ACCESS TO YOUR COUNTERPARTS . . .

The *Directory of Iowa College and University Faculty Who Prepare Educators and Related Service Providers* is a project which seeks to increase opportunities for collaboration within and among Iowa's college and university preservice programs. The listings contain information which provides readers access to their counterparts across the state. The directory, in its fifth edition, includes nearly 230 college and university faculty.

All college and university faculty who prepare educators and related service providers are invited each year to be included in the directory. Faculty members who respond to the invitation with a completed form are listed in the directory and provided a copy of the publication at no cost.

The directory is organized by college or university, with faculty names alphabetized within those groupings. A table of contents lists the institutions and faculty. Additionally, an index at the end of the directory contains an alphabetical listing of the directory faculty entries.

The directory is published by the Division of Early Childhood, Elementary and Secondary Education of the Iowa Department of Education.

The effort to facilitate collaborative activities for colleges and universities is an ongoing project. Those who would like to provide input about the continued development of the directory or related issues are invited to contact:
