Dear Colleague,

Welcome to the first edition of the Fiscal Year 1999 Office of Justice Programs (OJP) *At-A-Glance*. After a series of Continuing Resolutions, OJP received its FY 1999 appropriations on October 21, 1998 under Pub. L. 105-277, the Omnibus Consolidated and Emergency Supplemental Appropriations Act for FY 1999.

At-A-Glance provides brief descriptions of all of OJP's bureaus and offices' funding opportunities, listing the amount of funding available, who can apply, and the status of program regulations, guidelines, reports, application kits. Later editions, which will be issued quarterly, will provide updates on each program.

This edition of *At-A-Glance* features several initiatives new in FY 1999, including the Safe Schools Initiative, the Safe Start Program, Community Prosecution, Tribal Courts, Campus Sexual Assault, as well as the Police Corps program, which is now being managed by OJP.

We've also enhanced this edition of *At-A-Glance*, by providing full citations for programs (whenever available) to include the name of the authorizing statute, the Public Law Number, and the United States Code reference. Programs continue to be arranged alphabetically by bureau/ office, and alphabetically by program within those listings. But, for those of you less familiar with our structure, for the first time, we're including a Key Word Index, which appears immediately after the Table of Contents. (An OJP organization chart is on page 81.)

For further information about OJP's FY 1999 programs or to be placed on the mailing list to receive ' FY 1999 program plans, announcements, or other materials as they become available, please contact the Department of Justice **Response Center at 1-800/421-6770** or in the Washington, DC area at 202/307-1480. - Development of a training curriculum for state and local law enforcement agencies and one for prosecutors; and
- Implementation of a "train-the-trainers" program.

ELIGIBILITY/APPLICATIONS AND AWARDS

BJA anticipates receiving an application from the current grantee in FY 1999. The OJP FY 1999 Program Plan, with additional information, will be available early in calendar year 1999, with application materials to follow.

FY 1998 APPROPRIATION:	\$0
FY 1999 APPROPRIATION:	\$25 MILLION
(COPS)

PROGRAM INFORMATION

The Bureau of Justice Assistance (BJA) will administer this matching funds **discretionary** program through an agreement with COPS. In FY 1999, Congress appropriated \$25 million for states, units of local government, and Indian tribes to purchase bulletproof vests for use by law enforcement officers. Of this amount, Congress recommends that up to \$1.2 million be available for BJA to implement a "virtual vest Internet mall" for jurisdictions to provide vest order information to BJA online. BJA will use this information to make payments once vests have been received. Vests that will be available for purchase have been tested by the National Institute of Justice (NIJ) and found to meet NIJ Standard 0101.03.

BJA will provide a technical assistance program to assist those jurisdictions that do not have Internet access; help them obtain Internet access; and train them in Internet use.

The Bulletproof Vest Program is a matching funds program that requires each applicant be responsible for providing at least 50 percent of the cost of each vest purchased. Jurisdictions must use non-federal funding for their 50 percent or more matching amount. Federal funds that have been appropriated by Congress for the activities of any agency of an Indian tribal government or the Bureau of Indian Affairs performing law enforcement functions on any Indian lands may be used by Indian tribal governments to provide for the non-federal share of the matching requirement.

ELIGIBILITY

States, (including the District of Columbia, Puerto Rico, U.S. Virgin Islands, American Samoa, Guam, and the Northern Mariana Islands), units of local government, and Indian tribes are eligible to purchase bulletproof vests for use by

state, local, and tribal law enforcement officers. The term "law enforcement officer" means any officer, agent, or employee of a state, unit of local government, or Indian tribe authorized by law or by a government agency to engage in or supervise the prevention, detection, or investigation of any violation of criminal law, or authorized by law to supervise sentenced criminal offenders.

At least half of the funds will be provided to units of local government that have fewer than 100,000 residents.

GUIDELINES/APPLICATIONS AND AWARDS

On September 23, 1998, BJA published an interim final rule for this program in the Federal Register. BJA is currently developing a guidance manual that will include details on how to apply for grant funds.

ELIGIBILITY

To be eligible for benefits, a public safety officer's death or total and permanent disability must result from injuries sustained in the line of duty, as defined in the PSOB regulations (28 CFR 32). Other public safety officers, whose primary function is not law enforcement or fire suppression, must be engaged in their *authorized* law enforcement, fire suppression, rescue squad, or ambulance duties when the fatal or disabling injury is sustained.

CLAIMS AND PAYMENTS

Eligible survivors or disability claimants may file claims directly with BJA or through the public safety agency, organization, or unit in which the public safety officer served. For further information about the PSOB program, contact BJA toll-free at 888/744-6513 or the BJA Clearinghouse at 800/688-4252.

A bill to expand educational assistance, **the Police, Fire, and Emergency Officers Educational Assistance Act of 1998**, to include all federal, state, and local public safety officers' children and spouse survivors was signed into law on November 13, 1998. Previously, only the dependents of federal law enforcement officers were provided benefits. The NCHIP Program, initially authorized under the Brady and National Child Protection Acts, is funded through the Violent Crime Reduction Trust Fund.

The FY 1999 funds appropriated will support criminal record improvement, as well as functions necessary to enable states to identify persons ineligible to hold positions of responsibility involving children, the elderly, and the disabled. NCHIP funds also will be available to states to collect and automate misdemeanor information and to identify those misdemeanors which involve domestic violence.

In FY 1999, BJS is incorporating the National Sex Offender Registry (NSOR) and the National Stalker and Domestic Violence Reduction programs into NCHIP.

ELIGIBILITY

States, territories including Guam, Puerto Rico, U.S. Virgin Islands, Northern Mariana Islands, American Samoa, and the District of Columbia, are eligible to receive NCHIP grants and technical assistance.

FY 1998 APPROPRIATION:	\$720.5 MILLION
FY 1999 APPROPRIATION:	\$720.5 MILLION

GRANT PROGRAM INFORMATION

The OJP Corrections Program Office (CPO) administers the grant program.

Of the \$720.5 million FY 1999 appropriation for the Violent Offender Incarceration and Truth-in-Sentencing (VOI/TIS) Grant Program, \$165 million has been allocated by Congress for the State Criminal Alien Assistance Program (SCAAP) Program, \$25 million for the Cooperative Agreement Program, (administered by the U.S. Marshals Service to improve state and local correctional facilities holding federal prisoners), and \$34 million for construction of jails on Indian reservations.

Formula grant funds of approximately **\$496.5 million** are available for awards to the states. These funds may be used to build or expand:

- 1) correctional facilities for Part I violent offenders;
- 2) correctional facilities for juveniles adjudicated delinquent for acts which if committed by an adult would be Part I violent crimes under the Uniform Crime Report;
- 3) correctional facilities for nonviolent juvenile offenders upon a showing of exigent circumstances by the applying state;
- 4) temporary or permanent correctional facilities for nonviolent offenders and criminal aliens to free prison space for violent offenders; and
- 5) jails.

Half of the **formula grant funds** (\$248.25 million) are available for the Violent Offender Incarceration (VOI) grants and half for Truth-in-Sentencing (TIS) grants. If qualified, states may apply for funds under both programs.

Prison Grants: Violent Offender Incarceration and Truth-In-Sentencing Program continued

Violent Offender Incarceration: VOI provides a three-tiered formula with 85 percent used for the first two tiers and 15 percent reserved for the third.

Tier 1: To receive a Tier 1 base award, a state must assure that it **has implemented or will implement** policies and programs to ensure that violent offenders serve a substantial portion of the sentences imposed, that punishment is sufficiently severe, and that the prison time served is appropriate to the crime and to protect the public.

Tier 2: A state that receives Tier 1 funds is eligible to receive additional funds allocated on the basis of Part 1 violent crime data if the state demonstrates that since 1993 the state has increased: the percent of violent crime arrestees sentenced to prison, the average prison time served, or the percent of sentence served.

Tier 3: A state that qualifies for Tier 1 funds is eligible to receive 3 percent of the Tier 3 funds, plus a portion of the balance on the basis of its Part 1 violent crimes if it demonstrates that the state has increased: the percent of violent crime arrestees sentenced to prison and the percent of sentences served since 1993, or has increased new court commitments by 10 percent in the last 3 years.

Truth-in-Sentencing Incentive Program: A state is eligible for TIS funds allocated on the basis of Part 1 violent crimes if it demonstrates one of the following:

- 1) It has implemented truth-in-sentencing laws that require persons convicted of a Part 1 violent crime to serve not less than 85 percent of the sentence imposed.
- 2) It has implemented truth-in-sentencing laws that result in persons convicted of Part 1 violent crime serving **on average** not less than 85 percent of the sentence imposed.
- 3) It has enacted truth-in-sentencing laws that will be implemented **within the next 3 years**, to provide that persons convicted of a Part 1 violent crime serve not less than 85 percent of the sentence imposed.
- 4) It practices indeterminate sentencing with regard to any Part 1 violent crime and persons convicted of a violent crime **on average** serve not less than 85 percent of the prison term established under the **sentencing and release guidelines**.

Prison Grants: Violent Offender Incarceration and Truth-In-Sentencing Program continued

- 5) It practices indeterminate sentencing and persons convicted of a Part 1 violent crime **on average** serve not less than 85 percent of the **maximum** prison term imposed by the court.

New in FY 1999, states may use up to 10 percent of the funds provided through the VOI/TIS Program for the cost of offender drug testing and intervention programs during periods of incarceration, and post-incarceration criminal justice supervision. The funds may also be used by the states to pay the costs of providing a report to the Attorney General on their prison drug abuse problem.

ELIGIBILITY

States and states organized as regional compacts may apply for **formula grant funds**. State means a state of the United States, and the District of Columbia, Puerto Rico, U.S. Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands. States may make subawards of up to 15 % of their allocation to units of local government.

GRANT PROGRAM INFORMATION

The National Institute of Justice (NIJ) is the primary federal sponsor of research in crime and criminal justice and of national program evaluations. The NIJ FY 1999 appropriation includes a Congressional recommendation that increased amounts be made available for the use of telemedicine to provide health care for the prison inmate population. Congress has directed that two pilot programs be developed in conjunction with the Bureau of Prisons and the National Institute of Corrections in South Carolina and in Eastern Kentucky. In addition, under the new FY 1999 Safe Schools Initiative, Congress has designated that \$10 million of NIJ's FY 1999 funding be made available to develop new, more effective school safety technologies.

Congress has recommended that NIJ review proposals and provide a grant if warranted:

- to disseminate the results of the study of the health care status of prison inmates;
- \$1.5 million for information technology applications for High Intensity Drug Trafficking Areas;
- \$1.5 million for a pilot program with a Department of Criminal Justice Training and a College of Criminal Justice to evaluate how advanced computer-based interactive training systems can enhance training for state and local law enforcement officers; and
- to study and develop perfluorocarbon technology.

In addition, Congress specifically provides \$5.2 million under the Violence Against Women Grants program for NIJ research and evaluation on the causes and impact of domestic violence.

National Institute of Justice Grants continued

An important element of NIJ's mission is the development and application of new technologies to enhance the capabilities and effectiveness of law enforcement and criminal justice agencies nationwide. In FY 1999, Congress provides \$5 million to NIJ for a DNA Technology Research and Development program. Through the Local Law Enforcement Block Grant, Congress provides \$20 million to NIJ to assist units of local government to identify, select, develop, modernize, and purchase new technologies for use by law enforcement.

Also, through the FY 1999 Defense/Law Enforcement Technology Transfer, Congress specifically provides \$10.27 million to assist NIJ in its efforts to adopt technologies for law enforcement purposes. Of this amount, \$7.47 million is designated for continuation of the law enforcement technology center network, and \$2.8 million is provided to continue the technology commercialization initiative at the National Technology Transfer Center.

NIJ offers two types of solicitations for its research and evaluation programs: open solicitations and directed solicitations. Twice a year, in June and December, NIJ reviews research proposals for investigator-initiated projects. Potential applicants should contact NIJ (202/307-2942) to discuss funding ideas for projects to be considered under the open solicitations. NIJ also issues special, directed solicitations that call for research proposals on specific topics. To be placed on the mailing list to receive solicitations when they are available, call the Department of Justice Response Center at 1-800/421-6770, or visit the World Wide Web Justice Information Center at <http://www.ncjrs.org>. The Office of Justice Programs (OJP) administers this **discretionary** technical assistance, training, and demonstration program to promote the safe and effective management of sex offenders in the community. In FY 1999, under the \$282.75 million Violence Against Women Act appropriation, Congress appropriated \$5 million to assist probation and parole officers and promote collaboration among criminal justice personnel who work directly with released sex offenders. In addition, the program involves victim advocacy organizations in the development of policies guiding probation and parole agencies' management of sex offenders.

In FY 1997 and FY 1998, OJP funded the Center which: (1) provides current and practical information to the field; (2) maintains liaison and support for mentor sites around the country, which serve as innovative models for other jurisdictions; (3) provides intensive training programs for probation/parole professionals and/or teams of criminal justice professionals; and (4) delivers targeted technical assistance to interested jurisdictions.

This year, funds will also be provided to state/local jurisdictions for demonstration grants to build local capacity to promote public safety through the effective management of sex offenders in the community. In addition, planning implementation, and enhancement grants will be awarded to jurisdictions to implement comprehensive, collaborative approaches to managing sex offenders in the community.

APPLICATIONS AND AWARDS

In FY 1999, OJP will fund the current grant recipient to continue Center activities. OJP is developing a program plan for the grants.

FY 1998 FUNDING:	\$12
FY 1999 FUNDING:	\$23 MILLION

GRANT PROGRAM INFORMATION

In FY 1999, of the \$206.75 million Congress appropriated for STOP grants to combat violence against women, \$23 million is specifically designated for civil legal assistance programs for victims of domestic violence. The OJP Violence Against Women Grants Office (VAWGO) will administer this **discretionary** grant program.

Projects funded under this program must primarily serve women victims of domestic violence. In addition, VAWGO encourages applicants to develop programs that reach diverse and traditionally underserved populations, including racial, cultural, or ethnic minorities, the disabled, or domestic violence victims in rural or inner-city areas. Funds may be used to support or provide direct legal services on behalf of victims of domestic violence in civil matters directly related to the domestic violence, including cases to obtain, modify or enforce civil protection orders; divorce or legal separation; spousal and child support; child custody and/or visitation; matters related to employment; administrative matters such as access to benefits; and housing and/or landlord-tenant matters.

In FY 1999, VAWGO will fund projects responding to the unmet civil legal needs of domestic violence victims within these special interest categories that establish or strengthen:

- law school clinical programs that provide direct legal representation to domestic violence victims in civil cases.
- direct legal services programs to make a broad range of civil legal assistance readily available to domestic violence victims.
- legal advocacy programs operated out of or under the direct auspices of domestic violence victim advocacy organizations and shelters.

Civil Legal Assistance Programs for Victims of Domestic Violence continued

- collaborative efforts between domestic violence victim advocacy organizations and local agencies (such as police, prosecutors, or courts), local services or businesses (such as public housing agencies, hospitals, community and other health clinics, public schools, and public libraries) to provide on-site legal advocacy and/or legal assistance information in places battered women are likely to access.
- programs to recruit, train, and coordinate attorneys who will provide *pro bono* civil legal assistance to domestic violence victims.

Grant funds may *not* be used for certain activities, including civil legal assistance for: alleged batterers or, in the case of mutual arrest, for the primary aggressor; any individual in obtaining citizenship or permanent or temporary residency; or law reform initiatives, including litigation.

ELIGIBILITY

Non-profit organizations, either public or private, and state law school legal clinics assisting domestic violence victims will be eligible to receive funds through this program. Applicants that are not domestic violence victim advocacy organizations are strongly encouraged to collaborate with non-profit, non-governmental domestic violence victim advocacy programs.
