## THE UTAH SYSTEM OF HIGHER EDUCATION

The Utah System of Higher Education is comprised of eight public colleges and universities governed by the State Board of Regents, assisted by local Boards of Trustees. The System includes two research universities, four regional universities, and two community colleges. The missions of these eight institutions are described below.

### UNIVERSITY OF UTAH

As the state's flagship institution, the University of Utah focuses on enhancing the state's reputation for high quality instruction, research and innovation, particularly at the graduate level. Its mission is to disseminate knowledge through teaching, publication, artistic presentation, and community engagement. The University of Utah is a major research institution that contributes to the economic base of the state through innovation, technology transfer and commercialization. The university is also the primary deliverer of trained professionals in medicine, pharmacy, law and engineering for the state.

### UTAH STATE UNIVERSITY

As Utah's land-grant university and one of only two research universities in the state, Utah State University provides research, public service and education in all corners of Utah. In addition to its Extension services, with offices in every county, the university also provides access to higher education through its extensive regional campuses system, which provides on-site classrooms and laboratories along with state-of-the-art video-conferencing and online learning capabilities. USU is building upon its research capacity with focused areas of expertise in water, aerospace, agriculture, life sciences, education and engineering. Note: USU-Eastern has been combined into USU numbers where appropriate

### WEBER STATE UNIVERSITY

Weber State University offers a variety of two- and four year degrees, and multiple graduate programs. A leader in undergraduate education, WSU provides a small-class environment, where students work closely with faculty and participate in research and community-service opportunities. Outside the classroom, students take part in more than 175 clubs, cheer on 16 NCAA teams and enjoy cultural and recreational offerings. Combining low tuition with more than \$95 million in scholarships and financial aid yearly, WSU is one of the most affordable universities in the West.

### SOUTHERN UTAH UNIVERSITY

Southern Utah University (1897) is an arts and sciences university promoting experiential education leading to personal growth, intentional social responsibility and professional excellence. Division 1 athletics, the nation's "most outdoorsy" campus, a brand new arts complex and more than 160 student clubs on a residential campus provide vibrant student life. At SUU students are encouraged to explore over 150 quality academic programs, engage in award winning project based learning and excel with the second highest graduation rate in the state.

## SNOW COLLEGE

Snow College is an open enrollment, residential college with campuses located in Ephraim and Richfield. Nationally ranked as one of the top junior colleges in America, Snow College has one of the highest national graduation and student transfer rates. Snow College provides a high quality, affordable campus experience in a safe environment and offers a broad range of general education and vocational/technical programs. Students can complete degrees in Associate of Arts, Science or Applied Science, Bachelor of Music with an emphasis in commercial music, and numerous specialized, short-term vocational training certificates and diplomas. The college also provides concurrent enrollment classes to many high schools throughout the state and has several online course options.

## DIXIE STATE UNIVERSITY

Dixie State University is a regional university with a mission to provide general and liberal education as well as applied technology programs. Dixie State offers more than 60 undergraduate degrees, including baccalaureate degrees in 28 highly sought after content areas. In addition, Dixie continues to function as a comprehensive community college, offering associate degrees and certificate programs that meet the needs of students and the community. DSU is dedicated to serving its community with small class sizes and committed faculty and staff members who strive to create a memorable student experience. ## Career Technical Education

### Background

Career Technical Education (CTE) includes a wide range of programs that focus on helping students, workers and lifelong learners of all ages fulfill their potential. CTE is delivered in all regions of the State by the colleges and universities within the Utah System of Higher Education. USHE institutions also work closely with the business and industry community to develop and deliver short-term programs specifically tailored to their workforce training needs. A variety of courses, certificates and associate degrees are offered that focus on the needs of individuals by providing students with:

- Applied skills for entry-level employment while laying the foundation for the academic and more advanced technical skills needed for lifelong career development.
- Education pathways that help students explore interests and careers in the process of progressing through school.
- Second-chance education and training for the unemployed and those seeking to upgrade their employability skills.
- Education to earn additional degrees, especially when related to career advancement.
- Corporate training, continuing education, skills upgrades and refresher courses for those already in the workplace.

Certificates of completion are awarded for short-term training programs or for the completion of a subset of courses required for an associate degree program. Certificates of completion may be credit or non-credit. Associate of Applied Science (AAS) degrees and Associate of Applied Technology (AAT) degrees are designed to lead students directly to employment. Associate of Arts (AA) and Associate of Science (AS) degrees are designed primarily to transfer to four-year institutions and meet the general education requirements of a Baccalaureate degree. Many AS and AA degrees also provide specific skill levels that enable students to directly enter the workforce.

## TUITION AND FEES

### Background

Utah Code, Title 53B grants the Board of Regents with authority to set tuition and fees for each of the USHE institutions. Decisions on tuition and fees usually occur in two phases. In the fall, prior to the annual legislative session, the Board adopts a preliminary first-tier, general percentage increase in tuition for the upcoming academic year that is the same for each institution. Following the legislative session, the Board reviews its preliminary first-tier increases based on legislative funding and makes adjustments. USHE Presidents, in consultation with students, may recommend second-tier tuition increases that target specific unmet budgetary needs at their respective institution. These second-tier tuition increases are subject to approval by the Board of Regents. Proposed fee increases are approved by the Board at that time as well. This tab includes the Board's action on tuition and fees through the 2016-17 academic year.

### Explanation of Attachments

Tables 1 and 2 report 2016-17 resident undergraduate tuition and fees for the eight USHE institutions. Table 3 contains the previous ten years of undergraduate tuition and fees for both resident and non-resident students. Table 4 provides historical data on undergraduate tuition by institution for both resident and non-resident students. Table 5 disaggregates the miscellaneous fees charged at eight USHE institutions for 2016-17. Table 6 presents tuition and fees for resident and non-resident graduate students based on program type. Table 7 lists the undergraduate resident and non-resident tuition percentage increases or decreases for the period ranging from 2007-08 to 2016-17. Tables 8 through 11 compare tuition and fees for USHE institutions and similar types of institutions for 2016-17. The comparison institutions are discussed in Tab M.

### I. STATE STUDENT FINANCIAL ACCESS PROGRAMS

#### INTRODUCTION

The following tables provide statistical information for two state-sponsored programs administered by the Utah Higher Education Assistance Authority: the Utah Educational Savings Plan Trust (UESP) and the Higher Education Success Stipend Program (HESSP)—formerly UCOPE, described in further detail below.

#### UTAH EDUCATIONAL SAVINGS PLAN TRUST (UESP)

##### About UESP

The Utah Educational Savings Plan (UESP) is a nonprofit 529 college savings plan, authorized by the Utah State Legislature in 1996 and designed to comply with Section 529 of the Internal Revenue Code. UESP is the official and only 529 plan sponsored by the State of Utah. It is administered and managed by the Utah State Board of Regents and the Utah Higher Education Assistance Authority (UHEAA) board.

As a direct-sold college savings plan, UESP is dedicated to helping families save for college. UESP does not sell account owners additional products or services, such as retirement plans or insurance.

##### Tax Advantages

- Earnings on investments in UESP accounts grow tax-deferred from federal and Utah state income taxes, and withdrawals are tax-exempt when used for qualified higher education expenses.
- Utah taxpayer account owners and trusts may claim a 5 percent Utah state income tax credit each year for contributions to their accounts up to certain limits *per qualified beneficiary*. Utah corporations may deduct contributions to their UESP accounts up to a certain limit *per qualified beneficiary*. For an account owner to be eligible for the Utah state income tax credit or deduction, the beneficiary of the UESP account must be designated as such before age 19.

##### Use of Funds

- Money in a UESP account may be used for a beneficiary's qualified higher education expenses, including tuition and fees; required books, supplies, and equipment; computers, related equipment and software, and internet access; and certain room-and-board costs.
- The funds may be used at any accredited technical school, college, or university that participates in federal financial aid programs for students in the United States or abroad, not just at institutions in Utah. Visit [fafsa.ed.gov](http://fafsa.ed.gov) for a list of eligible schools.

## Flexibility

- UESP requires no minimum or ongoing contributions to open an account. An account owner/agent may open an account with a zero balance and start saving when he or she chooses.
- A beneficiary may be anyone, of any age, with a valid U.S. Social Security or Taxpayer Identification Number.
- A beneficiary may be changed at any time to another member of the beneficiary's family. Please note: If the beneficiary is changed from someone younger than age 19 to someone who is age 19 or older, the account owner must recapture (add back) Utah state income tax credits or deductions claimed in any prior tax year.
- UESP allows the account owner/agent to be changed at any time, as long as the account owner/agent is at least age 18 and has a valid U.S. Social Security or Taxpayer Identification Number.

## Investment Options

An account owner/agent may choose from 14 investment options UESP offers:

- Four age-based investment options
- Eight static investment options
- Two customized investment options

With a low average asset-weighted fee, UESP is a low-cost leader in the 529 plan industry. UESP charges no fees to Utah residents who select the Public Treasurers' Investment Fund investment option. **HIGHER EDUCATION SUCCESS STIPEND PROGRAM (HESSP)**

HESSP (formerly UCOPE) is a state supplement grant and work-study assistance award established by the Utah State Legislature. Program funds may be used for either grants or work-study awards to Utah resident students with demonstrated financial need, using the federal needs analysis methodology. HESSP funds are allotted to participating eligible institutions based on population of resident students with high financial need as evidenced by award of Federal Pell Grants. In addition to USHE institutions, Brigham Young University, Westminster College, LDS Business College, and the UCAT campuses participate in the HESSP Program.

**VETERANS TUITION GAP PROGRAM (VET GAP)**

VeT Gap is a state supplement grant to provide tuition assistance for veterans who are recipients of Federal Post-9/11 Veterans Educational Assistance Act (federal program) benefits who are attending institutions of higher education in Utah and whose benefits under the federal program have been exhausted. This program is only available to higher education institutions that grant baccalaureate degrees. Eligible Veterans must be in the last year of their first baccalaureate degree program. Awards can be up to the cost of tuition only. Allocations are based on the number of Veterans (using post-9/11 benefits) a participating school has graduated in the last year as a ratio to the total for all participating schools.

## II. FEDERAL CAMPUS-BASED STUDENT FINANCIAL AID

### INTRODUCTION

The following tables provide statistical information concerning a number of federally-supported student financial aid programs. These programs all are campus-based, as operated in Utah. Awards under all four programs are required to be based on demonstrated financial need. Annual state appropriations to the Board of Regents provide part of the required matching funds for the Federal Work Study (FWS) Program, and all required matching funds for the other two programs (Pell Grants do not require matching funds) for USHE institutions.

### FEDERAL PERKINS LOANS

The Federal Perkins Loan Program provides low interest (five percent) loans with a maximum 10 year repayment period to students with exceptional financial need. The matching requirement in this program is 25 percent of the capital contributions to the institutional loan fund. *Congress has not funded the Perkins Loan Program since Fiscal Year 2006; however institutions continue to disburse program funds from prior year contributions.*

### FEDERAL WORK-STUDY (FWS)

The FWS Program provides jobs for financially needy undergraduate and graduate students who qualify for financial aid. Employers pay a portion of the students' wages while the FWS funds pay the remainder. Funding for the FWS Program is received directly from the U.S. Department of Education (ED). Institutions are required to provide an annual match representing 25 percent of total FWS funds.

### FEDERAL PELL GRANTS

The Federal Pell Grant Program is the largest federal student financial aid grant program. Federal Pell Grants are need-based awards to undergraduate students. Eligibility for Pell Grants is limited to students with the *greatest* financial need. Funding for the Federal Pell Grant Program comes directly from ED to the individual campuses. The Pell Grant Program is provided to every eligible applicant. For the 2016-2017 award year the maximum grant amount is scheduled at \$5,815.

### FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS (FSEOG)

The FSEOG Program is a grant program for undergraduate students with exceptional need. Awards of up to \$4,000 per year are available depending on the student's need and availability of funds. Funding for the program is provided by ED. The state matching requirement is 33 percent of federal funds (25 percent of total funds).

### **III. PROGRAM-BASED STUDENT FINANCIAL AID**

#### **INTRODUCTION**

The following tables provide statistical information for program-based student financial aid programs administered by the Office of the Commissioner or the Utah Higher Educational Assistance Authority (UHEAA) or USHE institutions. These programs are: (1) the Western Interstate Commission for Higher Education (WICHE) Exchange Program, (2) the Regional Dental Education Program (RDEP), (3) the Terrel H. Bell Teaching Incentive Loan (TIL) Program, and (4) the institutionally-based Educationally Disadvantaged Programs.

#### **WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION (WICHE)**

WICHE's Professional Student Exchange Program enables students in 15 western states to enroll in selected out-of-state professional programs when those fields of study are not available at public institutions in their home state. Exchange students pay reduced levels of tuition and the state pays a support fee to the admitting schools to help cover the cost difference between resident and non-resident tuition.

#### **REGIONAL DENTAL EXCHANGE PROGRAM (RDEP)**

RDEP enables students each year to begin the study of dentistry. The first year of study is completed at the University of Utah School of Medicine. The final three years are completed through a contract with Creighton University, a private institution where students pay reduced tuition because of the RDEP contract. Beginning with the 2005 class, RDEP will function as a loan repayment program for students who are accepted to a School of Dentistry and RDEP, if they return to Utah to practice dentistry after graduation.

With the inauguration of the new University of Utah School of Dentistry in 2017, the RDEP program will be retired when the last RDEP students complete their education in 2016.

#### **TERREL H. BELL TEACHING INCENTIVE LOAN (TIL)**

The TIL Program, formerly the Utah Career Teaching Scholarship, is state-funded. The program waives tuition and fees at the Utah public institutions of higher education, and pays toward tuition costs at BYU and Westminster College, for a period of up to four years. Recipients are required to pursue a teacher education program and to teach in Utah public or private schools for a period equal to the time they receive TIL assistance. If for some reason the recipient does not complete an education program and teach in a Utah public school, they are required to repay all TIL funds received with interest.

#### **EDUCATIONALLY DISADVANTAGED**

The Educationally Disadvantaged Program is funded by line item appropriations to the eight USHE institutions. The appropriations are to be used to support the educational needs of students who, because of their social-economic status or demographics, have historically been disadvantaged from pursuing a higher education. Funds may be spent on tuition assistance, counselors, advisors, or tutoring.

## Notes:

- (1) The Student Exchange Program administered through the Western Interstate Commission for Higher Education (WICHE) and the Regional Dental Education Program (RDEP) assist Utah students in obtaining training in dentistry, veterinary medicine, optometry and podiatry under the interstate compact. Participating students pay resident tuition and general fees of the receiving state or reduced tuition at private institutions. The chart above is a summary of Utah's participation in these programs.
- (2) Beginning in 2012-2013, the State Board of Regents discontinued funding new, first year, veterinary medicine students now that USU has a veterinary medicine program.
- (3) RDEP assists Utah students to obtain training in dentistry through a contract with Creighton University. Participating students begin studying at the University of Utah School of Medicine and then receive reduced tuition at the private institution. Beginning with the 2004 class, students who study at other institutions may receive partial loan forgiveness if they return to Utah to practice.

This Tab is a compilation of various financial reports on the USHE, including reports on specific funding sources, non-appropriated funding of the institutions, and revenue trend analysis.

### Explanation of Attachments

Table 1 shows the percentage distribution of USHE institution education and general appropriated budgets from tax funds, tuition and fees, and other revenue.

Table 2 shows tuition and fee revenue information for the medical programs at the University of Utah.

Table 3 documents changes in the Consumer Price Index that form the basis for all inflation adjusted analysis in the Data Book.

Table 4 illustrates the USHE's share of state tax fund appropriations, compared to other state agencies.

Table 5 specifies uses of reimbursed overhead in the USHE.

Table 6 shows revenues and expenses that are appropriated by the state, as well as total revenues and expenses for all eight institutions in USHE.

## **BUDGET HISTORY**

### **Background**

The information presented in the following tables has been prepared to provide an analysis of recent budget history for the USHE and for each individual institution. This is one of two data sets developed to provide a balanced basis for analysis of the relative funding positions of USHE institutions. The other data set is the USHE Cost Study (Tab I).

This report calculates USHE expenditures, tax funds, and tuition per FTE student for each of the past 10 years, based on the instruction-related line items appropriated by the Utah State Legislature. These calculations are provided on a current-dollar as well as a constant-dollar basis in order to show the affects that inflation has had on USHE spending levels.

### **Explanation of Attachments**

Table 1 provides basic data on the net changes for the 10-year period, for each institution and the total USHE. Table 2 provides basic data on the changes in state tax funds for the 10-year period. Source data for these reports are arrayed in Tables 3 thru 11 and Appendix 1.

## **COST STUDY**

### **Background**

The USHE cost study provides information by major program on direct and calculated indirect instructional costs for each institution and for the total system.

Direct and indirect costs of instruction in courses creditable for degrees or other formal awards are broken down between Vocational Education, Lower Division, Upper Division, Basic Graduate, and Advanced Graduate courses, and the following figures are provided for each institutional category: (1) Total Appropriated Instructional Expenditures; (2) Calculated Estimated Full Cost of Instruction; (3) Annualized number of Academic Year Equivalent FTE Students; (4) Calculated Appropriated FTE Student/Faculty Ratio (students per faculty FTE); (5) Appropriated Direct Cost per FTE Student; and (6) Calculated Full Cost of Instruction per FTE Student.

Appropriated direct costs of instruction include applicable expenditures from Education and General line items plus other line items that support instruction except as noted.

### **Explanation of Attachments**

A history of key elements of the cost study and summary tables from the 2015-16 cost study are provided in Tables 1 through 5, followed by schedules showing detail by institution. USHE instructional costs, student enrollment, faculty and student ratios desegregated by level and subject matter cluster are summarized in Tables 2 through 5. An Analysis of Full Costs for USHE in total and for each institution provides information on the indirect cost allocations by major program, and a Cost Study Summary provides both dollar amounts and amounts per FTE student for both full and direct costs of instruction.

In looking at the cost information for different institutions, the reader should keep in mind the factors that influence costs, particularly direct and indirect costs of instruction. These include level of instruction (advanced courses typically are more expensive), subject matter mix (Natural Sciences, Engineering, Fine Arts, and Health Professions typically are more expensive), institutional size, and amount of physical plant in relation to enrollment size.

## **STAFFING**

### **Background**

As part of its overall master planning effort, the Board of Regents has adopted a policy on faculty teaching workload that defines standard teaching loads for faculty at each USHE institution (Policy R485, Faculty Workload Guidelines). The reports in this tab provide data to allow the Regents to evaluate the actual institutional performance compared to the policy. The full statistical reporting of all USHE employees as of Fall Semester 2013, is the product of an overall process to improve the quality and quantity of system-level data available through the system.

### **Explanation of Attachments**

The report on Employee Count presents the full employee count of each USHE institution and for the system as a whole. Employees are grouped into two categories: Appropriated and Non-Appropriated. Each group of employees is categorized according to standard higher education functional categories (i.e. instruction, public service, research, etc.).

Reports of Faculty Teaching Workload calculate average faculty contact hours, average instructional credit hours, and student credit hours per full-time regular faculty FTE and per part-time faculty headcount. These measures are arrayed by institution type for full-time regular faculty. Faculty contact hours are a measure intended to represent the actual contact time faculty have with students each week. Instructional credit hours reflect the published credit hour values of the classes that faculty members teach. Student credit hours equal instructional credit hours multiplied by the number of students in a given class.

## SALARY AND COMPENSATION

### Explanation of Attachments

For the faculty salary and compensation comparison, data from four different points in time in the last ten years provide a historical comparison of not only how USHE faculty salary and compensation levels compare to other institutions, but also what the trend in salary and compensation levels is relative to peer institutions, as designated by the publication *Academe*. The data are presented based on current dollars and inflation-adjusted constant dollars. Tables 1 through 8 provide this comparison for each USHE institution, with the comparison group listed at the top. The comparison divides faculty salary and compensation levels into four categories of faculty rank and a total (professor, associate professor, assistant professor, instructor, and all ranks combined). Both a dollar amount and percent difference are identified between the USHE institution average levels and the comparison group average levels for each category of rank.

Table 9 shows Consumer Price Index information that is used to adjust the data in Tables 1 through 8 to constant FY 2015-16 dollars.

The peer groups established by ACADEME do not reflect the Regent approved peer groups for the USHE institutions and the information presented in these tables should not be used to identify salary equity issues for individual faculty members.

# FACILITIES

## Background

Capital facility assets represent a substantial investment in higher education and are critical educational resources. Utah statute grants the Board of Regents title and control over institutional facilities and property (U.C.A. 53B-21). Each year the Board of Regents reviews existing facility inventories and prioritizes additional institutional capital requests based, in part, on a space inventory submitted by each institution. The space inventory contains a detailed listing of room usage within institutional facilities and documents the square footage of owned and leased property.

## Explanation of Attachments

The following tables provide detailed space inventory information for each of the eight USHE institutions based on fall 2016 inventory figures. The tables categorize institutional space in two ways: by Space Category and by Net Assignable square feet.

**Space Categories.** In order to obtain accurate and consistent data, USHE created four space categories to standardize inventory reporting among the eight institutions:

*Needs Analysis Space:* The space used to assess institutional need based on national standards. It includes instructional and office space as well as all space not included in Auxiliary, Hospital, and Institutional Unique space.

*Auxiliary Space:* The space associated with auxiliaries included in Regents' Policy R550 and a proration of space that directly support Intercollegiate Athletics and Student Recreation.

*Hospital Space:* University Hospital and associated health sciences space and clinics.

*Institutional Unique Space:* Institution-specific space that ranges from museums to farms and from public broadcast facilities to airport hangars.

**Net Assignable.** Institutions assign a use code to each room in the space inventory ranging from classrooms and laboratories to offices and support space. These codes correspond to codes published in the Postsecondary Education Facilities Inventory and Classification Manual of the U.S. Department of Education.

*Non-Assignable Structural.* Square footage omitted from net assignable classifications includes circulation, building service, mechanical, and structural areas of a facility. Total gross square feet equals the non-assignable structural square feet plus net-assignable square feet.

Table 1 provides a system-wide space inventory summary by Space Category and Net Assignable square feet. Table 2 summarizes system-wide Net Assignable square feet by institution. Tables 3 through 10 provide space inventories for each of the eight USHE institutions by Space Category and Net Assignable square feet.

## COMPARISON GROUP FINANCIAL COMPARISONS

### Background

This tab includes an annual analysis comparing each USHE institution with its approved list of peer institutions on a number of financial and statistical measures. Comparison data for USHE institutions and their peers was obtained from the National Center for Educational Statistic (NCES) IPEDS Data Center in October of 2016 and represents the 2014-15 Academic Year.

### Explanation of Attachments

Tables 1 through 8 are broken down into two sections: the first section lists key expenditures comparing the Utah institutions to the appropriate comparison group; the second section lists key revenue relationships.
