Section 1: Purpose of the Report

lowa's 15 Community Colleges offer thousands of credit and non-credit courses. The 2005 Condition of lowa Community Colleges report will review lowa Community College programs and related services. The report is supported by Management Information System (MIS) data, as reported by lowa Community Colleges to the lowa Department of Education, Bureau of Community Colleges and Career and Technical Education and additional references, which are identified in the body of the report. Data are based on Fiscal Year 2001, Fiscal Year 2002, Fiscal Year 2003, Fiscal Year 2004 and Fiscal Year 2005. Substantiate changes to community college programs and reporting procedures including a conversion to 2000 CIP codes affect the comparison of Fiscal Year 2004 and Fiscal Year 2005 data with previous years.

Additional Iowa Community College data and reports are available on the Bureau of Community Colleges and Career and Technical Education's web site: www.state.ia.us/educate/ccwp/cc/reports.html.

The report is comprised of the following basic sections:

<u>lowa Community Colleges</u>: A history of lowa's Community Colleges and reference to lowa Code, Chapter 260C.1, which is the statement of policy describing educational opportunities and services provided.

<u>Fall Credit Enrollment</u>: A variety of reports including, fall credit headcount and total credit hours, with full-time and part-time student enrollment data. Credit Arts and Science program and Career and Technical Education program totals.

<u>Fiscal Year Credit Enrollment</u>: A variety of reports including, year-end headcount and total credit hours, with full-time and part-time student enrollment data. Credit Arts and Science program and Career and Technical Education program totals, and majors by occupational program cluster.

<u>Fiscal Year Credit Student Demographics</u>: Consists of gender, age, racial/ethnic background, and residency of credit students.

<u>Fiscal Year High School Credit Enrollment</u>: Year-end headcount and credit hours of high school students taking postsecondary credit, with full-time and part-time student enrollment data. This section also includes demographic information consisting of gender and racial/ethnic background.

<u>Fiscal Year Credit Student Awards</u>: Credit awards, certificates, diplomas, and/or degrees granted including awards broken down by racial/ethnic background and awards by program major listed by gender.

Non-Credit Enrollment and Programs: Programs and services provided through non-credit divisions of community colleges. Non-credit enrollments by occupational program cluster and a variety of program area enrollments are presented.

Community College Programs: New programs for Fiscal Year 2005.

<u>Performance Indicators</u>: Reports on set of eight performance indicators approved by the Iowa State Board of Education.

<u>Success of Community College Credit Students</u>: Reports include a 3-year award rate, data from the lowa Board of Regents referring to lowa Community College transfer students and four-year graduation rates data. An additional report identifies the number of credit students currently enrolled in community colleges who have completed the General Educational Development (GED) diploma. Average cost of colleges as well as geographic location of alumni is also covered.

<u>Adult Literacy Program</u>: Highlights of Program Year 2005 Adult Literacy Program accomplishments.

Economic Development: Training and retraining programs provided by community colleges in cooperation with the Iowa Department of Economic Development. Enrollments and occupational types of programming include Iowa Industrial New Jobs Training Programs (260E), Iowa Jobs Training Programs (260F), and Accelerated Career Education (ACE 260G).

<u>Apprenticeship Programs</u>: Reports on Apprenticeship programs provided by Iowa Community Colleges.

<u>Human Resources</u>: Staff of Iowa Community Colleges is reported within categories of Administration, Instructional, Professional, Secretarial & Clerical, and Service. This section includes comparison salary reports from *The Chronicle of Higher Education*.

<u>Financial</u>: Revenues by Source, Expenditures by Category, and Expenditures by Function. Full-Time Equivalent Enrollment (FTEE) calculation for State General Aid information is presented. State General Aid appropriation amounts and State General Aid increase/decrease compared to the salary expenditure increases.

<u>Tuition and Fees</u>: Costs to students of Iowa Community Colleges, Regent Institutions, and surrounding states are compared.

<u>Financial Aid</u>: Data obtained from the Iowa College Student Aid Commission present information on financial aid received by students.

Glossary: Definitions of terms utilized through the Condition of Iowa Community Colleges 2005 Report.

<u>Appendices</u>: Community College Management Information System (MIS) data broken down by community college, which supports the tables in the text of the report.

Section 2: Iowa Community Colleges

"The mission of Iowa's System of Community Colleges in the 21st Century is to provide world-class educational and community services to meet the needs of the people of Iowa."

Source: "Shaping the Future: A Five-Year Plan for Iowa's System of Community Colleges, 2001"

Community colleges have an "open door" policy, which means that nearly everyone who applies may be accepted.

Each of the 15 community colleges offers comprehensive programs including Arts and Science, College Transfer (Parallel) courses, Career and Technical Education programs, training and retraining programs for the workforce of lowa's businesses and industries, and a variety of adult education and non-credit courses for residents of each community college district.

<u>History of Iowa's Community Colleges</u>

Mason City schools established the first two-year postsecondary educational institution in Iowa in 1918. At the time this junior college was organized, there was no law authorizing two-year postsecondary educational programs. Mason City Junior College proved to be successful and was accredited by the North Central Association of Colleges and Schools in 1919.

Additional public junior colleges were organized beginning in 1920, and the movement spread rapidly, until, by 1930, at least 32 towns and cities in lowa had organized public junior colleges as part of their public school systems.

In 1927, the 42nd General Assembly passed the first law authorizing the establishment of public junior colleges. The law permitted the establishment of schools offering instructional programs at a level higher than an approved four-year high school course. The colleges had to be duly authorized by the voters and approved by the State Superintendent of the Iowa Department of Public Instruction (now the Director of the Iowa Department of Education). Such colleges were able to include postsecondary courses of one or two years. The Superintendent was authorized to prepare standards and to provide adequate inspection of these junior colleges.

The lowa public junior college movement reached its crest in 1927 when nine public junior colleges were organized. After the year 1930, no public junior colleges were organized until 1946, when Clinton Junior College was founded. In 1931, the 44th General Assembly approved the first restriction to the development of public junior colleges, prohibiting the establishment of a public junior college in any school district having a population of less than 20,000. The 49th General Assembly in 1941 reduced the population requirement to 5,000.

Between the years 1918 and 1953, a total of 35 different public junior colleges were established through the operation of public school districts. Some of these colleges closed, although 10 of the closed colleges later reopened. The enrollment trend steadily increased over the years with the exception of the World War II years. During the 1955-66 decade, which immediately preceded the initiation of a community college system, enrollment almost quadrupled. By 1965, 16 public junior colleges were operating in lowa and the total enrollment during the fall semester of the 1965-66 school year was 9,110. Local public school districts operated colleges; a dean who reported directly to the local superintendent administered each. These institutions offered arts and science programs equivalent to the first two years of the baccalaureate program and a limited number of occupational programs and adult education opportunities.

In 1958, Congress initiated a development parallel to the public junior college movement. Title VIII of the National Defense Education Act (NDEA) made federal funds available to states on a matching basis to develop area vocational programs. To implement this legislation, the lowa State Board of Education modified the state vocational education plan to make local school 4districts and Iowa State University eligible to operate as "area schools." This legislation included a specific allocation of funds to develop area vocational programs under NDEA's Title VIII, a designation of area vocational-technical high schools, and the authorization for tuition-paying students to attend these schools and programs.

The lowa State Board of Education eventually designated a total of 15 schools as area vocational-technical high schools. These schools were also designated as area schools for the purposes of Title VIII, and were to be used to initiate programming for the Manpower Development and Training Act. A total of 1,816 full-time day students enrolled in postsecondary vocational programs for the 1965-66 school year; the majority entered programs administered by agencies operating the area vocational-technical high schools or programs.

Even though public junior colleges and area vocational-technical high schools offered some opportunities for arts and science and preparatory vocational education, enrollment opportunities were limited for most lowans. In 1959, the 58th General Assembly appropriated \$25,000 to the lowa Legislative Research Bureau to conduct a policy study of the needs of higher education in lowa. Included in this report was a recommendation to establish regional community colleges. The report also contained the recommendation that the state pay at least half the cost of building and operating these colleges. As a result of this study, the General Assembly directed the lowa Department of Education to conduct a two-year study of the need to develop a statewide system of public community colleges. Legislators indicated that this study should investigate the availability of vocational and technical education in lowa high schools and provide recommendations for improving this education.

The lowa Department of Education submitted its report, "Education Beyond High School Age: The Community College", to the General Assembly in December 1962. The report made recommendations and proposed enabling legislation. It recommended restructuring the county educational system and forming 16 area education districts whose boundaries should be drawn along existing school district lines. These districts were intended to provide programs and services that would complement those provided by local school districts. It was envisioned that the area districts would also serve as a legal structure through which a statewide system of community colleges could be developed.

In 1963, the 60th General Assembly took no action on the report. However, an interim legislative committee concluded that it would be appropriate to put vocational and two-year college education together in a single comprehensive system. Staff of the lowa Department of Education worked closely with various groups throughout the state, and arrived at conclusions similar to those of the interim committee. Passage of the Vocational Education Act of 1963 provided additional impetus to this planning.

After receiving the interim committee's report in 1964, the 61st General Assembly in 1965 enacted legislation that permitted the development of a statewide system of two-year postsecondary educational institutions, identified as "merged area schools." The lowa Department of Education was to direct the operation of the development of merged area schools as either area community colleges or area vocational schools.

Legislation authorizing merged area schools, which are now referred to as "community colleges," provided for fiscal support for these institutions through a combination of student tuition and federal, state, and local funds. These resources included a local three-quarter mill levy on the property within the merged area for operational purposes, and an additional three-quarter mill levy for the purchase of sites and construction of buildings. State general aid was distributed to community colleges on the basis of \$2.25 per day for the average daily enrollment of full-time students and the full-time equivalent of part-time students who were residents of lowa. The 63rd General Assembly changed this formula in 1969 to provide for the payment of state aid equivalent to the full-time equivalent enrollment determined on the basis of actual contact hours of instruction. Individual colleges were granted authority to establish tuition rates, except that tuition was not to exceed the lowest tuition rate charged by any one of lowa's three Regent Universities.

Legislation approved in 1965 was enthusiastically received. The lowa Department of Education received the first plan for a community college on July 5, 1965; one day after the legislation was effective. Plans for the other community colleges followed in quick succession. Fourteen (14) community colleges were approved and organized in 1966, and a 15th in January 1967. Fourteen of these community colleges began operation during the 1966-67 school year. (Although the original plans called for 20 areas that was quickly reduced to 16. Then, two of the areas merged as the plan was being implemented.)

Seven (7) districts were originally approved as Area Community Colleges: (2004 names)

North Iowa Area Community College Iowa Lakes Community College Iowa Central Community College Iowa Valley Community College District Eastern Iowa Community College District Des Moines Area Community College Southeastern Community College

The remaining eight were approved as Area Vocational Schools: (2004 names)

Northeast Iowa Community College Northwest Iowa Community College Hawkeye Community College Kirkwood Community College Western Iowa Tech Community College Iowa Western Community College Southwestern Community College Indian Hills Community College

Currently, all 15 operate as comprehensive community colleges, offering arts and science (college transfer), vocational preparatory, and adult and continuing education programs. In 1987, Hawkeye Community College, the final lowa college operating as a vocational school, received approval to operate as a comprehensive community college.

In 1989, the 73rd General Assembly passed Senate File 449, requiring that secondary vocational programs be competency based, and that the competencies be articulated with postsecondary vocational education. This resulted in increased cooperation between local education agencies and the community colleges and a growth in programs in which high school students are awarded college credit for coursework completed in these articulated and 2+2 programs.

In 1999, the 78th General Assembly passed House File 680 mandating the Department of Education convene a committee to identify and study options for restructuring the governance of Iowa's Community Colleges. The report, which was submitted to the Legislature in December 1999, reaffirmed the existing governance structure of Iowa's Community Colleges, with locally elected boards of directors and the State Board of Education with responsibility for statewide oversight and coordination. The study recommended the development of a statewide strategic plan for the system of community colleges.

House File 2433 mandates the development of a statewide strategic plan for the statewide system of community colleges. It was approved by community college presidents, the lowa Association of Community College Trustees, and the State Board of Education, and forwarded to the legislature by July 2001. Specific goals included:

- Provide high quality, comprehensive educational programs and services accessible to all lowans.
- 2. Develop high-skilled workers to meet the demands of lowa's changing economy.
- 3. Maximize financial and human resources to assure provision of comprehensive community college services to lowans and to allow lowa to compete on a national and international level.
- 4. Demonstrate effectiveness and efficiency for achieving the system mission and goals.

In January 2003, the State Board of Education amended the Community College Strategic Plan to include a fifth goal:

5. Recruit, enroll, retain, and/or graduate persons of underrepresented groups (i.e., gender, race/ethnicity, socioeconomic status) in all programs.

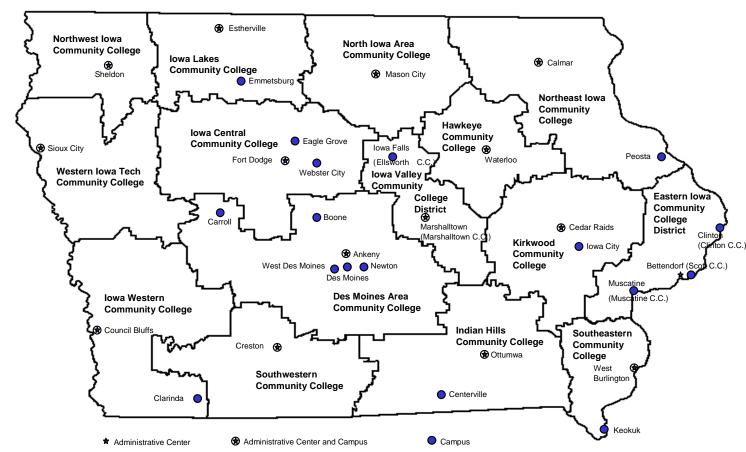

Within 6 months of implementing HF 2433, a progress report was published summarizing statewide and local community college responses to the five-year plan, "Shaping the Future". Annual progress reports are compiled by the Department of Education and presented to the State Board of Education.

Iowa Code

The statement of policy describing the educational opportunities and services to be provided by community colleges is included in Section 260C.1 of the lowa Code. This statement of policy identifies the following as services that should be included in a community college's mission.

- The first two years of college work, including pre-professional education.
- · Vocational and technical training.
- Programs for in-service training and retraining of workers.
- Programs for high school completion for students of post-high school age.
- Programs for all students of high school age who may best serve themselves by enrolling in vocational and technical training, while also enrolled in a local high school, public or private.
- Programs for students of high school age that provide advanced college placement courses not taught at a student's high school while the student is also enrolled in the high school.
- Student personnel services.
- · Community services.
- Vocational education for persons who have academic, socioeconomic, or other handicaps that prevent succeeding in regular vocational education programs.
- Training, retraining, and all necessary preparation for productive employment of all citizens.
- Vocational and technical training for persons who are not enrolled in a high school and who have not completed high school.
- Developmental education for persons who are academically or personally under prepared to succeed in their program of study.

Section 3: Fall Credit Enrollment

Fall Credit Enrollment

lowa Community College fall enrollment figures are based on student enrollment on the 14th day of the fall term, which are electronically transmitted to the lowa Department of Education. As shown in Figure 1 and Table 1, fall credit enrollment has increased each year, with Fall 2002 increasing 5,157 students (7.50%) over Fall 2001, Fall 2003 increasing 4,334 students (5.86%) over Fall 2002, Fall 2004 increasing 3,522 students (4.50%) over Fall 2003, and Fall 2005 increasing 696 students (0.85%) over Fall 2004. Over this five-year time period, enrollments increased a total of 13,709 students (19.93%). Full time students comprise 50.22% of enrollment in Fall 2005.

FIGURE 1 – Fall Full-Time and Part-Time Credit Enrollment Fall 2001 to Fall 2005

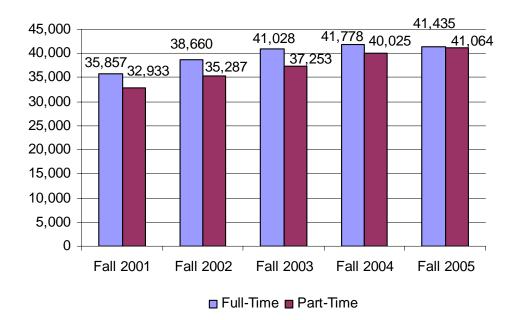

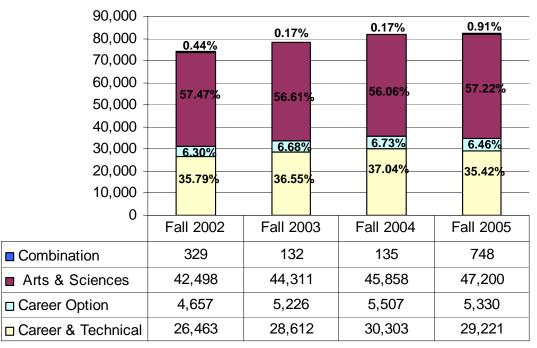

TABLE 1 – Fall Full-Time and Part-Time Credit Enrollment Fall 2001 to Fall 2005

Fall	- *		Full-Time Part-Time		То	tal	Total Growth Prior Year *

Fall 2005	41,435	50.22%	41,064	49.78%	82,499	100.00%	696	0.85%	

^{*} Fall 2000 Full-Time Credit Enrollment totaled 34,047; Part-Time Credit Enrollment totaled 31,426; Total Enrollment 65,473. Source: Iowa Department of Education, Bureau of Community Colleges and Career and Technical Education.

Total Enrollment by Program Type: Community college fall credit enrollment continues to grow, with approximately 57 percent (57.22%) pursuing Arts and Science programs (see Figure 2). Arts and Science program enrollment increased 1,342 (2.93%) from Fall 2004 to Fall 2005. Career Option programs decreased 177 (-3.21%) from Fall 2004 to Fall 2005. Career Technical enrollment decreased 1,082 (-3.57%) over the same time period. Some of this decrease could be accounted for with students enrolled in a combination of program types, which grew 613 (454.07%) during that time.

FIGURE 2 – Fall Credit Enrollment by Program Type Fall 2002 to Fall 2005

Source: Iowa Department of Education, Bureau of Community Colleges and Career and Technical Education.

Fall Credit Hours -Table 2 below shows credit hours from Fall 2002 increasing 50,232.10 hours (7.38%) over Fall 2001, Fall 2003 increasing 41,054.75 hours (5.62%) over Fall 2002, Fall 2004 increasing 25,910.74 hours (3.36%) over Fall 2003, and Fall 2005 decreasing 3,100.39 hours (-0.39%) over Fall 2004. The total increase from Fall 2001 to Fall 2005 was 114,097.20 (16.77%).

TABLE 2 – Fall Credit Hours Fall 2001 to Fall 2005

Fall Term	Credit Hours	Credit Hour Increase *	Percent Increase *
Fall 2001	680,494.80	34,070.95	5.27%
Fall 2002	730,726.90	50,232.10	7.38%

2003	111,745	5.70%	1,660,544	6.75%	
2004	116,439	4.20%	1,737,909	4.66%	
2005	120,217	3.24%	1,782,189	2.55%	

^{*} Fiscal Year 2000 Credit Enrollment totaled 95,556; Credit Hours totaled 1,403,747. Source: Iowa Department of Education, Bureau of Community Colleges and Career and Technical Education.

Credit Enrollment by Program Major

Beginning in Fiscal Year 2005, program majors are disaggregated by Arts and Science only, College Parallel-Career Option only, Career and Technical Education only, and a combination of the three. Students may enroll in more than one program. Data for Fiscal Year 2001 to Fiscal Year 2004 are disaggregated for the first time in these categories. Data in Table 4 differ from other Community College historical documents.

TABLE 4 – Credit Enrollment by Program Type Fiscal Year 2001 to Fiscal Year 2005

	Arts & Science Only		Career Option Only		Career Technical Only		Combination		
Fiscal Year	N	%	N	%	N	%	N	%	Total

Vocational Program Majors

The Health program major is the largest vocational program (Career & Technical and College Parallel- Career Option), making up 18,941 (37.56%) of vocational program majors in Fiscal Year 2005. Industrial Technology is second with 13,266 (26.30%) and Business rounds out the top three with 12,015 (23.82%) in Fiscal Year 2005 (Table 5 and Figure 3).

Section 5: Fiscal Year Credit Student Demographics

Credit student demographic data includes information on gender, age, racial/ethnic background, and residency.

- Over the past five fiscal years, the male and female portion of the student population has stayed relatively consistent. (42% Male, 58% Female).
- Credit students at Iowa Community Colleges range in age from 14 to 88. The Average age is 24.54 with a median age of 21.
- In Fiscal Year 2005, 9.68% of the credit enrollment are members of minority racial/ethnic groups. Minority student enrollment has increased 44.92% from Fiscal Year 2001 to Fiscal Year 2005.
- The Hispanic student population is the fastest growing minority population, growing 68.46% from Fiscal Year 2001 to Fiscal Year 2005. Over the same time period, the black student population grew the largest nominal amount, growing 1,717 students.
- During Fiscal Year 2005, 93.45% of enrollees were lowa residents.

Credit Student Gender

Consistent with national trends in postsecondary education, over half of community college students are female.

TABLE 6 – Credit Student Gender Fiscal Year 2001 to Fiscal Year 2005

Credit Student Age

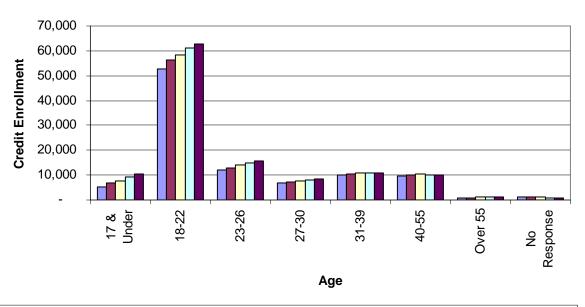

The largest age group of credit students is 18-22, which comprises 62,764 (52.51%) students out of the total enrollment for Fiscal Year 2005 of 120,217. Enrollees under the age of 17 have been the fastest growing segment of the student population, increasing 102.54% from Fiscal Year 2001 to Fiscal Year 2005. Since 2001, less than 1% of enrollees have been over the age of 55. In Fiscal Year 2005, the average age is 24.54. Note: Age is calculated as of July 1st.

Credit Student Racial/Ethnic Background

According to the 2000 Census 7.4% of the general population in Iowa were members of minority racial/ethnic groups. Table 8 indicates that in Fiscal Year 2005, 9.68% of community college enrollees were members of minority racial/ethnic groups, an increase from 7.99% in Fiscal Year 2001.

TABLE 8 – Credit Student Racial/Ethnic Background Fiscal Year 2001 to Fiscal Year 2005

Section 6: Fiscal Year High School Credit Enrollment

Average Credit Hours Per High School Student

Fiscal Year	<u>Hours</u>
2002	6.89
2003	6.88
2004	6.90
2005	7.12

Source: Iowa Department of Education, Bureau of Community Colleges and Career and Technical Education.

- Year-end high school enrollments have increased 7,272 students (46.52%) from Fiscal Year 2002 to Fiscal Year 2005.
- As the text box to the left indicates, the average credit hours per high school student increased from 6.89 to 7.12 from Fiscal Year 2002 to Fiscal Year 2005.
- The large majority of high school students enroll for fewer than 24 credit hours and are therefore classified as part-time students. (Table 13 on page 10).

High School Enrollment

The high school student population is becoming a larger portion of the total student population. During Fiscal Year 2002, High School students accounted for 14.79% of the population and 6.93% of the credit hours. During Fiscal Year 2005, those proportions had grown to 19.05% and 9.15% respectively (Table 11).

TABLE 11 – High School Credit Enrollment and Credit Hours Fiscal Year 2001 to Fiscal Year 2005

Growth in High School Enrollment

The high school population has a higher growth rate than the general student population. The student population has grown 46.52% from Fiscal Year 2001 to 2005. The credit hours taken by high school students have grown 51.30% over the same time period. (Table 12) The general student population has grown 13.71% and the credit hours have grown 14.57% over the same time period.

TABLE 12 – High School Credit Enrollment Growth Fiscal Year 2001 to Fiscal Year 2005

High School Enrollment, Full-time vs. Part-time

The high school population has a much higher percentage of part-time enrollees than enrolled on a full-time (24 credit hours over a fiscal year) basis. In Fiscal Year 2005, 98.66% of the high school population were enrolled on a part-time basis; where as only 1.34% of the high school student population were enrolled on a full-time basis (Table 13). The percentage of high school students enrolling at a full-time basis is slowly dropping from 1.71% in 2002 to 1.34% in 2005.

TABLE 13 –High School Enrollment Full-time vs. Part-time Fiscal Year 2002 to Fiscal Year 2005

High School Enrollment by Racial/Ethnic Background

The high school population has a higher percentage of white enrollees than the general student population. In Fiscal Year 2005, 92.64% of the high school student population were part of the white racial/ethnic group (Table 15); where as 90.32% of the general student population were part of the white racial/ethnic group (Table 8, page 7).

High School Enrollment by Program Type: Community college high school credit enrollment continues to grow, with approximately 80 percent (79.51%) pursuing Arts and Science programs (see Figure 6). Career Technical enrollment made up the next largest portion of enrollment by high school students comprising over 18 percent (18.22%) of the high school population at the Community Colleges of lowa.

FIGURE 6 – High School Enrollment by Program Type Fiscal Year 2002 to Fiscal Year 2005

Section 7: Fiscal Year Credit Student Awards

Credit Student Awards

A total of 15,023 credit student awards were granted by Iowa Community Colleges during Fiscal Year 2005.

Source: Iowa Department of Education, Bureau of Community Colleges and Career and Technical Education.

- There are a variety of credit student awards granted by Iowa Community Colleges. Degrees offered include Associate in Arts (AA), Associate in Science (AS), Associate in General Studies (AGS), Associate in Applied Arts (AAA), Associate in Applied Science (AAS), Diplomas, and Certificates.
- Associate in Arts comprised 4,722 (31.43%) of the total credit student awards granted during Fiscal Year 2005. Associate in Applied Science awards accounted for another 4,343 (28.91%) of awards issued (Tables 16 & 17).

Non-graduate program completers were omitted from the tables above. They are defined as a student who leaves a program after completing the entire sequence of occupational courses in the program, with or without fulfilling all the necessary requirements leading to a degree, diploma, or certificate. When included in the totals above they account for less than 1% of the total in each of the five years.

.

Credit Student Awards by Program Majors

Credit student awards by program majors have remained fairly consistent over the past five years. All areas reflect minor fluctuations between Fiscal Year 2001 and Fiscal Year 2005. In Career and Technical Education programs, the largest number of awards are granted to Health programs; followed by Industrial Technology and Business programs.

Section 8: Non-Credit Enrollment and Programs

Non-Credit Reporting Changes

To ensure consistency among the 15 community colleges, the Iowa Department of Education and the Adult Education Deans and Directors made a commitment to revise the *Non-Credit Reporting Manual* that is used to submit student and course data via the Management Information System (MIS). This process was completed with the Fiscal Year 2004 Year End Reporting Manual. A key objective was to improve the reliability of data without losing sight of the diverse educational and economic needs of each community college. For this reason, participants in the initial yearlong process of revision took special care in developing standard definitions for reporting. Changes to reporting standards affect the comparison of Fiscal Year 2004 and Fiscal Year 2005 data with previous years.

Non-Credit Student Enrollment

Non-credit offerings range from basic skills for personal development, skill building for preparation of individuals entering the workforce, highly technical courses directly related to job skills, and offers opportunities to pursue special interests. In Fiscal Year 2005, 294,668 individuals (unduplicated students) participated in courses and programs that totaled 8,859,340.90 contact hours.

TABLE 22 – Non-Credit Student Enrollment and Total Contact Hours Fiscal Year 2001 to Fiscal Year 2005

Fiscal Year	Unduplicated Students	Duplicated Students	Total Contact Hours
2001	347,578	684,853	12,022,353.10
2002	331,948	672,910	11,660,434.61
2003	326,334	653,974	10,922,775.59

Changes to reporting standards make comparisons of data prior to 2004 invalid to data in subsequent years.

2004	302,994	575,637	9,004,104.67
2005	294,668	557,944	8,859,340.90

Note: Fiscal Year 2004 and Fiscal Year 2005 do not include Local Use Only figures.

Source: Iowa Department of Education, Bureau of Community Colleges and Career and Technical Education.

17

Non-Credit Student Enrollment by Program Type

Along with the revisions to the reporting manual, program type breakdowns changed greatly during Fiscal Year 2004. Due to these changes, there is only two years of comparable data available. As you can see in the chart below, about half of the enrollment in Non-Credit Programs is in the Enhance Employability/Academic Success program area. Enhance employability is defined as the intent and content of courses which are designed for the specific purposes of upgrading the skills of persons presently employed and retraining persons for new employment. Academic Success is defined as the advancement of a person's knowledge in traditional educational studies.

TABLE 23 – Non-Credit Enrollment by Program Type Fiscal Year 2004 and Fiscal Year 2005

	Fiscal Y	ear 2004	Fiscal Year 2005		
Program Type	Students	Percent of Total	Students	Percent of Total

Iowa Course for Drinking Driving (DUI)

The Iowa Course for Drinking Driving (DUI) is the state mandated 12-hour instructional course for drinking drivers convicted of driving while under the influence of drugs and/or alcohol. Beginning Fiscal Year 2001, both Iowa Community Colleges and private providers, licensed under Iowa Code, Chapter 125, through the Iowa Department of Public Health, offer the state approved 12-hour program. Community college enrollments in DUI classes dropped 722 (7.04%), from 10,259 in Fiscal Year 2001 to 9,537 in Fiscal Year 2005.

TABLE 24 – Iowa Course for Drinking Driving (DUI) provided by Iowa Community Colleges Fiscal Year 2001 to Fiscal Year 2005

Fiscal Year	Unduplicated Students	Contact Hours
2001	10,259	190,625.60
2002	9,597	176,525.70
2003	9,424	181,529.10
2004	8,839	169,702.30
2005	9,537	188,272.00

Note: Does not include enrollment in DUI classes provided by private substance abuse providers licensed under lowa Code, Chapter 125. Private providers provided classes for 2,976 individuals in Fiscal Year 2001, 3,644 in Fiscal Year 2002, 3,739 in Fiscal Year 2003, 4,164 in Fiscal Year 2004, and 3,937 in Fiscal Year 2005.

Iowa Course for Driver Improvement (DIP)

lowa Course for Driver Improvement (DIP) is the state mandated course designed for persons who have committed a serious violation of the motor vehicle laws of Iowa. Iowa Community Colleges provide the program with assistance from the Iowa Department of Transportation.

TABLE 25 – Iowa Course for Driver Improvement (DIP) Fiscal Year 2001 to Fiscal Year 2005

Fiscal Year	Unduplicated Students	Contact Hours
2001	5,561	51,907.18
2002	5,177	45,965.50
2003	5,826	53,862.50
2004	5,181	48,111.20
2005	4,841	45,107.80

Community Rehabilitation Programs (Sheltered Workshops)

These courses and programs serve individuals in Community Rehabilitation programs with individualized education plans demonstrating identified educational goals and objectives. These numbers demonstrate a steady decline from Fiscal Year 2001 to Fiscal Year 2005, a decline of 41.46% of students and a decline of 55.45% of contact hours.

TABLE 26 – Community Rehabilitation Programs (Sheltered Workshops)
Fiscal Year 2001 to Fiscal Year 2005

Fiscal Year	Unduplicated Students	Contact Hours
2001	2,248	571,192.00
2002	1,993	697,296.60
2003	1,733	570,651.00
2004	1,475	302,448.00
2005	1,316	254,454.00

Mine Safety Health and Administration (MSHA)

The lowa Department of Education administers a federal grant from the U.S. Department of Labor and Mine Safety and Health Administration (MSHA), which provides funds for training and services delivered to mine owners/operators/contractors in the State of Iowa. Over 13,375 mine employees and contractors were trained through programs offered by community colleges in Fiscal Year 2001 to Fiscal Year 2005.

TABLE 27 – Mine Safety Health and Administration (MSHA) Fiscal Year 2001 to Fiscal Year 2005

Fiscal Year	Unduplicated Students	Contact Hours
2001	2,990	25,916.30
2002	2,742	26,645.50
2003	2,863	26,717.40
2004	2,507	24,127.00

Section 10: Performance Indicators

Iowa Community College Performance Indicators

The 2001 "Shaping the Future- a Five-Year Plan for lowa's System of Community Colleges" included an initiative to "develop a set of agreed-upon performance indicators common to all community colleges". A Community College Performance Task Force comprised of a community college President, a trustee, the IACCT Executive Director, a chief academic officer, a reporting officer, and representatives from the Departments of Education, Workforce Development and Economic Development was formed. Recommendations were made to the Department of Education after review by the Iowa Association of Community College Presidents and the Iowa Association of Community College Trustees. In November 2003, the State Board of Education approved the following eight (8) performance indicators to be collected on an annual basis.

- 1. Participation in credit career and technical education programs
- 2. Participation in credit arts and sciences programs
- 3. Total participation in non-credit programs
- 4. The proportion of the state's adult population (18-64 years of age) enrolled in a community college course
- 5. The number of credit student awards
- 6. The number of basic skills certificates issued
- 7. The number of high school equivalency diplomas (GED) awarded
- 8. The proportion of high school credentials awarded by lowa community colleges

The State Board of Education also directed the Department of Education to continue its work with the Task Force and to continue the investigation of indicators related to economic development, persistence, and student success after leaving the community college, as well of quantifiable goals for each performance indicator.

Career and Technical Education numbers include students who are enrolled in only a Career and Technical program as well as those who have enrolled in a combination of Career and Technical, College Parallel –Career Option or Arts and Sciences program.

TABLE 29 – Indicator #1: Participation in Credit Career and Technical Education Programs

Program	Fiscal Year					
Program	2001	2002	2003	2004	2005

Iowa Department of Education, Program Year 2002-2005 Basic Literacy Skills Credential Program, Annual Report

The Adult Literacy Program enrollments were 54 percent female and 46 percent male in program year 2005. The racial/ethnic background of adult literacy program enrollments consisted of 2% American Indian, 7% Asian, 10% Black, 28% Hispanic and 53% White students. These numbers reflect gender and racial/ethnic make-up of the entire Adult Literacy Program; they do not represent specifically the Basic Skills program or the GED Program. Improvements to the collection of program completer demographic data is in progress, and will allow a gender and racial/ethnic breakdown for students receiving specific Adult Literacy Program awards in future reports.

(Program Year July 1-June 30)

- a. Definitions: Proportion of High School Credentials Issued Through Iowa Community Colleges
 - --Numerator: Total Adult High School Diplomas and High School Equivalency Diplomas (GED)
 - --Denominator: Total Adult High School Diplomas, High School Equivalency Diplomas, and Traditional High School Diplomas

(Example Ratio: 235 Adult High School Diplomas+4,065 High School Equivalency Diplomas / 354+3,947+34,339 Traditional High School Diplomas=11.13%)

High School Credentials include Traditional High School Diplomas awarded by a local school district. Traditional High School Diplomas make up the majority (88.87%) of high school credentials awarded in the State of lowa.

High School Equivalency Diplomas (GED) are presented to students who complete the General Educational Development (GED) test battery. The purpose of the GED testing program is to provide a second chance for those individuals who did not complete the requirements for a traditional high school diploma.

Adult High School Diplomas are awarded to adults (18 years of age) after completion of a prescribed program of instruction at one of Iowa's Community Colleges; The Adult High School Diploma is viewed as an alternative to the GED based Iowa High School Equivalency Diploma.

Section 11: Success of Community College Students

Community College 3-year Award Rate

Students who enrolled at a full-time capacity (24 credit hours) and for the first-time during a given fiscal year are included in a cohort of students who are tracked through the MIS system to determine if they receive an Iowa Community College award within a three year period. The last four cohorts have ranged from 41.65% to 39.71% 3-year award rates.

TABLE 37 – Three-Year Award Rates of First-time, Full-time Fiscal Year Enrollees Entering Class of 2000 to 2003

Cohort		Year 3				
Year	Students	Awards	%			
2000	10,370	4,313	41.59%			
2001	10,134	4,221	41.65%			
2002	10,534	4,325	41.06%			
2003*	10,402	4,131	39.71%			

Note: Starting with Fiscal Year 2003, refinements to the MIS reporting system allowed for removal of High School students from the cohort of first-time, full-time students.

<u>Four-Year Graduation Rates of Transfer Students (by sector) to Regent Universities for the for the Entering Class of 2000</u>

The four-year graduation rates for transfer students to the Regent Universities are shown in Table 34 below. Iowa community college transfer students to the Regent Universities whom have earned an AA Degree have a much higher graduation rate than those who did not earn an AA Degree. Community College transfer students at ISU and UNI have a higher graduation rate than the overall graduation rate, with SUI community college transfer students being slightly below the average graduation rate.

TABLE 38 – Percentage of Students – Four-Year Graduation Rates of Transfer Students (by sector) to Regent Universities for the Entering Class of 2000

	University of Iowa (SUI)	Iowa State University (ISU)	University of Northern Iowa (UNI)
Iowa 2-yr Public AA Degree	57.5%	79.0%	75.0%
Iowa 2-yr Public, No AA Degree	48.3%	59.1%	49.8%
All Iowa 2-yr Public	52.0%	65.1%	64.8%
Iowa Private 2-yr	57.1%	66.7%	50.0%
Iowa Private 4-yr	65.1%	65.3%	64.4%
Iowa Public 4-yr	71.4%	76.9%	73.2%
Colleges Outside Iowa	61.1%	61.0%	58.1%
Total	58.2%	64.9%	64.3%

Students Entering Iowa Community Colleges with the General Education Development (GED) High School Award

Per the Management Information System, of the Fiscal Year 2005 unduplicated credit enrollment of 120,217 students, 6,124 (5.09%) individuals identified a high school award type of GED. Full-time students totaled 33,910 and 1,960 (5.78%) of that total were individuals who had attained a GED prior to enrolling in Iowa Community Colleges, according to the Management Information Systems (MIS). A student is considered full-time if he/she is enrolled in 24 or more credit hours per year. Indian Hills Community College utilizes quarters rather than semesters making their full-time students those with 16 or more credit hours per year.

^{**}One business school did not report in Fall 1999.

^{***} Fall 2002 report was revised, therefore the number for Other Colleges changed from the previous year.

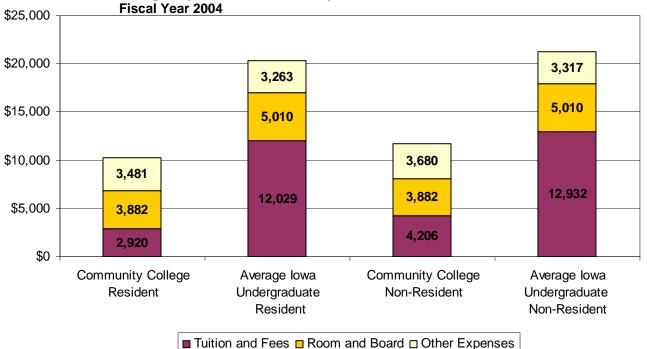

^{****} Fall 2003 report was revised, therefore the number of Private Colleges & Universities changed from the previous vear.

College Expenses for Students by Source

Residents of the State of Iowa pay a reduced tuition and fee compared with non-residents. As Figure 7 illustrates, Community College Students, regardless of residency, incur less expenses than an average Iowa undergraduate during Fiscal Year 2004. The total expenses for a community college resident are \$10,283, with the total expenses for an average Iowa undergraduate resident being \$20,302, or almost double. The same holds true for students who are non-residents. Community college non-residents incur approximately \$11,768 in expenses, while the average Iowa undergraduate non-resident incurs \$21,259.

Geographic Location of Alumni

Iowa's Community Colleges are known for keeping their alumni in the state of Iowa. 83.10% of Community College alumni continue to reside in Iowa; this compares with a 40.00% rate for all of Iowa's colleges and universities. This represents a drop from 84.11% reported in 2003. These numbers represent all known living alumni.

Section 12: Adult Literacy Program

lowa's Adult Literacy Program is delivered through lowa's system of 15 community colleges. Adult Literacy Program is defined as a program of instruction designed for adults who lack competence in reading, writing, speaking, problem solving or computation at a level to function in society, on a job, or in a family.

Highlights of the Program Year 2005 Adult Literacy Program accomplishments:

- 72% of the enrollees who indicated their program goal was to obtain employment achieved that goal.
- 87% of the enrollees who indicated their program goal was to retain employment achieved that goal.
- 85% of the enrollees who indicated their program goal was to obtain a GED or adult secondary school diploma achieved that goal.
- 54% of the enrollees who indicated their program goal was to enter postsecondary education or training achieved that goal.
- The most significant educational benchmark gains were observed for the English-as-a Second Language instructional program.
- 90% (9 of 10) educational gains benchmarks met or exceeded the negotiated benchmark levels.
- Ninety percent (90%) of lowa's adult basic education learners are between the ages of 16-44 (17% between 16-18; 33% between 19-24; and 40% between 25-44).
- Adult literacy program enrollment by gender is 46% male and 54% female.
- Minority populations represented 47% of the total served in lowa's adult literacy program.

Section 13: Economic Development

Training and retraining programs delivered by Iowa Community Colleges, monitored by the Iowa Department of Economic Development, and reported on the Management Information System (MIS), are separated into three areas. The areas include Iowa Industrial New Jobs Training Programs (260E), Iowa Jobs Training Programs (260F), and Accelerated Career Education - ACE (260G). Community college reports are based on fiscal year, while economic development program timeframes may be up to 10 years.

Iowa Industrial New Jobs Training Programs (260E)

Iowa Industrial New Jobs Training Programs (260E)							
Fiscal Year	Credit Non-Credit				Credit		n-Credit
riscai i eai	Students	Credit Hours	Students	Contact Hours			
2001	23	69.00	7,614	356,920.60			
2002	2	34.00	6,461	152,783.24			
2003	84	178.00	5,286	83,308.33

Section 14: Apprenticeship Programs

Apprenticeship Programs

Apprenticeship programs utilize the most up-to-date technologies that are available in the workplace. The Bureau of Apprenticeship and Training must approve all apprenticeship projects funded through the Iowa Department of Economic Development. This section includes apprenticeship programs funded through Iowa Department of Economic Development (IDED) as well as those apprenticeship programs that were not funded through IDED.

Overall total participation in apprenticeship programs is decreasing from 4,394 students in Fiscal Year 2001 to 3,022 in Fiscal Year 2005; a decrease of 31.22% over the last five years.

Section 15: Human Resources

Community College Employees

Employees of Iowa Community Colleges, as reported on the Management Information System (MIS) for Fiscal Year 2005, total 13,711, which includes Administrative, Instructional, Professional, Secretarial & Clerical, and Service. Some employees are included in more than one reporting category, for example an administrator may also teach a course. Therefore, the total number of individuals working at community colleges is 12,298 and 1,413 less than the number of positions. The Management Information Systems (MIS) data does not include employees teaching only non-credit courses for community colleges.

Employee Positions

Fiscal Year 2005 reports Full-Time positions of 5,068 (36.96%), Part-Time 2,855 (20.82%), Temporary/Seasonal 574 (4.19%), and Adjunct 5,214 (38.03%). Of the total 13,711 positions, Administrative total 136 (0.99%), Instructional 7,552 (55.08%), Professional 2,287 (16.69%), Secretarial & Clerical 2,163 (15.77%), and Service 1,573 (11.47%).

FIGURE 10 – Employee Age Percentage Fiscal Year 2001 to Fiscal Year 2005

Employee Racial/Ethnic Background

The number of employees has increased from Fiscal Year 2001 to Fiscal Year 2005 in all racial/ethnic groups, with minority employees increasing more rapidly than White. American Indian employees have increased 17.39%; Asians have increased 14.52%; Blacks have increased 49.07%; Hispanics have increased 56.31% and Whites have increased 5.19%. This is also illustrated in Tables 47 and 48, where you can see that the total number of Whites has increased, however, the percentage they comprise of the total has decreased. As shown in Table 59, the minority employee population is growing, with the black employee population growing the most in employees with a growth of 79 employees since Fiscal Year 2001 and Hispanic employees growing at the fastest percentage, 53.31% since Fiscal Year 2001.

TABLE 57 – Employee Racial/Ethnic Background Fiscal Year 2001 to Fiscal Year 2005

43

Salaries Full-Time Instructional

Fiscal Year 2001 was the first year the Management Information System (MIS) reported Base Salary. Average base salary for Full-Time Instructional employees reported by community colleges is \$40,816 for Fiscal Year 2005, with one community colleges not reporting base salary. Iowa Community College base salary is a 9-month teaching contract. In addition to the Management Information System (MIS), there are a number of other state and federal reports that publish faculty salaries; variances across these reports are due to differences in factors (i.e., definitions, classification systems, and contract periods).

TABLE 61 – Average Base Salary Full-Time (9-Month) Instructional Position Fiscal Year 2001 to Fiscal Year 2005

Fiscal Year	Number of Full-Time Instructional Positions	Average Base Salary
2001 *	1,757	\$39,454
2002	1,766	\$40,494
2003 **	1,977	\$40,028
2004 ***	1,943	\$41,825
2005****	1,866	\$40,816

^{*} Adjusted from FY 02 report due to standardization of procedures.

^{** -} Two colleges did not report base salary. Those two colleges had employees totaling 171, which were included in the "Number of Full-Time Instructional Positions" above. Average Base Salary was calculated based on the 13 community colleges reporting base salary.

^{*** -} Two colleges did not report base salary. Those two colleges had employees totaling 178, which were included in the "Number of Full-Time Instructional Positions" above. Average Base Salary was calculated based on the 13 community colleges reporting base salary.

^{**** -} One college did not report base salary. That college had employees totaling 135, which were included in the "Number of Full-Time Instructional Positions" above. Average Base Salary was calculated based on the 14 community colleges reporting base salary.

Section 16: Financial

Revenues by Source

Revenues by Source							
		Pe	rcent of To	otal			
Revenues by Source	FY 2001	FY 2002	FY 2003	FY 2004	FY 2005		
Tuition & Fees	39.00%	43.42%	45.22%	46.31%	49.27%		
Local Support	5.85%	5.92%	5.79%	5.50%	5.12%		
State General Aid	45.50%	41.51%	39.69%	36.58%	35.87%		
Federal Support	3.40%	3.48%	3.50%	3.43%	3.18%		
Other Income	6.25%	5.67%	5.80%	8.18%	6.56%		

Source: Iowa Department of Education, Bureau of Community Colleges and Career and Technical Education, Annual Report, Unrestricted General Fund, AS-15E, Fund1.

- Tuition & Fees as a percentage of total revenue increased from 39.00% in Fiscal Year 2001 to 49.27% in Fiscal Year 2005.
- Local Support as a percentage of total revenues decreased from 5.85% in Fiscal Year 2001 to 5.12% in Fiscal Year 2005.
- State General Aid as a percentage of total revenues decreased from 45.50% in Fiscal Year 2001 to 35.87% in Fiscal Year 2005.

Revenues by Source include:

- 1. Tuition & Fees all tuition charges (resident, non-resident, etc.) and all fees collected by the community college.
- 2. Local Support property taxes collected by the community college. Examples include equipment replacement, unemployment compensation, and debt service.
- 3. State General Aid only the State appropriation allocated to the community college from the State's General Fund.
- 4. Federal Support Federal grants awarded to the community colleges. Examples include Title II Library, Title IV Perkins Loans, Carl D. Perkins, and Adult Basic Education.
- 5. Other Income all Sales and Services, Other Income items such as interest or gifts/grants, and Other State Aid such as State Capital Outlay, State Work Study, and Other State Support.

According to the table on Appendix G-1, the portion of total revenues generated from Tuition and Fees ranges from a high of 55.50% at Kirkwood Community College to a low of 40.83% at Northwest Iowa Community College. The portion of total revenues generated from State General Aid ranges from a high of 45.11% at Indian Hills Community College to a low of 30.58% at Kirkwood Community College.

- Arts & Science expenditures as a percentage of total expenditures increased from 21.28% in Fiscal Year 2001 to 22.67% in Fiscal Year 2005.
- Career/Vocational Technical expenditures as a percentage of total expenditures decreased from 25.26% in Fiscal Year 2001 to 25.03% in Fiscal Year 2005.
- All other expenditures by function have fluctuated slightly from Fiscal Year 2001 to Fiscal Year 2005.

Expenditures by Function include:

- Arts & Science all administrative and instructional organizational units of the community college that provide instruction in the area of College Parallel and College Transfer (Parallel)/Career Option.
- 2. Career/Vocational Technical all organizational units designed to provide vocational, technical, and semi-professional training.
- 3. Adult Education all organizational units designed to provide services, courses, and programs intended mainly for part-time students who are not a part of one of the instructional divisions of Arts & Science or Career/Vocational Technical Functions. Some examples include Adult Basic Education. High School Completion, and Short-Term Preparatory.
- 4. Cooperative Programs or Services all organizational units designed to provide instruction for Secondary Joint Effort activities and all activities concerning Chapter 260E Industrial New Jobs Training and Chapter 260F Jobs Training.
- 5. Administration all expenditures of the Community College Board of Trustees, the CEO, and business office, which serves the entire community college.
- 6. Student Services all organizational units, which are primarily concerned with providing services for students.
- 7. Learning Resources all organizational units, which provide for storage, distribution, and use of educational materials throughout the entire community college.
- 8. Physical Plant all organizational units, which are responsible for the operation and maintenance of the community college's physical facilities.
- 9. General Institution all other expenditures except those included in the above functions. Some examples include institutional development, data processing, general printing, communication, alumni affairs, early retirement, and telecommunications.

Expenditures by Function

From Fiscal Year 2001 to Fiscal Year 2005, Arts and Science expenditures increased 28.74%, while Career/Vocational Technical Education expenditures increased 19.70%.

TABLE 65 – Expenditures by Function Fiscal Year 2001 to Fiscal Year 2005

Expenditures by	Fiscal Year

Full-Time Equivalent Enrollment (FTEE)

The Full-Time Equivalent Enrollment (FTEE) calculation is utilized when determining State General Aid. Due to timing of the calculation to meet Iowa Legislative deadlines, the enrollment used to calculate State General Aid is two years behind the year of the aid (i.e., Fiscal Year 2005 enrollments are used to calculate Fiscal Year 2007 State General Aid). Twenty-four (24) credit semester hours equals one FTEE, while 600 non-credit contact hours equals one FTEE. As Figure 12 shows, the proportion of FTEE generated by non-credit contact hours has decreased over the past five years.

Over the past five years (Fiscal Year 2001 to Fiscal Year 2005), the portion of Full-Time Equivalent Enrollment (FTEE) generated by Non-Credit enrollments have decreased from 22.29% in Fiscal Year 2001, to 14.27% in Fiscal Year 2005.

FIGURE 12 – Credit vs. Non-Credit Full-Time Equivalent Enrollment (FTEE) as a Percent of Total Fiscal Year 2001 to Fiscal Year 2005

State General Aid Appropriations

The appropriations request consists of two components, the appropriations base and the new State General Aid. Both are driven by the current and projected costs of operations. The appropriations request recommendation seeks: 1) a rolling appropriation base equal to the previous year's appropriation 2) an increase in State General Aid equal to 75 percent of the adjusted general operating fund (adjustments approved in the Community College Funding Report submitted to the Legislature January 1998) and multiplied by the allowable growth factor for K-12 schools, as established by the Iowa General Assembly.

Once the appropriation to the community colleges has been determined, the allocation to each community college is calculated utilizing the state general aid distribution formula. The distribution formula was changed effective with the Fiscal Year 2006 appropriation. There are 6 main components to the distribution formula, with the order of the components changing due to the rate of inflation. The components are as follows:

- **Step 1 Base Funding Allocation** The moneys shall first be allocated in the amount of general state financial aid each community college received in the base year. If the appropriation is less than the total of the amount of general state financial aid each community college received in the base year, the moneys shall be allocated in the same proportion as the allocation of general state financial aid each community college received in the base year.
- **Step 2 Marginal Cost Adjustment** After the base funding has been allocated, each community college shall be allocated up to an additional two percent of its base funding allocation. The community college's allocation shall be in the same proportion as the allocation of general state financial aid each community college received in the base year.
- **Step 3 3-Year Rolling Average Full-Time Equivalent Enrollment -** If the increase in the total state general aid exceeds two percent over the base funding allocation, an amount up to an additional one percent of the base funding allocation shall be distributed based upon each community college's proportional share of the three-year rolling average full-time equivalent enrollments for all community colleges.
- **Step 4 Extraordinary Growth Adjustment -** An amount up to an additional one percent of the base funding allocation shall be distributed as follows:
 - (a) Forty percent of the moneys shall be allocated based upon each community college's proportional share of the three-year rolling average full-time equivalent enrollments for all community colleges.
 - (b) Sixty percent of the moneys shall be allocated to community colleges that have eligible growth support. The allocation shall be based upon the proportional share that each community college's eligible growth support bears to the total growth support amount. Once the moneys allocated under this subparagraph subdivision equal the total growth support amount, the remaining moneys allocated under this subparagraph shall be allocated as provided in subparagraph subdivision (a).
- **Step 5 Additional 3-Year Rolling Average FTEE Allocation -** Distributed based upon each college's proportional share of the three-year rolling average full-time equivalent enrollments for all community colleges.
- **Step 6 Inflation Adjustment -** An amount up to the inflation adjustment amount shall be distributed to each community college in the same proportion as the allocation of general state financial aid each community college received in the base year.

The sequence that the six components follow depends on the inflation rate. If the inflation rate is equal to two percent or less, the steps would be in the order of Step 1, Step 2, Step 3, Step 4, and Step 5. If inflation is greater than two percent but less than four percent, the steps would be in the order of Step 1, Step 2, Step 3, Step 4, Step 6, and Step 5. If inflation is equal to or exceeds four percent, the steps would be in the order of Step 1, Step 2, Step 3, Step 6, Step 4, and Step 5.

Fiscal Year 2006 State General Aid Appropriations

The Fiscal Year 2006 State General Aid appropriation from the Iowa General Assembly for the 15 Iowa Community Colleges totals \$149,579,244, an increase from the previous fiscal year total of \$9,800,000 (7.01%).

TABLE 68 – State General Aid Fiscal Year 2000 to Fiscal Year 2006

Fiscal Year	State General Aid	Annual Dollar Change Increase/(Decrease)	Annual Percent Change Increase/(Decrease)
2000*	\$141,577,403	\$6,211,247	4.59%
2001	\$147,577,403	\$6,000,000	4.24%

State Funding for Iowa Students

Table 69 presents state funding per student at community colleges, state universities, and private colleges in lowa. For Fiscal Year 2005, state funding per community college student totaled \$1,809, a decrease of \$49 (2.64%) from Fiscal Year 2004; state funding per state universities' students equals \$10,039 an increase of \$141 (1.42%), and private colleges is \$2,936, an increase of \$107 (3.78%). State funding per student is estimated to increase for community colleges, state universities and private colleges in Fiscal Year 2006.

TABLE 69 – State Funding Per Iowa Student
Fiscal Year 2000 to Estimated Fiscal Year 2006

		State Funding Per Iowa Student Fiscal Year							
lowa Institution	2000	2001	2002	2003	2004	2005	2006*		
Community College	\$2,585	\$2,391	\$2,136	\$1,992	\$1,858	\$1,809	\$1,934		
State Universities	\$10,910	\$11,403	\$10,392	\$9,816	\$9,898	\$10,039	\$10,499		
Private Colleges	\$3,228	\$3,347	\$3,107	\$2,898	\$2,829	\$2,936	\$2,992		

^{*}Fiscal Year 2006 figures are estimated.

Source: Legislative Fiscal Bureau, Education Funding for Iowa Students.

^{**}Includes November 2001 deappropriation of -\$5,137,079 (-6.77%).

^{***}Includes November 2003 deappropriation of -\$3,481,519 (-2.5%) and 10% rescission of the deappropriation of \$348,152. Does not include the supplemental aid appropriation made during Fiscal Year 2004 of \$762,675, since it was a one-time appropriation and is not part of base funding.

State General Aid Increase Compared to Community College Salary Increase

State General Aid has not increased at the same level as expenditures have increased. Fiscal Year 2000, Fiscal Year 2001, Fiscal Year 2003, and Fiscal Year 2005 had increases in State General Aid and Salary Expenses. During these fiscal year's, Salaries increased more rapidly than State General Aid. In Fiscal Year 2002, State General Aid decreased 6.77% while Salary Expense increased 2.13%. In Fiscal Year 2004, State General Aid decreased 1.77% while Salary Expense increased 7.48%. See Table 69 for a comparison of Salary Expense and State General Aid.

TABLE 70 – State General Aid and Salaries Increase Fiscal Year 2000 to Fiscal Year 2005

NA - Not applicable due to the decrease in State General Aid.

Source: lowa Department of Education, Bureau of Community Colleges and Career and Technical Education.

Section 17: Tuition and Fees

Costs to Students

There is a direct relationship between state support to Iowa Community Colleges and the cost of Tuition & Fees charged to the student. As the level of State Support decreases, community colleges have instituted increases in student tuition and fees. Over the past several years, State Support has decreased from 49.51% of total revenues in Fiscal Year 1980 to 35.87% of total revenues in Fiscal Year 2005. During this same time period, Tuition & Fees increased from 24.39% of total revenues in Fiscal Year 1980 to 49.27% of total revenues in Fiscal Year 2005 (Source - Table 6: General Operating Fund Revenues by Source as a Percentage of Total Revenues, 2005-2006 Academic Year, Iowa Community Colleges, Tuition and Fees Report).

Fees at Iowa Community Colleges range from no separate fee to a substantial portion of the cost of enrollment. In Academic Year 2005-2006, fees ranged from 0.00% of the Tuition & Fees charged up to 18.22% of the total charges for a 15-hour semester (\$675.00 in fees from a total tuition and fees charge of \$3,705.00).

Academic Year 2005-2006 tuition increased 5.89% at Iowa Community Colleges, while increasing 4.00% at Iowa Regent Universities, as presented in Table 71.

National Average Community College Tuition and Fees

Table 74 and Figure 13 are data from *The Chronicle of Higher Education, Almanac Issue 2005-2006.* This report provides the most recent national higher education tuition data available. The information will differ from the previous section as *The Chronicle of Higher Education* data is based on data supplied to the U.S. Department of Education and includes student fees. Iowa Department of Education tables are based on information provided and verified by Iowa Community Colleges to the Bureau of Community Colleges.

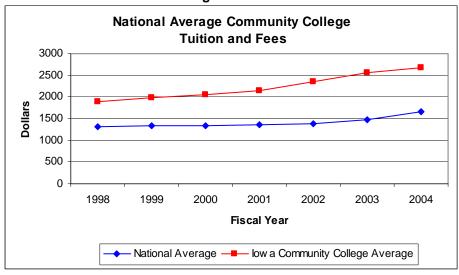

lowa Community Colleges average tuition and fees are 60.84% above the National average tuition and fees during Fiscal Year 2004. This is down from Fiscal Year 2003, when lowa Community Colleges average tuition and fees were 73.02% above the National average tuition and fees.

TABLE 74 – National Average Community College Tuition and Fees Fiscal Year 1998 to Fiscal Year 2004

Section 18: Financial Aid

The Chronicle of Higher Education, Almanac Issue 2004-2005 reports that the State of Iowa spends a total of \$48,838,000 on student aid for need-based students, \$447,000 on student aid for non-need-based students, and \$2,961,000 on non grant student aid. All of the following information in this section is from the Iowa College Student Aid Commission.

Distribution of Student Aid for Students- By Source

As Table 75 indicates, community college students received 20.8% of all student federal aid funds granted to students in Iowa's Postsecondary Institutions. In total, community college students received 13.5% of all student aid to Iowa students during Fiscal Year 2004, including scholarships, grants, and Ioans. This is an increase in total percent of 0.7% over Fiscal Year 2003.

Section 19: Glossary

	Glossary						
Term	Definition						
Adult High School Diploma	A program of instruction designed for an 18 year old or older individual that culminates in a Community College Adult High School Diploma. Courses are set at a length of 60 contact hours per course, with a maximum of 5 courses per semester.						
Alternative High School	An established environment within or apart from the regular high school with policies and rules, educational objectives, staff and resources designed to accommodate student needs, and to provide a comprehensive high school education consistent with the goals established by school districts in the area. Whether or not an individual student may choose to attend an alternative school may be limited by court order or by approval of the local school district. Community colleges may establish and operate alternative high schools for secondary school districts on a contractual basis. Students are not eligible for postsecondary State General Aid unless such students are taking courses above and beyond the defined programs for high school completion.						
Apprentice	A person at least 16 years of age (except where an older minimum age standard is established by law) who enters into any contract of service registered with the appropriate apprentice agency. An apprentice receives instruction from his or her employer in an apprenticeship approved occupation.						
Apprenticeship Program	A program registered with the Department of Labor or the state apprenticeship agency in accordance with the National Apprenticeship Act. An apprenticeship program is conducted or sponsored by an employer, a group of employers, or a joint apprenticeship committee representing both employers and labor, and contains all of the terms and conditions for the qualification, recruitment, selection, and training of apprentices. Related instruction courses are often part of the program.						
Articulation	The process of mutually agreeing upon courses and programs earned at a sending institution for credit or advanced placement at a receiving institution. Often courses and programs are transferable either from secondary to postsecondary institutions or between postsecondary institutions.						
Arts and Science Courses	Credit courses in College Parallel/Liberal General Studies/College Transfer, which are transferable to four-year institutions for completion of a baccalaureate degree and those that are included in career/technical curriculums that are applicable for employment on completion of curriculum.						
Arts and Science MIS and Financial Cost Centers	Arts and Science Courses contained in the 2-year associate degrees transfer program (College Parallel/Liberal General Studies/College Transfer) and College Parallel/Career Option programs.						

Glossary						
Term	Definition					
Associate in Applied Arts (AAA) & Associate in Applied Science (AAS) Degrees	The degree awarded for satisfying the curriculum requirements and demonstrated competence for employment in the occupational field for which the program was designed. Typically, these degrees apply to occupations requiring significant amounts of applied scientific and mathematical knowledge. These degrees require a minimum of 60 semester credit hours (90 quarter hours) in length with a minimum of 12 semester credit hours (18 quarter hours) of general education. Programs awarding these degrees shall not exceed 19 semester credit hours per term (28.5 quarter hours) and shall not exceed 86 semester credit hours (129 quarters hours) in length.					
Associate in Arts (AA) & Associate in Science (AS) Degrees	The degrees awarded for satisfying the curriculum requirements of arts and science courses designed as college parallel programs transferable as the first two years of a baccalaureate degree. These programs are referred as college parallel/liberal general studies/college transfer. They include a minimum of 60 semester credit hours (90 quarter hours) of credit courses designed and acceptable for transfer with the understanding that 16 semester hours (24 quarter hours) of career/technical courses could be included in the total.					
Associate in General Studies Degree (AGS)	The degree awarded for satisfying the curriculum requirements of a two-year program other than set forth in 281 lowa Administrative Code 21.2(10) associate of arts or science. The degree requirements are flexible for individual students, not intended for transfer, and include a minimum of 60 semester credit hours (90 quarter hours).					
Leisure/Recreational	Courses that provide instruction in leisure, recreation, casual culture, wellness, and/or self-enjoyment subjects.					
College Parallel/Liberal General Studies/College Transfer	See Associate in Arts (AA) & Associate in Science (AS) Degrees.					
College Parallel/Career Option Program (CP/CO)	AS or AA degree programs designed as the first two years of transfer credit toward a baccalaureate degree in a specific occupational area which includes a minimum number of skill development courses for immediate employment. Students have a choice of articulating their program to a four-year institution for completion of a baccalaureate degree or seeking employment in curriculum designed occupation or a related field.					
Certificate	The award for satisfying the curriculum requirements of an activity, course, and/or program other than one that is intended for a diploma or a degree. Certificates can be awarded for credit and non-credit offerings.					
Continuing Education Unit (CEU)	A uniform unit of measurement given by a college for non- credit activity, course, and/or program. One continuing education unit (CEU) equals 10 contact hours (based on one 50-minute classroom hour) of participation in an organized education experience.					
Contact Hour	The computation of minutes given for an instructional activity. The minimum requirement of one contact hour is 50 minutes.					

Glossary						
Term	Definition					
Credit	A unit of measure/recognition given by a college for the completion of an activity, course, and/or program recognized by higher education. It accounts for instructional activity in standards terms of rationalization of collegiate requirements related to transferability.					
Credit Hour	The computation of a single hour of class time per week occurring over a defined instructional period (term). An hour is referred to as 50 minutes to equal one credit hour of instruction, with requirements stated as semester minimums. Classroom shall be 800 minutes (533 minutes for one quarter hour) of scheduled instruction plus, when applicable, a scheduled culminating activity. Laboratory shall be 1,600 minutes (1,066 minutes for one quarter hour). Clinical practice shall be 2,400 minutes (1,599 minutes for one quarter hour). Cooperative/work experience shall be 3,200 minutes (2,132 minutes for one quarter hour).					
Developmental Education	A non-college transfer course designed to provide assistance (remedial instruction) to an individual so they can successfully complete the regular courses in their program of study.					
Diploma	The award granted for satisfying the curriculum requirements of a program that consist of a minimum of 15 semester credit hours (22 quarter hours) with the general education component consisting of a minimum of 3 semester hours (4 quarter hours).					
Full-Time Equivalent Enrollment (FTEE)	The equivalent number of students attending a single community college. One FTEE in credit hours equals twenty-four (24) credit hours. One FTEE in non-credit (contact) hours equals 600 contact hours.					
General Education	Credit courses designed to broaden student ability to reason, think, compute, communicate and adapt to change. They also include human development in civic, consumer, environmental, and social responsibilities. The general education requirements include courses in communications, humanities, mathematics, science, and social science. The number and type of general education courses is determined by the degree (state requirements) and often varies with different receiving institutions.					
Headcount	The actual number of students enrolled in a given instructional category or unit during a given period of time. Unduplicated headcount means that a person is counted only once during the reporting period even though they may be enrolled in more than one program. The individual is to be reported in the program in which they were most recently enrolled. If the above criterion discriminates, then the student is to be reported in the program in which they received the most credit or contact hours of instruction. In any case, the student should be counted only once during a specified period of enrollment even though they may be in more than one term during the reporting period.					

	Glossary
Term	
Human Resources	Definition Community college employees are classified according to position and assignment codes. The staff is usually classified as administration, instructional/faculty, professional, secretarial/clerical, and service. A full-time faculty/instructor is classified full-time according to the college's definition and whose regular assignment is instruction (more than 50%), including those with released time for research. Also included are full time instructional faculty on sabbatical leave, full-time replacements for instructional faculty on leave without pay, and chairs of departments (if they have no other administrative title and hold a full-time faculty rank). A part-time faculty/instructor is classified part-time according to the college's definition and who is employed less than full-time (see above definition). An adjunct faculty/instructor is when a person has an occasional or temporary affiliation with an institution or another faculty member in performing a duty or service in an auxiliary capacity. Temporary/Seasonal includes individuals who are employed by the college for short-time periods for specific
Jointly Administered Program	purposes. Such an employee may be full or part-time and often are not provided benefits. A program entered into by two or more educational
Johns Administered Program	institutions to provide instructional or administrative services jointly, to the mutual advantage of the constituents of each institution.
Non-Credit	Non-Credit offerings cover a wide range of activities, courses, and programs usually for the adult population. They are recognized for their ability to provide offerings in non-traditional lengths and delivery methods, as well as special "packaging" for individuals and business/industry.
Preparatory Program	Preparatory programs are designed to provide the specific skills and knowledge essential for successful entry into an occupation following completion of a designated curriculum. These programs may be for credit and/or noncredit depending on the intent and requirements of the curriculum. Full-time programs operate on the average of 15 credit hours per term and at least two terms in length. Part-time programs operate on the average of less than 15 credit hours per term and at least two terms in length. Short-term programs are less than 22 credit hours in length.
Secondary High School Diploma	Courses provided by community colleges for secondary credit toward a high school diploma granted by a local secondary school district.

	Glossary
Term	Definition
Student	A <u>full-time student</u> is one who enrolls for 12 or more semester credit hours (18 or more quarter hours) in the most recent regular term of enrollment. A <u>part-time student</u> is one who enrolls for less than 12 semester credit hours (18 quarter hours) in the most recent regular term of enrollment. Appropriate adjustments for length of summer term are to be used if the student has not attended a regular term during the academic year. The above definitions are used for uniform state reporting, however community colleges often define full-time and part-time enrollments according to independent local criteria. College Student Aid Commission's full-time definition is a student enrolled for 12 or more semester credits, 12 or more quarter credits, or 24 contact hours a week each term.
Tech Prep Program	A program that combines at least two years of secondary education and two years of postsecondary education in a non duplicate sequential course of study, integrates academic and career/technical courses, and leads to an associate degree and/or an occupational certification in a high skill, high wage occupation or further education.
Tech Prep Postsecondary Student	A student who has completed the courses required at the secondary level (both academic and technical courses) and is enrolled in the postsecondary portion of the same 2 plus 2 program.

Numbers may not total due to rounding.

Notes:

- 1 Includes only property tax generated by the school aid formula and included in combined district cost. It is assumed shortfalls due to the 2.5% across-the-board reduction will be offset by property tax (Cash Reserve Levy). Property Tax funding is overstated to the extent school districts cut expenditures rather than offset the reduction with property tax.
 - State funding includes General Fund amounts after the 2.5% across-the-board reduction and partial restoration of the reduction.
 - State Foundation Aid funding to the Department of Human Services is not included.
- 2 Enrollment includes all full-time campus students (lowa residents and nonresidents).
- 3 Property tax for community colleges includes only the estimated proceeds from the 20.25 cent operating levy.
- 4 Includes Board operation, tuition replacement, and general university line-items. (Does not include research, hospitals, or other line-items)
 A portion of tuition replacement was provided from other State funds, not the General Fund.
- **5** Pupils include recipients of tuition grants as reported by the College Student Aid Commission.

Enrollment numbers at State universities and community colleges are total <u>lowa</u> degree credit students (headcount) from the lowa Enrollment Report prepared by the Registrar at the University of lowa for the lowa Coordinating Council on Post-High School Education.
