ABSTRACT

This report provides Federal Family Education Loan (FFEL) and Direct Loan Program official cohort default rates for all schools with 30 or more borrowers or official average cohort default rates for schools with under 30 borrowers. All schools in this report have fiscal year (FY) 1993, 1994, and 1995 default rates of 25 percent or higher. The first part of the report lists schools whose participation in the FFEL and/or Direct Loan programs will end for the first time due to their default rates. The second part lists schools whose participation in the FFEL and/or Direct Loan programs ended in the past, and whose loss of participation is being extended for an additional year due to their FY 1995 default rates. Schools are listed alphabetically by state, and information is provided for type of loan program (FFEL, Direct Loan, or both); Office of Postsecondary Education identification number; school name and address; school type, control, regional office, and congressional district; fiscal year for which default rate was calculated; number of borrowers in default; number of borrowers in repayment status; default rate; rate type; program default rate; effective date; action data; and totals. **LOSS OF FEDERAL FAMILY EDUCATION LOAN (FFEL) PROGRAM AND
WILLIAM D. FORD FEDERAL DIRECT LOAN (DIRECT LOAN) PROGRAM
ELIGIBILITY AND EXTENDED LOSS OF FFEL PROGRAM AND DIRECT
LOAN PROGRAM ELIGIBILITY REPORT (DMS001)**

The attached report provides FFEL Program official cohort default rates for all school with 30 or more borrowers or official average cohort default rates for schools with under 30 borrowers. All schools listed in this report have fiscal year (FY) 1993, FY 1994, and FY 1995 official cohort default rates of 25.0 percent or higher.

The first part of this report lists schools whose participation in the FFEL and/or Direct Loan programs will end for the first time due to their FY 1993, FY 1994, and FY 1995 official FFEL Program cohort default rates. The second part of this report lists schools whose participation in the FFEL and/or Direct Loan programs ended in the past, and their loss of participation is now being extended for an additional year due to their FY 1995 official FFEL Program cohort default rates.

In accordance with Section 435(a)(2) of the Higher Education Act of 1965, as amended (HEA), federal regulations at 34 C.F.R. Section 668.17, and Section 512 of the Omnibus Consolidated Rescissions and Appropriations Act of 1996 (Appropriations Act), the following consequences apply to schools that have official cohort default rates of 25.0 percent or higher for FY 1993, FY 1994, and FY 1995 and whose participation in the FFEL and/or Direct Loan programs will end for the first time:

- The school's participation in the FFEL and/or Direct Loan programs will end 30 calendar days after the date the school receives notification of these rates, unless the school submits a timely, accurate, and complete appeal.
- Schools have the opportunity to appeal the end of their loan program participation or one-year extension of loss based on pertinent criteria. *See FY 1995 Official Cohort Default Rate Guide* for details on appeal procedures.

Historically black colleges and universities, tribally-controlled community colleges and Navaho community colleges are exempt from these provisions until July 1, 1998 by federal statute and regulation.

Schools are listed alphabetically in state order. The type of loan programs the schools are currently participating in are indicated in the far left column with one of the following codes:

- F = FFEL Program
- D = Direct Loan Program
- B = FFEL and Direct Loan programs

The listing also includes the following information about each school:

- a) Office of Postsecondary Identification Number (OPE ID) - This is a special number assigned by the Department to identify each school. A school's cohort default rate reflects the borrowers attending the school's main campus and any additional locations. The Department does not calculate separate cohort default rates for these additional locations.
- b) School name and address
- c) School type, control, regional office, and congressional district
- d) Year - The fiscal year for which a cohort default rate was calculated.
- e) Number in default - The number of borrowers who entered repayment in the applicable fiscal year (October 1 through September 30) and defaulted on their loans during either that fiscal year or the subsequent fiscal year.
- f) Number in repayment - The number of borrowers who entered repayment status during the applicable fiscal year.
- g) Default rate - This is calculated by dividing the number of borrowers who entered repayment in a given fiscal year (denominator) into the number of borrowers who entered repayment and defaulted during the corresponding cohort period (numerator).
- h) Rate type - Cohort default rates calculated by the Department are coded as follows:

- S = Substituted
- M = Merged
- C = Contested
- A = Actual
- * = Average

- i) Program Rate - The type of rate calculated for a particular year as indicated in the far right column with one of the following codes:

FL = FFEL
DL = Direct Loan
DU = Dual (FFEL and Direct Loan)

- j) Effective date - This reflects the date the Department's computer system finalized official school cohort default rates. **Note: THIS INFORMATION IS USED FOR DEPARTMENTAL PURPOSES ONLY.**

- k) Action data - This column is used by the Department for tracking purposes only.

- l) Totals - The last page of this report provides the total number of schools by type and control.

The cohort default rate for a given year is a ratio of the number of borrowers in default to the number of borrowers in repayment (See e, f, and g above). For example, a school's official cohort default rate for FY 1995 is the percentage of students whose loans entered repayment from October 1, 1994 to September 30, 1995 and defaulted between October 1, 1994 and September 30, 1996.

Other Official Cohort Default Rate Reports

In addition to the attached report, the following official cohort default rate reports also are available:

Schools Subject To Limitation, Suspension, Or Termination (LS&T) From All Title IV Student Financial Aid Programs (DMS002)

A list of schools with FY 1995 official cohort default rates in excess of 40.0 percent. These schools may be subject to limitation, suspension, or termination (LS&T) from all Title IV student financial aid programs based on their FY 1995 official cohort default rates. Should the Department decide to initiate an LS&T action against a school, the school will be notified in writing and be given an opportunity to appeal the intended

action before a hearing official. LS&T actions are governed by 34 C.F.R. Part 668, Subpart G. **Please note: Schools with fewer than 30 borrowers entering repayment are not subject to LS&T actions if they do not have average cohort default rates calculated because of the absence of 3 years of default data. A school with less than 3 years of default data will have an unofficial rate for the most recent cohort year.**

School Official Cohort Default Rates For The Federal Family Education Loan Program
FY 1993, FY 1994, And FY 1995 (DMS020)

This report contains FY 1993, FY 1994, and FY 1995 official FFEL Program cohort default rates or Dual program rates for all schools, regardless of their current participation status.
