ABSTRACT

This guide is designed to provide students, faculty, and guidance personnel at Rhode Island's three public institutions of higher education (the University of Rhode Island, Rhode Island College, and the Community College of Rhode Island) with information needed to expedite transfer among institutions. It includes specific institutional transfer information, along with general education requirements at the three institutions. The guide also contains course transfer agreements and program transfer plans for various academic disciplines, along with program-to-program agreements. Two appendixes provide information of the Board of Governors for Higher Education policy for articulation and transfer and joint admissions agreements. (MDM)

INTRODUCTION

The purpose of this document is to provide students, faculty and guidance personnel at the three public institutions of higher education in Rhode Island (the University of Rhode Island, Rhode Island College, and the Community College of Rhode Island) with the information needed to expedite transfer among institutions. The material included in the guide is based upon the Board of Governors policy for articulation/transfer (the full policy is included as Appendix A) and on the agreements developed each year between academic department chairs, or their representatives, from the three institutions. Procedures related to transfer are included in this document; however, the guide is not a substitute for institutional catalogs, but an adjunct to them. It is important that students wishing to transfer consult with transfer counselors at the institution from which they are transferring and at the one to which they seek entrance. **Please be aware that, while credits may transfer, the grades do not transfer.**

To familiarize students with the transfer procedures at the three public institutions of higher education, the guide includes brief statements by each of the institutions outlining the application processes and transfer procedures and policies. In addition, relevant phone numbers for each institution are listed. A single page explaining how to use the guide precedes the institutional pages. The major portion of the guide contains the academic program transfer plans section, and a section which lists courses that transfer and their equivalents at the three institutions. A section on general education requirements is included to assist students with the transfer of courses approved for general education. Also included is a section for program admissions agreements. These are arrangements that do not focus on course equivalencies, but rather are agreements involving blocks of courses or whole programs.

What's New

This section highlights changes in the format of this year's *Transfer Guide for Students*.

- Some RIC courses have been renumbered. The current number is given at the left side of the column and the old number is given in parentheses.
- College-Level Examination Program (CLEP) scores and equivalencies for transfer are in the course transfer section entitled Prior Learning (see pages 60-62).

Student Exchange Policy

Full-time students matriculated at one of the public institutions of higher education in Rhode Island may enroll for a maximum of seven credit hours of their full-time schedule per semester for study at one of the other public institutions at no additional expense. Students will be subject to the course selection process applicable at the receiving institution. Summer session and continuing education registrants are not covered under this policy.

Availability of the Transfer Guide

The *Transfer Guide* is available on the Internet (<http://www.uri.edu/ribog/transfer.htm>) and can be purchased at CCRI and RIC campus bookstores. Review copies of the *Transfer Guide* can be consulted at the CCRI, URI and RIC Admissions Offices, Registrar/Records Offices, Advising and Counseling Offices, and campus libraries and learning centers. Copies of the *Transfer Guide* are also available for review at public libraries and at public high school guidance offices and libraries.

HOW TO USE THIS GUIDE

Section 1: General Education Equivalents

This section has an alphabetical listing of general education courses and equivalent courses at CCRI, URI and RIC. In addition, a description of each institution's general education program is provided.

Section 2: Course Transfer Agreements

The Course Transfer Agreements section has a listing of courses alphabetically by academic area that will transfer to CCRI, RIC and URI. For each course listed, the equivalency is given for each institution. Courses are equivalent regardless of the direction of transfer unless otherwise marked. College-level credit earned with an acceptable grade at one institution will transfer to another as earned credit with one, or more, of the following designations:

Equivalent: Evaluated with a specific title and number as an identical course with the receiving institution.

Department Elective: Although there is no identical course offered, the receiving institution will award department-level credit which can be used to fulfill major or minor credit requirements in the specific department.

Free Elective: Fulfills credit hours needed for graduation but does not meet department or general education requirements. Free elective credit may also be used in cases where a student transfers a four-credit course as equivalent to a three-credit course: the student will receive three equivalent credits plus one free elective credit.

General Education: Fulfills one of the institution's general education requirements. The symbol (GE) appears to the right of each applicable course.

Section 3: Program Transfer Plans

This section has an alphabetical listing of academic program transfer plans for students who wish to complete an associate's degree program at CCRI and continue, in the most direct way, to baccalaureate programs at either URI or RIC. The Program Transfer Plans map out the CCRI courses to take in order to fulfill the associate degree requirements and list the equivalent courses at RIC and URI. Courses that fulfill General Education courses are noted by a (GE) next to the course title. Most transfer plans list equivalents at both URI and RIC; however, in some instances, transfer plans apply only to CCRI and either URI or RIC.

Section 4: Program-to-Program Admissions Agreements

The Program-to-Program Admissions Agreements articulate a whole program of study at CCRI with the applicable baccalaureate degree at URI or RIC. This section lists the agreements by departments.

COMMUNITY COLLEGE OF RHODE ISLAND**TRANSFERRING TO CCRI****Application Process**

Call the Admissions Office at the campus to which you plan to transfer and request an application and catalog.

Admissions and Records Offices:

Lincoln
333-7300

Providence
455-6000

Warwick
825-2285

The Office of Admissions and Records begins processing applications for programs which begin in the spring (January) semester, summer (May) session and fall (September) semester on September 1 prior to the date of intended entry. A cutoff date may be imposed in many of the career programs due to the large number of applications. Most career and technical programs are highly competitive and accept students only for the fall semester; early applications are encouraged. The Office of Admissions and Records should be consulted for specific deadlines and program information.

To apply for admission you must submit the following: an application form and a \$20 fee; high school or general equivalency transcript; and an official college transcript if you are requesting transfer credit. Any questions concerning the official transfer credit evaluation or the transfer admissions process, should be directed to Joan Cowsill (333-7317).

Transfer Procedures

After being accepted, you will receive an evaluation of your transfer credits. This evaluation will tell you the number of credits accepted and provide a specific CCRI course designation for each course transferred. Shortly following your acceptance, you will be requested to attend a scheduling session where academic counselors will be on hand to assist you.

The orientation program will be held a week before the start of classes. This program will also give you a chance to meet other new students and to become more familiar with the Community College's services and facilities.

Transfer Policies

CCRI may grant up to half the required credits for a degree for previously completed work. However, non-traditional academic work such as CLEP, Armed Services courses, and appropriate life experiences evaluated by portfolio, courses taken in the career/technical areas, and coursework that is older than 10 years, are not automatically transferred, nor do they necessarily serve as prerequisites for more advanced courses. These types of courses will be evaluated on an individual basis.

Courses in which a grade of "D" was received at one institution are transferable to another institution only as elective credit, unless earned in a required course in which case the course must be repeated.

TRANSFERRING FROM CCRJ

Students transferring from the Community College should make an appointment with a transfer counselor well in advance of their intended date of transfer. Students are strongly advised to review the information contained in this guide about transferring to RIC (pages 9-11) and URI (pages 5-7), and, especially, the general education requirements sections (Section 1). For more information and to plan a course of study, contact the Advising and Counseling Center at the appropriate campus:

Flanagan Campus	Providence Campus	Knight Campus
Lincoln	455-6020	Warwick
333-7160		825-2304

CCRJ students who have completed between 24 and 30 credits with a cumulative grade point average of at least 2.00 may be eligible for acceptance into the Special Programs for Talent Development at the University of Rhode Island. In addition, to be eligible, students must attend a presentation by a Talent Development recruiter and be interviewed for acceptance into the program.

Joint Admission Agreement Between Community College of Rhode Island and Rhode Island College

Beginning September 1, 1997, the Community College of Rhode Island and Rhode Island College have entered into a formal agreement to facilitate student progression from the associates degree into the baccalaureate degree program. A copy of the agreement can be found in Appendix B.

UNIVERSITY OF RHODE ISLAND

TRANSFERRING TO URI

KINGSTON CAMPUS

Application Process

If you are interested in enrolling at the University of Rhode Island Kingston, your application for the fall semester should be submitted by May 1. Applications for the spring semester should be submitted by November 1. To apply for admission, you must submit the following: an application form and a \$30 fee for in-state applicants and a \$45 fee for out-of-state applicants; high school record or equivalency diploma scores; and official transcripts of all postsecondary work sent directly from the institution at which the work was completed, whether or not you expect or desire credit for such work. Although interviews are not required for admission, personal conferences will be scheduled for applicants whose questions cannot be resolved by correspondence or printed literature.

Transfer Procedures

Shortly after you receive your acceptance letter and have paid your confirmation fee, the Admissions Office will send your transcript to the URI college in which you intend to enroll. You will then receive an official evaluation of your transfer credits. This evaluation will list total credits accepted, and will designate how each course has been evaluated (i.e., URI equivalent, department elective, or free elective). The evaluation indicates only how previous course work has transferred; your faculty advisor or dean determines how the work may, or may not, be applied toward URI requirements. Your faculty advisor, whose name is normally included with the evaluation, will help you select appropriate courses and will assist you in planning your overall program. Since evaluation of transfer credit is done at the URI college in which the student intends to enroll, questions concerning transcript evaluation should be directed to the appropriate college:

<u>College (Deans Office)</u>	<u>Contact Person</u>	<u>Phone No.</u>	<u>College (Deans Office)</u>	<u>Contact Person</u>	<u>Phone No.</u>
Arts and Sciences	Joyce Allen Cain	874-2566	Nursing	Ruth Waldman	874-2766
Business Administration	Jane M. Stich	874-2337	Pharmacy	Joan Lausier	874-2761
Engineering	Richard Vandeputte	874-2091	Environment & Life Sciences	Deb Carroll	874-2474
Human Science & Services		874-2244	University College	Sarah Rockett	874-5505

Questions concerning the transfer admissions process should be directed to the URI Admissions Office at 874-7100.

Transfer Orientation and Registration

If you are accepted for the fall semester, you will have an opportunity to attend orientation during the latter part of June. An orientation is held in late January for those entering in the spring.

While on campus, transfer students participate in small-group orientation sessions with trained group leaders. This provides an excellent opportunity to meet fellow students and URI staff, have questions answered, and become familiar with the campus environment. Directions on how, where, and when to register are provided to each admitted student by mail.

Transfer Policies

To be graduated from the University of Rhode Island, you must complete the senior year plus one-half the major credits in residence at URI. Transfer students should pay particular attention to the fact that general education requirements, usually completed during the freshman and sophomore years, vary from one URI college to another. You must satisfy these requirements in addition to all major requirements of the college from which the degree is sought. The URI Undergraduate Bulletin describes in full the requirements for all programs. For information about general education requirements for each URI college refer to Section 1: General Education.

Students graduating from CCRJ with an Associate of Arts degree and a cumulative grade point average of 2.4 or higher are guaranteed admission to the University of Rhode Island.

Courses taken in the career/technical areas, coursework that is more than ten years old, and credit for military service may not automatically be transferred nor necessarily be counted as prerequisites for advanced coursework. Courses in which a grade of "D" was received are transferable only as elective credit, and if earned in a required course must be repeated.

CCRJ students who have completed between 24 and 30 credits with a cumulative grade point average of at least 2.00 may be eligible for acceptance into the Special Programs for Talent Development at the University of Rhode Island. In addition, to be eligible, students must attend a presentation by a Talent Development recruiter and be interviewed for acceptance into the program.

Phone numbers for student services at the University of Rhode Island:

<u>Service</u>	<u>Phone</u>
Admissions (Transfer)	874-7100
Financial Aid	874-2314
Housing	874-2215
Orientation	874-2288

TRANSFERRING TO URI COLLEGE OF CONTINUING EDUCATION PROVIDENCE CENTER

Application and Transfer Process

Application to the University of Rhode Island may be made at the College of Continuing Education (CCE). Students who transfer from the Community College of Rhode Island or Rhode Island College will be evaluated using the *Transfer Guide for Students*. After acceptance, students will receive an official evaluation of transfer credits. One-half of a four year bachelor of arts, bachelor of general studies, or bachelor of science degree may be taken at a two-year institution, usually 60 credits. Course work above that amount may transfer but will not lower the number of credits needed to complete a degree at the University of Rhode Island.

Performance Based Admission

Performance based admission is applicable for students whose last full-time formal education occurred more than three years ago and who experienced academic problems at that time; who did not take a college preparatory program in high school; or who completed secondary education by earning a GED. Regular student involvement with an academic advisor is required under this program as well as a grade point average of "C" or better in the first 15 credits at URI. Only applications for a Bachelor of Arts, Bachelor of General Studies, or Bachelor of Science are eligible for this program.

Contacting CCE

Call Admissions and Academic Advising at 277-5160 and make an appointment with:

Cleveland Kurtz Bachelor of General Studies (for students with fewer than 20 college credits)

Carol Bonenfant Bachelor of General Studies (for students with more than 20 credits)

Adria Evans Bachelor of Arts and Bachelor of Science

Gwenneth Rae Bachelor of Science (College of Human Science and Services including: Communicative Disorders, Consumer Studies, Education, Textiles, Human Development and Family Studies, and Physical Education)

General Business Administration and Industrial/ Manufacturing Engineering - Advisor available evenings only in Student Services.

Other Contact Numbers General Information - 277-5000
Financial Aid - 277-5019

Registration - 277-5090
Student Services - 277-5010

TRANSFERRING TO RIC

Application Process

Call the Admissions Office at RIC (456-8234) and request a catalog and an application (catalogs and applications are also available through the Advising and Counseling Centers at CCRI). Applications are due by June 1 for the fall semester and by November 15 for the spring semester. To apply, you must submit the following: an application form with the \$25 fee and an official transcript from each institution previously attended.

Even though interviews are not required, they can be arranged by contacting the RIC Admissions Office. A representative from RIC holds information sessions for prospective transfer students each semester at all three CCRI campuses. Check the Advising and Counseling Centers at CCRI or the RIC Admissions Office for dates and times.

Transfer Procedures

Soon after you are accepted, RIC will review your transcript(s) and will inform you of the approximate number of transfer credits you will be given. You will receive the finalized evaluation -- listing total credits with RIC course designations -- prior to registration. A one-day orientation program for all new transfer students is essential for making a successful transition to Rhode Island College. At orientation you will meet with other new students, become more familiar with the RIC services and facilities, speak with a faculty advisor, and register for courses. After you have been accepted you will receive notification of the date and time of your orientation session from the Office of Academic Support and Information Services (OASIS).

Transfer Policies

Questions concerning the official transfer credit evaluation or the transfer admissions process at Rhode Island College should be directed to the Office of Admissions - 456-8234.

Although you may transfer up to 90 credits, these credits may not all apply to the fulfillment of your major, minor, or general education requirements. Consult the appropriate section(s) of RIC's catalog for specifics.

Courses in which a grade of "D" was received are transferable only as elective credit, unless earned in a course in the degree program, in which case an academic department may require that the course be repeated and a higher grade earned. Technical/career courses and courses in which "Pass" or "Credit" grades are earned are evaluated for transfer on an individual basis.

Students Who Matriculate at CCRI Prior to Fall 1994

Students who matriculated at CCRI prior to fall 1994 in an Associate in Arts program, Associate in Science in Business Administration or Computer Science, or an Associate in Applied Science in Radiography are guaranteed admission to Rhode Island College if their cumulative grade point average is 2.4 or higher. These students will be able to transfer all credits earned at CCRI. In addition, all general education requirements at Rhode Island College will be considered as completed by these students transferring from CCRI.

Students Who Matriculate at CCRI Beginning Fall 1994

Beginning with students who matriculate at CCRI in the fall 1994, and thereafter, all general education requirements at Rhode Island College must be fulfilled before graduation from RIC. Students are advised to complete as many general education courses as possible before transferring to RIC. Students should refer to the general education Transfer Credit Guide for RIC (Section 1) for a listing of general education requirements and course equivalencies.

Phone numbers for student services at Rhode Island College:

<u>Service</u>	<u>Phone</u>
Admissions (Transfer)	456-8234
Bookstore	456-8025
Career Development Center	456-8031
Financial Aid	456-8033
Housing	456-8240

<u>Service</u>	<u>Phone</u>
Orientation	456-8083
Summer Session	456-8091
Transcripts	456-8212
Veterans Information	456-8213

RIC Students Taking Courses at CCRI or URI, should be aware that, because of differences in content, writing emphasis, and credit hours, the equivalencies listed for English 161 and History 161 apply only to students transferring from CCRI and URI; students already matriculated at RIC must take these courses at Rhode Island College.

College Writing and Mathematics Competency

- All students are required to complete WRTG 100 Introduction to Academic Writing (ENGL 1010 or 1020).
- Transfer students must score 480 or better on the quantitative portion of the SAT; pass a course equivalent to MATH 010 or 177 or higher (MATH 1670, 1680, 1700 + 1710, 1800, 1900, 1910, 1920 or 2910); pass the RIC mathematics placement exam; or enroll in Math 010.

Joint Admission Agreement Between Community College of Rhode Island and Rhode Island College

As of September 1, 1997, the Community College of Rhode Island and Rhode Island College have entered into a formal agreement to facilitate student progression from the associates degree into the baccalaureate degree program. A copy of the agreement can be found in Appendix B.

GENERAL EDUCATION PROGRAMS

COMMUNITY COLLEGE OF RHODE ISLAND

UNIVERSITY OF RHODE ISLAND

RHODE ISLAND COLLEGE

**GENERAL EDUCATION PROGRAM AT
THE COMMUNITY COLLEGE OF RHODE ISLAND**

Students transferring to the Community College of Rhode Island must follow the specific program requirements as shown in the current catalog.

Consultation with an advisor is strongly recommended. Any questions concerning official transfer evaluation or the transfer admissions process should be directed to:

Joan Cowsill
Transfer Admissions Counselor
Office of Admissions and Records
Community College of Rhode Island
Lincoln, Rhode Island 02865
333-7317

GENERAL EDUCATION PROGRAM AT THE UNIVERSITY OF RHODE ISLAND

At the University of Rhode Island, the General Education Program requires students to take courses in the areas of English communications (including one course in writing), mathematics, fine arts and literature, foreign language or culture, letters, the natural sciences, and the social sciences. Because the specific courses approved in these areas may also fulfill prerequisite requirements for a major, students planning to transfer to the University are urged to consult the University of Rhode Island Catalog or to discuss their plans with an advisor at URI. The following section includes a chart which lists the general education requirements approved for each college within the University of Rhode Island. Following the chart is a list of courses which have been approved for general education credit. Students in the College of Engineering and the College of Arts & Sciences should note that not all general education courses at the University are approved for their programs. The course listing denotes those courses which are not applicable to engineering and arts and sciences majors.

To use the chart, first locate the row for the College at the University of Rhode Island in which you intend to enroll; then, read the entries under each column for specific requirements within each area. For specific course listings, refer to the page following the chart.

UNIVERSITY COLLEGE
URI GENERAL EDUCATION REQUIREMENTS BY COLLEGE

The chart below summarizes the URI general education requirements by college. Because each college has different requirements, students should consult their academic advisor and URI Bulletin when selecting courses. Reference should be made to the URI General Education requirements and to the requirements of their major.

1. Engineering students need to be aware that there are certain courses in Fine Arts & Literature, Letters and Social Science which are not approved for their program.
2. Students enrolled in the Colleges of Nursing, Pharmacy or Environment & Life Sciences may reduce the credit requirements in Fine Arts & Literature, Foreign Language/Culture or Letters by 3 credits.

	English Communication	Mathematics	Fine Arts & Literature	Foreign Language/Culture Clusters	Letters	Natural Sciences	Social Sciences
UNIVERSITY REQUIREMENT (UNIV. REQ.)	6 cr. With minimum of 3 cr. in writing	3 cr.	6 cr.	6 cr. in a foreign language or semester abroad or culture clusters. See General Education requirements in the URI Bulletin.	6 cr.	6 cr.	6 cr.

GENERAL EDUCATION PROGRAM AT RHODE ISLAND COLLEGE

The General Education Program at Rhode Island College, entitled General Education 2000, consists both of a core curriculum and of distribution requirements. In the core, students must take a set of four related courses which provide an understanding of cultural and historical traditions which shaped the world in which they live and a critical appreciation of values, ideas, and practices which have emerged from these traditions. Courses in the core are writing intensive with an emphasis on critical thinking. In fulfilling distribution requirements, students must take six courses which expand their knowledge by exposure to social and behavioral sciences, to visual and performing arts, and to natural sciences and mathematical systems. The ten courses required of General Education 2000 are outlined on the next page. Specific courses in some of the distribution areas may also fulfill requirements in a major, so students planning to transfer to Rhode Island College are urged to read the current catalog and discuss their coursework with an academic advisor.

GENERAL EDUCATION REQUIREMENTS AT RHODE ISLAND COLLEGE

General Education 2000

- I. CORE STUDIES IN CULTURAL LEGACIES AND CRITICAL THINKING: (courses in parentheses are equivalent CCRI courses)
- Core 1 (C1) Western Literature (ENGL 1040 OR 2040)
 - Core 2 (C2) Western History (HIST 1010 OR 1020)
 - Core 3 (C3) Non-Western Worlds (HIST 2260)
 - Core 4 (C4) Critical Inquiry into Cultural Issues (GE/Dept 26x)
- (Cores 1, 2 & 3 must be completed before enrolling in Core 4)

- II. DISTRIBUTION REQUIREMENTS: (Courses in parentheses are equivalent CCRI courses.)

(SB) SOCIAL & BEHAVIORAL SCIENCES <i>two courses from different disciplines</i>	(A) VISUAL & PERFORMING ARTS <i>one course</i>	(LS) LABORATORY SCIENCE <i>one course</i>	(M) MATHEMATICAL SYSTEMS <i>one course</i>	(SM) SCIENCE/MATHEMATICS <i>one course*</i>

COURSE TRANSFER AGREEMENTS

COMMUNITY COLLEGE OF RHODE ISLAND

UNIVERSITY OF RHODE ISLAND

RHODE ISLAND COLLEGE

ACCOUNTING

Transferring to RIC:

- Students transferring from CCRI to RIC with an Associates Degree in Business Administration, Accounting concentration, and a GPA of 2.4 or higher will automatically be accepted as accounting majors and will receive credit for ACCT 201 and ACCT 202. See Section 3 for a suggested program transfer plan.
- CCRI students transferring to RIC without an Associates Degree in Business Administration, Accounting concentration, will be subject to the policies of RIC regarding admission and transfer of credits (including proficiency examinations).

Transferring to URI:

- CCRI students planning to transfer to the URI College of Business Administration should major in General Studies or Liberal Arts. The URI College of Business Administration only accepts transfer students at the junior level. CCRI students must have 60 credits, a GPA of at least 2.50 and have completed the following courses: MATH 1670, MATH 1680, ACCT 1010, ACCT 1020 (or ACCT 1110 and ACCT 1120), ECON 2010, ECON 2020, MATH 1550, MATH 1560, COMI 1100 and ENGL 1410. All other ACCT and BUSN courses are transferable as free electives until a waiver exam is completed at URI. For exam details, contact Jane M. Stich, Assistant Dean, URI College of Business Administration (874-2337). Students not meeting all these requirements may be admitted to University College.

ART

- URI encourages all transfer students who wish to transfer program credit to either submit a portfolio or to register for ART 002 Sophomore Review. The purpose of the portfolio review is to advise students on course selection and career direction; portfolio reviews are not used in admission decisions.
- The URI College of Engineering does not accept studio courses for general education credit.
- RIC requires all students who wish to transfer program credit to have a portfolio review. This review will determine whether a student will receive credit for an equivalent course at RIC (see equivalencies below) or if the student will receive elective credit. The portfolio review is not used for admission consideration. The portfolio review is not required for ART 201 or for Art History courses.

BUSINESS ADMINISTRATION / MANAGEMENT**Transferring to RIC:**

- Students transferring from CCRI to RIC with an Associate Degree in Business Administration and a GPA of 2.4 or higher will automatically be accepted and will receive credit for MGT 301, MKT 301 and MGT 343. Refer to Section 3 for a suggested transfer plan.

Transferring to URI:

- CCRI students intending to transfer to the URI College of Business Administration should major in General Studies or Liberal Arts. The URI College of Business Administration only accepts transfer students at the junior level. CCRI students must have 60 credits, a GPA of at least 2.50 and have completed the following courses: MATH 1670, MATH 1680, ACCT 1010, ACCT 1020 (or ACCT 1110 and ACCT 1120), ECON 2010, ECON 2020, MATH 1550, MATH 1560, COMI 1100 and ENGL 1410. All other ACCT and BUSN courses are transferable as free electives until a waiver exam is completed at URI. For exam details, contact Jane M. Stich, Assistant Dean, URI College of Business Administration (874-2337). Students not meeting all these requirements may be admitted to University College. Refer to page 14 for a suggested transfer plan.

CHEMICAL TECHNOLOGY

- Students who complete the A.A.S. program in Chemical Technology at CCRI will receive credit for all courses listed for URI or for RIC. Credit will be evaluated on a case-by-case basis for students who do not complete the A.A.S. program in Chemical Technology.
- Vocational/technical occupational courses shall be considered for transfer on an individual basis. The receiving institution may accept part or all of these courses as being applicable to the satisfaction of degree requirements.

COMPUTER STUDIES

- CCRI students with an Associate Degree in Computer Science intending to transfer to RIC should consider either a major in Computer Science (CSCI) or in Computer Information Systems (CIS). Those interested in a CSCI major will receive credit for courses as indicated below. CCRI students with an Associate Degree in Computer Science and a GPA of 2.4 or more will automatically be accepted as a CIS major and will receive credit for CIS 352 Management Information Systems and CIS 353 Systems Analysis and Design. CCRI students without an Associate Degree in Computer Science will receive credit for CIS 352 Management Information Systems only.
- Languages used to implement the programming concepts may differ between the institutions. Students transferring from one institution to another must be ready to change computer languages.

COOPERATIVE EDUCATION

Credit for cooperative education will transfer as course credit in the student's major unless earned in a program which has no equivalent at the receiving institution, in which case, free elective credit will be granted.

DENTAL HEALTH

- To gain entrance into the baccalaureate degree program for Dental Hygiene at URI, students transferring from CCRI must have earned an Associate Degree in Dental Hygiene, have successfully completed the National and Northeast Regional Board Dental Hygiene examinations, and have been accepted by the URI Admissions Office. See **Dental Hygiene Program-to-Program Agreements in Section 4.**

ENGINEERING

- Vocational/technical occupational courses shall be considered for transfer on an individual basis. The receiving institution may accept part or all of these courses as being applicable to the satisfaction of degree requirements.
- RIC has no equivalent department, therefore, courses will be evaluated for credit on an individual basis.
- Students interested in pursuing a baccalaureate program in either electrical or mechanical engineering should refer to Section 3 for a suggested program transfer plan.

ENGLISH AS A SECOND LANGUAGE

- The public institutions of higher education in Rhode Island offer a variety of courses and support services for students for whom English is a second language (ESL). Most of the courses provide college-level credit and are in many instances transferable. Students should note that the equivalencies listed may be subject to a competency examination at the receiving institution. Competency examinations are designed to determine the appropriate level of coursework for students continuing in ESL courses.

HUMAN SERVICES / EDUCATION / HUMAN DEVELOPMENT

- Students majoring in Human Services at CCRJ are automatically accepted into the Human Development, Family Studies Department (Human Services and Early Childhood Education programs) at URI if they have a minimum GPA of 2.0 and have taken the following courses: HMNS 2100 (or PSYC 2030), PSYC 2010, SOCS 1010 (or other 100- or 200-level sociology course), and MATH 1430. Students who plan to qualify for Early Childhood Education certification should note that there is a minimum required GPA of 2.5. Students interested in pursuing a baccalaureate degree in Human Development and Family Studies: Early Childhood Education should refer to Section 3 for suggested program transfer plans.

INDUSTRIAL TECHNOLOGY

Students transferring in the following technical programs from CCRI to RIC:

1. Electronics
2. Process Control Technology
3. Computer-Aided Machine Design
4. Manufacturing Technology
5. Engineering
6. Mechanical Engineering Technology
7. Electronic Engineering Technology
8. Networking Technology
9. Telecommunications Technology

Will be awarded: i. 18-24 credits in technical concentration areas in the RIC Industrial Technology B.S. Program,
and ii. up to 42 credits in general education, cognates, and free electives, depending on student program design.

ITALIAN

- Students wishing to pursue a baccalaureate degree in Italian should refer to Section 3 for a suggested program transfer plan.
- Level 200 and 300 courses transfer for credit; for specific course equivalencies see the Department Chairperson.

MATHEMATICS

- Courses below the 1000 level at CCRI or the 100 level at RIC and URI are not assigned college-level credit.
- URI MATH 099 will satisfy RIC's Mathematics competency requirement.
- It is recommended that an entire calculus sequence be completed at the same institution.
- Students interested in pursuing a baccalaureate degree in Mathematics should refer to Section 3 for a suggested program transfer plan.
- Beginning fall 1998, students transferring to RIC must have a 480 or better on quantitative SAT, pass a course equivalent to MATH 010 or 177 or higher (MATH 1670, 1680, 1700 + 1710, 1800, 1900, 1910, 1920 or 2910); or pass the RIC mathematics placement exam.

PRIOR LEARNING

The Community College of Rhode Island, the University of Rhode Island and Rhode Island College agree to accept as transfer credits those credits awarded by either institution through the assessment of a student's military experience or through the assessment of other prior learning experiences as documented in a student's portfolio.

College-Level Examination Program

Students can take tests through the College-Level Examination Program if they believe they have learned the equivalent knowledge to a college-level course through prior study, professional experience, or independent study. The tests are divided into the General Examinations and subject examinations. Students earning at least the score listed on the chart below, will be granted credit at the institution where they are matriculated. Credit earned through the CLEP exam is transferable among CCRI, RIC, and URI. Students interested in the CLEP examinations should consult their advisor, or the institution's CLEP coordinator. More information on the CLEP exam can be obtained from the CLEP, P. O. Box 6601, Princeton, NJ 08541-6601, 609-771-7865 or at www.collegeboard.org.

PROGRAM TRANSFER PLANS

COMMUNITY COLLEGE OF RHODE ISLAND

UNIVERSITY OF RHODE ISLAND

RHODE ISLAND COLLEGE

PROGRAM TRANSFER PLANS

What is a program transfer plan?

A program transfer plan is a road map for students at the Community College of Rhode Island (CCRI) who complete associates degrees and transfer to bachelor's degree programs either at the University of Rhode Island (URI) or Rhode Island College (RIC). Several academic departments have approved these program transfer plans.

Why should students participate in a program transfer plan?

Program transfer plans provide students with a "seamless" path to bachelor's degree programs. By taking the sequence of courses listed in the program transfer plan students can, in most cases, complete the associates degree, fulfill most of the general education requirements at URI or RIC and in many cases transfer courses which count toward the major. Beginning at CCRI is an especially affordable and convenient way for students to get started on earning a college degree.

What are the requirements?

Students must complete the associates degree at CCRI within the effective dates taking the courses listed for the program transfer plan. In addition, students are required to make contact with an advisor at URI or RIC and meet additional departmental requirements listed, such as minimum G.P.A.

Academic program transfers are effective for a period of five years to accommodate students who may be enrolled in a program part-time. Students are governed by the requirements in effect beginning the year of enrollment in the program. These requirements will remain in effect for a period of five years regardless of changes to individual course equivalencies.

What if students change their minds?

Students are not obligated to transfer to URI or RIC. If they should decide to transfer to another institution, the program transfer plan is designed to allow many options for transferring to another institution or for joining the workforce upon completion of the program.

What if a student does not wish to participate?

Under Board of Governors policy, students are guaranteed admission to Rhode Island College and the University of Rhode Island if they complete an associates degree program at the Community College and maintain at least a 2.4 G.P.A. By completing a program transfer plan students maximize the number of courses that will transfer for general education and major credit and minimize the number of courses needed to complete the bachelor's degree.

How do students get started?

Before registering for courses, students interested in a program transfer plan should simply drop by or call the academic advising and counseling office at any of the three CCRI campuses to make an appointment (Lincoln: 333-7160, Providence: 455-6020 and Warwick: 825-2301). An academic advisor will help students register for the right courses and help make connections with helpful people at URI or RIC. The key to successful transfer is early and frequent contact with an academic advisor.

EDUCATION -- Art Education/Teacher Preparation (K-12)

<p>RIC requires all students who wish to transfer: Art program credit to have a portfolio review. This review will determine whether a student will receive credit for an equivalent course at RIC (see equivalencies below) or if the student will receive elective credit. The portfolio review is not used for admission consideration. The portfolio review is not required for ART 201 or for Art History courses.</p>	<p>From: CCRI A. F. A. Art</p>	<p>To: RIC B.S. Art Education</p>

PROGRAM-TO-PROGRAM AGREEMENTS

COMMUNITY COLLEGE OF RHODE ISLAND

UNIVERSITY OF RHODE ISLAND

RHODE ISLAND COLLEGE

DENTAL HYGIENE – PLAN A

**JOINT ADMISSIONS AGREEMENT
BETWEEN
UNIVERSITY OF RHODE ISLAND
AND
COMMUNITY COLLEGE OF RHODE ISLAND**

I. JOINT ADMISSION PROCESS AND CONDITIONS

The Joint Admissions Program shall begin September 1998 and is available to incoming University of Rhode Island freshmen enrolled in the Dental Hygiene Program.

Up to six (6) students may be accepted into this program each year; that number may be changed by the mutual agreement of the directors of the Dental Hygiene Programs at CCR1 and URI.

- A. In order to participate in this program students must apply to the Joint Admissions Dental Hygiene Program with the intent to continue on to the Dental Hygiene Program at Community College of Rhode Island as a sophomore, or as a junior. Upon receipt, the applications will be reviewed by the Office of Admissions at University of Rhode Island.
- B. Upon acceptance admission officers at University of Rhode Island and Community College of Rhode Island shall jointly send an offer of admission to students. That acceptance will explain the requirements for continuation to Community College of Rhode Island following completion of the required freshman year courses at University of Rhode Island.
- C. To be guaranteed admission to Dental Hygiene Program at Community College of Rhode Island, under the Joint Admission Program, students must (1) enroll in the Joint Admission Program as a freshman at University of Rhode Island as described above, (2) meet the academic admission requirements to the dental hygiene program at Community College of Rhode Island, (3) have a cumulative grade point average of 2.0, and (4) meet all non-academic admission requirements for the Dental Hygiene Program at Community College of Rhode Island, including satisfactory completion of the coursework mutually specified by the CCR1 and URI Dental Hygiene Programs.
- D. Courses taken by students at University of Rhode Island shall satisfy course requirements in accordance with the Transfer Guide for Students published by the Office of Higher Education. Transfer credit for any Community College of Rhode Island course not listed in the Transfer Guide shall be granted at the discretion of the Dean or designee at University of Rhode Island.

- E. The Community College of Rhode Island catalog which is in effect the year a freshman matriculates at University of Rhode Island shall govern the terms of admission and the associate degree requirement at Community College of Rhode Island, unless the student interrupts his or her enrollment at Community College of Rhode Island after transferring from University of Rhode Island. In the event that a student interrupts his or her enrollment at Community College of Rhode Island after transfer from University of Rhode Island, the associate degree requirements for a degree will be governed by the catalog in place in the year of re-entry.
- F. Upon successful completion of an Associate of Science Degree in Dental Hygiene from Community College of Rhode Island, the student will return to the University of Rhode Island to complete the Bachelor of Science Degree in Dental Hygiene.
- G. Students in the Joint Admissions Program shall be governed by the regulations, requirements and procedures of the University of Rhode Island until they are granted a baccalaureate. While at Community College of Rhode Island they will be governed by the regulations, requirements and procedures at Community College of Rhode Island until such time as they are granted the associate degree.

This agreement is signed by:

DENTAL HYGIENE – PLAN B

ARTICULATION AGREEMENT BETWEEN COMMUNITY COLLEGE OF RHODE ISLAND AND UNIVERSITY OF RHODE ISLAND

September, 1989
Revised January, 1998

Baccalaureate Completion Program: Below is a list of URI courses to be taken by CCRI graduates who wish to earn a bachelor's degree in dental hygiene. The list is based on the Transfer/Articulation Agreement between CCRI and URI and an examination of the dental hygiene programs at the two institutions. The list assumes that the student has:

1. Earned an associate's degree in dental hygiene from CCRI.
2. Successfully completed the board examinations in dental hygiene.
3. Applied to and been accepted by the URI Admissions Office for a bachelor's degree in dental hygiene.

The courses listed below must be taken at URI:

<u>REQUIRED COURSES</u>	<u>CREDITS</u>	<u>REQUIRED COURSES</u>	<u>CREDITS</u>
Fine Arts and Literature general education courses	6	EDC 312 Psychology of Learning	3
Letters general education courses	6	*EDC 371 Educational Measurements	3
Foreign language/culture general education courses	6	*HLT 172 First Aid	1
Math general education course	3	PSY 232 Developmental Psychology	3
CHM 124, 126 Organic Chemistry and Lab	4	*SOC 204 Social Psychology	3
DHY 350 Dental Health Education	3	*WRT 201 Intermediate Writing	3
DHY 462 Oral Care of the Aged and Medically Compromised	3	Electives	10
DHY 464 Field Experience in Community Oral Health	3		
*EDC 102 Introduction to American Education	3	TOTAL	63

Note: In order to earn a bachelor's degree from URI, a student must have taken half of the credits from a baccalaureate institution. In this case, 63 credits must be earned from a baccalaureate institution, since at least 125 credits are necessary to earn the B.S. in Dental Hygiene.

*Courses that may be waived in order to pursue a minor (18 credits in designated discipline). Permission is required from the Director of Dental Hygiene and from the Chair of the department of the student's minor field of study.

RHODE ISLAND BOARD OF GOVERNORS FOR HIGHER EDUCATION

POLICY FOR ARTICULATION AND TRANSFER BETWEEN

PUBLIC INSTITUTIONS OF HIGHER EDUCATION IN RHODE ISLAND

ACTION ON POLICY

adopted	November 29, 1979	amended	July 16, 1987
amended	January 7, 1982	amended	June 16, 1988
amended	November 7, 1985	amended	June 2, 1994
	amended	June 18, 1998	

INTRODUCTION

Articulation between the educational programs of the Rhode Island public institutions of higher education is a matter of considerable importance. The relationships among the academic disciplines and between levels of coursework require clear understandings about content and purpose so that students may make progress toward their educational objectives without unnecessary disruption. Institutions within the system, therefore, are obliged to observe these guidelines and procedures for course and program articulation, and the transfer of credit.

PURPOSE

Articulation and transfer guidelines facilitate cooperation between higher education institutions for the purpose of accommodating the needs and interests of students who earn credit at one institution and choose to transfer to another. Successful transfer minimizes loss of time and duplication for students and optimizes the use of institutional resources. The policy recognizes that each institution has a separate and distinct mission, and that each has the responsibility to establish and to maintain academic quality within that mission. Underlying the policy is an attitude of mutual respect and cooperation among the institutions and recognition that the primary objective of articulation agreements is to benefit students.

GUIDELINES AND PROCEDURES

Institutional Requirements

Each higher education institution has the responsibility of establishing, maintaining and communicating requirements to students seeking to complete courses and programs and to earn certificates and degrees at the institution.

Transfer Student Admission

Admission of transfer students will be determined by the receiving institution following an assessment of academic performance and standing as well as eligibility for entrance to a specific program. Students holding associate of arts degrees oriented toward the baccalaureate degree with a grade point average of 2.4 from the Community College of Rhode Island shall be assured admission to Rhode Island College and the University of Rhode Island. If the number of transfer students seeking admission to a particular program exceeds the number that can be accommodated, program admission decisions will be based on criteria developed and promulgated by the institution; these criteria shall provide fair treatment for institutional students and for transfer students.

Direction of Transfer

The direction of student transfer (two-year to four-year college or university, four-year to two-year, and four-year to four-year) shall not affect the transferability of credit, unless so noted.

Academic Transcript

Institutions shall keep a complete student academic transcript. The transcript shall clearly identify each student and include all academic work for which the student was enrolled during each semester, the end-of-semester status in each course, grade and credit awarded. The transcript shall clearly indicate the source of credit (e.g., examination, course, assessment of experiences). A statement explaining the grading policy of the institution shall be part of each transcript.

Course Prerequisites

All requirements and prerequisites for entrance into courses and programs shall be stated in the official catalog in a consistent manner. The determination of such requirements and prerequisites is the responsibility of the institution awarding the degree. Transfer students who have completed equivalent prerequisite courses and achieved an acceptable grade should not be required to repeat such prerequisite courses.

Earned Credits

College-level credit earned with minimally acceptable grades at one public higher education institution shall be transferable to another as earned credit. Specified prerequisite-equivalent courses may require a "C" grade to serve as the equivalent prerequisite at the receiving institution; for non-equivalent prerequisite courses, a higher grade may be required.

Pass/Fail Credit

The application of pass/fail grading systems to transfer students shall be consistent with the application of those systems to students who entered the institution as freshmen. Transfer students should consult the catalog of the institution to which they are transferring regarding these policies.

Non-Traditional Learning and Evaluation for Credit

The determination of the credit value of non-traditional learning is typically achieved through an examination or other standardized or institutionally-accepted form of assessing prior learning. An institution which examines or otherwise assesses extra-institutional learning shall clearly state its criteria for measuring and awarding credit and publish information about its credit by examination/assessment policies in its official catalog.

For credit by examination, information must be available that includes names of tests for which credit by examination is given (Advanced Placement, general and subject matter CLEP, ACT, institutional, etc.), and score levels which indicate that course work requirements comparable to classroom situations have been met. For the College-Level Examination Program (CLEP), the receiving institution will accept the American Council on Education (ACE) recommended credit-granting score for the year in which the examination was taken.

Credit awarded through examination or other forms of assessment shall be identified as such on the transcript. These transcribed credits will be honored by the receiving institution.

Graduate and Advanced Professional Credit

Decisions regarding the transfer of credit toward advanced degrees (master's, CAGS, doctorate) or advanced professional degrees rests with the faculty of the degree-granting division.

Resolution of Equivalency Disputes

From time to time there may be interinstitutional disagreements among the faculty of subject matter disciplines. These disagreements will normally be resolved at the chairperson level. Conflicts not resolved by the chairperson will be referred to the Articulation/Transfer Committee. The committee will resolve the dispute or forward a recommendation to the Postsecondary Education Executive Council (PEEC). PEEC may accept the recommendation or seek an alternate resolution.

TRANSFER GUIDE

Interinstitutional agreements on course and program equivalencies shall appear in appropriate institutional publications and be compiled regularly in a single document entitled: Transfer Guide for Students (hereafter, the guide). The guide is an integral part of the articulation/transfer policy and procedures and shall be made available for use by students, faculty and staff.

Course Equivalencies

The institutions shall identify specific courses that are equivalent. This identification shall be on a discipline-by-discipline basis and shall appear in the guide. Information about course additions, changes or deletions by an institution shall be communicated by the appropriate chairperson to the corresponding chairpersons at other institutions for equivalency evaluation before or during the annual meeting of departmental chairs.

Program Equivalencies

The institutions shall specify transfer agreements on a program-to-program basis; these agreements shall appear in the guide. Program transfer plans will consist of the sequence of courses to be completed to fulfill associate degree requirements at the community college and the equivalent sequences at the college and the university, where appropriate. Chairpersons shall agree on program-to-program equivalencies before or during the annual meeting of department chairs.

General Education Requirements

General education programs are determined by individual institutions, each of which has the continuing responsibility for determining the character of its own program, for its own degree purposes. General education program requirements shall be clearly stated in the institutional catalog and in the guide. Students who intend to transfer to another institution should review that institution's general education requirements and discuss their plans with admissions counselors or advisors in their intended majors.

STUDENT RIGHTS AND RESPONSIBILITIES

Students who intend to transfer must inform themselves of the transfer admission requirements, and the program and degree requirements of the institution to which they expect to transfer.

Students who through no fault of their own encounter legitimate difficulties in transferring from one institution to another must seek resolution of these difficulties through institutional procedures, with the assistance of academic advisors. Students who have exhausted all administrative remedies available at the institution to which transfer credit is being sought and who has been unable to satisfactorily resolve the problem may appeal in writing to the articulation/transfer officer at the institution that awarded the credit. The articulation/transfer officer shall receive and consider all relevant materials and shall review the cases with appropriate representatives of the receiving institution so that a determination may be made as to the transferability of the courses or earned credits being contested. Cases which cannot be satisfactorily resolved may be reviewed by the Articulation/Transfer Committee.

When a student transfers under the course-to-course option, the articulation/transfer agreement in place when that student initiates the second half of the associate's degree program (31 credit hours or more) will be the agreement that governs course equivalencies for that student.

When a student transfers under a program-to-program agreement, the student is governed by the requirements in effect at the beginning of the academic year in which the student was officially accepted into the program. These requirements will remain in effect for that student for five years regardless of changes to individual course equivalencies.

INTERINSTITUTIONAL ARTICULATION/TRANSFER COMMITTEE

Composition of the Committee

To assure compliance with and the continuing viability of the Articulation/Transfer Policy, a permanent interinstitutional committee on articulation/transfer was established. This Articulation/Transfer Committee is comprised of eleven members: three from each of the three public institutions of higher education plus a chairperson and a staff person from the Rhode Island Office of Higher Education (RIOHE). The institutional representatives are appointed by the president and are to include the institutional articulation/transfer officer. The chairperson is appointed by the Commissioner of Higher Education. Committee appointments shall be reviewed every three years.

Committee Responsibilities

The Committee is responsible to the Postsecondary Education Executive Council (PEEC) for the following tasks:

- Soliciting suggestions from administrators, faculty and students concerning matters of articulation/transfer;
- Providing continuous evaluation and review of institutional programs, policies and procedures, and interinstitutional relationships affecting transfer of students;
- Recommending such revisions as are needed in institutional programs, policies, and procedures to promote the success and general well-being of the transfer student.

The Committee shall fulfill these responsibilities in the following ways:

- Recommending policy or procedural changes that would improve articulation/transfer in higher education institutions;
- Recommending resolution of course equivalency disputes between cooperating institutions;
- Conducting reviews as needed of the Articulation/Transfer Policy;
- Planning and executing the annual meeting of department chairpersons and assisting in the production of the guide.

Committee Meetings

The Articulation/Transfer Committee shall be convened, as necessary, by its chairperson.

**JOINT ADMISSIONS AGREEMENT BETWEEN
COMMUNITY COLLEGE OF RHODE ISLAND
AND RHODE ISLAND COLLEGE**

The Community College of Rhode Island and Rhode Island College have traditionally sought to provide access to higher education to qualified students. To expand this mutual commitment and to facilitate students' progression from the associate degree into the baccalaureate degree the Community College of Rhode Island and Rhode Island College hereby agree to establish a Joint Admission Program, the terms of which are as follows:

I. JOINT ADMISSION PROCESS AND CONDITIONS

The Joint Admissions Program shall begin in September 1997 and is available to incoming Community College of Rhode Island freshmen enrolled in transferable programs.

- A. In order to participate in this program students upon their application to Community College of Rhode Island must complete an *Intent to Enroll Form* available in the Office of Enrollment Services at Community College of Rhode Island. Upon receipt and review by Community College of Rhode Island, Office of Enrollment Services, students will be accepted and a notice of intent will be sent to Rhode Island College.
- B. Admission officers at Rhode Island College and Community College of Rhode Island shall jointly send an offer of admission to students. That acceptance will explain the requirements for continuation to Rhode Island College following completion of the associate degree at Community College of Rhode Island pursuant to the Joint Admissions Program.
- C. To be guaranteed admission to Rhode Island College, under the Joint Admission Program, students must (1) Enroll in the Joint Admission Program as a freshman at Community College of Rhode Island as described above, (2) earn an associate degree in the prescribed curriculum at Community College of Rhode Island within five years of their initial matriculation at Community College of Rhode Island, (3) have a cumulative grade point average of 2.40 and (4) meet all non-academic admission requirements for Rhode Island College.

- D. Courses taken by students at Community College of Rhode Island shall satisfy course requirements in accordance with the Transfer Guide for Students published by the Office of Higher Education. Transfer credit for any Community College of Rhode Island course not listed in the Transfer Guide shall be granted at the discretion of the Dean or designee at Rhode Island College.
- E. The Rhode Island College catalog which is in effect the year a freshman matriculates at the Community College of Rhode Island shall govern the terms of admission and the baccalaureate requirements for a degree from Rhode Island College, unless the student interrupts his or her enrollment at Rhode Island College after transferring from the Community College of Rhode Island. In the event that a student interrupts his or her enrollment at Rhode Island College after transfer from the Community College of Rhode Island, the baccalaureate degree requirements for a degree will be governed by the catalog in place in the year of re-entry.
- F. Students who have been previously enrolled at Rhode Island College must meet any terms or conditions set at the time of their departure from the College and will be considered through the process for readmission to Rhode Island College. Students who are currently under suspension from Rhode Island College and students who have been withdrawn involuntarily from Rhode Island College are not eligible for the Joint Admission Program.
- G. Students in the Joint Admission Program shall be governed by the regulations, requirements and procedures of the Community College of Rhode Island until such time as they are granted the associate degree. At such time as they matriculate at Rhode Island College they will be governed by the regulations, requirements and procedures at Rhode Island College.

II. INFORMATION SHARING AND EXCHANGE

Rhode Island College and the Community College of Rhode Island acknowledge that it may be useful to share certain information about its respective students during the term of this Agreement. The purpose of this exchange is to monitor the progress of students pursuing a degree under the Joint Admission Program, educate them about the range of academic choices at Rhode Island College provide them with information conducive to academic success at Rhode Island College, and to evaluate the success of the program. To that end, each student will be asked in the *Intent to Enroll Form* to sign a release authorizing Rhode Island College and the Community College of Rhode Island to share individual student information as described below.

- A. Beginning in September 1997 the Community College of Rhode Island shall provide representatives of Rhode Island College with the name, address, choice of degree program and academic record of each Community College of Rhode Island student who is enrolled in the Joint Admission Program at Rhode Island College.

- B. Beginning when the first student completes the associate degree at the Community College of Rhode Island under this program and during the term of this Agreement, Rhode Island College shall provide the Community College of Rhode Island with student retention rates, graduation rates and the grade point averages for those Community College of Rhode Island students who entered Rhode Island College as part of the Joint Admission Program.
- C. The Community College of Rhode Island and Rhode Island College shall exchange current data regarding the names, addresses, choice of program academic performance and other information related to program eligibility for every Community College of Rhode Island student who is enrolled in the Joint Admission Program.
- D. Students who seek direct admission to Rhode Island College as freshmen, but who are denied admission to Rhode Island College shall be informed about the Joint Admission Program between Community College of Rhode Island and Rhode Island College. This will be presented as one alternative approach to the baccalaureate degree and potentially a way to build and demonstrate the academic achievement required for admission to Rhode Island College. Further pursuit of this option will be solely at the discretion of the student receiving the information.

III. ADVISEMENT AND COMMUNICATION WITH STUDENTS

The Community College of Rhode Island and Rhode Island College recognize that the Joint Admission Program should emphasize collaborative communication, including joint academic counseling, for students enrolled in the Joint Admission Program.

- A. Each semester at a date and time mutually agreed upon by both colleges, representatives from Rhode Island College shall hold information sessions about the Joint Admission Program on the Community College of Rhode Island campus.
- B. Rhode Island College and the Community College of Rhode Island shall make available on their respective campuses information regarding the requirements for obtaining an associate degree to the baccalaureate degree at Rhode Island College pursuant to the Joint Admission Program.
- C. The Community College of Rhode Island and Rhode Island College shall provide academic counseling to students participating in the Joint Admission Program to assist them in choosing elective courses which satisfy the course requirements of Rhode Island College.

IV. CURRICULUM DEVELOPMENT AND FACULTY EXCHANGE

The Community College of Rhode Island and Rhode Island College are committed to coordinating their respective curricula, developing opportunities for faculty collaboration and discussing curriculum changes during the term of this Agreement.

- A. The Community College of Rhode Island and Rhode Island College shall each appoint an individual responsible for transmitting information in a timely manner about proposed and adopted curriculum changes by his or her respective College. The Assistant Dean of Enrollment Services shall be the contact person for the Community College of Rhode Island. Each College shall promptly notify the other in writing when its contact person has changed.
- B. Beginning in September 1997, the Community College of Rhode Island and Rhode Island College shall endeavor to have their respective faculties collaborate on issues of curriculum development and course syllabi to insure that students who seek to progress from the associate degree to the baccalaureate degree will be prepared for their course of study at Rhode Island College.

V. TERMS OF AGREEMENT

This Agreement becomes effective on the date of signatures by both and may be terminated or renegotiated at the request of either party with or without cause giving due protection to those students currently enrolled at the Community College of Rhode Island and Rhode Island College.

This agreement is signed by:
