ABSTRACT

This guide was developed as part of a 4-year federally funded project designed to provide services to infants, toddlers, children, and youth with deaf-blindness in Kansas. The project included a pilot project on student portfolio development that documents longitudinally student accomplishments, needed adaptations, modifications, and accommodations, including transition to the next environment or postsecondary environments. The manual begins by describing a student portfolio as a collection of work that demonstrates the abilities, skills, and preferences of a student who is deaf-blind. Questions that students and team members should use in developing a portfolio system are presented, along with information on how to develop a student portfolio. The next three sections of the manual represent the major categories of a student's portfolio: student demographics, academic achievements, and life skills. Each section contains a list of suggested forms or products for describing the student within that particular area. Completed samples of many forms follow each list. Appendix A contains blank copies of all sample forms which can be copied and used for developing student portfolios. (CR)

INTRODUCTION:

discovering the student as a person

A Student Portfolio is a collection of work that demonstrates the abilities, skills, and preferences of a student who is deaf-blind. It may contain actual samples of the student's work, videotapes demonstrating the student's abilities, and interviews with the student, his parents, and teachers. Essentially, it is an educational resume documenting the growth of a student who receives special education support. Although used primarily with students who have dual sensory losses, portfolios can also be used with students who have other disabilities.

The primary purpose of a Student Portfolio is to share information about an individual who is moving from one setting to another; for example, from one grade to another, from high school to college, or from living with parents to living in a supported or independent environment. As such, a portfolio can be used as a tool within both the education and transition planning process. In addition, a Student Portfolio can serve as another piece of an individual's overall assessment profile. For example, a portfolio can be used to represent a student's present level of

performance within a three-year profile.

DEVELOPMENT ISSUES

The development of a Student Portfolio requires thoughtful planning, organization, and documentation. Both the student and at least one member of the student's educational team should participate in this process. To ensure the development of a useful portfolio, students and team members should begin by answering the following questions:

1. How will the portfolio be used?

Portfolios are generally used in one of three ways. They can be used as a means to 1) supplement traditional assessment methods, 2) facilitate educational planning, and 3) ease transition from one environment

to another. The first question team members must answer is which of these outcomes they wish the portfolio to achieve. The answer to this question will vary from student to student. It will also determine the actual shape and content of the portfolio.

2. How will information be selected for the portfolio?

Typically, Student Portfolios contain three basic types of information: 1) information that describes who the student is as a person (individual demographics), 2) information that describes the student as a learner (academic achievements), and 3) information that describes the skills a student has acquired for functioning within the community (life skills). Examples of forms and documents that can be used to describe the student in each of these areas are found in Sections 2, 3, and 4 of this manual (pages 5-69). Depending upon the intended purpose of the portfolio, the student and participating team members jointly select three or four items from each area that they believe will best describe the student within each area.

Identifying the intended audience is important so pertinent

information about the student can be included and the outcome achieved.

3. Who will use the portfolio?

The answer to this question depends upon the intended purpose of the portfolio. For example, if the intended purpose is to facilitate the student's transition to the next grade in school, the audience may be the student's upcoming teacher or educational staff. On the other hand, if the intended purpose is to show a potential employer what the student can do, the audience may be a local businessman or community service provider. Identifying the intended audience is important so pertinent information about the student can be included and the outcome achieved.

4. How will students be involved in developing the portfolio?

Students should be actively involved in developing their portfolios! They should help decide exactly which items will be included, how their achievements will be documented (e.g., via videotapes, audio tapes, or written examples), and which items should be removed from the portfolio. If students are unable to speak for themselves, their family members should participate on their behalf. To facilitate parent involvement, a

student's communication books, remnant books, homework assignments, work samples, or experience stories need to be collected throughout the year and shared during quarterly progress reviews or traditional parent-teacher conferences.

5. When should the portfolio be developed and how often should it be reviewed?

Portfolios can be developed at any point in a student's educational career. They are, however, especially helpful when a student is transitioning from one setting to another (e.g., from junior high to high school; from high school to a job). Therefore, they should be reviewed and updated on a regular basis (at least once a

semester) to ensure that they accurately reflect the student's current hopes, abilities, and achievements. A regularly scheduled review helps the student, her parents, teachers, and employers identify instructional needs, observe progress toward meeting instructional goals, and provides a visual picture of what strategies, modifications, and techniques worked best for her. Periodic reviews also help team members decide if the right pieces of information are included in the portfolio. Finally, periodic reviews allow the student's team members to evaluate whether the outcome identified in the beginning of the portfolio's design is being reached through the selected media.

**The development of a Student Portfolio requires thoughtful planning,
organization, and documentation.**

6. How will information be contained in the portfolio?

Portfolio information can be contained in a number of ways, including a combination of notebooks, accordion file folders, artist portfolio cases, and miniature file containers with dividers. Team members should be aware of the space required by larger forms of media (e.g., videotapes) so the portfolio does not become too cumbersome. Each item in the portfolio must be securely labeled and dated.

7. How is the information organized within the portfolio?

Portfolios may include samples of the student's work for one to three years. These samples can be organized by content area (i.e., demographics, academic achievements, and life skills), IEP goals and objectives, or calendar months. Each piece of information should be securely labeled and dated. Information included in the portfolio should portray the student's strengths, gifts, challenges, and future visions through the selected illustrations, products, and projects. For all students, portfolios should contain

descriptions of how the student best performs, such as his learning styles and adaptations needed for him to participate in an activity.

categories of a student's portfolio: Student Demographics, Academic Achievements, and Life Skills. Each section contains a list of suggested forms or products for describing the student within that particular area.* Completed samples of many forms follow

THE REST OF THIS MANUAL

The next three sections of this manual represent the major

HOW TO DEVELOP A STUDENT PORTFOLIO

1. Review and answer the developmental issues discussed in this chapter (pages 1-3).
2. Select three or four forms/items from each of the following areas: Student Demographics, Academic Achievements, and Life Skills (pages 5-69). Selection of items should be based upon the intended purpose of the portfolio and student preferences. (Materials describing the student's life skills are optional until the student reaches the age of 14.)
3. For each item selected, determine how the achievement or skill will be documented. For example, will the student's ability to communicate via tactile ASL be demonstrated in a videotape or described in a written document?
4. Plan how to obtain each item or document each skill. Documentation that requires videotaping the student or interviewing parents and staff involve more planning than simply collecting papers from the student's teacher. The results, however, may be well worth while.
5. Prior to including any document, consult your school or agency's policy regarding confidentiality. Make sure that no forms or items are included that will violate student or parent confidentiality.
6. Give the completed portfolio to the intended user! Briefly explain the document, how to use it, and when you will collect it.
7. Finally, review (and update) the portfolio at least once a semester.

** Please note that the forms contained in this manual are merely suggestions for how to document a student's abilities, skills, and preferences. Team members should feel free to adapt these forms, develop new forms, or obtain different ones from their colleagues.*

Students should help decide exactly which items will be included

in their portfolios, how their achievements will be documented, and which items should be removed from the portfolio.

each list. Finally, Appendix A contains blank copies of all sample forms. Blank forms may be copied and used for developing Student Portfolios.

STUDENT DEMOGRAPHICS:

a summary of hopes, dreams, aspirations

Student demographics refers to information that describes the student as an individual. It includes critical information about the student's medical background, communication skills, personal hopes, dreams, and aspirations. A variety of documents can be used to describe an individual in such terms. The box to the right contains a list of some of these documents. The student and participating team members should select three or four of these items based on which items they believe will provide the clearest description of the student. Details may be provided by the student, peers, parents, and teachers. Samples of many forms can be found immediately following the list.

Team members must realize that critical demographic information may be obtained from reports in the student's confidential file. This means that team members must consult with their agency's policy on confidentiality before including any information in a student's portfolio.

SELECT THREE OR FOUR OF THE FOLLOWING ITEMS

- Demographic information from teachers, employers, or support staff members (Sample A, *Student Demographic Data*)
- A report about the student's learning style from his teacher (Sample B, *Preferred Learning Styles and Multiple Intelligences*)
- A Summary Map of information collected from a MAPS session (Sample C, *McGill Action Planning System*)
- A cover created by the student that illustrates how the student sees herself or how she believes others see her (Sample D, *Who Am I?*)
- A summary from the student's last year teacher (Sample E, *Summary of Learning Experiences Form*)
- A letter written by the student about himself for a future teacher, or a letter written about the student by his friend (Sample F, *Letter to the Teacher for Next Year*)
- A self portrait or photograph
- A student survey (Sample G, *Student Preference/Choice Survey*)
- A parent survey (Sample H, *My Child as A Learner*)
- A Background Map from the student's Personal Futures Planning Session (Sample I, *Background Map for Jenni*)
- A communication summary form completed by the speech pathologist (Sample J, *Communication Summary Form*)
- A description of each adaptation currently used by the student
- A description of each adaptation that was unsuccessful
- A description of interpreters (if applicable)
- Samples of handwriting, braille, a videotape of the student using manual sign communication system, augmentative system, home signs, tactile signs, touch cues, or object cues
- A description or photograph of the student's anticipation calendar or day timer (e.g., the student's daily schedule)
- A listing of signed vocabulary or videotapes of the student signing with his peers
- A map of the student's receptive and expressive communication systems that list form, function, content, context, and response

Student Demographic Data

A. Identifying Information

Complete this section by reviewing the student's records or interviewing the student's parent(s).

Date last revised: 10/1/95

SAMPLE B

Preferred Learning Styles/ Multiple Intelligences

The following describe seven different styles of intelligences or orientations to learning that may be helpful in describing a student's particular learning style. Team members knowledgeable about the student, as well as the parents, can identify the student's preferred style by considering each of the following characteristics. Check each style that seems to be strong for this student. Describe how the student demonstrates these strengths in the spaces provided.

Student's name: Emily R. Date: 9/1/95

Name(s) of person completing form: Sue K., Alan R.

LEARNING STYLES AND INTELLIGENCES

POSSIBLE CHARACTERISTICS

1. Verbal and Linguistic

Thinks in words; learns by listening, reading and verbalizing; benefits from discussion; enjoys writing; enjoys braille; likes word games; likes books, records, tapes; remembers verse, lyrics, trivia; enjoys libraries.

Demonstrates this by:

2. Logical and Mathematical

Thinks conceptually; reasons things out; looks for abstract patterns; enjoys computing; does arithmetic problems in head; likes brain teasers, logical puzzles, and strategy games; uses abacus; likes to use computers; likes large display calculators with voice output; likes to experiment; enjoys science kits; likes to classify and categorize.

Demonstrates this by:

3. Visual and Spatial

Thinks in images and pictures; likes raised mazes and jigsaw puzzles; likes thermograms; likes to draw and design things; likes to build models; likes slides, films, videos, raised diagrams, tactile maps and charts; enjoys art museums, architecture, and planetariums.

Demonstrates this by:

Very "intune" to visual details in pictures; exceptional at working puzzles. Loves to draw, paint, and color.

(Continued on the back)

Preferred Learning Styles/ Multiple Intelligences

(continued)

LEARNING STYLES AND INTELLIGENCES

POSSIBLE CHARACTERISTICS

4. Musical and Rhythmic

Thinks in tones; learns through rhythm, vibrations, and melodies; plays a musical instrument; sounds are enhanced by auditory trainer or hearing aids; remembers melodies; may need music to study; notices nonverbal sounds; learns things more easily if sung, tapped out, or whistled.

Demonstrates this by:

5. Bodily and Kinesthetic

Processes knowledge through bodily sensations and tactile tracking; communicates through gestures or sign language systems; fidgets while sitting in a chair; learns by manipulating; likes role playing, creative movement, and physical activity.

Demonstrates this by:

Learns best by using manipulatives in math. Enjoys "hands-on" activities. Will choose dramatic play over any other center. Enjoys wrestling, rough housing, and vestibular activities.

6. Interpersonal

Understands and cares about people; has many friends; likes to socialize; learns by relating and cooperating; plays group games; good at teaching other children; is a club or committee member and a socializer.

Demonstrates this by:

7. Intrapersonal

Displays independence; likes to be alone; self-motivating; likes self-paced, individualized projects; needs own space; likes solitude; enjoys books about heroes; enjoys long and quiet walks.

Demonstrates this by:

Prefers independent or small group play. Won't participate in large groups. Plays by herself or with her sister at home. INDEPENDENT!

Adapted from: Christopher-Gorden Publishers. (1994). Preferred learning styles/multiple intelligences. *Practical aspects of authentic assessment*. Norwood, MA: Author.

SAMPLE C

McGill Action Planning System

Description:

The McGill Action Planning System (MAPs) was developed in 1989 by Marcia Forrest and Evelyn Lusthaus as a planning tool for designing educational programs that focus on family and student preferences. The planning activity involves the student, family members, nondisabled peers, staff, and could involve others who are interested in the student such as clergy, neighbors, club leaders, and extended family members.

The MAPs process requires a skilled facilitator to guide the group in answering the following questions:

- Who is the student?
- What is the dream for this student?
- What is the nightmare?
- What are the student's strengths and preferences?
- What are the student's needs?
- What educational plans should be made for the year to achieve the dream and avoid the nightmare?

(Continued on back side)

Summary of Maps for

Michael Jones

Date created: 11/29/94

Names of people who participated in the creation of the maps and their relationship to the student:

Cheryl Jones, mom

Tom Smith, neighbor

Mr. Franks, art

SAMPLE D

Who Am I?

Hi, my name is Sarah Smith and
this is my portfolio for 1st grade.

THIS IS WHAT I WOULD LIKE FOR YOU TO KNOW ABOUT ME:

My favorite things to do at school are:

Play with friends. Work on computer.
Art projects with bright colors.

My favorite things to do at home are:

Play with my dog. Hold my baby brother.
Listen to books on tape.

I am best at doing these things:

Computer games on color monitor with large print.
Painting with tempera paint.

I still need help with:

Learning new signs so I can talk to my friends. Using my
wheelchair to get to recess. Typing my name on a
computer.

The best way for me to talk with others is to:

Using sign language or large pictures.

The best way for me to get around from place to place is:

To use my walker for short trips and wheelchair for long trips.
I like my wheelchair when I am in open areas, like recess.

My favorite piece included in my portfolio is:

The picture I painted of my dog, Shasta. The paper that
I typed with my name and my brother's name.

Summary of Learning Experiences Form

READING	Has mastered 5 new words on his communication system. Can identify both his first and last name.
----------------	--

LANGUAGE ARTS	Participates in language arts groups & has learned to activate a tape recorder to play a story. Also made puppets for spring play.
----------------------	--

ART	Has participated in a wide variety of arts projects in cooperative activities this year. Especially enjoys clay and paint activities.
------------	---

MUSIC	Enjoys all aspects of music and participates enthusiastically. Likes instruments that make loud noises & vibrate a lot such as a drum.
--------------	--

WORK HABITS	Is a hard worker and enjoys school. Needs an occasional reminder to stay on task and complete activities.
--------------------	---

Jim Smith <small>NAME</small>
2nd <small>GRADE</small>
1993-94 <small>SCHOOL YEAR</small>
A. Sanchez <small>TEACHER</small>
Lincoln Elem. <small>SCHOOL</small>
Topeka, KS <small>CITY, STATE</small>

SCIENCE	Has made great improvement in science. Is no longer fearful of animals and insects. Partially participates in group science activities.
----------------	---

VISION	Responds best to high contrast materials. A large font has been used on computer when he plays name recog. games.
---------------	---

HEARING	This has been a tough year for Jim. A continual dose of antibiotics has helped his ear infections. He has not worn his hearing aids very much.
----------------	--

EXTRA CURRICULAR	Joined Cub Scout den and participates with help from friends. His mother no longer attends with him.
-------------------------	--

P.E./MOTOR	Attended P.E. once a week and saw either PT, OT, or O&M specialist weekly. These therapies now integrated in his schedule.
-------------------	--

Adapted from: Herbert, E. A. (1992). Portfolios invite reflection from students and staff. *Educational Leadership*, 49 (8), 57-61.

Letter to the Teacher Next Year

This letter includes information that the student wants her teacher for next year to know about her. It should include topics, such as:

- favorite subjects, projects, and activities;
- information about herself as a learner, including her talents and struggles; and
- information about herself as a person, including her interests outside of school.

It may be written by the student, a friend who knows the student well, or the student's parents.

Example of a letter written for a student by her friend

Hi, I am writing this letter to introduce you to my friend, Sue. She will be in the 8th grade next year. Sue has trouble writing or typing, so I am helping her.

Sue's favorite things about school are meeting boys, going to science class, and watching basketball games. She's really good at art, too. In 7th grade, I'm pretty sure that her favorite class was art. She always smiles when I push her wheelchair in the room. She likes to feel the clay and to paint. The 7th grade art teacher always lets Sue pass out supplies. Sue likes classes that have lots of activities she can feel and do, but not too much sitting and listening. That's hard for her to do.

Sue does not like it when kids make fun of how she walks. She still is learning a lot of things that other 7th graders already know, like how to use a computer, how to open her locker, and how to put money in the pop machine. She doesn't see or hear very well, so she needs extra help with almost everything.

When Sue and I go over to her house, we mostly listen to cd's or play one of her video games. She lives out in the country which is really cool cause she has lots of animals, too. Sometimes her dad lets her ride on a tractor and then you should see her smile!

If Sue could talk better, I think she would tell you that she is excited about being in the 8th grade.

			m. Signs	<u>X</u>	___

Other:

2. How does the student generally indicate preference/choices when given the choice between two or more activities or foods?

Signs for the one she wants.

3. What types of choices is the student comfortable making?

activities after school
eating lunch

activities in school
books in library

mode of travel
computer games

4. What types of choices is the student uncomfortable making?

5. What are the activities the student best likes to participate in during school?
 (These can be either academic or recreational activities.)

Reading
Computer

Science
Math

music
Girl Scouts

(Continued on the next page)

Student Preference/Choice Survey

6. What are the least favorite activities the student does not like to participate in during school? (These can be either academic or recreational activities.)

P.E. Social Studies Spelling
Roller skating field trips

7. Does the student have preferences (regardless of need) for:

<input type="checkbox"/> speech therapy	<input type="checkbox"/> orientation and mobility
<input type="checkbox"/> occupational therapy	<input type="checkbox"/> transportation
<input type="checkbox"/> diet	<input type="checkbox"/> positioning
<input type="checkbox"/> medical services	<input type="checkbox"/> physical therapy
<input type="checkbox"/> audiology	<input type="checkbox"/> counseling services
<input type="checkbox"/> audiology	<input checked="" type="checkbox"/> other: <u>low vision</u> (specify)

8. What time of day does the student prefer to be active?

Morning

9. What time of day does the student prefer to relax?

Afternoon

10. Who does the student prefer to participate with in academic activities (staff, other students, friends)?

Mr. Helm, her interpreter ; Mrs. Voight, her vision teacher ;
her twin brother

11. General student preference(s) regarding TEMPERATURE:

hot
 cold
 warm

12. General student preference(s) regarding TASTE:

sweet
 sour
 spicy
 bland

13. General student preference(s) regarding LIGHTS (please specify):

bright
 dark
 dull (computer)
 natural light (reading)
 artificial light

(continued on the next page)

Student Preference/Choice Survey

14. General student preference(s) regarding POSITIONING:

- | | |
|---|--|
| <input type="checkbox"/> sidelying | <input type="checkbox"/> prone |
| <input type="checkbox"/> supine | <input checked="" type="checkbox"/> standing |
| <input checked="" type="checkbox"/> sitting | <input type="checkbox"/> supported kneeling |

Favorite positions to participate in activities (please list):

Sits at desk or on floor in a group.

Favorite positions for sleeping (please list):

Stomach

Adaptive devices to obtain favorite position (please list):

NA

15. General student preference(s) regarding MOBILITY:

- | | |
|---|---|
| <input type="checkbox"/> crawling | <input checked="" type="checkbox"/> walking |
| <input type="checkbox"/> walker | <input type="checkbox"/> crutches |
| <input type="checkbox"/> wheelchair | <input type="checkbox"/> travel chair |
| <input checked="" type="checkbox"/> cane | <input type="checkbox"/> dog guide |
| <input checked="" type="checkbox"/> sighted guide | |

16. General student preference(s) regarding SOUND:

- | |
|---|
| <input type="checkbox"/> loud |
| <input type="checkbox"/> soft |
| <input checked="" type="checkbox"/> steady state noise (e.g., fans or vacuum cleaner) |

17. General student preference(s) regarding TEXTURES of MATERIALS:

- | | |
|--|--|
| <input type="checkbox"/> rough | <input checked="" type="checkbox"/> smooth |
| <input checked="" type="checkbox"/> hard | <input type="checkbox"/> soft |
| <input type="checkbox"/> squishy | |

18. General student preference(s) regarding TEXTURES of FOOD:

- | | |
|----------------------------------|---|
| <input type="checkbox"/> pureed | <input checked="" type="checkbox"/> semi-soft |
| <input type="checkbox"/> crunchy | <input type="checkbox"/> solid |
| <input type="checkbox"/> chewy | <input checked="" type="checkbox"/> smooth |

Please list favorite foods:

Regular food. Pizza, cheeseburgers, malts, yogurt, fries.

19. General student preference(s) regarding DRINKS:

- | | |
|--|--|
| <input type="checkbox"/> thick in consistency | <input type="checkbox"/> thin in consistency |
| <input checked="" type="checkbox"/> carbonated | <input type="checkbox"/> noncarbonated |

Please list favorite drinks:

Coke

(continued on the next page)

Student Preference/Choice Survey

20. General student preference(s) regarding the ENVIRONMENT:

- | | |
|--|---|
| <input checked="" type="checkbox"/> outdoors | <input type="checkbox"/> indoors |
| <input type="checkbox"/> wet | <input checked="" type="checkbox"/> dry |
| <input checked="" type="checkbox"/> airy | <input checked="" type="checkbox"/> sunny |

21. General student preference regarding MEDIA:

- | | |
|--|----------------------------------|
| <input type="checkbox"/> colorful | <input type="checkbox"/> black |
| <input type="checkbox"/> white | <input type="checkbox"/> neutral |
| <input checked="" type="checkbox"/> raised and high contrast | |

Favorite colors (please list):

Black on white
Black on yellow

22. General student preference(s) regarding EXPRESSIVE COMMUNICATION:

- | | |
|--|---|
| <input type="checkbox"/> verbalizes | <input checked="" type="checkbox"/> vocalizes |
| <input checked="" type="checkbox"/> signs (specify type) ASL | <input checked="" type="checkbox"/> gestures |
| <input checked="" type="checkbox"/> computer | <input type="checkbox"/> communication board |
| <input checked="" type="checkbox"/> anticipation calendar | <input type="checkbox"/> other (please specify) |

23. General student preference(s) regarding RECEPTIVE COMMUNICATION:

- | | |
|--|---|
| <input type="checkbox"/> verbalizes | <input type="checkbox"/> vocalizes |
| <input type="checkbox"/> gestures | <input type="checkbox"/> computer |
| <input type="checkbox"/> communication board | <input checked="" type="checkbox"/> signs (please specify type) ASL |
| <input type="checkbox"/> anticipation calendar | <input checked="" type="checkbox"/> other (please specify) large pictures |

24. General student preference(s) regarding MUSIC:

- | | |
|---|--------------------------------------|
| <input checked="" type="checkbox"/> hard rock | <input type="checkbox"/> classical |
| <input type="checkbox"/> rhythm & blues | <input type="checkbox"/> rock & roll |
| <input type="checkbox"/> jazz | <input type="checkbox"/> folk rock |
| <input type="checkbox"/> pop | <input type="checkbox"/> country |
| <input checked="" type="checkbox"/> rap (mostly vibrations) | <input type="checkbox"/> folk music |

Please list favorite songs:

Sweet Child of Mine by Axel Rose ; Snoop Doggy Dog

Please list favorite instruments:

Drums

(continued on the next page)

Student Preference/Choice Survey

25. General student preference(s) regarding TV SHOWS:

- | | |
|---|---|
| <input type="checkbox"/> cartoons | <input type="checkbox"/> family |
| <input type="checkbox"/> police and detective | <input type="checkbox"/> medical |
| <input type="checkbox"/> news | <input type="checkbox"/> comedies |
| <input type="checkbox"/> talk | <input checked="" type="checkbox"/> game |
| <input type="checkbox"/> soap operas | <input checked="" type="checkbox"/> computer game |

Please list favorite TV shows: Jeopardy ; Wheel of Fortune

Please list favorite computer games: Likes the Internet with magnified screen, glare shield, and brailled key board.

26. General student preference(s) regarding INVOLVEMENT (please specify):

- activities of fast pace morning
 activities of moderate pace
 activities of slow pace afternoon

27. General student preference regarding ENGAGEMENT:

- highly repetitive activities
 moderately repetitive activities
 nonrepetitive activities

28. General student preference(s) regarding ENVIRONMENTAL ACTIVITIES (please specify):

- lots of action morning
 moderate degree of action
 limited action afternoon

29. General student preference(s) regarding COMPETITION:

- highly competitive situations
 moderately competitive situations
 noncompetitive situations

30. General student preference(s) regarding STRUCTURE:

- highly structured situations
 moderately structured situations
 loosely structured situations

31. General student preference(s) regarding FAMILIARITY:

- unfamiliar or new surroundings
 familiar surroundings

32. General student preference(s) regarding VISUAL STIMULATION (please specify):

- highly visually stimulating environments
 moderately visually stimulating environments
 low visually stimulating environments just need low figure ground, high contrast environments

(continued on the next page)

Student Preference/Choice Survey

33. General student preference(s) regarding AUDITORY STIMULATION (please specify):

- noisy environments *can feel vibrations*
 moderately noisy environments
 quiet environments

34. General student preference(s) regarding PARTICIPATION:

- alone
 with one other person
 with small group
 with large group

35. General student preference(s) regarding ACTIVITY LEVEL (please specify):

- very active *morning*
 moderately active
 relaxed *afternoon*

36. General student preference(s) regarding DEPENDENCY:

- independent
 supervised
 dependent

37. General student preference(s) regarding PEERS/AGE GROUP:

- with age peers
 with persons older
 with persons younger

38. General student preference(s) regarding PEERS/SEX:

- members of same sex
 members of both sexes
 members of the opposite sex

39. General student preference(s) regarding ATTENTION:

- center of attention
 one of the crowd
 seen but not heard
 isolated

My Child as a Learner

Shayne R.
STUDENT'S NAME

10/3/96
DATE

Shiela R. and Michael R.
PARENT(S)

Since you are your child's first and best teacher,
we would like your perception of your child as a learner.
Thank you for your help.

How does your child seem to feel about going to school?

So far, he really seems to enjoy it this year.

What are your goals for your child this year?

To make some friends.
To improve reading skills.
To pay better attention.

What are your child's interests (e.g., art, sports, lessons, and hobbies)?

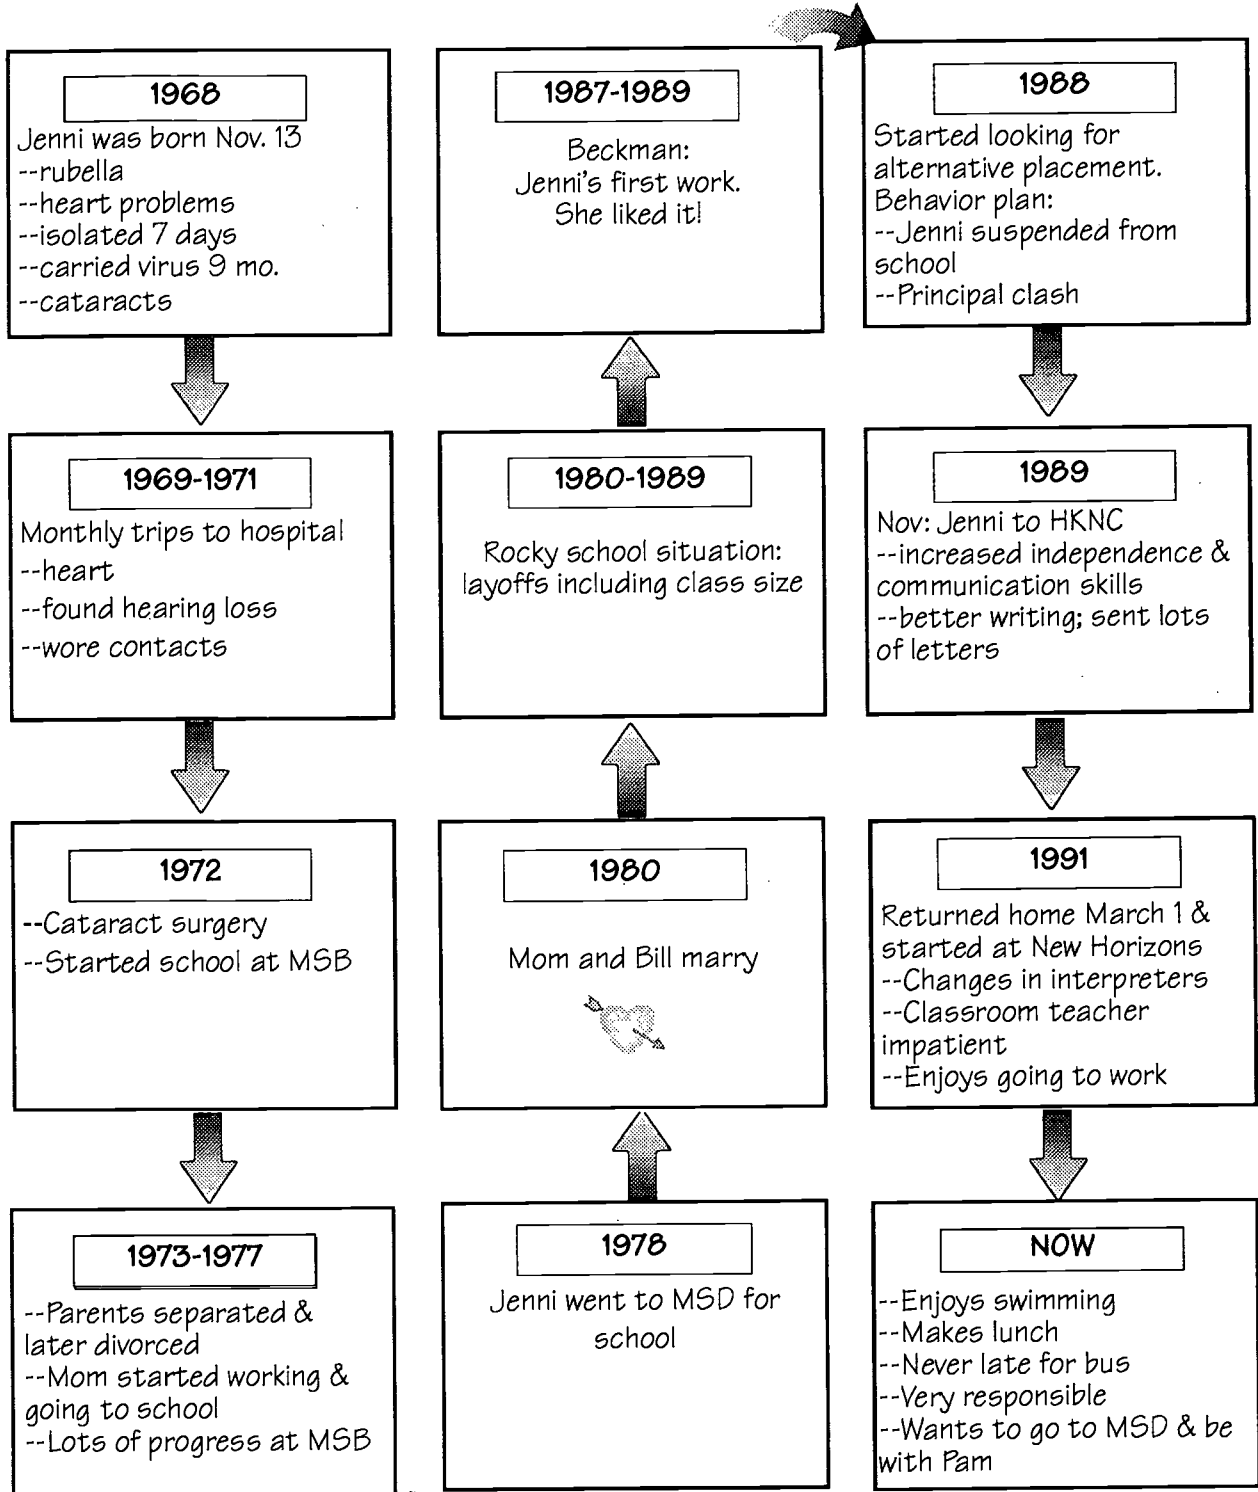

He is on a soccer team.
He likes to play outside, swim, and ride his bike.

What type of activities do you do together as a family?

We go camping quite a lot in the summer. We go to church
and participate in the choir (the children do, too). We
watch Shayne's soccer team play.

ACADEMIC ACHIEVEMENTS:

a profile of scholastic achievements

The term "academic achievements" refers to information that describes the student's accomplishments within the school system and style of learning. Generally, information about academic achievements is based on the classes the student has taken or in which he is currently enrolled (e.g., English, math, science, shop, or art). Within each area, work may be selected according to categories (e.g., "best work," "favorite project," or "most difficult assignment"). Furthermore, items may be examples of either individual work or group work. They may take the form of written descriptions, audio tapes, videotapes, and photographs. Information about the student's style of learning is based upon what modifications are needed for the student to be successful in each setting.

A variety of documents can be used to describe an individual's academic achievements. The box to the right contains a list of some of these documents. The student and participating team members should select three or four items based on which items they believe will provide the clearest description of the student.

SELECT THREE OR FOUR OF THE FOLLOWING ITEMS*

- A summary of student outcomes targeted for instruction (Sample K, *Educational Summary*)
- A copy of the student's daily and weekly schedule
- Journal entries selected by the student, peer, parent, or teacher
- A video or audio tape of the student presenting a book report or book summary project
- A reading log of self-selected books or books on tape completed during the year (Sample L, *Reading Log*)
- Interview notes or anecdotal records from the teacher about the student's participation (Sample M, *Anecdotal Records*)
- A photo, videotape, or written description of group participation in a language arts project
- Written, dictated, or computer-produced samples of a student composition (i.e., a story, letter, poem, or joke)
- Updated progress notes on reading or writing checklists (Sample N, *Writing Checklist*; Sample O, *Reading Checklist*)
- Teacher-made tests on any subject
- Criterion-referenced tests on any subject
- Standardized tests on any subject
- Updated progress reports on science, social studies, math continuums, and IEP goals
- A report from the math teacher and special education teacher on successful teaching strategies for this student
- Photos, videotapes, or written descriptions of the student's use of technology, such as microscopes, computers, and calculators
- Examples of student's math skills in real life applications, such as coin use or calculating grocery bill
- A description of a science experiment or investigation, and the student's level of participation
- Examples of the student's favorite math or science activities

* This list is not meant to be comprehensive; it is a mere sampling of possibilities. Team members should simply use it as a springboard of ideas.

Educational Summary

DIRECTIONS FOR COMPLETING THE EDUCATIONAL SUMMARY:

On the back of this page is a form called the Educational Summary. To complete this summary, use data from parent interviews, parent and student inventories, ecological inventories, and other assessments.

1. "AGE-APPROPRIATE NEED" COLUMN

Is this a skill that would be considered important for a nondisabled, same-age peer to perform? If yes, mark box. If no, leave blank.

2. "PARENT PRIORITY" COLUMN

Is this skill, routine, or activity something considered important by parents? If yes, mark box. If no, leave blank.

3. "SELECTED YEAR" COLUMNS

Indicate which year this activity has been targeted for instruction. If it is a student or parent priority, the activity should be targeted for Year 1. Skills of lower priority may be targeted for Year 2 or 3. Be sure that all activities targeted are age-appropriate.

4. "YEAR 1, 2, & 3 SUMMARY" COLUMNS

At the end of each year, summarize progress on each activity, outcome, or skill.

- If the priority has been accomplished, write "A" (for accomplished) in the appropriate column.
- If progress is being made toward achieving the priority, write "P" (for progress) in the appropriate column.
- If little progress has been made toward achieving the goal, but work will continue, write "C" (for continue) in the appropriate column.
- If the activity has been dropped as a goal, write "D" (for dropped) in the appropriate column.

Use this data to plan future IEP goals.

Anecdotal Records

Directions:

Sometimes, the best way to document how a student is participating in an activity is to simply observe and make notes of what you see. This process is called making anecdotal records. This method of making notes is simple. All it takes is time and good observation skills.

To begin, select an activity that allows the student a great deal of participation in a cooperative group. Note the date and activity on your anecdotal record form (see back of this page). Observe the student and make succinct notes about the observation in the space provided.

Anecdotal records are useful in documenting student behavior, participation, cooperation, and work quality. These records are useful when less descriptive methods of documentation are unable to capture what is needed to learn about a particular student.

SAMPLE M (CONTINUED)

Anecdotal Records

for

Tara A. (group & individual participation)

Date & Activity	9/18/95 Reading Grp.	9/19/95 LUNCH	9/20/95 Reading Grp.	9/21/95 MATH
	Cooperative group. No participation. Tuned out. Peers gave up.	Sat alone. Head on table after lunch.	Tried new approach; changed group to interest grouping. Tara participated when others initiated.	Couldn't grab her attention. Book work not the answer. Try manipulatives.
Date & Activity	9/24/95 MATH (indiv)	9/25/95 LUNCH	9/25/95 Reading	9/26/95 Reading
	Used number line and counting cubes. Tara worked hard for 30 min.!	Sat alone.	Same interest group. Minimal participation. Acts sleepy today.	Same group; new activity → dinosaur books taken from reading list. She asked and answered questions w/ peers.
Date & Activity	10/1/95 LUNCH	10/4/95 MATH Grp.		
	Tara back after illness. Sat with Amy from reading group.	Tara asked to be moved to Amy's group. Did well with addition activity.

6th
GRADE

Ms. Smith
TEACHER

Mary Martin, vision; Pat McKinley, O&M; Alberta Scholtz, hearing
TEAM MEMBERS (IF APPLICABLE)

Dates

9/16			Makes marks other than drawing on paper using a writing guide
			Primarily relies on pictures to convey meaning, such as with raised lines, magnification, or high contrast
9/16			Sometimes labels or adds "words" to pictures
			Tells about own writing using expressive communication system
			Writes or brailles random recognizable letters
9/16			Copies names and familiar words using braille or writing guide
9/16			Uses pictures, print, or braille to convey meaning writing guide
9/16			Prints with upper-case letters using writing guide, lined paper and black felt pen, and/or brailles alphabet
			Takes risks with writing or brailing
9/16			Begins to read own writing or brailing
9/16			Writes or brailles names and favorite words using brailier, writing guide, or lined paper with black felt pen
9/16			Writing or brailing is from top-bottom, left-right, front-back
9/16			May interchange upper- and lower-case letters with writing guide or lined paper with black felt pen
9/16			Begins to use spacing between words with brailing, writing guide, or lined paper with black felt pen
			Begins to write noun-verb phrases using braille, writing guide, or lined paper with black felt pen
			Writes pieces that self and others can read using braille, writing guide, lined paper with black felt pen, or computer

Writing Checklist

Dates

			Begins to write recognizable short sentences using braille, writing guide, lined paper with black felt pen, or computer
			Writes about experiences with some descriptive words using braille, writing guide, lined paper with black felt pen, or computer
9/16			Experiments with capitals and punctuation using braille, <u>writing guide</u> lined paper with black felt pen, or computer
9/16			Forms may letters legibly using <u>writing guide</u> or lined paper with black felt pen
9/16			Spells some words correctly using braille, <u>writing guide</u> , lined paper with black felt pen, or computer
			Begins to revise written work by adding on words and sentences using braille, writing guide, lined paper with black felt pen, or computer
			Writes paragraph with beginning, middle, and end using braille, writing guide, lined paper with black felt pen, or computer
			Reads peers' writing through braille or large print and offers feedback through appropriate expressive communication mode such as augmentative communication board with voice output or sign language
			Edits for punctuation and spelling
			Uses capital letters and periods
9/16			Forms letters with ease using <u>writing guide</u> or lined paper with black felt pen
			Spells many common words correctly using braille, writing guide, lined paper with black felt pen, or computer without spell check
			Begins to write or braille for various purposes
			Begins to organize ideas in logical sequence
			Develops editing and proofreading skills
			Employs strategies to spell difficult words correctly

Writing Checklist

Dates

				Uses complex sentence structure
				Connects paragraphs in logical sequence
				Edits with greater precision (spelling, grammar, punctuation, capitalization)
				Uses literary devices effectively (e.g., dictionary, thesaurus, etc.)
				Integrates information from a variety of sources to increase power of writing
				Uses sophisticated descriptive written language (including brailled)
				Analyzes and evaluates written material in-depth
				Perseveres through complex writing projects using braille, writing guide, lined paper with black felt pen, or computer

Reading Checklist

Margaret Lee
STUDENT'S NAME

5th
GRADE

Mrs. Edna Edger
TEACHER

Paul Pinkley, SLP; Janie Winslow, vision; Kim Albright, interpreter
TEAM MEMBERS (IF APPLICABLE)

Dates

1/22				Holds book, correctly turns pages
1/22				Chooses books and has favorites
1/22				Shows start/end of book
1/22				Listens and responds to literature as it is interpreted or through auditory trainer
1/22				Knows some letter names whether brailled or written in <u>large print</u>
1/22				Interested in print or braille large
1/22				Pretends to read
1/22				Uses illustrations to tell story
1/22				Participates in oral reading of familiar books through <u>sign language</u> or using alternative communication device
				Knows some letter sounds if using auditory trainer
1/22				Recognizes names/words in context using braille, sign language, or alternative communication device
				Memorizes pattern books and familiar words
				Reads books with word patterns using braille, <u>sign language</u> , or augmentative communication device
				Knows most letter sound if using auditory trainer or assistive auditory system
				Retells main idea of text using expressive communication system
1/22				Recognizes simple words that are brailled or <u>printed</u> LARGE

Reading Checklist

Dates

1/22				Reads early-reader books using braille or <u>print with magnification</u>
				Relies on print or braille more than illustrations
				Uses sentence structure clues
				Uses meaning clues
				Retells beginning, middle, and end using sign language or alternative augmentative communication mode
1/22				Recognizes names or words by sight or braille LARGE PRINT
				Understands basic punctuation
				Reads beginning chapter books using braille or large print
1/22				Reads and finishes a variety of materials with frequent guidance
				Retells plot, characters, and events using sign language or alternative augmentative communication mode
				Makes connections between reading, writing, and experiences
				Silent reads for short periods
				Reads medium level chapter books using braille or large print
				Reads and finishes a variety of materials with guidance using braille or large print
				Uses reading strategies appropriately
				Uses reference materials to locate information with guidance in braille or large print
				Reads most young adult literature using braille, large print, or audiotape
				Selects, reads, and finishes a wide variety of materials using braille, large print, or audiotape

Reading Checklist

Dates

				Uses reference materials independently
				Participates in guided literary discussions using sign language or augmentative communication modes
				Reads complex young adult literature using braille, large print, or auditory tape
				Integrates non-fiction information to develop a deeper understanding
				Interprets sophisticated meaning in young adult literature with guidance
				Participates in complex literary discussions using sign language or alternative augmentative communication system
				Voluntarily reads and understands a wide variety of complex and sophisticated materials using braille, large print, or audiotape
				Evaluates, interprets, and analyzes literary elements critically

Adapted from: Christopher-Gorden Publishers. (1994). Reading checklist. *Practical aspects of authentic assessment*. Norwood, MA: Author.

LIFE SKILLS:

on the road to independence

The term "life skills" refers to any skill that a person uses to function as an independent adult within the community. They include skills like grocery shopping, banking, bill paying, housekeeping, cooking, and doing laundry. They also include an individual's job skills, whether typing, clerking, teaching, acting, carpentry, or operating machinery. Information describing a student's life skills does not need to be included in the portfolio until the student reaches the age of 14. However, once the student turns 14, this information should definitely be included and continue to appear (and be updated) until the student turns 21 or graduates.

A variety of documents can be used to describe an individual's life skills. The box to the right contains a list of some of these documents. The student and participating team members should select three or four of these items based on which items they believe will provide the clearest description of the student. Samples of many forms can be found immediately following the list.

SELECT THREE OR FOUR OF THE FOLLOWING ITEMS*

- A list of the student's career goals
- A Futures Map from a Personal Futures Planning session (Sample P, *Visions of the Future Map*)
- A vocational history or a summary of work experiences (Sample Q, *Vocational History*)
- A videotape of the student demonstrating a variety of work activities
- A letter of reference from the student's employer
- The student's resume, updated annually, beginning in middle school (Sample R, *Resume*)
- A summary of assistive technology and adaptive equipment information (Sample S, *Assistive Technology and Adaptive Equipment Summary*)
- A videotape of the student in her home preparing meals, watering plants, and arranging her room
- Discrepancy analyses or environmental assessments (Sample T, *Ecological Inventory*)
- A residential evaluation (Sample U, *An Assessment Instrument for Evaluating Community-based Residential Settings*)
- A vocational evaluation (Sample V, *An Assessment Instrument for Evaluating Employment Programs*)

* This list is not meant to be comprehensive; it is a mere sampling of possibilities. Team members should and simply use it as a springboard of ideas for developing the student portfolio.

Vision of the Future Map

A JOB

Need to explore various jobs/interest areas

- greenhouse
- restaurant--Bill Knapps
- filing, sorting, organizing material (maps, brochures)

-- Social atmosphere!
-- Challenging!

FUN & FRIENDS

- more friends (who can communicate with Jenni?)
- activities with people other than family
- swim team

HOME...in the future...

- apartment or group home with some support
- own room
- people she can communicate with
- respect for choices
- opportunities for growth
- tv with remote control
- swimming pool

Reprinted with permission. M. L. Guisinger (personal communication, May 16, 1996).

Vocational History

NAME OF STUDENT:

Linda Sanchez

Complete this section by reviewing the student's records and interviewing the student's parents, co-workers, employers, or teachers.

Date last revised:

4/30/958/30/95

SUMMARY OF VOCATIONAL EXPERIENCES (E.G., IN-SCHOOL JOBS OR COMMUNITY JOB SITES):

Dates: 1/95 to 4/95Place of employment: Brown's IGAJob title: StockerSupervisor's name: T. SmithHours worked: M-F, 3-5 pmJob duties: Stock produce

Supports or adaptive equipment needed: Job coach, picture schedule detailing steps of job.

Training time required per job duty: on going

Work evaluation (e.g., preferences or assessment of performance): Did not enjoy the grocery store environment. Possibly not enough structure. Performance was good, however.

Dates: 10/94 to 1/95Place of employment: St. Michael's HospitalJob title: Storeroom assist.Supervisor's name: R. BrownHours worked: 1:30-4 pmJob duties: Stocking medical supplies

Supports or adaptive equipment needed: para professional, picture scheduling.

Training time required per job duty: Three months to learn picture scheduling. Para needed in January to monitor behavior only.

Work evaluation (e.g., preferences or assessment of performance): Performance was very good, consistent. Attitude toward work was good. Began to converse with co-workers by end of second week. Successful job experience.

Vocational History

SUMMARY OF VOCATIONAL EXPERIENCES (CONTINUED):

Dates: 5/95 to 8/95 Place of employment: 1st National Bank
 Job title: coin sorter Supervisor's name: N. Greenspan
 Hours worked: Fri-Sat, 7-9am Job duties: sorted coins & bills
 Supports or adaptive equipment needed: Used machine that packaged or rolled coins in appropriate amounts. Needed magnifier to see bill #s. Communicated by black felt pen & cards.
 Training time required per job duty: Initial: 2 wks daily. After 2 wks: intermittent
 Work evaluation (e.g., preferences or assessment of performance): Once sequence was understood, did well. Switched from picture sequence matched with words to word sequence cards only.

Dates: 5/95 to 8/95 Place of employment: Appleton Public Schools
 Job title: Office assistant Supervisor's name: Dr. R. Little
 Hours worked: M-Th, 8am-
NOON Job duties: Data entry
 Supports or adaptive equipment needed: Job coach. Material in large print to enter in computer. Screen enlarger and polarization on computer (white print; black background; glare shield)
 Training time required per job duty: Initially: daily first 2-3 wks, then during breaks for socialization & communication facilitation w/ co-workers.
 Work evaluation (e.g., preferences or assessment of performance): Not enough variety. Worked at a slower pace than supervisors wanted. Did not like the job in the beginning, but once she made a friend, liked the job better. Wanted more variety; data entry fatiguing.

- + Can perform step independently
- Requires a prompt to complete the step, or performs it incorrectly

An Assessment Instrument for Evaluating Community-Based Residential Programs

Student's Name and Grade: Tom MacMillan, 11th

Date: 4/1/96

GENERAL APPEARANCE		
<p><i>Things to consider:</i> Maintenance of house Upkeep of grounds Condition of furniture Attractiveness of decor Residents' preferences reflected in decor</p>	<p><i>Comments:</i> • House is maintained by an agency • 24 hr. maintenance • Tom & his roommate select own paint, carpet, furniture, etc.</p>	<p><i>Rating of General Appearance:</i></p> <p><input type="checkbox"/> Excellent <input checked="" type="checkbox"/> Very Good <input type="checkbox"/> Good <input type="checkbox"/> Fair <input type="checkbox"/> Poor</p>
ATMOSPHERE		
<p><i>Things to consider:</i> Homelike atmosphere Morale of staff Sufficient space for residents and staff at peak times of day Residents' preferences displayed in bedroom and living areas Space for recreation both indoors and outdoors</p>	<p><i>Comments:</i> • 24 hr. supervised staff for initial period, then fades as proficiency & competency increases. • Tom & roommate select own items for their home. • Fenced backyard.</p>	<p><i>Rating of Atmosphere:</i></p> <p><input type="checkbox"/> Excellent <input checked="" type="checkbox"/> Very Good <input type="checkbox"/> Good <input type="checkbox"/> Fair <input type="checkbox"/> Poor</p>
ENVIRONMENTAL ADAPTATIONS		
<p><i>Things to consider:</i> Safe environment; obstacle-free environment Wheelchair accessibility Physical layout of house Adequate lighting; use of colors Alarm system (e.g., vibrating bed) TTY Use of adaptations Available funding for adaptations</p>	<p><i>Comments:</i> • Floor plan is clean & easy to follow. • Adequate entries & exits for emergencies • Home equipped with flashing alarm & can use tact aid to alert for fire, door, phone.</p>	<p><i>Rating of Environmental Adaptations:</i></p> <p><input type="checkbox"/> Excellent <input checked="" type="checkbox"/> Very Good <input type="checkbox"/> Good <input type="checkbox"/> Fair <input type="checkbox"/> Poor</p>

An Assessment Instrument for Evaluating Community-Based Residential Programs

LOCATION								
<p><i>Things to consider:</i></p> <p>Atmosphere of neighborhood; traffic patterns</p> <p>Available nearby resources:</p> <table style="width: 100%; border: none;"> <tr> <td><input type="checkbox"/> stores</td> <td><input type="checkbox"/> parks</td> </tr> <tr> <td><input type="checkbox"/> churches</td> <td><input type="checkbox"/> temples</td> </tr> <tr> <td><input type="checkbox"/> restaurants</td> <td><input type="checkbox"/> bus stops</td> </tr> </table> <p>Community recreation programs</p> <p>Involvement of neighbors</p> <p>Transportation capacity of home</p>	<input type="checkbox"/> stores	<input type="checkbox"/> parks	<input type="checkbox"/> churches	<input type="checkbox"/> temples	<input type="checkbox"/> restaurants	<input type="checkbox"/> bus stops	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • Quiet, residential neighborhood. • 3 blocks from strip mall. • Park w/ tennis courts across street. • Would need to walk 2 blocks to catch bus. 	<p><i>Rating of home's location:</i></p> <p><input type="checkbox"/> Excellent</p> <p><input type="checkbox"/> Very Good</p> <p><input checked="" type="checkbox"/> Good</p> <p><input type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>
<input type="checkbox"/> stores	<input type="checkbox"/> parks							
<input type="checkbox"/> churches	<input type="checkbox"/> temples							
<input type="checkbox"/> restaurants	<input type="checkbox"/> bus stops							
STAFF								
<p><i>Things to consider:</i></p> <p>Number of staff working on weekdays/weekends</p> <p>Ratio of staff to residents</p> <p>Ratio needed by your son or daughter</p> <p>Turn-over rate of staff</p> <p>Average length of time current staff has been working in the program</p> <p>Type of certification (if any) needed by the staff</p> <p>Level of staff experience relative to your son/daughter's needs</p> <p>Frequency of training offered to staff</p> <p>Type of training offered to staff relative to your son/daughter's needs</p> <p>Training resources available to agency relative to your son/daughter's needs</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • High staff turnover. • Good training program and communication training program. • Need at least H.S. degree plus 1-2 yrs. of college. • Can use HKNC Regional Representative for training and resources. • Have an interagency task force for deaf-blind as a resource. • Have local/state AADB Chapter. 	<p><i>Rating of Staff:</i></p> <p><input type="checkbox"/> Excellent</p> <p><input type="checkbox"/> Very Good</p> <p><input checked="" type="checkbox"/> Good</p> <p><input type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>						

An Assessment Instrument for Evaluating Community-Based Residential Programs

PLANNING PROCESS		
<p><i>Things to consider:</i> Planning process is person-centered Level of client involvement Level of parent involvement Access to on-going decision-making process</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • Use PFP in planning process. • High client / parent involvement. 	<p><i>Rating of Planning Process:</i></p> <p><input type="checkbox"/> Excellent <input checked="" type="checkbox"/> Very Good <input type="checkbox"/> Good <input type="checkbox"/> Fair <input type="checkbox"/> Poor</p>
PROGRAM		
<p><i>Things to consider:</i> Evidence of flexibility and creativity in offering diverse activities Examples of recreation/leisure activities from the past several months Comparison of recreation/leisure activities offered with his/her preferences and abilities Access to orientation and mobility instruction Integration of orientation and mobility in most daily activities Residents' participation in the daily functions of the home (e.g., cooking, cleaning, gardening, shopping) Choice-making opportunities are integrated in routines and activities Strategies used in working with behavioral challenges Behavioral programs reflect a sensitivity and respect for residents' preferences and right to make choices</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • Not too creative regarding services; tend to use what is available regardless if it is a preference of Tom's. (mainly the park, gym, and library). • Limited O&M instruction at agency. Has to receive it at school. • Assist. : active home living activities. • Tom and roommate make majority of choices. 	<p><i>Rating of Program:</i></p> <p><input type="checkbox"/> Excellent <input checked="" type="checkbox"/> Very Good <input type="checkbox"/> Good <input type="checkbox"/> Fair <input type="checkbox"/> Poor</p>

An Assessment Instrument for Evaluating Community-Based Residential Programs

COMMUNICATION STRATEGIES		
<p><i>Things to consider:</i></p> <p>How "personal connections" are established</p> <p>Staff rapport with residents</p> <p>Examples of clients making choices and demonstrating preferences</p> <p>Evidence of staff awareness of the different communication styles of each resident</p> <p>Evidence of the staff using a variety of methods of communication (e.g., sign, pictures, objects, gestures)</p> <p>Evidence of clients using a variety of methods of communication (e.g., sign, picture books, objects, gestures, calendar box)</p> <p>Willingness of staff to wait for a resident to communicate, even if it takes a while</p> <p>Integration of communication in all activities</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • Good rapport. • Try to use appropriate communication systems; need more training. • Use variety of communication modes; sign, anticipation calendar, gestures, dry erase board. • Staff will wait for responses by Tom and his roommate. • Limited communication is included in all activities. 	<p><i>Rating of Program:</i></p> <p><input type="checkbox"/> Excellent</p> <p><input type="checkbox"/> Very Good</p> <p><input type="checkbox"/> Good</p> <p><input checked="" type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>
EVALUATION PROCEDURES		
<p><i>Things to consider:</i></p> <p>How the program is evaluated</p> <p>Frequency of evaluations</p> <p>Who evaluates the program</p> <p>Existence of a quality assurance program</p> <p>Availability of evaluation results to parents</p> <p>Follow-through on recommendations</p> <p>Who funds the program</p> <p>How donations are made; how they are spent</p> <p>What, if any, were the conditions for this funding</p> <p>Written contract for the program</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • Evaluated by agency inter & external evaluations and SRS. • Results available upon request. • Private, nonprofit. Matching funds. The rest are obtained through fund raising and Medicaid waivers. 	<p><i>Rating of Evaluation Procedures</i></p> <p><input type="checkbox"/> Excellent</p> <p><input type="checkbox"/> Very Good</p> <p><input type="checkbox"/> Good</p> <p><input type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>

An Assessment Instrument for Evaluating Community-Based Residential Programs

MEDICAL/SUPPORT SERVICES		
<p><i>Things to consider:</i></p> <p>Frequency and extent of medical services required by your son/daughter</p> <p>Availability and accessibility of:</p> <ul style="list-style-type: none"> ■ medical services needed ■ adequate dental care ■ physical therapy ■ psychological counseling <p>Staff capability of providing followup (e.g., therapy, seizure monitoring, extensive medications)</p> <p>How medications are monitored</p> <p>Agency policy on infection control</p> <p>Transportation to medical appointments</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • Medical care is provided in the community as needed. 	<p><i>Rating of Medical/Support Services:</i></p> <p><input type="checkbox"/> Excellent</p> <p><input type="checkbox"/> Very Good</p> <p><input checked="" type="checkbox"/> Good</p> <p><input type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>
POLICIES		
<p><i>Things to consider:</i></p> <p>Agency's mission statement, if written</p> <p>House manuals, if available</p> <p>Agency's statement on human rights/client dignity</p> <p>Agency's written goals for integration and ongoing education</p> <p>Agency's adherence to licensing codes</p> <p>Agency's policy of selecting residents</p> <p>Agency's policy on termination of placements</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • All of these are available upon request. 	<p><i>Rating of Policies:</i></p> <p><input type="checkbox"/> Excellent</p> <p><input checked="" type="checkbox"/> Very Good</p> <p><input type="checkbox"/> Good</p> <p><input type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>

An Assessment Instrument for Evaluating Employment Programs

Student's Name and Grade: Tom MacMillan, 11th Date: 4/1/96

JOB SITE CHARACTERISTICS		
<p><i>Things to consider:</i></p> <p>General location and appearance of job site</p> <p>Size of company</p> <p>Atmosphere (e.g., volume/pace of work, friendliness of employees)</p> <p>Dress and grooming requirements</p> <p>Rate of employee turnover</p> <p>Look at physical environment from your child's perspective, including:</p> <ul style="list-style-type: none"> ■ orientation & mobility requirements ■ number of people ■ lighting and or noise level ■ orderliness/cleanliness ■ communication/socialization opportunities <p>Management & values of the organization</p> <p>Is transportation needed? Available?</p> <p>Do employee benefits exist? (e.g., health insurance, worker's compensation, vacation, sick leave)</p>	<p><i>Comments:</i></p> <p>Tom's PRINT SHOP:</p> <ul style="list-style-type: none"> • Small company (4 employees) • Pace of work is uneven (sometimes fast; sometimes slow) • Employees are friendly • Wears a uniform to work • Low employee turnover; willing to work split shifts • Easy floor plan • Lighting is adequate; need supplemental lighting for detail work • Communication: one person knows a few signs & finger spelling • Limited opportunities for socialization at work • No employee benefits 	<p><i>Rating of Job Site Characteristics:</i></p> <p><input type="checkbox"/> Excellent</p> <p><input type="checkbox"/> Very Good</p> <p><input checked="" type="checkbox"/> Good</p> <p><input type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>
JOB DESCRIPTION		
<p><i>Things to consider:</i></p> <p>Is the job located in the community?</p> <p>Is the job integrated within the organization?</p> <p>What is the work schedule?</p> <p>Are the work expectations defined? Is there a written job description?</p> <p>What are the physical requirements of the job?</p> <p>What job skills are needed?</p> <p>What will he or she earn?</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • Job is located in community. • Work schedule is varied. • Does same job every day; no changes. • Lifting some boxes of paper. • Operating copy machine, align paper, fix jams • \$5 per hour 	<p><i>Rating of Job Description:</i></p> <p><input type="checkbox"/> Excellent</p> <p><input type="checkbox"/> Very Good</p> <p><input checked="" type="checkbox"/> Good</p> <p><input type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>

An Assessment Instrument for Evaluating Employment Programs

HEALTH AND SAFETY ISSUES		
<p><i>Things to consider:</i></p> <p>Is orientation and mobility assistance needed?</p> <p>Are medication needs required during the work day?</p> <p>Are emergency plans such as fire and evacuation in place?</p> <p>Does the site have machinery that could be dangerous?</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • Once familiar w/ site, no further O&M needs. • No med. needs during day. • Site has emergency plans. • Not required to operate dangerous machinery. 	<p><i>Rating of Health and Safety Issues</i></p> <p><input type="checkbox"/> Excellent</p> <p><input checked="" type="checkbox"/> Very Good</p> <p><input type="checkbox"/> Good</p> <p><input type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>
SOCIALIZATION ON THE JOB		
<p><i>Things to consider:</i></p> <p>What does this job offer beyond a paycheck?</p> <p>What are the communication requirements of the job?</p> <p>Does anyone know ASL (if appropriate)?</p> <p>Do co-workers seem to have potential for becoming friends?</p> <p>Are employees friendly?</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • Unless independent friendships start, job offers nothing except paycheck. • Can use white erase board to communicate • Only 1 person knows a little ASL 	<p><i>Rating of Socialization on the Job:</i></p> <p><input type="checkbox"/> Excellent</p> <p><input type="checkbox"/> Very Good</p> <p><input checked="" type="checkbox"/> Good</p> <p><input type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>
AVAILABLE SUPPORTS		
<p><i>Things to consider:</i></p> <p>Will training be available?</p> <p>Will assistive technology be available?</p> <p>Are support staff such as job coaches, orientation and mobility specialists, and/or communication specialists available?</p> <p>Who will monitor job performance? How frequently?</p> <p>Do co-workers seem to have potential for being natural supports (doing some of the things a job coach might do)?</p>	<p><i>Comments:</i></p> <ul style="list-style-type: none"> • Training is available; have TTY, • Job coach available for limited time. • Staff available on ongoing basis. • Owner will monitor performance monthly. • One or two co-workers have potential as natural supports. 	<p><i>Rating of Available Supports:</i></p> <p><input type="checkbox"/> Excellent</p> <p><input checked="" type="checkbox"/> Very Good</p> <p><input type="checkbox"/> Good</p> <p><input type="checkbox"/> Fair</p> <p><input type="checkbox"/> Poor</p>

Preferred Learning Styles/ Multiple Intelligences

The following describe seven different styles of intelligences or orientations to learning that may be helpful in describing a student's particular learning style. Team members knowledgeable about the student, as well as the parents, can identify the student's preferred style by considering each of the following characteristics. Check each style that seems to be strong for this student. Describe how the student demonstrates these strengths in the spaces provided.

Student's name: _____ Date: _____

Name(s) of person completing form: _____

LEARNING STYLES AND INTELLIGENCES

POSSIBLE CHARACTERISTICS

___ 1. Verbal and Linguistic

Thinks in words; learns by listening, reading and verbalizing; benefits from discussion; enjoys writing; enjoys braille; likes word games; likes books, records, tapes; remembers verse, lyrics, trivia; enjoys libraries.

Demonstrates this by:

___ 2. Logical and Mathematical

Thinks conceptually; reasons things out; looks for abstract patterns; enjoys computing; does arithmetic problems in head; likes brain teasers, logical puzzles, and strategy games; uses abacus; likes to use computers; likes large display calculators with voice output; likes to experiment; enjoys science kits; likes to classify and categorize.

Demonstrates this by:

___ 3. Visual and Spatial

Thinks in images and pictures; likes raised mazes and jigsaw puzzles; likes thermofoms; likes to draw and design things; likes to build models; likes slides, films, videos, raised diagrams, tactile maps and charts; enjoys art museums, architecture, and planetariums.

Demonstrates this by:

(Continued on the back)

Preferred Learning Styles/ Multiple Intelligences

(continued)

LEARNING STYLES AND INTELLIGENCES

POSSIBLE CHARACTERISTICS

___ 4. Musical and Rhythmic

Thinks in tones; learns through rhythm, vibrations, and melodies; plays a musical instrument; sounds are enhanced by auditory trainer or hearing aids; remembers melodies; may need music to study; notices nonverbal sounds; learns things more easily if sung, tapped out, or whistled.

Demonstrates this by:

___ 5. Bodily and Kinesthetic

Processes knowledge through bodily sensations and tactile tracking; communicates through gestures or sign language systems; fidgets while sitting in a chair; learns by manipulating; likes role playing, creative movement, and physical activity.

Demonstrates this by:

___ 6. Interpersonal

Understands and cares about people; has many friends; likes to socialize; learns by relating and cooperating; plays group games; good at teaching other children; is a club or committee member and a socializer.

Demonstrates this by:

___ 7. Intrapersonal

Displays independence; likes to be alone; self-motivating; likes self-paced, individualized projects; needs own space; likes solitude; enjoys books about heroes; enjoys long and quiet walks.

Demonstrates this by:

Adapted from: Christopher-Gorden Publishers. (1994). Preferred learning styles/multiple intelligences. *Practical aspects of authentic assessment*. Norwood, MA: Author.

McGill Action Planning System

Description:

The McGill Action Planning System (MAPs) was developed in 1989 by Marcia Forrest and Evelyn Lusthaus as a planning tool for designing educational programs that focus on family and student preferences. The planning activity involves the student, family members, nondisabled peers, staff, and could involve others who are interested in the student such as clergy, neighbors, club leaders, and extended family members.

The MAPs process requires a skilled facilitator to guide the group in answering the following questions:

- Who is the student?
- What is the dream for this student?
- What is the nightmare?
- What are the student's strengths and preferences?
- What are the student's needs?
- What educational plans should be made for the year to achieve the dream and avoid the nightmare?

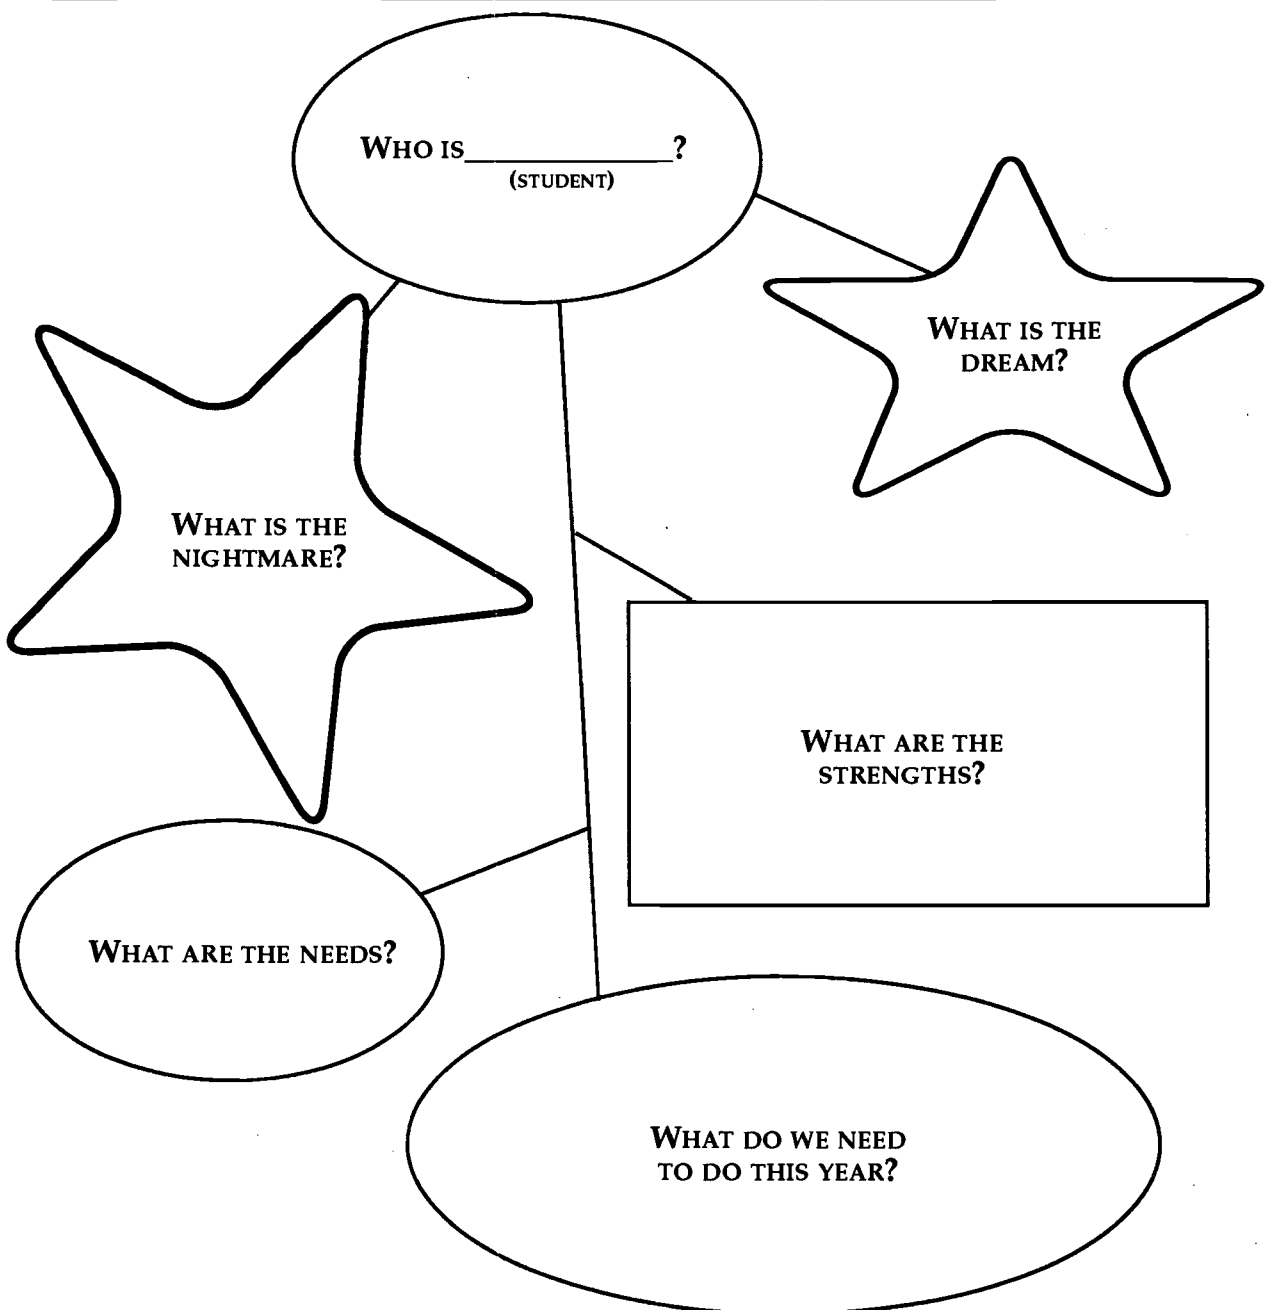

(Continued on back side)

Summary of Maps for

TEAM MEMBERS (IF APPLICABLE)

1. How does the student indicate likes and dislikes?
(You may check more than one behavior if it applies.)

	<i>Likes</i>	<i>Dislikes</i>		<i>Likes</i>	<i>Dislikes</i>
a. Laughs	_____	_____	g. Looks at objects	_____	_____
b. Cries	_____	_____	h. Moves body	_____	_____
c. Facial expression	_____	_____	i. Points/reaches	_____	_____
d. Screams	_____	_____	j. Initiates action	_____	_____
e. Tantrums	_____	_____	k. Vocalizes	_____	_____
f. Looks at people	_____	_____	l. Gestures	_____	_____
			m. Signs	_____	_____

Other:

2. How does the student generally indicate preference/choices when given the choice between two or more activities or foods?
3. What types of choices is the student comfortable making?
4. What types of choices is the student uncomfortable making?
5. What are the activities the student best likes to participate in during school?
(These can be either academic or recreational activities.)

(Continued on the next page)

Student Preference/Choice Survey

(PAGE 2)

6. What are the least favorite activities the student does not like to participate in during school? (These can be either academic or recreational activities.)
7. Does the student have preferences (regardless of need) for:
- | | |
|---|---|
| <input type="checkbox"/> speech therapy | <input type="checkbox"/> orientation and mobility |
| <input type="checkbox"/> occupational therapy | <input type="checkbox"/> transportation |
| <input type="checkbox"/> diet | <input type="checkbox"/> positioning |
| <input type="checkbox"/> medical services | <input type="checkbox"/> physical therapy |
| <input type="checkbox"/> audiology | <input type="checkbox"/> counseling services |
| <input type="checkbox"/> audiology | <input type="checkbox"/> other: _____ |
- (specify)
8. What time of day does the student prefer to be active?
9. What time of day does the student prefer to relax?
10. Who does the student prefer to participate with in academic activities (staff, other students, friends)?
11. General student preference(s) regarding TEMPERATURE:
- hot
 - cold
 - warm
12. General student preference(s) regarding TASTE:
- sweet
 - sour
 - spicy
 - bland
13. General student preference(s) regarding LIGHTS (please specify):
- bright
 - dark
 - dull
 - natural light
 - artificial light

(continued on the next page)

Student Preference/Choice Survey

(PAGE 3)

14. General student preference(s) regarding POSITIONING:

- | | |
|------------------------------------|---|
| <input type="checkbox"/> sidelying | <input type="checkbox"/> prone |
| <input type="checkbox"/> supine | <input type="checkbox"/> standing |
| <input type="checkbox"/> sitting | <input type="checkbox"/> supported kneeling |

Favorite positions to participate in activities (please list):

Favorite positions for sleeping (please list):

Adaptive devices to obtain favorite position (please list):

15. General student preference(s) regarding MOBILITY:

- | | |
|--|---------------------------------------|
| <input type="checkbox"/> crawling | <input type="checkbox"/> walking |
| <input type="checkbox"/> walker | <input type="checkbox"/> crutches |
| <input type="checkbox"/> wheelchair | <input type="checkbox"/> travel chair |
| <input type="checkbox"/> cane | <input type="checkbox"/> dog guide |
| <input type="checkbox"/> sighted guide | |

16. General student preference(s) regarding SOUND:

- loud
- soft
- steady state noise (e.g., fans or vacuum cleaner)

17. General student preference(s) regarding TEXTURES of MATERIALS:

- | | |
|----------------------------------|---------------------------------|
| <input type="checkbox"/> rough | <input type="checkbox"/> smooth |
| <input type="checkbox"/> hard | <input type="checkbox"/> soft |
| <input type="checkbox"/> squishy | |

18. General student preference(s) regarding TEXTURES of FOOD:

- | | |
|----------------------------------|------------------------------------|
| <input type="checkbox"/> pureed | <input type="checkbox"/> semi-soft |
| <input type="checkbox"/> crunchy | <input type="checkbox"/> solid |
| <input type="checkbox"/> chewy | <input type="checkbox"/> smooth |

Please list favorite foods:

19. General student preference(s) regarding DRINKS:

- | | |
|---|--|
| <input type="checkbox"/> thick in consistency | <input type="checkbox"/> thin in consistency |
| <input type="checkbox"/> carbonated | <input type="checkbox"/> noncarbonated |

Please list favorite drinks:

(continued on the next page)

Student Preference/Choice Survey

(PAGE 4)

20. General student preference(s) regarding the ENVIRONMENT:

- | | |
|-----------------------------------|----------------------------------|
| <input type="checkbox"/> outdoors | <input type="checkbox"/> indoors |
| <input type="checkbox"/> wet | <input type="checkbox"/> dry |
| <input type="checkbox"/> airy | <input type="checkbox"/> sunny |

21. General student preference regarding MEDIA:

- | | |
|---|----------------------------------|
| <input type="checkbox"/> colorful | <input type="checkbox"/> black |
| <input type="checkbox"/> white | <input type="checkbox"/> neutral |
| <input type="checkbox"/> raised and high contrast | |

Favorite colors (please list):

22. General student preference(s) regarding EXPRESSIVE COMMUNICATION:

- | | |
|--|---|
| <input type="checkbox"/> verbalizes | <input type="checkbox"/> vocalizes |
| <input type="checkbox"/> signs (specify type) | <input type="checkbox"/> gestures |
| <input type="checkbox"/> computer | <input type="checkbox"/> communication board |
| <input type="checkbox"/> anticipation calendar | <input type="checkbox"/> other (please specify) |

23. General student preference(s) regarding RECEPTIVE COMMUNICATION:

- | | |
|--|--|
| <input type="checkbox"/> verbalizes | <input type="checkbox"/> vocalizes |
| <input type="checkbox"/> gestures | <input type="checkbox"/> computer |
| <input type="checkbox"/> communication board | <input type="checkbox"/> signs (please specify type) |
| <input type="checkbox"/> anticipation calendar | <input type="checkbox"/> other (please specify) |

24. General student preference(s) regarding MUSIC:

- | | |
|--|--------------------------------------|
| <input type="checkbox"/> hard rock | <input type="checkbox"/> classical |
| <input type="checkbox"/> rhythm & blues | <input type="checkbox"/> rock & roll |
| <input type="checkbox"/> jazz | <input type="checkbox"/> folk rock |
| <input type="checkbox"/> pop | <input type="checkbox"/> country |
| <input type="checkbox"/> rap (mostly vibrations) | <input type="checkbox"/> folk music |

Please list favorite songs:

Please list favorite instruments:

Student Preference/Choice Survey

(PAGE 5)

25. General student preference(s) regarding TV SHOWS:

- | | |
|---|--|
| <input type="checkbox"/> cartoons | <input type="checkbox"/> family |
| <input type="checkbox"/> police and detective | <input type="checkbox"/> medical |
| <input type="checkbox"/> news | <input type="checkbox"/> comedies |
| <input type="checkbox"/> talk | <input type="checkbox"/> game |
| <input type="checkbox"/> soap operas | <input type="checkbox"/> computer game |

Please list favorite TV shows:

Please list favorite computer games:

26. General student preference(s) regarding INVOLVEMENT (please specify):

- activities of fast pace
- activities of moderate pace
- activities of slow pace

27. General student preference regarding ENGAGEMENT:

- highly repetitive activities
- moderately repetitive activities
- nonrepetitive activities

28. General student preference(s) regarding ENVIRONMENTAL ACTIVITIES (please specify):

- lots of action
- moderate degree of action
- limited action

29. General student preference(s) regarding COMPETITION:

- highly competitive situations
- moderately competitive situations
- noncompetitive situations

30. General student preference(s) regarding STRUCTURE:

- highly structured situations
- moderately structured situations
- loosely structured situations

31. General student preference(s) regarding FAMILIARITY:

- unfamiliar or new surroundings
- familiar surroundings

32. General student preference(s) regarding VISUAL STIMULATION (please specify):

- highly visually stimulating environments
- moderately visually stimulating environments
- low visually stimulating environments

(continued on the next page)

Student Preference/Choice Survey

(PAGE 6)

33. General student preference(s) regarding AUDITORY STIMULATION (please specify):
 noisy environments
 moderately noisy environments
 quiet environments
34. General student preference(s) regarding PARTICIPATION:
 alone
 with one other person
 with small group
 with large group
35. General student preference(s) regarding ACTIVITY LEVEL (please specify):
 very active
 moderately active
 relaxed
36. General student preference(s) regarding DEPENDENCY:
 independent
 supervised
 dependent
37. General student preference(s) regarding PEERS/AGE GROUP:
 with age peers
 with persons older
 with persons younger
38. General student preference(s) regarding PEERS/SEX:
 members of same sex
 members of both sexes
 members of the opposite sex
39. General student preference(s) regarding ATTENTION:
 center of attention
 one of the crowd
 seen but not heard
 isolated

My Child as a Learner

STUDENT'S NAME

DATE

PARENT(S)

Since you are your child's first and best teacher,
we would like your perception of your child as a learner.
Thank you for your help.

How does your child seem to feel about going to school?

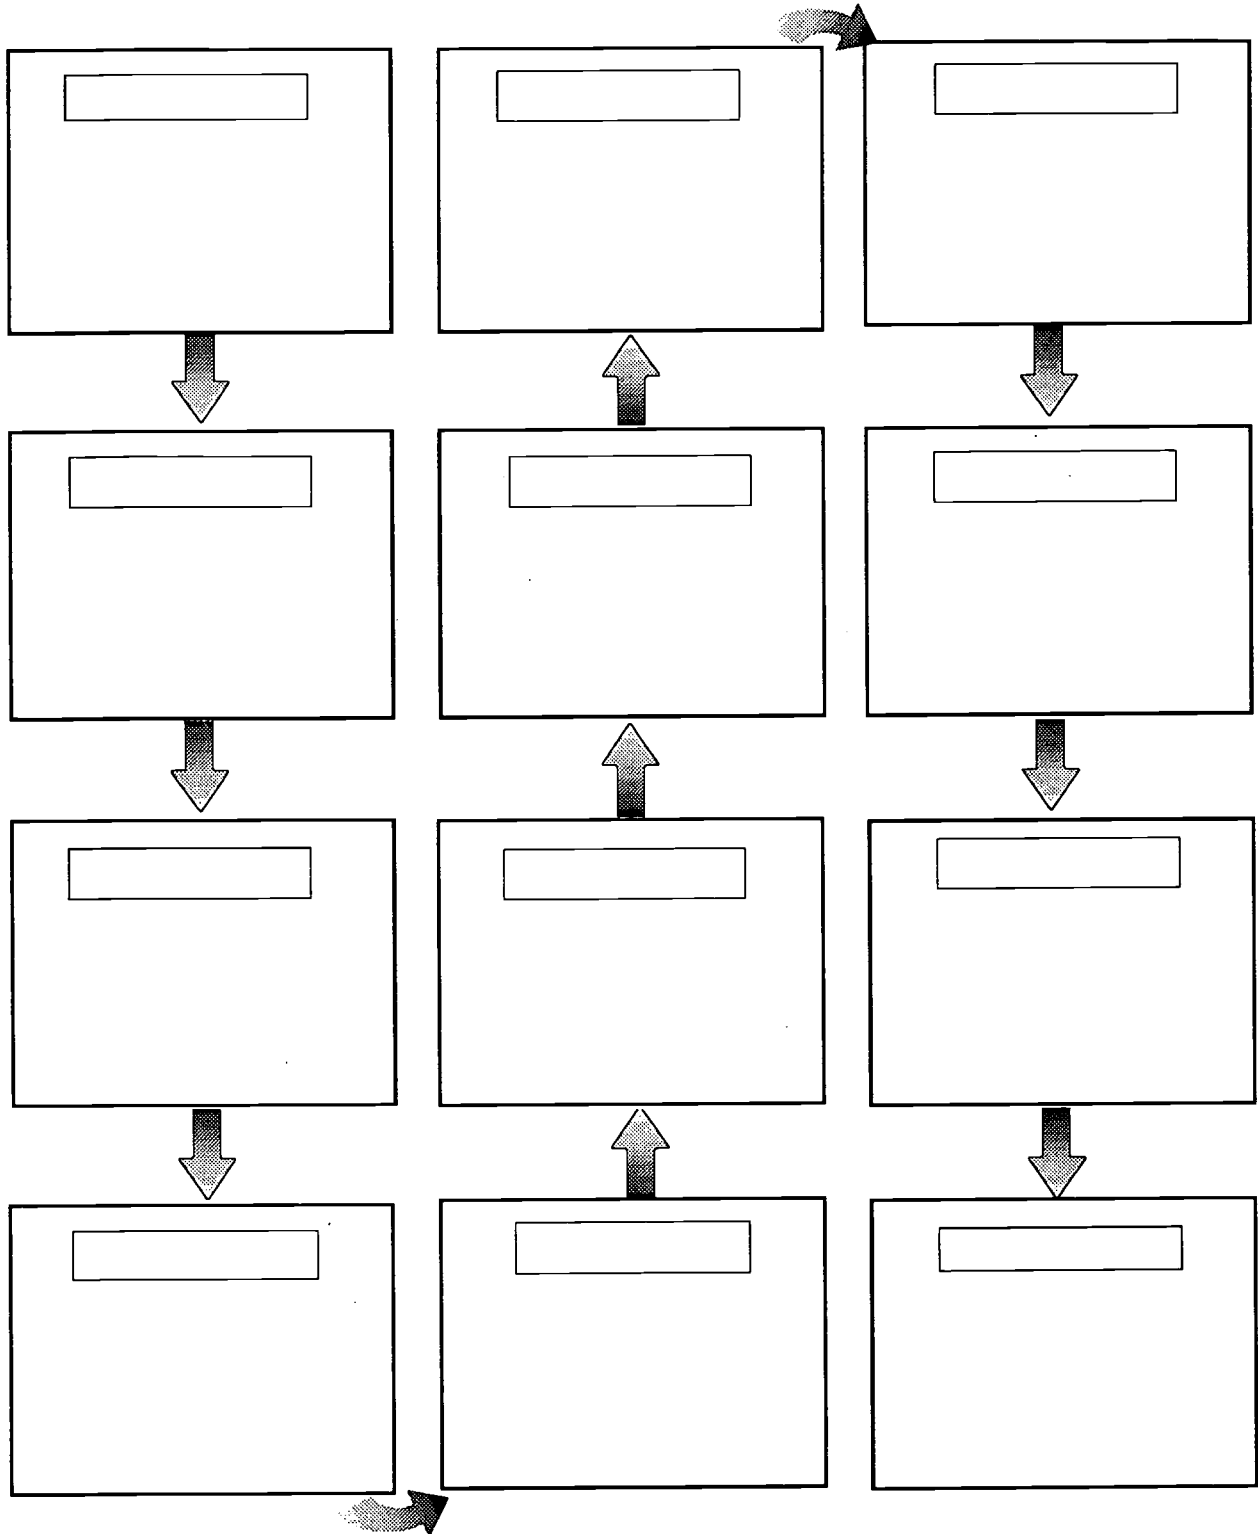

What are your goals for your child this year?

What are your child's interests (e.g., art, sports, lessons, and hobbies)?

What type of activities do you do together as a family?

Adapted from: Christopher-Gordon Publishers. (1994). *My child as a learner. Practical aspects of authentic assessment.* Norwood, MA: Author.

Background Map for

Educational Summary

DIRECTIONS FOR COMPLETING THE EDUCATIONAL SUMMARY:

On the back of this page is a form called the Educational Summary. To complete this summary, use data from parent interviews, parent and student inventories, ecological inventories, and other assessments.

1. "AGE-APPROPRIATE NEED" COLUMN

Is this a skill that would be considered important for a nondisabled, same-age peer to perform? If yes, mark box. If no, leave blank.

2. "PARENT PRIORITY" COLUMN

Is this skill, routine, or activity something considered important by parents? If yes, mark box. If no, leave blank.

3. "SELECTED YEAR" COLUMNS

Indicate which year this activity has been targeted for instruction. If it is a student or parent priority, the activity should be targeted for Year 1. Skills of lower priority may be targeted for Year 2 or 3. Be sure that all activities targeted are age-appropriate.

4. "YEAR 1, 2, & 3 SUMMARY" COLUMNS

At the end of each year, summarize progress on each activity, outcome, or skill.

- If the priority has been accomplished, write "A" (for accomplished) in the appropriate column.
- If progress is being made toward achieving the priority, write "P" (for progress) in the appropriate column.
- If little progress has been made toward achieving the goal, but work will continue, write "C" (for continue) in the appropriate column.
- If the activity has been dropped as a goal, write "D" (for dropped) in the appropriate column.

Use this data to plan future IEP goals.

Anecdotal Records

Directions:

Sometimes, the best way to document how a student is participating in an activity is to simply observe and make notes of what you see. This process is called making anecdotal records. This method of making notes is simple. All it takes is time and good observation skills.

To begin, select an activity that allows the student a great deal of participation in a cooperative group. Note the date and activity on your anecdotal record form (see back of this page). Observe the student and make succinct notes about the observation in the space provided.

Anecdotal records are useful in documenting student behavior, participation, cooperation, and work quality. These records are useful when less descriptive methods of documentation are unable to capture what is needed to learn about a particular student.

Writing Checklist

STUDENT'S NAME

GRADE

TEACHER

TEAM MEMBERS (IF APPLICABLE)

Dates

				Makes marks other than drawing on paper using a writing guide
				Primarily relies on pictures to convey meaning, such as with raised lines, magnification, or high contrast
				Sometimes labels or adds "words" to pictures
				Tells about own writing using expressive communication system
				Writes or brailles random recognizable letters
				Copies names and familiar words using braille or writing guide
				Uses pictures, print, or braille to convey meaning
				Prints with upper-case letters using writing guide, lined paper and black felt pen, and/or brailles alphabet
				Takes risks with writing or brailing
				Begins to read own writing or brailing
				Writes or brailles names and favorite words using brailier, writing guide, or lined paper with black felt pen
				Writing or brailing is from top-bottom, left-right, front-back
				May interchange upper- and lower-case letters with writing guide or lined paper with black felt pen
				Begins to use spacing between words with brailing, writing guide, or lined paper with black felt pen
				Begins to write noun-verb phrases using braille, writing guide, or lined paper with black felt pen
				Writes pieces that self and others can read using braille, writing guide, lined paper with black felt pen, or computer

Writing Checklist

(PAGE 2)

Dates

				Begins to write recognizable short sentences using braille, writing guide, lined paper with black felt pen, or computer
				Writes about experiences with some descriptive words using braille, writing guide, lined paper with black felt pen, or computer
				Experiments with capitals and punctuation using braille, writing guide, lined paper with black felt pen, or computer
				Forms may letters legibly using writing guide or lined paper with black felt pen
				Spells some words correctly using braille, writing guide, lined paper with black felt pen, or computer
				Begins to revise written work by adding on words and sentences using braille, writing guide, lined paper with black felt pen, or computer
				Writes paragraph with beginning, middle, and end using braille, writing guide, lined paper with black felt pen, or computer
				Reads peers' writing through braille or large print and offers feedback through appropriate expressive communication mode such as augmentative communication board with voice output or sign language
				Edits for punctuation and spelling
				Uses capital letters and periods
				Forms letters with ease using writing guide or lined paper with black felt pen
				Spells many common words correctly using braille, writing guide, lined paper with black felt pen, or computer without spell check
				Begins to write or braille for various purposes
				Begins to organize ideas in logical sequence
				Develops editing an proofreading skills
				Employs strategies to spell difficult words correctly

Writing Checklist

(PAGE 3)

Dates

				Uses complex sentence structure
				Connects paragraphs in logical sequence
				Edits with greater precision (spelling, grammar, punctuation, capitalization)
				Uses literary devices effectively (e.g., dictionary, thesaurus, etc.)
				Integrates information from a variety of sources to increase power of writing
				Uses sophisticated descriptive written language (including brailled)
				Analyzes and evaluates written material in-depth
				Perseveres through complex writing projects using braille, writing guide, lined paper with black felt pen, or computer

Adapted from: Christopher-Gorden Publishers. (1994). Writing checklist. *Practical aspects of authentic assessment*. Norwood, MA: Author.

Reading Checklist

STUDENT'S NAME

GRADE

TEACHER

TEAM MEMBERS (IF APPLICABLE)

Dates

				Holds book, correctly turns pages
				Chooses books and has favorites
				Shows start/end of book
				Listens and responds to literature as it is interpreted or through auditory trainer
				Knows some letter names whether brailled or written in large print
				Interested in print or braille
				Pretends to read
				Uses illustrations to tell story
				Participates in oral reading of familiar books through sign language or using alternative communication device
				Knows some letter sounds if using auditory trainer
				Recognizes names/words in context using braille, sign language, or alternative communication device
				Memorizes pattern books and familiar words
				Reads books with word patterns using braille, sign language, or augmentative communication device
				Knows most letter sound if using auditory trainer or assistive auditory system
				Retells main idea of text using expressive communication system
				Recognizes simple words that are brailled or printed

Reading Checklist

(PAGE 2)

Dates

				Reads early-reader books using braille or print with magnification
				Relies on print or braille more than illustrations
				Uses sentence structure clues
				Uses meaning clues
				Retells beginning, middle, and end using sign language or alternative augmentative communication mode
				Recognizes names or words by sight or braille
				Understands basic punctuation
				Reads beginning chapter books using braille or large print
				Reads and finishes a variety of materials with frequent guidance
				Retells plot, characters, and events using sign language or alternative augmentative communication mode
				Makes connections between reading, writing, and experiences
				Silent reads for short periods
				Reads medium level chapter books using braille or large print
				Reads and finishes a variety of materials with guidance using braille or large print
				Uses reading strategies appropriately
				Uses reference materials to locate information with guidance in braille or large print
				Reads most young adult literature using braille, large print, or audiotape
				Selects, reads, and finishes a wide variety of materials using braille, large print, or audiotape

Reading Checklist

(PAGE 3)

Dates

				Uses reference materials independently
				Participates in guided literary discussions using sign language or augmentative communication modes
				Reads complex young adult literature using braille, large print, or auditory tape
				Integrates non-fiction information to develop a deeper understanding
				Interprets sophisticated meaning in young adult literature with guidance
				Participates in complex literary discussions using sign language or alternative augmentative communication system
				Voluntarily reads and understands a wide variety of complex and sophisticated materials using braille, large print, or audiotape
				Evaluates, interprets, and analyzes literary elements critically
