PREFACE

The University of North Carolina presents the forty-first annual *Statistical Abstract of Higher Education in North Carolina*. This abstract covers the breadth of higher education activities in the State in their quantitative aspect, from simple counts of enrollment and degrees conferred to complex analyses of the flow of student transfers among institutions. Collected and published annually, this wide range of information should be useful to members of the public and to planners and educators in educational institutions and government agencies. It is hoped that the information will aid in the more effective use of resources allocated to higher education.

The Institutional Research and Analysis Division of the General Administration of the University of North Carolina assembled the data for the abstract from information supplied by the colleges and universities. I especially wish to acknowledge the work of Ms. Daphne Dow, Ms. Sophia Kwon, and Mr. Keith Brown of the Institutional Research and Analysis Division for generating data and for their meticulous care in assembling and editing the abstract. Acknowledgement is also due to assisting officials at the institutions, public and private, for their continuing and wholehearted cooperation.

To all, I express my sincere appreciation.

Alan Mabe
Senior Vice President for Academic Affairs

INTRODUCTION

The *Statistical Abstract of Higher Education in North Carolina, 2008-09* has been assembled to provide a detailed statistical account of higher education in North Carolina to legislators, educators, and other interested citizens of North Carolina. The data in this abstract represent both past and current (2008-09 academic year) information. From this abstract, the reader can gain some knowledge about who is being educated, where they are being educated, and the resources supporting their education.

The Institutional Research and Analysis Division of the University of North Carolina General Administration compiled the data reported herein from online forms submitted by the individual institutions in the summer and fall of 2008 for processing during the 2008-2009 academic year. The design of these forms is suitable for both Federal and State data requests (see Appendix A).

The staff of the Institutional Research and Analysis Division makes every effort to verify the validity and reliability of the data reported by the institutions. The ultimate responsibility for the accuracy of the data, of course, lies with the individual institutions as they originate the reports on which this abstract is based. In certain instances discrepancies may appear to be present, when in reality the data reported may reflect different interpretations of definitions by respondents in different institutions. Wherever possible, these apparent discrepancies are explained by footnotes. For example, because of its unique student body, which consists of both college and high school students, data for University of North Carolina School of the Arts may not be directly comparable to other institutions in some tables in which they are presented.

If a comparison or a trend study is conducted, please note that East Coast Bible College closed on August 31, 1999. Anson Community College changed its name to South Piedmont Community College in the fall of 1999. Winston-Salem Bible College changed its name to Carolina Christian College in the fall of 2007. North Carolina School of the Arts changed its name to University of North Carolina School of the Arts in spring 2008. Roanoke Bible College changed its name to Mid Atlantic Christian College in the spring of 2009. Beginning in 2000 and 2001, enrollment data for the University of North Carolina and private institutions combined both resident and extension credit respectively. When Cabarrus College of Health Sciences began offering baccalaureate degrees, it moved from the "Junior Colleges" category to the "Senior Colleges and Universities" category. Saint Mary's College became High School only in the fall of 1998. Barber-Scotia College, unaccredited since 2006, is in the process of seeking re-accreditation.

ENROLLMENT TRENDS

UNC institutions include extension credit beginning in 1999. Private institutions include extension credit beginning in 2001. Campbell University included extension credit prior to Fall 1991. Mount Olive College and Montreat College also include an off-campus site in their degree credit enrollment.

Community colleges include only college transfer students (AA, AFA, AS).

SECTION IV

DEGREES CONFERRED

The U.S. Department of Education's National Center for Education Statistics (NCES) developed the Classification of Instructional Programs (CIP) in 1980. The purpose of the CIP is to provide a taxonomic scheme that will support the accurate tracking, assessment, and reporting of fields of study and program completions activity. CIP revisions occurred in 1985, 1990, and 2000. The 1990 edition of CIP (CIP-1990) was implemented in 1992. The 2000 edition of the CIP (CIP-2000) was adopted in 2002.

CIP-1990 was used to track degrees conferred in North Carolina colleges and universities before 2002. CIP-2000 has been used since 2002-2003 academic year.

SECTION IX
STUDENT FINANCIAL AID

The financial aid form was completely revised in the summer of 2007. The new form collects financial aid data by the aid source. Data in Table 65 show the basic format for collecting and summarizing the data. The unduplicated counts of recipients in this table include all students who received financial aid from a given source (federal, state, institution, or other programs) for the 2007-08 reporting year (Fall 2007, Spring 2008, Summer I and II 2008).

Modifications were made to Table 67 to reflect current financial aid practices by providing summary information for federal loans, non-federal loans, and the Federal Work Study (FWS) program.

APPENDIX B

DEFINITIONS OF TERMS

The definitions below are intended to facilitate the better understanding of information presented in this report. These are selected from the University of North Carolina's reporting forms and the US Department of Education's Integrated Postsecondary Education Data System forms.

1. ENROLLMENT for UNC and private institutions refers to the headcount degree-credit enrollment. The degree-credit enrollment includes full-time and part-time students enrolled in courses basic to or creditable to a bachelor's or higher degree including extension courses but excluding students in correspondence, adult education, audited courses, short courses, and those enrolled for individual lessons only.

Undergraduate includes students who have not completed a full four-year program or its equivalent and also students in a five-year bachelor's program. This classification includes students in junior and community colleges in programs transferable to four-year institutions.

First Professional includes students who are in a professional school or program (law, medicine, dentistry, pharmacy, veterinary medicine, and theology) which requires at least two or more years of previous college work for entrance.

Graduate includes students who have attained at least one standard bachelor's degree or first professional degree and who are or might be candidates for a master's or doctorate degree.

First-Time Freshman includes new students who have not attended college prior to the immediately previous summer sessions. Also includes students who entered with advanced standing (college credits earned before graduation from high school).

Special/Unclassified includes students who are not candidates for a degree, diploma, certificate, or equivalent award, although taking courses in regular classes with other students.

Full-Time Student includes students registered for 12 or more semester credit hours as undergraduate or 9 or more semester credit hours as graduate or first professional students.

Part-Time Student includes students registered for less semester credit hours than a full-time load.

FTE (Full-Time Equivalent) of Part-Time Students

Undergraduates

12 or more semesters credit hours = 1
9 to 12 semester credit hours = 3/4
6 to 9 semester credit hours = 1/2
Less than 6 semester credit hours = 1/4

Graduates

9 or more semester credit hours = 1
6 to 9 semester credit hours = 3/4
3 to 6 semester credit hours = 1/2
Less than 3 semester credit hours = 1/4

In-State Students are those whose legal residence, as determined at the institution, is in North Carolina.

Out-of-State Students are those whose legal residence, as determined at the institution, is in a state other than North Carolina or in a foreign country.

2. TRANSFER refers to students transferring to North Carolina institutions who have college credits from other institutions in a previous regular session(s). A former student transferring back to his original institution after attendance at another institution is not classified as a transfer.

3. DEGREES in this report refer to earned degrees conferred (not honorary). Specifically, the following degrees are included:

Bachelor's Degree requires successful completion of at least four but not more than five years of academic work.

First Professional Degree signifies the completion of the academic requirements for a selected profession, which is based on an educational program requiring at least two academic years of previous college work for entrance and which requires a total of at least six academic years of college work for completion. Examples of first professional degrees are the Doctor of Jurisprudence (J.D.) and Bachelor of Laws (LL.B.), Doctor of Dental Surgery (D.D.S.), Doctor of Pharmacy (Pharm.D.), and Doctor of Medicine (M.D.) degrees.

Master's Degree is customarily granted upon successful completion of one (sometimes two) academic years of work beyond the bachelor's degree.

Doctorate Degree includes such degrees as Doctor of Education, Doctor of Juridical Science (S.J.D.), Doctor of Public Health, and the Doctor of Philosophy in any field.

4. FACULTY refers to the professional personnel employed in colleges and universities who are primarily assigned to resident instruction and departmental or organized research. This does not include other professional personnel in library, auxiliary enterprises, and public service activities.
