ABSTRACT

Focusing on students under the age of 18 who have not yet attained a high school diploma or certificate of equivalency; this report provides tables illustrating the numbers of these students enrolled in credit courses in Arizona community colleges from September 1997 to August 1998. In 1998, 26,277 such students were enrolled--twice the number from the previous year. The first few sections of the report present data on Maricopa County enrollment trends for fiscal years 1995-1996 to 1997-1998, broken down by college; a statewide summary of the ten most popular courses; and statewide data by college district. Individual sets of information are given for the following Arizona institutions: (1) Cochise College; (2) Coconino Community College; (3) Eastern Arizona College; (4) the Maricopa Community Colleges, including Chandler-Gilbert, Estrella Mountain, GateWay, Glendale, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain; (5) Mohave Community College; (6) Northland Pioneer College; (7) Pima Community College; (8) Central Arizona College; (9) Yavapai College; and (10) Arizona Western College. For each college, data are provided on the number of students under 18 enrolled in the ten most popular courses, with the course titles, numbers, and descriptions following. (Contains two charts and 20 data tables.) (EMH)

Honorable Brenda Burns, President
Arizona State Senate
1700 West Washington
Phoenix, Arizona 85007

Dear President Burns:

It is my pleasure, on behalf of the State Board of Directors for Community Colleges of Arizona, to present the *Report on Admission of Students Under the Age of Eighteen (A.R.S. § 15-1821), FY 1997-1998*. This report includes information on the number of students and the courses taken by these students at one of Arizona's Community Colleges in the past year.

The State Board and I appreciate your continued support and encouragement for the community colleges of Arizona.

Sincerely,

A handwritten signature in cursive script that reads "T. O. Beach".

T. O. Beach
Chairman

ARTICLE 3. ADMISSIONS, ENROLLMENTS, FEES, WAIVERS

R7-1-301. Student Admissions

- A. Admission of regular students -- Admission to the community colleges in Arizona may be granted to any person who meets one of the following criteria:**
1. Is a graduate of a high school which is accredited by a regional accrediting association as defined by the United States Office of Education or approved by a State Board of Education or other appropriate state educational agency.
 2. Has a high school certificate of equivalency.
 3. Is 18 years of age or older and demonstrates evidence of potential success in the community college.
 4. Is a transfer student in good standing from another college or university.
- B. Admission of students under 18 years of age**
1. Admission to the community colleges in Arizona shall be granted to any student who is under age 18 and who achieves the following test scores:
 - a. SAT (Scholastic Aptitude Test) composite (verbal and math) of 930 or more, or an
 - b. ACT (American College Test) composite of 22 or more.
 2. A student shall not be denied admission because of age, lack of a high school diploma or high school certificate of equivalency, grade in school, lack of permission of school officials or lack of concurrent enrollment in a public or private school, if the student has achieved at least the test score specified in paragraph (1)(a) or (b) of this subsection.
 3. A student admitted under this subsection is not guaranteed admission to a specific degree program or to all courses offered by the community college.
 4. A community college may limit the number of semester credit hours in which the student may enroll to no less than six semester credit hours.
- C. Admission of students in special status - Students not meeting any of the provisions stated above may be admitted on an individual basis with the approval of college officials, so long as the students meet the established requirements of the courses for which they enroll and the college officials determine that such admission is in the best interest of the students.**

Historical Note

Former Rule Chapter III. Amended effective August 19, 1975 (Supp. 75-1). Amended effective May 9, 1984 (Supp. 84-3). Amended effective November 1, 1985 (Supp. 85-6). Correction, subsections (C)(2), (3), and (4) to amendment effective November 1, 1985 (Supp. 86-6). Amended effective February 8, 1991 (Supp. 91-1). Renumbered from R7-1-20 (Supp. 94-3).

Cochise College Course Descriptors

CHM 151 General Chemistry I 4 credits

Introduction to the general principles of chemistry with emphasis on quantitative relationships including properties of matter, chemical bonding and structure, nomenclature, chemical equations, stoichiometry, thermochemistry, and states of matter. Prerequisite: MAT 122 or equivalent; also high school chemistry or CHM 100 with a grade of "C" or better.

ENG 101 Composition 3 credits

A thorough review of usage and syntax, study of and practice in the process of writing, methods of organization, expository patterns, and the documents paper based on library resources. Prerequisite: ENG 100 with C or better, or equivalent placement score on diagnostic essay; a college reading level of 11.0 demonstrated on a standardized placement exam; keyboard skills.

MAT 182 Plane Trigonometry 3 credits

An analytical approach to trigonometry based upon the unit circle concept; trigonometric functions, identities, conditional equations, radian measure graphs, logarithms, solution or

Coconino Community College Course Descriptions

SPA 101 Beginning Spanish I 4 credits

Basic grammar, vocabulary, and culture. Practice in speaking, understanding, reading, and writing Spanish. Four lecture.

MUP 117 Community Orchestra 1 credits

Rehearsal and public performance of standard orchestral literature. Two lab. May be taken S/U credit.

ENG 101 College Composition I 3 credits

Extensive practice in essay writing with emphasis on critical thinking, analytical reading, and observation, and the process of writing. Prerequisite: Placement of "C" or better in ENG 100 or ENG 100X. Three lecture.

CIS 120 Introduction to Computer Information Systems 3 credits

Computer hardware, software, and information processing systems, including the development and hands-on use of application software programs. Two lecture; two lab.

SPA 102 Beginning Spanish II 4 credits

Further emphasis on basic grammar, vocabulary, and culture. Practice in speaking, understanding, reading, and writing Spanish. Prerequisite: SPA 101 or placement. Four lecture.

PSY 101 Introduction to Psychology 3 credits

Scientific method in psychology, a survey of the different fields in psychology, heredity and environment, intelligence, emotions, motivation, the nervous system, and the learning process. Three lecture.

MAT 121 Intermediate Algebra With Review 4 credits

Review of basic algebraic concepts, including exponents and radicals, systems, of equations, polynomials, and graphing quadratic equations. Prerequisite: "C" or better in MAT 087 or MAT 101X, or satisfactory score on the Mathematics Placement Exam. Four lecture.

MAT 151 College Algebra 4 credits

College level algebraic equations and functions including linear, quadratic and radical equations, linear systems and matrix operations, polynomials, and sequences and series. Prerequisite: "C" or better in MAT 121 or satisfactory score on Mathematics Placement Exam. Four lecture.

MAT 187 Pre-Calculus 5 credits

College level algebraic equations and trigonometry. Right angle trigonometry and law of sine/ cosine. Prerequisite: "C" or better in MAT 121 or satisfactory score on the Mathematics Placement Exam. Five lectures.

SLG 102 American Sign Language II 3 credits

Sign vocabulary development, speed, and receptive reading techniques. Prerequisite: SLG 101. Three lecture.

Eastern Arizona College Course Descriptions

HPE 104 Physical Conditioning/Assessment I 2 credits

Individualized, computerized 30-minute total body workout program designed to improve cardiovascular efficiency, joint flexibility, muscular strength. The program is designed to reduce resting heart rate and percent of body fat, and will aid in lowering levels of stress and blood pressure. 4 Lab. P: Minimum age 16.

ENG 101 Written Communications I 3 credits

Emphasizes clear and effective writing and critical reading 3 Lec. P: None.

CMP 110U Current Appl.-Making the Most of Your IBM 1-2 credits

Provides individuals with the opportunity to specialize in specific current software applications for microcomputers, emphasizing making the most of your IBM. Completion of introductory course recommended. ½ Lec./1 Lab for 1 Credit, or 1 Lec./2 Lab for 2 Credits. P: None.

OFT 102 Focus on Office Careers 3 credits

A unique opportunity for potential business students to explore office careers in the Business Systems Career Pathway through a variety of instructional methods. Focuses on 21st century skills and trends in office technology and career exploration that will support career success. 3 Lec./1 Lab. P: None.

HPE 101Y Beginning Physical Activities I-Weights 1 credit

CMP 101 Introduction to Computers 3 credits

A first course in computers designed to provide beginning students with an understanding of the computer revolution in society, with hands-on experience in a microcomputer and VAX laboratory. 3 Lec. P: None.

ART 102 Color and Design 2-3 credits

Principles of color theory as related to the visual arts. 4-6 Lab. P: None.

AUT 110 Fuel and Emission Systems 3 credits

Provides theory, diagnosis, and service of automotive fuel and emission control systems. Includes an opportunity to analyze fuel and emission components and systems with emphasis on practical application of computer controlled fuel and emission systems. This class together with AUT 260 prepares students for ASE Certification Test on Engine Performance. 2 Lec./3Lab. P: None.

HPE 102Y Beginning Physical Activities II-Weights 1 credit

2 Lab. P: None.

ART 101 Fundamentals of Design 2-3 credits

Covers the elements of line, value, shape, texture, and color used according to the principles of design in two-dimensional composition. 4-6 Lab. P: None.

BIO 100 Biology Concepts 4 credits

A one-semester introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored. Field trips may be required at students' expense. Prerequisites: None.

SPA 101 Elementary Spanish I 4 credits

Basic grammar, pronunciation and vocabulary of the Spanish language. Includes the study of the Spanish-speaking cultures. Practice of listening, speaking, reading, and writing skills. Prerequisites: None.

BPC 110 Computer Usage and Applications 3 credits

Exploration of computer operations and uses. Specific applications to business-personal computers. Prerequisites: None.

PHY 111 General Physics I 4 credits

A noncalculus approach to the principles of general physics. Includes mechanics, fluids, sound and heat. Recommended for preprofessional and suggested for certain other majors. Prerequisites: Trigonometry or department consent.

SPA 102 Elementary Spanish II 4 credits

Continued study of grammar and vocabulary of the Spanish language and study of the Spanish-speaking cultures. Emphasis on speaking, reading, and writing skills. Prerequisites: SPA101 or departmental approval.

MAT 172 Finite Mathematics 3 credits

An introduction to the mathematics required for the study of social and behavioral sciences. Includes sets, combinatorics, probability, matrix algebra, linear programming and mathematics of finance. Prerequisites: Grade of "C" or better in MAT150, or MAT151, or MAT152, or equivalent, or satisfactory score on District placement exam.

MAT 212 Brief Calculus 3 credits

An introduction to the theory, techniques and applications of the differential and integral calculus of elementary functions with problems of interest to students in business and the social sciences. Prerequisites: Grade of "C" or better in MAT150, or MAT151, or MAT152, or equivalent, or satisfactory score on District placement exam.

MAT 221 Calculus with Analytic Geometry I 4 credits

Real numbers, limits, continuity, differential and integral calculus of functions of one variable. May receive credit for only one of the following: MAT220 or MAT221. Prerequisites: Grade of "C" or better (MAT150 or MAT151 or MAT152) and MAT182 or MAT187 or equivalent, or satisfactory score on district placement exam.

PED 115 Lifetime Fitness 2 credits

Fitness activity and wellness study to help develop a lifetime of regular exercise, stress management, and proper nutrition. Workout includes warm-up/stretch, aerobic exercise, selected strength exercises, and cool down/stretch. May be repeated for credit. Prerequisites: None.

HIS 104 United States History 1870 to Present 3 credits

The political, economic, and social development of United States from Reconstruction period up to present time. Prerequisites: None.

MAT 167 Elements of Statistics 3 credits

Basic concepts and applications of statistics, including data description, estimation and hypothesis tests. Prerequisites: Grade of "C" or better in MAT150 or MAT151 or MAT152 or equivalent or satisfactory score on District placement exam.

BIO 182 General Biology (Majors) II 4 credits

Additional principles of structure and function of living things at molecular, cellular, and organismic and higher levels of organization. Field trips may be required at students' expense. Prerequisites: BIO181 or permission of instructor.

BIO 100 Biology Concepts 4 credits

A one-semester introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored. Field trips may be required at students' expense. Prerequisites: None.

MAT 231 Calculus with Analytic Geometry II 4 credits

Methods of integration, applications of calculus, elements of analytic geometry, improper integrals, sequences and series. May receive credit for only one of the following: MAT230 or MAT231. Prerequisites: Grade of "C" or better in MAT220 or MAT221 or equivalent.

Estrella Mountain Community College Course Descriptions

ENG 101 First-Year Composition 3 credits

Standard English writing skills. Emphasis on expository composition. Prerequisites: Appropriate English placement test score or a grade of "C" or better, in ENG071.

CHM 151 General Chemistry I 3 credits

A detailed study of the principles of chemistry. Designed for science majors and students in pre-professional curricula. Completion of CHM151LL required to meet the Natural Science requirement. Prerequisites: (CHM130 and CHM130LL) or one year high school chemistry with a grade of "C" or better, and completion of Intermediate Algebra or equivalent.

CHM 151LL General Chemistry I Laboratory 1 credit

Laboratory experience in support of CHM151. Prerequisites: CHM130LL or equivalent. Prerequisites or Corequisites: CHM151.

SPA 201 Intermediate Spanish I 4 credits

Review of essential grammar of the Spanish language and study of the Spanish-speaking cultures and continued practice and development of reading, writing, and speaking skills. Emphasis on fluency and accuracy in spoken Spanish. Prerequisites: SPA102, two years of high school Spanish, or departmental approval.

SPA 101 Elementary Spanish I 4 credits

Basic grammar, pronunciation and vocabulary of the Spanish language. Includes the study of the Spanish-speaking cultures. Practice of listening, speaking, reading, and writing skills. Prerequisites: None.

CHM 130 Fundamental Chemistry 3 credits

Elements of general chemistry adapted to the needs of students in agriculture, dental hygiene, home economics, nursing and physical education. Serves to prepare the student for CHM151 or CHM230. Completion of CHM130LL Required to meet the Natural Science Requirement. Prerequisites: Grade of "C" or better in CHM090 or MAT092 or MAT102 or satisfactory score on placement exam.

CHM 130LL Fundamental Chemistry Laboratory 1 credit

Laboratory experience in support of CHM130. Prerequisites or Corequisites: CHM130.

HIS 104 United States History 1870 to Present 3 credits

The political, economic, and social development of United States from Reconstruction period up to present time. Prerequisites: None.

HIS 103 United States History to 1870 3 credits

The political, economic, and social development of United States from Colonial through Reconstruction period. Prerequisites: None.

PED 115 Lifetime Fitness 2 credits

Fitness activity and wellness study to help develop a lifetime of regular exercise, stress management, and proper nutrition. Workout includes warm-up/stretch, aerobic exercise, selected strength exercises, and cool down/stretch. May be repeated for credit. Prerequisites: None.

AAA 150AC Educational and Career Planning **1 credit**

Emphasis on increasing student success through educational and career planning. Prerequisites: None.

AUT 101 Internal Combustion Engines Theory **3 credits**

Study of construction and operating principles of internal combustion engines and related lubrication, cooling, fuel, and electrical systems. Prerequisites: None.

PHY 101 Introduction to Physics **4 credits**

A survey of physics emphasizing applications of physics to modern life. Designed for students who need a course in physics in order to understand the physical basis of modern technology. Prerequisites: Grade of "C" or better in MAT092, or satisfactory score on Math placement exam.

CIS 183AH Microsoft Office **3 credits**

Utilization of the Microsoft Office integrated software program. Utilizing electronic spreadsheet, word processing, data base, telecommunication, and graphics components to solve business problems. Prerequisites: None.

ELE 100 Concepts of Electricity and Electronics **3 credits**

Principles of electric circuits, magnetism and electromagnetism including basic motors and generators. Use of basic measuring instruments. Includes an overview of electronics in the modern world. Prerequisites: None. Coerequisites: ELE101 or GTC108 or equivalent.

BIO 160 Introduction to Human Anatomy and Physiology **4 credits**

Study of structure and dynamics of the human body. For students who desire a one semester course in anatomy and physiology. Prerequisites: None.

GBS 151 Introduction to Business **3 credits**

Characteristics and activities of current local, national, and international business. An overview of economics, marketing, management and finance. Prerequisites: None.

Maricopa County Community College District
Glendale Community College

Glendale Community College Course Descriptions

CPD 101 Personal Development 2 credits

Designed to assist students in developing confidence in making personal, social, and educational decisions. Examination and assessment of individual needs, interests, abilities and values to develop and strengthen interpersonal communication, enhance transitional skills and identify realistic life planning goals. Prerequisites: None.

CPD 298AA Special Projects 1 credit

Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: None.

RDG100 College Study Skills 3 credits

Analysis of learning styles and development of individual learning strategies. Introduction of library research techniques. Emphasis on learning and study techniques applicable to any college course. Prerequisites: Grade of "C" or better in RDG091 or permission of instructor.

ENG 101 First-Year Composition 3 credits

Standard English writing skills. Emphasis on expository composition. Prerequisites: Appropriate English placement test score or a grade of "C" or better, in ENG071.

ENH 110 Introduction to Literature 3 credits

Introduces students to literature through various forms of literary expression; e.g., poetry, drama, essay, biography, autobiography, short story, and novel. Prerequisites: None.

CIS 105 Survey of Computer Information Systems 3 credits

Overview of computer information systems, fundamental computer concepts, and programming techniques. Hands-on experience with selected business software and one programming language. Prerequisites: None.

ENG 071 Fundamentals of Writing 3 credits

Emphasis on the fundamentals of sentence, paragraph, and multi-paragraph structure. Prerequisites: Appropriate English placement score, or ENG056, or ENG061, or permission of department chair.

SOC 101 Introduction to Sociology 3 credits

Fundamental concepts of social organization, culture, socialization, social institutions and social change. Prerequisites: None.

RDG 091 College Reading Skills I 3 credits

Designed to improve basic reading and study skills, vocabulary and comprehension skills. Recommended to all students whose placement test scores indicate a need for reading instruction. Prerequisites: Reading placement test score (ASSET), or grade of "C" or better in RDG081, or permission of instructor.

MCO 120 Media and Society 3 credits

A study of the roles of communication media and their economical and psychological impact upon society. Prerequisites: None.

AJS 101 Introduction to Criminal Justice 3 credits

An examination of the organization and jurisdiction of local, state and federal law enforcement, judicial and corrections systems; their history and philosophy; career opportunities and qualifying requirements, terminology and constitutional limitations of the system. Required in AJS curriculum. Prerequisites: None.

ANS 212 Livestock Production and Management 3 credits

Production and management of beef cattle, dairy cattle, sheep, swine, stock horses, goats, and poultry. Evaluation of livestock for agricultural purposes. Housing and care requirements of common livestock. Prerequisites or Corequisites: ANS110 or permission of instructor.

PSY 101 Introduction to Psychology 3 credits

To acquaint the student with basic principles, methods and fields of psychology such as learning, memory, emotion, perception, physiological, developmental, intelligence, social and abnormal. Prerequisites: None.

FRE 101 Elementary French I 4 credits

Basic grammar, pronunciation and vocabulary of the French language. Includes the study of French culture, practice of listening, speaking, reading and writing skills. Prerequisites: None.

HIS 103 United States History to 1870 3 credits

The political, economic, and social development of United States from Colonial through Reconstruction period. Prerequisites: None.

MAT 220 Analytic Geometry and Calculus I 5 credits

Topics from analytic geometry with special emphasis on inequalities and absolute value expressions, limits, continuity, the fundamental principles and formulae for differential and integral calculus along with their applications to geometry and mechanics, the mean value theorems and the fundamental theorem of calculus. May receive credit for only one of the following: MAT220 or MAT221. Prerequisites: Grade of "C" or better in (MAT150 or MAT151 or MAT152) and MAT182 or MAT187 or equivalent, or satisfactory score on district placement exam.

POS 220 U.S. and Arizona Constitution 3 credits

Examination of the United States Constitution and the constitution and government of the State of Arizona. Prerequisites: None.

PSY 101 Introduction to Psychology 3 credits

To acquaint the student with basic principles, methods and fields of psychology such as learning, memory, emotion, perception, physiological, developmental, intelligence, social and abnormal. Prerequisites: None.

BIO 100 Biology Concepts 4 credits

A one-semester introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored. Field trips may be required at students' expense. Prerequisites: None.

SOC 101 Introduction to Sociology 3 credits

Fundamental concepts of social organization, culture, socialization, social institutions and social change. Prerequisites: None.

MAT 122 Intermediate Algebra Accelerated 3 credits

Algebraic operations on polynomial, rational, and radical expressions and complex numbers; graph polynomial, exponential and logarithmic functions; solve linear, quadratic, rational and absolute value equations and inequalities algebraically and graphically, solve systems of linear equations algebraically and graphically; and real world applications and use of current technology. May receive credit for only one of the following: MAT120 or MAT122. Prerequisites: Grade of "B" or better in MAT090, or MAT091, or MAT092, or equivalent, or satisfactory score on District placement exam.

SPA 101AA Elementary Spanish I 1 credit

Basic grammar, pronunciation and vocabulary of the Spanish language. Includes the study of the Spanish-speaking cultures. Practice of listening, speaking, reading, and writing skills. Prerequisites: None.

ECN 111 Macroeconomic Principles 3 credits

A descriptive analysis of the structure and functioning of the American economy. Emphasis on basic economic institutions and factors that determine national income and employment levels. Consideration given to the macroeconomic topics of national income, unemployment, inflation and monetary and fiscal policies. Prerequisites: None.

MAT 241 Calculus with Analytic Geometry III 4 credits

Vector-valued functions of several variables, multiple integration, introduction to vector analysis. Prerequisites: Grade of "C" or better in MAT230 or MAT231.

Maricopa County Community College District
Phoenix College

Phoenix College Course Descriptions

BIO 156 Human Biology for Allied Health 3 credits

An introductory biology course for allied health majors with an emphasis on humans. Topics include fundamental concepts of cell biology, histology, microbiology, and genetics. Prerequisites: None. One year high school chemistry or one semester of college level chemistry recommended.

BIO 181 General Biology (Majors) I 4 credits

Principles of structure and function of living things at molecular, cellular, and organismic levels of organization. Field trips may be required at students' expense. Prerequisites: (CHM130 and CHM130LL), or (CHM151 and CHM151LL), or equivalent, or permission of instructor.

HCE 100 Orientation to Health Care 1 credit

Introduction to patient care. Overview of health care delivery systems including organizational structure, regulatory agencies, types of medical practices and practitioners in various health care settings. Investigation of career opportunities and ethics in health care settings. Basic public health issues. Accreditation/certification agencies. Prerequisites: None.

HCE 101 Customer and Patient Relations 1.5 credits

Basic interpersonal behavior principles in the health care setting. Emphasis on interpersonal behavior and mental health concepts. Examines management perspective and self-management skills. Prerequisites: None.

HES 210 Making Healthy Decisions: HIV/AIDS 1 credit

HIV transmission and infection; AIDS-related diseases; prevention resources; effects of HIV/AIDS on society and health care system. Prerequisites: None.

MAT 220 Analytic Geometry and Calculus I 4 credits

Topics from analytic geometry with special emphasis on inequalities and absolute value expressions, limits, continuity, the fundamental principles and formulae for differential and integral calculus along with their applications to geometry and mechanics, the mean value theorems and the fundamental theorem of calculus. May receive credit for only one of the following: MAT220 or MAT221. Prerequisites: Grade of "C" or better in (MAT150 or MAT151 or MAT152) and MAT182 or MAT187 or equivalent, or satisfactory score on district placement exam.

PHY 101 Introduction to Physics 3 credits

A survey of physics emphasizing applications of physics to modern life. Designed for students who need a course in physics in order to understand the physical basis of modern technology. Prerequisites: Grade of "C" or better in MAT092, or satisfactory score on Math placement exam.

HES 298AB Special Projects 2 credits

Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: None.

BIO 182 General Biology (Majors) II 3 credits

Additional principles of structure and function of living things at molecular, cellular, and organismic and higher levels of organization. Field trips may be required at students' expense. Prerequisites: BIO181 or permission of instructor.

CHM 130LL Fundamental Chemistry Laboratory 1 credit

Laboratory experience in support of CHM130. Prerequisites or Corequisites: CHM130.

Maricopa County Community College District
Rio Salado College

Rio Salado College Course Descriptions

MAT 187 Precalculus 5 credits

A precalculus course combining topics from college algebra and trigonometry. Preparation for analytic geometry and calculus. May receive credit for only one of the following: MAT150, MAT151, MAT152, or MAT187. Prerequisites: Grade of "B" or better in MAT120, or MAT122, or equivalent, or satisfactory score on a placement test. Strongly recommended that students have some knowledge of trigonometry.

ENG 101 First-Year Composition 3 credits

Standard English writing skills. Emphasis on expository composition. Prerequisites: Appropriate English placement test score or a grade of "C" or better, in ENG071.

BIO 100 Biology Concepts 3 credits

A one-semester introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored. Field trips may be required at students' expense. Prerequisites: None.

PHY 111 General Physics I 4 credits

A noncalculus approach to the principles of general physics. Includes mechanics, fluids, sound and heat. Recommended for preprofessional and suggested for certain other majors. Prerequisites: Trigonometry or department consent.

SPA 101 Elementary Spanish I 4 credits

Basic grammar, pronunciation and vocabulary of the Spanish language. Includes the study of the Spanish-speaking cultures. Practice of listening, speaking, reading, and writing skills. Prerequisites: None.

MAT 172 Finite Mathematics 3 credits

An introduction to the mathematics required for the study of social and behavioral sciences. Includes sets, combinatorics, probability, matrix algebra, linear programming and mathematics of finance. Prerequisites: Grade of "C" or better in MAT150, or MAT151, or MAT152, or equivalent, or satisfactory score on District placement exam.

MAT 212 Brief Calculus 3 credits

An introduction to the theory, techniques and applications of the differential and integral calculus of elementary functions with problems of interest to students in business and the social sciences. Prerequisites: Grade of "C" or better in MAT150, or MAT151, or MAT152, or equivalent, or satisfactory score on District placement exam.

SPA 102 Elementary Spanish II 4 credits

Continued study of grammar and vocabulary of the Spanish language and study of the Spanish-speaking cultures. Emphasis on speaking, reading, and writing skills. Prerequisites: SPA101 or departmental approval.

MAT 221 Calculus with Analytic Geometry II 4 credits

Methods of integration, applications of calculus, elements of analytic geometry, improper integrals, sequences and series. May receive credit for only one of the following: MAT 230 or MAT 231. Prerequisites: Grade of "C" or better in MAT 220 or MAT 221 or equivalent.

ENG 102 First-Year Composition 3 credits

Continued development of standard English writing skills. Introduction to research, note taking, organization, and documentation in the preparation and writing of a research paper. Prerequisites: ENG101 with a grade of "C" or better.

Maricopa County Community College District
Scottsdale Community College

Scottsdale Community College Course Descriptions

ENG 101 First-Year Composition 3 credits

Standard English writing skills. Emphasis on expository composition. Prerequisites: Appropriate English placement test score or a grade of "C" or better, in ENG071.

PHY 121 University Physics I: Mechanics 4 credits

Kinematics, Newton's laws, work, energy, momentum, conservation laws, dynamics of particles, solids, fluids, mechanical waves, and sound. Prerequisites: MAT220 or MAT221 or department consent. One year of High School physics or PHY111 and PHY112 is strongly recommended.

ENG 102 First-Year Composition 3 credits

Continued development of standard English writing skills. Introduction to research, note taking, organization, and documentation in the preparation and writing of a research paper. Prerequisites: ENG101 with a grade of "C" or better.

PSY 101 Introduction to Psychology 3 credits

To acquaint the student with basic principles, methods and fields of psychology such as learning, memory, emotion, perception, physiological, developmental, intelligence, social and abnormal. Prerequisites: None.

PED 115 Lifetime Fitness 2 credits

Fitness activity and wellness study to help develop a lifetime of regular exercise, stress management, and proper nutrition. Workout includes warm-up/stretch, aerobic exercise, selected strength exercises, and cool down/stretch. May be repeated for credit. Prerequisites: None.

MAT 122 Intermediate Algebra Accelerated 3 credits

Algebraic operations on polynomial, rational, and radical expressions and complex numbers; graph polynomial, exponential and logarithmic functions; solve linear, quadratic, rational and absolute value equations and inequalities algebraically and graphically, solve systems of linear equations algebraically and graphically; and real world applications and use of current technology. May receive credit for only one of the following: MAT120 or MAT122. Prerequisites: Grade of "B" or better in MAT090, or MAT091, or MAT092, or equivalent, or satisfactory score on District placement exam.

PHY 131 University Physics II: Electricity and Magnetism 4 credits

Electric charge and current, electric and magnetic fields in vacuum and in materials, and induction. AC circuits, displacement current, and electromagnetic waves. Prerequisites: MAT230 or MAT231 or department consent and PHY121. Corequisites: MAT241 or department consent.

ECN 111 Macroeconomic Principles 3 credits

A descriptive analysis of the structure and functioning of the American economy. Emphasis on basic economic institutions and factors that determine national income and employment levels. Consideration given to the macroeconomic topics of national income, unemployment, inflation and monetary and fiscal policies. Prerequisites: None.

MAT 092 Introductory Algebra 3 credits

Basic axioms of algebra, linear equations in one and two variables, operations on polynomials, rational expressions, graphing of linear equations and the solving of linear equations. May receive credit for only one of the following: MAT090, MAT091, or MAT092. Prerequisites: Grade of "C" or better in MAT082, or MAT102, or equivalent, or satisfactory score on District Placement exam.

MAT 151 College Algebra/Functions 4 credits

A study of quadratic equations, relations and functions, theory of equations, systems of equations and inequalities, matrices and determinants, binomial theorem, sequences, series, permutations, combinations and probability. May receive credit for only one of the following: MAT150, MAT151, MAT152, or MAT187. Prerequisites: Grade of "C" or better in MAT120, or MAT122, or equivalent, or satisfactory score on District placement exam.

RDG 091 College Reading Skills I 3 credits

Designed to improve basic reading and study skills, vocabulary and comprehension skills. Recommended to all students whose placement test scores indicate a need for reading instruction. Prerequisites: Reading placement test score (ASSET), or grade of "C" or better in RDG081, or permission of instructor.

ENG 102 First-Year Composition 3 credits

Continued development of standard English writing skills. Introduction to research, note taking, organization, and documentation in the preparation and writing of a research paper. Prerequisites: ENG101 with a grade of "C" or better.

ENG 071 Fundamentals of Writing 3 credits

Emphasis on the fundamentals of sentence, paragraph, and multi-paragraph structure. Prerequisites: Appropriate English placement score, or ENG056, or ENG061, or permission of department chair.

RDG 081 Reading Improvement 3 credits

Designed to improve basic reading skills. Includes word recognition, prediction of contents of reading selections, and development of basic vocabulary. Emphasis on identifying main ideas and related details. Reviews following directions and the understanding of graphic materials. Prerequisites: Placement test scores, or permission of instructor.

BIO 100 Biology Concepts 4 credits

A one-semester introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored. Field trips may be required at students' expense. Prerequisites: None.

BPC 100 Business-Personal Computers 2 credits

Introduction to the use of personal computers in the business environment. Computer hardware components, operating system functions and concepts. Procedures for running and using business application software to produce documents and spreadsheets. Prerequisites: None.

EQS 120 Equine Anatomy and Physiology 3 credits

Study of structure and function of the equine. Includes cell structure and anatomy and physiology of major systems with emphasis on skeletal, muscular, and digestive systems. Prerequisites: None.

Mohave Community College Course Descriptions

AED 061 Adult Basic Education/Pre-GED 2 credits

Lecture and individualized instruction for students who are working at the eight grade level or below. This is a preparatory course for the GED program. Areas studied include: basic reading, writing, math, and study skills. Grading is "S" (Satisfactory) or "U" (Unsatisfactory). On-campus classes require attendance and registration at weekly ABE/GED orientation. One lecture; two lab.

CIS 100 Microcomputer Applications-IBM 3 credits

For people with little or no experience with computers. Introduces students to what microcomputers can do and how they work by providing Ahands on@ experience operating computers. Covers business, personal, and education applications. Three lecture.

THE 092 Ace That Audition 0.5 credit

The most important phase in the entire production is the audition and casting process. Strong casts have overcome weak scripts, and strong scripts have been ruined by miscast actors. Learn the auditioning process: what a director looks for, how to show your skills the best, how

to beat fear and competition, and how to deal with the final audition outcome. Intermediate to advanced theater students will study intensive audition techniques. Course will include utilization of trial auditions, role playing, lecture, and demonstration. .25 lecture/.25 lab.

THE 111 Theatre Production I 4 credits

Includes techniques of speech and movement on the stage, pantomime, character analysis, and participation in laboratory scenes and department production. Eight lab.

MAT 020 Math Essentials 3 credits

Includes review and practice of basic operations on whole numbers, fractions, decimals, and percentages. This course also includes an introduction to the metric system, some work with perimeters and areas, and a brief introduction to signed numbers. Three lecture.

MUS 113 Vocal Ensemble 1 credit

A selective choral group specializing in the performance of advanced literature including major works, jazz, and madrigals. Public appearances scheduled throughout the academic year. Attendance at all rehearsals and concerts mandatory. Two lab.

CIS 120 Introduction to Programming 3 credits

Students will learn to program a computer using a programming language. The major goal is for students to design workable programs to solve business problems. Design tools and the structure of computer programs will be emphasized. Three lecture.

AOT 110 Word Processing I: (Software) 3 credits

Introduces the basic features of a word processing program emphasizing skills for use in the office. A student may repeat AOT 110 for each package desire. Three lecture.

ENG 088 Elements of Writing 3 credits

A beginning study in reading and English grammar designed to give the student an understanding of the structure of English. Includes frequent practice in expressing ideas in sentences and short paragraphs which are based upon reading assignments. Assignment to the class is based on assessment testing. Three lecture.

ENG 089 Approaches to Writing 3 credits

An intensive review of the fundamentals of grammar, word usage, punctuation, and sentence structure with emphasis on the fundamentals of paragraph structure and the writing of short essays to prepare the student for English 101. Three lecture.

Navajo County Community College District
Northland Pioneer College

Total Number of Students Enrolled in ALL Courses		1,049	100%

Northland Pioneer College Course Descriptions

MAT 130 College Algebra 3 credits

Third course in algebra, presenting concepts at the college level. The approach is intuitive and interactive, with an emphasis on real-life applications. Covers basic algebra concepts, equations and inequalities, functions, systems of linear equations, and sequences, series, and combinatorics.

ENL 101 College Composition I 3 credits

Writing college level, academic essays.

MAT 155 Precalculus Algebra/Trigonometry 3 credits

Algebra and trigonometry necessary to prepare for calculus. Covers polynomial and rational functions; trigonometric functions, triangles, vectors and applications, matrices and determinants and systems of second-degree equations.

SPA 101 Elementary Spanish I 4 credits

Introduction to the Spanish language, with emphasis on developing the skills of listening, speaking, reading and writing. Stress on basic grammar, pronunciation, vocabulary, and culture.

LAN 160 Beginning Sign Language 3 credits

Manual communication of ideas and words through manual signs and fingerspelling (dactylogy) using a combination of American Sign Language (ALS) and Signed English.

ENL 102 College Composition II 3 credits

Writing college level, documented critical essays, including a longer research paper.

POS 110 American Government 3 credits

Introduction of various aspects of the national government: constitutional framework, structures, courts, Congress, presidency, interest groups, political parties. Satisfies teacher certification requirements for federal constitution.

MAT 120 Intermediate Algebra 3 credits

Extends understanding of basic algebraic concepts and skills. Techniques for solving equations, inequalities, polynomials, powers and roots and equations of second degree are covered in depth. Many applications are considered.

WLD 125 Arc Welding I 2 credits

Welding machines (DC & AC) history, electrodes, weld symbols. Stick electrode welding in the flat position.

SPA 102 Elementary Spanish II 4 credits

Continuation of the study of fundamental patterns in SPA 101. Emphasis continues on the comprehension, speaking, reading and writing aspects.

HDE 100 College Success Skills 1 credit

Skills and techniques required for being an efficient student. Includes goal setting and problem solving, time management, organizing study materials/study techniques, college/community resources, learning styles, concentration and memory, note-taking techniques, tips for making note-taking easier, test-taking techniques, and test anxiety. (1 lec.)

WRT 100 Writing Fundamentals 3 credits

Prerequisite(s): WRT 070 or satisfactory score on writing assessment test.
Review of sentence structure, mechanics and usage. Includes paragraph development and short essay organization. (3 lec.)

CSC 101 Computer Literacy 3 credits

Introduction to basic computer skills, includes computer terminology, operating systems, file management, and communications. Also includes a brief overview of word processing, spreadsheet, and data base applications. (3 lec., 1 lab)

BIO 181 General Biology I 4 credits

Prerequisite(s): Equivalent of one semester college chemistry, Assessed placement at MAT 122 and REA 091. Principles of structure and function of living things at the molecular, cellular and organismic levels of organization. Includes scientific process; chemistry of the cell; cell structure, function, and reproduction; inheritance; molecular biology and biotechnology. (3 lec., 3 lab)

MAT 172 Finite Mathematics 3 credits

Prerequisite(s): MAT 152. Mathematics for students majoring in business, includes set theory, partitions, permutations, combinations, probability, Bernoulli trials, Markov chains and the simplex method of linear programming. (3 lec.)

MAT 092 Elementary Algebra 3 credits

Prerequisite(s): MAT 086 or satisfactory score on the mathematics assessment test.
Introduction to basic algebra. Includes the real number system, algebraic expressions, linear equations and inequalities, integer exponents, polynomials, simple rational expressions, and square roots. (3 lec.)

WRT 102 Writing II 3 credits

Prerequisite(s): WRT 101.
Practice in writing analytical compositions, including a research paper or annotated papers. Includes readings in fiction, poetry, drama or non-fiction as a basis for writing. (3 lec.)

MAT 121 Intermediate Algebra, Standard 4 credits

Development of computational and manipulative skills in working with algebraic expressions and equations necessary for success in MAT150.

GED 095 GED Studies 6 credits

Improvement of reading mathematics and writing skills in order to pass the GED exam.

MUP 118 Bell Choir Ringers 1 credit

A variety of music specifically for hand bells focusing on a repertoire prepared and performed in public and at college functions

GED 091 Pre-GED studies 6 credits

Improvement of basic reading, mathematical, and writing skills in order to advance to GEDstudies level.

ENG 100 English Composition II 3 credits

Development of one's ability to generate and express ideas in a variety of written forms: journal, letter, paragraph, and essay; with emphasis on idea development, and aspects of punctuation, grammar, and spelling which enhance the communication of that idea.

MAT 081 Arithmetic Review 4 credits

Development of arithmetic skills for foundation in other mathematics courses, stressing number awareness and arithmetic processes.

SPA 101 Elementary Spanish I 4 credits

The basic skills of understanding, speaking, reading, and writing Spanish with a survey of cultural materials from Spanish-speaking countries.

MAT 091 Introductory Algebra, Standard 4 credits

The fundamental concepts of elementary algebra.

MTH 130 Intermediate Algebra 3 credits

Topics covered: factoring of polynomials, evaluation and simplification of algebraic expressions, complex fractions, quadratic equations, rational equations, roots and radicals, complex numbers, conic sections, non-linear systems, computations with logarithms. Prerequisite: MTH 037, or equivalent, or satisfactory score on mathematics placement assessment. 3 lecture.

MTH 037 Beginning Algebra 3 credits

Signed numbers, exponents, algebraic expressions, factoring, solving equations, graphing geometric figures and formulae, polynomials, roots and radicals and systems of equations. Prerequisite: Arithmetic skills or satisfactory score on mathematics placement assessment. Repeatable. 3 lecture.

MTH 135 Precalculus 5 credits

Topics from college algebra and trigonometry essential to the study of calculus and analytic geometry. Algebraic, exponential, logarithmic, trigonometric, and inverse trigonometric functions, complex numbers, linear and nonlinear systems of equations and inequalities, and sequences and series. Prerequisites: "C" or better in MTH 130 or equivalent, or a satisfactory score on mathematics placement assessment. Duplicate credit for MTH 131/MTH 132 and MTH 135 will not be awarded. 5 lecture.

ENG 100 Introductory Composition 3 credits

Introduction to basic writing and reading skills required for success in college, with emphasis on fluency in personal, descriptive, and process analysis prose. Concurrent enrollment in ENG 031 may be required. 3 lecture.

CSA 111 Keyboarding 1 credit

Presentation of the keyboard including the 10-key pad by touch. Development of correct techniques for a variety of applications including word processing, computer programming, data entry, and computer interaction. 3 lab.

PHE 148 Weight Training I 1 credit

Introduction to free weight training. Emphasis on lifting technique and program building for endurance, strength, or hypertrophy. Repeatable. 2 lab.

MUS 111 Symphonic Band 1 credit

Open to all students in the College. Attendance at all rehearsals and participation in all public performances is required. Repeatable. 3 lab.

Arizona Western College Course Descriptions

PER 103 Special Activities 1 credit

A physical education course for those who are unable to participate in regular activity programs.

ENG 101 Freshman Composition 3 credits

A course in analytical writing with emphasis on organization, prose, rhetorical, and styles of writing. Prerequisite: Appropriate score on English placement test or "C," or better in ENG 100.

PER 104 Physical Education Activities 1 credit

Intermediate level of any of the course listed under PER 103.

ESL 091 Structure I 6 credits

Structure 1 incorporates integrated language instruction with an emphasis on beginning grammatical concepts. Prerequisite: Literate; instructor's permission or a proficient entrance score on the ESL placement exam.

MAT 082 Beginning Algebra 3 credits

A comprehensive review of the techniques and skills of Beginning Algebra. Prerequisite: "C" or better in MAT 72, or appropriate score on CPT.

ART 099 Hobby Photography 3 credits

Basic introduction to the fundamentals of photography.

ART 203 Ceramics I 3 credits

A hands-on look at the history of the use of clay and how it leads to the development of contemporary ceramic art.

AST 100 Astronomy 4 credits

A survey of stars, planets, galaxies, and life in the cosmos. Evolution of the stars; planet formation and global change; origin and destiny of the Universe; space exploration and the search for extraterrestrial intelligence. Prerequisite: Appropriate score on English placement test.

BIS 092 MS-Windows (IBM Compatible) 2 credits

A course that teaches the basic skills of Windows.

BIS 098 Computers Made Easy 2 credits

An introduction to the very basics of how to use a computer.

MAT 072 Essentials of Mathematics 3 credits

A comprehensive review of the techniques and skills of arithmetic.

MAT 187 Precalculus 5 credits

The further development of algebra with a concentration on functions and a study of exponentials, logarithms, sequences, and series. This course also includes a study of trigonometric functions and identities, graphing calculator is required. Prerequisite: MAT 122 with a grade of "C" or better or an acceptable score on the placement test.

PHI 101 Introduction to Philosophy 3 credits

This course introduces students to the great issues and literature in philosophy: the universe and God, the nature of persons, action and free will, knowledge and truth, the good, the ideal community, and conflicts between individuals and the state. The emphasis is primarily on Western philosophy. Prerequisite: Appropriate test score on placement test.

REPRODUCTION RELEASE

(Specific Document)

I. DOCUMENT IDENTIFICATION:

Title: Report on Admission of Students Under the Age of Eighteen (A.R.S. 15-1821), FY 1997-1998	
Author(s) State Board of Directors for Community Colleges of Arizona	
Corporate Source: State Board of Directors for Community Colleges of Arizona	Publication Date: 1998

II. REPRODUCTION RELEASE:

In order to disseminate as widely as possible timely and significant materials of interest to the educational community, documents announced in the monthly abstract journal of the ERIC system, *Resources in Education* (RIE), are usually made available to users in microfiche, reproduced paper copy, and electronic media, and sold through the ERIC Document Reproduction Service (EDRS). Credit is given to the source of each document, and, if reproduction release is granted, one of the following notices is affixed to the document.

If permission is granted to reproduce and disseminate the identified document, please CHECK ONE of the following three options and sign at the bottom of the page.

The sample sticker shown below will be affixed to all Level 1 documents

PERMISSION TO REPRODUCE AND DISSEMINATE THIS MATERIAL HAS BEEN GRANTED BY

Level 2A

Check here for Level 2A release, permitting reproduction and dissemination in microfiche and in electronic media for ERIC archival collection subscribers only

The sample sticker shown below will be affixed to all Level 2B documents

PERMISSION TO REPRODUCE AND DISSEMINATE THIS MATERIAL IN MICROFICHE ONLY HAS BEEN GRANTED BY

Sample

TO THE EDUCATIONAL RESOURCES INFORMATION CENTER (ERIC)

2B

Level 2B

Check here for Level 2B release, permitting reproduction and dissemination in microfiche only

Documents will be processed as indicated provided reproduction quality permits.
 If permission to reproduce is granted, but no box is checked, documents will be processed at Level 1.

I hereby grant to the Educational Resources Information Center (ERIC) nonexclusive permission to reproduce and disseminate this document as indicated above. Reproduction from the ERIC microfiche or electronic media by persons other than ERIC employees and its system contractors requires permission from the copyright holder. Exception is made for non-profit reproduction by libraries and other service agencies to satisfy information needs of educators in response to discrete inquiries.
