

Overall Results

- In 2011, the average score of eighth-grade students in Baltimore City was 261. This was lower than the average score of 274 for public school students in large cities.
- The average score for students in Baltimore City in 2011 (261) was not significantly different from their average score in 2009 (257).
- In 2011, the score gap between students in Baltimore City at the 75th percentile and students at the 25th percentile was 45 points. This performance gap was not significantly different from that of 2009 (42 points).
- The percentage of students in Baltimore City who performed at or above the NAEP *Proficient* level was 13 percent in 2011. This percentage was not significantly different from that in 2009 (10 percent).
- The percentage of students in Baltimore City who performed at or above the NAEP *Basic* level was 48 percent in 2011. This percentage was not significantly different from that in 2009 (43 percent).

Achievement-Level Percentages and Average Score Results

NOTE: Detail may not sum to totals because of rounding. Large city (public) includes public schools located in the urbanized areas of cities with populations of 250,000 or more.

Scores at Selected Percentiles

Average Scores for District and Large Cities

* Significantly different ($p < .05$) from 2011. Significance tests were performed using unrounded numbers.

NOTE: Large city (public) includes public schools located in the urbanized areas of cities with populations of 250,000 or more.

Results for Student Groups in 2011

Reporting Groups	Percent of students	Avg. score	Percentages at or above		Percent at Advanced
			Basic	Proficient	
School Race					
White	11	280	70	31	6
Black	84	259	45	10	1
Hispanic	3	‡	‡	‡	‡
Asian	1	‡	‡	‡	‡
American Indian/Alaska Native	#	‡	‡	‡	‡
Native Hawaiian/Pacific Islander	#	‡	‡	‡	‡
Two or more races	#	‡	‡	‡	‡
Gender					
Male	46	261	47	14	2
Female	54	262	49	13	2
National School Lunch Program					
Eligible	85	257	44	9	1
Not eligible	15	285	74	37	7

Rounds to zero.

‡ Reporting standards not met.

NOTE: Detail may not sum to totals because of rounding, and because the "Information not available" category for the National School Lunch Program, which provides free/reduced-price lunches is not displayed. Black includes African American and Hispanic includes Latino. Race categories exclude Hispanic origin.

Score Gaps for Student Groups

- In 2011, Black students had an average score that was 21 points lower than White students. Data are not reported for White students in 2009, because reporting standards were not met.
- Data are not reported for Hispanic students in 2011, because reporting standards were not met.
- In 2011, male students in Baltimore City had an average score that was not significantly different from female students.
- In 2011, students who were eligible for free/reduced-price school lunch, an indicator of low family income, had an average score that was 27 points lower than students who were not eligible for free/reduced-price school lunch. This performance gap was wider than that in 2009 (17 points).
