ABSTRACT

This compendium presents data about aspects of the Ontario University System, Canada. It is a companion to the "Financial Report of Ontario Universities," the annual series of volumes prepared under the auspices of the Council of Financial Officers-Universities of Ontario (COFO-UO). The Compendium contains supplementary information on Ontario universities that helps put the COFO-UO financial data in context and facilitates the interpretation of the financial reports. Emphasis has been placed on data that may have a significant bearing on various components of institutional revenue and expenditures. A broad spectrum of data are presented in this report: intake of first year students, full- and part-time enrollment, degrees awarded, university physical space, library collections, residence accommodation, and selected financial information. These data provide a perspective that enables the reader to recognize the differences in Ontario universities. The COFO-UO financial reports are prepared from submissions by each of the provincially assisted universities and federated and affiliated colleges in Ontario. The sections are: (1) Socio-Economic Statistics of Ontario; (2) Higher Education Statistics of Ontario; (3) Enrollment, Applications, and Degrees at Ontario Universities; (4) University Statistics; (5) Financial Statistics; (6) Financial Information for All Universities and Federated and Affiliated Colleges (on a Consolidated Basis); (7) Financial Information for All Universities and Federated and Affiliated Colleges 1997-98 to 2001-02 (on a Consolidated Basis); and (8) Total Revenue and Expense Statements for Each University and Its Federated and Affiliated Colleges 2001-02 (on a Consolidated Basis). (Contains 16 figures and 58 tables.) (SLD)

PURPOSE OF THIS REPORT

This report is a companion volume to the *Financial Report of Ontario Universities*, the annual series of volumes prepared under the auspices of the Council of Finance Officers - Universities of Ontario (COFO-UO). The compendium contains supplementary information on Ontario universities that helps put the COFO-UO financial data in context and facilitates interpretation of the financial reports. To that end, the emphasis has been placed on data that may have a significant bearing on various components of institutional revenue and expenditures. A broad spectrum of data is shown in this report; intake of first year students, full and part-time enrolment, degrees awarded, university physical space, library collections and residence accommodation, in addition to selected financial information. This data provides a perspective which enables the reader to recognize the differences in Ontario's universities. Information contained in the compendium is, for the most part, available from other COU publications or public agencies. In particular, readers of this report are directed to the COU publications *Facts and Figures* and *Ontario Universities Resource Document*.

The COFO-UO financial reports have been compiled from submissions prepared by each of the provincially-assisted universities and federated and affiliated colleges in Ontario. Those submissions have been prepared in accordance with Guidelines established by COFO-UO. The guidelines and reporting forms are generally consistent with those followed in previous years and may be found in Volume I of the COU publication *Financial Report of Ontario Universities*.

Readers are invited to forward their comments on the *Compendium*. In particular, feedback from users of this report in Ontario universities would be welcomed.

GENERAL CAVEAT

Certain of the summary data in this report are subject to interpretation or clarification because of inherent differences among institutions in academic programs, organization, physical environment, management philosophy and budgetary and accounting procedures.

CAVEAT ON COMPARISONS OF HISTORICAL COFO-UO FINANCIAL DATA

A new set of guidelines and reporting forms were first implemented for the 1998-99 COFO-UO report on the financial activities of Ontario universities and affiliated and federated colleges. As a consequence, readers of the COFO-UO series of reports may notice a number of differences in the tables between the pre-1998-99 and post-1998-99 reports. A number of new tables have been added and tables similar to those in the pre-1998-99 reports may be numbered differently. In addition, while many of the row and column headings may appear to be the same, there may be differences in the definitions employed in the two sets of reports. Major changes in the guidelines are outlined below.

- Reporting of revenue, expenses and cost recoveries in pre-1998-99 editions of the COFO-UO report were done using a *net reporting* approach. Beginning in 1998-99, the reporting guidelines require that these items be reported on a *gross reporting* basis.
- Endowment funds may be reported at *book value* by some institutions and at *market value* by others. Readers should refer to institutional financial statements.
- Under *Revenue - Sources*, the category *Tuition Fees* beginning in 1998-99 includes fees reported in previous years in the categories *Tuition Credit* and *Tuition Non-Credit*.
- Under *Expenses - Functional Areas*, *Academic Support* is a new category commencing in 1998-99 which includes the registrar and admissions offices and research administration (formerly reported under Administration). *Administration and General* is a revised category which includes expenses reported prior to 1998-99 under Administration, as well as the administration of occupational health and safety, professional fees (legal and audit), convocation and ceremonies and insurance which had formerly been reported under Other. *External Relations* is a new category which includes expenses reported under Administration before 1998-99. Note: In the 1998-99 report only, there was no separate category for *central computing and communications*. *Academic computing* was reported under Academic Support and *administrative computing* was reported under Administration and General.
- Under *Object of Expense*, *Operational Expenses and Supplies* commencing in 1998-99 includes expenses formerly reported under operational expenses and supplies as well as costs of goods sold, municipal taxes and miscellaneous. *Travel* is a new category beginning in 1998-99 which includes expenses formerly reported under miscellaneous.

In addition, there have been a number of less obvious factors that have influenced COFO-UO reporting practices over recent years.

Expanded Definition of Operating Fund

For a variety of reasons, although principally for accountability and transparency, the working definition of the *operating fund* for COFO-UO purposes has been broadened to include certain *restricted* income and expense items that were reported in the Trust and Endowment Fund in the past. For example, investment income, some donations, and some endowment income may now be reported in the Operating Fund to support such expense items as endowed chairs, scholarships and government sponsored matching programs.

Expanded Definition of Sponsored Research Fund

The introduction of **Entities Not Consolidated** permits Ontario universities and affiliated and federated colleges to separately report sponsored research that is granted to faculty members of the university, but paid to entities that are separate and distinct from the university. The best example is hospital-based research where the funding flows to the hospital and the research is conducted at the hospital. The financial activities related to such hospital-based research are excluded from the audited financial statements of the university. Expanding the definition of sponsored research results in a more complete reporting of research activities performed by university faculty members. The impact of this change on both revenue and expenses is quantified on Tables 2 and 4.

Changed Funding Practices

The introduction of new funding arrangements to finance specific university activities has had a major impact on the revenue and expense figures reported in the Operating Fund. To illustrate:

- The introduction of the *Alternative Funding Program* at Queen's has a direct impact on institutional income and expenditures as \$45-50 million of what was primarily OHIP fee revenue that was formerly paid directly to physicians is now provided as a "grant" from MOHLTC and reported under "Other Ontario Government Grants" in the Operating Fund.
- Programs such as ATOP require *private sector matches* that inflate both the income and expenses on a one-time basis. Moreover, some of those funds are actually gifts-in-kind and thus may not, and should not, be construed as providing additional resources in the same way as government operating funds or regular tuition fee income. By definition, gifts-in-kind are the most *restricted* contributions, providing no discretionary funding.

- The introduction of more full cost-recoverable programs (some voluntary, some mandatory) has increased *tuition fee* income by an amount that overstates the funding actually available for all students. For example, tuition for private MBA programs is used to finance the substantial costs associated with those programs and therefore it is completely misleading to think that any of the increase in tuition fee income for these programs is used to support the general student body. It is estimated that tuition fees for these programs in 1999-00 may have been approximately \$50 million.
- The introduction of more *ancillary fees* to recover costs is yet another area that has changed markedly in the last several years as institutions scramble to deal with funding uncertainty and seek out new sources of revenue and students opt to pay for basic additional services. Changed reporting practices may have added approximately \$100 million in the period 1990-91 to 1999-00.
- Much of the increase in the operating fund for *donations* is due to matching programs and the crediting of funds that would have otherwise been in Trust and Endowment. Similarly some part of *investment income* is simply reflecting a transfer of funds that would in earlier years have been reported in Trust and Endowment. Finally, under *Miscellaneous revenue* there would be other revenues that in the past may well have been treated as *recoverable charges* rather than *revenue*. It is estimated that these factors may have added over \$50 million in an apparent revenue increase in the period 1990-91 to 1999-00.

Discontinuity in Summary Tables

In 2001-02 Dominican College was moved from Volume II - Affiliated and Federated Colleges and Universities - to Volume I - Universities. In pre- 2001-02 editions Dominican was included in summary tables for affiliated and federated colleges and universities. From 2001-02 it is included in summary tables for universities. This will affect studies which include a time series.

Readers of this report who need a better understanding of the differences in the figures between years should contact the individual institution for more information. Readers who wish to compare COFO-UO data over a number of years should exercise caution - a significant amount of what might appear to be increased operating revenue and the associated expense is little more than re-categorizing from other funds and/or reflective of changed financial reporting.

FINANCIAL STATISTICS

NOTE ON CONSOLIDATED FINANCIAL INFORMATION

In Sections E, F, G and H of this compendium, reference is made to financial information for universities and federated and affiliated colleges reported on a *consolidated basis*. This reflects the fact that financial information reported by federated and affiliated institutions (shown in Volume II of the *Financial Report of Ontario Universities*) cannot be simply added to the financial information reported by the parent university (shown in Volume I of the *Financial Report of Ontario Universities*) without certain adjustments. These adjustments account for the *net* effect of exchanges in personnel, resources and facilities that take place between a university and its federated and affiliated institutions. The consolidated summary tables and the consolidated revenue and expense statements for each university and its affiliated institutions shown in Sections E, F, G and H of this compendium reflect these adjustments.
