2013 Trial Urban District Snapshot Report

Overall Results

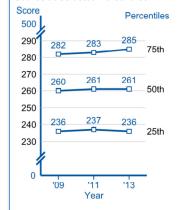

- In 2013, the average score of eighth-grade students in Jefferson County was 261. This was higher than the average score of 258 for public school students in large cities.
- The average score for students in Jefferson County in 2013 (261) was not significantly different from their average score in 2011 (260) and in 2009 (259).
- The score gap between higher performing students in Jefferson County (those at the 75th percentile) and lower performing students (those at the 25th percentile) was 49 points in 2013. This performance gap was not significantly different from that in 2009 (46 points).
- The percentage of students in Jefferson County who performed at or above the NAEP *Proficient* level was 29 percent in 2013. This percentage was not significantly different from that in 2011 (27 percent) and in 2009 (26 percent).
- The percentage of students in Jefferson County who performed at or above the NAEP Basic level was 69 percent in 2013. This percentage was not significantly different from that in 2011 (70 percent) and in 2009 (68 percent).

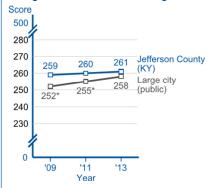

* Significantly different (p < .05) from district's results in 2013. Significance tests were performed using unrounded numbers.

NOTE: Detail may not sum to totals because of rounding. Large city (public) includes public schools located in the urbanized areas of cities with populations of 250,000 or more including the participating districts.

Scores at Selected Percentiles

Average Scores for District and Large Cities

 * Significantly different (p < .05) from 2013. Significance tests were performed using unrounded numbers.

NOTE: Large city (public) includes public schools located in the urbanized areas of cities with populations of 250,000 or more including the participating districts.

Results for Student Groups in 2013

			Percentages		
	Percent of	Avg.	at or a	above	Percent at
Reporting Groups	students	score	Basic P	roficient	Advanced
Race/Ethnicity					
White	52	271	81	39	6
Black	37	243	50	13	1
Hispanic	6	258	69	25	2
Asian	3	‡	‡	‡	‡
American Indian/Alaska Native	#	‡	‡	‡	‡
Native Hawaiian/Pacific Islander	#	‡	‡	‡	‡
Two or more races	2	‡	‡	‡	‡
Gender					
Male	50	257	65	25	3
Female	50	265	73	33	5
National School Lunch Program					
Eligible	62	249	58	16	1
Not eligible	38	280	87	51	10

Rounds to zero.

‡ Reporting standards not met.

NOTE: Detail may not sum to totals because of rounding, and because the "Information not available" category for the National School Lunch Program, which provides free/reduced-price lunches, is not displayed. Black includes African American and Hispanic includes Latino. Race categories exclude Hispanic origin.

Score Gaps for Student Groups

- In 2013, Black students had an average score that was 28 points lower than White students. This performance gap was not significantly different from that in 2009 (22 points).
- In 2013, Hispanic students had an average score that was 13 points lower than White students. Data are not reported for Hispanic students in 2009, because reporting standards were not met.
- In 2013, female students in Jefferson County had an average score that was higher than male students by 8 points.
- In 2013, students who were eligible for free/reduced-price school lunch, an indicator of low family income, had an average score that was 32 points lower than students who were not eligible. This performance gap was wider than that in 2009 (23 points).
