An Introduction to Internet Resources for K-12 Educators. Part II: Answering, Listservs, Discussion Groups, Update 1997. ERIC Digest.

THIS DIGEST WAS CREATED BY ERIC, THE EDUCATIONAL RESOURCES

INFORMATION CENTER. FOR MORE INFORMATION ABOUT ERIC, CONTACT ACCESS ERIC 1-800-LET-ERIC

The Internet is an international computer network composed of thousands of smaller networks. As K-12 schools connect to the Internet, a new method of communication opens up to educators and their students. This digest describes some sample services and resources that are available to the K-12 community by electronic mail over the Internet.

QUESTION ANSWERING:

The number of services that use electronic mail to deliver information is increasing. Services that teachers will find on the Internet include:

AskERIC: AskERIC is the Internet-based education information service of the Educational Resources Information Center (ERIC) system, headquartered at the ERIC Clearinghouse on Information & Technology at Syracuse University. Teachers, library media specialists, administrators, and others involved in education can send a message requesting education information to AskERIC. AskERIC information specialists will respond within 48 hours with ERIC database searches, ERIC Digests, and Internet resources. The benefit of the personalized service is that it allows AskERIC staff to interact with the user, and provide relevant education resources tailored to the user's needs.

--E-mail: askeric@ericir.syr.edu

AskERIC Virtual Library: Resources developed from questions received at AskERIC are archived at the AskERIC Virtual Library:

KidsConnect: KidsConnect is a question-answering, help and referral service for K-12 students on the Internet. The goal of KidsConnect is to help students access and use the information available on the Internet effectively and efficiently. KidsConnect is a component of ICONnect, a technology initiative of AASL (American Association of School Librarians, a division of the American Library Association). Students use e-mail to contact KidsConnect and receive a response from a volunteer library media specialist within two school days.

Ask a Young Scientist: A question answering service for students in grades 1-6 on scientific topics. Questions are researched and answered by advanced chemistry students at Christiansburg High School. Students are asked to limit their questions to

five per message, but are encouraged to post as many times as they wish.

--E-mail: apscichs@pen.k12.va.us

Ask Dr. Math: "Ask Dr. Math," a service for elementary, middle, and high school students, is administered by students and professors at Swarthmore College in Swarthmore, PA.
