backs Chicken, boned, canned

Frying chicken

Precooked, breaded chicken

Whole chicken

CHICKEN PRODUCTS, CANNED OR FROZEN (May require a CN label or Product Analysis Statement)

Chicken a la King Chicken with dumplings Chicken barbecue, minced Chicken with gravy Chicken chili Chicken with noodles Chicken chili with beans Creamed chicken

Chicken hash

wings

#### FRANKFURTERS AND LUNCHEON MEATS

Bologna and other luncheon meats Frankfurters: beef, pork, chicken, turkey Corn dogs

Knockwurst Vienna sausage

LAMB, FRESH OR FROZEN

Chops, shoulder Roast, shoulder Roast, leg Stew meat

PORK, FRESH, FROZEN, OR CANNED

Chops, loin Ground pork, frozen, USDA-donated Ground pork, market-style (no more

than 30% fat) Pork with natural juices, USDAdonated, canned

Roasts, leg

Roasts, loin Roasts, shoulder

Roasts, shoulder, Boston Butt Roasts, shoulder, picnic Sausage (no more than 50%

fat) Spare ribs Stew meat

PORK, MILD CURED

Canadian bacon Shoulder, Boston Butt Ham Shoulder, picnic

SEAFOOD, FRESH OR FROZEN

Clams, shucked Crab meat Fish fillets

Fish steaks, frozen Fish sticks, frozen: fried, breaded raw, breaded

SEAFOOD, FRESH OR FROZEN (continued)

Fish portions, frozen: Oysters, shucked fried, battered (45% fish) Scallops, frozen fried, breaded Shrimp: raw, breaded fresh unbreaded frozen

SEAFOOD, CANNED

Clams, minced Shrimp Mackerel Tuna, water pack or oil Salmon grated, flaked, solid, Sardines

chunk

TURKEY, FRESH, FROZEN, OR CANNED

Turkey, parts Turkey, boned, canned backs breasts Turkey ham drumsticks halves Turkey roast leg quarters liver Turkey roll necks thighs wings

Turkey, whole

TURKEY PRODUCTS, CANNED OR FROZEN (May require Child Nutrition [CN] label or Product Analysis Statement)

Creamed turkey Turkey hash Turkey a la King Turkey salad

Turkey barbecue Turkey with dumplings Turkey bacon Turkey with gravy Turkey chili Turkey with noodles

Turkey chili with beans

VEAL, FRESH OR FROZEN

Cutlets, leg Roasts, chuck Ground veal (no more than 16% fat) Roasts, leg Liver, calf Stew meat

## WILD GAME, FEDERALLY OR STATE INSPECTED

#### BEANS AND PEAS, DRIED OR CANNED

Baked beans Lentils Beans with bacon in sauce Lima Beans with frankfurters Mung Black Navy (pea)

Black-eyed beans (or peas) Peas, whole or split

Garbanzo Pinto Great Northern Refried beans Kidney Soybeans

CHEESE

American Muenster

Cheddar Pasteurized process Colby cheese\* Cottage\* Pasteurized process Monterey Jack cheese food\*

Mozzarella Ricotta\* Swiss

#### **EGGS**

Dried egg mix, USDA-donated Fresh shell eggs Dried whole eggs Frozen whole eggs

#### **NUTS AND SEEDS**

Almonds Pinon (pine nuts) Brazil nuts **Pistachios** Cashew nuts Pumpkin seeds Filberts (Hazelnuts) Sesame seeds Macadamia Soynuts Péanut granules Squash seeds Peanuts Sunflower seeds Pecans Walnuts

<sup>\*</sup>A two-ounce serving is creditable as one ounce of meat alternate.

#### **NUT AND SEED BUTTERS**

Almond butter Cashew butter Peanut butter Sesame (Tahini) butter Sunflower seed butter

YOGURT-creditable only when served as a supplement

Yogurt, plain

Yogurt, flavored with fruit, fruit juice, nuts, or granola

## DO *NOT* SERVE THE FOLLOWING AS A MEAT OR MEAT ALTERNATE:

#### MEAT PRODUCTS

Bacon Bacon substitutes (Sizzlean, bacon bits) Braunschweiger (liverwurst) Chitterlings Neck bones Ox tails Pig tails Pigs feet Scrapple

#### CHEESE

Cream cheese
Dried cheese foods
Example: Powdered cheese in macaroni and cheese
Neufchatel cheeses

## DOCUMENTATION FOR COMMERCIALLY PREPARED FOODS

If you want to serve commercially prepared foods such as beef stew, burritos, or lasagna, you can provide documentation to support that the ingredients provide the minimum amounts meat, meat alternate, fruit, vegetable, bread, or bread alternate required for each meal component claimed. There are two ways to document these products:

- Child Nutrition (CN) label
- A manufacturer's analysis statement

What is the Child Nutrition (CN) label?

The Child Nutrition (CN) label:

- Is a voluntary federal labeling program for the Child Nutrition Programs
- Provides a warranty for CN-labeled products
- Allows manufacturers to state a product's contribution to the meal pattern requirements on their labels

How to identify a CN label:

A CN label will always contain the following information:

- The CN logo, which is a distinct number
- The meal pattern contribution statement
- A six-digit product identification number
- USDA/FCS authorization
- The month and year of approval

The CN label does not mean it provides the entire serving of a meal component. Be sure to check the quantity of food contained per portion.

## Sample Label:

CN

-CN-

123456

C'N

This 5.00 oz Pizza With Ground Beef and Vegetable Protein Product provides 2.00 oz equivalent meat/meat alternate, 1/2 cup serving of vegetable, and 1 1/2 servings of bread alternate for the Child Nutrition Meal Pattern Requirement. (Use of this logo and statement authorized by the Food and Consumer Service, USDA, 05-84)

— си –

For a detailed explanation of Child Nutrition (CN) labeling, see the Food and Consumer Service Regulations for the Child Care Food Program, 7 CFR, Part 225, Appendix C.

#### MANUFACTURER'S PRODUCT ANALYSIS

If a CN label is not available, commercially prepared foods can be used if a manufacturer provides a signed statement that provides an analysis of the food product. This analysis must be signed by an official of the manufacturer (not the salesman) and include a statement of the amount of cooked lean meat/meat alternate, bread/bread alternate, and/or vegetable/fruit components provided by the food product per portion.

**BEST COPY AVAILABLE** 

21

ACTIVITY 7 ANSWER: C-The Green Chili Burrito DOES meet the requirements. It provides a total of two ounces of meat/meat alternate.

A-The Red Chili Burrito does *NOT* meet the total requirement. It contains only one ounce of meat/meat alternate.

**B**-The Red Chili Beef Burrito also does *NOT* meet the total requirement. It contains 1.14 oz meat/meat alternate.

Remember, you can still serve product A or B if you serve two burritos with each meal or you could include another meat/meat alternate, such as beans, with a single burrito. Documenting the content of commercially prepared foods is required to enable you to know when you will need to add additional foods to the menu and is *REQUIRED FOR REIMBURSEMENT*.

### **ACTIVITY 8**

CIRCLE THE STATEMENT BELOW THAT IS FALSE ABOUT THE MEAT/MEAT ALTERNATE COMPONENT.

- 1. A serving of meat, poultry, or fish for a 3-5-year-old is 1 1/2 ounces of cooked lean meat, not including bone.
- 2. Commercially prepared combination foods require documentation of the amounts of foods provided per serving.
- 3. Nuts and seeds can count for the meat/meat alternate for supplement, but cannot count for more than one-half of the meat/meat alternate for lunch and supper.
- 4. Homemade yogurt qualifies as a meat/meat alternate for supplement, but not for breakfast, lunch, or supper meals.
- 5. Luncheon meats and frankfurters labeled "all meat" qualify for the meat/meat alternate component.
- 6. Cheese food is creditable, but requires two ounces to equal one ounce of a meat alternate.

ACTIVITY 8 ANSWER: NUMBER 4 is false. Only commercially prepared yogurt is eligible for credit. "Homemade" yogurt is not eligible. The second part of the statement is true . . . yogurt only qualifies for the supplement reimbursement.

### VEGETABLES AND FRUITS

Each breakfast, lunch, and supper served must contain vegetables and/or fruits. Supplements may also have vegetables and fruits as components.

- The minimum size that can be counted toward meeting the vegetable and fruit component requirement is 1/8 cup. Smaller amounts used as a garnish cannot be counted.
- To meet meal requirements, two (2) or more different fruits and/or vegetables must be used for lunch and supper.
- Fresh, frozen, commercially canned or dried fruits or vegetables may be used to meet the fruit and vegetable requirement. A variety of fruits and vegetables should be included in meals.
- Cooked dried peas or beans or lentils can be counted either as a meat alternate or as a vegetable, but not both in the same meal.
- For lunch or supper, fruit or vegetable juice can meet no more than one-half of the fruit and vegetable requirement. Full-strength juice may be used to meet the total requirement for breakfast or as one component of a supplement.
- To avoid serving an all-fluid supplement, juice may not be served if the only other component of a supplement is milk.
- Full-strength frozen fruit juice bars count as the vegetable and fruit requirement, but require documentation from the manufacturer or a CN label.
- Fresh fruit may be served whole or in pieces; with or without skin.
- If you serve gelatin with fruit, a serving must contain enough fruit to count toward the vegetable/fruit requirement. The gelatin does not count toward the vegetable/fruit component.

## One meal cannot include a food in two different forms; for example, orange juice and orange sections.

- Fruit-flavored syrup, jams, and jellies are not nutritious enough to meet the vegetable/fruit requirement.
- Home-canned foods, for safety reasons, are not creditable.
- Condiments (such as ketchup and mustard) and seasonings are not creditable food items; they serve only to enhance the acceptability of a meal.
- Posole and hominy are not creditable food items due to their low nutritional value and lack of enrichment by manufacturers.

## **NOTES**

# THE FOLLOWING CAN BE COUNTED AS VEGETABLE/FRUIT COMPONENTS:

#### FRUITS

Apples
Apricots
Bananas
Blackberries
Blueberries
Boysenberries
Canned fruit
Cantaloupe
Cherries
Cranberries
Currants
Figs

Grapes Honeydew melon Mangos Nectarines Oranges Papaya Peaches Pears Pineapple Plantains Plums

Prunes (pitted)
Raisins
Raspberries
Strawberries
Tangerines
Watermelon

#### **VEGETABLES**

Grapefruit

Asparagus Mushrooms
Avocados Mustard greens
Bean sprouts Nopales (cactus pads)
Beet greens Okra

Beet greens Okra
Beets Olives

Broccoli Onions, all varieties

Brussels sprouts Parsnips
Cabbage Penners

Cabbage Peppers, green or red
Cabbage, Chinese Potatoes
Cabbage, red Pumpkin
Carrots Radishes
Cauliflower Rhubarb

Cauliflower Rhubarb
Celery Rutabaga
Chard, Swiss Spinach
Chili pepper, red or green Squash, all varieties

Collards Succotash

Corn Sweet potatoes/yams
Cucumbers Tomatoes

Eggplant Tomato paste
Endive (escarole, chicory) Tomato puree
Jicama Tomato sauce
Kale Turnip
Kohirabi Turnip greens

Lettuce, iceberg Vegetables, frozen, breaded Vegetables, frozen in cream Lettuce, romaine sauce

sauce Water chestnuts Watercress

#### **BEANS AND PEAS**

Black-eyed peas
Garbanzo beans
Green beans
Green peas
Kidney beans
Lentils
Lima beans
Mung beans
Navy beans
Pinto beans
Soy beans
Wax beans

## **JUICES**

Apple cider Grape juice Grapefruit juice Orange juice Pear juice Pear/apple juice

Pear/grape juice
Pineapple juice
Prune juice
Tangerine juice
Tomato juice
All 100% fruit or vegetable
juices

#### **SOUPS**

Chicken vegetable Clam chowder Minestrone Pea or bean soup Tomato rice Tomato soup Vegetable beef Vegetable soup

## **NOTES**

# DO *NOT* SERVE THE FOLLOWING AS A VEGETABLE OR FRUIT COMPONENT:

#### **FRUITS**

Banana chips
Fruit-flavored frozen bars
and popsicles
Fruit-flavored or plain gelatin
Fruit jams, preserves, and jellies

Fruit leather Fruit roll-ups Fruit syrups Honey

### **VEGETABLES**

Hominy Posole

#### **JUICES**

"Ades"
Fruit "drinks"
Fruit "punch"
Juice beverages

Juice or juice-blend "cocktails"

Nectars

Reconstituted powdered

drinks Sport "drinks"

#### **CONDIMENTS**

Chili sauce Ketchup Margarine Mayonnaise Mustard Pickle relish Salad dressing Vegetable seasonings

#### OTHER FOODS

Candy Corn chips Popcorn Potato chips Potato sticks Pretzels, hard, thin Tortilla chips

## **ACTIVITY 9**

## CIRCLE THE STATEMENT THAT IS FALSE ABOUT THE VEGETABLE/FRUIT COMPONENT.

- It is not acceptable to serve orange juice and orange sections in the same meal if these are the only vegetable/ fruit components in the meal.
- 2. **Cooked dried peas and beans** can be counted as a "meat alternate" **OR** "vegetable," but not both in the same meal.
- 3. Cranberry juice cocktail cannot be counted as a vegetable/fruit component.
- 4. No more than 1/2 of the requirement of vegetable or fruit juice can be counted for a lunch meal.
- 5. Milk and juice cannot be served in the same supplement if milk is the only other component.
- 6. One-half cup of *gelatin* that contains fruit will count for 1/2 cup of the vegetable/fruit component.
- 7. Fruit-flavored syrup, jams, and jellies do not qualify as a vegetable/fruit component.
- 8. Ketchup and mustard and other condiments and seasonings do not qualify as vegetable/fruit components.

ACTIVITY 9 ANSWER: NUMBER 6 is false. Since the serving size is only 1/2 cup, it will not contain 1/2 cup of fruit. The gelatin does not count toward the fruit or vegetable requirement.

## BREAD AND BREAD ALTERNATES

- Whole-grain or enriched flour bread.
- Whole-grain or enriched meal or flour biscuits, rolls, muffins, crackers, etc.
- Cooked whole-grain or enriched cereal grains such as rice, bulgur, oatmeal, corn grits, or couscous.
- Whole-grain, enriched, or fortified breakfast cereal.
- Whole-grain, enriched, or fortified cereals or bread products which are used as an ingredient in another menu item (such as breading on meats).
- Cooked enriched or whole-grain macaroni or noodle products. Enriched macaroni-type products with fortified protein (as specified in Appendix A to program regulations) may be counted as meeting either the grains/breads requirement or the meat or meat alternate requirement of lunches, but not both in the same meal.
- Pie crust from dessert (supplement only), meat or meat alternate pies.
- Snack products such as hard pretzels, hard bread sticks, and grain-based chips made from whole-grain and/or enriched meal or flour.
- Cookies, cakes, brownies, or granola bars may be used for a supplement, but only when they are made from whole-grain or enriched meal or flour.

THE FOLLOWING COMMERCIAL ITEMS CAN BE COUNTED AS BREAD AND BREAD ALTERNATES WHEN SERVED IN THE WEIGHTS SPECIFIED:

#### **GROUP A**

1 serving = 20 gm or 0.7 oz 3/4 serving = 15 gm or 0.5 oz 1/2 serving = 10 gm or 0.4 oz 1/4 serving = 5 gm or 0.2 oz

Breading-type coating
Bread sticks (hard)
Chow Mein noodles
Crackers (saltines and snack crackers)
Croutons
Pretzels (hard)
Stuffing (dry)

#### GROUP B

1 serving = 25 gm or 0.9 oz 3/4 serving = 19 gm or 0.7 oz 1/2 serving = 13 gm or 0.5 oz 1/4 serving = 6 gm or 0.2 oz

**Bagels** Batter-type coating **Biscuits** Breads (white, wheat, whole-wheat, French, Italian) Buns (hamburger and hot dog) Crackers, graham (all shapes), animal crackers Egg roll skins English muffins Pita bread (white, wheat, whole-wheat) Pizza crust Pretzels (soft) Rolls (white, wheat, whole-wheat, potato) Tortillas (wheat or corn) Tortilla chips (wheat or corn) Taco shells

#### GROUP C

1 serving = 31 gm or 1.1 oz 3/4 serving = 23 gm or 0.8 oz 1/2 serving = 16 gm or 0.6 oz 1/4 serving = 8 gm or 0.3 oz

Cookies\* (plain)
Cornbread
Corn muffins
Croissants
Pancakes (purchased)
Pie crust (dessert pies,\* meat/
meat alternate pies, and
turnovers\*)
Waffles (purchased)

#### GROUP D

1 serving = 50 gm or 1.8 oz 3/4 serving = 38 gm or 1.3 oz 1/2 serving = 25 gm or 0.9 oz 1/4 serving = 13 gm or 0.5 oz

Doughnuts\* (cake and yeastraised, unfrosted) Granola bars\* (plain) Muffins Sweet roll\* (unfrosted) Toaster pastry\* (unfrosted)

#### **GROUP E**

1 serving = 63 gm or 2.2 oz 3/4 serving = 47 gm or 1.7 oz 1/2 serving = 31 gm or 1.1 oz 1/4 serving = 16 gm or 0.6 oz

Cookies\* (with nuts, raisins, chocolate pieces, and/or fruit puree)
Doughnuts\* (cake and yeastraised, frosted or glazed)
French toast
Grain fruit bars\*
Granola bars\* (with nuts, raisins, chocolate pieces, and/or fruit)
Sweet rolls\* (frosted)
Toaster pastry\* (frosted)

#### GROUP F

1 serving = 75 gm or 2.7 oz 3/4 serving = 56 gm or 2 oz 1/2 serving = 39 gm or 1.3 oz 1/4 serving = 19 gm or 0.7 oz

Cake\* (plain, unfrosted) Coffee cake\*

#### GROUP G

1 serving = 115 gm or 4 oz 3/4 serving = 86 gm or 3 oz 1/2 serving = 58 gm or 2 oz 1/4 serving = 29 gm or 1 oz

Brownies\* (plain) Cake\* (all varieties, frosted)

<sup>\*</sup>Allowed only when the required meal pattern for the program permits.

#### GROUP H

1 serving = 1/2 cup cooked (or 25 grams dry)

Barley
Breakfast cereals (cooked)
Bulgur (cracked wheat)
Corn grits or meal
Macaroni (all shapes)
Noodles, egg (all varieties)
Pasta (all shapes)
Ravioli (noodle only)
Rice (enriched white or brown)

#### **GROUP I**

1 serving = 3/4 cup or 1 oz, whichever is less

Breakfast cereal (dry)

Some of the above foods, or their accompaniments, may contain more sugar, salt, and/or fat than others. This should be a consideration when deciding how often to serve them.

14

# DO *NOT* SERVE THE FOLLOWING AS BREAD OR BREAD ALTERNATES:

#### **DESSERT ITEMS**

Ice cream cones

Tapioca

### **SNACK ITEMS**

Candied popcorn Corn nuts Popcorn

Potato chips Potato sticks

#### OTHER ITEMS

Hominy Posole

## DETERMINING NUMBER OF SERVINGS AVAILABLE IN GRAINS/BREADS RECIPES

A serving of grains/breads must contain no less than 14.75 grams for ages 6-12 years or 7.38 grams for ages 1-5 years of enriched flour and/or whole grain. This amount was determined using the grain content of a 25-gram (or .9-oz) slice of white bread as a reference. Crediting of grains/breads will be determined by the total amount of enriched flour and/or whole grain in the recipe or formula divided by the portion yield.

- Step 1: Determine the total weight in grams of the enriched/whole grains in the recipe.
- Step 2: Divide the portion yield or number of servings into the total grams of enriched/whole grains. A serving for ages 1-5 must contain 7.38 grams.

## **ACTIVITY 10**

Determine the number of creditable servings that are available for 3-5-year-old children.

## Whole-Wheat Pancakes

**BREAD** 

			BREAD
INGREDIENTS	SERVINGS	SERVINGS	DIRECTIONS
Whole-wheat flour White flour Baking powder Salt Dry milk, nonfat Fluid milk	3/4 cup 3/4 cup 2 1/2 tsp 1/2 tsp 1/2 cup 1/2 cup		Combine dry     ingredients in     large bowl.     Mix well.
Egg, beaten Water Oil	1 medium 1 1/4 cups 3 Tbsp		2. Combine egg, water, and oil.
Cherries or applesauce			3. Mix liquid ingredients into dry ingredients. Stir only until mixed.  4. Pour 2 Tbsp of batter on lightly greased, hot griddle, and cook until golden brown.  5. Top with cherries or applesauce.

What are the whole-grain or enriched ingredients?

cup	x	grams/cup	=	total grams
cup	x	grams/cup	=	total grams
_		total grams	=	•
total {	grams	÷ 7.38	=	servings for
			•	3-5-year-olds

## WEIGHTS OF COMMONLY USED INGREDIENTS

## **NOTES**

Food Items (weight of one cup)	Grams
Applesauce Bananas, mashed Blueberries Carrots, fresh, diced Carrots, shredded Cheese, shredded Cheese-cottage, cream-style Chocolate-flavored chips Cocoa Coconut Cornmeal Corn syrup Cream, half and half Sour Whipping	257 226 155 144 109 98 233 167 86 90 130 325 242 242
Eggs, large Whole, 1 egg White, 1 white Yolk, 1 yolk Flour, wheat	50 33 17
All-purpose, unsifted All-purpose, sifted Flour, wheat	135 116
Bread, unsifted Bread, sifted Self-rising, unsifted Self-rising, sifted Whole-wheat	130 117 131 106 120
Flour, rye Dark Light Honey, strained Margarine Milk, fluid Nonfat, dry, instant Evaporated, canned Buttermilk Molasses Oats, quick (not instant)	128 101 325 225 241 74 246 243 309

For items not on the above list, refer to the following United States Department (USDA) publications for additional information:

The Food Buying Guide for Child Nutrition Programs (PA-1331) Nutritive Value of Foods, Home & Garden Bulletin #72 Nutritive Value of American Foods, Agriculture Handbook #456 Average Weight of a Measured Cup of Various Foods, Home Economics Research Report #41

#### **ACTIVITY 10 ANSWERS:**

What are the whole-grain or enriched ingredients?

Whole-wheat flour and white flour

 $3/4 \operatorname{cup} \times 120 \operatorname{grams/cup} = 90 \operatorname{total} \operatorname{grams}$ 

 $3/4 \operatorname{cup} \times 135 \operatorname{grams/cup} = 101.25 \operatorname{total} \operatorname{grams}$ 

Total Grams = 191.25

191.25 total grams +14.75 = 12 servings for adult

participants

Number of servings must be rounded down to ensure that the full quantity of grain is in each serving.

## **ACTIVITY 11**

## CIRCLE THE STATEMENT THAT IS FALSE ABOUT THE BREAD AND BREAD ALTERNATES.

- 1. Breads, biscuits, rolls, muffins, and pastas must be made with either *enriched* or *whole-grain* meal or flour.
- 2. Cereals must be *whole-grain*, *enriched*, or *fortified*.
- 3. Cereals may be counted for breakfast or lunch or supper only.
- 4. Bread crumbs in meat loaf cannot be counted for bread or bread alternates.
- 5. Whole-grain or enriched *coffee cake, doughnuts,* and *sweet rolls* can be counted as a bread component for breakfast or supplement only.
- 6. Cookies, granola bars, rice pudding, or bread pudding can be served as supplement and counted as a bread component provided that they are made of whole-grain or enriched flour or meal.
- 7. *Pie crust* will count as a bread alternate in homemade chicken pot pie.

ACTIVITY 11 ANSWER: NUMBER 3 is false. Cereals may be counted for breakfast or supplement only.

Now you will be able to apply these rules to menu planning.

# ARE ALL OF THE MEAL COMPONENTS INCLUDED IN THE FOLLOWING MEALS?

## **ACTIVITY 12**

2 oz Chicken1/2 cup Celery Sticks1/2 cup Nectarine1/2 pint Chocolate Milk2 Oatmeal Cookies

IS IT A REIMBURSABLE MEAL?
( ) YES ( ) NO

IF "NO," WHAT IS MISSING?

## **ACTIVITY 13**

Spaghetti With Meatballs
2 oz Meatballs
1/2 cup Tomato Sauce
1/2 cup Spaghetti
1/2 cup Green Salad
1 cup Lowfat Raspberry
Yogurt

IS IT A REIMBURSABLE MEAL?

( ) YES ( ) NO

IF "NO," WHAT IS MISSING?

## **ACTIVITY 14**

1/2 cup Apple Juice Ham Sandwich with 1 oz Ham

1 oz American Cheese 2 slices Whole-wheat

Bread 1/2 cup Applesauce

1 Brownie

1/2 pint Milk

IS IT A REIMBURSABLE MEAL?

( ) YES ( ) NO

IF "NO," WHAT IS MISSING?

IS IT A REIMBURSABLE MEAL?

IF "NO," WHAT IS MISSING?

(

) NO

( ) YES

## **ACTIVITY 15**

2 Tacos, which include

1 1/2 oz Ground Beef

1/2 oz Cheese Spread

2 Corn Tortillas

1/4 cup Shredded

Lettuce

1/4 cup Diced Tomatoes

1/2 cup Orange-flavored Frozen Juice Bar

ACTIVITY 12 ANSWER: NO. The bread/bread alternate component is missing. Although cookies contain flour, they are not allowed as a bread alternate. Although oatmeal cookies are not reimbursable, they can be included to enhance the meal.

WHAT WOULD YOU ADD TO THIS MENU TO MAKE IT REIMBURSABLE?

ACTIVITY 13 ANSWER: NO. Milk is missing.

WHAT WOULD YOU ADD TO THIS MENU TO MAKE IT REIMBURSABLE?

ACTIVITY 14 ANSWER: NO. Although there are two servings of fruit in this meal, it happens to be the same fruit (apple) in two forms, which makes it not eligible for reimbursement.

WHAT COULD YOU DO TO MAKE THIS MEAL REIMBURSABLE?

ACTIVITY 15 ANSWER: NO. There are three problems with this meal: (1) The meat/meat alternate is short 1/2 ounce because cheese spread does not qualify; (2) the vegetable and fruit component is short 1/4 cup because the orange-flavored frozen juice bar is not eligible for reimbursement; and (3) the milk component is missing.

WHAT WOULD YOU DO TO THIS MENU TO MAKE IT REIMBURSABLE?

Ocla. City
