-------------------	-----

The *High School Feedback Report* prepared by the State of Florida's Department of Education provides pre-and-post-graduation data for public high school graduates throughout Florida (<http://data.fldoe.org/readiness/default.cfm>). These data were used for the present report which contains individual data reports for all M-DCPS regular high schools and charter high schools graduating students in 2006 and 2007. Summary data for the district are also provided. These data can be used to track the success of secondary school reform efforts at the school level. Several data elements presented here are already being tracked by the district and are not considered new. However, additional data are presented which can shed further light on the extent to which the district is preparing graduates for the world-of-work and for post-secondary education.

Data for 2006 and 2007 are arranged side-by-side and grouped by region, first for the District and State followed by summaries for individual schools. The results for 21 indicators are presented including 13 pre-graduation indicators and eight post-graduation indicators. The operational definition for each can be found in the Appendix which is located at the end of the report.

Pre-Graduation Indicators:

1. Number of high school graduates with standard diploma or GED
2. Percent scoring at level 3 or better on 10th grade FCAT Math and Reading
3. Percent who completed a college prep curriculum
4. Percent enrolled in Algebra I or equivalent in a Florida public school prior to 9th grade
5. Percent completing at least one level 3 high school math course
6. Percent completing at least one dual enrollment math course
7. Percent completing at least one level 3 high school science course
8. Percent completing at least one dual enrollment science course
9. Percent taking the PSAT or PLAN two years prior to graduation year
10. Percent who took the SAT or ACT
11. Percent taking the SAT/ACT/CPT and scoring at or above the college-level cut scores in math and reading
12. Percent eligible for the maximum Bright Futures Award
13. Percent completing at least one AP, IB, AICE or Duel Enrollment course

Post-Graduation Indicators:

14. Percent enrolled in a Florida public post-secondary institution in the Fall
15. Percent enrolled in a Florida independent college or university in the Fall
16. Percent enrolled in an out-of-state public or private post-secondary institution in the Fall
17. Percent enrolled in a Florida community college, state university or technical education center during Fall
18. Percent enrolled at a Florida post-secondary institution earning a GPA above 2.0

19. Percent of graduates enrolled in college credit courses in the Fall at Independent Colleges and Universities in Florida earning a GPA above 2.0
20. Of the graduates enrolled in a Math course in Florida in the Fall, the percent who successfully completed the course (Remedial; Intermediate Algebra; Entry-Level; Advanced)
21. Of the graduates enrolled in an English course in Florida in the Fall, the percent who successfully completed the course (Remedial; Freshman Comp; Other)

Although the results for 2007 graduates were very similar to those for 2006 graduates, a few exceptions were noted. Districtwide results show the percentage of graduates enrolled in a Florida post-secondary institution earning a GPA above 2.0 increased from 2006 (76.3%) to 2007 (77.9%). Of the graduates enrolled in an advanced-level college math course in Fall, the percent who successfully completed the course increased from 2006 (32.5%) to 2007 (35.3%). Students graduating in 2007 successfully completed Freshman composition courses at a considerably higher rate (80.7%) when compared to entry-level college mathematics courses (59.7%).

The College Placement Test (CPT) is used by Florida universities and community colleges to judge a student's readiness for college-level courses in mathematics, reading, and writing. Results from the CPT indicated a 6.7 percentage point decrease in college preparedness in writing (i.e., from 63.1% in 2006 to 56.4% in 2007) and a 0.8 percentage point increase in reading (i.e., from 37.9% in 2006 to 38.7 in 2007).

APPENDIX
DATA SOURCES AND DEFINITIONS
FOR THE INDICATORS

HIGH SCHOOL FEEDBACK REPORT DATA SOURCES AND CALCULATION EXPLANATIONS

PRE-GRADUATION INDICATORS

Data source: Florida Department of Education, K-20 Education Data Warehouse

- Indicator 2: The score of “level 3 or better” on the FCAT represents a desired level of proficiency in reading and math.
- Indicator 3: “College Prep Curriculum” is defined as the completion of high school courses that satisfy state university admission requirements.
- Indicator 4: This includes students who took a high school Algebra 1 course or the equivalent while in middle school; allowing students to enroll in advanced levels of math courses upon entering high school.
- Indicator 5: Level 3 math courses are defined as dual enrollment, Advanced Placement, International Baccalaureate, AICE, high school honors, and other courses designated as Level 3 in the Course Code Directory.
- Indicator 6: Dual enrollment courses are rigorous college courses that allow students to earn both high school and college credit.
- Indicator 7: Level 3 science courses are defined as dual enrollment, Advanced Placement, International Baccalaureate, AICE, high school honors, and other courses designated as Level 3 in the Course Code Directory.
- Indicator 8: Dual enrollment courses are rigorous college courses that allow students to earn both high school and college credit.
- Indicator 9: PSAT and PLAN are standardized diagnostic examinations that are funded by the state and offered to tenth grade high school students free of charge. The results indicate areas of strength and weakness related to college readiness.
- Indicator 10: The number of graduates who took the SAT or ACT divided by the total number of graduates (may include duplicates if students took both exams).
- Indicator 11: Students who score at or above the college-level cut scores on the SAT/ACT/CPT are placed into college credit courses and do not require remediation.
- Indicator 12: “Bright Futures Eligible” defines the number of students who met all eligibility requirements for at least one of the 3 Bright Futures Scholarship awards; reporting those eligible for the maximum award (Academic, Medallion, or Gold Seal Vocational Scholarship).
- Indicator 13: Advanced Placement, International Baccalaureate, Advanced International Certificate of Education, and dual enrollment courses are rigorous courses that help prepare students for success in college.

HIGH SCHOOL FEEDBACK REPORT DATA SOURCES AND CALCULATION EXPLANATIONS

POST-GRADUATION INDICATORS

Data Source: Florida Department of Education, K-20 Education Data Warehouse

- Indicator 14: Includes students enrolled in a state university, community college, or public postsecondary career center in Florida in the fall following high school graduation. Students enrolled in out-of-state or private colleges are not included in this calculation.
- Indicator 15: Includes students enrolled in an Independent College or University in Florida (ICUF institution) in the fall following high school graduation.
- Indicator 16: Includes students enrolled in a an out-of-state public or private postsecondary institution in the fall following high school graduation.
- Indicator 17: Percent of graduates enrolled in a Florida public postsecondary institution in the fall, delineated by postsecondary sectors.
- Indicator 18: Of those students enrolled in a Florida public postsecondary institution in the Fall immediately following graduation from high school, those that earned a cumulative GPA of above 2.0. This does not include students enrolled in private or out-of state institutions. Cumulative GPA may also include grades earned through dual enrollment.
- Indicator 19: Of those students enrolled at Independent Colleges and Universities of Florida (ICUF) in the Fall immediately following graduation from high school, those that earned a cumulative GPA of above 2.0. This does not include students enrolled in public or out-of state institutions. Cumulative GPA may also include grades earned through dual enrollment.
- Indicator 20: This indicator provides the success rate (defined as earning a grade of “C” or better or “Satisfactory”) of students enrolled in various math courses in the Fall immediately following graduation from high school. Performance in different levels of math courses is reported. Remedial or “college-preparatory” courses do not count as college credit toward a degree. Intermediate Algebra is a course that can count for college credit, but counts only as an elective toward a degree and does not satisfy postsecondary general education math requirements. College Algebra is a college credit course that satisfies general education requirements. Advanced math indicates any math course above the level of College Algebra.
- Indicator 21: This indicator provides the success rate (defined as earning a grade of “C” or better or “Satisfactory”) of students enrolled in various English courses in the Fall immediately following graduation from high school. Remedial or “college-preparatory” courses do not count as college credit toward a degree. English courses are identified in three levels: Remedial or not for college credit, ENC 1101 & ENC 1102 (the most common college credit), and other college-level English courses.
