ABSTRACT

This brief provides statistical information on U.S. traffic accidents delineated by state. A map details the 2001 traffic fatalities by state and the percent change from 2000. Data tables include: (1) traffic fatalities and fatality rates, 2001; (2) traffic fatalities and percent change, 1975-2001; (3) alcohol involvement in fatal traffic crashes, 1991 and 2001; (4) speeding-related traffic fatalities by road type and speed limit, 2001; (5) passenger car occupants and motorcyclists killed, 2001; (6) traffic fatalities and vehicles involved in fatal crashes, 2001; (7) fatalities in the bed of pickup trucks by age, 2001; (8) key provisions of safety belt use laws, and belt use rates as of December 2001; (9) child passenger protection laws as of December 2001; (10) impaired driving high-priority legislation as of December 2001; and (11) status of state motorcycle helmet use requirements as of December 2001. The data indicate a 5 percent decrease in the number of traffic fatalities between 1975 and 2001. (KB)

*Of the total number of speeding-related fatalities in 2001, 5,627 occurred on roads with posted speed limits between 55 and 65 mph, and 914 occurred on roads with speed limits above 65 mph.

Notes: Totals may not equal sum of components due to independent rounding. The total column for speeding-related fatalities includes fatalities that occurred on roads for which the speed limit was unknown.

(1) Table covers laws applicable to children under 16 years old. (2) All States have laws requiring front seat occupants under 16 years of age to be restrained by seat belts or child safety seats. (3) Or less than 60 pounds. (4) Second or subsequent offense. (5) And less than 40 pounds. (6) Third offense can result in 1 year imprisonment. (7) Children under 12 years old and less than 66 inches tall may not occupy front seat if equipped with passenger-side airbag. (8) Subsequent offenses can result in 30 days imprisonment. (9) Children under age 6 must be transported in the back seat. (10) Can result in 30 days imprisonment. (11) Seat belts can be substituted only if the size and weight of the child make the use of a seat belt practical and the use of a child restraint device impractical.

Notes: An "administrative per se law" refers to a statute that allows a state's driver licensing agency to either suspend or revoke a driver's license based either on a specific alcohol (or drug) concentration or on some other criterion related to alcohol or drug use and driving. Such action is completely independent of any licensing action related to a DWI criminal offense. The term "illegal per se" refers to state laws that make it a criminal offense to operate a motor vehicle at or above a specified alcohol (or drug) concentration in the blood, breath, or urine. In those columns showing mandatory sanctions, a "blank" space does not mean that a state does not have a sanction. It only means that the state does not have a mandatory sanction for that offense or violation.
