## ABSTRACT

Intended for parents as a companion to the Alberta Curriculum Guides, this summary, in English- and French-language versions, uses an "at a glance" schematic to list the curricular goals for Grade 1 in Alberta. In addition to English language arts, mathematics, science, and social studies, goals cover health and life skills, physical education, optional subject areas (drama and languages other than English), and supports for learning, such as early literacy and special needs. The summary includes parent information on accessing additional information about the curriculum and learning resources, other languages that may be available at a child's school, and Web sites for additional information on education in Alberta. Le programme d'études de chaque matière décrit ce que les élèves doivent apprendre. Le Ministère élabore chaque programme en consultation avec le personnel enseignant et administratif, les parents, des représentants d'établissements postsecondaires ainsi que des représentants des groupes professionnels et communautaires.

Les enseignants planifient leur enseignement à partir de ces programmes, tout en tenant compte des besoins et habiletés de leurs élèves. Ils évaluent les progrès de leurs élèves sur une base régulière et communiquent les résultats aux élèves, à leurs parents et aux administrateurs. Le Ministère administre des tests de rendement en 3<sup>e</sup>, 6<sup>e</sup> et 9<sup>e</sup> année.

## L'éducation francophone

L'éducation en français langue première s'adresse aux élèves de parents francophones qui désirent développer et maintenir chez leur enfant la langue française comme langue première. Elle assure aux élèves une éducation de qualité en français, dans le cadre de la culture et de la communauté francophones.
