Success for All Schools in Upstate New York Continue Gains on ELA

Schools in Upstate New York using the Success for All reading program continue to make significant gains on the state's English Language Arts (ELA) assessments. From 2000 to 2004, fourth graders in Success for All schools gained 7.7 percentage points in students scoring proficient or better on the state test, more than double the gain in the state as a whole (3.5 points).

Schools making particularly outstanding gains include:

- S.G. Love Elementary in Jamestown: 34.5%
- Friendship Central Elementary in Friendship: 23.5%
- John M. Marshall Elementary in East Hampton: 15.3%

The 2004 ELA results reflect both earlier findings in New York State and those in other states throughout the U.S., confirming that students in Success for All schools gain more than other students on state accountability measures.

Success for All is the most extensively researched of all comprehensive reform models for Title I elementary schools. It incorporates scientifically based principles of reading, cooperative learning, professional development, tutoring, and family support.

The Success for All Foundation is a non-profit organization that develops and disseminates educational reform models originally developed at Johns Hopkins University. For additional information on Success for All programs and research reports on program effectiveness, contact the Success for All Foundation at 1-800-548-4998 or visit our web site, www.successforall.net.
