ABSTRACT

This report describes the requirements of federally funded child nutrition programs, including the National School Lunch Program and the Special Milk Program; and a training program in child nutrition programs, the Network for Professionals. It gives a summary of the revenue sources for these programs and the requirements of the New Meals Initiative as specified in the Healthy Meals for Healthy Americans Act regarding meal planning and meal pattern structure. A delineation of the Meals Initiative option in place for each Colorado school district is provided in tabular form, and summary information on Colorado participation in child nutrition programs is outlined. For the 1996-97 school year, information on participation is given on a district basis for the following: (1) school lunch program total meals; (2) school breakfast program total meals; (3) average meal prices in Colorado; (4) average cost to produce a meal; (5) school districts by county; and (6) school districts by membership. For each school district, the report also indicates the membership in grades kindergarten through 12, average daily lunch participation, total free and reduced lunch approved, percentage of the school membership with free/reduced lunch, lunch and breakfast prices, and average cost to produce lunch and breakfast. Colorado State Board of Education Mission Statement

Elected to Lead, to Serve, and to Promote Quality Education for All

The Colorado State Board of Education, deriving its authority for general supervision from the Constitution of the State of Colorado, pledges to lead, to serve, and to promote a quality education for all, based on a commitment to academic excellence, with accountability and responsibility shared by all

Adopted May 11, 1995

Colorado Department of Education Mission Statement

"To Lead, to serve, and to promote quality education for all

Our Mission is to provide leadership and service to Colorado's education community and, through collaboration with this community, to promote high quality learning environments, high academic performance standards, and equitable learning opportunities for all Colorado's diverse learners.

DESCRIPTION OF PROGRAMS

The health and learning potential of Colorado's Children are enhanced as they enjoy nutritional benefits from Child Nutrition programs. More than 50 million meals are served annually to Colorado's children in the National School Lunch Program, School Breakfast Program, Special Milk Program, and Summer Food Service Program.

The federal programs are administered at the federal level by the Food and Consumer Service, an agency of the U.S. Department of Agriculture. State education agencies and local level school food authorities administer the programs at the local level.

NATIONAL SCHOOL LUNCH PROGRAM

The National School Lunch Program (NSLP) is the oldest and largest of the Child Nutrition programs, celebrating 50 years. It is a federally assisted meal program that provides balanced, low-cost or free lunches to millions of children nationwide each school day. Schools that choose to participate in the lunch program receive cash subsidies and donated commodities from the U.S. Department of Agriculture for each meal they serve. In return, they must offer free or reduced price meals to eligible children.

Additional reimbursement is provided for each lunch served free or at a reduced price to eligible individuals. Children from families with incomes at or below 185 percent of the poverty level are eligible for free or reduced price meals.

The reduced price shall not exceed 40 cents for lunch and 30 cents for breakfast. Children from families over 185 percent of poverty pay a full price established by each school district.

In addition to financial assistance from the United States Department of Agriculture, donated food assistance helps to support the infrastructure of the program. Schools are entitled by law to receive 14.25 cents in commodity foods, called "entitlement" foods, for each

meal they serve. In addition to these foods, schools can receive certain additional commodities known as "bonus" commodities, and are available from surplus stocks purchased by USDA under its agricultural price support programs.

Since 1946, the National School Lunch Program has made it possible for schools to serve appealing lunches

designed to meet the needs of children. Schools participating in the program must meet the Dietary Guidelines for Americans, using one of five menu planning options.

These meals make an important dietary contribution by providing approximately one-third of the Recommended Dietary Allowances (RDA), vital to a child's mental and physical development. The RDAs are those amounts of nutrients considered adequate to meet the known nutritional needs of practically all healthy persons in the United States.

DESCRIPTION OF PROGRAMS

SPECIAL MILK PROGRAM

The Special Milk Program offers milk to children who do not have access to the National School Lunch or School Breakfast Program. This includes preschool and kindergarten children attending split-session schools; children attending schools that do not participate in the other programs; or children attending summer or year-round camps. Participating schools and institutions receive reimbursement from the federal government for each half-pint of milk served.

SCHOOL BREAKFAST START-UP GRANTS

In 1989, to assist states in expanding school breakfast programs, Congress established a fund providing competitive grants to states for one-time expenses associated with starting school breakfast programs. This five-year program provided \$3 million in fiscal year 1990 and is providing \$5 million per year through fiscal year 1994. Additional funds have been authorized through 1996. Schools receiving start-up funds must agree to operate the program for at least three years. The purpose of the start-up grants is to increase the number of schools participating in the School Breakfast Program, particularly those schools serving low-income children. Application must be made for consideration for grant money. Grant award is based on the number of low-income children that may be reached by the start-up effort, and the cost effectiveness of start-up projects.

Thirty-two schools in Colorado received grant money for FY '93 and FY '94, totaling \$164,097. In FY '95 expansion grant money was awarded to four school districts totaling \$15,735. In FY '96, \$5,130 was awarded for School Breakfast Start-up grants, and \$9,123 was awarded for School Breakfast Expansion grants.

SUMMER FOOD SERVICE PROGRAM

The Summer Food Service Program funds nutritious meals and snacks for children in needy areas when school is not in session during the summer. In 1996, more than 16,000 children in Colorado participated in the program. Programs are operated by public and private nonprofit schools, public or private nonprofit residential summer camps, and by units of government. Sponsors receive financial assistance, USDA donated foods, and are reimbursed for up to four meals a day.

Any child age 18 and under, or any person over 18 who has a disability and who participates in a program for the mentally or physically disabled, is eligible to receive meals through the Summer Food Service Program. This program continues the food assistance received during the school year under the National School Lunch and School Breakfast programs.

SCHOOL BREAKFAST PROGRAMS

Several studies have indicated that a child's ability to learn and perform academically is hindered by the lack of an adequate breakfast.

The School Breakfast Program provides a nutritious morning meal. It offers financial assistance similar to the NSLP. The meal requirements are designed to provide 25 percent of the child's Recommended Dietary Allowances.

7

DESCRIPTION OF PROGRAMS

DIETARY GUIDELINES: IMPLEMENTATION AND EFFORT IN COLORADO

- All Colorado programs offer a form of low-fat milk; preference is given to 1% milk as the primary low-fat milk.
- Fresh fruit or fruit packed in its own juice or light syrup is being served in place of baked goods.
- The amount of fat and sugar in dessert recipes has been reduced, as well as the frequency they are served.
- Schools are using USDA commodity ground turkey and skinless chicken in their recipes.
- Schools offer a minimum of 12-15 servings of bread/bread alternate products per week. USDA/HHS Food Guide pyramid recommends consumption of 6-11 servings of bread/bread alternate servings daily.
- Nutrition Education and Training Grant money is available to school districts to assist in the nutrient analysis of menus.
- The Nutrition Unit provides summer workshops for food service personnel, with emphasis on nutrition, menu planning, and food service management.
- Schools are serving cooked vegetables and rolls without butter.

NUTRITION EDUCATION and TRAINING PROGRAM

The Nutrition Education and Training Program (NET) offers valuable nutrition training for teachers, students, food service personnel, and parents. Nutrition education audiovisuals are available, as well as nutrition education curricula for various grade levels. In-service workshops for teachers and classroom presentations for students emphasize current nutrition topics and blend nutrition education with other subject areas. Workshops provide intensive classroom and hands-on training opportunities for food service professionals throughout the state. NET grant money is also available to school districts.

DESCRIPTION OF PROGRAMS

COLORADO NETPRO

Congress has mandated that the National Food Service Management Institute in Mississippi compile a cadre of trained professionals to deliver food service management training to all Child Nutrition personnel in each state.

The Nutrition Unit has established a statewide training support system for Colorado called NETPRO (Network for Professionals). It will provide on-going training in various aspects of School Food Service resulting in quality Child Nutrition Programs and healthy children.

NETPRO Goal and Objectives:

Goal: To enhance the training skills of those who train others as part of developing a network for professionals for staff development in Colorado.

- Objectives:**
1. Increase the knowledge base of each participant relative to "train- the- trainer" skills.
 2. Provide each participant an opportunity to use effective presentation skills.
 3. Facilitate the development of an Action Plan for Delivering Training for each participant.
 4. Provide a positive training experience for the participants.

Colorado NETPRO currently has 20 instructors to conduct on-going training in Child Nutrition programs in Colorado in seven (7) regions. NETPRO instructors teach 5-hour courses for the American School Food Service Association (ASFS) certification. Instructors will also assist school districts in the implementation of the New Meals Initiative. The New Meals Initiative requires school districts to offer meals that meet the *Dietary Guidelines for Americans*.

NETPRO instructors also train in all aspects of child nutrition, including but not limited to:

- Food Buying Guide
- Safety and Sanitation
- Standardized Recipes
- Basic Math Skills
- Modifying Recipes

Training sessions are five to ten hours in length.

School districts interested in using a NETPRO instructor may schedule a class through the Nutrition Unit. Instructors will be paid \$30 per instructional hour (plus travel expenses) for out-of-town sessions. School districts will be billed through the Colorado Department of Education.

DESCRIPTION OF PROGRAMS

FREE AND REDUCED PRICE MEALS - HOW TO QUALIFY

At the beginning of each school year, letters and notices are distributed to all households of children attending school. The letter or notice advises households that school nutrition programs are available and that meals may be available free or at a reduced price. An application form is included with the letter or notice.

Households may qualify by the following methods: (1) Categorical Eligibility, (2) Income Eligibility (Family size and Income or (3) Direct Certification.

• Categorical Eligibility

Families receiving Food Stamps or Temporary Assistance for Needy Families (TANF) benefits are automatically eligible for free meals. Such households must provide current food stamp or TANF case numbers on the application for free and reduced price meals to establish their categorical eligibility.

Family Size(#)	Free Meals (\$)	Reduced Price Meals (\$)
1	\$ 10,062	\$14,319
2	\$13,468	\$19,166
3	\$16,874	\$24,013
4	\$20,280	\$28,860
5	\$23,686	\$33,707
6	\$27,092	\$38,554
7	\$30,498	\$43,401
8	\$33,904	\$48,248
Each Add'l+	\$3,406	\$4,847

• Income Eligibility (Family Size and Income)

Families may qualify on the basis of family size and income. Any child from a household whose current income is at or below the household size/income limits set forth in the income eligibility guidelines is eligible for either free or reduced price meals. Such households must provide household size and income information on the application for free and reduced price meals, to enable school officials to compare the household information to the Income Eligibility Guidelines.

• Direct Certification

Direct Certification is the process of establishing children's categorical eligibility for benefits by obtaining documentation that children are from households currently receiving food stamps.

School district student data is matched with data from documentation obtained directly from the Food Stamp agency. Paper work is reduced as separate applications are not required by students identified as eligible through this process. This expedites the eligibility determination process for both the school district and parents.

REVENUE SOURCES

Cash assistance for the National School Lunch Program, School Breakfast Program, Special Milk Program and Summer Food Service Program is made available from the Food and Consumer Service, United States Department of Agriculture. Federal reimbursements are highest for meals served free, but schools receive some reimbursement for full price meals.

These funds flow through to the program sponsors as reimbursement for meals served, in accordance with the provisions from each of these programs. The State of Colorado does not provide cash assistance to the sponsors of these programs.

The remaining funds to fully cover the cost of the programs come from children's payments, district subsidies, or other local sources. Schools may not charge more than 40 cents for a reduced price lunch. Each local district sets its own price for a full price meal.

Cash assistance payments are composed of a general cash assistance payment, authorized under section 4 of the National School Lunch Act, and a special cash assistance payment, authorized under section 11 of the Child Nutrition Act.

General cash assistance is provided for all lunches served to children in accordance with the provisions of the NSLP. Subsidized lunch (paid lunch) means a lunch served to children who are either not eligible for or elect not to receive the free or reduced price benefits. A paid lunch student pays for a large portion of his or her lunch, and is supplemented by USDA's subsidy, currently \$.1775.

An additional 2 cents per lunch is added to the general assistance reimbursement level in schools in which 60 percent or more of the lunches in the second preceding year were served at free or reduced price reimbursement levels.

The School Breakfast Program provides cash assistance similar to the National School Lunch Program. Schools may charge no more than 30 cents for a reduced price breakfast. As with lunch, each local district sets its own price for a full price meal.

Individual schools within a school food authority are eligible for severe need funding if 40 percent or more of their lunches were served free or at a reduced price during the second preceding year, and if preparation costs exceed the regular breakfast reimbursement. "Severe need" reimbursement is available only for free and reduced price breakfasts.

Each school district sets its own price to charge paid students for lunch and/or breakfast meals. The low cost of the meals is truly a nutritional bargain for parents and the child.

1996-1997 Cash Reimbursement rates:

NSLP	All	\$.1775	\$.1925 Severe Need
	Reduced	1.2600	1.2225
	Free	1.6600	1.6225

SBP	All	.1975	.1975 Severe Need
	Reduced	.5200	up to7150
	Free	.8200	up to ... 1.0150

SUMMARY OF NEW MEALS INITIATIVE

The Healthy Meals for Healthy Americans Act of 1994 signed into law on November 2, 1994, which amended section 9 of the National School Lunch Act, requires meals served under the National School Lunch Program (NSLP) and School Breakfast Program (SBP) to meet the *Dietary Guidelines for Americans* beginning July 1, 1996.

There are now five options for menu planning in the Child Nutrition programs. (1) Food-Based Menu Planning, (2) Nutrient Standard Meal Planning (NuMenus), (3) Assisted Nutrient Standard Menu Planning (Assisted NuMenus), (4) Meal Pattern Menu Planning, and (5) "Any Reasonable Approach" Menu Planning. Choosing any of the first four options will meet the *Dietary Guidelines* requirements.

Food-Based menu planning systems provides an option for local school districts. The current meal pattern structure will be retained in terms of components. The quantity requirements change to meet the goal of compliance with the *Dietary*

Guidelines. Portion sizes for vegetables/fruits and grains/breads will be increased and reflect nutrient needs for K-6 and 7-12.

The requirements of NuMenus are *nutrient based*. NuMenus and Assisted NuMenus will use computer software and a National Nutrient Data Base to help plan and adjust school menus. This system will ensure that meals meet specific nutritional standards including key nutrients (protein, calcium, iron, Vitamin A, Vitamin C), and recommended levels of fat ($\leq 30\%$) and saturated fat ($\leq 10\%$), as measured over a school week. Other menu components which will be analyzed include calories, cholesterol, sodium, and dietary fiber.

Meal Pattern Menu Planning, allows a school district to continue using the same meal patterns for lunch and breakfast

that have been used for many years.

The "Any Reasonable Approach" Menu Planning, while authorized by law, still has no guidance nor regulation for implementation, and is not available to school districts at this time.

The overlying requirement for all five options is compliance with the *Dietary Guidelines for Americans* as well as the nutrient standards established by USDA. Compliance with each of the five options will be monitored by the state agencies using one of the approved nutrient analysis software packages.

The School Breakfast Program pattern under the Food-Based and Meal Pattern menu planning systems will not change. Similar to the National School Lunch Program (NSLP), the School Breakfast Program will be required to comply with the *Dietary Guidelines*.

COLORADO FAST FACTS

- > Over \$52 million in federal funds support Colorado's Child Nutrition programs
- > Colorado schools serve 48.6 million lunches and 7.5 million breakfasts each year
- > Over 3,000 food service professionals serve Colorado's children each day
- > Child Nutrition programs have a direct economic impact of over \$150 million each year in Colorado
- > \$8 million in USDA donated foods are distributed to Colorado Child Nutrition sponsors
- > The nutritional goal for school lunches is to provide approximately one-third of the Recommended Dietary Allowances (RDA)
- > Over 700 schools participate in the School Breakfast Program (SBP)
- > School breakfasts provide a good start toward meeting a child's daily nutritional needs of food energy, protein, vitamins, and minerals, meeting approximately one-fourth of the Recommended Dietary Allowances (RDA)
- > Average daily participation in the National School Lunch Program (NSLP) is 286,790
- > Average daily participation in the School Breakfast Program (SBP) is 44,012
- > Total number of schools participating in the:

NSLP	1,337
SBP	703
- > Total Number of sites:

Kitchen	843
Walk-in	124
Carry-out	371
- > Total number of children approved statewide for:

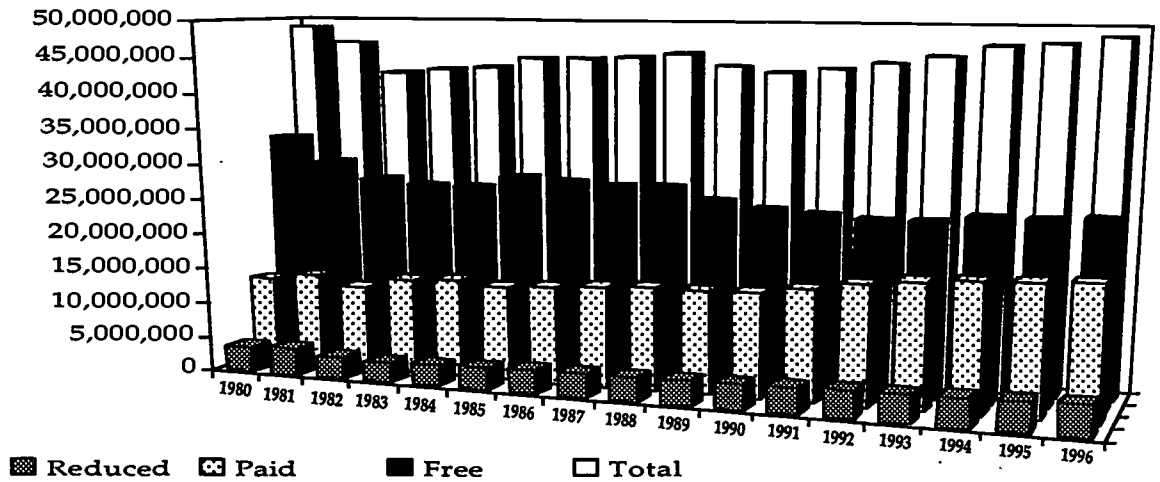

Free Meals	153,350
Reduced-price Meals	43,369

Educational Resources Information Center (ERIC)

REPRODUCTION RELEASE

(Specific Document)

I. DOCUMENT IDENTIFICATION:

Title: The Status of Child Nutrition Programs in Colorado	
Author(s): Prepared by: Daniel C. McMillan, Director & Herminia J. Vigil, Supervisor	
Corporate Source: Colorado Department of Education--Nutrition and Transportation Unit	Publication Date: March 1997

II. REPRODUCTION RELEASE:

In order to disseminate as widely as possible timely and significant materials of interest to the educational community, documents announced in the monthly abstract journal of the ERIC system, *Resources in Education* (RIE), are usually made available to users in microfiche, reproduced paper copy, and electronic/optical media, and sold through the ERIC Document Reproduction Service (EDRS) or other ERIC vendors. Credit is given to the source of each document, and, if reproduction release is granted, one of the following notices is affixed to the document.

If permission is granted to reproduce and disseminate the identified document, please CHECK ONE of the following two options and sign at the bottom of the page.

The sample sticker shown below will be affixed to all Level 1 documents

The sample sticker shown below will be affixed to all Level 2 documents

Check here
For Level 1 Release:
Permitting reproduction in microfiche (4" x 6" film) or other ERIC archival media (e.g., electronic or optical) and paper copy.

PERMISSION TO REPRODUCE AND DISSEMINATE THIS MATERIAL HAS BEEN GRANTED BY

_____ Sample _____

TO THE EDUCATIONAL RESOURCES INFORMATION CENTER (ERIC)

Level 1

Check here
For Level 2 Release:
Permitting reproduction in microfiche (4" x 6" film) or other ERIC archival media (e.g., electronic or optical), but *not* in paper copy.

PERMISSION TO REPRODUCE AND DISSEMINATE THIS MATERIAL IN OTHER THAN PAPER COPY HAS BEEN GRANTED BY

_____ Sample _____

TO THE EDUCATIONAL RESOURCES INFORMATION CENTER (ERIC)

Level 2

Documents will be processed as indicated provided reproduction quality permits. If permission to reproduce is granted, but neither box is checked, documents will be processed at Level 1.

"I hereby grant to the Educational Resources Information Center (ERIC) nonexclusive permission to reproduce and disseminate this document as indicated above. Reproduction from the ERIC microfiche or electronic/optical media by persons other than ERIC employees and its system contractors requires permission from the copyright holder. Exception is made for non-profit reproduction by libraries and other service agencies to satisfy information needs of educators in response to discrete inquiries."

III. DOCUMENT AVAILABILITY INFORMATION (FROM NON-ERIC SOURCE):

If permission to reproduce is not granted to ERIC, or, if you wish ERIC to cite the availability of the document from another source, please provide the following information regarding the availability of the document. (ERIC will not announce a document unless it is publicly available, and a dependable source can be specified. Contributors should also be aware that ERIC selection criteria are significantly more stringent for documents that cannot be made available through EDRS.)
