

COMMUNITY AND TECHNICAL COLLEGES AT A GLANCE

Our vision: Build strong communities, individuals and families, and achieve a greater global competitiveness and prosperity for the state and its economy by raising the knowledge and skills of the state's residents. (SBCTC System Direction, 2006)

Our mission: Our state's most urgent need is to educate more people to higher levels of skills and knowledge. This is the only way we can hope to sustain a prosperous economy that will provide opportunities for all of us, and our children. (SBCTC Mission Study, 2010)
