ABSTRACT

This report provides information on degree and certificate programs offered and student program completions for fiscal year 1996-97 in the 19 public and private postsecondary educational institutions in North Dakota. The first table lists all programs offered, coded according to the Classification of Instructional Programs (CIP code) system. For each CIP code, the offering institutions are listed, with the level of program offered (certificate, diploma, associate, bachelor, and/or graduate) indicated. The second table lists, by institution, the number of students completing programs (by CIP code). Separate listings are provided for one-year and two-year programs, for bachelor's degree programs, and for master's and doctoral programs. Another table lists the total number of North Dakota program completions by field of study for 1986-87, 1995-96, and 1996-97. (DB)

INFORMATION**

# INTRODUCTION

This report provides information on degree and certificate programs offered and student program completions for fiscal year 1996-97 in North Dakota's public and private postsecondary educational institutions.

Institutional programs are coded in accordance with the Classification of Instructional Programs (CIP Code) system provided by the National Center for Education Statistics branch of the United States Department of Education. To assist readers, programs have been organized by level of offering: certificate, diploma, associate, bachelor, and graduate. Information included was provided by registrars at each institution.

Individuals desiring additional program information about vocational-technical programs should check the directory published by the State Board for Vocational Education. Students desiring information about institutional tuition, fees, room and board rates, and financial aid should contact the institution's admissions office directly.

## DEFINITIONS

### **Program Completed**

A completed program is one in which the individual has met all of the requirements to obtain a degree or certificate in that field of study. This number may vary slightly from other publications that report degrees granted since one person may complete two programs yet receive only one degree. This publication reports only programs completed.

### **Education Codes**

CIP Codes with a "13" prefix indicate a program in education. Individuals looking for education programs should look under the "13" code.
