## FOREWORD

The Office of Institutional Research is pleased to present the fourteenth edition of the Northern Virginia Community College Fact Book. This edition of the Fact Book is designed to serve as a readily available source of information about the College. As in the past, all the information from the previous editions is updated, following a similar format, in order to allow users to make valid comparisons based on longitudinal data.

The NVCC Fact Book contains chapters on the College's student enrollments, graduates, personnel, finances and facilities, and support services. Chapters 7 to 11 of the Fact Book present the data for each of the five campuses separately.

Data and information were also included from several College services, such as the Budget Office, Office of Facilities Planning and Support Services, Media Processing, and Student Benefits and Support Services. The cover was designed by the Office of Public Information and Publications (Graphics). We thank the above mentioned units of the College for their continued cooperation and assistance.

The Northern Virginia Community College Fact Book is a product of the team efforts of the OIR staff members Margret Chang, Johan Dennett, Louise Herzfeld, Linda Hoffman, and Nadezhda Osmanova.

The Office of Institutional Research would appreciate your comments about the NVCC Fact Book and suggestions for future issues. E-mail your comments and suggestions to [nvgabrq@nv.cc.va.us](mailto:nvgabrq@nv.cc.va.us) or call the office at (703) 323-3129. We welcome your input. The Fact Book is updated annually and can be found on our homepage at [WWW.NV.CC.VA.US/OIR](http://WWW.NV.CC.VA.US/OIR).

The Alexandria Campus is located in Alexandria and primarily serves the residents of the City of Alexandria, Arlington County, Falls Church and eastern Fairfax County. The Campus grew from one building constructed on a 22.5 acre site in 1969 to three buildings on 51.4 acres in 1980. Additions to the original Bisdorf Building and the Engineering/Automotive Technology Building were opened in 1980. In that year, the John Tyler School was also purchased from the City of Alexandria and incorporated as part of the campus. The Alexandria Campus also maintains classrooms in leased temporary facilities at off-campus locations.

- Annandale Campus

The Annandale Campus is located in central Fairfax County and primarily serves the residents of the County. This campus began as one building constructed in 1967 on a 78 acre site. In 1969, three buildings were erected and the TV/Technical Building followed in 1970. The Nursing Building was completed in 1972. The Brault Building, which houses college staff, was completed in 1984. The Richard J. Ernst Community Cultural Center, which serves the College and the community, was completed in 1990. The McDiarmid Building was completed in 1997. The Annandale Campus also provides off-campus instruction at various locations.

- Loudoun Campus

The Loudoun Campus is located in Sterling and primarily serves the residents of northern Fairfax County and Loudoun County. Construction was begun on a 91.4 acre site in 1972 and completed in 1974 with four permanent buildings and the temporary Interior Design Building and greenhouse/laboratories. The Loudoun Campus also maintains classrooms in leased temporary off-campus facilities.

The campus has also added the Heating, Ventilation and Air Conditioning buildings, and several temporary facilities. The Woodbridge Campus provides off-campus instruction at several locations including area high schools and the Quantico and Fort Belvoir military bases.

- Extended Learning Institute

The Extended Learning Institute (ELI) developed its first distance education courses in January 1975, and now offers over 100 courses taught by approximately sixty full-time NVCC faculty. ELI credits transfer to other colleges the same as credits of any other NVCC course. Course offerings are designed to provide learning opportunities to those who may not be able to take advantage of the more traditional classroom-based courses. ELI students use television, video, computer conferencing, voice mail, and printed materials that are chiefly self-instructional. #### IV. Results of NVCC Graduate Survey

Beginning with 1998, the College surveys its graduates biennially. The survey seeks information on the graduates' current education and employment. It also gives the graduates an opportunity to rate their educational experiences at NVCC in terms of instruction, faculty, services, and facilities.

See Table 2.7 for the number of survey responses (1994-1998), the graduates' education and employment status, and their median salary information. A full report on graduate survey results is published biennially by OIR.

When a 12 month administrative faculty member goes on leave and a 9 month faculty member assumes his/her position both are counted as 12 month administrative faculty for the leave period. This fact is important for trend analysis.
