ABSTRACT

This demonstration booklet illustrates the kind of exercises, test questions, and tasks used in the 2003 assessment of student achievement in reading and mathematics by the National Assessment of Educational Progress (NAEP). Each student will be asked to complete the background section and the cognitive sections for one subject, and the assessment will require 90 minutes of a student's time. The booklet for Grade 12 is divided into four sections: Part One contains the descriptions of each assessment, followed by the booklet directions and subject-specific samples of reading and mathematics questions; Part Two contains the general background questionnaire that students will be asked to answer; Part Three contains the background questionnaires that accompany each subject; and Part Four (located on the back cover) presents general information about the NAEP program. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control numbers for this information collection are 1850-0628 and 1850-0758. The time required to complete this information collection is estimated to average 100 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4651. If you have comments or concerns regarding the status of your individual submission of this form, write directly to:

A project of the Office of Educational Research and Improvement.
 This report is authorized by law (P.L. 107-110, 20 U.S.C. §9010). While your participation is voluntary, your cooperation is needed to make the results of the survey comprehensive, accurate, and timely. The information you provide is being collected for research purposes only and will be kept strictly confidential.

ABOUT THIS DEMONSTRATION BOOKLET

On behalf of the National Assessment of Educational Progress (NAEP) project team, I want to thank you and other members of your school system for agreeing to participate in the NAEP assessment. Your participation is essential and highly valued. The data that NAEP provides about student achievement are widely used by parents, educators, and researchers throughout the nation. Your assistance contributes to our success in measuring what students know and can do.

NAEP is the only nationally representative and continuing assessment of what America's students know and can do in various subject areas. Since 1969, national assessments have been conducted periodically in reading, mathematics, science, writing, U.S. history, civics, geography, and the arts. Since 1990, NAEP assessments have also been conducted on the state level. As provided for by law, beginning in 2003 NAEP will assess fourth- and eighth-grade students in reading and mathematics biennially.

This demonstration booklet illustrates the kinds of exercises, test questions, and tasks used in the 2003 assessment of student achievement in reading and mathematics. Each participating student will be asked to complete the subject matter sections and a background section for one subject test. The length of the assessment will require about 90 minutes of a student's time.

This booklet is divided into four parts. Part one contains descriptions of each assessment, followed by the booklet directions and subject-specific samples of reading and mathematics questions that are representative of those in the assessment. The second part has the general background questionnaire that twelfth graders will be asked to answer and the third part contains the background questionnaires that accompany each subject. NAEP asks students questions about their school experience and what teachers teach in the classroom to help guide decisions regarding education made by policymakers using NAEP data and results. Students' answers to all questions are confidential, and students' names are removed from all completed assessment materials.

The sample questions included in this booklet are intended to convey the kinds of questions and question formats that comprise the 2003 assessment. The actual questions in the assessment must be safeguarded to maintain the integrity of the assessment and resulting data. Released questions from previous NAEP assessments are available to be viewed and downloaded from the National Center for Education Statistics (NCES) Web site at <http://nces.ed.gov/nationsreportcard>. However, members of the public may request access to secure NAEP questions. More information on the procedures to follow to make such a request is included in part four of this booklet.

The final part of the booklet, located on the back cover, presents general information about the NAEP program.

If you have any questions or comments regarding the NAEP program or this booklet, please refer to <http://nces.ed.gov/nationsreportcard> or call Sherran Osborne of NCES at (202) 502-7420.

THE READING ASSESSMENT

The NAEP reading assessment measures students' ability to understand, to interpret, and to think critically about different types of texts. In responding to stories, articles, and documents, students are asked to read *for literary experience, to gain information, and to perform a task*. The assessment comprises reading materials selected from publications and other resources typically available to students in and out of school.

Across the three purposes for reading, students are asked to demonstrate their understanding by responding to comprehension questions that reflect four different aspects of reading. These aspects characterize the ways readers respond to text while developing understanding. *Forming a General Understanding* questions ask students to consider the text as a whole. *Developing Interpretation* questions ask students to discern connections and relationships within the text. *Making Reader/Text Connections* questions ask students to connect information from the text with prior knowledge and experience. *Examining Content and Structure* questions ask students to critically evaluate the content, organization, and form of the text.

The NAEP reading assessment contains multiple-choice questions as well as short and extended constructed-response questions. Students spend approximately 50 to 60 percent of their assessment time providing written answers to the constructed-response questions.

Each student who participates in the assessment will receive one assessment booklet. At grade 12, the booklets will contain either two 25-minute reading sections or one 50-minute section made up of reading materials and questions, as well as a short questionnaire designed to yield information about the student and school practices, such as the amount of time spent on homework or the types of instruction encountered in the classroom.

NAEP Reading Framework

**Distribution of Percentage of Assessment Time
Across Purposes for Reading and Grades**

	Grade 4	Grade 8	Grade 12
Literary	55%	40%	35%
Informative	45%	40%	45%
Task	**	20%	20%

**Not assessed at grade 4.

READING BOOKLET DIRECTIONS

In each of the next two sections, you will have 25 minutes to read a story, an article, or a document and answer questions about it. You should think carefully about your answers, and you should use the entire 25 minutes to complete each section.

You will be asked to respond to three different types of questions. Some of the questions will require you to choose the best answer and fill in the oval for that answer in your booklet.

For other questions, you will be asked to write short answers on the blank lines provided in your booklet. Here is an example of a question that requires you to provide a short answer.

Example 1

Give an example from the article that shows Mandy was not a quitter.

One example is that Mandy's mother didn't want her to umpire in public, but Mandy persuaded her mother to let her.

BEST COPY AVAILABLE

Also, you may be asked to answer other questions by writing longer, more detailed responses on a full page of blank lines. For example, here is a question that requires you to provide a longer answer.

Example 2

Explain how Mandy's mother and brother helped Mandy to become the first woman umpire.

Mandy's mother helped her by agreeing to let her umpire at a public ball game. Mandy did so well that the team offered her a job as umpire. Mandy's brother helped her by letting her play baseball with him. He also helped Mandy to persuade their mother to let her play in public.

When you are asked to write your response be sure that your handwriting is clear. Think carefully about each question and make your answers as complete as possible, using as many lines as you need.

You may go back to the story, article, or document when answering any of the questions. If you finish before time is called, be sure to read your work again and change anything that you think will make your answers better.

BEST COPY AVAILABLE

READING SAMPLE QUESTIONS

(More sample assessment questions are available on NAEP's Web site at <http://www.nces.ed.gov/nationsreportcard/itmrls/>)

In this section, you will have 25 minutes to examine an income tax form and answer 14 questions about it. Mark your answers in your booklet. Fill in only one oval for each question or write your answer on the lines. Please think carefully about your answers. When you are writing your answers, be sure that your handwriting is clear.

Do not go past the STOP sign at the end of the section. If you finish before time is called, you should go over your work again and change anything that you think will make your answers better.

PLEASE TURN THE PAGE AND BEGIN READING NOW.

Instructions for Form 1040EZ

- Use this form if:**
- Your filing status is single.
 - You do not claim any dependents.
 - You had **only** wages, salaries, tips, and taxable scholarships or fellowships, and your taxable interest income was \$400 or less. **Caution:** If you earned tips (including allocated tips) that are not included in Box 14 of your W-2, you may not be able to use Form 1040EZ. See page 23 in the booklet.
 - You were under 65 and not blind.
 - Your taxable income (line 5) is less than \$50,000.
- If you are not sure about your filing status or dependents, see pages 15 through 20 in the booklet.
If you can't use this form, see pages 11 through 13 in the booklet for which form to use.

Completing your return Please print your numbers inside the boxes. Do not type your numbers. Do not use dollar signs. You may round off cents to whole dollars. To do so, drop amounts under 50 cents and increase amounts that are 50 cents or more. For example, \$129.49 becomes \$129 and \$129.50 becomes \$130. If you round off, do so for all amounts. But if you have to add two or more amounts to figure the amount to enter on a line, include cents when adding and round off only the total.

Name & address Please use the mailing label we sent you. It can help speed your refund. After you complete your return, put the label in the name and address area. Cross out any errors. Print the right information on the label (including apartment number). **If you don't have a label**, print your name, address, and social security number. If your post office does not deliver mail to your home and you have a P.O. box, show your P.O. box number instead of your home address.

Presidential campaign fund Congress set up this fund to help pay for Presidential election costs. If you want \$1 of your tax to go to this fund, check the "Yes" box. If you check "Yes," your tax or refund will not change.

Report your income **Line 1.** If you don't get your W-2 by February 15, contact your local IRS office. You must still report your wages, salaries, and tips even if you don't get a W-2 from your employer. Students, if you received a scholarship or fellowship, see page 23 in the booklet.

Line 2. Banks, savings and loans, credit unions, etc., should send you a Form 1099-INT showing the amount of taxable interest paid to you. You must report all your taxable interest even if you don't get a Form 1099-INT. If you had tax-exempt interest, such as on municipal bonds, write "TEI" in the space to the left of line 2. After "TEI," show the amount of your tax-exempt interest. **Do not** add tax-exempt interest in the total on line 2.

Line 4. If you checked "Yes" because someone can claim you as a dependent, fill in this worksheet to figure the amount to enter on line 4.

	A. Enter the amount from line 1 on front.	A. _____
	B. Minimum amount.	B. _____ 500.00
Standard deduction worksheet for dependents who checked "Yes" on line 4	C. Compare the amounts on lines A and B above. Enter the LARGER of the two amounts here.	C. _____
	D. Maximum amount.	D. _____ 3,100.00
	E. Compare the amounts on lines C and D above. Enter the SMALLER of the two amounts here and on line 4 on front.	E. _____

If you checked "No" because no one can claim you as a dependent, enter 5,100 on line 4. This is the total of your standard deduction (3,100) and personal exemption (2,000).

Figure your tax **Line 6.** If you received a Form 1099-INT showing income tax withheld (backup withholding), include the amount in the total on line 6. To the left of line 6, write "Form 1099." If you had two or more employers and had total wages of over \$48,000, see page 35 in the booklet.

If you want IRS to figure your tax, skip lines 7 through 9. Then sign and date your return. If you paid too much tax, we will send you a refund. If you didn't pay enough tax, we will send you a bill. We won't charge you interest or a late payment penalty if you pay within 30 days of the notice date or by April 16, whichever is later. If you want to figure your own tax, complete the rest of your return.

Amount you owe **Line 9.** If you owe tax, attach your check or money order for the full amount. Write your social security number, daytime phone number, and "Form 1040EZ" on your payment.

Sign your return You must sign and date your return. If you pay someone to prepare your return, that person must sign it and show other information. See page 40 in the booklet.

Mailing your return Mail your return by **April 16**. Use the envelope that came with your booklet. If you don't have that envelope, see page 49 in the booklet for the address.

Section 4—Tax Table

For persons with taxable incomes of less than \$50,000

Example: Mr. and Mrs. Green are filing a joint return. Their taxable income on line 19 of Form 1040A is \$23,250. First, they find the \$23,250–23,300 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and filing status column meet is \$3,491. This is the tax amount they must write on line 20 of Form 1040A.

At least	But less than	Single (and 1040EZ filers)	Married filing jointly	Married filing separately	Head of a household
23,200	23,250	4,092	3,484	4,491	3,484
23,250	23,300	4,106	3,491	4,505	3,491
23,300	23,350	4,120	3,499	4,519	3,499
23,350	23,400	4,134	3,506	4,533	3,506

If 1040A, line 19, OR 1040EZ, line 5 is—		And you are—				If 1040A, line 19, OR 1040EZ, line 5 is—		And you are—				If 1040A, line 19, OR 1040EZ, line 5 is—		And you are—			
At least	But less than	Single (and 1040EZ filers)	Married filing jointly	Married filing separately	Head of a household	At least	But less than	Single (and 1040EZ filers)	Married filing jointly	Married filing separately	Head of a household	At least	But less than	Single (and 1040EZ filers)	Married filing jointly	Married filing separately	Head of a household

1,350	1,375	208	208	208	208												
1,375	1,400	208	208	208	208												

This column must also be used by a qualifying widow(er).

Continued on next page

1. The purpose of the tax table is to help you determine

- Ⓐ your gross income
- Ⓑ the amount of tax you owe
- Ⓒ your net earnings
- Ⓓ your allowable deductions

2. Name one place where you can find the instructions for completing the 1040EZ tax return.

3. Name two factors that would make you *ineligible* to file a 1040EZ tax return.

4. What should you do if you do not receive a W-2 form from your employer?

5. If you cannot be claimed as someone's dependent, what is the maximum amount you can claim for a personal exemption?

- Ⓐ \$5,100
- Ⓑ \$3,100
- Ⓒ \$2,000
- Ⓓ \$500

6. List two mistakes that you could make in completing your tax return that might delay its processing.

7. What should you do if you have tax-exempt interest?

- Ⓐ Ignore the fact that you have the interest and do not report it.
- Ⓑ Obtain a separate interest-exemption tax form.
- Ⓒ Write the amount of interest and the letters TEI to the left of line 2.
- Ⓓ Add the amount of interest to your taxable income total on line 2.

8. Why are the lines on the tax return numbered?

9. In order to find the amount of your taxable income, you must

- Ⓐ multiply the state sales tax by your gross income
- Ⓑ subtract line 4 from line 3 on the tax return
- Ⓒ add line 6 and line 7 on the tax return
- Ⓓ ask your employer for the amount of your adjusted income

10. Give one reason why you would not use the 1040EZ form, even if you were single.

11. If you are claimed on the tax return of someone else, then you are considered to be a

- (A) dependent
- (B) tax credit
- (C) deduction
- (D) personal exemption

12. If your income on line 5 of the 1040EZ tax return is \$12,550, what is the amount of your tax?

- (A) \$1,879
- (B) \$1,886
- (C) \$3,700
- (D) \$5,100

13. Why is it important that you file your tax return before April 16?

14. When using the 1040EZ tax return, the amount of income tax owed is determined by your

- (A) filing status
- (B) level of income
- (C) number of deductions
- (D) tax-exempt interest

THE MATHEMATICS ASSESSMENT

The NAEP mathematics assessment measures students' ability to solve problems in five mathematics content strands: Number Sense, Properties, and Operations; Measurement; Geometry and Spatial Sense; Data Analysis, Statistics and Probability; and Algebra and Functions. Students are asked questions within each of these five content strands which involve conceptual understanding, procedural knowledge and/or problem solving (mathematical abilities) within a broader context of reasoning, making connections, and communication (mathematical power).

The exercise types include multiple-choice questions, short-answer open-ended questions, and extended open-ended tasks. The extended exercises allow students to communicate their ideas and demonstrate the reasoning they used to solve problems. The short answer and extended response type questions make up more than 50 percent of student assessment time. The assessment also incorporates the use of calculators (four-function at grade 4 and scientific at grades 8 and 12), rulers (at all grades), protractors (at grades 8 and 12), and manipulatives such as spinners and geometric shapes into some parts of the assessment, but not all. Calculator use is permitted on approximately one-third of the test questions. NAEP provides all ancillary materials for students.

Each student who participates in the assessment will receive one test booklet. The assessment booklets will contain two 25-minute sets of test questions, as well as a short questionnaire designed to yield information about the student and school practices, such as the amount of time spent on homework or the types of instruction encountered in the classroom.

**NAEP Mathematics Framework
Distribution of Percentage of Assessment Questions
Across Content Strands and Grades**

	Grade 4	Grade 8	Grade 12
Number Sense, Properties and Operations	40%	25%	20%
Measurement	20%	15%	15%
Geometry and Spatial Sense	15%	20%	20%
Data Analysis, Statistics, and Probability	10%	15%	20%
Algebra and Functions	15%	25%	25%

MATHEMATICS BOOKLET DIRECTIONS

This assessment uses many different booklets. Each booklet has different questions. Do not worry if the person next to you is working on questions that do not look like those you are working on.

Read each question carefully and answer it as well as you can. Do not spend too much time on any one question.

For some of the questions you may need to write or draw the answer. You can see how this is done in the example below.

You may be given a calculator to use for at least one part of your booklet. If you are given a calculator, you will have to decide when to use it in each section where its use is permitted. For some questions using the calculator is helpful, but for other questions the calculator may not be helpful. After each question you will be asked to indicate whether you used the calculator.

When you receive the calculator, make sure you know how to use it. There are instructions on the back cover of this booklet to help you. If the calculator does not work or if you do not know how to use it, raise your hand and ask for help.

REMEMBER:

Read each question **CAREFULLY**.

Fill in only **ONE OVAL** for each question or write your answer in the space provided.

If you change your answer, **ERASE** your first answer **COMPLETELY**.

CHECK OVER your work if you finish a section early.

Do not go past the  sign at the end of each section until you are told to do so.

MATHEMATICS SAMPLE QUESTIONS

(More sample assessment questions are available on NAEP's Web site at <http://www.nces.ed.gov/nationsreportcard/itmrls/>)

1. In the figure below, use the protractor to draw a line m through point P perpendicular to segment AP . In the answer space provided, give the measure of the smaller angle formed by lines l and m .

Answer:

2. In 1980, the populations of Town A and Town B were 5,000 and 6,000, respectively. The 1990 populations of Town A and Town B were 8,000 and 9,000, respectively.

Brian claims that from 1980 to 1990 the populations of the two towns grew by the same amount. Use mathematics to explain how Brian might have justified his claim.

Darlene claims that from 1980 to 1990 the population of Town A had grown more. Use mathematics to explain how Darlene might have justified her claim.

HW000863

3. A certain machine produces 300 nails per minute. At this rate, how long will it take the machine to produce enough nails to fill 5 boxes of nails if each box will contain 250 nails?
- Ⓐ 4 min
 - Ⓑ 4 min 6 sec
 - Ⓒ 4 min 10 sec
 - Ⓓ 4 min 50 sec
 - Ⓔ 5 min

4. Which of the following could be the graph of a function?

This question requires you to show your work and explain your reasoning. You may use drawings, words, and numbers in your explanation. Your answer should be clear enough so that another person could read it and understand your thinking. It is important that you show all of your work.

5. The table below shows the daily attendance at two movie theaters for 5 days and the mean (average) and the median attendance.

	<u>Theater A</u>	<u>Theater B</u>
Day 1	100	72
Day 2	87	97
Day 3	90	70
Day 4	10	71
Day 5	91	100
Mean (average)	75.6	82
Median	90	72

- (a) Which statistic, the mean or the median, would you use to describe the typical daily attendance for the 5 days at Theater A? Justify your answer.

- (b) Which statistic, the mean or the median, would you use to describe the typical daily attendance for the 5 days at Theater B? Justify your answer.

This question requires you to show your work and explain your reasoning. You may use drawings, words, and numbers in your explanation. Your answer should be clear enough so that another person could read it and understand your thinking. It is important that you show all your work.

6. Describe a procedure for locating the point that is the center of a circular paper disk. Use geometric definitions, properties, or principles to explain why your procedure is correct. Use the disk provided to help you formulate your procedure. You may write on it or fold it in any way that you find helpful, but it will not be collected.

GENERAL BACKGROUND QUESTIONNAIRE

In this section, please tell us about yourself and your family. The section has 15 questions. Mark your answers in your booklet.

1. Are you Hispanic or Latino? Fill in **one or more ovals**.
 - (A) No, I am not Hispanic or Latino.
 - (B) Yes, I am Mexican, Mexican American, or Chicano.
 - (C) Yes, I am Puerto Rican or Puerto Rican American.
 - (D) Yes, I am Cuban or Cuban American.
 - (E) Yes, I am from some other Hispanic or Latino background.

2. Which of the following best describes you? Fill in **one or more ovals**.
 - (A) White
 - (B) Black or African American
 - (C) Asian
 - (D) American Indian or Alaska Native
 - (E) Native Hawaiian or other Pacific Islander

3. Does your family get a newspaper at least four times a week?
 - (A) Yes
 - (B) No
 - (C) I don't know

4. Does your family get any magazines regularly?
 - (A) Yes
 - (B) No
 - (C) I don't know

5. About how many books are there in your home?
 - (A) Few (0-10)
 - (B) Enough to fill one shelf (11-25)
 - (C) Enough to fill one bookcase (26-100)
 - (D) Enough to fill several bookcases (more than 100)

6. Is there a computer at home that you use?
 - (A) Yes
 - (B) No

7. Is there an encyclopedia in your home? It could be a set of books, or it could be on the computer.
- Ⓐ Yes
 - Ⓑ No
 - Ⓒ I don't know
8. Is there a world atlas in your home? It could be a book of maps of the world, or it could be on the computer.
- Ⓐ Yes
 - Ⓑ No
 - Ⓒ I don't know
9. About how many pages a day do you have to read in school and for homework?
- Ⓐ 5 or fewer
 - Ⓑ 6-10
 - Ⓒ 11-15
 - Ⓓ 16-20
 - Ⓔ More than 20
10. How often do you talk about things you have studied in school with someone in your family?
- Ⓐ Never or hardly ever
 - Ⓑ Once every few weeks
 - Ⓒ About once a week
 - Ⓓ Two or three times a week
 - Ⓔ Every day
11. On a school day, about how many hours do you usually watch TV or videotapes outside of school?
- Ⓐ None
 - Ⓑ 1 hour or less
 - Ⓒ 2 or 3 hours
 - Ⓓ 4 or 5 hours
 - Ⓔ 6 hours or more

12. How many days were you absent from school in the last month?
- Ⓐ None
 - Ⓑ 1 or 2 days
 - Ⓒ 3 or 4 days
 - Ⓓ 5 to 10 days
 - Ⓔ More than 10 days
13. How far in school did your mother go?
- Ⓐ She did not finish high school.
 - Ⓑ She graduated from high school.
 - Ⓒ She had some education after high school.
 - Ⓓ She graduated from college.
 - Ⓔ I don't know.
14. How far in school did your father go?
- Ⓐ He did not finish high school.
 - Ⓑ He graduated from high school.
 - Ⓒ He had some education after high school.
 - Ⓓ He graduated from college.
 - Ⓔ I don't know.
15. How often do people in your home talk to each other in a language other than English?
- Ⓐ Never
 - Ⓑ Once in a while
 - Ⓒ About half of the time
 - Ⓓ All or most of the time

READING BACKGROUND QUESTIONNAIRE

This section is about reading and writing. The section has 10 questions. Mark your answers in your booklet. Fill in only **one** oval for each question.

1. Please indicate how much you DISAGREE or AGREE with the following statements about reading and writing. Fill in **one** oval on each line.

- | | Strongly
Disagree | Disagree | Agree | Strongly
Agree |
|---|----------------------|----------|-------|-------------------|
| a. When I read books, I learn a lot. | (A) | (B) | (C) | (D) |
| b. Reading is one of my favorite activities. | (A) | (B) | (C) | (D) |
| c. Writing things like stories or letters is one of my favorite activities. | (A) | (B) | (C) | (D) |
| d. Writing helps me share my ideas. | (A) | (B) | (C) | (D) |

2. How often do you do each of the following? Fill in **one** oval on each line.

- | | Never or
hardly
ever | Once or
twice a
month | Once or
twice a
week | Almost
every
day |
|---|----------------------------|-----------------------------|----------------------------|------------------------|
| a. Read for fun on your own time | (A) | (B) | (C) | (D) |
| b. Talk with your friends or family about something you have read | (A) | (B) | (C) | (D) |
| c. Write in a private diary or journal on your own time | (A) | (B) | (C) | (D) |
| d. Write stories or poems for fun on your own time | (A) | (B) | (C) | (D) |
| e. Write e-mails to your friends or family | (A) | (B) | (C) | (D) |

3. NOT including reading that you do for school, how often do you spend time reading each of the following types of **fiction**? Fill in **one** oval on each line.

	Never or hardly ever	A few times a year	Once or twice a month	At least once a week
a. Comic books or joke books	Ⓐ	Ⓑ	Ⓒ	Ⓓ
b. Fiction books or stories (books or stories about imagined events)	Ⓐ	Ⓑ	Ⓒ	Ⓓ
c. Plays	Ⓐ	Ⓑ	Ⓒ	Ⓓ
d. Poems	Ⓐ	Ⓑ	Ⓒ	Ⓓ

4. NOT including reading that you do for school, how often do you spend time reading each of the following types of **non-fiction**? Fill in **one** oval on each line.

	Never or hardly ever	A few times a year	Once or twice a month	At least once a week
a. Biographies or autobiographies	Ⓐ	Ⓑ	Ⓒ	Ⓓ
b. Books about science (for example, nature, animals, astronomy)	Ⓐ	Ⓑ	Ⓒ	Ⓓ
c. Books about technology (for example, machines, computers)	Ⓐ	Ⓑ	Ⓒ	Ⓓ
d. Books about other countries	Ⓐ	Ⓑ	Ⓒ	Ⓓ
e. Books about history	Ⓐ	Ⓑ	Ⓒ	Ⓓ
f. Other non-fiction books	Ⓐ	Ⓑ	Ⓒ	Ⓓ

5. NOT including reading that you do for school, how often do you spend time reading each of the following types of **articles or stories**? Fill in **one** oval on each line.

	Never or hardly ever	A few times a year	Once or twice a month	At least once a week
a. Articles or stories in a newspaper	Ⓐ	Ⓑ	Ⓒ	Ⓓ
b. Articles or stories in a magazine	Ⓐ	Ⓑ	Ⓒ	Ⓓ
c. Articles or stories on the Internet	Ⓐ	Ⓑ	Ⓒ	Ⓓ

6. Now think about reading and writing you do for school. For your **English** class this year, how often do you do each of the following? Fill in **one** oval on each line.

	Never or hardly ever	A few times a year	Once or twice a month	At least once a week
a. Have a class discussion about something that the whole class has read	Ⓐ	Ⓑ	Ⓒ	Ⓓ
b. Work in pairs or small groups to talk about something that you have read	Ⓐ	Ⓑ	Ⓒ	Ⓓ
c. Write in a journal about something that you have read for English class	Ⓐ	Ⓑ	Ⓒ	Ⓓ

7. For your **English** class so far this year, how many times have you done each of the following? Fill in **one** oval on each line.

	Never	Once	2 or 3 times	4 or 5 times	6 or more times
a. Written a report or paper about something that you have read (for example, a book report)	<input type="radio"/> (A)	<input type="radio"/> (B)	<input type="radio"/> (C)	<input type="radio"/> (D)	<input type="radio"/> (E)
b. Made a presentation to the class about something that you have read	<input type="radio"/> (A)	<input type="radio"/> (B)	<input type="radio"/> (C)	<input type="radio"/> (D)	<input type="radio"/> (E)
c. Done a project about something that you have read (for example, written a play, created a web site)	<input type="radio"/> (A)	<input type="radio"/> (B)	<input type="radio"/> (C)	<input type="radio"/> (D)	<input type="radio"/> (E)

8. Think about the classes that you are taking this year. How often do you read something that is **NOT** a textbook for each of the following classes? Fill in **one** oval on each line.

	Never or hardly ever	A few times a year	Once or twice a month	At least once a week	I don't take this class
a. English class (for example, plays, fiction books)	<input type="radio"/> (A)	<input type="radio"/> (B)	<input type="radio"/> (C)	<input type="radio"/> (D)	<input type="radio"/> (E)
b. Science class (for example, science magazines, biographies of scientists)	<input type="radio"/> (A)	<input type="radio"/> (B)	<input type="radio"/> (C)	<input type="radio"/> (D)	<input type="radio"/> (E)
c. Social studies or history class (for example, books about people who lived a long time ago, real letters written a long time ago)	<input type="radio"/> (A)	<input type="radio"/> (B)	<input type="radio"/> (C)	<input type="radio"/> (D)	<input type="radio"/> (E)
d. Math class (for example, math word-games)	<input type="radio"/> (A)	<input type="radio"/> (B)	<input type="radio"/> (C)	<input type="radio"/> (D)	<input type="radio"/> (E)

BEST COPY AVAILABLE

9. For school this year, how often have you been asked to write long answers to questions on tests or assignments that involved reading?

- (A) Never
- (B) Once or twice this year
- (C) Once or twice a month
- (D) At least once a week

10. When you have reading assignments in school, how often does your teacher do each of the following? Fill in **one** oval on each line.

	Never or hardly ever	Once or twice a month	Once or twice a week	Almost every day
a. Ask you to explain or support your understanding of what you have read	(A)	(B)	(C)	(D)
b. Ask you to discuss different interpretations of what you have read	(A)	(B)	(C)	(D)

MATHEMATICS BACKGROUND QUESTIONNAIRE

This section has 11 questions. Mark your answers in your booklet. Fill in only **one** oval for each question.

1. How much do you agree with each of the following statements? Fill in **one** oval on each line.

	Strongly Disagree	Disagree	Undecided	Agree	Strongly Agree
a. I like mathematics.	Ⓐ	Ⓑ	Ⓒ	Ⓓ	Ⓔ
b. I am good at mathematics.	Ⓐ	Ⓑ	Ⓒ	Ⓓ	Ⓔ
c. I understand most of what goes on in mathematics class.	Ⓐ	Ⓑ	Ⓒ	Ⓓ	Ⓔ
d. There is only one correct way to solve a mathematics problem.	Ⓐ	Ⓑ	Ⓒ	Ⓓ	Ⓔ
e. Learning mathematics is mostly memorizing facts.	Ⓐ	Ⓑ	Ⓒ	Ⓓ	Ⓔ
f. Mathematics is useful for solving everyday problems.	Ⓐ	Ⓑ	Ⓒ	Ⓓ	Ⓔ
g. If I had a choice, I would not study any more mathematics.	Ⓐ	Ⓑ	Ⓒ	Ⓓ	Ⓔ
h. All students can do well in mathematics if they try.	Ⓐ	Ⓑ	Ⓒ	Ⓓ	Ⓔ

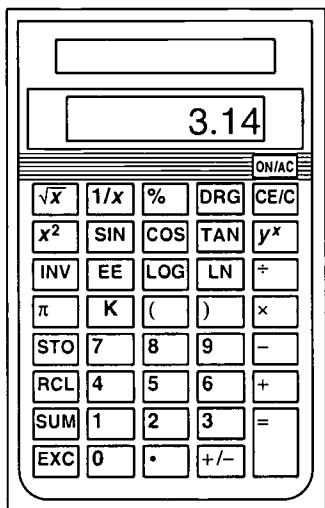

2. Which courses have you taken from eighth grade to present? You should fill in more than one oval in each row if you have taken a course of that description more than once. If you have never taken a particular course, fill in the oval in the column "Course not taken." Fill in at least one oval in each row.

	Course not taken	I took this course in Grade 8	I took this course in Grade 9	I took this course in Grade 10	I took this course in Grade 11	I took this course in Grade 12
a. General mathematics	(A)	(B)	(C)	(D)	(E)	(F)
b. Business or consumer mathematics	(A)	(B)	(C)	(D)	(E)	(F)
c. Applied mathematics or tech prep	(A)	(B)	(C)	(D)	(E)	(F)
d. Introduction to algebra or prealgebra	(A)	(B)	(C)	(D)	(E)	(F)
e. First-year algebra	(A)	(B)	(C)	(D)	(E)	(F)
f. Geometry	(A)	(B)	(C)	(D)	(E)	(F)
g. Second-year algebra, with or without trigonometry included	(A)	(B)	(C)	(D)	(E)	(F)
h. Trigonometry (as a separate course)	(A)	(B)	(C)	(D)	(E)	(F)
i. Precalculus, third-year algebra, elementary functions, or analysis	(A)	(B)	(C)	(D)	(E)	(F)
j. Unified, integrated, or sequential mathematics	(A)	(B)	(C)	(D)	(E)	(F)
k. Probability or statistics	(A)	(B)	(C)	(D)	(E)	(F)
l. Discrete or finite mathematics	(A)	(B)	(C)	(D)	(E)	(F)
m. Calculus	(A)	(B)	(C)	(D)	(E)	(F)
n. Other mathematics course	(A)	(B)	(C)	(D)	(E)	(F)
o. Computer programming	(A)	(B)	(C)	(D)	(E)	(F)

Questions 3–11. If you are not taking math this year, stop here. If you are taking math this year, please complete the remainder of this section.

3. When you do mathematics in school, how often do you do each of the following? Fill in only one oval on each line.

	Never or hardly ever	Once or twice a month	Once or twice a month	Almost every day
a. Do mathematics problems from textbooks	(A)	(B)	(C)	(D)
b. Solve mathematics problems with a partner or in small groups	(A)	(B)	(C)	(D)
c. Write a few sentences about how you solved a mathematics problem	(A)	(B)	(C)	(D)
d. Talk with other students during class about how you solved mathematics problems	(A)	(B)	(C)	(D)
e. Use a computer	(A)	(B)	(C)	(D)
f. Use a calculator	(A)	(B)	(C)	(D)

4. A calculator like the one shown above is a scientific calculator. It has keys with labels Y^x , LN, π , COS. Do you use a scientific calculator for your mathematics schoolwork?
- (A) Yes
(B) No
5. A calculator like the one shown above is a graphing calculator. It can draw a graph in the viewing window. Do you use a graphing calculator for your mathematics schoolwork?
- (A) Yes
(B) No

BEST COPY AVAILABLE

6. A calculator that can do what is shown above is called a symbol manipulator or a computer algebra system. It can work with algebraic expressions directly, and it also has all the functions of graphing calculators. Do you use a symbol manipulator for your mathematics schoolwork?

- (A) Yes
- (B) No

7. For mathematics class, how often do you use a calculator for each of the following activities? Fill in **one** oval on each line.

	Never or hardly ever	Once or twice a month	Once or twice a week	Almost every day
a. Classwork	(A)	(B)	(C)	(D)
b. Homework	(A)	(B)	(C)	(D)

8. How often does your teacher let you use a calculator for tests or quizzes?
- (A) Never
 - (B) Sometimes
 - (C) Always
9. About how much time do you usually spend each **day** on mathematics homework?
- (A) I am not taking mathematics this year.
 - (B) None
 - (C) 15 minutes
 - (D) 30 minutes
 - (E) 45 minutes
 - (F) One hour
 - (G) More than one hour
10. Are you currently enrolled in or have you taken an Advanced Placement course in mathematics? Fill in ovals for all that apply.
- (A) Yes, I am enrolled in or have taken Advanced Placement Calculus AB.
 - (B) Yes, I am enrolled in or have taken Advanced Placement Calculus BC.
 - (C) Yes, I am enrolled in or have taken Advanced Placement Statistics.
 - (D) No, I have never taken an Advanced Placement mathematics course.
11. Are you currently enrolled in or have you taken International Baccalaureate courses in mathematics?
- (A) Yes
 - (B) No

National Assessment of Educational Progress
2003 Assessment
Reading and Mathematics

**Information About National Assessment of
Educational Progress**

PROJECT MISSION. NAEP is authorized by Congress and directed and funded by the U.S. Department of Education (National Center for Education Statistics) to report on what American students know and can do in key academic subjects. It has produced more than 600 reports in its 33-year history, chronicling trends over time in the performance of 9-, 13-, and 17-year-old and fourth-, eighth-, and twelfth-grade students. The results are reported in the aggregate for large groups; no student or school data are reported. Information is reported by average proficiency; achievement levels; racial/ethnic and gender status; region; type of school; parents' education level; teachers' emphases; and a variety of school supports for learning. It is important to note that student participation is voluntary and confidential.

THE CONTENT OF NAEP. By law, for each subject assessed, the National Assessment Governing Board (NAGB) manages the development of frameworks detailing what students reasonably might be expected to know and do. These frameworks are the "blueprints" for developing tasks that measure the content specified. Schools selected for the 2003 assessment will receive NAEP's frameworks for reading and mathematics. For information on additional framework development, please contact Mary Crovo of the National Assessment Governing Board at 202-357-6941.

OBTAINING NAEP SAMPLE QUESTIONS. Most NAEP questions and tasks are not generally released to the public, because these materials are reused in future assessments, and thus must be kept secure if the project is to accurately report trends in academic performance. However, about 25 percent of the questions from each assessment are typically designated for public release, and each NAEP report contains a sample of actual test questions. The questions released for public use can be obtained from the National Center for Education Statistics, NAEP Released Exercises, 1990 K Street, NW, Washington, DC 20006. Also, previously released questions may be viewed on and downloaded from the NCES Web site at <http://nces.ed.gov/nationsreportcard>.

REVIEW OF SECURE NAEP QUESTIONS. Upon written request, adult members of the public may review NAEP questions and instruments, consistent with requirements for test security. These arrangements must be made in advance of the local administration date(s) so that sufficient materials can be available and interested persons can be notified about the location and time of the examination. Those persons reviewing the assessment may not, however, remove the booklets from the room, copy them, or take notes. These requests may be made by contacting the National Center for Education Statistics at 202-502-7420.

FOR FURTHER INFORMATION. For prompt field staff support on the above-mentioned matters, or any other concerns, please call 800-283-6237.
