NOTE

The following pages contain a classified and annotated list of current educational publications received by the library of the Bureau of Education to October 1, 1926. The last preceding list in this series of records was issued as Bulletin, 1926, No. 17 and comprised publications received by the Bureau of Education to July 1, 1926.

This office can not supply the publications listed in this bulletin, other than those expressly designated as publications of the Bureau of Education. Books, pamphlets, and periodicals here mentioned may ordinarily be obtained from their respective publishers, either directly or through a dealer, or, in the case of an association publication, from the secretary of the issuing organization. Many of them are available for consultation in various public and institutional libraries.
