STATE OF NORTH DAKOTA
OFFICE OF THE STATE AUDITOR
STATE CAPITOL
600 E. BOULEVARD AVE. - DEPT. 117
BISMARCK, ND 58505

INDEPENDENT AUDITOR'S REPORT

Honorable John Hoeven, Governor

Members of the Legislative Assembly

The State Board of Higher Education

We have audited the accompanying financial statements of the business-type activities of the North Dakota University System and its aggregate discretely presented component units as of and for the year ended June 30, 2007 which collectively comprise the North Dakota University System's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the University System's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the aggregate discretely presented component units listed in Note 1. Those financial statements and reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for those entities, is based solely on those financial statements and reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the aggregate discretely presented component units were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinion.

As discussed in Note 1, the financial statements of the North Dakota University System are intended to present the financial position and the changes in financial position and, where applicable, cash flows of only that portion of the business-type activities of the state of North Dakota that is attributable to the transactions of the North Dakota University System. They do not purport to, and do not, present fairly the financial position of the state of North Dakota as of June 30, 2007, and the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the North Dakota University System as of June 30, 2007, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2007, on our consideration of the North Dakota University System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 3 through 15 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the North Dakota University System's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The combining statement of net assets, the combining statement of revenues, expenses and changes in net assets, the combining statement of cash flows and the schedule of bonds payable have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The statement of net assets - non-major component units, the statement of revenues, expenses, and changes in net assets - non-major component units and the financial information for revenue producing buildings have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Robert R. Peterson
State Auditor

December 11, 2007

**NORTH DAKOTA UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2007**

The North Dakota University System's (the "System") discussion and analysis (MD&A) provides an overview of the System's financial activities and issues for the year ended June 30, 2007. It is designed to focus on the current year's activities, resulting changes and currently known facts to assist readers in understanding the accompanying financial statements.

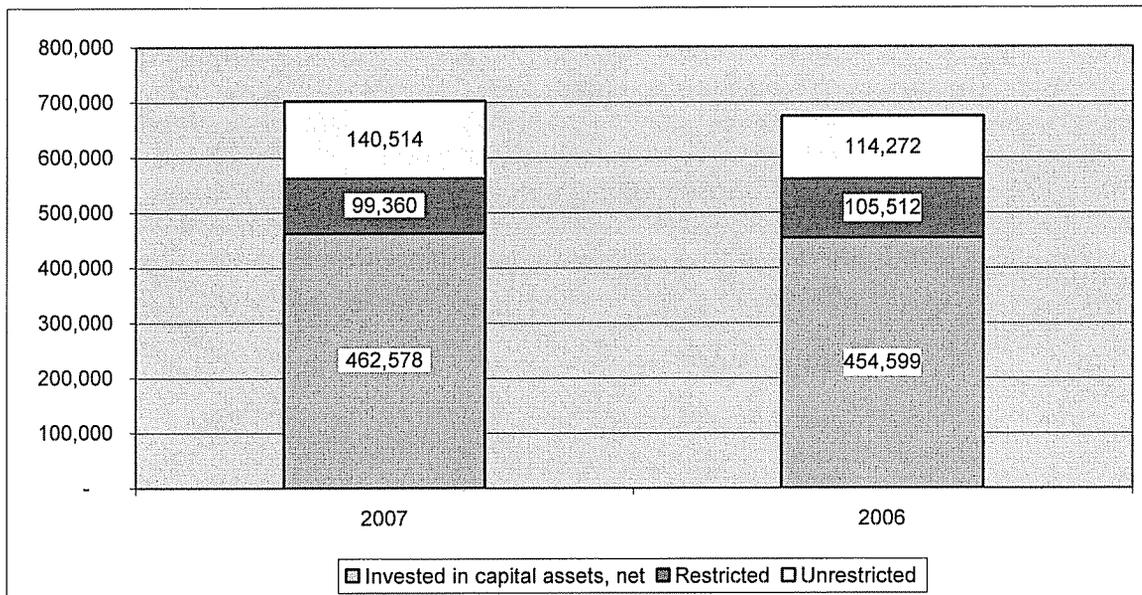

This discussion provides an overview of the financial position of the System for the year ended June 30, 2007 and should be read in conjunction with the accompanying financial statements and notes to the financial statements. The financial statements, notes, and this discussion and analysis are the responsibility of management.

Activities from the eleven public post-secondary campuses, the North Dakota University System Office, and the System's component units are included in the accompanying financial statements. For a detailed listing of these entities, refer to Note 1 of the accompanying financial statements.

FINANCIAL HIGHLIGHTS

The System's overall financial standing continues to be sound with total assets of \$1.037 billion and total liabilities of \$335 million, resulting in a net assets total of \$702 million (an increase of \$28 million over the fiscal year). The System has done well in managing its financial resources and is better off as a result of the current year's activities. Total operating revenues increased 3 percent primarily as a result of increases in tuition, room and board rates. Total operating expenses were held to an increase of 4 percent.

Total net assets were \$702 million at June 30, 2007 and \$674 million at June 30, 2006. The following graph illustrates the net asset breakdown for fiscal years ending June 30, 2007 and 2006:

As a percent of total net assets, invested in capital assets (net of related debt) is the largest category of net assets due to the significant size of the System's physical infrastructure.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets, the Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows provide information on the System as a whole and present a long-term view of the System's finances. Refer to Note 1 in the accompanying financial statements for activities included in the System's basic financial statements.

The statements assist in answering the question "Is the System as a whole financially better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Revenues, Expenses, and Changes in Net Assets report information on the System as a whole and on its activities in a way that helps answer this question. The Statement of Cash Flows summarizes transactions affecting cash and cash equivalents during the fiscal year. It also provides information about the ability of the System to generate future cash flows necessary to meet its obligations and to evaluate its potential for additional financing.

Other non-financial factors, such as the condition of the campuses infrastructure, changes in legislative funding and changes in student enrollments need to be considered in order to assess the overall health of the System.

STATEMENT OF NET ASSETS

The Statement of Net Assets presents the financial position of the System at one point in time and includes all assets and liabilities of the System. Net assets are the difference between assets and liabilities and may be thought of as one way to measure the System's financial health, or financial position. Over time, increases or decreases in the System's net assets are an indicator of whether its financial health is improving or deteriorating.

Assets and liabilities are classified as either current or noncurrent. Current assets are those resources that are convertible to cash within one year and are available to satisfy current liabilities. Current assets include cash and cash equivalents, short-term investments and accounts receivable. Noncurrent assets are mainly long-term investments and property and equipment. Current liabilities are those obligations of the System that are due within one year of the statement date. Noncurrent liabilities are comprised of long-term debt and other obligations of the System.

Net assets are reported in three categories: invested in capital assets, net of related debt; restricted net assets (both nonexpendable and expendable); and unrestricted net assets. Net assets invested in capital assets, net of related debt, consist of capital assets less the balance of the outstanding debt incurred during the construction or improvement of those assets. Restricted net assets are limited in use due to the constraints put in place by the donors or by law. Unrestricted net assets are those assets that do not qualify as either invested in capital assets, net of related debt, or restricted net assets but may have Board or other campus designated restrictions on use.

Unrestricted net assets encompass a wide array of core operational functions of the campuses. The balances shown are not only cash balances, but consist of investments, accounts receivable, inventories, and other non-liquid assets. Operating cycles create significant balance fluctuations during the fiscal year. Therefore, although some funds are not yet expended as of a particular point in time, they are generally designated for specific uses.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2007

The following table shows the Condensed Statement of Net Assets at June 30, 2007 and 2006:

Condensed Statement of Net Assets
June 30, 2007 and 2006 (in Thousands)

	2007	2006	Dollar Change	Percent Change
Current assets	\$ 223,532	\$ 212,932	\$ 10,600	5%
Capital assets, net	681,625	636,286	45,339	7%
Other noncurrent assets	132,195	160,091	(27,896)	-17%
Total assets	\$ 1,037,352	\$ 1,009,309	\$ 28,043	3%
Current liabilities	\$ 79,569	\$ 70,113	\$ 9,456	13%
Noncurrent liabilities	255,331	264,813	(9,482)	-4%
Total liabilities	\$ 334,900	\$ 334,926	\$ (26)	0%
Invested in capital assets, net	\$ 462,578	\$ 454,599	\$ 7,979	2%
Restricted	99,360	105,512	(6,152)	-6%
Unrestricted	140,514	114,272	26,242	23%
Total net assets	\$ 702,452	\$ 674,383	\$ 28,069	4%

Current Ratio

(current assets to current liabilities)

2.8	3.0
-----	-----

Primary Reserve Ratio

(expendable net assets to operating expenses)

0.30	0.28
------	------

Total assets increased \$28.0 million during fiscal year 2007 to a total of \$1.037 billion. Cash and equivalents decreased \$28.2 million and investments increased \$31.5 million. Grants and contracts receivables decreased \$9.4 million. Net capital assets increased \$45.3 million for net additions to property and equipment less depreciation expense, as discussed in a later section of this MD&A.

Total liabilities held even at \$335 million at June 30, 2007 from June 30, 2006. Accounts payable and accrued liabilities increased \$6.7 million due primarily to timing of billings. Long-term liabilities decreased \$9.5 million, as discussed in a later section of this MD&A.

The current ratio, calculated by dividing current assets by current liabilities, measures the System's ability to meet current obligations. The System's current ratio at June 30, 2007 was 2.8 to 1, which indicates the System's current assets are three times that of its current liabilities. A ratio of less than 1 to 1 would be cause for concern.

Total net assets increased \$28 million during fiscal year 2007 as a result of the year's activity.

The primary reserve ratio (calculated by dividing expendable and unrestricted net assets by operating expenses), measures the ability of the System to continue operating at current levels, within current restrictions, without future revenues. Proof of an adequate reserve ratio is often required to secure long-term financing. The System's primary reserve ratio at June 30, 2007 is .30 to 1, which indicates in an emergency situation, the System could continue its current operations for approximately 16 weeks.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2007

STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET ASSETS

The Statement of Revenues, Expenses, and Changes in Net Assets provides information about the System's activities during the year by reporting all the revenues and expenses for the year. In the Statement of Revenues, Expenses and Changes in Net Assets, all of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. When revenues and other support exceed expenses, the result is an increase in net assets. When the reverse occurs, the result is a decrease in net assets. The relationship between revenues and expenses may be thought of as the System's operating results.

Revenues and expenses are categorized as either operating or nonoperating. Operating revenues are revenues earned by the System in exchange for its goods and services, such as tuition and fees, grants and contracts, sales and services of educational departments and auxiliary enterprise revenues. Operating expenses are expenses incurred during the normal operations of the System and include, salaries and wages, operating expenses, depreciation, scholarships and fellowships and cost of sales and services. Nonoperating revenues and expense are those derived from non-exchange transactions. Examples include: insurance proceeds, investment income, gifts, state appropriations, interest on capital asset-related debt and gains or losses on capital assets. Even though state appropriations fund operating expenses, they are classified as nonoperating revenues as the Government Accounting Standards Board has ruled that they are not an exchange for goods or services. Other nonoperating items that are reported separately at the bottom of the statement include capital related transactions – appropriations, gifts, grants and transfers.

The following table shows a Condensed Statement of Revenues, Expenses and Changes in Net Assets for the fiscal years ended June 30, 2007 and 2006:

Condensed Statement of Revenue, Expenses, and Changes in Net Assets
June 30, 2007 and 2006 (in Thousands)

	2007	2006	Dollar Change	Percent Change
Operating revenues	\$ 530,103	\$ 516,606	\$ 13,497	3%
Operating expenses	761,183	734,116	27,067	4%
Operating loss	(231,080)	(217,510)	(13,570)	6.2%
Nonoperating revenues (expenses), net	253,948	240,980	12,968	5%
Income (loss) before capital grants, gifts, and transfers	22,868	23,470	(602)	-3%
Capital appropriations, grants and gifts	11,186	11,480	(294)	-3%
Transfers	(5,985)	(6,589)	604	-9%
Increase (decrease) in net assets	<u>\$ 28,069</u>	<u>\$ 28,361</u>	<u>\$ (292)</u>	<u>-1%</u>

Tuition and Fees Funding Ratio

(tuition and fees to operating expenses)

29% 27%

Net Income Margin (increase in net assets to total revenue)

3.5% 3.6%

From June 30, 2006, operating expenses increased 4 percent while operating revenues increased 3 percent, resulting in resulting in a 6.2 percent increase in the operating loss for fiscal year 2007 as compared to fiscal year 2006. Net income margin, calculated by dividing increase in net assets by total revenue, is a measure of current year financial status. The System's net income margin for fiscal year 2007 is 3.5 percent. A positive margin is good, as it signifies the System is not spending more than it's taking in.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2007

Revenues

The following table shows revenues by source for the fiscal years ended June 30, 2007 and 2006:

	June 30 (in Thousands)		Dollar Change	Percent Change
	2007	2006		
Operating revenues				
Student tuition and fees	\$ 218,669	\$ 201,783	\$ 16,886	8%
Grants and contracts	180,833	191,402	(10,569)	-6%
Sales and services of education departments	44,360	41,389	2,971	7%
Auxiliary enterprises	80,758	80,608	150	0%
Other	5,484	1,424	4,060	285%
Total operating revenues	\$ 530,103	\$ 516,606	\$ 13,497	3%
Nonoperating revenues, capital gifts and grants				
State Appropriations	\$ 225,920	\$ 211,243	\$ 14,677	7%
Federal appropriations	4,295	6,002	(1,707)	-28%
Federal grants and contracts	100	87	13	15%
Gifts	21,583	19,780	1,803	9%
Investment income	14,533	7,692	6,841	89%
Insurance proceeds	1,042	408	634	155%
Tax revenues	2,322	2,146	176	8%
Gain on sale of capital assets	-	3,025	(3,025)	100%
Other nonoperating, net	-	801	(801)	100%
State appropriations-capital assets	3,871	5,567	(1,696)	-30%
Capital grants & gifts	7,314	5,913	1,401	24%
Total nonoperating revenues, capital gifts	\$ 280,980	\$ 262,664	\$ 18,316	7%
Total Revenues	\$ 811,084	\$ 779,270	\$ 31,814	4%

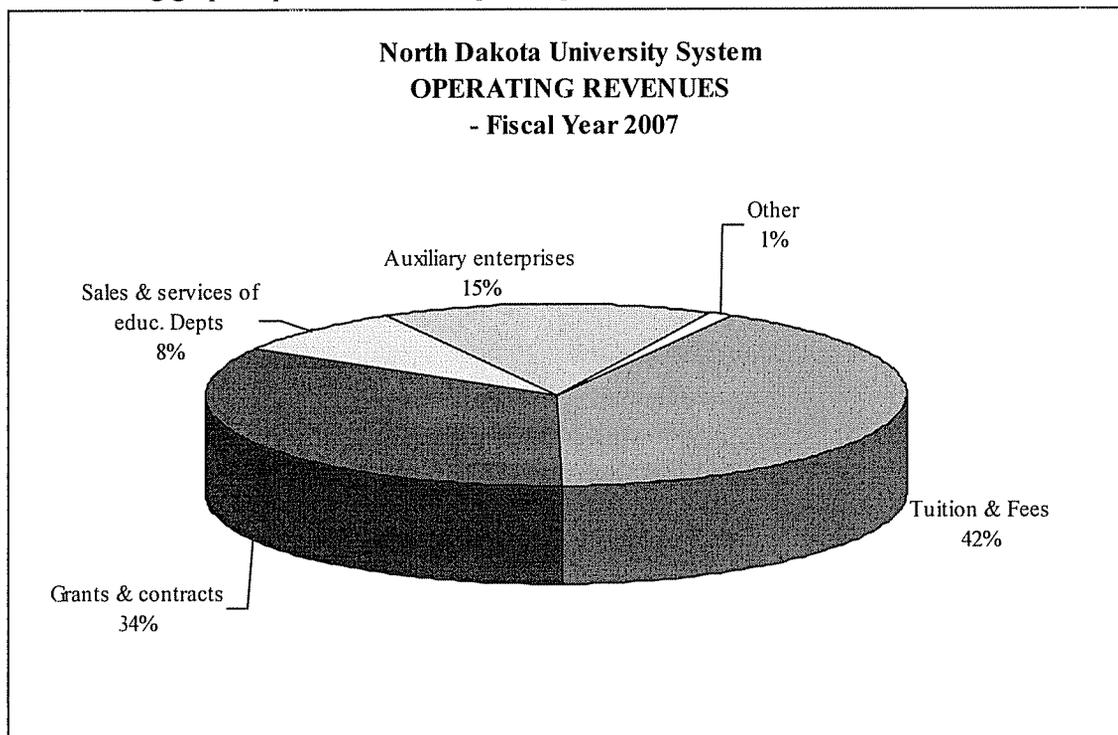

Tuition and fee revenues increased 8 percent from fiscal year 2006. Grant and contract awards (under operating revenues) decreased 6 percent in fiscal year 2007. Within this total, federal and state grants and contracts revenue decreased \$9.1 million. Private grants and contracts revenue decreased \$1.5 million in fiscal year 2007. The campuses continue to put forth significant effort to secure grant funding.

Revenues from auxiliary enterprises such as housing, bookstore and foodservice held even for fiscal year 2007.

State appropriations, excluding capital assets, increased 7 percent from fiscal year 2006 due to an increase in the general fund appropriation for the 2005-07 biennium.

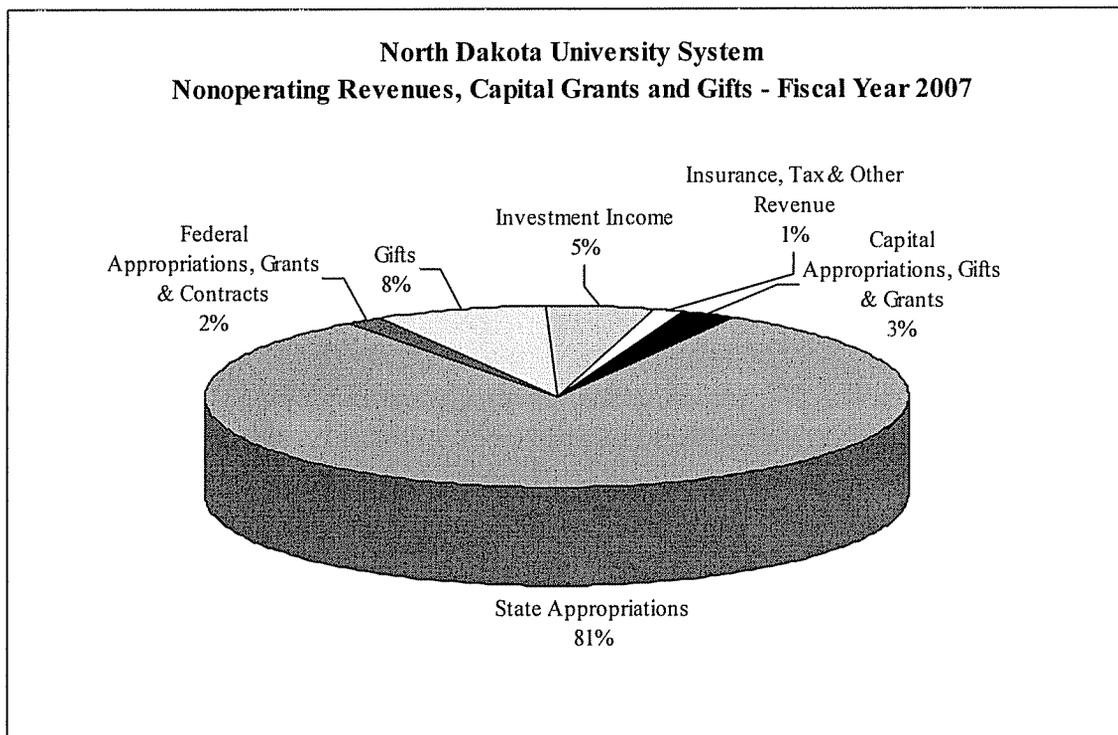

Investment income increased 89 percent over fiscal year 2006, due to improved market conditions and an increase in investment balances.

The following graph depicts sources of operating revenues for fiscal year 2007:

In fiscal year 2007, tuition and fees funded 42 percent of operating expenses as compared to 39 percent in the previous fiscal year. The increase was a result of rate increases.

The following chart depicts sources of nonoperating revenues, capital grants and gifts for fiscal year 2007:

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2007

Expenses

The following table shows expenses by natural classification for the fiscal years ended June 30, 2007 and 2006:

	June 30 (in Thousands)		Dollar Change	Percent Change
	2007	2006		
Operating expenses				
Salaries and wages	\$ 468,181	\$ 461,643	\$ 6,538	1%
Operating expenses	183,415	175,398	8,017	5%
Data processing	13,034	13,775	(741)	-5%
Depreciation expense	39,353	38,214	1,139	3%
Scholarships and fellowships	23,737	21,670	2,067	10%
Cost of sales and services	33,463	23,416	10,047	43%
Total operating expenses	\$ 761,183	\$ 734,116	\$ 27,067	4%
Nonoperating expenses				
Interest on capital asset related debt	\$ 12,258	\$ 9,512	\$ 2,746	29%
Loss on sale of capital assets	1,490	-	1,490	100%
General and special grant expenditures	748	691	57	8%
Other nonoperating, net	1,350	-	1,350	100%
Total nonoperating expenses	\$ 15,846	\$ 10,203	\$ 5,643	55%
Total expenses	\$ 777,029	\$ 744,319	\$ 32,710	4%

Salaries and wages expense for the System increased by 1.4 percent in fiscal year 2007. Operating expenses, including travel, office expenses, supplies, utilities, repairs, rents and leases, fees, instructional supplies and other general expenses, increased 5 percent in fiscal year 2007 which is consistent with the increase in inflation of 5.1 percent, as measured by the change in the Consumer Price Index.

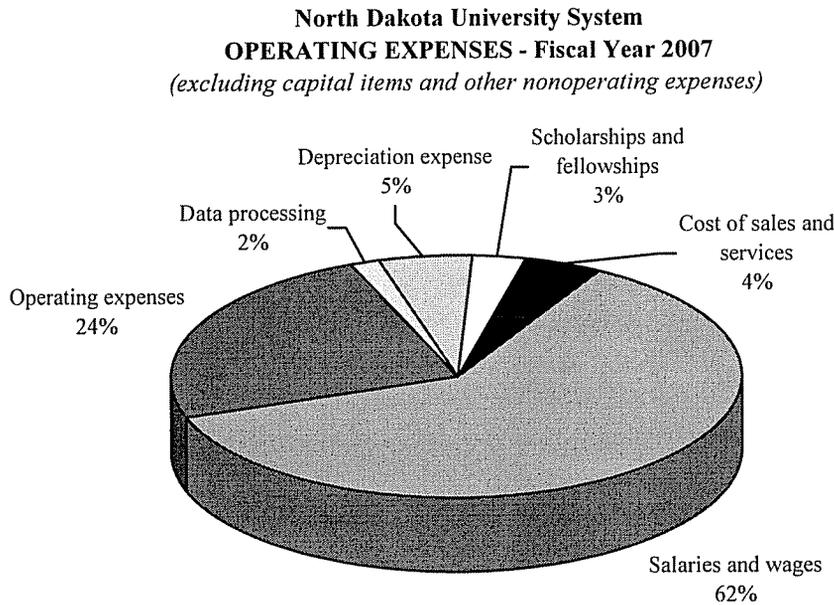

Scholarships and fellowships expense increased by 10 percent primarily due to increases in the dollar amount of total waivers as a result of increased tuition rates.

Cost of sales and services increased 43 percent as a result of a change in the method in which recharge center revenue were offset.

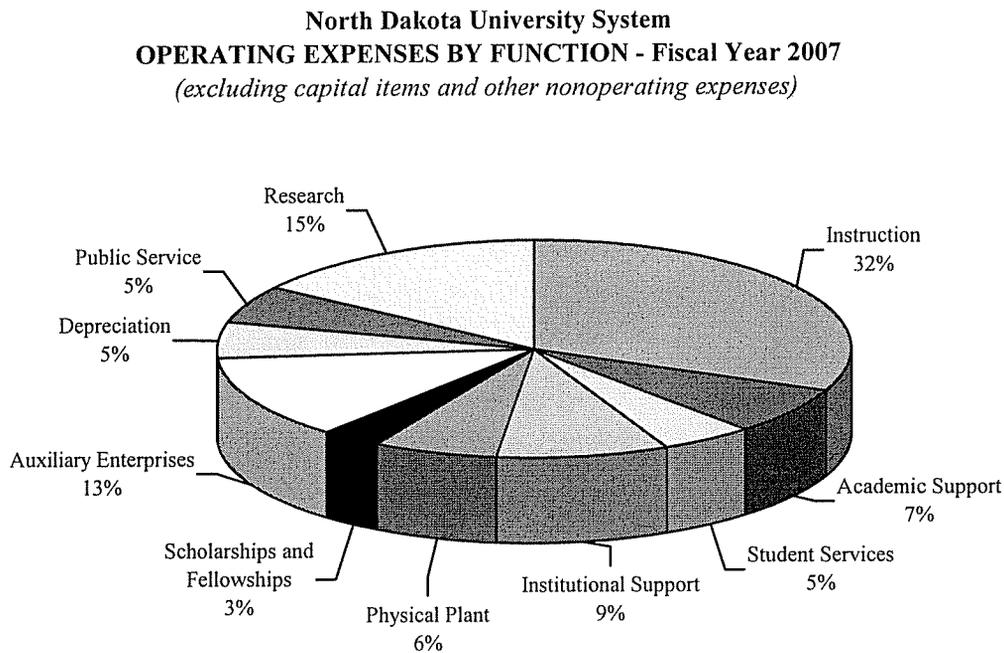

Interest on capital asset related debt increased 29 percent in fiscal year 2007 due to higher interest rates and additional debt in the first part of fiscal year 2007.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2007

The allocation of operating expenses among the natural classification categories has not changed significantly from fiscal year 2006. The following chart depicts the uses of operating funds according to natural classification for fiscal year 2007:

In addition to their natural classification, it is also informative to review operating expenses by function. The following chart illustrates operating expenses by function for fiscal year 2007:

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2007

The allocation of expenses to functional areas has not changed significantly from prior year.

Instructional expenses, at 32 percent, continue to represent the largest expenditure category. The instructional function includes all expenses related to instruction (e.g. classroom, distance ed and continuing education) and instructional support. *Academic support* includes libraries, academic deans, and other departments that directly support the academic unit of the campuses. *Student services* include all offices that provide a specific service to students, including career services, registration, admission and counseling. *Institutional support* includes staff that support the institution as a whole (e.g. business office, IT support and president's office). The *physical plant* function includes upkeep, maintenance and utilities for campus facilities. *Scholarships and fellowships* include aid provided to students. *Auxiliary enterprises* are the self-supporting activities of the campuses, such as bookstore, food service and housing. *Depreciation* represents the non-cash expense of capitalized assets over time. Public service includes expenses for activities established primarily to provide non-instructional services that are beneficial to individuals and groups external to the institution. All activities specifically organized to produce research, which is mostly federally funded, is included in the *research function*.

STATEMENT OF CASH FLOWS

The Statement of Cash Flows shows inflows and outflows of cash without regard to accrual items. *Cash flows from operating activities* on the Statement of Cash Flows will always be different from the operating gain or loss on the Statement of Revenues, Expenses, and Changes in Net Assets (SRECNA) because of the inclusion of noncash items, such as depreciation expense, on the SRECNA. Also, the SRECNA is prepared on the accrual basis of accounting, meaning that it shows revenues earned and expenses incurred. The primary cash receipts from operating activities consist of tuition and fees, grants and contracts, and auxiliary income from housing, food service and bookstore operations. Cash outlays include payment of wages and benefits; operating expenses such as utilities, supplies, insurance and repairs; and, scholarships to students.

State appropriations are the primary source of *cash flows from noncapital financing activities*. Accounting standards require that we reflect this source of revenue as nonoperating, even though the campus budgets depend on this to continue the current level of operations. Other noncapital financing activity includes gifts received from endowment and charitable gift annuities.

Cash flows from capital and related financing activities include all plant funds and related long term debt activities (except depreciation and amortization), as well as capital gifts, grants and appropriations. Purchase and sale of investments and income earned on investments are included in *cash flows from investing activities*.

The Condensed Statement of Cash Flows for the fiscal years ended June 30, 2007 and 2006 is shown below:

Condensed Statement of Cash Flows
June 30, 2007 and 2006 (in Thousands)

	<u>2007</u>	<u>2006</u>
Cash flows from operating activities	\$ (177,452)	\$ (179,415)
Cash flows from noncapital financing activities	261,772	225,416
Cash flows from capital and related financing activities	(94,696)	7,043
Cash flows from investing activities	(17,846)	(32,751)
Increase (decrease) in cash and cash equivalents during the year	<u>\$ (28,222)</u>	<u>\$ 20,293</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2007

Consistent with accounting standards, cash flows from state appropriations (excluding capital assets) are included in noncapital financing activities, even though they provide funding for operating activities. Cash received from state appropriations, excluding capital assets, in fiscal year 2007 was \$234.9 million. If this figure is added to the cash flows from operating activities, the result is a positive cash flow of \$57 million.

CAPITAL ASSET AND LONG-TERM LIABILITIES HIGHLIGHTS

CAPITAL ASSETS

On June 30, 2007, the System had \$681.6 million invested in net capital assets, as reflected in the following table, which represents a net increase of \$45.3 million or 7.1 percent during the fiscal year.

Capital Assets
June 30, 2007 and 2006 (in Thousands)

	<u>2007</u>	<u>2006</u>
Land	\$ 16,053	\$ 16,036
Land improvements/infrastructure	142,089	139,712
Buildings	727,392	694,146
Furniture, fixtures, and equipment	201,011	190,231
Intangibles	16,045	16,039
Library materials	97,410	92,850
Construction in progress	68,444	40,408
Total	<u>\$ 1,268,444</u>	<u>\$ 1,189,422</u>
Total accumulated depreciation	<u>(586,819)</u>	<u>(553,136)</u>
Capital assets, net	<u>\$ 681,625</u>	<u>\$ 636,286</u>

Total additions to capital assets in fiscal year 2007 were \$37 million. Some of the major projects completed during the fiscal year, and their capitalized project cost, include:

- Mechanical Maintenance building at BSC - \$1.4 million
- Murphy Hall renovation at DSU \$3.3 million
- Crane Hall renovation at MiSU - \$4.8 million
- Student Union Ballroom renovation at MiSU \$1.1 million
- Wellness Center at UND - \$21.0 million

Construction in progress for other projects underway totaled \$68.4 million at June 30, 2007. Some of the major projects, and their estimated project costs, include:

- Student housing facility at BSC - \$5.0 million
- National Energy Center of Excellence at BSC \$6.0 million
- Thatcher Hall addition at MiSU-B- \$2.7 million
- Memorial Union expansion at NDSU - \$22 million
- Wellness Center addition at NDSU - \$12 million
- Living Learning Center West at NDSU -\$12 million
- Northern Plains Center for Behavior at NDSU - \$3.9 million

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2007

- Hazardous material handling facility at NDSU - \$3.5 million
- Parking facility at UND - \$16.5 million
- Student housing at UND - \$20 million

Outstanding commitments for these and other capital projects as of June 30, 2007 totaled \$25.4 million. In addition to specific renovation and new building projects, campuses also completed major repair projects to electrical distribution systems, steam lines, parking lots, lighting and roofs and completed numerous energy improvements projects. More detailed information about the System's capital assets is presented in Note 5 and Note 14 to the financial statements.

LONG-TERM LIABILITIES

On June 30, 2007, the System had \$267.3 million in bonds and other long-term obligations outstanding, compared to \$272.6 million on June 30, 2006.

Long-Term Liabilities
June 30, 2007 and 2006 (in Thousands)

	<u>2007</u>	<u>2006</u>
Bonds Payable	\$ 190,625	\$ 197,175
Notes Payable	6,611	7,583
Capital Leases	46,081	45,002
Special Assessments	1,789	1,378
Compensated Absences	22,242	21,491
Total Debt	<u>\$ 267,348</u>	<u>\$ 272,629</u>
Viability Ratio (expendable net assets to L-T debt)	<u>0.9</u>	<u>0.8</u>

Long-term liabilities added in fiscal year 2007 totaled approximately \$31.6 million, including: two revenue bonds totaling \$22.8 million for new construction and renovation projects, \$7.1 million in new capital leases for purchase of capital assets, and \$1.7 million in other long-term obligations. Total debt retired in fiscal year 2007 was \$36.9 million, consisting primarily of bond payments of \$29.4 million and other regularly scheduled principal payments. At June 30, 2007, \$76.6 million of auxiliary enterprise revenues (95 percent) are pledged as security for outstanding revenue bonds.

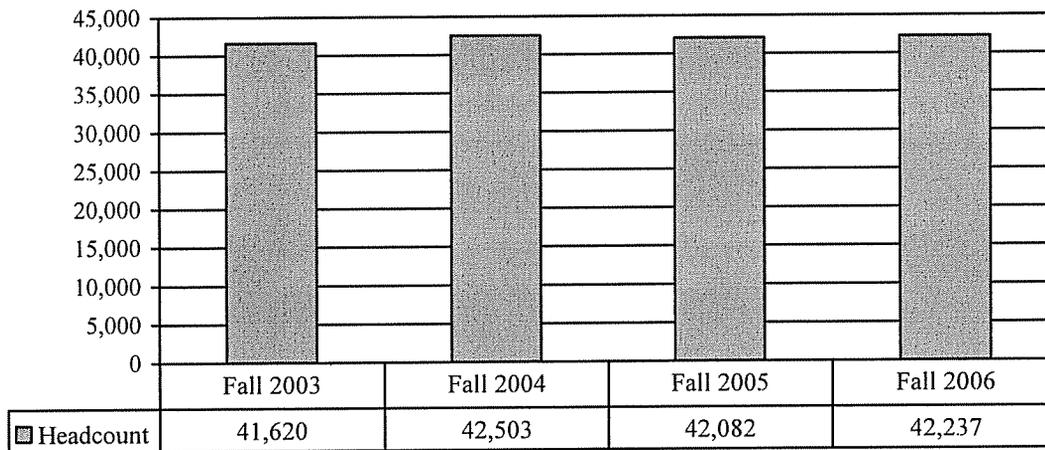

The viability ratio, calculated by dividing expendable net assets by long-term debt, measures the System's ability to retire long-term debt using available current resources. The System's viability ratio at June 30, 2007 of .9 to 1 indicates the System needs to watch its future debt levels closely as a ratio of 1 to 1 or greater is preferred. More detailed information about the System's long-term liabilities is presented in Notes 7 through 11 to the financial statements.

OTHER HIGHLIGHTS

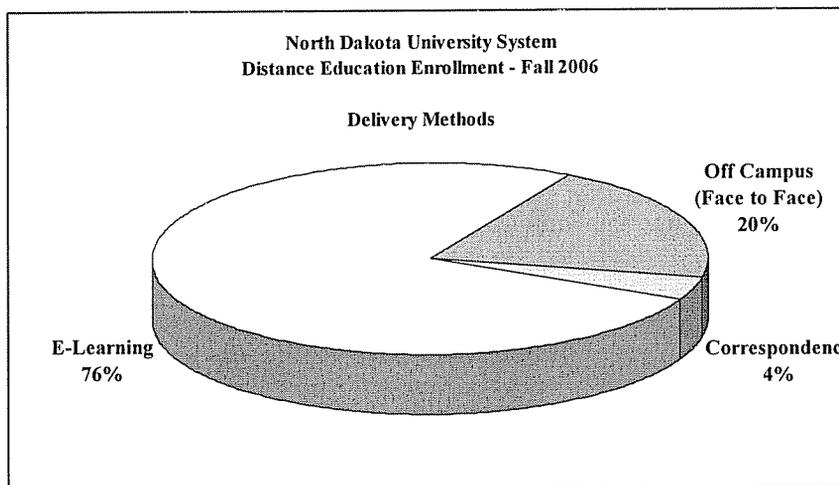

STUDENT ENROLLMENTS

Annual unduplicated degree credit headcount for Fall 2006 was 42,237, less than a 1 percent increase over the previous fall enrollment. Degree credit headcount for the University System for the last four fall terms is as follows:

**North Dakota University System
 Degree Credit Headcount for the Fall Term**

Within degree credit, distance education (off-campus, correspondence and E-Learning) continues to be the fastest growing delivery method, experiencing a 20 percent increase over last academic year, and accounting for about 34 percent of total degree credit headcount. E Learning (internet, IVN and other) now accounts for 76 percent of all distance education offerings, as apposed to 73 percent in fiscal year 2006. Typically, distance education courses are offered at a tuition and/or fee premium, so tuition and fee revenues receive an additional boost as these course offerings continue to expand.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2007

ECONOMIC FACTORS

STATE FUNDING

The 2005 Legislative Assembly approved a state general fund appropriation for all entities of the System of \$445.12 million for the 2005-07 biennium. This was \$33.5 million, or 8.1 percent more than the 2003-05 adjusted appropriation. However, the System's appropriation (excluding ag extension and research centers) as a percentage of the state's total 2005-07 general fund budget was 19.5 percent, compared to 20.1 percent in 2003-05.

The actual average tuition increase in academic year 2006-07 and 2005-06 was 9.4 percent and 8.7 percent, respectively. Other public campuses across the nation also experienced higher than average percentage tuition rate increases during the two-year period ending June 30, 2007. According to the College Board's annual tuition survey, average tuition in 2006-07 and 2005-06 increased 6 percent and 7 percent, respectively, at public four-year colleges nationwide and 4 percent and 5 percent, respectively, at public two-year institutions.

MARKET FACTORS

As a state supported higher education institution, the economic position of the System is closely tied to the State of North Dakota. In fiscal year 2007, state revenues were positively affected by improving market conditions. Despite economic improvement, rising utility and health care costs continue to challenge state and campus budgets. Utility expenditures at the campuses are expected to be over \$5 million (15.9 percent) above original 2005-07 estimates. In light of this, campuses will need to continue to generate new sources of revenue or reallocate resources from other areas of the budget to cover additional costs.

DEMOGRAPHIC FACTORS

The number of ND public high school graduates continues to decline. This negative trend could have a substantial financial impact on the System, as a large percentage of students enrolled in System campuses are ND high school graduates. The System is proactively expanding its distance education offerings (as noted in the Student Enrollment section above), and continually seeking other ways to sustain enrollment, and thereby sustain tuition and fee revenues, over the next 10 to 15 years.

FINANCIAL CONTACT

The System's financial statements are designed to present users with a general overview of the System's finances and to demonstrate accountability. If you have questions about the report or need additional financial information, contact the System's Director of Financial Reporting at 701-328-3401; State Capitol - 10th Floor, 600 E. Boulevard, Bismarck, ND 58505-0230.

NORTH DAKOTA UNIVERSITY SYSTEM
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies, as summarized below, and the financial statements for the North Dakota University System are in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) which is the accepted primary standard-setting body for establishing governmental accounting and financial reporting principles.

REPORTING ENTITY

The North Dakota State Board of Higher Education (Board) is the governing body for North Dakota's eleven publicly supported colleges and universities. In addition to these eleven institutions, the Board also oversees the Agricultural Research Centers, Agronomy Seed Farm, North Dakota Cooperative Extension Service, Northern Crops Institute, School of Medicine and Health Sciences, the State Forest Service, and the Upper Great Plains Transportation Institute. The Board was established in 1939 when the voters of North Dakota approved an initiated measure to add Article VIII to the State Constitution. The Board consists of eight voting members. The Governor, with the advice and consent of the Senate, appoints seven of the eight voting members. The eighth member is a full-time resident student appointed by the Governor. A ninth member is a faculty member (non-voting) selected by the statewide Council of College Faculties. The Board is an entity of the executive branch of the government of the State of North Dakota. The colleges and universities governed by the Board are collectively known and referred to as the North Dakota University System hereafter referred to as the University System. The Board appoints a Commissioner of Higher Education (Chancellor) to serve as the chief executive officer of the Board and of the University System. The Chancellor and the Chancellor's staff must have their principal office in the State Capitol per the North Dakota Constitution. This office is referred to as the University System Office. The North Dakota Legislature appropriates funds it deems necessary and as required by law for those agencies and institutions authorized to exist by the constitution and statutes. Separate general ledgers are maintained for the University System office and each institution on the PeopleSoft Finance Module. The financial statements presented here are also included in the comprehensive annual financial report of the State of North Dakota.

The University System includes the following entities that were created by the North Dakota Constitution and/or North Dakota Century Code (NDCC). As stated above these entities are under the control and administration of the State Board of Higher Education. Each entity receives a separate appropriation from the North Dakota Legislature as provided by North Dakota Constitutional Article VIII, S 6(6)(e) and state statute.

Component Units

The process of evaluating potential component units involved the application of criteria set forth in Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*. In accordance with GASB Statement No. 14, a financial reporting entity consists of the primary institution, organizations for which the primary institution is financially accountable, and other organizations for which the nature and significance of their relationship with the primary institution are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The definition of the reporting entity is based primarily on the criteria of financial accountability. The primary institution is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and it is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary institution. Governmental Accounting Standards Board (GASB) Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, modifies and clarifies previously existing criteria of determining whether an organization should be reported as a component unit and how that component unit should be reported in the financial statements. The nature and significance of the organizations relationship and the extent of financial integration with the primary institution are now considered when determining potential component units.

As required by generally accepted accounting principles, the accompanying financial statements present the University System (the primary institution) and its component units. The component units are included in the University System's reporting entity because of the significance of their operational or financial relationships with the University System.

Blended Component Units

A component unit whose governing body is substantively the same as the governing body of the primary institution, a financial benefit/burden relationship exists and the entity provides services entirely or almost entirely to the primary institution or otherwise exclusively or almost exclusively benefits the primary institution even though it does not provide services directly to it, is included in the primary institutions financial statements using the blending method.

The **Mystic Athletic Club** (BSC) is considered a blended component unit. Although it is a legally separate entity, the Mystic Athletic Club is reported as if it were part of the primary institution because

NOTES TO THE FINANCIAL STATEMENTS

the board is comprised of BSC employees and its sole purpose is to provide support for the athletic programs at BSC. Complete financial statements may be obtained at the entity's administrative office at Bismarck State College, Athletic Department, 1601 Edwards Avenue, Bismarck, ND 58501.

North Dakota University System Foundation is considered a blended component unit. Although it is a legally separate, non-profit 501(c)(3) organization, NDUS Foundation is reported as if it were part of the primary institution because its sole purpose is to support the NDUS. Some members of the State Board of Higher Education serve on the Board of Trustees for the foundation. Complete financial statements may be obtained at the entity's administrative office at 600 E. Boulevard Ave. Dept 215, Bismarck, ND 58505-0230.

Discretely Presented Component Units

The following component units are legally separate entities; however, a fiscal dependency relationship exists whereby the entity does not have the ability to complete certain essential fiscal events without substantive approval from the primary institution or due to the nature and significance of the relationship to the University System, exclusion would render the financial statements incomplete or misleading. Although the primary institution does not control the timing or amount of receipts from the component units, the majority of resources, or income thereon, that the entities hold and invest are restricted by the donors to the activities of the primary institution or its constituents. Therefore, these entities are discretely presented in the accompanying financial statements using Financial Accounting Standards Board (FASB) standards, including FASB Statement No. 117, Financial Reporting for Not-for-Profit Organizations. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. With the exception of necessary presentation adjustments, no modifications have been made to the foundation's financial information in the System's financial report for these differences. Component units that are significant relative to the other component units and to the primary institution are considered "major" component units and are displayed in separate columns in the component unit section of the accompanying financial statements and are included in Note 15 under Major Component Units. Component units that are not significant relative to the other component units and to the primary institution are considered "non-major" component units and are displayed in a combined column in the component unit section of the accompanying financial statements. Note disclosures are not provided for "non-major" component units.

Major Component Units

The Bismarck State College Foundation is a legally separate, tax-exempt organization providing support and recognition to BSC through a variety of programs. The foundation acts primarily as a fund-raising organization to supplement the resources that are available to the college. The foundation is managed by a 75-member board of directors comprised of leading citizens, both alumni and friends of the college as well as seven ex-officio members that are officers/employees of BSC. Complete financial statements for Bismarck State College Foundation may be obtained at the entity's administrative offices at 1255 Schafer Street, PO Box 5587, Bismarck, ND 58506-5587.

Dickinson State University Foundation, Inc., was organized in 1952 as a non-profit corporation to provide an avenue through which alumni and friends of the University may contribute financially to the University. Gifts, grants, and bequests to the foundation benefit present and future students by providing scholarship assistance and the funding of special projects not available through other funding sources. The foundation is managed by a 26-member board of directors comprised of leading citizens, both alumni and friends of DSU as well as two ex-officio members that are officers/employees of DSU. Complete financial statements for Dickinson State University Foundation may be obtained at the

NOTES TO THE FINANCIAL STATEMENTS

entity's administrative offices at Dickinson State University, Dickinson, ND 58601.

Minot State University Development Foundation was incorporated in 1978 exclusively for the benefit of MiSU. Its purpose is to establish, promote and stimulate voluntary financial support for the benefit of the university, especially in the building of endowment and in addressing the long-term priorities of the university. A board of directors comprising 13 voting members manages the foundation. Two are ex-officio appointments from the Board of Regents and the Alumni Association, and three are ex-officio members who are employees of MiSU. Complete financial statements for Minot State University Development Foundation may be obtained at the entity's administrative office at 500 University Avenue West, Minot, ND 58707.

North Dakota State University Development Foundation is an incorporated, nonprofit organization developed solely for the benefit of NDSU. The foundation is approved by the IRS as a charitable, tax-exempt organization and designated by the University as the repository for private giving to the University. Its purpose is to raise, manage, and disburse contributions for the benefit of NDSU. The foundation is managed by a board of trustees comprised of 60 elected alumni and friends of the university as well as four ex-officio members – the president of NDSU, the president and vice president of the Alumni Association and the executive director of the Development Foundation and Alumni Foundation. Complete financial statements for North Dakota State University Development Foundation may be obtained at the entity's administrative office at 1241 N. University Drive, Fargo, ND 58102, or PO Box 5144, Fargo, ND 58105.

NDSU Research & Technology Park, Inc., is a nonprofit organization established in 1999 to promote an economic environment dedicated to applied research and technology discovery for the benefit of NDSU, its faculty and staff and students and the citizens of North Dakota. The majority of the Park's board of directors (6 of 9) works in private industry. Vacancies are filled by a majority vote of the board. Officers of NDSU fill the remaining three positions. The President of NDSU serves as president of the board of directors and has control over final building plans for any new building at the Park. Complete financial statements for NDSU Research & Technology Park, Inc., may be obtained at the entity's administrative office at 1735 NDSU Research Park Drive, Fargo, ND 58105.

UND Aerospace Foundation is a nonprofit entity organized in 1985 to encourage and develop the University of North Dakota's John D. Odegard School of Aerospace Sciences. The foundation's principal activities consist of developing and conducting training programs, research and development, and consulting services related to the aerospace industry. The foundation is managed by a board of directors consisting of five to seven members, including two or more persons who are active in the aerospace industry and/or graduates of UND with an interest in the aerospace industry, elected by the board; a senior manager of the foundation, elected by the board; the dean of the Odegard School of Aerospace Sciences, and the president of the University. The foundation benefits the University, financially and otherwise, through its promotion of the Odegard School and its programs and in the sharing of resources. Complete financial statements for the Aerospace Foundation may be obtained at the entity's administrative office at Box 9023, Grand Forks, ND 58202-9023.

The **Alumni Association of the University of North Dakota** was incorporated in 1915 for the purpose of 1) keeping classmates in contact with each other, 2) keeping graduates and former students informed of happenings at UND, and 3) involving the graduates, former students, and special friends in the ongoing growth and development of UND. **UND Foundation** was incorporated in 1978 to replace the Alumni Association Development Fund and is the umbrella organization for alumni and private support for University of North Dakota. These two legally separate nonprofit corporations have the same board of directors and the same executive vice president, but different board presidents and vice

NOTES TO THE FINANCIAL STATEMENTS

presidents. The board of directors consists of 21 voting members who are alumni of UND and 3 ex-officio members that are officers of UND. Complete combined financial statements for the Alumni Association of the University of North Dakota and University of North Dakota Foundation, may be obtained at the entity's administrative offices at PO Box 8157, Grand Forks, ND 58202.

RE Arena, Inc., UND Arena Services, Inc., UND Sports Facilities, Inc., Arena Holdings Charitable LLC and Affiliates are related organizations with common board of directors and management organized in 2003 for the benefit of UND. These organizations operate and maintain a multipurpose sports and entertainment arena in Grand Forks, ND. The arena is used primarily for UND athletics and activities. UND Sports Facilities, Inc. is the sole member of Arena Holdings Charitable LLC. RE Arena, Inc. conducts the day-to-day operations of the arena as an agent for Arena Holdings. Affiliates of RE Arena market products and services. UND Arena services, Inc. is the legal manager of Arena Holdings. Complete combined financial statements for these organizations may be obtained at Ralph Engelstad Arena, One Ralph Engelstad Arena Drive, Grand Forks ND 58203.

Non-major Component Units

Lake Region Community College Foundation was established in 1959 to provide a permanent structure through which support for Lake Region State College could be channeled. The work and the resources of the foundation are managed by a 27-member board of directors elected by the foundation membership to serve three-year terms. Complete financial statements for the Community College Foundation may be obtained at the entity's administrative office at 1801 College Drive North, Devils Lake, ND 58301-1598.

Mayville State University Foundation was established to act primarily as a fund-raising organization to supplement the resources that are available to MaSU. The foundation is managed by a 29-member board of directors comprised of leading citizens, both alumni and friends of the university as well as three ex-officio members that are officers/employees of MaSU. The **Comet Athletic Club**, a legally separate non-profit organization, operates as an entity within the foundation. The Club's purpose is to promote, support, and encourage interest and participation in MaSU sports. Their financial activity is reflected in the foundation's financial statements. Complete financial statements for Mayville State University Foundation may be obtained at the entity's administrative office at 330 3rd Street Northeast, Mayville, ND 58257.

MiSU-B Development Foundation and Logrollers are separate legal entities that were established to act primarily as fund-raising organizations to supplement the resources that are available to MiSU-B. The foundation and Logrollers are managed by the same eight-member board of directors comprised of leading citizens, both alumni and friends of the college as well as one ex-officio member that is an officer of MiSU-B. However, each entity has separate committees that direct each organization's activities. Complete combined financial statements for Minot State University-Bottineau Development Foundation and Logrollers may be obtained at the entity's administrative offices at 105 Simrall Boulevard, Bottineau, ND 58318.

North Dakota State College of Science Foundation was established to act primarily as a fund-raising organization to supplement the resources that are available to NDSCS. The foundation is managed by a 13-member board of directors comprised of leading citizens, both alumni and friends of the college as well as three ex-officio members that are officers/employees of NDSCS. Complete financial statements for North Dakota State College of Science Foundation may be obtained at the entity's administrative office at 800 Sixth Street North, Wahpeton, ND 58076-0002.

NOTES TO THE FINANCIAL STATEMENTS

NDSU Research Foundation is a legally separate, non-profit 501(c)(3) organization created to provide support to NDSU in its mission by enabling NDSU faculty to enhance their involvement in research, technology transfer, and business endeavors. Through linkages with public and private businesses and industries, the foundation facilitates the commercialization of research technologies developed by NDSU faculty and staff. The foundation is managed by an 11-member board of trustees, comprised of five NDSU employees and six individuals who are not employed by NDSU. Complete financial statements for the Research Foundation may be obtained at the entity's administrative office at 1735 NDSU Research Park Drive, Fargo, ND 58105.

Valley City State University Foundation was established to support Valley City State University by involving alumni and friends of the university in activities and private giving that meet the university's needs and advance its welfare. The foundation is managed by a 19 member Board of Directors comprised of leading citizens, both alumni and friends of the university and one director each from the Alumni Association, V-500 and Booster Board, as well as two ex-officio members that are officers of VCSU. Complete financial statements for Valley City State University Foundation may be obtained at the entity's administrative office at 101 College Street SW, Valley City, ND 58072.

Williston State College Foundation was established to act primarily as a fund-raising organization to supplement the resources that are available to WSC. The foundation is managed by an 11-member board of directors comprised of leading citizens, both alumni and friends of the college. Complete financial statements for Williston State College Foundation may be obtained at the entity's administrative office at PO Box 1286, 501 18th Street East, Williston, ND 58802-1286.

JOINT VENTURES

Tri-College University

Tri-College University (TCU) is a legally separate organization that is organized exclusively for educational purposes within the meaning of section 501(c)(3) of the Internal Revenue Code. TCU's purpose is to assist in the establishment and maintenance of coordinated programs between Concordia College, Minnesota State University Moorhead and NDSU, as a means of maximizing higher educational services for the people of the region. The organization serves as an agency through which resources are received and dispensed to supplement the educational endeavors of the three universities. The corporation also serves as a means for promoting and strengthening existing and potential educational programs and courses. A ten-member board of directors, including the presidents of the three universities, handles the affairs of the corporation. All property, funds and income of this corporation are held for the exclusive use and benefit of Concordia College, Minnesota State University Moorhead and NDSU. Administration of funds and other resources received by TCU for use in connection with specific programs at NDSU are the responsibility of the university. As of June 30, 2007, Tri-College University had net assets of approximately \$58,058 and is not considered a financial burden to NDSU. The financial activity of this organization is not reflected in the accompanying financial statements. Complete audited financial statements for Tri-College University may be obtained at the entity's administrative office at 209 Energy Technology Bldg., Fargo, ND 58105.

RELATED ORGANIZATIONS.

The entities detailed in Note 16 are excluded from the reporting entity because they were determined to be independent entities. Separate boards of directors control these entities, the college or university does not exercise financial or administrative control over these entities and/or the entities' relationship with the primary institution are not significant enough to warrant inclusion in the reporting entity's financial statements.

NOTES TO THE FINANCIAL STATEMENTS

BASIS OF PRESENTATION

The financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, and Statement No. 35, *Basic Financial Statements - and Management’s Discussion and Analysis - for Public Colleges and Universities*, issued in June and November, 1999, as amended by GASB Statement Nos. 36, 37 and 38. The System follows the “business-type activities” (BTA) reporting requirements of GASB Statement No. 34 that provides a comprehensive one-line look at the System’s activities.

BASIS OF ACCOUNTING

The financial statements of the University System have been prepared using the economic resources measurement focus and the accrual basis of accounting, whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

The University System follows the pronouncements of the Governmental Accounting Standards Board (GASB), which is the nationally accepted standard setting body for establishing generally accepted accounting principles for governmental entities. The University System follows all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989 unless those pronouncements conflict with GASB pronouncements.

UNRESTRICTED NET ASSETS

Unrestricted net assets include resources derived from student tuition and fees, sales and services, unrestricted gifts, royalties, and interest income.

Restricted and unrestricted resources are tracked using a fund accounting system and are spent in accordance with established fund authorities. Fund authorities provide rules for the fund activity and are separately established for restricted and unrestricted activities. When both restricted and unrestricted funds are available for expenditure, the decision for funding is transactional based within the departmental management system in place at each institution.

RESTRICTED ASSETS

The University System, based on certain bond covenants, is required to establish and maintain prescribed amounts of resources that can be used only to service outstanding debt. Also, included are unspent bond proceeds that will be expended for construction of capital assets.

REVENUE AND EXPENSE RECOGNITION

The University System presents its revenues and expenses as operating or nonoperating based on recognition definitions from GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*. Operating activities are those activities that are necessary and essential to the mission of the University System.

Operating revenues include all charges to customers, grants received for student financial assistance,

NOTES TO THE FINANCIAL STATEMENTS

research contracts and grants, and interest earned on loans. Grants received for student financial assistance are considered operating revenues because they provide resources for student charges and such programs are necessary and essential to the mission of the University System. Revenues from nonexchange transactions and state appropriations that represent subsidies or gifts to the University System, as well as investment income, are considered nonoperating since these are either investing, capital or noncapital financing activities. Operating expenses are all expense transactions incurred other than those related to investing, capital or noncapital financing activities. Revenues received for capital financing activities, as well as related expenses, are considered neither operating nor nonoperating activities and are presented after nonoperating activities.

BUDGETARY PROCESS

The State of North Dakota operates through a biennial appropriation. Legislation requires the Board to present a single unified budget request covering the needs of all the institutions under its control to the Governor through the Director of the Office of Management and Budget. The Governor is required by legislation to present his budget to the General Assembly at the beginning of each session. The General Assembly enacts the budget of the various institutions through the passage of specific appropriation acts. Before signing the appropriation acts, the Governor may veto or reduce any specific appropriation, subject to legislative override. Once passed and signed, the budget becomes the state's financial plan for the next two years.

The Board allocates contingency and capital emergency funding within guidelines provided by the General Assembly. Any funds received by the Board and entities of the University System pursuant to federal acts, private grants, and other sources not deposited in the operating funds in the state treasury are appropriated for the biennial period. The Board has the authority to transfer funds between line items by notifying the Office of Management and Budget in writing, with the exception that the Board may not approve transfers from any capital assets line item.

The North Dakota Constitution prohibits any transfers between institutions, even by the legislature. Institutions within the University System do not use encumbrance accounting. The legal level of budgetary control is at the institutional line item level, with administrative controls established at lower levels of detail in certain instances.

Board policy requires each college or university to submit a biennial budget for Board approval and annual budgets to be approved by the Chancellor. These budgets are prepared on an accrual basis and include activity relative to current funds and unexpended plant funds. These annual budgets are prepared within the framework of the legislative-approved appropriations and become each institution's financial plan for the coming year. The Board allows each institution discretion in transferring funds between departments.

CASH AND CASH EQUIVALENTS

This classification includes cash on-hand, cash in-bank, regular and money market savings accounts, and certificates of deposit and time saving certificates (original maturity of 3 months or less). For purposes of the Statement of Cash Flows, the University System considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Cash equivalents representing assets of the University System's endowment, unspent bond proceeds and cash restricted by bond covenants are included in non-current restricted cash.

NOTES TO THE FINANCIAL STATEMENTS

INVESTMENTS

Investments consist of certificates of deposit (maturity greater than three months), U.S. Treasuries, bonds, stocks and other securities held by trust departments or broker dealers. Investments are reported at fair value for year-end financial reporting. Fair value is the amount at which an investment could be exchanged between two willing parties, which for financial reporting purposes is based on quoted market prices. The net increase (decrease) in the fair value of investments is recognized as a part of investment income. Investments are classified as Investments, if the maturity date is more than three months to one year, or as Other Long-term Investments, if the maturity date is more than one-year from the date of the financial statements. Investments restricted by bond covenants or invested from bond proceeds are classified as Restricted Investments. Investments held by endowment funds are classified as Endowment Investments.

RECEIVABLES

Accounts receivables include tuition, fees, food service, room and board charges and apartment rent; accrued interest on investments; and Family Practice Center revenues (UND). Grants and contracts receivables include federal and private grants and contracts revenue and state grants and other income due from other state agencies. Loan fund notes receivable represents amounts due from students for Perkins and other federal loans, and short-term institutional loans. Net receivables are shown on the basic financial statements. The allowances for doubtful accounts/notes are detailed in Note 3.

INVENTORIES

Inventories held for resale in auxiliaries (including food, books and other merchandise) and unrestricted physical plant supplies are generally stated at the lower of cost (generally determined on the first-in, first-out, or moving weighted average method) or fair market value.

PLANT ASSETS

Land, buildings, equipment, and other property are stated at historical cost, with the exception of property acquired prior to the following dates for the various institutions which are stated at appraised values: July 1, 1964 (MiSU, BSC, NDSCS, NDSU); July 1, 1965 (UND); July 1, 1966 (VCSU, MiSU-Bottineau Campus); July 1, 1969 (DSU); July 1, 1970 (MaSU); July 1, 1984 (WSC); and July 1, 1987 (LRSC). Professional consultants for the purposes of insurance and financial record keeping evaluated these assets. Library books and periodicals are stated at an estimated inventory value as of the following dates for the following institutions with subsequent additions at cost and deletions at average cost: June 30, 1973 (MaSU, VCSU); June 30, 1974 (UND, NDSCS, NDSU, MiSU-Bottineau Campus); June 30, 1976 (DSU); July 1, 1979 (MiSU); June 30, 1985 (BSC, LRSC); and June 30, 1990 (WSC).

Capital assets with a unit cost of \$5,000 or greater and all library books, are recorded at cost at the date of acquisition, or if donated, at fair market value at the date of donation. Infrastructure assets are included in the financial statements and are depreciated. Depreciation is not allocated to the functional categories.

The composite method is used for library book depreciation. All books purchased during a year are consolidated together and depreciated as a group of assets rather than individually. Expenses for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized, net of interest income earned on resources set aside for the construction or remodeling costs. Certain reserves have been established by bond indenture for the repayment of revenue bond

NOTES TO THE FINANCIAL STATEMENTS

indebtedness. Such reserves are recorded in the appropriate restricted assets category (cash/investments) and as "net assets restricted for debt service" on the Statement of Net Assets.

Depreciation is calculated using the straight-line method over the following estimated useful lives for the System and its component units. All campuses, except UND and NDSU, use the ½ year convention.

Land Improvements	10 – 35 years
Infrastructure	20 – 60 years
Buildings	10 – 50 years
Equipment	3 – 20 years
Intangibles	15 years
Library Books	10 years

DEPOSITS

Money received in advance for subsequent year's residence hall, apartment reservations and flight training costs and funds held by an institution in a fiduciary capacity are classified as deposits.

COMPENSATED ABSENCES

Annual and sick leave are a part of permanent employees' compensation as set forth in NDCC section 54-06-14. In general, accrued annual leave cannot exceed 30 days at each calendar year end while accrued sick leave is not limited. Employees are entitled to earn leave based on tenure of employment, within a range from a minimum of one working day, to a maximum of two working days per month, established by the rules and regulations adopted by the employing unit. Employees are paid for all unused annual leave upon termination or retirement. Employees who vest at 10 years of credible service are paid one-tenth of their accumulated sick leave upon termination or retirement. Compensated absences are accrued when earned.

SCHOLARSHIP ALLOWANCES

Student tuition and fees, and certain other revenues received from students are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses and Changes in Net assets. Scholarship discounts and allowances are the difference between the System's state rates and charges and the amount actually paid by students and/or third parties making payments on behalf of students. Under this approach, scholarships, waivers and grants are considered as reductions in tuition and fee revenues rather than as expenses. Therefore, student tuition and fees and auxiliary revenues are presented net of scholarships applied to student's accounts. Certain other scholarship amounts paid or refunded directly to the student are generally reflected as expenses.

PLEDGES

Pledges for gifts that are made directly to component units and related and affiliated organizations, which will benefit the University System, will be recorded as revenue when received as detailed in Note 16.

NET ASSETS

Net assets are classified according to external donor restrictions or availability of assets for satisfaction

NOTES TO THE FINANCIAL STATEMENTS

of University System obligations. Restricted Net Assets represent funds that have been restricted for specific purposes by donors or granting agencies for scholarships and fellowships, instructional department uses, loan funds, debt service and other. Unrestricted Net Assets are all other funds available at the discretion of the University System. Invested In Capital Assets represents the cost or gifted value of buildings, equipment, land improvements and infrastructure, less accumulated depreciation and related outstanding debt.

RESTATEMENT OF BEGINNING NET ASSETS

	Primary Institution	Component Units
Net assets, beginning of the year, as previously reported	\$ 674,383,026	\$ 407,631,729
Prior period adjustments:		
Other	-	827,952
Net assets, beginning of the year, as restated	<u>\$ 674,383,026</u>	<u>\$ 408,459,681</u>

NOTE 2 – DEPOSITS AND INVESTMENTS

The Governmental Accounting Standards Board issued Statement No. 40, *Deposit and Investment Risk Disclosures*, to update the custodial credit risk disclosure requirements of Statement No. 3, *Deposits with Financial Institutions, Investments, and Reverse Repurchase Agreements*, and to establish more comprehensive disclosure requirements concerning other common risks of deposits and investments. The System implemented Statement No. 40 in fiscal year 2005 as presented below.

LIMITATIONS

Primary Institution

North Dakota Century Code (NDCC) governs the deposit and investment policies of the System. NDCC Section 6-09-07 states, "All state funds...must be deposited in the Bank of North Dakota (BND) ...or must be deposited in accordance with constitutional and statutory provisions."

In addition, NDCC Section 21-04-02 provides that public funds belonging to or in the custody of the state shall be deposited in the Bank of North Dakota. NDCC Section 15-10-12 requires that all moneys not deposited in the special revenue fund within the State Treasury (unless restricted by the terms of a grant, donation or bequest), received by the institutions from federal, state, and local grants and contracts, indirect cost recoveries, tuition, special student fees, room and board and other auxiliary enterprise fees, student activity fees, continuing education program fees, internal service fund revenues, and all other revenues must be deposited in the BND.

NDCC Sections 15-55-05 and 15-55-06 govern the investment of proceeds of revenue bonds and revenues pledged to bondholders. Such proceeds must be invested in the BND, in a separate fund in the State Treasury or in a duly authorized depository for the state funds that is a member of the federal deposit insurance corporation. The Board may invest such funds in direct obligations of, or in obligations where the United States of America guarantees the principal and interest, or obligations of the State of North Dakota or any municipality as defined in NDCC Section 21-03-01.

NOTES TO THE FINANCIAL STATEMENTS

Major Component Units

Subject to any limitations in gift instruments, funds may be invested in any real or personal property deemed advisable by the governing board in accordance with the component unit's investment policies.

DEPOSITS

Cash and Cash Equivalents are reported on the Statement of Net Assets for the System and its major component units as follows:

Primary Institution

	<u>June 30, 2007</u>	
	<u>Carrying Amount</u>	<u>Bank Balance</u>
Cash Deposits	\$ 69,668,812	\$ 74,281,701
Certificates of Deposit	122,856,151	122,856,151
Total Bank Deposits	<u>192,524,963</u>	<u>\$ 197,137,852</u>
 Add: Cash on Hand/Petty Cash	 261,755	
Less: Amts. credit risked as deposits but reported as investments	 (122,856,151)	
Cash & Cash Equivalents per Statement of Net Assets	 <u>\$ 69,930,567</u>	

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the System's deposits may not be returned to it. The System does not specifically address policies concerning custodial credit risk and while the deposits in the Bank of North Dakota are backed by the State of North Dakota, they are deemed to be uninsured and uncollateralized by GASB definition. As of June 30, 2007, \$193 million of the System's bank balance of \$197 million was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$187,736,894
Uninsured and collateral held by pledging bank not in system's name	5,712,449

Major Component Units

	<u>June 30, 2007</u>	
	<u>Carrying Amount</u>	<u>Bank Balance</u>
Cash Deposits	\$ 23,774,488	\$ 24,159,610
Certificates of Deposit	590,308	587,715
Total Bank Deposits	<u>24,364,796</u>	<u>\$ 24,747,325</u>
 Add: Cash on Hand/Petty Cash	 1,450	
Less: Amts. credit risked as deposits but reported as investments	 (590,308)	
Cash & Cash Equivalents per Statement of Net Assets	 <u>\$ 23,775,938</u>	

NOTES TO THE FINANCIAL STATEMENTS

Custodial Credit Risk

As of June 30, 2007, \$19.8 million of the component units' bank balance of \$24.8 million was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$11,767,197
Uninsured and collateral held by pledging bank not in system's name	\$ 7,789,789
Uninsured and collateral held by pledging bank's trust department not in system's name	\$ 243,145

Investments

Investments are reported for the System and its major component units at fair value (market) and reported on the Statement of Net Assets as follows:

As of June 30, 2007, the System had investments as shown below:

Primary Institution

Investment Type	Market Value	Maturities			
		Less than 1 year	1 year to 5 years	6 years to 10 years	Over 10 years
US Treasuries	\$ 7,325,632	\$ 2,821,599	\$ 4,035,144	\$ 468,753	\$ 136
Corporate Bonds	122,369	49,789	24,177	48,403	-
Mutual Bond Funds	1,013,443	1,013,443	-	-	-
FNMA	563,211	-	563,211	-	-
FHLMC	202,054	-	133,413	68,641	-
Repurchase Agreements	13,478,328	13,478,328	-	-	-
Certificates of Deposit-BND	122,625,449	64,223,449	58,297,000	105,000	-
Certificates of Deposit-Other	257,256	243,240	2,400	-	11,616
Guaranteed Investment Contracts	6,679,482	6,679,482	-	-	-
Other	-	-	-	-	-
Subtotal	<u>\$ 152,267,224</u>	<u>\$ 88,509,330</u>	<u>\$ 63,055,345</u>	<u>\$ 690,797</u>	<u>\$ 11,752</u>
Stocks	14,273,501				
Equity Mutual Funds	1,803,112				
Money Market Mutual Funds	371,649				
Other	<u>735,504</u>				
Total Investments per the Statement of Net assets	<u>\$ 169,450,990</u>				

Repurchase Agreements

On March 7, 2006 UND (borrower) and the bank of North Dakota (trustee/buyer) entered into repurchase agreements with JP Morgan Chase Bank, NA (seller) and Wells Fargo Bank NA (custodian). The primary transactions included a "Construction Fund Transaction" and a "Capitalized Interest Transaction" with funds derived from the proceeds of the sale of North Dakota Housing and Auxiliary Facilities Revenue Bonds Series 2006.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Per NDCC the system is limited to investing funds with the Bank of North Dakota, with the exception of gifts governed by an endowment agreement. Accordingly, the system does not have a formal investment policy that limits maturities as a means of managing its exposure to fair value losses arising from changing interest rates. Campuses choose terms based on maximizing their return within the limits of their cash flow needs. Campuses rely on brokers to provide year-end market values for the approximately \$17 million of investments held with those brokers.

NOTES TO THE FINANCIAL STATEMENTS

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an institution's investments in a single issuer. Investments with the following issuers represent 5 percent or more of the System's total investments at June 30, 2007.

Bank of North Dakota	\$136,249,065
U.S. Bank	9,710,450
Alerus Financial	15,340,550
	<u>\$161,300,065</u>

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill their obligation. As of June 30, 2007, the system's debt portfolio (excluding US Treasuries and US Agencies) included Standard & Poor's quality ratings as follows:

Investment Type	Credit Quality Rating				
	AAA	AA	A+	A	Not Rated
Corporate Bonds	\$ 24,238	\$ 24,792	\$ 48,342	\$ 24,997	\$ -
Mutual Bond Funds	-	-	-	-	1,013,443
Repurchase Agreements	-	-	-	-	13,478,328
FNMA	290,391	-	-	-	272,820
FHLMC	182,225	-	-	-	19,829
Other	-	-	-	-	-
Total	<u>\$ 496,854</u>	<u>\$ 24,792</u>	<u>\$ 48,342</u>	<u>\$ 24,997</u>	<u>\$ 14,784,420</u>

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a failure of a counterparty to a transaction, the institution would not be able to recover the value of investment or collateral securities that are in the possession of an outside party. As of June 30, 2007, the system had \$1.25 million of investments that were uninsured and not registered in the name of the system. Thereby, the exposure of these investments to custodial credit risk has been heightened.

Major Component Units

As of June 30, 2007, the major component units had investments as shown below:

Investment Type	Market Value	Maturities			
		Less than 1 year	1 year to 5 years	6 years to 10 years	More than 10 years
US Treasuries	\$ 412,939	\$ 5,050	\$ 361,812	\$ 46,077	\$ -

Other	38,390,970				
Total Investments per the Statement of Net assets	<u>\$ 322,926,944</u>				

NOTES TO THE FINANCIAL STATEMENTS

Interest Rate Risk

Minot State University Development Foundation's investment policy addresses interest rate risk as it relates to duration and maturity of investments concurrent with interest rates, without specifically limiting maturities. North Dakota State University Development Foundation's investment policy addresses interest rate risk by requiring allocation of fixed income securities among maturities of different lengths according to interest rate prospects. Bismarck State College Foundation's investment policy limits the average maturity of the portfolio to between four and seven years with a maximum maturity for any one fixed income security of ten years. University of North Dakota Foundation's investment policy requires at least yearly liquidity on its alternative investment strategies and quarterly diagnostic risk analysis of all mutual funds.

Custodial Credit Risk

As of June 30, 2007, the major component units had \$6.7 million of investments that were uninsured and not registered in the name of the component unit. Thereby, the exposure of these investments to custodial credit risk has been heightened. These investments include stocks and bonds and were held by the counterparty's trust department or agent, but not in the component units' name.

Credit Risk

As of June 30, 2007, the component units' debt portfolio (excluding US Treasuries and US Agencies) included Standard & Poor's credit quality ratings as follows.

Investment Type	Credit Quality Rating						
	AAA	AA	AA-	AA1	AA3	A+	A
Corporate Bonds	\$ 435,408	\$ 207,271	\$ 84,220	\$ 25,894	\$ 52,336	\$ 30,002	\$ 639,214

NOTE 4 – ENDOWMENT FUNDS

The endowment funds reported herein are donor-restricted funds in the custody of the University System. Investment income on the amount endowed is restricted for scholarships and other purposes. NDCC Section 15-67-04 applies to the investment of endowments governed by a gift instrument. Subject to any limitations in the gift instrument such funds may be invested in any real or personal property deemed advisable by the governing board. NDCC Section 15-67-06 applies to standard of conduct in the administration of powers to make and retain investments. It states "In making investment decisions, members of the governing board shall consider long-term and short-term needs of the institution in carrying out its purposes, its present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions." Given the flexibility in NDCC 15-67-06, campuses have differing policies with respect to spending investment income and net appreciation on endowment funds. UND's policy allows up to 4.5% of the average of the last five years of assets in the Alerus endowment pool to be expended. NDSU allows expenditure of 80 percent of appreciation. MiSU allows for 4.5 percent of earnings to be used for scholarships and .5 percent for administrative expenses. MaSU, VCSU and WSC give departments authority to spend all investment income earned on the endowment funds.

Endowment funds reported herein do not include the Federal Land Grant Fund held by the State Land Department. The annual proceeds from assets held by the State Land Commissioner are deposited into each college/university's operating fund at the State Treasury and are used for current operating purposes. Bismarck State College, Lake Region State College and Williston State College do not participate in the proceeds allocated by the State Land Department. Total assets held by the State Land Department and proceeds for the fiscal year ended June 30, 2007 are \$41,319,315 and \$1,508,200, respectively.

NOTE 8 – BONDS PAYABLE

PRIMARY INSTITUTION

Revenue bonds are limited obligations of the University System. The principal and interest on the bonds are payable generally from the net income of specific auxiliary activities, designated student fees, interest subsidies and debt service reserve funds. These revenues are generally pledged to the payment of bonds in accordance with the specific terms of the specific indenture. Amounts held by the trustee specifically for payment on bonds are reflected in Net Assets, Restricted for Debt Service.

The summary of outstanding obligations of the campuses, as of June 30, 2007, is presented below and the detail is presented in the Supplementary Information section following these notes.

NOTES TO THE FINANCIAL STATEMENTS

	Original Balances	Interest Rates	Balances Outstanding

Total Bonds Payable	\$ 272,072,000		\$ 190,625,206

Industrial Commission Bonds

For the 2005-2007 biennium, the North Dakota University System Office received an appropriation of \$14.3 million to act as the fiscal agent for the campuses on bond payments to the Industrial Commission. Of this total, \$1.28 million is special funds, which is the amount the campuses pay as local match. During fiscal year 2007, the North Dakota University System Office paid \$6.0 million in general funds to the Industrial Commission of North Dakota.

Refunding and Defeased Bonds

The purpose of a refunding bond is to refund in advance of maturity another bond issue. Under an advanced refunding arrangement, refunding bonds are issued, and the net proceeds plus additional resources that may be required, are used to purchase securities issued or guaranteed by the United States Government. These securities are then deposited in an irrevocable trust under an escrow agreement which provides that all proceeds from the trust will be used to fund the principal and interest payments of the previously issued bonded debt being refunded. The trust deposits have been computed so that the securities in the trust, along with future cash flow generated by the securities, will be sufficient to service the previously issued bonds. As a result, trust account assets and liabilities for the defeased bonds are not included in the University System's financial statements. The following is a description of the University System's defeased bonds and the balance of the bonds outstanding in the trust.

Mayville State University

On July 1, 1998, Mayville State University issued \$695,000 of Student Center Refunding Revenue Bonds (Series 1998) to advance refund \$640,000 of outstanding 1989 Student Center Revenue Bonds. The principal amount outstanding as of June 30, 2007 of the original 1989 bonds refunded, totaled \$150,000.

North Dakota State College of Science

On June 20, 2001, North Dakota State College of Science issued \$2,785,000 of Housing and Auxiliary Facilities Improvement and Refunding Revenue Bonds (Series 2001). These bonds were used to i) refund, defease and discharge outstanding North Dakota State School of Science Married Student Housing Revenue Bonds 1970, Dormitory Revenue Bonds of 1970, and Dormitory Revenue Bonds of 1972; ii) finance the cost of the construction of the parking lot and related improvements at the College; and iii) to pay certain costs associated with the issuance of the Series 2001 bonds. The principal amount outstanding as of June 30, 2007, of the original 1970 bonds refunded, is \$845,000.

NOTES TO THE FINANCIAL STATEMENTS

North Dakota State University

On May 1, 2006, North Dakota State University issued \$2,845,000 of Housing & Auxiliary Facilities Revenue Bonds, (Series 2006B) with an average interest rate of 4.625 percent. The bonds were used to advance refund a portion (\$2,880,000) of outstanding 1999 Student Health & Wellness Center Revenue Bonds (with an average interest rate of 5.3 percent). The University advance refunded the bonds to reduce its total debt service payments over the next 13 years by approximately \$422,000 and to obtain an economic gain (difference of the present values of the debt service payments on the old and new debt) of approximately \$245,000. The principal amount outstanding as of June 30, 2007 of the original amount of the portion of the 1999 bonds refunded, totaled \$2,880,000.

On December 30, 1985, the University issued \$4,833,813 of Housing and Auxiliary Facilities Revenue Refunding Bonds (Series 1985). The purpose of issuing Series 1985 bonds was to refund in advance of maturity the outstanding advanced refunded bonds, which consisted of all bonds outstanding as of December 30, 1985, totaling \$7,675,000. The principal amounts outstanding as of June 30, 2007 of the original bonds refunded, total \$705,000.

University of North Dakota

On January 1, 1998, the University of North Dakota issued \$22.6 million of Housing and Auxiliary Facilities Improvement and Refunding Revenue Bonds (Series 1998A) to advance refund \$20.4 million of outstanding 1988 Series A & B Housing and Auxiliary Facilities Refunding Revenue Bonds and to provide \$450,000 for parking lot construction at the Rural Technology Center. The principal amount outstanding as of June 30, 2007, of the original 1988 bonds refunded, totaled \$11,635,000.

Housing and Auxiliary Facilities Refunding Series 1985A bonds were originally issued (in addition to financing construction costs) to refund in advance of maturity, the outstanding advanced refunding bonds as follows: (a) \$14,520,000 of Housing and Auxiliary Facilities Revenue Bonds Series 1984A, and (b) \$3,750,000 of Housing and Auxiliary Facilities Revenue Bonds Series 1984B. The principal amounts outstanding as of June 30, 2006, of the original bonds refunded by the advance refunding of 1985, totaled \$0. Housing and Auxiliary Facilities Refunding Bonds Series 1984A, which were included in the advance refunding of 1985 as described above, were originally issued in 1984 for the purpose of advance refunding certain outstanding bonds (Series I through Series N). The principal amounts outstanding as of June 30, 2007 of the original bonds refunded by the advance refunding of 1984 totaled \$0. Housing and Auxiliary Facilities Revenue Bonds Series I and Series J, which were included in the advance refunding of 1984 as described above, were originally issued in 1975 for the purpose of advance refunding certain outstanding bonds of the University. The principal amounts outstanding as of June 30, 2007, of the original bonds refunded by the advance refunding of 1975, totaled \$275,000.

Nonrecourse Lease Revenue Bonds

In July 2000, the UND Aerospace Foundation issued \$13,770,000 of nonrecourse lease revenue bonds, which bear interest at 4.375 to 5 percent with various maturities beginning September 1, 2000 and continuing through September 2010. The proceeds of the bonds were principally used to refinance UND leases for its facilities and equipment. In conjunction with the issuance of these bonds, the UND Foundation entered into a lease agreement as lessor with UND for the facilities and equipment. Payments under the lease agreement match the principal and interest payments due on the bonds and will be paid by UND directly to the bond trustee as a result of the UND Foundation assigning all of its rights and interest as lessor to the bond trustee. The UND Aerospace Foundation, as issuer, does not have any obligation to pay the bonds beyond the rents paid by UND to the bond trustee under the lease agreement and has also granted the trustee a security interest in the related leased equipment. In the event of UND's default under the lease agreement (as defined), the bondholders do not have any rights to collect from the UND Foundation other than the proceeds from the sale or release of the leased equipment. The outstanding balance of the bonds on June 30, 2007 is \$3,725,000. The lease, lease assignment, and bond agreements provide for the legal right of offset, permitting the related assets and debt to be netted for financial reporting purposes.

NOTE 9 – NOTES PAYABLE

PRIMARY INSTITUTION

Energy Performance Contracts

Several campuses have individual notes payable to GE Capital Public Finance, Inc., for energy improvements through a performance contract. Details of the notes are as follows:

NOTES TO THE FINANCIAL STATEMENTS

Institution	Original Balance	Maturity Date	Interest Rate	Outstanding Balance June 30, 2007
Bismarck State College	\$ 1,492,000	July 2012	5.01%	\$ 1,033,310

MAJOR COMPONENT UNITS

Financing Structure for the Commuter Regional Jet Simulator – UND Aerospace Foundation

The financing structure for the CRJ simulator acquisition consists of a series of notes payable. Note payable A was \$587,000 down payment of the CRJ simulator. Monthly payments of \$8,585 will be made through December 2007, after which the balance of the loan will be rolled into note payable C in January 2008. Note payable B related to installment payments for the CRJ simulator. Interest was payable monthly for note payable B until the completion of the simulator. Upon delivery of the simulator in February 2003, this note was refinanced into note payable C. Note payable C will mature in 5 years, January 2008, and then be rolled into note payable D. Note payable D (former notes payable A and C) will have a five-year maturity, due in January 2013. The UND Aerospace Foundation has additional borrowing capacity of \$262,769 on the Alerus aircraft and simulators note payable as of June 30, 2006. The Foundation also had a discretionary line of credit with a bank of \$250,000. There were no borrowings under the line of credit at June 30, 2007. Certain assets (primarily aircraft and CRJ simulators) have been pledged as security for the above borrowings.

Detail of notes payable for the component units is as follows:

NOTE 10 – CAPITAL LEASES

PRIMARY INSTITUTION

The institutions lease various types of capital assets under capital lease agreements. Capital leases give rise to property rights and lease obligations and therefore, the assets under lease are recorded as assets of the institution and the lease obligation is recognized as a liability. The leases have varying interest rates with maturities to 2041.

Scheduled Maturities of Capital Leases – Primary Institution

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2008	\$ 5,160,749	\$ 2,342,645	\$ 7,503,394

Compensated Absences

The compensated absences liability of the institutions at June 30, 2007 consists of accumulated unpaid annual leave, compensatory time, payable portion of accumulated sick leave, personal holiday hours, and Saturday/legal holiday hours earned and vested. Compensated absences for employees at June 30, 2007 and 2006 totaled \$22,241,641 and \$21,490,994, respectively. Leave policies restrict the accumulation of unused vacation and thus limit the actual payments made to employees upon termination or retirement.

NOTE 12 – RETIREMENT BENEFITS

The North Dakota University System participates in two major retirement systems: North Dakota Public Employees' Retirement System administered by the State of North Dakota and a privately administered retirement system: Teachers' Insurance Annuity Association and College Retirement Equity Fund. The following is a brief description of each plan:

NORTH DAKOTA PUBLIC EMPLOYEES' RETIREMENT SYSTEM (NDPERS)

Description of Plan

NDPERS is a cost-sharing, multiple-employer, defined benefit pension plan covering substantially all broadband employees of the University System. The plan provides retirement, disability and death benefits. If an active employee dies with less than five years of credited service, a death benefit equal to the value of the employee's accumulated contributions, plus interest, is paid to the employee's beneficiary. If the employee has earned more than five years of credited service, the surviving spouse will be entitled to a single payment refund, lifetime monthly payments in an amount equal to 50 percent of the employee's accrued normal retirement benefit, or 60 monthly payments equal to the employees' normal retirement benefit calculated as if the employee were age 65 the day before the death occurred (or, effective August 1, 1995, monthly payments in an amount equal to the employee's accrued 100 percent joint and survivor retirement benefit if the member had reached normal retirement age prior to date of death). If the surviving spouse dies before the employee's accumulated pension benefits are paid, the balance will be payable to the surviving spouse's designated beneficiary.

Eligible employees, who become totally disabled after a minimum of 180 days of service, receive monthly disability benefits that are equal to 25 percent of their final average salary with a minimum benefit of \$100. To qualify under this section, the employee must meet the criteria established by the

Retirement Board for being considered totally disabled. Employees are entitled to unreduced monthly

NOTES TO THE FINANCIAL STATEMENTS

pension benefits beginning when the sum of age and years of credited service equal or exceed 85, or at normal retirement age (65), equal to 2 percent of their final average salary for each year of service. The plan permits early retirement at ages 55-64, with five or more years of service. A financial report that includes financial statements and the required supplementary information for NDPERS can be obtained by writing to NDPERS; 400 East Broadway, Suite 505; P.O. Box 1657; Bismarck, ND 58502-1657.

Funding Policy

NDPERS is funded by employee contributions (set by statute) of 4 percent of regular compensation. During the 1983-1985 biennium the State implemented the employer pickup provision of the IRS code whereby the employer makes all or a portion of the required employee contributions. The State is paying the full employee contribution. Employer contributions of 4.12 percent of covered compensation are set by statute. The required contributions are determined using an entry age normal actuarial funding method.

The North Dakota Retirement Board was created by the State Legislature and is the governing authority of NDPERS. Benefit and contribution provisions are administered in accordance with chapter 54-52 of the North Dakota Century Code. The University System's required and actual contributions to NDPERS for the fiscal years ending June 30, 2007, 2006 and 2005 were \$5,724,615, \$5,486,198, and \$5,209,148, respectively.

TIAA-CREF RETIREMENT PLAN

Description of Plan

This is a privately administered defined contribution retirement plan which provides individual retirement fund contracts for eligible employees as defined by the Board of Higher Education in its approved TIAA-CREF retirement resolution. All benefits vest immediately to the participant. Further information can be obtained by writing to TIAA-CREF; Denver Regional Office; 1700 Broadway, Suite 770; Denver, Colorado 80290 or by calling 800-842-2009.

Funding Policy

The plan requires employee and employer contributions be based on a classification system and years of service based on the following schedule:

Employment Class	Years of Service	Contributions by the Participant	Contributions by the Institution
I and III	0 thru 10	1.5%	9.5%
	over 10	2.0%	10.0%
II	0 thru 2	0.5%	4.5%
	3 thru 10	1.5%	9.5%
	over 10	2.0%	10.0%
IV	0	1.0%	9.0%
President/Chancellor (additional employer contribution)	0 thru 12	0.0%	8.33%*
	or		
	less than 3	0.0%	0.0%
	3 to less than 6	0.0%	4.0%
	6 yrs and over	0.0%	8.0%

*A final contribution is made in the year the president terminates employment equal to the difference between total contributions made and the president's final annual salary in year of termination of employment.

NOTES TO THE FINANCIAL STATEMENTS

Plan contributions are made on a tax-deferred basis in accordance with Section 414(h)(2) of the Internal Revenue Code. All contributions are applied as premiums to retirement annuity contracts owned by the participant. The North Dakota University System has no further liability once annual contributions are made. The University System contributed \$21,503,188 and \$20,163,059 to TIAA-CREF during the fiscal years ending June 30, 2007 and 2006, respectively.

NOTE 13 – POST-EMPLOYMENT BENEFITS

STATE GROUP HEALTH PLAN

Members who receive retirement benefits from the Public Employees Retirement System may receive a credit toward their monthly health insurance premium under the state health plan based upon the member's years of credited service. The benefits are set by statute and the plan is a cost-sharing multiple-employer defined benefit plan. The employer contribution for the Public Employees Retirement System is set by statute on an actuarially determined basis (projected unit actuarial cost method) at one percent of covered compensation.

There are approximately 654 retired University System employees receiving these benefits and 2,778 active employees with retiree health credit. The actuarially determined required employer contribution of \$688,279 for the year ended June 30, 2007, is one percent of the covered payroll. The University System's actual and required contributions for the fiscal years ending June 30, 2007, 2006 and 2005 were \$688,279, \$675,672 and \$651,494, respectively.

As of June 30, 2007 there was \$45.3 million in net assets available for benefits under the state retiree health insurance credit plan. The actuarially accrued liability was \$85.3 million and the underfunded actuarially accrued liability was \$46.5 million at June 30, 2007.

TERMINATION BENEFITS

Early Retirement Agreements

When early retirement is deemed to be in the mutual benefit of an employee and the University System, the Board has adopted Policy 703.1 on Early Retirement. This policy applies to tenured faculty, the chancellor, vice chancellors, and other system office professional staff, and presidents, executive deans, vice president, provosts, deans, and other officers responsible for a major unit of an institution who report directly to a president, vice president, provost, or executive dean who are members of TIAA-CREF, TFFR, or TIRF. During the fiscal year ended June 30, 2007, 16 employees elected early retirement.

Under the Tenured (Contract) Purchase Option, the employee is eligible for payment of up to 100 percent of the employee's final contract salary if the sum of the employee's age and total years of employment equals 70 or greater. Payments will be pursuant to the approved agreement, but cannot be made until at least 90 days after the date of Early Retirement Agreement. During the fiscal year ended June 30, 2007, 16 University System employees elected to participate in this option. Policy 703.1 also allows the early retirement agreements to retain the retiree on the applicable group health and life insurance plan. Payment by the institution of premiums is negotiable. Total cost to the institutions for these termination benefits will be \$332,160 over the next five years. Amounts payable to employees at June 30, 2007 for outstanding contract buyouts and future health and life premiums, adjusted for projected health insurance premium increases and discounted to the present were \$688,885, assuming health insurance premium increases of 5-10 percent and a discount rate of 2.15 percent.

NOTES TO THE FINANCIAL STATEMENTS

Severance Agreements

In fiscal year 2007, institutions paid \$435,559 to ten employees under separate employment separation agreements.

NOTE 14 – CONSTRUCTION COMMITMENTS AND FINANCING

The campuses have contracted for various construction projects as of June 30, 2007. Estimated costs To complete the various projects and the sources of anticipated funding are presented below.

Campus	Contracts Awarded	Expended Through June 30, 2007	Total Cost To Complete	Funding for Remaining Costs

NOTE 15 – COMPONENT UNIT TRANSACTIONS

MAJOR COMPONENT UNITS

Bismarck State College and Bismarck State College Foundation

On August 25, 2005, BSC through the North Dakota State Board of Higher Education entered into a lease and development agreement, whereby BSC leases a tract of land to the foundation for \$1 per year for the next twenty-five years. Per the agreement, the foundation will develop and construct the Career and Technology Institute on the leased land and an adjoining seven-acre tract owned by the foundation. At the end of the lease, the leased land, including buildings and fixtures attached thereto, will revert back to BSC and the foundation will transfer to BSC title to the seven-acre tract of land, including all buildings and fixtures attached to it.

On January 25, 2007, BSC and BSC Foundation entered into a 15-year lease agreement to facilitate the construction of a Mechanical Maintenance building. Under the agreement, BSC is responsible for payment of all rent, maintenance, and repair of the facility, maintenance of all insurance required under the lease, and restrictions of use of the facility as set forth in the lease. The amount of the rent is tied to the debt service retirement. Upon payment of all the bonds, BSC will have the option to purchase the premises for \$100.

Dickinson State University and Dickinson State University Foundation

DSU provides personnel and other services to the foundation at no charge, as in-kind reimbursement for services provided by the foundation, including one-half salary and fringe benefits of foundation employees, payroll preparation services, postage, utilities and buildings and ground services. For the

NOTES TO THE FINANCIAL STATEMENTS

year ended June 30, 2007, DSU has valued these services at approximately \$113,000.

Minot State University and Minot State University Development Foundation

At June 30, 2007 MSU had a receivable of \$50,410 due from the foundation for scholarships.

North Dakota State University and NDSU Research and Technology Park, Inc.

On December 30, 1999, NDSU through the State of North Dakota and the North Dakota State Board of Higher Education entered into a ground lease, whereby the NDSU Research & Technology Park, Inc. (component unit) leases 40 acres of land for \$1 per year for the next seventy-five years.

On November 1, 2000, NDSU Research and Technology Park, Inc. (RTP) entered into a \$6.5 million lease agreement with the City of Fargo to finance the construction of laboratory and research facilities and all equipment and furnishings located on property owned by the city. The agreement assigned to NDSU all of RTP's obligations under the lease, including but not limited to the payment of all rent, maintenance, and repair of the facility, maintenance of all insurance required under the lease, and restrictions of use of the facility as set forth in the lease. Upon payment of all the bonds, title to the facility will revert to RTP. On August 1, 2002, essentially the same legal and financial structure used to construct Research Building #1 was used to construct a second Research Building. The second lease agreement was for \$20,450,000.

The audited financial statements of RTP for fiscal year 2007 report these transactions as an operating lease and report the related capital assets and related debt as assets and debt of RTP. Since RTP is a discretely presented component unit of the University System and the component unit and the University System are reporting the same assets and debt for Research Buildings 1 and 2, a reclassification entry was made to ending balances in the component unit consolidating financial statements to show the appropriate due from primary institution.

NDSU and RTP have entered into an operating agreement, whereby NDSU leases Research Building #1 for an annual rent of \$628,943 and Research Building #2 for \$1,525,963 through July 2013, plus utilities and insurance. Total payments under these agreements in fiscal year 2007 were approximately \$2.2 million. These agreements are subject to funding and legislative appropriations. On July 1, 2002, NDSU and RTP entered into an agreement for cooperation and assistance between entities. The agreement automatically extends for one-year periods unless cancelled by either party to the agreement.

North Dakota State University and NDSU Development Foundation

NDSU Equine Center

Effective January 1, 2003, NDSU and the NDSU Development Foundation entered into a ten-year lease agreement with an option for an additional ten year term to facilitate the construction of an Equine Science Center. Under the agreement, NDSU will pay rent to the NDSU Development Foundation for use of the premises. The amount of the rent is tied to the debt service retirement plus necessary insurance and taxes incurred by the Development Foundation. NDSU paid the Development Foundation \$313,572 in fiscal year 2007 under this agreement.

The facility is included in long-term investments and the debt is included in long-term liabilities on the financial reports of the NDSU Development Foundation. NDSU has also recorded a capital asset and a capital lease payable of \$3,905,000 as of June 30, 2007. Since the Development Foundation is a

NOTES TO THE FINANCIAL STATEMENTS

discretely presented component unit of the University System and the component unit and the

University System are reporting the same assets and debt for the Equine Center, a reclassification entry was made to ending balances in the component unit consolidating financial statements to show the appropriate due from primary institution.

Fargodome Lease and Improvements

In fiscal year 2006, the NDSU Development Foundation financed the construction and equipping of office space, locker rooms, meetings rooms, and related facilities in the Fargodome for use by NDSU through the sale of revenue bonds issued by Cass County. The Foundation has leased the space in the Fargodome from the City of Fargo and subleased the space, furniture, fixtures and equipment to NDSU. Under the agreement, NDSU will pay rent to the NDSU Development Foundation for use of the premises. The amount of the rent is tied to the debt service retirement plus the Fargodome annual space rent and all costs incurred by the Development Foundation incident to the lease, less any contributions received by the Foundation for the project. NDSU paid the Development Foundation \$57,500 in fiscal year 2007 under this agreement.

The facility is included in long-term investments and the debt is included in long-term liabilities on the financial reports of the NDSU Development Foundation. NDSU has also recorded a capital asset and a capital lease payable of \$3,252,784 as of June 30, 2007. Since the Development Foundation is a discretely presented component unit of the University System and the component unit and the

University System are reporting the same assets and debt for the Fargodome improvements, a reclassification entry was made to ending balances in the component unit consolidating financial statements to show the appropriate due from primary institution.

NDSU Downtown Campus

The former Northern School Supply building was donated to the NDSU Development Foundation by NDSU alum in December of 2001. During fiscal year 2003 and 2004, the NDSU Development Foundation renovated the building with the intent to lease the facility to NDSU beginning fall 2004. NDSU entered into an agreement with 650 NP Avenue, LLC and Kilbourne Design Group, LLC (formerly consolidated in the financial statements of the foundation) to lease the property for \$49,583 per month through August 12, 2011 with an option to renew for two five-year periods. During fiscal year 2005, the foundation transferred nearly the entire ownership in 650 NP Avenue, LLC and Kilbourne Design Group, LLC; therefore, they are no longer consolidated in the financial statements of the foundation. When the sublease with NDSU expires, the intent is to transfer the property back to the foundation and a new lease between the foundation and NDSU will be negotiated.

In fiscal year 2003 and 2004, the facility was reported on the financial statements of the NDSU Development Foundation as construction in progress and a short-term liability (for the construction loan). No asset or liability is reported in fiscal year 2005 or 2006 due to the transfer of ownership. The tax credits along with the deduction for donations bring the net cost to \$5.6 million, which is shown as a capital asset and capital lease liability on the books and financial statements of NDSU. The lease payments are recorded as interest only by NDSU until fiscal 2011, when the property is transferred back to the Development Foundation and lease revenue bonds will be issued to finance the acquisition.

Aircraft

Effective June 28, 2007, NDSU and the NDSU Development Foundation entered into a \$2,348,000, ten-year, lease agreement for the purchase of an aircraft. Under the agreement, NDSU will pay rent to the NDSU Development Foundation for use of the aircraft. The amount of the rent is equal to the amount of the principal and interest payments on the loan, for the life of the loan. The University is

NOTES TO THE FINANCIAL STATEMENTS

responsible for all costs incurred in operation and maintenance of the aircraft. Upon completion of the loan payments, ownership of the aircraft will be transferred to NDSU. Since the Development Foundation is a discretely presented component unit of the University System and the component unit and the University System are reporting the same assets and debt for the leased aircraft, a reclassification entry was made to ending balances in the component unit consolidating financial statements to show the appropriate due from primary institution

Other Transactions

NDSU also has agreements in place with the Foundation for maintenance of the University's alumni records, for use and insurance on certain land and buildings and for lease of a vehicle. Amounts paid under these agreements in fiscal year 2007 were \$700,740. In addition, the Development Foundation may contract with NDSU for materials and personnel in the service and utility areas and will reimburse NDSU based on separate agreements.

University of North Dakota and UND Aerospace Foundation

The Aerospace Foundation reimbursed UND for salaries, building rent, aircraft rental, and goods and services under an operating agreement aggregating approximately \$1.6 million in fiscal 2007. This operating agreement has no specific term and is intended to memorialize various operating agreements, rate structures, duties, and obligations each party has to the other. UND reimbursed the foundation for air service and hangar, CRJ, 360-degree tower and aircraft rental of \$1.3 million. These expense reimbursements represent actual costs incurred.

In addition, the Aerospace Foundation may contract with UND for materials and personnel in the service and utility areas and will reimburse UND based on separate arrangements. As of June 30, 2007, the foundation has recorded accounts payable to UND of \$102,483 for reimbursable costs and services under these arrangements.

The Aerospace Foundation entered into a sublease with UND to lease the aircraft storage hangar/ground support equipment facility. The lease term is for 20 years, commencing on July 7, 2003 until July 6, 2023. For the first 15 years of the sublease, UND will pay the foundation monthly minimum payments of \$12,672 beginning on October 1, 2003, subject to actual cost adjustments. At the end of the 15 years of the sublease, rent will be adjusted based upon an interest rate adjustment or a refinancing of the debt incurred by the foundation in the construction of the hangar. The audited financial statements for fiscal year 2007 of the foundation report the capital assets and related debt for this lease. Since the foundation is a discretely presented component unit of the University System and the component unit and the University System are reporting the same assets and debt for this transaction, an reclassification entry was made to ending balances in the component unit consolidating financial statements to show the appropriate due from primary institution.

University of North Dakota and RE Arena, Inc.

RE Arena, Inc. manages, operates and maintains an arena known as the Ralph Englestad Arena, which was constructed in 2001 for the benefit of UND athletics. On July 1, 2004, UND and RE Arena, Inc., entered into a usage agreement with regards to the arena that sets forth facility usage, fees and services, and net income disposition. In accordance with this agreement, UND will control all ticket revenue from UND athletic events held in the arena, UND and RE Arena, Inc. will jointly utilize UND marketing staff, and UND agrees to pay RE Arena, Inc., a stated amount of the ticket revenue from hockey, football, and men's and women's basketball events.

NOTES TO THE FINANCIAL STATEMENTS

Revenue and expenses from all other UND events held at the arena will be negotiated on an event-by-event basis. Per this agreement, UND paid approximately \$1.8 million to RE Arena, Inc., in fiscal year 2007 for event ticket revenue. Also per this agreement, RE Arena, Inc., agrees to pay a stated amount of athletic marketing revenue and net income to UND. Accordingly, RE Arena, Inc. paid UND \$378,287 in marketing revenue in fiscal year 2007. Additionally, under the agreement, RE Arena, Inc. will annually fund a reserve for extraordinary repairs, maintenance and building improvements in an amount up to \$350,000. And, on an annual basis, RE Arena, Inc. will remit to UND the net income after adding back depreciation and amortization, the funded reserve and capital expenditures for the fiscal year. RE Arena, Inc. paid UND \$350,000 under this agreement in fiscal year 2007.

In addition, RE Arena, Inc. may contract with UND for materials and personnel in the service and utility areas and will reimburse UND based on separate agreements. As of June 30, 2007, RE Arena, Inc. has a payable to UND of \$359,113 for these expenditures.

University of North Dakota and University of North Dakota Foundation

The University of North Dakota Foundation issued through Wells Fargo Brokerage Services, LLC, tax-exempt lease revenue bonds on October 24, 2003 of \$4,400,000 to finance the land purchase and construction of the Minot Family Practice Center. The center is a component of the School of Medicine & Health Sciences at UND. Interest only is due on a semi-annual basis at a variable rate of interest with a maturity date of December 15, 2018. The interest rate is 3.7 percent at June 30, 2007. The foundation may pay down principal in increments of \$100,000 on interest payment dates without penalty. Principal balance outstanding at June 30, 2007 is \$3,700,000. A receivable from UND and the bond payable is included on the financial reports of the foundation and UND has recorded a capital asset and a capital lease payable as of June 30, 2007.

On July 24, 2002, UND Foundation issued lease revenue bonds of \$8,595,000 on behalf of UND to i) finance the construction of an office building for EERC, ii) renovate the current EERC building, iii) finance capitalized interest, and iv) pay cost of issuance of the bonds. UND and UND Foundation also entered into a lease agreement on July 1, 2002, whereby the foundation leases certain property to UND and UND will pay the foundation basic rents which will be sufficient to cover principal and interest on the lease revenue bonds when due. The bonds bear an interest rate of 2 to 5.13 percent and mature in 2027. The lease revenue bond has a balance of \$7,660,000 at June 30, 2007. The foundation's financial statements include this transaction as a receivable from UND and a long-term liability. UND's financial statements include the capitalized asset and a long-term liability due to UND Foundation.

UND leases office space to the UND Foundation at a cost of \$1 per year and provides some administrative services, computer services, utilities and maintenance at no cost as a partial in-kind reimbursement for services rendered by the Foundation. Lease on the office, dated November 1, 1979, has a remaining term of two years. At June 30, 2007, due to timing of receipts and payments, the UND Foundation recorded a payable of \$265,207 to UND.

NON-MAJOR COMPONENT UNITS

North Dakota State University and North Dakota State University Research Foundation

The foundation disburses 30 percent of net research fees and royalties from patents and other intellectual property or know-how to the inventor as required by state law; the remaining 70 percent is shared by NDSU and the foundation based on negotiated arrangements. Based on these agreements, \$441,068 in research fees and royalties were paid to NDSU from the foundation during the year ended

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2007. Additionally, the foundation reimbursed NDSU \$185,562 for salaries for services provided by NDSU employees and \$5,101 for rent of office space.

Valley City State University and Valley City State University Foundation

The foundation has a memorandum of Agreement with VCSU for administrative services. Under this agreement, the foundation paid VCSU approximately \$100,700 during fiscal year 2007.

NOTE 16 – RELATED AND AFFILIATED ORGANIZATIONS

The related and affiliated organizations are separate North Dakota nonprofit corporations whose sole functions are to provide financial and other assistance to the institutions. The organizations conduct fundraising activities and receive moneys and pledges for institutionally sponsored programs. As such, the institutions neither display nor disclose pledges. The financial activity of the organizations is not reflected in the accompanying financial statements. The assets, revenues, and program service expenditures for each organization and the free services each institution provides as of June 30, 2007 are as follows:

	Fiscal Year End ¹	Assets	Revenues	Program Service Expenditures	Services Provided ²
<u>BSC</u>					
National Alumni Association	Jun. 30	\$93,453	\$59,592	\$16,663	None
<u>DSU</u>					
The Blue Hawk Booster Club	Dec. 31, 2006	\$68,625	\$60,282	\$25,000	None

¹ Fiscal year is 2007, unless otherwise noted.

² Services Provided:

A= Accounting/Secretarial J = Janitorial S = Space U = Utilities

NOTE 17 – ON-BEHALF PAYMENTS

On-behalf payments for fringe benefits and salaries are direct payments made by one entity to a third party recipient for the employees of another legally separate entity. On-behalf payments include pension plan contributions, employee health and life insurance premiums, and salary supplements or.

NOTES TO THE FINANCIAL STATEMENTS

stipends. The amount of on-behalf payments for fringe benefits and salaries for fiscal year ended June 30, 2007 is \$64,283. There were no on-behalf payments made as contributions to a pension plan for which the System is not legally responsible.

NOTE 18 – FUNCTIONAL EXPENSE CLASSIFICATION

The System reports operating expenses using the “natural classification” on the Statement of Revenues, Expenses and Changes in Net Assets. Operating expenses for the year ending June 30, 2007, using the “functional classification” are presented below:

Operating Expenses	
Instruction	\$ 238,309,999
Academic Support	54,363,220
Student Services	34,507,658
Institutional Support	69,111,271
Physical Plant	47,705,226
Scholarships and Fellowships	23,494,578
Auxiliary Enterprises	95,930,087
Public Service	41,717,310
Research	116,690,574
Depreciation	39,353,150
Total	<u>\$ 761,183,073</u>

NOTE 19 – OPERATING LEASES

The campuses are obligated under certain leases for equipment, vehicles and facility rental, which are accounted for as operating leases. Operating leases do not give rise to property rights or lease obligations, and therefore, the resulting expenditures are recognized as incurred. Lease expenditures for the year ended June 30, 2007, amounted to \$4.0 million.

Future minimum rental payments required under operating leases that have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2007, are as follows:

Fiscal Year	Future Minimum Lease Payments
2008	\$ 1,035,896
2009	767,417
2010	569,937
2011	554,646
2012	513,201
2013 - 2017	1,482,813
2018 - 2022	509,949
2023 - 2027	-
	<u>\$ 5,433,859</u>

NOTES TO THE FINANCIAL STATEMENTS

NOTE 20 – CONTINGENCIES

Amounts received and expended by the University System under various federal and state programs are subject to audit by governmental agencies. In the opinion of management, audit adjustments, if any, will not have a significant effect on the financial position of the University System.

In the normal course of its activities, the institutions of the University System are party to various legal actions. Because, in the opinion of management and counsel, the risk of material loss in excess of insurance coverage for these items is remote, the outcome of the legal proceedings and claims is not expected to have a material effect on the financial position of the University System. Therefore, an estimated liability has not been recorded.

NOTE 21 – RAIN EVENT AND FLOOD DAMAGES

NORTH DAKOTA STATE UNIVERSITY

With 7.7 inches of rain on June 19, 2000, North Dakota State University suffered extensive water damage to infrastructure, buildings, equipment, and furnishings. On June 27, 2001, the Emergency Commission, under the provisions of NDCC 54-16-13, approved NDSU's request to borrow \$12,500,000 from the Bank of North Dakota for purposes of expediting the repair of buildings and infrastructure, as well as the replacement of equipment and furnishings lost in the disaster. The Emergency Commission has extended borrowing authority each biennium since.

As of June 30, 2007, NDSU had expended \$19.0 million in recovery costs, recovered \$2.5 million from insurance (of which \$1.6 million is a pending refund to FEMA), received \$14.9 million from FEMA, and received \$1.5 million in deficiency appropriations. The campus anticipates recovering the remaining costs of \$1.7 million from insurance, FEMA or a deficiency appropriation at a future date.

UNIVERSITY OF NORTH DAKOTA

Beginning with a sleet storm on April 6, 1997, and followed by the Flood of 1997, the University of North Dakota suffered extensive damage to infrastructure, buildings, equipment, and furnishings. On August 4, 1997, the Emergency Commission under the provisions of NDCC 54-16-13, approved the University's request to obtain a \$12,000,000 line of credit from the Bank of North Dakota for purposes of expediting the repair of buildings and infrastructure, as well as the replacement of equipment and furnishings lost in the disaster. The Emergency Commission has extended borrowing authority each biennium since.

On March 9, 1998, the Bank of North Dakota, acting on direction from the Emergency Commission, approved two additional categories of draw availability on the \$12 million Letter of Credit: (1) projects which have been submitted for DSR preparation anticipating funding from both FEMA and insurance providers; and (2) projects which have been submitted for DSR preparation anticipating denial of FEMA funding, but anticipating funds from insurance providers.

As of June 30, 2007, UND has expended approximately \$60.9 million in flood recovery costs, \$2.7 million of which was covered by UND. In addition, UND recovered \$6.3 million from insurance, received \$39.4 million from FEMA, and received \$10.9 million in deficiency appropriations. The campus anticipates recovering an additional \$1.5 million from FEMA at a future date. \$25,300 in costs will not be recovered.

NOTES TO THE FINANCIAL STATEMENTS

BANK OF NORTH DAKOTA LINE OF CREDIT ACTIVITY

At June 30, 2007, NDSU and UND had balances outstanding on the rain event and flood lines of credit as follows. The rate of interest changes on a quarterly basis. At June 30, 2007 the rate was 6.82 percent.

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Retirements</u>	<u>Ending Balance</u>
NDSU	\$ 2,440,020		\$ 2,440,020	\$ -
UND	2,610,854	-	1,095,595	1,515,259
Total	<u>\$ 5,050,874</u>	<u>\$ -</u>	<u>\$ 3,535,615</u>	<u>\$ 1,515,259</u>

NOTE 22 – RISK MANAGEMENT

The University System is exposed to various risks of loss related to torts; theft, damage, or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The following are funds/pools established by the state for risk management issues.

RISK MANAGEMENT FUND

The 1995 Legislative Session established the Risk Management Fund (RMF), an internal service fund, to provide a self-insurance vehicle for funding the liability exposures of state agencies resulting from the

elimination of the state's sovereign immunity. The RMF manages the tort liability of the state, its agencies, employees and the University System. All state agencies participate in the RMF and each fund's contribution was determined using a projected cost allocation approach. The system obtains most of its insurance through the RMF.

NORTH DAKOTA FIRE AND TORNADO AND STATE BONDING FUND

The University System also participates in the North Dakota Fire and Tornado Fund and State Bonding Fund. The University System pays an annual premium to the Fire and Tornado Fund to cover property damage to personal property. Replacement cost coverage is determined in consultation with the Fire and Tornado Fund. The State Bonding Fund currently provides the University System with blanket fidelity bond coverage in the amount of \$1,000,000 for its employees. The State Bonding Fund does not currently charge any premium for this coverage.

NORTH DAKOTA WORKFORCE SAFETY AND INSURANCE

The University System participates in the North Dakota Workforce Safety and Insurance, an Enterprise Fund of the State of North Dakota. The Bureau is a state insurance fund and is a no fault insurance system. It covers the state's employers and employees financed by premiums assessed to employers. The premiums are available for the payment of claims to employees injured in the course of employment.

There have been no significant reductions in insurance coverage from the prior year and settled claims from these risks have not exceeded insurance coverage in any of the past three fiscal years except for rain event and flood damages at NDSU and UND as discussed in Note 21.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 23 – ASBESTOS SETTLEMENT

During fiscal year 1999, the University System settled an asbestos lawsuit against W.R. Grace & Co. The Chancellor has designated the dollars for asbestos related projects at the campuses. The designated amount for NDSU and UND at June 30, 2007 is \$984,973 and \$1,494,086, respectively.

NOTE 24 – DEFICIT NET ASSET BALANCES > \$100,000

As of June 30, 2007, the Universities listed below had the following reportable net asset balance deficits greater than \$100,000.

<u>Institution</u>	<u>Fund</u>	<u>Description</u>	<u>Deficit Balance</u>
Mayville State University	10000	Food Service	104,715
	10700	Local Athletics	389,373
		Total MaSU	\$ 494,088
North Dakota State University	28100	The Living Learning West Center	1,091,664
	44500	Interest on BND LOC Advance	453,939
		Total NDSU	\$ 1,545,603
University of North Dakota	21220	Bismarck Center for Family Medicine	\$ 277,850
	21224	Minot Center for Family Medicine	281,384
	22281	BND Flood LOC	1,537,676
	Various	Litigation Costs	2,310,329
		Total UND	\$ 4,407,239
Valley City State University	11000	Athletics	114,981
		Total VCSU	\$ 114,981
Total University System			<u>\$ 6,561,911</u>

Mayville State University

Fund 10000 – The food service fund has a negative balance of \$104,715. The Board approved a plan on June 30, 2006, which was developed by the campus and an external workgroup for reduction of the deficit over the next three years.

Fund 10700 – The athletic fund has a negative balance of \$389,373. The Board approved a plan on June 30, 2006, which was developed by the campus and an external workgroup for reduction of the deficit over the next three years.

NORTH DAKOTA STATE UNIVERSITY

Fund 28100 – Fund for The Living Learning West Center. These are construction expenses in FY07 on the building. This project was approved by the 2007 legislature with an emergency clause for construction to begin in FY07. The deficit will be retired through the use of bond proceeds.

Fund 44550 – Interest on Bank of North Dakota Line of Credit (LOC) Advance had a deficit balance of \$453,939 at June 30, 2007 for interest on the LOC related to the 2000 flood. The campus anticipates recovering the remaining balance from insurance, FEMA or a deficiency appropriation at a future date.

NOTES TO THE FINANCIAL STATEMENTS

UNIVERSITY OF NORTH DAKOTA

Fund 21220 -- The Bismarck Center for Family Medicine ended the 2007 fiscal year with a deficit of \$227,850. The School of Medical and Health Sciences presented a plan to reorganize the finances of the program, effective September 1, 2006 which will result in a positive net asset balance by September 30, 2008.

Fund 21224 -- The Minot Center for Family Medicine ended the 2007 fiscal year with a deficit of \$281,384. The School of Medical and Health Sciences presented a plan to reorganize the finances of the program, effective September 1, 2006, which will result in a positive net asset balance by September 30, 2008.

Fund 2228 – BND Flood Line of Credit. The deficit balance of \$1,537,676 includes the balance owed to the Bank of North Dakota on the line of credit for the Flood of 1997 and interest expense paid on the line of credit that exceeded the deficiency appropriation. The line of credit covers restoration expenditures incurred by UND that have not yet been reimbursed by FEMA. The campus anticipates that these expenditures will be reimbursed by FEMA.

Various Funds – The deficit balance of \$2,310,329 represents the aggregate of costs incurred relative to ongoing litigation. As each case is brought to closure, balances will be brought to zero using funds resulting from the settlement and/or other institutional funds.

VALLEY CITY STATE UNIVERSITY

Fund 11000 – Athletics has a negative net asset balance of \$114,981. A greatly refined and structured approach to budget management and information has been developed that will assist in monitoring and controlling the outcomes to assure the fund is in balance by 2010.

NOTE 25 – SUBSEQUENT EVENTS

On October 19, 2007, BSC and BSC Foundation entered into a 25-year lease agreement to facilitate the construction of the Bismarck State College Career and Technology Institute. Under the agreement, BSC is responsible for payment of all rent, maintenance, and repair of the facility, maintenance of all insurance required under the lease, and restrictions of use of the facility as set forth in the lease. The amount of the rent is tied to the debt service retirement. Upon payment of all the bonds, BSC will have the option to purchase the premises for \$100.

On July 25, 2007 NDSU issued \$12 million of Series 2007 Revenue Bonds for the construction of a new residence hall and renovation of Ceres Hall.
